

# TABLE OF CONTENTS

Home .....	15	Academic Readiness .....	54
Undergraduate .....	16	Academic Standards .....	56
About Eastern Kentucky University .....	18	Course Types .....	58
Accreditations .....	19	Declaring a Program of Study .....	58
Admission and Residency .....	21	Degree Information and Requirements .....	59
Admission .....	21	Enrollment and Class Schedule .....	61
Kentucky Pre-College Curriculum .....	24	Exploratory Students .....	62
Student Residency .....	24	General Education Requirements .....	62
Residency Appeals Policy and Procedures .....	29	Element 1: Communication .....	63
Student Services .....	31	Element 2: Quantitative Reasoning .....	63
Division of Finance & Administration & Treasurer .....	31	Element 3: Arts and Humanities .....	63
Additional Student Services .....	33	Element 4: Natural Sciences .....	64
Libraries .....	38	Element 5: Social and Behavioral Sciences .....	65
Office of Student Success .....	38	Element 6: Diversity of Perspectives and Experiences .....	65
Office of Admissions .....	39	Grades .....	66
Bratzke Student-Athlete Academic Success Center .....	39	Graduation and Commencement Information .....	69
Office of Advising and Career Services .....	39	Non-Traditional Academic Credit .....	72
Center for Student Accessibility .....	41	Pre-Professional Programs .....	72
Center for Student Parents .....	41	Study Abroad Credit .....	73
Dean of Students .....	41	Transfer Student Information .....	73
Office of Financial Aid .....	41	Withdrawal .....	75
First-Year Courses and Learning Communities .....	45	State Authorization .....	77
Student Conduct and Community Standards .....	45	The Office of Academic Affairs .....	78
Student Success Center .....	45	General Studies .....	80
Student Outreach and Transition Office (SOTO) .....	46	General Studies, Associate of Arts (A.A.) .....	81
TRIO Programs .....	46	General Studies, Bachelor of Arts (B.A.) .....	85
Division of Student Affairs .....	48	Honors Program .....	86
Campus Recreation .....	48	Gold Track, Honors .....	88
Center for Inclusive Excellence and Global Engagement .....	49	Maroon Track, Honors .....	88
Community Service .....	49	Honors Certificate .....	89
Counseling Center .....	49	College of Business .....	89
EKU Housing and Residence Life .....	49	Business .....	91
Meditation Chapel .....	50	Accounting, Bachelor of Business Administration (BBA) [Public Accounting Concentration] and Master of Business Administration (MBA) [Accounting Concentration] Accelerated 3 + 2 Dual Degree Program .....	104
Office of International Student Scholar Services .....	50	Accounting, Bachelor of Business Administration with a Concentration in Management Accounting (B.B.A.) .....	106
Office of Military and Veterans Affairs .....	51	Accounting, Bachelor of Business Administration with a Concentration in Public Accounting (B.B.A.) .....	107
Student Health Services .....	52	Accounting, University Certificate .....	108
Student Life and First Year Experience .....	52	Banking and Financial Services, Minor .....	109
General Academic Information .....	53	Banking and Financial Services, University Certificate .....	109
Academic Fresh Start .....	53		
Academic Integrity .....	54		

Business, Minor .....	109	Marketing, Bachelor of Business Administration with a Concentration in Marketing Research and Analytics (B.B.A.) .....	129
Corporate Communication, University Certificate .....	109	Marketing, Bachelor of Business Administration with a Concentration in Music Marketing (B.B.A.) .....	130
Finance, Bachelor of Business Administration with a Concentration in Banking and Financial Services (B.B.A.) .....	110	Marketing, Bachelor of Business Administration with a Concentration in PGA Golf Management (B.B.A.) .....	131
Finance, Bachelor of Business Administration with a Concentration in Business Finance (B.B.A.) .....	111	Personal Finance, Minor .....	132
Finance, Bachelor of Business Administration with a Concentration in Financial Planning (B.B.A.) .....	112	Risk Management and Insurance, Bachelor of Business Administration (B.B.A.) .....	132
Financial Literacy, University Certificate .....	113	Risk Management and Insurance, Minor .....	134
Financial Technology and Cybercrime, University Certificate .....	114	Sales, Minor .....	134
General Business, Bachelor of Business Administration with a Concentration in Business and Marketing Education/ Teaching (B.B.A.) .....	114	Sales, University Certificate .....	134
General Business, Bachelor of Business Administration with a Concentration in Corporate Communication and Technology (B.B.A.) .....	115	College of Education and Applied Human Sciences .....	135
General Business, Bachelor of Business Administration with a Concentration in General Business (B.B.A.) .....	117	Department of American Sign Language & Interpreter Education .....	136
General Business, Bachelor of Business Administration with a Concentration in International Business (B.B.A.) .....	118	American Sign Language (ASL) Studies, Minor .....	138
Global Supply Chain Management, University Certificate .....	119	ASL and English Interpretation, Bachelor of Science (B.S.) .....	139
Innovation & Entrepreneurial Thinking, Minor .....	119	Department of Applied Human Sciences .....	140
International Business, Minor .....	119	Apparel Design & Merchandising, Departmental Certificate .....	148
Management, Bachelor of Business Administration with a Concentration in Global Supply Chain Management (B.B.A.) .....	120	Apparel Design and Merchandising, Minor .....	148
Management, Bachelor of Business Administration with a Concentration in Human Resource Management (B.B.A.) .....	121	Child and Family Studies, Bachelor of Science with a Concentration in Child Development (B.S.) .....	148
Management, Bachelor of Business Administration with a Concentration in Leadership and Organizational Behavior (B.B.A.) .....	122	Child and Family Studies, Bachelor of Science with a Concentration in Family Studies (B.S.) .....	150
Management, Bachelor of Business Administration with a Concentration in Management (B.B.A.) .....	123	Child and Family Studies, Bachelor of Science with a Concentration in Interdisciplinary Early Childhood Education (B.S.) .....	151
Marketing Research and Analytics, University Certificate .....	124	Child and Family Studies, Minor .....	153
Marketing, Bachelor of Business Administration (BBA) [General Marketing Concentration] (MBA) [Customized Concentration] Accelerated 3 + 2 Dual Degree Program .....	125	Early Childhood Director, University Certificate .....	153
Marketing, Bachelor of Business Administration (BBA) [Marketing Analytics and Research Concentration] (MBA) [Customized Concentration] Accelerated 3 + 2 Dual Degree Program .....	126	Family and Consumer Sciences Education (Teaching), Bachelor of Science (B.S.) .....	153
Marketing, Bachelor of Business Administration with a Concentration in General Marketing (B.B.A.) .....	128	Family and Consumer Sciences, Minor .....	154
		Family Services, University Certificate .....	155
		Food and Nutrition, Bachelor of Science with a Concentration in Culinary Nutrition and Food Management (B.S.) .....	155
		Food and Nutrition, Bachelor of Science with a Concentration in Dietetics (B.S.) .....	156
		Food and Nutrition, Minor .....	158
		Gastronomic Tourism, University Certificate .....	158
		Global Hospitality and Tourism, Bachelor of Science with a Concentration in Gastronomic Tourism (B.S.) .....	158
		Global Hospitality and Tourism, Bachelor of Science with a Concentration in Sustainable Hospitality (B.S.) .....	159

Infant/Toddler Care & Education, University Certificate .....	160	Coaching/Personal Training, Departmental Certificate ....	207
Sustainable Hospitality, University Certificate .....	160	Exercise & Sport Science, Bachelor of Science with a Concentration in Physical Fitness & Wellness Management (B.S.) .....	207
Department of Clinical Therapeutic Programs .....	161	Exercise & Sport Science, Bachelor of Science with a Concentration in Pre-Physical Therapy (B.S.) .....	208
Communication Disorders, Bachelor of Science (B.S.) ....	162	Exercise & Sport Science, Bachelor of Science with a Concentration in Pre#Athletic Training (B.S.) .....	209
Department of Teaching, Learning, and Educational Leadership .....	163	Exercise and Sport Science, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Physical Fitness & Wellness Management .....	210
Career and Technical Education (Teaching), Associate of Applied Science (A.A.S.) .....	169	Recreation and Park Administration (Non-Teaching), Minor .....	212
Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Agriculture Education (B.S.) .....	170	Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Outdoor Recreation and Natural Resources Management .....	212
Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Engineering/Technology Education (B.S.) .....	171	Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Recreation Management and Event Planning .....	213
Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Occupational Training and Development (B.S.) .....	173	Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Recreation Therapy .....	214
Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Technical Education (B.S.) .....	174	Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Tourism & Resort Recreation .....	215
Education of the Deaf and Hard of Hearing (P-12), Bachelor of Science with a Concentration in Elementary Education (P-5) (B.S.) .....	175	Recreation and Park Administration, Bachelor of Science with a Concentration in Outdoor Recreation and Natural Resources Management (B.S.) .....	216
Education of the Deaf and Hard of Hearing (P-12), Bachelor of Science with a Concentration in Middle Grade Education (5-9) (B.S.) .....	177	Recreation and Park Administration, Bachelor of Science with a Concentration in Recreation Management and Event Planning (B.S.) .....	217
Elementary Education (P-5) Teaching, Bachelor of Science (B.S.) .....	178	Recreation and Park Administration, Bachelor of Science with a Concentration in Recreation Therapy (B.S.) .....	218
Middle Grade Education (5-9) Teaching, Bachelor of Science (B.S.) .....	179	Recreation and Park Administration, Bachelor of Science with a Concentration in Tourism & Resort Recreation (B.S.) .....	219
Special Education (Non-Teaching), Minor .....	182	Sport Management, Bachelor of Science with a Concentration in Applied Professional Studies(B.S.) .....	220
Special Education/Teaching, Bachelor of Science with a Concentration in LBD-Elementary (B.S.) .....	182	Sport Management, Bachelor of Science with a Concentration in Management (B.S.) .....	221
Special Education/Teaching, Bachelor of Science with a Concentration in LBD-Middle Grade Education (5-9) (B.S.) .....	183	Tourism & Event Planning, Departmental Certificate .....	222
Professional Education Services .....	184	Department of Public Health and Clinical Sciences .....	222
College of Health Sciences .....	189	Environmental Health Science and Sustainability, Bachelor of Science (B.S.) .....	229
Center for Retention, Progression, and Graduation .....	192	Environmental Health Science and Sustainability, Minor .....	230
Department of Occupational Science and Occupational Therapy .....	192		
Horses, Humans and Health, Minor .....	195		
Occupational Science, Bachelor of Science (B.S.) .....	195		
Department of Parks, Recreation, Exercise, and Sport Science .....	197		
Adventure Recreation & Leadership, Departmental Certificate .....	206		
Coaching (Non-Teaching), Minor .....	207		

Environmental Public Health Studies, Departmental Certificate .....	230	Police Studies, Associate of Arts (A.A.) .....	270
Health Services Administration, Bachelor of Science with a Concentration in Health Care Management (B.S.) .....	231	Police Studies, Bachelor of Science (B.S.) .....	270
Health Services Administration, Bachelor of Science with a Concentration in Health Informatics and Information Management (B.S.) .....	232	Police Studies, Minor .....	271
Health Services Administration, Minor .....	234	School of Safety, Security & Emergency Management .....	271
Medical Laboratory Science, Bachelor of Science (B.S.) .....	234	Basic Emergency Medical Technician, Departmental Certificate .....	279
Public Health, Bachelor of Science (B.S.) & Master of Public Health (M.P.H.) Accelerated 3 + 2 Dual Degree Program with a Concentration in Health Promotion .....	235	Disaster Management, Minor .....	279
Public Health, Bachelor of Science (B.S.) & Master of Public Health (M.P.H.) Accelerated 3 + 2 Dual Degree Program with a Concentration in Pre#Professional .....	237	Emergency Medical Care, Bachelor of Science with a Concentration in Emergency Services Administration (B.S.) .....	279
Public Health, Bachelor of Science with a Concentration in Health Promotion (B.S.) .....	238	Emergency Medical Care, Bachelor of Science with a Concentration in Paramedic/Science (B.S.) .....	280
Public Health, Bachelor of Science with a Concentration in Pre#Professional (B.S.) .....	240	Emergency Medical Care, Bachelor of Science with a Concentration in Paramedical Clinic/FSE (B.S.) .....	281
Public Health, Departmental Certificate .....	241	Emergency Medical Care, Minor .....	282
Public Health, Minor .....	241	Fire and Safety Engineering Technology, Minor .....	283
Substance Use Prevention, Minor .....	242	Fire Protection Administration, Bachelor of Science (B.S.) .....	283
School of Nursing .....	242	Fire Protection Administration, Minor .....	284
Nursing, Associate of Applied Science (A.A.S.) .....	246	Fire Protection and Safety Engineering Technology, Bachelor of Science (B.S.) .....	284
Post-Baccalaureate 2nd Degree Concentration, Bachelor of Science in Nursing (B.S.N.) .....	247	Fire, Arson, and Explosion Investigation, Bachelor of Science (B.S.) .....	285
Pre-RN Nursing, Bachelor of Science in Nursing (B.S.N.) .....	249	Fire, Arson, and Explosion Investigation, Minor .....	286
R.N. to B.S.N. Pathway, Bachelor of Science in Nursing (B.S.N.) .....	251	Homeland Security, Bachelor of Science (B.S.) .....	286
College of Justice, Safety, and Military Science .....	252	Homeland Security, Bachelor of Science (BS) & Safety, Security, and Emergency Management Master of Science (MS) Accelerated 3 + 2 Dual Degree Program .....	286
Department of Military Science and Leadership (Army ROTC) .....	253	Homeland Security, Minor .....	287
Aerospace Studies (Air Force ROTC) .....	257	Homeland Security, University Certificate .....	288
Military Leadership (ARMY), Minor .....	258	Industrial Fire Protection, Minor .....	288
School of Justice Studies .....	259	Industrial Fire Protection, University Certificate .....	288
Conservation Law Enforcement, University Certificate ....	266	Intelligence Studies, University Certificate .....	288
Correctional Intervention Strategies, University Certificate .....	266	NREMT-P to Associate of Paramedicine (ASP) Degree Program .....	289
Corrections and Juvenile Justice Studies, Bachelor of Science (B.S.) .....	266	Occupational Safety, Bachelor of Science (B.S.) .....	290
Criminal Justice, Bachelor of Science (B.S.) .....	267	Occupational Safety, Bachelor of Science (BS) & Safety, Security, and Emergency Management Master of Science (MS) Accelerated 3 + 2 Dual Degree Program .....	291
Criminal Justice, Bachelor of Science (BS) & Criminology Master of Science (MS) Accelerated 3 + 2 Dual Degree Program .....	268	Occupational Safety, Minor .....	292
Criminal Justice, Minor .....	269	Paramedicine, Associate of Science (A.S.) .....	292
Juvenile Justice, University Certificate .....	269	Security Management, University Certificate .....	292
		Social Intelligence & Leadership, University Certificate .....	293
		Social Intelligence and Leadership, Minor .....	293
		Traffic Safety (Non-Teaching), Minor .....	293

Wildland Firefighting, University Certificate .....	293	Philosophy, Bachelor of Arts (B.A.) .....	331
College of Letters, Arts & Social Sciences .....	294	Philosophy, Minor .....	332
Department of English .....	294	Religious Studies, Minor .....	332
English & History Teaching, Bachelor of Arts (B.A.) .....	300	Department of Language & Cultural Studies, Anthropology, and Sociology .....	332
English & Writing Professions, Bachelor of Arts (B.A.) and Master of Arts (M.A.) Accelerated 3+2 Dual Degree Program .....	302	Anthropology, Bachelor of Arts (B.A.) .....	341
English Teaching, Bachelor of Arts (B.A.) .....	302	Anthropology, Minor .....	342
English, Bachelor of Arts (B.A.) .....	304	Archaeology, Minor .....	342
English, Minor .....	304	Diversity in Society, Departmental Certificate .....	342
Professional and Technical Writing, Departmental Certificate .....	304	Economic Sociology, Departmental Certificate .....	343
Department of Government .....	305	French Conversation and Culture, Departmental Certificate .....	343
Applied Social Science Analytics, Departmental Certificate .....	310	German Conversation and Culture, Departmental Certificate .....	343
Globalization and International Affairs, Bachelor of Arts (B.A.) .....	310	Japanese Conversation and Culture, Departmental Certificate .....	343
Globalization and International Affairs, Minor .....	311	Social Analytics and Demographics, Departmental Certificate .....	344
Legal Studies, Minor .....	311	Society and Environmental Stewardship, Departmental Certificate .....	344
Paralegal Science, Bachelor of Arts (B.A.) .....	312	Sociology and Recreation Studies, Departmental Certificate .....	344
Paralegal Science, University Certificate (Post-Baccalaureate) .....	313	Sociology, Bachelor of Arts with a Concentration in Diversity in Society (B.A.) .....	344
Paralegal Studies, Associate of Applied Science (A.A.S.) .....	313	Sociology, Bachelor of Arts with a General Concentration (B.A.) .....	345
Paralegal Studies, Minor .....	313	Sociology, Minor .....	346
Political Science, Bachelor of Arts (B.A.) .....	314	Spanish Conversation and Culture, Departmental Certificate .....	346
Political Science, Bachelor of Arts (B.A.) & Master of Public Administration (M.P.A.) Accelerated 3 + 2 Dual Degree Program .....	315	Spanish, Bachelor of Arts (B.A.) .....	347
Political Science, Minor .....	316	Spanish, Minor .....	347
Pre-Law, Minor .....	316	Spanish/Teaching, Bachelor of Arts (B.A.) .....	347
Public Administration, Departmental Certificate .....	317	Department of Psychology .....	348
Public Administration, Minor .....	317	Animal Studies, Bachelor of Science (B.S.) .....	354
Department of History, Philosophy, and Religious Studies .....	317	Psychology, Bachelor of Science with a Concentration in Art Therapy (B.S.) .....	355
African and African American Studies, Minor .....	325	Psychology, Bachelor of Science with a Concentration in Brain and Cognitive Sciences (B.S.) .....	356
African and African American Studies, University Certificate .....	325	Psychology, Bachelor of Science with a Concentration in Child and Family Psychology (B.S.) .....	358
Applied Ethics, Minor .....	325	Psychology, Bachelor of Science with a Concentration in Developmental Disabilities/Autism Spectrum Disorders (B.S.) .....	359
Asian Studies, Departmental Certificate .....	326	Psychology, Bachelor of Science with a Concentration in Forensic Psychology (B.S.) .....	360
Asian Studies, Minor .....	326	Psychology, Bachelor of Science with a Concentration in Psychiatric Rehabilitation (B.S.) .....	362
History, Bachelor of Arts (B.A.) .....	327		
History, Bachelor of Arts (B.A.) & Master of Arts (M.A.) Accelerated 3 + 2 Dual Degree Program .....	328		
History, Minor .....	330		
History/Teaching, Bachelor of Arts (B.A.) .....	330		

Psychology, Bachelor of Science with a Concentration in Psychology (General) (B.S.) .....	363	Multimedia Journalism, Minor .....	398
Psychology, Bachelor of Science with a Concentration in Psychology of the Workplace (B.S.) .....	364	Public Relations, Bachelor of Arts (B.A.) .....	398
Psychology, Bachelor of Science with a Concentration in Substance Abuse (B.S.) .....	366	Public Relations, Minor .....	399
Psychology, Minor .....	367	Sports Communication, University Certificate .....	399
Veterans Studies, Minor .....	367	Visual Media, Minor .....	399
Veterans Studies, University Certificate .....	368	School of Music .....	399
Department of Social Work .....	368	Music, Bachelor of Music with a Concentration in Music Education (B.M.) .....	409
Appalachian Studies, Departmental Certificate .....	372	Music, Bachelor of Music with a Concentration in Music Industry Emphasis (B.M.) .....	411
Appalachian Studies, Minor .....	373	Music, Bachelor of Music with a Concentration in Music Performance (B.M.) .....	413
Bachelor of Social Work (B.S.W.) .....	373	Music, Bachelor of Music with a Concentration in Music Theory and Composition (B.M.) .....	415
Public Child Welfare Certification Program .....	374	Music, Bachelor of Music with a Concentration in Recording Arts Emphasis (B.M.) .....	417
Social Welfare, Minor .....	374	Music, Minor .....	419
Women and Gender Studies, Departmental Certificate ....	375	Musical Theatre, Departmental Certificate .....	419
Women and Gender Studies, Minor .....	375	Musical Theatre, Minor .....	419
The Institute for Creative and Collaborative Arts: Art, Communication, Music, and Design .....	376	College of Science, Technology, Engineering, and Mathematics .....	419
School of Art and Design .....	376	Department of Agriculture .....	420
Applied Creative Thinking, University Certificate .....	381	Agriculture, Bachelor of Science with a Concentration in Agribusiness Management (B.S.) .....	425
Art History, Minor .....	381	Agriculture, Bachelor of Science with a Concentration in Agriculture Engineering Technology (B.S.) .....	427
Art/Design Studio, Bachelor of Fine Arts with a Concentration in Graphic Design (B.F.A.) .....	381	Agriculture, Bachelor of Science with a Concentration in Agronomy, Soils and Natural Resources (B.S.) .....	428
Art/Design Studio, Bachelor of Fine Arts with a Concentration in Studio Arts (B.F.A.) .....	382	Agriculture, Bachelor of Science with a Concentration in Fruit, Vegetable, Nursery and Greenhouse Production (B.S.) .....	429
Art/Design Studio, Bachelor of Fine Arts with a Concentration in Teacher Education (B.F.A.) .....	384	Agriculture, Bachelor of Science with a Concentration in Livestock Management (B.S.) .....	430
Art/Design Studio, Bachelor of Science (B.S.) .....	385	Agriculture, Bachelor of Science with a Concentration in Turfgrass and Landscape (B.S.) .....	431
Studio Art, Minor .....	386	Agriculture, Minor .....	432
School of Communication .....	387	Animal and Veterinary Sciences, Bachelor of Science with a Concentration in Animal Science (B.S.) .....	433
Broadcasting and Electronic Media, Bachelor of Arts with a Concentration in Broadcasting and Electronic Media (B.A.) .....	393	Animal and Veterinary Sciences, Bachelor of Science with a Concentration in Pre#Veterinary (B.S.) .....	434
Broadcasting and Electronic Media, Bachelor of Arts with a Concentration in Film Techniques & Technology (B.A.) .....	394	Animal and Veterinary Sciences, University Certificate ...	435
Broadcasting and Electronic Media, Bachelor of Arts with a Concentration in Multimedia Journalism (B.A.) .....	395	Crops, Soils and Resource Conservation, University Certificate .....	436
Broadcasting and Electronic Media, Minor .....	396	Greenhouse and Fruit/Vegetable Production, University Certificate .....	436
Communication in the Workplace, University Certificate .....	396	Technical Agriculture, Associate of Applied Science (A.A.S.) .....	436
Communication Studies, Bachelor of Arts (B.A.) .....	396		
Communication Studies, Minor .....	397		
Communication Studies, University Certificate .....	397		
Dispute Resolution, University Certificate .....	398		

Turfgrass and Landscape Horticulture, University Certificate .....	437	Forensic Science, Bachelor of Science with a Concentration in Forensic Chemistry (B.S.) .....	477
Department of Biological Sciences .....	438	Forensic Science, Minor .....	478
Biology, Bachelor of Science with a Concentration in Aquatic Biology (B.S.) .....	444	Department of Computer Science and Information Technology .....	479
Biology, Bachelor of Science with a Concentration in Biodiversity and Conservation (B.S.) .....	444	Artificial Intelligence in Data Science, Departmental Certificate .....	486
Biology, Bachelor of Science with a Concentration in Biology Teaching (B.S.) .....	446	Computer Electronics Technology, Minor .....	486
Biology, Bachelor of Science with a Concentration in General Biology (B.S.) .....	447	Computer Science, Bachelor of Science with a Concentration in Artificial Intelligence in Data Science (B.S.) .....	487
Biology, Minor .....	447	Computer Science, Bachelor of Science with a Concentration in Computer Science (General) (B.S.) .....	488
Biomedical Sciences, Bachelor of Science with a Concentration in Biomedical Research (B.S.) .....	448	Computer Science, Bachelor of Science with a Concentration in Computer Technology (B.S.) .....	489
Biomedical Sciences, Bachelor of Science with a Concentration in Pre-Dental (B.S.) .....	449	Computer Science, Bachelor of Science with a Concentration in Interactive Multimedia (B.S.) .....	490
Biomedical Sciences, Bachelor of Science with a Concentration in Pre-Medical (B.S.) .....	451	Computer Science, Minor .....	491
Biomedical Sciences, Bachelor of Science with a Concentration in Pre-Optometry (B.S.) .....	452	Cyber Security and Digital Forensics, Departmental Certificate .....	492
Biomedical Sciences, Bachelor of Science with a Concentration in Pre-Physician Associate (B.S.) .....	454	Cyber Systems and Network Security, University Certificate .....	492
Biomedical Sciences, Bachelor of Science with a Concentration in Pre-Veterinary (B.S.) .....	456	Cyber Systems Technology, Bachelor of Science (B.S.) & Technology Management Master of Science (M.S.) [Cyber Systems Tech Security Concentration] Accelerated 3+2 Dual Degree Program .....	492
Wildlife Management, Bachelor of Science with a Concentration in Conservation Management (B.S.) .....	457	Cyber Systems Technology, Bachelor of Science (B.S.) & Technology Management Master of Science (M.S.) [Tech Systems Concentration] Accelerated 3+2 Dual Degree Program .....	493
Wildlife Management, Bachelor of Science with a Concentration in Game Management (B.S.) .....	458	Cyber Systems Technology, Bachelor of Science with a Concentration in Network Security and Electronics (B.S.) .....	495
Department of Chemistry .....	459	Cyber Systems Technology, Bachelor of Science with a Concentration in Tech Systems (B.S.) .....	496
Chemistry, Bachelor of Science with a Concentration in Biochemistry (ACS Certification Optional) (B.S.) .....	466	Cybersecurity and Intelligence, Minor .....	497
Chemistry, Bachelor of Science with a Concentration in Biochemistry (ASBMB Certification) (B.S.) .....	468	Digital Forensics and Cybersecurity, Bachelor of Science (B.S.) .....	497
Chemistry, Bachelor of Science with a Concentration in Chemistry (ACS Certification) (B.S.) .....	469	Game Content Design, Minor .....	498
Chemistry, Bachelor of Science with a Concentration in Chemistry (B.S.) .....	470	Game Design, Departmental Certificate .....	498
Chemistry, Bachelor of Science with a Concentration in Chemistry Teaching (B.S.) .....	471	Informatics, Departmental Certificate .....	499
Chemistry, Bachelor of Science with a Concentration in Pre-Health (Pre-Medical, Pre-Dental, Pre-Optometry, Pre-Physician Associate) (B.S.) .....	472	Informatics, Minor .....	499
Chemistry, Bachelor of Science with a Concentration in Pre-Pharmacy (B.S.) .....	473	Department of Mathematics and Statistics .....	499
Chemistry/Teaching, Minor .....	474	Actuarial Science, Minor .....	505
Fermentation Science, University Certificate .....	475	Applied Data Science, University Certificate .....	505
Fermentation, Departmental Certificate .....	475	Data Science and Statistics, Bachelor of Science (B.S.) .....	506
Forensic Science, Bachelor of Science with a Concentration in Forensic Biology (B.S.) .....	475	Data Science and Statistics, Bachelor of Science (B.S.) & Applied Mathematics, Master of Arts (M.A.) Accelerated 3+2 Dual Degree Program .....	507

Mathematical Sciences, Minor .....	509	Construction Management, Bachelor of Science (B.S.) .....	549
Mathematics, Bachelor of Science with a Concentration in General Mathematics (B.S.) .....	509	Construction Management, Minor .....	550
Mathematics, Bachelor of Science with a Concentration in Mathematics Teaching (B.S.) .....	510	Engineering Technology Management, Bachelor of Science (B.S.) and Technology Management Master of Science (M.S.) [Manufacturing Concentration] Accelerated 3+2 Dual Degree Program .....	550
Mathematics, Minor .....	512	Engineering Technology Management, Bachelor of Science (B.S.) and Technology Management Master of Science (M.S.) [Technology Concentration] Accelerated 3+2 Dual Degree Program .....	551
Mathematics/Teaching, Minor .....	512	Engineering Technology Management, Bachelor of Science with a Concentration in Manufacturing (B.S.) .....	552
Statistics, Minor .....	512	Engineering Technology Management, Bachelor of Science with a Concentration in Technology (B.S.) .....	553
Department of Physics, Geosciences, and Astronomy .....	513	Engineering Technology Management, Minor .....	554
Earth Science/Teaching, Minor .....	518	Land Surveying, Minor .....	555
Environmental and Applied Geology, Bachelor of Science with a Concentration in Academic (B.S.) .....	518	Land Surveying, University Certificate .....	555
Environmental and Applied Geology, Bachelor of Science with a Concentration in Professional (B.S.) .....	520	Management Information Systems, Bachelor of Science with a Concentration in Business Analytics (B.S.) .....	555
Environmental Geosciences, Minor .....	521	Management Information Systems, Bachelor of Science with a Concentration in Security Systems (B.S.) .....	556
Geographic Information Systems, University Certificate .....	521	Manufacturing Engineering, Bachelor of Science with a Concentration in Advanced Manufacturing (B.S.) .....	557
Geography, Minor .....	522	Manufacturing Engineering, Bachelor of Science with a Concentration in Industrial Health and Safety (B.S.) .....	558
Geology, Minor .....	522	Manufacturing Engineering, Bachelor of Science with a Concentration in Quality and Lean Manufacturing (B.S.) .....	559
Physics, Bachelor of Science with a Concentration in Engineering Physics (B.S.) .....	522	Quality Assurance Technology, Minor .....	560
Physics, Bachelor of Science with a Concentration in Physics (General) (B.S.) .....	523	Technology, Associate of Applied Science (A.A.S.) .....	560
Physics, Bachelor of Science with a Concentration in Physics Teaching (B.S.) .....	525	Unmanned Aircraft Systems, Minor .....	561
Physics, Minor .....	526	Course Numbering .....	561
Physics/Teaching, Minor .....	526	Graduate .....	562
Division of Natural Areas .....	526	About Eastern Kentucky University .....	564
Environmental Education, University Certificate .....	528	Accreditations .....	565
Environmental Science, Departmental Certificate .....	528	Residency .....	567
Pre-Professional Health Advising .....	529	Student Residency .....	567
Pre-Professional Health, Minor .....	530	Residency Appeals Policy and Procedures .....	571
The School of Engineering, Aviation, Construction, and Technology .....	531	Student Support and Services .....	574
Aerospace Management, Minor .....	543	Division of Finance & Administration & Treasurer .....	574
Aviation (Flight), Minor .....	543	Libraries .....	576

Juan Castro, Lexington, Kentucky

Jeremiah Duerson, Berea, Kentucky (Staff Regent and Board Secretary)

Alan Long, Richmond, Kentucky (Vice Chair)

Jason Marion, Richmond, Kentucky (Faculty Regent)

Camden Ritchie, Frankfort, Kentucky (Student Regent)

Edwin Orange, Frankfort, Kentucky

Lynn Taylor Tye, Danville, Kentucky

Ashley Ward, Fort Thomas, Kentucky

## Notifications

All statements in this publication are announcements of present policy only and are subject to change without prior notice. Nothing contained in this publication is intended to create nor shall be construed as creating a contract, either express or implied, or guarantee for any term or for any specific procedures.

Eastern Kentucky University is an Equal Opportunity/Affirmative Action employer and educational institution and does not discriminate on the basis of age, race, color, religion, sex, sexual orientation, disability, national origin or Vietnam era or other veteran status in the admission to, or participation in, any educational program or activity which it conducts. Any complaint arising by reason of alleged discrimination should be directed to the Office of Institutional Equity of Eastern Kentucky University or to the Director of the Office for Civil Rights, U.S. Department of Education, Philadelphia, PA.

Office of Institutional Equity of Eastern Kentucky University  
Jones Building, Room 416, CPO 37A  
Richmond, KY 40475-3102  
859-622-8020 v/tdd

The Board of Regents of Eastern Kentucky University does hereby reaffirm the University's commitment to providing educational opportunities to all qualified students regardless of economic or social status and ensuring that participation in all University sponsored activities will be administered in a way that furthers the principles of equal employment and educational opportunities.

Eastern Kentucky University does not discriminate on the basis of disability in the admission or access to educational opportunities, programs or activities. The Director of The Center for Student Accessibility, Whitlock 361, CPO 66, Eastern Kentucky University, Richmond, Kentucky 40475, coordinates compliance with all federal, state and local laws and regulations concerning access for disabled individuals. Requests for information concerning the Americans with Disabilities Act and other federal and state laws relating to

disabilities and the rights provided thereunder, as well as all requests for accommodations based upon disability should be directed to this office.

Eastern Kentucky University is committed to providing a healthy and safe environment for its students, faculty and staff through its compliance with the Drug-Free Workplace Act of 1988 and the Drug-Free Schools and Communities Act Amendment of 1989. In accordance with these laws, students, faculty and staff are hereby notified of the standards of conduct which shall be applicable while on University property, on University business or at University sponsored activities.

By University rules and regulations, federal laws, state laws, and local ordinances, students, faculty and staff are prohibited from the unlawful possession, use, dispensation, distribution, or manufacture of illicit drugs on University property, on University business and/or at University sponsored activities.

Any member of the student body, faculty or staff who violates the University's standards of conduct shall be subject to appropriate disciplinary action up to and including expulsion and/or termination. In addition to disciplinary sanctions, students or employees may face prosecution and imprisonment under federal and/or state laws which make such acts felony or misdemeanor crimes. The specifically defined standards of conduct, the disciplinary procedures and possible sanctions appear in the *Student Handbook* and the *Faculty Handbook*.

Expulsion of a student is permanent separation and removal from the University. The sanction of expulsion must be approved by the University president or the president's designee; it requires a student to be withdrawn or failed from all classes, suspended from the residence halls or graduate housing (if applicable), banned from all University facilities (and subject to arrest for trespassing), rendered ineligible to register for any University class, and prohibited from participating in University activities. The student's transcript will indicate that the student was expelled, with the notation: "Expelled - Ineligible to Return".

Continuous efforts are made to make students, faculty and staff aware of the on-campus and off-campus programs which provide information and professional services on matters related to the abuse of alcohol and drugs. For additional information individuals should contact the Eastern Kentucky University Counseling Center.

## Federal Regulations

### Provisions of the Family Educational Rights and Privacy Act of 1974 (as amended) Public Law 93-380

This is to serve notice to all students of Eastern Kentucky University of the rights and restrictions regarding the maintenance, inspection, and release of student records contained in the Family Educational Rights and Privacy Act of 1974 (FERPA), as amended. The University is composed of five colleges and offers a wide variety of services to students. Each college and service requires the maintenance of some records concerning students enrolled in a particular college or participating in a nonacademic service. The location and type of record maintained by the University depends upon the field of study or service in which the student is enrolled. The following is a list of the types of records maintained by the University for students:

1. Grade reports
2. Transcripts
3. Curriculum information
4. Applications for graduation

5. Correspondence with students, if any
6. Withdrawal records, if applicable
7. Admission forms
8. ACT test scores
9. Student teacher evaluations, if applicable
10. Letters of recommendation, if applicable
11. Nominations for awards if applicable
12. Biographical data
13. Evaluation forms, if applicable
14. Weekly student teacher logs, if applicable
15. Mid-term evaluation, if applicable
16. Records of school visitations, if applicable insurance coverage
17. Physical education requirement waivers
18. Field training evaluations and correspondence, if applicable
19. Professional conduct agreements and liability
20. Disciplinary Records

1. **Access to Records:** In general, the records maintained by the University are available only to the student, to University personnel with legitimate educational interests, to other institutions where the student is seeking financial aid, and to authorized representatives of the Comptroller General of the U.S., the Secretary of Education, or an administrative head of an education agency, in connection with an audit or evaluation of federally support programs, and as provided by Section 164.283 of the Kentucky Revised Statutes. However, information may be released by the institution to appropriate persons in connection with an emergency if the knowledge of such information is necessary to protect the health or safety of a student or other persons. Records may also be furnished in compliance with a judicial order or pursuant to a subpoena or with the consent of the student.

Students may inspect and review all records pertaining to them within forty-five (45) days of making request for same, except for

- a. records created or maintained by a physician, psychiatrist, psychologist or other recognized professional or paraprofessional acting or assisting in a professional capacity in connection with treatment of the student (except that the student may have these records reviewed by a physician or appropriate professional designated by the student),
- b. financial records of the student's parents,
- c. confidential letters and recommendations put in the files prior to January 1, 1975, and
- d. confidential recommendations relating to admission, applications for employment, or honors, if the student has waived his/her right to review such records.

Where a particular record cannot be reviewed by a student without revealing confidential information relating to other students, the records custodian will inform the student, upon request, of the contents of the record pertaining to that student.

Parents who claim a student as a dependent may present their federal tax declaration, in lieu of having the student's written consent, to gain access to information concerning their children's grades.

2. **Disciplinary Records:** Disciplinary records are defined as those records (maintained in any format) which relate exclusively to violations of University **General Regulations Governing Student**

**Behavior** which have been adjudicated through the office of Student Rights and Responsibilities. Complaints to the Office of Student Rights and Responsibilities which have been dismissed or withdrawn by the University are not considered disciplinary records. A student disciplinary record includes and is limited to:

- a. violation report,
- b. student notification letter,
- c. sanction sheet,
- d. notice of hearing,
- e. students right form,
- f. roll call of hearing participants in any hearing,
- g. documents presented as evidence during any hearing,
- h. record of Student Disciplinary Council hearing;
- i. appeal letter with accompanying documents; and
- j. final disposition of appeal.

3. **Directory Information:** The University may release information without the student's consent where the information is classified as "directory information." The following categories of information have been designated by the University as directory information: name, address (excluding EKU residence hall room number), telephone listing (excluding cell phone), email address, date and place of birth, major field of study, participation in officially recognized activities and sports, weight and height of members of athletic teams, academic level (undergraduate or graduate), academic class (freshman, sophomore, junior, or senior), dates of attendance, enrollment status, degrees and awards received, student photo or likeness, and the most recent previous education institution attended by the student. Students who do not wish such information released without their consent should notify the Student Records Office in writing. Any such request should be sent to

Office of the Registrar, Office of Academic Records/Transcripts  
Eastern Kentucky University  
Whitlock Building Room 239, CPO 58  
521 Lancaster Avenue  
Richmond, Kentucky 40475-3158

4. **Notification of Rights Under FERPA for Postsecondary Institutions:** The Family Educational Rights and Privacy Act affords students certain rights with respect to their education records. All EKU students are informed of their FERPA rights each year during the fall term through an email notification sent to their official EKU email address. Each student's FERPA rights are:
  - a. The right to inspect and review the student's education records within 45 days of the day the University receives a request for access. Students should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) they wish to inspect. The University official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the University official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.
  - b. The right to request the amendment of the student's education records that the student believes are inaccurate or misleading. Students may ask the University to amend a record that they believe is inaccurate or misleading. They should write the University official responsible for the record, clearly identify the part of the record they want changed, and specify why it is inaccurate or misleading.

If the University decides not to amend the record as requested by the student, the University will notify the student of the decision and advise the student of his or her right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

- c. The right to consent to disclosures of personally identifiable information contained in the student's education records, except to the extent that FERPA authorizes disclosure without consent.

One exception which permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the University in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the University has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Trustees; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks. A school official has a legitimate education interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the University discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

- d. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the University to comply with the requirements of FERPA. The name and address of the Office that administers FERPA are:

Family Policy Compliance Office  
U.S. Department of Education  
600 Independence Avenue SW  
Washington, DC 20202-4605

5. **Procedures for Challenge:** A student who believes that any record maintained by the University pertaining directly to that student is inaccurate, misleading, or otherwise violative of the right of privacy of the student as provided by Title IV of Pub. L. 90-247, as amended, and Publ. L. 93-380 as amended by Senate Joint Resolution 40 (1974) may request a hearing before a panel of three persons appointed by the President of the University. The panel may direct that appropriate action be taken to correct, explain, or expunge the record(s) challenged.

Request for hearings should be addressed to the

Office of University Counsel  
Eastern Kentucky University  
Coates Room 205, CPO 40A  
521 Lancaster Avenue  
Richmond, Kentucky 40475-3102.

## Student Right-To-Know Act (Pub. L. 101-542)

### Eastern Kentucky University 1999-2000

Section 103 of the Student Right-To-Know and Campus Security Act of 1990 (Public Law 101-542) as amended by the Higher Education Technical Amendments of 1991 (Public Law 102-26) requires public

disclosure of relevant graduation rate information for students enrolled in colleges and universities receiving federal financial assistance annually beginning July 1, 1993. Graduation rate information is published each year in the *University Handbook for Students* or may be obtained upon request from the

Office of the Senior Vice President for Academics and Provost  
Coates Administration Building  
Room 110, CPO 30A  
521 Lancaster Avenue  
Richmond, Kentucky 40475-3102.

## About Eastern Kentucky University Introduction

Eastern Kentucky University is a regional, coeducational, public institution of higher education offering general and liberal arts programs, pre-professional and professional training in education and various other fields at both the undergraduate and graduate levels. Located in Richmond, Madison County, Kentucky, Eastern Kentucky University has a distinguished record of more than a century of educational service to the Commonwealth.

Situated near the heart of the Bluegrass, Richmond is served by a network of major highways which makes Eastern Kentucky University easily accessible from all parts of Kentucky and surrounding states. Richmond is 26 miles southeast of Lexington, Kentucky. Interstate Highways 1-75 (north-south) and I-64 (east-west) make the metropolitan areas of Cincinnati, 112 miles to the north, and Louisville, 110 miles to the west, within convenient distance by automobile. Richmond is also served by U.S. Route 25 from south Eastern Kentucky and Kentucky Route 52 from the east and west. The Kentucky Turnpike and the Mountain, Hal Rogers, and Cumberland Parkways provide even greater accessibility by automobile since the city is located near the convergence of these arterial highways into the interstate system.

Richmond, the county seat of Madison County, is an expanding community of approximately 30,000 population.

In and around Richmond are many areas of historic and scenic interest. Boonesborough State Park, birthplace of Kentucky, is located 12 miles to the north. Many other historical places are within easy driving distance. Scenic and recreational areas surround this section of the state.

## History

The Kentucky General Assembly of 1906 enacted legislation establishing the Eastern Kentucky State Normal School. Governor J. C. Beckham signed the bill into law on March 21, 1906. On May 7 of that year, the Normal School Commission, meeting in Louisville, selected the campus of the old Central University, founded in 1874, in Richmond, Kentucky, as the site of the new school. On June 2, 1908, Ruric Nevel Roark was chosen President of the Normal School and the training of teachers was begun.

In 1922, Eastern Kentucky University became a four-year institution known as the Eastern Kentucky State Normal School and Teachers College. The first degrees were awarded by this institution in 1925. In 1928, the College was accredited by the Southern Association of Colleges and Secondary Schools. In 1930, the General Assembly renamed the school the Eastern Kentucky State Teachers College.

In 1935, a graduate program was approved at Eastern, leading to the Master of Arts degree in Education. In 1948, the General Assembly removed the word "Teachers" from the name of the college and granted the college the right to award nonprofessional degrees.

The most significant day since its founding came for Eastern on February 26, 1966, when Governor Edward T. Breathitt signed into law a bill renaming the institution Eastern Kentucky University (EKU) and sanctioning the awarding of graduate degrees in academic fields other than education.

During this period of time, Eastern Kentucky University has increased rapidly in size and stature. Beginning with a few students engaged in short review and certificate courses, the University today serves thousands of Kentuckians. The curriculum leads to associate degrees, baccalaureate degrees, and an expanding graduate program that currently offers degrees at the master's level in many other fields as well as the already well-established Master of Arts degree in Education and the various fifth- and sixth-year leadership programs in education. Specialist degree programs have been implemented in education and psychology.

In 2008, EKU offered its first doctoral degree, the Doctor of Education (Ed.D.). Since that time, EKU also offers the Doctor of Nursing Practice (DNP) and the Occupational Therapy Doctorate (OTD).

Ever-mindful of the purpose of its founding, Eastern continues to recognize its historic function of preparing quality teachers for the elementary and secondary schools of the Commonwealth. However, a strong liberal arts curriculum leading to appropriate degrees, together with pre-professional courses in several areas and graduate programs, enable Eastern to serve the Commonwealth as a regional comprehensive university.

## Experience Excellent: EKU's 2022-2030 Strategic Plan

### Mission Statement

Eastern Kentucky University is the School of Opportunity where everyone belongs. World class faculty and staff create opportunities for personal growth through exceptional experiences, to ensure students realize their fullest potential and achieve excellence. EKU graduates shape the success and vitality of their professions and communities.

### Vision

Eastern Kentucky University will be excellent in all that we choose to do.

### Strategic Priorities

#### Goal 1: Knowledge

Knowledge is at the center of EKU's commitment to serve as the School of Opportunity. From academic teaching and learning to experiential co- and extracurricular activities, EKU strategically advances academic and student success programs that support EKU's diverse learners.

#### Goal 2: Innovation

Innovative thinking and bold action will elevate and differentiate EKU. Innovation will enhance organizational stewardship, intellectual and creative capacity, and economic vitality within EKU and the communities we serve.

#### Goal 3: Transformation

EKU is dedicated to transforming lives and communities. EKU's learning environments support intellectual growth, creativity, empowerment, and life-changing experiences by centering access, equity, dignity, respect, and inclusivity.

### Guiding Values

**Inclusion:** Community engagement, Diversity of people and perspectives, Professional growth, Hospitality, Celebration

**Trust:** Consistency, Effective communication, Accountability, Efficiency, Leadership

Since its inception in 1874, Eastern Kentucky University (then known as Central University) has been driven by core values. Although its mission has evolved and expanded to meet the changing needs of citizens of the Commonwealth (and increasingly other places in the world), core values are still an integral part of the University community. Values are the code of organizational conduct. They guide decision-making in all parts of the University. They direct our actions and must inspire all of us in the EKU community to be true to them. The EKU community is committed to embodying these values in our policies and procedures in our day-to-day activities to accomplish our mission and achieve our vision. EKU has been and will continue to be guided by the following values when planning strategies and implementing decisions regarding the University community's teaching, scholarly, and service activities.

## Accreditations

### Accreditations

Eastern Kentucky University is accredited by the Southern Association of Colleges and Schools Commission on Colleges (SACSCOC) to award associate, baccalaureate, masters, educational specialist, and doctorate degrees. Degree-granting institutions also may offer credentials such as certificates and diplomas at approved degree levels. Questions about the accreditation of Eastern Kentucky University may be directed in writing to the Southern Association of Colleges and Schools Commission on Colleges at 1866 Southern Lane, Decatur, GA 30033-4097, by calling (404) 679-4500, or by using information available on SACSCOC's website ([www.sacscoc.org](http://www.sacscoc.org)) (<https://nam02.safelinks.protection.outlook.com/?url=http%3A%2F%2Fwww.sacscoc.org%2F&data=05%7C01%7CShannon.Tipton%40eku.edu%7C5b4c19b0db8c4055dae208daf32e8cc1%7Ce23043271af04dee83fbc1b2fd6db0%7C0%7C0%7C638089678497515429%7CUnknown%7CTWFPbGZsb3d8eyJWljoimC4wLjAwMDAiLCJQljoiv2luMzliLCJBTiil6lk1haWwiLC%7C3000%7C%7C%7C&sdata=EE0tqD%2BWJJ9rOKG7NJvd%2B58whs6dioBYboY%2BwI0t1Jg%3D&reserved=0>)).

## EKU Branch Campuses

Accreditation by SACSCOC of the Corbin branch campus of Eastern Kentucky University is dependent on the continuing accreditation of the University's main campus in Richmond, KY.

Accreditation by SACSCOC of the Manchester branch campus of Eastern Kentucky University is dependent on the continuing accreditation of the University's main campus in Richmond, KY.

### Specialized Accreditations

AACSB International – The Association to Advance Collegiate Schools of Business (AACSB International) (<http://www.aacsb.edu/>) for Master of Business Administration, Bachelor of Business Administration in

Accounting, Computer Information Systems, Risk Management & Insurance, General Business, Management, and Marketing.

Accreditation Commission for Education in Nursing (ACEN) (<http://www.acenursing.org/>) for Associate Degree in Nursing.

Accreditation Council for Education in Nutrition and Dietetics (ACEND) (<https://www.eatrightpro.org/acend/>) of the Academy of Nutrition and Dietetics for Didactic Program in Dietetics for Bachelor of Science in Food and Nutrition, Dietetics concentration.

Accreditation Council for Occupational Therapy Education (ACOTE) (<https://acoteonline.org/>) for the Master of Science and Doctorate in Occupational Therapy.

American Academy of Forensic Sciences – Forensic Science Education Programs Accreditation Commission (AAFS-FEPAC) (<http://www.aafs.org/fepac/>) for Bachelor of Science in Digital Forensics and Cybersecurity and Bachelor of Science in Forensic Science Program (Forensic Biology and Forensic Chemistry concentrations).

American Bar Association (ABA) (<http://www.americanbar.org/aba.html>) for Associate of Applied Science in Paralegal Studies, Bachelor of Arts in Paralegal Science, and Undergraduate Certificate in Paralegal Science.

American Council for Construction Education (ACCE) (<http://www.acce-hq.org/>) for Bachelor of Science in Construction Management.

American Psychological Association (APA) (<https://www.apa.org/ed/accreditation/programs/>) for Doctor in Psychology.

American Speech-Language-Hearing Association (ASHA) (<http://www.asha.org/>) for Masters of Arts in Communication Disorders.

Association of Technology, Management, and Applied Engineering (ATMAE) (<http://www.atmae.org/>) for Bachelor of Science in Engineering Technology Management, Bachelor of Science in Cyber Systems Technology, and Associate of Applied Science in Technology.

Commission on Accreditation of Allied Health Education Programs – Joint Review Committee on Educational Programs for EMT Paramedic (CAAHEP-EMT) (<http://www.caahep.org/>) for Bachelor of Science in Emergency Medical Care and Associate of Science in Paramedicine.

Commission on Accreditation of Athletic Training Education (CAATE) (<http://caate.net/>) for Master of Science in Athletic Training.

Commission on Collegiate Interpreter Education (CCIE) (<http://www.ccie-accreditation.org/>) for Bachelor of Science in ASL and English Interpretation.

Commission on Collegiate Nursing Education (CCNE) (<http://www.ccneaccreditation.org/>) for Bachelor of Science in Nursing; Master of Science in Nursing; Doctor of Nursing Practice.

Commission on Health Informatics and Information Management Education (CAHIIM) (<http://www.cahiim.org/>) for Bachelor of Science in Health Services Administration.

Computing Accreditation Commission of ABET (ABET-CAC) (<http://www.abet.org/>) for Bachelor of Science in Computer Science (with Concentration in General Computer Science).

Council on Academic Accreditation in Audiology and Speech-Language Pathology of the American Speech-Language-Hearing Association (<https://caa.asha.org/>) for Master of Arts in Communication Disorders.

Council on Accreditation of Parks, Recreation and Tourism (<https://accreditationcouncil.org/>) for Bachelor of Science in Recreation and Parks Administration.

Council for Accreditation of Counseling and Related Educational Programs (CACREP) (<http://www.cacrep.org/>) for Master of Arts in Clinical Mental Health Counseling, the Master of Arts Education in School Counseling Programs, and the Doctor of Education (Concentration in Counselor Education and Supervision).

Council for the Accreditation of Educator Preparation (CAEP) (<http://caepnet.org/>) (formerly the National Council for Accreditation of Teacher Education) for CARES (formerly Teacher Education Services), for Bachelor of Science in Elementary Education, Bachelor of Science in Middle Grade Education, Master of Arts Teaching, Master of Arts Education in Elementary Education, Master of Arts Education in Secondary Education, Master of Arts Education in Library Science, Master of Arts Education in Literacy, Master of Arts Education in Gifted Education, Rank I Elementary Education, Rank I Middle Grade Education, Rank I Secondary Education, Rank I Library Science, Business and Marketing Education/Teaching, Career and Technical Education/Teaching, School Psychology – Specialist in Psychology Degree Program, Physical Education/Teaching, Health Education/Teaching, and Family & Consumer Science Education/Teaching Programs.

Council on Education for Public Health (CEPH) (<http://ceph.org/>) for Bachelor of Science in Public Health and Master of Public Health.

Council on Social Work Education (CSWE) (<http://www.cswe.org/>) for Bachelor of Social Work.

Education of the Deaf and Hard of Hearing Program (<http://councilondeafed.org/>) for Bachelor of Science in Education of the Deaf and Hard of Hearing, Master of Arts Education (Graduate Deaf and Hard of Hearing Certification), Master of Arts Teaching (Deaf and Hard and Hard of Hearing Education).

Engineering Technology Accreditation Commission of ABET (ABET-ETAC) (<https://www.abet.org/>) for Bachelor of Science in Fire Protection and Safety Engineering Technology.

International Fire Service Accreditation Congress (IFSAC) (<https://ifsac.org/>) for Bachelor of Science in Fire Protection Administration, Bachelor of Science in Fire Arson and Explosion Investigation, and Bachelor of Science in Fire Protection, and Safety Engineering Technology.

Kentucky Board of Nursing (KBN) (<http://www.kbn.ky.gov/>) for Associate of Science in Nursing, Bachelor of Science in Nursing, Master of Science in Nursing, and Doctor of Nursing Practice.

National Accrediting Agency for Clinical Laboratory Sciences (NAACLS) (<http://www.naacls.org/>) for Bachelor of Science in Medical Laboratory Science.

National Association of Schools of Music (NASM) (<http://nasm.arts-accredit.org/>) for Master of Music and Bachelor of Music.

National Association of School Psychologists (NASP) (<http://www.nasponline.org/>) for Specialist in School Psychology Program.

National Environmental Health Science and Protection Accreditation Council (EHAC) (<https://www.nehspac.org/>) for Bachelor of Science in Environmental Health Science and Sustainability and Master of in Public Health.

Network of Schools of Public Policy, Affairs, and Administration (NSPPAA) (<http://www.nasppaa.org/>) (formerly National Association of Schools of Public Affairs and Administration) for Master of Public Administration.

North American Association for Environmental Education (<https://nam02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fnaaee.org%2F&data=04%7C01%7CJennifer.Wies%40eku.edu%7C9f6062c638e14c198ec108d9b4fc26d2%7Ce23043271af04dee83fbc1b2f65b04%7C0%7C0%7C637739817334393485%7CUnknown%7CTWFpbGZsb3d8eyJWIjoiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IkhayWwLmV2%2F%2F%7C3000&sdata=LdV1gIrtG2g6U%2Bh0Xh6%2BYepLQgt%2Fi8XHN4u2BCTv9hk%3D&reserved=0>) for the Undergraduate Certificate in Environmental Education and the Graduate Certificate in Environmental Education.

Professional Golfers Association of America (PGA) (<http://www.pga.com/home/>) for Bachelor of Business Administration in Marketing (PGA Golf Management Concentration).

Public Relations Society of America (Certification) (PRSA) (<http://www.prsa.org/>) for Bachelor of Arts in Public Relations Program.

### Recognitions and Certifications

Accreditation Council for Cooperative Education (ACCE) (<http://www.coopaccreditation.org/>) for Co-Operative Education Programs.

American Chemical Society (Certification) (ACS) (<http://www.acs.org/content/acs/en.html>) for Bachelor of Science in Chemistry (all options) Program.

Federal Aviation Administration (Certification) (FAA) ([http://www.faa.gov/licenses\\_certificates/](http://www.faa.gov/licenses_certificates/)) for Aviation Part 141 Professional Flight Program.

International Association of Counseling Services (IACS) (<http://www.iacsinc.org/>) for Counseling Center.

National Association for the Education of Young Children (NAEYC) (<http://www.naeyc.org/>) for Burrier Child Development Center.

## Admission and Residency

- Admission (p. 21)
- Kentucky Pre-College Curriculum (p. 24)
- Student Residency (p. 24)
- Residency Appeals Policy and Procedures (p. 29)

## Admission to the University

### General Requirements for Undergraduate Admission

All applicants must provide an application and evidence of appropriate scholastic achievement through prior educational experience.

Please note that certain degree programs have special admission requirements. Admission to the University does not mean automatic admission to all degree programs.

The completed application and all required supporting documentation must be received by the University no later than:

- August 1 for fall enrollment
- December 1 for spring enrollment
- May 1 for summer enrollment

To apply for undergraduate admission to Eastern Kentucky University (EKU), submit an application at [apply.eku.edu](http://apply.eku.edu) (<http://apply.eku.edu>) and submit your materials noted below electronically or by mail to:

Office of Admissions  
Eastern Kentucky University  
Whitlock Bldg. 112, CPO 54  
775 Wilburton Avenue  
Richmond, KY 40475-3154.

## Admission Requirements for First-Time Freshmen

### Standard Admission

Students who meet the criteria of unweighted high school grade point average of 2.5-4.00 on a 4.00 scale will be granted Standard Admission.

### Success First Admission

Students who have a cumulative unweighted high school grade point average of 2.0-2.49 on a 4.0 scale will be granted Success First Admission and must successfully complete directed coursework during the first academic year.

1. **Note:** *All admitted students must meet the state-mandated college readiness standards for all subjects prior to registering for classes, or they must enroll in required preparatory coursework beginning their first academic semester.*

While ACT scores are not required, students are encouraged to submit scores for proper course placement in English, mathematics, and reading courses. If scores are not provided, students will be required to prove proficiency through testing or appropriate course completion. Questions may be directed to the Office of Admissions, 859-622-1892.

*Although test scores are not used for admission purposes, they are required for course placement and academic readiness purposes. Students will be required to provide proof of high school graduation or GED prior to attending classes and disbursement of financial aid.*

### Admission on Appeal

Students who apply but are denied admission to the University may submit an appeal to the Admissions Appeals Committee. New first time freshmen must have a 2.0 minimum GPA in order to appeal their admission decision. The committee will carefully consider all aspects of the applicant's situation, including academic record, ACT or SAT scores that indicate the applicant has met benchmarks in the academic readiness areas of English, mathematics, and/or reading and desire to attend EKU, as presented in the appeal request. If granted admission by the committee, students will partner with an academic success

coach and sign a Student Success Agreement specifying academic expectations and requirements for remaining enrolled at the University.

The admissions appeal information regarding the process can be found on the EKU Admissions website. For more information regarding the Student Success Agreement, see that portion of the catalog.

## Requirements for International Students

International applicants must also submit:

1. International application for admission
2. TOEFL Scores-minimum requirement 530 (paper based), 195 (computer based), 95 or higher on the Duolingo English Test, or 71 (internet based with no band score below 16) OR Official IELTS Scores- must have at least 5.0 in all categories and 6.0 overall. Prospective Japanese students may qualify with an EIKEN test score of Pre-1. Eastern Kentucky University will accept completion of level 112 from any English Language Services (ELS) program in lieu of TOEFL/IELTS Scores. Students may also submit ACT or SAT scores with reading and English scores for consideration as demonstrated language proficiency. ACT sub-scores of an 18 in English and 19 in Reading OR SAT Evidence-Based Reading + Writing score of 510 or higher will also be sufficient to meet the English Language and Reading requirements. Applicants may petition to appeal their English Language Requirement, with significant justification, (i.e. test scores, US coursework, or work experience in English). An appeals committee will meet to determine eligibility and conduct an oral and written interview with the applicant.
3. Declaration and Certification of Finances and a supporting bank letter, showing financial support to attend Eastern Kentucky University.
4. Official Secondary School Record(s) provided to the Office of Admissions with a 2.5 GPA on a 4.0 scale. If transcripts are not in English or 4.00 grade scale, an official evaluation and translation must be provided. Photocopies are not acceptable unless they are certified copies.
5. Official College or University transcripts (Photocopies of academic documents are not considered official unless they carry an original signature and stamp of authorization from the issuing institution). You must have a minimum institutional GPA of 2.0 and at least 24 credit hours from an accredited institution. University level courses taken at institutions outside of the U.S. must be evaluated by an outside NACES (<https://www.naces.org/>) or AACRAO affiliated agency. Questions regarding the process of foreign transcript evaluation may be directed to the Office of Admissions. Photo copies are not accepted.

## Requirements for Admission as a Transfer Student

To be admitted as a transfer student, you must:

1. Submit a final official transcript from each regionally accredited institution you have attended. Eastern Kentucky University does not accept credits from institutions that are not regionally accredited. Note that the transcript must be sent from the student's institution to Eastern Kentucky University's Office of Admissions. Hand-carried transcripts that are not sealed will not be accepted. See Section Five of this catalog for information regarding transfer course credit.
2. Have a 2.0 grade point average (GPA) on a 4.0 scale on all work from accredited institutions.
3. Provide evidence that you are eligible to return to any institution you have previously attended when good academic standing is not indicated on the official transcript.

4. Students with less than 24 college academic credits awarded since high school graduation will be considered first time freshmen for admissions purposes and will need to submit high school transcripts. While ACT scores are not required for transfer students with less than 24 credit hours earned since high school graduation, students are encouraged to submit scores for proper course placement in English, mathematics, and reading courses. If proficiency in English, mathematics, and/or reading cannot be established by a review of the college transfer record, students will be required to prove proficiency through testing or appropriate course completion. Questions may be directed to the Office of Admissions, 859-622-1892.

**Note:** If you are admitted as a transfer student, your institutional GPA will include hours attempted and quality points earned from all regionally accredited institutions. The Office of Advising & Career Services and the academic department of your major will determine the applicability of your courses to your academic program.

**Note:** Eastern Kentucky University subscribes fully to the policies of the "General Education Transfer Agreement" of the Kentucky Council on Postsecondary Education. Thus, Eastern Kentucky University will apply courses transferred from Kentucky public institutions to its general education requirements in accord with those policies.

## Requirements for Readmission

All previously enrolled EKU undergraduate students who have not attended Eastern Kentucky University for a period longer than 24 months must apply and be approved for readmission to the University before being allowed to continue taking classes.

Students who wish to return to EKU but were academically suspended or dismissed with an institutional GPA of less than a 1.5 must appeal for readmission through the Registrar's Office, in addition to submitting an application for readmission to the Office of Admissions. The form and instructions for an appeal for readmission can be found on the EKU Registrar's website.

If the student's appeal is approved he/she will be readmitted upon submitting an application for readmission. Both the application to the Office of Admissions, and the appeal to the Registrar's Office may be submitted simultaneously.

If their appeal to return to EKU is approved these students will return on Academic Probation status. They will be assigned an academic coach in the Office of Advising and Career Services, and will develop an academic success plan with their coach before being allowed to register for classes. Continued enrollment is contingent upon adherence to their signed academic Student Success Agreement and meeting EKU Academic Standards Policy.

If a student has attended another institution since leaving EKU, and has been out of the University for longer than 24 months, his/her return to EKU will be considered under the readmission guidelines above instead of the student being considered a transfer student.

Students who were dismissed under the former Developmental Dismissal policy must submit documentation (a transcript or official test scores) indicating that proficiency has been earned for any needed developmental coursework before they may be readmitted to the University.

See the "Stopping Out" procedure in Section Five for additional information.

## Other Types of Admission

### 1. EKU Dual Credit

EKU's dual credit program is open to high school juniors and seniors, residing within Kentucky, who meet eligibility requirements, and whose school is partnering with EKU through a memorandum of agreement. Dual credit programs are designed to reduce degree cost and time to degree for Kentucky students.

Dual Credit students may enroll in a maximum of 2 courses per fall and spring semester of their junior and senior years in high school at the reduced dual credit tuition rate. Dual credit students are enrolled as non-degree seeking students in order to maintain freshman eligibility after high school graduation. Enrollment in dual credit courses as a non-degree seeking student does not guarantee admission as a degree seeking student. A maximum of eight courses in total may be taken at the dual credit tuition rate.

Students may enroll at any EKU campus offering applicable courses. Courses may include general education courses, career pathway courses or departmentally approved introductory courses for specific majors. Students may attend approved EKU courses on high school campuses via face-to-face, telepresence, or online instruction.

Students are required to meet all course pre-requisites. Students are not permitted to enroll in academic readiness corequisite courses.

EKU Dual Credit courses offered in the high school are to be composed only of students enrolled for EKU Credit.

To qualify for the EKU Dual Credit Program, high school juniors or seniors must have a cumulative 2.5 weighted high school GPA.

To apply for EKU Dual Credit, students must submit an online Dual Credit application, ACT scores, a high school transcript and a consent form (located on the EKU Dual Credit website) by the application deadline.

While ACT scores are not required for admission purposes, students are encouraged to submit scores for proper course placement in English, mathematics, and reading courses.

Dual Credit students will attend special advising sessions and register for courses during a specified period prior to the beginning of an academic semester. Advising and registration sessions will be available on each of EKU's participating campuses.

Continued participation in EKU's Dual Credit program is dependent upon successful completion of courses. Dual Credit students are expected to maintain a 2.0 minimum institutional GPA. Students who earn a "D" or an "F" in a course(s) will be required to successfully repeat the course(s) and earn a 2.0 term GPA in order to continue in the Dual Credit program. Students who elect to repeat a course will contact the Office of the Registrar for registration approval and assistance. Students repeating courses will be charged full dual credit tuition.

All dual credit students are responsible for the cost of tuition, textbooks (including digital texts), course materials/supplies, and parking permits when applicable. Students, 16 and older, electing to use the Student Recreation Center may request that this charge be added to their accounts.

**Note:** KYOTE test scores, EKU Placement Test scores, ALEKS Mathematics scores, or PSAT scores may be substituted for ACT sub-scores. Additional information on academic readiness scores is

available from EKU Academic Testing: 859-622-1281 or visit <https://academicreadiness.eku.edu/>

Exceptions to the high school GPA requirement for juniors and seniors will be taken into consideration upon the written recommendation of the high school principal. The request will be routed through the Office of the Senior Vice President for Academics and Provost for final approval. High schools may have a maximum of 2% of their EKU Dual Credit enrollment (or two students, whichever is higher) participating under the high school GPA exception.

### 2. Early High School Graduates

Applicants must meet full admissions requirements to the university:

- A minimum cumulative GPA of 2.0 on a 4.0 scale
- A complete application consists of:
  - EKU Application ([apply.eku.edu](http://www.apply.eku.edu) (<http://www.apply.eku.edu>))
  - An Official High School Transcript
- Applicants must have a date of graduation prior to the start of your intended term of entry. If the high school transcript does not include an expected graduation date, we may need additional time to follow up with your high school.
- The high school transcript must reflect that the student has completed at least 75% of our recommended high school course work (equivalent to completion of junior year) before we can make decision. For most early graduates, we expect to see at least six semesters of high school work completed, though we may review transcripts with just five semesters completed for applicants graduating a full year early.
- A letter from the applicant's counselor, on official letterhead, stating that early graduation has been approved by the High School. If the student is completing early graduation through the State of Kentucky, a Letter of Intent must be completed as well.
- Admission is conditional until a final, official high school transcript has been received. Admitted students are not able to register for the second semester of enrollment until a final, official transcript has been received.

### 3. Visiting Students

If you are a student at another institution and wish to enroll at Eastern Kentucky University as a visiting, or "transient," student, you may be admitted by submitting an official transcript or a statement indicating that you are eligible to return to your institution.

### 4. Admission as a Non-Degree Student

Upon submission of an application, you may be admitted as a non-degree student provide you have graduated from high school or earned a G.E.D. If so admitted,

1. Your eligibility for enrollment in specific courses will be dependent upon meeting the stated course prerequisites.
2. You must meet with an academic advisor to be advised and receive a RAC number;
3. You will **not** be eligible to receive financial assistance awards.

If you subsequently decide to pursue a degree, you must reapply for admission as a degree seeker. If you are thus admitted,

1. You will be required to remediate all pre-college curriculum deficiencies and to satisfy all Eastern Kentucky University academic readiness requirements.

## 5. O'Donnell Scholarship Recipients

If you are at least 65 years of age, you may be admitted to Eastern Kentucky University with a waiver of tuition. You need submit only an application for admission.

## 6. Home-Schooled Students

Eastern Kentucky University applies the same admissions requirements to home-schooled students as those who graduate from a public or private high school.

Home-schooled students are subject to the secondary education standards established by the Kentucky Department of Education and the Kentucky Council on Post Secondary Education. This includes meeting the curriculum guidelines of the State approved Pre-College Curriculum.

In order to gain admission to Eastern Kentucky University, in addition to the application and application fee, these students must submit a copy of their official transcript demonstrating they have met the PCC curriculum and have a minimum cumulative GPA of 2.0 on a 4.0 scale. They must also submit an official ACT or SAT score report.

## 7. International Baccalaureate

Students who complete the International Baccalaureate Diploma may present their official exam results for demonstration of completion of secondary education. Based on the exam scores received, students will qualify for advanced academic placement (See Section Four General Academic Information or [www.testing.eku.edu](http://www.testing.eku.edu) (<http://www.testing.eku.edu>)).

# Kentucky Pre-College Curriculum

The Kentucky Pre-College Curriculum (PCC) is defined by the Kentucky Council on Postsecondary Education (CPE). According to the state admissions guidelines “pre-college curriculum” means completion of:

1. The Kentucky minimum high school graduation requirements, or another approved course of study; and
2. two units of a single world language, or demonstration through assessment of a world language proficiency.

The PCC better prepares students for college-level work and reflects high school graduation requirements established by the state of Kentucky.

Kentucky minimum high school graduation requirements are a prescribed set of high school courses required for admission to an associate or baccalaureate degree program at a Kentucky public university:

- 4 credits of Language Arts (English I, English II, English III, English IV; students not meeting Kentucky college readiness benchmarks for Language Arts shall take an English transition course or intervention before exiting high school);
- 3 credits of Mathematics (to include Algebra I, Geometry or Algebra II; any mathematics course other than these listed shall be counted as an elective; students not meeting Kentucky college readiness benchmarks for mathematics shall take a mathematics transition course or intervention before exiting high school);
- 3 credits of Social Studies;
- 3 credits of Science (to include a lab-based scientific investigation experience);
- 1 credit of History and Appreciation of Visual and Performing Arts;

- a ½ credit of Health;
- a ½ credit of Physical Education.

**World Languages Requirement:** In addition to the above listed high school graduation requirements, high school students should complete two levels of the same World Language to be considered as having met the PCC for Kentucky universities. Students who do not complete two levels of the same World Language in high school are required to complete two levels (six credit hours) of the same Foreign Language at ECU. The following ECU courses will satisfy the World Languages PCC:

- ASL 101 American Sign Language I and ASL 102 American Sign Language II; or
- FLS 101 Language Topics:\_\_\_ and FLS 102 Language Topics:\_\_\_;or
- FRE 101 Conversational French I and FRE 102 Conversational French II; or
- GER 101 Conversational German and GER 102 Conversational German II; or
- JPN 101 Conversational Japanese I and JPN 102 Conversational Japanese II; or
- LAT 101 Beginning Latin I and LAT 102 Beginning Latin II; or
- SPA 101 Conversational Spanish I and SPA 102 Conversational Spanish II.

**Note:** Transfer students who have completed 6 hours in another World Language, such as Chinese, Portuguese, Urdu, etc. will be considered as having met the World Languages PCC. All college-level World Languages classes count toward degree credit.

Students under 21 years of age must complete the Pre-College Curriculum if they are admitted to the University as a degree seeking student and transfer to ECU with fewer than 24 credit hours. PCC deficiencies must be remediated via placement in the appropriate General Education courses before college graduation.

Questions about Kentucky Pre-College Curriculum requirements may be directed to any of the following offices: Academic Readiness, Admissions, or Advising.

## Student Residency

Since registration and other fees and residence hall room rents are subject to change periodically, no attempt is made in this publication to itemize these costs. This information is available from the Office of Admissions prior to the beginning of each academic year.

Any veteran of the Armed Forces of the United States or National Guard who is eligible for Post-9/11 GI Bill® benefits who enrolls as a student in the university as a non-Kentucky resident will be charged no more than the maximum tuition reimbursement provided under the Post-9/11 GI Bill® to public universities for eligible Kentucky residents. Veterans must submit a DD-214 or VA Certificate (Letter) of Eligibility for Post 9-11 (Chapter 33) GI Bill® benefits through the Office of Military and Veterans Affairs to the Office of Admissions to validate their eligibility for this provision.

**13 KAR 2:045. Determination of residency status for admission and tuition assessment purposes.**

**Relates to:** KRS 13B, 164.020, 164.030, 164A.330(6), 38 U.S.C. 3301-3325

**Statutory Authority:** KRS 164.020(8)

## Necessity, Function, and Conformity

KRS 164.020(8) requires the Council on Postsecondary Education to determine tuition and approve the minimum qualifications for admission to a state-supported postsecondary education institution and authorizes the Council to set different tuition amounts for residents of Kentucky and for nonresidents. This administrative regulation establishes the procedure and guidelines for determining the residency status of a student who is seeking admission to, or who is enrolled at, a state-supported postsecondary education institution.

### Section 1. Definitions

1. "Academic term" means a division of the school year during which a course of studies is offered, and includes a semester, quarter, or single consolidated summer term as defined by the institution.
2. "Continuous enrollment" means enrollment in a state-supported postsecondary education institution at the same degree level for consecutive terms, excluding summer term, since the beginning of the period for which continuous enrollment is claimed unless a sequence of continuous enrollment is broken due to extenuating circumstances beyond the student's control, such as serious personal illness or injury, or illness or death of a parent.
3. "Degree level" means enrollment in a course or program which could result in the award of a:
  - a. Certificate, diploma, or other program award at an institution;
  - b. Baccalaureate degree or lower, including enrollment in a course by a nondegree-seeking postbaccalaureate student;
  - c. Graduate degree or graduate certification other than a first-professional degree in law, medicine, dentistry, or "Pharm. D"; or
  - d. Professional degree in law, medicine, dentistry, or "Pharm. D".
4. "Dependent person" means a person who cannot demonstrate financial independence from parents or persons other than a spouse and who does not meet the criteria for independence established in Section 5 of this administrative regulation.
5. "Determination of residency status" means the decision of a postsecondary education institution that results in the classification of a person as a Kentucky resident or as a nonresident for admission and tuition assessment purposes.
6. "Domicile" means a person's true, fixed, and permanent home and is the place where the person intends to remain indefinitely, and to which the person expects to return if absent without intending to establish a new domicile elsewhere.
7. "Full-time employment" means continuous employment for at least forty-eight (48) weeks at an average of at least thirty (30) hours per week.
8. "Independent person" means a person who demonstrates financial independence from parents or persons other than a spouse and who meets the criteria for independence established in Section 5 of this administrative regulation.
9. "Institution" means an entity defined by KRS 164.001(12) if the type of institution is not expressly stated and includes the Kentucky Virtual University, the Council on Postsecondary Education, and the Kentucky Higher Education Assistance Authority.
10. "Kentucky resident" means a person determined by an institution for tuition purposes to be domiciled in, and a resident of, Kentucky as determined by this administrative regulation.
11. "Nonresident" means a person who:
  - a. Is domiciled outside Kentucky;
  - b. Currently maintains legal residence outside Kentucky; or

- c. Is not a Kentucky resident as determined by this administrative regulation.
12. "Parent" means one (1) of the following:
  - a. A person's father or mother; or
  - b. A court-appointed legal guardian if:
    - i. The guardianship is recognized by an appropriate court within the United States;
    - ii. There was a relinquishment of the rights of the parents; and
    - iii. The guardianship was not established primarily to confer Kentucky residency on the person.
13. "Preponderance of the evidence" means the greater weight of evidence or evidence that is more credible and convincing to the mind.
14. "Residence" means the place of abode of a person and the place where the person is physically present most of the time for a noneducational purpose in accordance with Section 3 of this administrative regulation.
15. "Student financial aid" means all forms of payments to a student if one (1) condition of receiving the payment is the enrollment of the student at an institution, and includes student employment by the institution or a graduate assistantship.
16. "Sustenance" means:
  - a. Living expenses, such as room, board, maintenance, and transportation; and
  - b. Educational expenses, such as tuition, fees, books, and supplies.

### Section 2. Scope

1. State-supported postsecondary education institutions were established and are maintained by the Commonwealth of Kentucky primarily for the benefit of qualified residents of Kentucky. The substantial commitment of public resources to postsecondary education is predicated on the proposition that the state benefits significantly from the existence of an educated citizenry. As a matter of policy, access to postsecondary education shall be provided so far as feasible at reasonable cost to a qualified individual who is domiciled in Kentucky and who is a resident of Kentucky.
2. In accordance with the duties established in KRS 164.020, the Council on Postsecondary Education may require a student who is neither domiciled in, nor a resident of, Kentucky to meet higher admission standards and to pay a higher level of tuition than resident students.
3. Unless otherwise indicated, this administrative regulation shall apply to all student residency determinations, regardless of circumstances, including residency determinations made by:
  - a. The state-supported institutions for prospective and currently-enrolled students;
  - b. The Southern Regional Education Board for contract spaces;
  - c. Reciprocity agreements, if appropriate;
  - d. The Kentucky Virtual University;
  - e. Academic common market programs;
  - f. The Kentucky Educational Excellence Scholarship Program; and
  - g. Other state student financial aid programs, as appropriate.

### Section 3. Determination of Residency Status; General Rules

1. A determination of residency shall include:
  - a. An initial determination of residency status by an institution:
    - i. During the admission process;
    - ii. Upon enrollment in an institution for a specific academic term; or
    - iii. For admission into a specific academic program;
  - b. A reconsideration of a determination of residency status by an institution based upon a changed circumstance; or
  - c. A formal hearing conducted by an institution upon request of a student after other administrative procedures have been completed.
2. An initial determination of residency status shall be based upon:
  - a. The facts in existence when the credentials established by an institution for admission for a specific academic term have been received and during the period of review by the institution;
  - b. Information derived from admissions materials;
  - c. If applicable, other materials required by an institution and consistent with this administrative regulation; and
  - d. Other information available to the institution from any source.
3. An individual seeking a determination of Kentucky residency status shall demonstrate that status by a preponderance of the evidence.
4. A determination of residency status shall be based upon verifiable circumstances or actions.
5. Evidence and information cited as the basis for Kentucky domicile and residency shall accompany the application for a determination of residency status.
6. A student classified as a nonresident shall retain that status until the student is officially reclassified by an institution.
7. A student may apply for a review of a determination of residency status once for each academic term.
8. If an institution has information that a student's residency status may be incorrect, the institution shall review and determine the student's correct residency status.
9. If the Council on Postsecondary Education has information that an institution's determination of residency status for a student may be incorrect, it may require the institution to review the circumstances and report the results of that review.
10. An institution shall impose a penalty or sanction against a student who gives incorrect or misleading information to an institutional official, including payment of nonresident tuition for each academic term for which resident tuition was assessed based on an improper determination of residency status. The penalty or sanction may also include:
  - a. Student discipline by the institution through a policy written and disseminated to students; or
  - b. Criminal prosecution.

### Section 4. Presumptions Regarding Residency Status

1. In making a determination of residency status, it shall be presumed that a person is a nonresident if:
  - a. A person is, or seeks to be, an undergraduate student and admissions records show the student to be a graduate of an out-of-state high school within five (5) years prior to a request for a determination of residency status;
  - b. A person's admissions records indicate the student's residence to be outside of Kentucky when the student applied for admission;

- c. A person moves to Kentucky primarily for the purpose of enrollment in an institution;
  - d. A person moves to Kentucky and within twelve (12) months enrolls at an institution more than half time;
  - e. A person has a continuous absence of one (1) year from Kentucky; or
  - f. A person attended an out-of-state higher education institution during the past academic year and paid instate tuition at that institution.
2. A presumption arising from subsection (1) of this section shall only be overcome by preponderance of evidence sufficient to demonstrate that a person is domiciled in and is a resident of Kentucky.

### Section 5. Determination of Whether a Student is Dependent or Independent

1. In a determination of residency status, an institution shall first determine whether a student is dependent or independent. This provision shall be predicated on the assumption that a dependent person lacks the financial ability to live independently of the person upon whom the student is dependent, and therefore, lacks the ability to form the requisite intent to establish domicile.

A determination that a student is independent shall be one (1) step in the overall determination of whether a student is or is not a resident of Kentucky.

2. In determining the dependent or independent status of a person, the following information shall be considered, as well as other relevant information available when the determination is made:
  - a.
    - i. Whether the person has been claimed as a dependent on the federal or state tax returns of a parent or other person for the year preceding the date of application for a determination of residency status; or
    - ii. Whether the person is no longer claimed by a parent or other person as a dependent or as an exemption for federal and state tax purposes; and
  - b. Whether the person has financial earnings and resources independent of a person other than an independent spouse necessary to provide for the person's own sustenance.
3. An individual who enrolls at an institution immediately following graduation from high school and remains enrolled shall be presumed to be a dependent person unless the contrary is evident from the information submitted.
4. Domicile may be inferred from the student's permanent address, parent's mailing address, or location of high school of graduation.
5. Marriage to an independent person domiciled in and who is a resident of Kentucky shall be a factor considered by an institution in determining whether a student is dependent or independent.
6. Financial assistance from, or a loan made by, a parent or family member other than an independent spouse, if used for sustenance of the student:
  - a. Shall not be considered in establishing a student as independent; and
  - b. Shall be a factor in establishing that a student is dependent.

## Section 6. Effect of a Determination of Dependent Status on a Determination of Residency Status

1. The effect of a determination that a person is dependent shall be:
  - a. The domicile and residency of a dependent person shall be the same as either parent. The domicile and residency of the parent shall be determined in the same manner as the domicile and residency of an independent person; and
  - b. The domicile and residency of a dependent person whose parents are divorced, separated, or otherwise living apart shall be Kentucky if either parent is domiciled in and is a resident of Kentucky regardless of which parent has legal custody or is entitled to claim that person as a dependent pursuant to federal or Kentucky income tax provisions.
2. If the parent or parents of a dependent person are Kentucky residents and are domiciled in Kentucky, but subsequently move from the state:
  - a. The dependent person shall be considered a resident of Kentucky while in continuous enrollment at the degree level in which currently enrolled; and
  - b. The dependent person's residency status shall be reassumed if continuous enrollment is broken or the current degree level is completed.

## Section 7. Member or Former Member of Armed Forces of the United States, Spouse and Dependents; Effect on a Determination of Residency Status

1. A member, spouse, or dependent of a member whose domicile and residency was Kentucky when inducted into the Armed Forces of the United States, and who maintains Kentucky as home of record and permanent address, shall be entitled to Kentucky residency status:
  - a. During the member's time of active service; or
  - b. If the member returns to this state within six (6) months of the date of the member's discharge from active duty.
2.
  - a. A member of the armed services on active duty for more than thirty (30) days and who has a permanent duty station in Kentucky shall be classified as a Kentucky resident and shall be entitled to in-state tuition as shall the spouse or a dependent child of the member.
  - b. A member, spouse, or dependent of a member shall not lose Kentucky residency status if the member is transferred on military orders while the member, spouse, or dependent requesting the status is in continuous enrollment at the degree level in which currently enrolled.
3. Membership in the National Guard or civilian employment at a military base alone shall not qualify a person for Kentucky residency status under the provisions of subsections (1) and (2) of this section. If a member of the Kentucky National Guard is on active duty status for a period of not less than thirty (30) days, the member shall be considered a Kentucky resident, as shall the spouse or a dependent child of the member.
4. A person eligible for benefits under the federal Post-9/11 Veterans Educational Assistance Act of 2008, 38 U.S.C. 3301-3325, or any other educational benefits provided under Title 38 of the United States Code shall be entitled to Kentucky resident status for purposes of tuition charged at state-supported institutions.
5. A person's residency status established pursuant to this section shall be reassessed if the qualifying condition is terminated.

## Section 8. Status of Nonresident Aliens; Visas and Immigration

1.
  - a. A person holding a permanent residency visa or classified as a political refugee shall establish domicile and residency in the same manner as another person.
  - b. Time spent in Kentucky and progress made in fulfilling the conditions of domicile and residency prior to obtaining permanent residency status shall be considered in establishing Kentucky domicile and residency.
2. A person holding a nonimmigrant visa with designation A, E, G, H-1, H-4 if accompanying a person with an H-1 visa, I, K, L, N, R, shall establish domicile and residency the same as another person.
3.
  - a. An independent person holding a nonimmigrant visa with designation B, C, D, F, H-2, H-3, H-4 if accompanying a person with an H-2 or H-3 visa, J, M, O, P, Q, S, TD, or TN shall not be classified as a Kentucky resident because that person does not have the capacity to remain in Kentucky indefinitely and therefore cannot form the requisite intent necessary to establish domicile as defined in Section 1(6) of this administrative regulation.
  - b. A dependent person holding a visa as described in paragraph (a) of this subsection, but who is a dependent of a parent holding a visa as described in subsection (2) of this section, shall be considered as holding the visa of the parent.
  - c. A dependent person holding a visa described in subsection (2) of this section or paragraph (a) of this subsection, if a parent is a citizen of the United States and is a resident of and domiciled in Kentucky, shall be a resident of Kentucky for the purposes of this administrative regulation.
4. A person shall be a Kentucky resident for the purpose of this administrative regulation if the person graduated from a Kentucky high school and:
  - a. Is an undocumented alien;
  - b. Holds a visa listed in subsections (2) or (3)(a) of this section; or
  - c. Is a dependent of a person who holds a visa listed in subsections (2) or (3)(a) of this section.
5.
  - a. Except as provided in paragraph (b) of this subsection, a person who has petitioned the federal government to reclassify visa status shall continue to be ineligible until the petition has been granted by the federal government.
  - b. A person who has petitioned the federal government to reclassify his or her visa status based on marriage to a Kentucky resident and who can demonstrate that the petition has been filed and acknowledged by the federal government, may establish Kentucky domicile and residency at that time.

## Section 9. Beneficiaries of a Kentucky Educational Savings Plan Trust

A beneficiary of a Kentucky Educational Savings Plan Trust shall be granted residency status if the beneficiary meets the requirements of KRS 164A.330(6).

## Section 10. Criteria Used in a Determination of Residency Status

1.
  - a. A determination of Kentucky domicile and residency shall be based upon verifiable circumstances or actions.

- b. A single fact shall not be paramount, and each situation shall be evaluated to identify those facts essential to the determination of domicile and residency.
  - c. A person shall not be determined to be a Kentucky resident by the performance of an act that is incidental to fulfilling an educational purpose or by an act performed as a matter of convenience.
  - d. Mere physical presence in Kentucky, including living with a relative or friend, shall not be sufficient evidence of domicile and residency.
  - e. A student or prospective student shall respond to all requests for information regarding domicile or residency requested by an institution.
2. The following facts, although not conclusive, shall have probative value in their entirety and shall be individually weighted, appropriate to the facts and circumstances in each determination of residency:
- a. Acceptance of an offer of full-time employment or transfer to an employer in Kentucky or contiguous area while maintaining residence and domicile in Kentucky;
  - b. Continuous physical presence in Kentucky while in a nonstudent status for the twelve (12) months immediately preceding the start of the academic term for which a classification of Kentucky residency is sought;
  - c.
    - i. Filing a Kentucky resident income tax return for the calendar year preceding the date of application for a change in residency status; or
    - ii. Payment of Kentucky withholding taxes while employed during the calendar year for which a change in classification is sought;
  - d. Full-time employment of at least one (1) year while living in Kentucky;
  - e. Attendance as a full-time, nonresident student at an out-of-state institution based on a determination by that school that the person is a resident of Kentucky;
  - f. Abandonment of a former domicile or residence and establishing domicile and residency in Kentucky with application to or attendance at an institution following and incidental to the change in domicile and residency;
  - g. Obtaining licensing or certification for a professional and occupational purpose in Kentucky;
  - h. Payment of real property taxes in Kentucky;
  - i. Ownership of real property in Kentucky, if the property was used by the student as a residence preceding the date of application for a determination of residency status;
  - j. Marriage of an independent student to a person who was domiciled in and a resident of Kentucky prior to the marriage; and
  - k. The extent to which a student is dependent on student financial aid in order to provide basic sustenance.
3. Except as provided in subsection (4) of this section, the following facts, because of the ease and convenience in completing them, shall have limited probative value in a determination that a person is domiciled in and is a resident of Kentucky:
- a. Kentucky automobile registration;
  - b. Kentucky driver's license;
  - c. Registration as a Kentucky voter;

- d. Long-term lease of at least twelve (12) consecutive months of noncollegiate housing; and
  - e. Continued presence in Kentucky during academic breaks.
4. The absence of a fact contained in subsection (3) of this section shall have significant probative value in determining that a student is not domiciled in or is not a resident of Kentucky.

### **Section 11. Effect of a Change in Circumstances on Residency Status**

1. If a person becomes independent or if the residency status of a parent or parents of a dependent person changes, an institution shall reassess residency either upon a request by the student or a review initiated by the institution.
2. Upon transfer to a Kentucky institution, a student's residency status shall be assessed by the receiving institution.
3. A reconsideration of a determination of residency status for a dependent person shall be subject to the provisions for continuous enrollment, if applicable.

### **Section 12. Student Responsibilities**

1. A student shall report under the proper residency classification, which includes the following actions:
  - a. Raising a question concerning residency classification;
  - b. Making application for change of residency classification with the designated office or person at the institution; and
  - c. Notifying the designated office or person at the institution immediately upon a change in residency.
2. If a student fails to notify an institutional official of a change in residency, an institutional official may investigate and evaluate the student's residency status.
3.
  - a. If a student fails to provide, by the date specified by the institution, information required by an institution in a determination of residency status, the student shall be notified by the institution that the review has been canceled and that a determination has been made.
  - b. Notification shall be made by registered mail, return receipt requested.
  - c. Notification shall be made within ten (10) calendar days after the deadline for receipt of materials has passed.
4.
  - a. The formal hearing conducted by an institution and the final recommended order shall be a final administrative action with no appeal to the Council on Postsecondary Education.
  - b. A formal administrative hearing conducted by the Council on Postsecondary Education for residency determinations related to eligibility for the Academic Common Market and Regional Contract Programs shall be conducted pursuant to the provisions of KRS Chapter 13B and 13 KAR 2:070. The recommended order issued by the President of the Council shall be a final administrative action.
5. A student shall not be entitled to appeal a determination of residency status if the determination made by an institution is because a student has failed to meet published deadlines for the submission of information as set forth in subsection (3) of this section. A student may request a review of a determination of residency status in a subsequent academic term.

## Section 13. Institutional Responsibilities

Each institution shall:

1. Provide for an administrative appeals process that includes a residency appeals officer to consider student appeals of an initial residency determination and which shall include a provision of fourteen (14) days for the student to appeal the residency appeals officer's determination;
2. Establish a residency review committee to consider appeals of residency determinations by the residency appeals officer. The residency review committee shall make a determination of student residency status and notify the student in writing within forty-five (45) days after receipt of the student appeal;
3. Establish a formal hearing process as described in Section 14 of this administrative regulation; and
4. Establish written policies and procedures for administering the responsibilities established in subsections (1), (2), and (3) of this section and that are:
  - a. Approved by the institution's governing board;
  - b. Made available to all students; and
  - c. Filed with the council.

## Section 14. Formal Institutional Hearing

1. A student who appeals a determination of residency by a residency review committee shall be granted a formal hearing by an institution if the request is made by a student in writing within fourteen (14) calendar days after notification of a determination by a residency review committee.
2. If a request for a formal hearing is received, an institution shall appoint a hearing officer to conduct a formal hearing. The hearing officer shall:
  - a. Be a person not involved in determinations of residency at an institution except for formal hearings; and
  - b. Not be an employee in the same organizational unit as the residency appeals officer.
3. An institution shall have written procedures for the conduct of a formal hearing that have been adopted by the board of trustees or regents, as appropriate, and that provide for:
  - a. A hearing officer to make a recommendation on a residency appeal;
  - b. Guarantees of due process to a student that include:
    - i. The right of a student to be represented by legal counsel; and
    - ii. The right of a student to present information and to present testimony and information in support of a claim of Kentucky residency; and
  - c. A recommendation to be issued by the hearing officer.
4. An institution's formal hearing procedures shall be filed with the Council on Postsecondary Education and shall be available to a student requesting a formal hearing.

## Section 15. Cost of Formal Hearings

1. An institution shall pay the cost for all residency determinations including the cost of a formal hearing.
2. A student shall pay for the cost of all legal representation in support of the student's claim of residency.

Adopted effective April 5, 1991; Amended effective May 16, 1996;  
Amended effective June 16, 1997; Amended effective July 13, 1998;

Amended effective June 7, 1999; Amended effective November 12, 2002;  
Amended effective April 2, 2010; Amended effective June 9, 2015.

# Residency Appeals Policy and Procedures

## 1. Basis for Residency Classification

The Commonwealth of Kentucky has established a process and corresponding criteria for the determination of residency classification for students seeking admission to, or enrolled in, public institutions of higher education. The Council on Postsecondary Education (hereinafter referred to as "CPE") has established Kentucky Administrative Regulation 13 KAR 2:045 (hereinafter referred to as "the Regulation") to be followed by all public institutions of higher education in the Commonwealth concerning residency classification. This Regulation can be found in the current Undergraduate Catalog and the current Graduate Catalog and copies are available upon request from the Office of Admissions, located in the Whitlock Building, Room 112 or by calling (859) 622-21-6 or 1-800-465-9191.

## 2. Institutional Administration of the Residency Policy

The Council on Postsecondary Education authorizes each institution to establish a procedure for the determination of residency classification based upon the Regulation.

### 2.1 Office of Admissions

The Office of Admissions  
Whitlock Building, Room 112, CPO 54  
521 Lancaster Avenue  
Richmond, KY 40475-3154

The Office of Admissions at Eastern Kentucky University serves as the coordinating office for institutional implementation of the Regulation. Instructions for filing applications for reclassification and copies of the Regulation are available in this office. Also, Admissions staff members are available to answer questions regarding policy and procedures.

### 2.2 Initial Classification

The initial determination of residency status is made by the University based upon the credentials submitted by an applicant for admission to the University in accordance with the Regulations.

### 2.3 Appeal of Residency Status

Once an initial classification of residency is made by the Office of Admissions, it is the student's responsibility to initiate an appeal of such classification. Request for reclassification must be filed with the Dean of Students Office **no later than thirty (30) calendar days** after the first full day of classes of the fall or spring academic term for which reclassification is sought or not later than ten (10) calendar days after the first day of class for the summer term. Requests for reclassification are to be made in affidavit form on the form available from the Office of Admissions or the Dean of Students Office. A student may apply only once during an academic term. A student classified as a non-resident will retain that status until a change is brought about by successful appeal. If an appeal results in a change of classification, the change will not be effective earlier than the semester during which the appeal is filed. If a student is initially classified non-resident but does not enroll

the semester for which the student originally applied, the residency classification will be reassessed for subsequent semesters.

## 2.4 Affidavit (Application for Reclassification)

Affidavits will not be accepted unless the form is fully completed, properly signed and notarized. In no case will a decision be granted without an affidavit and all required supporting documentation.

## 2.5 Documentation

Because of the variety of factors related to establishing residency for tuition purposes, the number of documents required to complete an appeal may vary from case to case. In all cases, the University may require certification of authenticity of documents.

It is the appealing student's responsibility to provide sufficient documentation to clarify circumstances related to the appeal. In all cases, circumstances related to establishing domicile must be verifiable.

## 2.6 Review of the Residency File by the Residency Appeals Officer

A Residency Appeals Officer designated by the University shall review the affidavit and documentation and notify the student, in writing, within fourteen (14) days of making a determination. Students who do not agree with the Residency Appeals Officer's determination may appeal his/her residency status to the University's Residency Review Committee within fourteen (14) days of the Residency Appeals Officer's determination.

# 3. University Residency Review Committee

Pursuant to the Regulation, Eastern Kentucky University has a Residency Review Committee (hereinafter referred to as the "Committee") to review and evaluate student affidavits for reclassification and to consider changes in the residency classification.

## 3.1 Timely Appeal

The Student must notify the Residency Appeals Officer in writing, if he or she wishes his/her case to be reviewed by the Committee, within fourteen (14) calendar days after notification of the Residency Appeals Officer's determination. The Residency Appeals Officer shall immediately forward the request and the student's residency file to the Chair of the Committee.

## 3.2 Committee Membership

The Residency Review Committee shall be comprised of three members: the Executive Director for Enrollment Management; a member of the Faculty-at-Large, who shall be appointed annually by the Faculty Senate; and a member of the student body, who shall be appointed by the Office of the Vice President for Student Affairs from a list of students recommended by the Student Association.

## 3.3 Determination of the Committee

The Committee shall issue a written decision citing the section of the Regulation on which the decision is based. The Committee may vote to defer a case for additional documentation, or the Committee may make a decision contingent upon conditions prescribed by the Committee. The Chair of the Committee will then determine when and whether contingencies are met.

## 3.4 Notification of Decision

The Committee shall make a determination of student residency status and notify the student, in writing, within forty-five (45) days after receipt

of the student appeal. Decisions denying appeals are communicated to the student by certified mail, return receipt requested. In all cases where the Committee reaches a determination granting in-state residency status, copies of the letter of notification will be sent to the Office of Admissions, Student Accounting Services, the Registrar's Office, and Student Financial Assistance.

# 4. Request for Formal Hearing

Pursuant to the Regulation, the University shall provide a formal hearing in the event a student wishes to appeal the determination of the Residency Review Committee.

## 4.1 Timely Request

A student who wishes to appeal the determination of the Committee shall be granted a formal hearing by the University if the student notifies the Executive Director for Enrollment Management, Whitlock Building, Room 436, CPO 69, Richmond, KY 40475-3163, in writing, within fourteen (14) calendar days after notification of the Residency Review Committee's determination. The Executive Director for Enrollment Management shall immediately forward the request and the student's residency file to the Office of the President.

## 4.2 The Hearing Officer

Upon receipt of a request for a formal hearing, the University President shall appoint a Hearing Officer to conduct the hearing. The Hearing Officer shall not be a person involved in determinations of residency at a public institution of higher education in Kentucky (including the Kentucky Commonwealth Virtual University) and shall not be an employee of the same organizational unit as the Residency Appeals Officer.

## 4.3 Formal Hearing Procedures

The hearing shall be conducted in accordance with the following procedures:

### 4.3.1. Notice of Hearing

**4.3.1.a.** The University shall conduct the hearing as soon as practicable and shall give notice of the hearing to the parties not less than twenty (20) days in advance of the date set for the hearing. A reasonable effort shall be made to schedule the hearing on a date that is convenient to all parties involved.

**4.3.1.b.** The hearing notice shall be served on all parties by certified mail, return receipt requested, to the last known addresses of the parties, or by personal service.

**4.3.1.c.** The notice shall be in plain language and shall include:

- the date, time and place of the hearing;
- the name, official title, and mailing addresses of the Hearing Officer;
- the names, official titles, mailing addresses, and, if available, telephone numbers of all parties involved in the hearing, including the counsel or representative of the University; and
- a statement advising the student of his/her right to legal counsel.

### 4.3.2. Hearing Procedure

**4.3.2.a.** The Hearing Officer shall conduct the hearing and all related proceedings in a manner which will promote the orderly and prompt conduct of the hearing.

**4.3.2.b.** To the extent necessary for the full disclosure of all relevant facts and issues, the Hearing Officer shall give all parties the opportunity to

respond, present evidence and argument, conduct cross-examination, and submit rebuttal evidence.

**4.3.2.c.** Any party to the hearing may participate in person or be represented by counsel. A student shall pay for the cost of all legal representation in support of the student's claim or residency. Legal counsel for the student must file a notice of appearance with the Hearing Officer prior to the date of the hearing.

**4.3.2.d.** The Hearing Officer may conduct all or part of the hearing by telephone, television, or other electronic means, if each party to the hearing has an opportunity to hear, and if technically feasible, to see the entire proceeding as it occurs, and if each party agrees.

**4.3.2.e.** The hearing shall be open to the public unless specifically closed pursuant to a provision of law. If the hearing is conducted by telephone, television, or other electronic means, and is not closed, public access shall be satisfied by giving the public an opportunity, at reasonable times, to hear or inspect the University's records.

## **4.4 Findings of Fact; Evidence; Recording of Hearing; Burden of Proof**

**4.4.1.** Findings of fact shall be based exclusively on the evidence on the record.

**4.4.2.** All testimony shall be made under oath or affirmation.

**4.4.3.** Objections to evidence presented may be made by any party and shall be noted in the record.

**4.4.4.** The University shall be responsible for having all testimony, motions and objections in a hearing accurately and completely recorded. Any person, upon request, may receive a copy of the recording or a copy of the transcript, if the hearing has been transcribed, at the discretion of the University, unless the hearing is closed by law. The University may prepare a transcript of a hearing or a portion of a hearing upon request but the party making the request shall be responsible for the transcription costs. The form of all requests and fees charged shall be consistent with KRS 61.870 to 61.884.

**4.4.5.** Unless otherwise provided by state or federal law, the student appealing the residency decision has the burden of proving the student's right to having his/her residency status changed. The student has the ultimate burden of proof of persuasion as to this issue to be shown by a preponderance of evidence in the record. Failure to meet the burden of proof is grounds for a recommended order from the Hearing Officer.

## **4.5 Prohibited Communications**

**4.5.1.** The Hearing Officer shall not communicate off the record with any party to the hearing or any other person who has a direct or indirect interest in the outcome of the hearing, concerning any substantive issue, while the hearing is pending.

## **4.6. Recommended Order**

**4.6.1.** The Hearing Officer shall complete and submit to the University President, no later than sixty (60) days following receipt of the student's residency file, a written recommended order which shall include the Hearing Officer's findings of fact, conclusion of law, and recommended disposition of the hearing.

**4.6.2.** A copy of the Hearing Officer's recommended order shall also be sent to each party in the hearing. Each party shall have fifteen (15) days from the date the recommended order is mailed within which to

file exceptions to the recommendations with the University President. The recommended order may be sent by regular mail to the last known address of the party.

## **4.7. Final Order**

**4.7.1.** In making the final order, the University President shall consider the record including the recommended order and any exceptions filed by, or on behalf of, the student.

**4.7.2.** The University President may accept the recommended order of the Hearing Officer and adopt it as the University's final order, or he or she may reject or modify, in whole or in part, the recommended order, or he or she may send the matter, in whole or in part, back to the Hearing Officer for further proceedings as appropriate.

**4.7.3.** The final order shall be in writing. If the final order differs from the recommended order, it shall include separate statements of findings of fact and conclusions of law.

**4.7.4.** The University President shall render a final order within thirty (30) days after receipt of the recommended order unless the matter is sent back to the Hearing Officer for further proceedings.

**4.7.5.** A copy of the final order shall be transmitted to each party or to his/her attorney of record by certified mail, return receipt requested, sent to the last known address of the parties, or by personal service. A copy of the final order shall also be sent to the Office of Admissions, Student Accounting Services, the Registrar's Office, and Student Financial Assistance.

## **5. Records**

All official files and materials relating to a student's appeal of an initial residency determination shall be returned to the Office of Admissions to be placed with the application for admissions at whatever point in the process the appeals procedure is terminated.

## **Student Services**

- Division of Finance & Administration & Treasurer (p. 31)
- Additional Student Services (p. 33)
- Libraries (p. 38)

## **Division of Finance & Administration & Treasurer**

The Division of Finance and Administration coordinates the following areas of University operations:

1. Accounting and Financial Services,
2. Budgeting & Financial Planning,
3. Business Services,
4. ECU Center for the Arts,
5. Facilities Management,
6. Human Resources,
7. Information Technology Services,
8. Parking & Transportation,
9. University Police & Public Safety,
10. Environmental Health & Safety,
11. Purchases & Stores,

12. Sustainability,
13. Student Accounting Services, and
14. University Card Services.

Additionally, the following contractual departments report to the University through the Division of Finance and Administration:

1. ECU Dining Services,
2. ECU Bookstore,
3. University Mail Services, and
4. University pouring rights.

Students may view the mission statement of each of the above areas by visiting the Division of Finance and Administration web page at <http://www.financialaffairs.eku.edu>.

## Financial Obligations of the Student

Any student or former student who is indebted to the University and who fails to make satisfactory settlement within a time limit prescribed is liable for administrative action. Students who are indebted to the University may not register at the University nor will their transcript or diploma be released until the debt is paid. Any student indebted to the University who cannot meet his or her financial obligations within the time limit prescribed is responsible for calling on the division of Student Accounting Services and explaining the reasons for failure to pay. Students who fail to pay their account balance in a timely manner may also be liable for additional collection costs incurred by the University in collecting the amount owed.

## Refund Policy

No refund can be made on certain class fees and optional fees as established by the Eastern Kentucky University Board of Regents. Students wishing to withdraw from courses must do so online via EKUDirect (on the ECU home page at [www.eku.edu](http://www.eku.edu) (<http://www.eku.edu>)). When a student officially withdraws from the University or from any course or courses for which hourly rates apply, tuition and fees will be adjusted in the following manner:

Time Period <sup>1</sup>	Refund
During add/drop period for any class (for full semester classes = 1st week)	100%
From end of 1st week through end of 2nd week of class	75%
From end of 2nd week through end of 3rd week of class	50%
From end of 3rd week through end of 4th week of class	25%
After the 4th week of class	0%

1

Partial semester courses vary in length and the percentage of refunds and the effective dates will be modified accordingly.

This policy applies to refundable fees only; non-refundable fees are not included. In no case shall a refund of rent be made to a person who remains a student but moves from University housing at his or her convenience.

## Financial Appeals

An appeals process exists for students who feel that individual circumstances warrant exceptions from published policy. Financial appeals may be submitted if a student had an unforeseeable and unavoidable situation during the semester the charges were incurred that prevented them from attending classes and completing the semester. All appeal letters should be submitted by the student in writing clearly stating the reason for the appeal.

Documentation should be attached to all appeal letters to validate the situation. Circumstances that do not qualify for financial appeal include pre-existing conditions, routine pregnancy, employment opportunities and financial hardship, including denial of financial aid. In most cases, any refund that is the result of an approved appeal will be returned to the source of the payment, the student, the financial aid lender, or a third party entity. Financial appeals should be submitted to the

Financial Appeals Committee  
Whitlock Building CPO 60  
521 Lancaster Avenue  
Richmond, KY 40475.

Any student whose appeal is denied by the initial Financial Appeals Committee may ask to have their appeal reviewed by a second, escalated Financial Appeals Committee.

## Barnes & Noble at ECU Bookstore

Powell Building  
Phone: (859) 622-2696  
Fax: (866) 504-8325  
[www.shopeku.com](http://www.shopeku.com) (<http://www.shopeku.com>)

Barnes & Noble is the University's partner in delivery of ECU BookSmart which provides free textbooks to all ECU undergraduate and graduate students. The Barnes & Noble at ECU Bookstore is located in the heart of campus on the Plaza Level of Powell Student Center. The Bookstore is the place for one-stop shopping for all ECU licensed merchandise and much more. It offers a wide variety of products, services, and events including:

- Class supplies
- Trade books, gift items, greeting cards, diploma frames, nursing shop.
- Convenience items
- Adidas, Under Armour, Nike, Champion, Cutter & Buck, and much more.
- Computers and computer supplies
- Backpacks
- Barnes & Noble gift cards
- Book signings
- Graduation regalia
- Faculty receptions

The Barnes & Noble at ECU Bookstore works diligently with departments, faculty and staff to ensure that the course materials required for each class are readily available to students through the BookSmart program. Textbook adoptions are required from departments and faculty by these dates:

- March 1 For the upcoming **SUMMER** sessions
- April 1 For the upcoming **FALL** semester
- October 1 For the upcoming **SPRING** semester

Regular EKU Bookstore hours are:

Day	Hours
Monday-Thursday	7:45 a.m. - 6:00 p.m.
Friday	7:45 a.m. - 5:00 p.m.
Saturday	11:00 a.m. - 3:00 p.m.

## Card Services

Powell 08-E (Plaza Level)

Phone: (859) 622-2179

Fax: (859) 622-8089

<https://cardservices.eku.edu/>

Card Services provides students with a variety of services related to their EKU student identification card, the Colonel Card. This identification card is used for meal plans, Colonel Cash, campus vending machines, and the EKU Bookstore. In addition, EKU has partnered with U.S. Bank to add optional banking solutions.

Card Services is responsible for issuing a new or a replacement identification card and will assist with troubleshooting potential card issues experienced by students, faculty, and staff. Students, faculty, and staff may purchase meal plans and add funds to their card accounts in the Card Services Office.

The Colonel Card will allow students access to the following:

- Athletic events
- University Library facilities
- Campus Recreation
- University sponsored events
- Student Health Services

The Colonel Card has three different associated accounts:

- Colonel Cash – This is a prepaid account that can be used at all EKU Dining Services locations, the EKU Bookstore, campus vending machines, and a select number of participating off-campus merchants. This account will carry balances over from semester-to-semester.
- Meal Plans – EKU Dining Services has several different meal plans to accommodate any student's needs. Meal plans can be used at any EKU Dining Services location. Students under the residential requirement must select a meal plan meeting the residential meal plan requirement. All other students enrolled in nine (9) or more credit hours are required to participate, at a minimum, in the \$300 Dining Dollar program (refundable). Meal plans may be upgraded any time during the semester and downgraded only within the first two (2) weeks of the semester.
- Optional Flex - This is a prepaid account that can be used at any EKU Dining Services location. Please check with EKU Dining Services regarding terms and conditions associated with this account.

Students may purchase meal plans or add funds to their accounts by logging into MyEKU. Acceptable methods of payment for meal plans, Optional Flex, or Colonel Cash accounts are Visa and MasterCard. Meal plans, when selected on MyEKU, will be assessed to the student account.

Card Services follows the University holiday schedule and is open daily during the University's normal business hours:

Monday through Friday 8:00 a.m. – 4:30 p.m.

The Colonel Card is property of Eastern Kentucky University and is issued for convenience. It must be presented (or surrendered) upon request by authorized officials of the University. Any expenditure associated with the use of this card is the responsibility of the holder until it is reported lost/stolen. A fee will be charged for damage made to the identification card or if the card is lost or stolen. The loss of a card must be reported immediately to Card Services, Powell 08-E, (859) 622-2179.

### EKU Dining Services

Case Dining Hall, 101

Phone: (859) 622-3691

Fax: (859) 622-6226

[www.ekudining.com](http://www.ekudining.com) (<http://www.ekudining.com>)

EKU Dining Services offers a variety of dining alternatives including fresh food options, an assortment of national-brand restaurants, catering, and athletic concessions. It is the goal of EKU Dining Services to provide high quality and satisfying dining experiences for the entire campus community.

Case Kitchen and Stratton Café offer freshly cooked dining options in a comfortable atmosphere. Lower Case Food Court offers Chick-fil-A, Moe's Southwest Grill, Panda Express, P.O.D. (Provisions on Demand) Express, and Subway.

In other areas of campus, EKU Dining Services boasts a variety of dining options including Java City in the Crabbe Library; Einstein Bros. Bagels in the Weaver Building offering gourmet coffees, bakery items, as well as grab & go salads and sandwiches; as well as Starbucks and The Corner, offering Zen Sushi and the Colonel's Grill, located in the Powell Student Center.

EKU Dining Services provides full-service catering and a dedicated catering staff for both on- and off-campus events. A special Student Catering Guide is available to accommodate the dynamic requests and requirements of students.

## Additional Student Services

### The International Alumni Association

Alumni Center at Blanton House

Phone: (859) 622-1260

Fax: (859) 622-6620

[www.alumni.eku.edu](http://www.alumni.eku.edu) (<http://www.alumni.eku.edu>)

The Eastern Kentucky University International Alumni Association serves as a link between the University and its alumni by maintaining records, fostering communication, and sponsoring programs and activities designed to enhance this relationship.

All Eastern Kentucky University degree recipients and former students with 25 or more credit hours are considered alumni of EKU. The International Alumni Association is served by a board of 30 alumni

volunteers, representing the diversity of our alumni constituency, who meet three times annually. Their work includes selection of the Alumni Awards, Alumni Scholarship recipients and general committee work.

The Alumni Association coordinates multiple gatherings across the nation to encourage alumni and friends of EKU to come together. The greatest of these is Homecoming and Reunion Weekend held annually in the fall. This celebration brings alumni back to campus to reconnect with their classmates and learn more about University improvements and initiatives.

The International Alumni Association encourages fellow alumni to advocate in a positive way for EKU both online and among friends, attend EKU sponsored events, give back to the university financially, and volunteer your time by serving on an advisory board, referring a student, or assisting with an event. We encourage alumni from the past to complete these four fundamental actions to impact the future.

## Colonel's Cupboard

212 Commonwealth Hall

Phone: (859) 622-3855

Email: [food.pantry@eku.edu](mailto:food.pantry@eku.edu)

[www.communityservice.eku.edu/cupboard](http://www.communityservice.eku.edu/cupboard) ([http://](http://www.communityservice.eku.edu/cupboard/)

[www.communityservice.eku.edu/cupboard/](http://www.communityservice.eku.edu/cupboard/))

### Who We Are

The Colonel's Cupboard is an initiative of the Office of Student Life & First-Year Experience, opened in 2014. The Cupboard was started to fight the growing problem of food insecurity on campuses across the nation. Today, we strive to help students succeed by providing them with their basic needs of food, clothing, and toiletry items. We are entirely run off of donations from EKU students, faculty, and staff, as well as community members. All enrolled students at the university are eligible to use the Cupboard.

### What We Do

- Provide food, clothing, and toiletry items to any currently enrolled student who has a need.
- Connect students with other resources, on and off campus, to help with other needs.
- Provide educational materials about food insecurity, healthy eating, etc.
- Host volunteers, both groups and individuals, who want to give back on campus.
- Donate overstocked goods to other local food pantries in need.

### How it Works

- Complete the form at [communityservice.eku.edu/cupboard](http://www.communityservice.eku.edu/cupboard) (<http://www.communityservice.eku.edu/cupboard/>) or email [food.pantry@eku.edu](mailto:food.pantry@eku.edu) to make an appointment.
- Stop by the Colonel's Cupboard in Commonwealth Hall during open hours to "Shop" for your needs, or pick up a prepackaged food box at one of our partner locations

## EKU Police

EKU Police Department and 911 Center

701 Vickers Drive

Phone: (859) 622-1111

Fax: (859) 622-2243

[www.police.eku.edu](http://www.police.eku.edu) (<http://www.police.eku.edu>)

The EKU Police Department is a fully accredited law enforcement agency available 24-hours a day, 7 days a week. For emergencies from a campus phone, dial 911, or (859) 622-1919 from any phone. For non-emergencies please call (859) 622-1111. We recommend you program these numbers into your phone as favorites. You should call EKU Police to report all crimes and for any matters requiring a police, fire, medical, or hazardous materials response.

The mission of the Eastern Kentucky University Police Department is to enhance the quality of life by providing a safe and secure environment through professional service to the community. The success of our mission depends on this partnership utilizing a community policing philosophy. The Department places a high priority on honesty and integrity and values the need for effective and open communication with the community we serve. We value our employees and are committed to their professional development.

EKU Police provide 24-hour patrols of the EKU campus, including buildings, parking lots, residence halls, and grounds. EKU Police officers have county-wide law enforcement authority, although primary jurisdiction encompasses all University property and all roads and streets adjacent to the campus. The EKU Police also have the authority to investigate crimes anywhere in the state that were committed on University property.

The EKU Police Department includes 24 sworn police officers and seven dispatchers. EKU Police maintain high visibility on campus with motor vehicles, bicycles, and foot patrol. The EKU Police Department maintains a Daily Crime & Fire Log available to the public at <https://crimelog.eku.edu/> Crimes occurring on EKU properties and fires occurring in student housing are listed here in an ongoing effort to help you make informed decisions regarding your safety and security.

The Eastern Kentucky University Police Department has an excellent working relationship with state, local, and federal law enforcement agencies, and other emergency providers. Visit the Department web page at <https://police.eku.edu/> to find links to the Daily Crime Log, the Annual Security and Fire Safety Report, Crime Prevention tips, and much more. You can also connect with EKU Police on Twitter, Facebook, and Instagram.

## Parking & Transportation Services

Commonwealth Hall, Room 212

Phone: (859) 622-7275

[www.parking.eku.edu](http://www.parking.eku.edu)

Eastern Kentucky University Parking & Transportation Services provides parking and transportation services in support of the University's mission, by providing quality customer service and proper management of parking and transportation resources. This mission is accomplished by enforcing applicable parking rules and regulations, providing safe and efficient transportation services, conveying a positive attitude, and requiring the highest standards of personal and professional conduct.

Parking Services provides parking information, registers vehicles for the campus community and visitors, coordinates parking for special events, and enforces parking rules and regulations. Transportation Services provides day and evening transit services and motor pool/fleet services.

See the Parking and Transportation website ([www.parking.eku.edu](http://www.parking.eku.edu)) (<http://www.parking.eku.edu>) for additional parking and transportation

information including parking regulations, transit schedules, and hours of operation.

### Student Automobiles

In order to facilitate parking for all students, faculty, and staff, Eastern Kentucky University requires the registration of all motor vehicles utilizing campus parking facilities. Vehicle registration information can be obtained by contacting Parking Services at (859) 622-7275 or by visiting <https://eku.t2hosted.com/>. During the registration period, prior to the first day of classes, students registering for classes may park in any legal, non-reserved parking space in all areas, except employee parking lots (Zone E) which are marked by yellow signs.

After the commencement of classes, residential hall lots (Zone R), which are marked by blue signs, are restricted to residence hall permits 24 hours per day, seven days a week. Grand Campus Lot, which is marked by purple signs, is restricted to Grand Campus permits 24 hours per day, seven days a week. Enforcement of employee and commuter parking (Zone C) regulations begins at 2:00 a.m. Monday-Friday. Commuter permits are also valid from 4:30 p.m. to 7:00 p.m. in employee (Zone E) parking lots. The Jones Lot is an exception to this rule and is reserved for employees only until 9:00 p.m. Evening parking for unregistered vehicles without permits is available in the Alumni Coliseum Lot from 4:30 p.m. to 2:00 a.m., Monday through Friday, and all-day Saturday and Sunday. Visitors may register for temporary parking by visiting <https://eku.t2hosted.com/>. Visitors are permitted to park in the Alumni Coliseum Lot with a valid visitor permit.

## Speech-Language-Hearing Clinic

Wallace Building 245

Phone: (859) 622-4444

[www.slhclinic.eku.edu](http://www.slhclinic.eku.edu) (<http://www.slhclinic.eku.edu>)

The Communication Sciences and Disorders Department offers free therapy services to students, faculty, staff, and members of the community at the Speech-Language-Hearing Clinic in Wallace 245.

Diagnostic and clinical treatment services provided by the Clinic include the following:

1. Screening for speech, language, swallowing, and hearing problems.
2. Assessment and treatment of articulation disorders, phonological delays, delayed or disordered language, stuttering, voice disorders including laryngectomy, swallowing, speech and language problems resulting from stroke or head injury, language disorders related to learning disability, and speech and language problems of individuals in areas of exceptionality such as mental handicap, developmental delay, cerebral palsy, cleft palate, hearing impairment, autism spectrum disorder, and emotional/behavioral disorder.
3. Accent modification for speakers of English as a second language and those desiring Standard English skills.

Anyone interested in the above services should contact the Clinic Office Associate at (859) 622-4444, Wallace 245, or visit the Clinic website: [www.slhclinic.eku.edu](http://www.slhclinic.eku.edu) (<http://www.slhclinic.eku.edu>)

## Student Publications

Eastern Kentucky University provides a variety of laboratory experiences through student publications. The Eastern Progress Media Network has been established to provide professional involvement in the activities of The Eastern Progress, the University's student online and print

publication. Academic and support units coordinate the institutional support of student publications but do not govern the content. The courts have consistently held that where a tradition of student decision making exists in student publications, those publications are afforded the same Constitutional First Amendment protection as other publications. Concomitant with those rights, go certain responsibilities, which also accrue to the student publications. Accordingly, the responsibility for the content of the publications is that of the student editors and writers and not Eastern Kentucky University or its Board of Regents.

The **Eastern Progress Media Network** is a learning lab for students interested in media, marketing and public relations. The EPMN produces a newspaper and online multimedia content and is the official student publication of the University. All students are encouraged to take advantage of the journalism and advertising training it offers. Since its establishment in 1922, The Progress has been rated as an All American Newspaper by Associated Collegiate Press and a Medalist paper by Columbia Scholastic Press Association. The Progress and its student journalists have won many state and national awards, including countless Kentucky Press Association honors, national Pacemakers and Gold Crown awards. In January 2019, student journalists at the Eastern Progress Media Network and other state campus publications were recognized as KPA's Most Valuable Member. Reach the Progress online at [www.easternprogress.com](http://www.easternprogress.com) (<http://www.easternprogress.com>).

**Aurora** is a magazine of student writings published by its student staff to encourage interest in literary activity. Aurora accepts poems, one-act plays, short stories, prose sketches, and essays from any Eastern student. Editions are published in the fall (online by the ENG 420 Stylistics, Editing, Publishing class) and spring (hard copy). Cash prizes are awarded for the best works (fiction and poetry) at the time of the spring publication.

## Technology and Related Resources

IT Service Desk & IT Geeks, Keen Johnson Basement

Phone: (859) 622-3000 | (859) 622-4335

Website: [it.eku.edu](http://it.eku.edu) (<http://it.eku.edu>) | [geeks.eku.edu](https://geeks.eku.edu) ([https://geeks.eku.edu/](https://geeks.eku.edu))

Password & Accounts are mailed or communicated through their EKU Portal to all students admitted to EKU.

- Students receive a nine-digit EKU ID number which is their unique ID for all official records. This ID starts with "900" or "901".
- Each student also receives an EKU username. The username is based on your first name\_last name (e.g., John Smith = john\_smith12). Your username and password provide secure access to Wi-Fi, campus computers, and other electronic resources. Your single sign-on (SSO) for services like myEKU and Blackboard and email is YourUsername@mymail.eku.edu.
- Reset your password at the website <https://it.eku.edu/password> (<https://it.eku.edu/password/>)
- Reset your two-factor authentication (2FA) settings at the website [it.eku.edu/2FA](https://it.eku.edu/2FA)
- myMail (student email account) is provided through Microsoft. Students may retain their EKU email address upon graduation from EKU: [it.eku.edu/mymail](https://it.eku.edu/mymail/) (<https://it.eku.edu/mymail/>)
- Microsoft Office 365 is free for all registered students and can download through their official myEKU email address upon graduation from EKU: <https://it.eku.edu/support/office-365-education> (<https://it.eku.edu/support/office-365-education/>)

- Google Workspace (formerly G Suite) and Office 365 for Education are available to all employees and students while employed or a current student. <https://it.eku.edu/collaboration> (<https://it.eku.edu/collaboration/>)

IT Geeks are EKU students' first point of contact for all service issues, questions, troubleshooting, and consultation. Call 859-622-GEEK (4335) or email [geeks@eku.edu](mailto:geeks@eku.edu). The IT Geeks also offer electronic equipment checkouts (laptops, calculators, cameras, etc.). Visit the website [geeks.eku.edu](http://geeks.eku.edu)

Computer Labs are located across campus. For a list of all computer labs, visit the website [it.eku.edu/computer-labs-eku-campus](https://it.eku.edu/computer-labs-eku-campus) (<https://it.eku.edu/computer-labs-eku-campus/>)

The IT Website offers more than 300+ support articles about EKU technology. The IT Search is keyword specific. Visit [it.eku.edu](http://it.eku.edu) to view the support articles and learn more about IT at EKU.

Log in to EKU The EKU homepage has a menu for easy login access to myEKU, Blackboard, Student Email, and Degree Works.

myEKU provides access to a wide range of data for students from admission through graduation. Students register for classes, obtain parking permits, check grades, and more with myEKU. Log in to myEKU at [my.eku.edu](https://my.eku.edu). (<https://my.eku.edu>)

Blackboard is EKU's Learning Management System (LMS). Students are automatically enrolled in Blackboard upon registration. Course sites do not appear for students until the instructor opens them. Blackboard is used for all online courses and many on-campus courses. Learn more at [it.eku.edu/blackboard](http://it.eku.edu/blackboard), and log in at [learn.eku.edu](http://learn.eku.edu).

Degree Works helps students plan an academic roadmap to graduation. Degree Works and your advisor will ensure you are on the right track to graduate. View Degree Works information at [registrar.eku.edu/DegreeWorks](http://registrar.eku.edu/DegreeWorks). (<https://registrar.eku.edu/DegreeWorks/>)

ResNet is the EKU residential network and provides high-speed wired and wireless internet access in all residence halls. Wired connections are recommended for devices that support that option. To connect to the campus wireless (Wi-Fi) network, visit [it.eku.edu/getconnected](https://it.eku.edu/getconnected) (<https://it.eku.edu/getconnected/>). To connect wireless devices that do not support network login, visit [it.eku.edu/byod](http://it.eku.edu/byod). (Note: Students should connect to `eku_secure5GHz` instead of the guest Wi-Fi network. For connection support articles, visit [it.eku.edu/support/wireless-network](https://it.eku.edu/support/wireless-network) (<https://it.eku.edu/support/wireless-network/>.) To view all articles related to wireless at [it.eku.edu](http://it.eku.edu), type "wireless" into the IT website search bar.

Peer-to-peer software is not permitted on the EKU network. Downloading copyrighted materials is illegal and prohibited.

Acceptable Use of Information Technology Resources: [it.eku.edu/codeofethics](http://it.eku.edu/codeofethics). (<https://it.eku.edu/codeofethics/>)

Phishing and Spam: IT @ EKU will NEVER request passwords or other personal information via email. Messages requesting such information are fraudulent. Forward all suspicious messages to [spam@eku.edu](mailto:spam@eku.edu). In the unlikely event, the message is legitimate, we will tell you.

## Emergency Management & Security

Adams House  
424 Lancaster Ave

Division of Public Safety  
Phone: (859) 622-1111  
<http://emergency.eku.edu/>

### Emergency Notifications:

Rave Mobile Safety is EKU's primary mass notification system. The University has implemented a multi-modal emergency notification system to inform the community about incidents and emergencies affecting campus. Realizing that message redundancy is a necessity, EKU has seven primary notification methods available for the community. Any one, or a combination, of these alert methods may be used depending on the nature and severity of the event. More information about Situational Awareness, Emergency Notifications, and Timely Warnings can be found at the following web page: <https://emergency.eku.edu/situational-awareness-%E2%80%93-emergency-notifications-and-timely-warnings> (<https://emergency.eku.edu/situational-awareness-%E2%80%93-emergency-notifications-and-timely-warnings/>)

### Systems Include:

- Sirens - Audible sirens can be broadcast over four loudspeakers strategically placed on campus. This system can be activated by the EKU Division of Public Safety as well as the Madison County Emergency Management Agency for weather and community emergency notifications.
- Text Messaging - An opt-out notification where a text message can be received on your mobile phone. EKU and Rave do not charge for this service; however, your carrier may have standard text messaging charges. (Note: Students should periodically check their mobile phone numbers when their numbers change and make corrections as necessary.)
- Voice Messaging - An opt-out notification where a voice message can be received on your mobile or home phone. (Note: Students should periodically check their mobile phone numbers when their numbers change and make corrections as necessary.)
- Email Messaging - This notification provides an email message about an event. Current students, faculty, and staff are automatically registered to receive notifications on their EKU email account and cannot opt-out of this type of notification. You can opt-in to receive emails on other email accounts. Community members are encouraged to check their email frequently throughout the day to be sure they see any message sent by this alert method.
- RSS Feeds - A message can be posted on the Emergency Management, Police Department, or University web pages.
- Network Messaging - A visual notification can be made across computers connected to the EKU network. When an alert is sent out, a pop-up box appears on your screen. No personal information is gathered or transmitted with the use of this alerting system.
- Social Media - EKU can use Twitter and Facebook to send notifications to the community. These social systems require the user to check to receive any messages posted. Follow @EKUEmergency on Twitter and like EKU Emergency Management on Facebook.

Review your contact information in Rave Mobile Safety

### Rave Mobile Safety:

Current Students, Faculty, and Staff are Already Registered:

- Log on to MyEKU
- <https://experience.elluciancloud.com/eku/>

- Use your Single Sign On (SSO) authentication.
- Under the EKU Links Card, click on the Rave Emergency Notifications link.
- Under My Account you can check and edit your Mobile Phones, your Voice Only Line Contacts, and your Email. Click the Add Buttons to add additional Mobile Phones, Voice Only Line Contacts, and Emails.
- If you are affiliated with certain groups, like the EKU Regional Campuses, you can join them to receive notifications that they send out.
- Click the Groups tab, select the desired group(s) from the Official Groups list by clicking Action, and selecting Join at the Group Status.
- You can leave any group by selecting the group(s) and at the Group Status and clicking Leave.
- Email messages are automatically sent to all current EKU email addresses. You cannot opt-out of receiving messages on your EKU email account.
- Texts and voice calls are also automatically entered into the system and you can opt-out of these notifications if you desire. Please give careful consideration to opting-out, however, because once you opt-out, you will no longer receive important emergency information intended to help you to stay safe. (Note: Students should check their mobile phone numbers at the beginning of every semester and make changes as their circumstances change.)
- *Message and data rates may apply. Text messages are sent on an as-needed basis. This service is provided per the Terms of Use (*
- EKU and Rave do not charge for text service; however, your carrier may have standard text messaging charges.

Other Community Members:

- While current EKU employees, and registered EKU students, are automatically enrolled in Rave Mobile Safety – Emergency Notifications. Other community members and visitors may SMS (Text) to opt-in. Be informed. Text “EKUAlerts” to 67283 (MRAVE), 226787 (CAMPUS), 78015, or 77295.
- *Message and data rates may apply. Text messages are sent on an as-needed basis. This service is provided per the Terms of Use ([- Rave does not charge subscribers to send or receive text messages. Standard or other messaging charges may apply depending upon your wireless carrier plan and subscription details.](https://nam02.safelinks.protection.outlook.com/?url=https%3A%2F%2Fsafety.smart911.com%2Fterms-of-use%2F&data=05%7C01%7Cgary.folckemer%40eku.edu%7C28b59f6ab8da42d967d708db8873dd02%7Ce23043271af04dee83fbc1b2fd6db0bb%7C0%7C0%7C638253804725266245%7CUnknown%7CTWFpbGZsb3d8eyJWljiMC4wLjAwMDAiLCJQIjoiV2luMzliLCJBTiI6IkhWVWVlc3VlcmM%3D%7C3000%7C%7C%7C&sdata=hZ1eYBazDcbAvYt5jQAVz2CpAdTH9Xl8F2qv%2Be%2Fhed0%3D&reserved=0). Text STOP to 67283 (MRAVE), 226787 (CAMPUS), 78015, or 77295 to cancel or HELP for tech support.</a></i></li>
</ul>
</div>
<div data-bbox=)*

Living Safely at EKU

Life can be unpredictable. The Division of Facilities Management & Safety asks that all our community members download the EKU S.A.F.E. App.

For maximum utility, you must turn on location services for this app so that your location can be checked and sent to Public Safety, or to one of your Contacts. Privacy is your concern, and you decide whether to enable your location services. Enabling this feature, on your mobile phone, for this app, helps people get to you when you need assistance.

The free personal safety app is available for download on both the Apple and Android platforms at

Apple: <https://apps.apple.com/us/app/s-a-f-e-safety-app-for-eku/id1550124036> (<https://apps.apple.com/us/app/s-a-f-e-safety-app-for-eku/id1550124036/>) and Android: <https://play.google.com/store/apps/details?id=com.cutcom.apparmor.eku> (<https://play.google.com/store/apps/details/?id=com.cutcom.apparmor.eku>)

The app puts various safety services at the fingertips of users:

- Push Notifications – Allows users to receive emergency notifications and timely warnings sent from Public Safety, via EKU Alerts, using our email alert method. (Note: Community members, who are not EKU employees or EKU students, can SMS to Opt-In for emergency notifications sent from Public Safety, using our text alert method. Be informed. Text “EKUAlerts” to 67283 (MRAVE), 226787 (CAMPUS), 78015, or 77295.)
- EKU News Feed – Displays recent tweets from @eku.
- Emergency HELP – Contains buttons to Call 911 if you are off the EKU Richmond Campus, Call EKU Police if you are on the Richmond Campus, chat with EKU Police via text for the deaf or hard of hearing or when it is not safe for you to speak. Emergency Call checks your physical location and determines that if you are inside the campus geofence, your call goes to EKU Police, and if you are outside the campus geofence, your call goes to 911 for help.
- Safety Escort/Friend Walk – Has options to contact the EKU Police, to request a safety escort on the Richmond Campus, or allows you to send your location in real-time to a friend, so they can watch you as you travel to your destination.
- Mobile BlueLight ALARM – Contains a button that simultaneously sends your location to EKU Police and makes a phone call to EKU

Police. ECU Police can receive your location in real-time on their Dashboard and they can speak with you on the phone.

- **WorkAlone** – Allows you to start a session with either a personal contact, anywhere, or with Public Safety if you are on the Richmond Campus. This feature will automatically check in on you while working or studying alone and can automatically trigger a call to your personal contact or Public Safety if you fail to check-in at the allotted time, or if you press the emergency button.
- **Report a Tip** – Allows you to report tips on a variety of topics and gives you an option of attaching a photo or video. The tips are automatically routed to the appropriate office(s).
- **Health & Safety Toolbox** – Has options to contact the ECU Police, the Counselling Center, Student Health Services, and Center for Student Accessibility.
- **Campus Maps** – Provides access to a Parking Map, Enhanced Shelter In Place Buildings, and Evacuation Assembly Areas.
- **Emergency Plans** – Contains the University's planned response to emergency situations. This is the content of the University Emergency Action Plan and provides important information about what you can do to protect yourself if an emergency does occur.
- **Support Resources** – Has options to contact University Housing, Facilities Management, Libraries, and Student Affairs.
- **Manage Profile** – Under the About/Preferences button, users can manage their profile and add information to help emergency responders. This information is only available to and used by the ECU Division of Public Safety for emergency purposes. It allows individuals to volunteer information to help us keep you safe. Items the user can volunteer include Allergies, Medications, On-Campus Primary Address/Location, Secondary or Additional Addresses/ Locations (for individuals whose work or studies take them to multiple locations on campus), Permanent Address, Additional Phone Numbers, Emergency Contact Name and Phone Number. The more information volunteered, the more effectively we can find you and help you should the need arise.

We are proud of our strong partnership with the Student Government Association as we collaborate to provide safety resources, such as this app, that benefits our entire campus community. Colonels care for one another and this app provides a platform for our community to look out for one another by reporting issues, communicating directly with the ECU Police Department, providing tips, watching friends virtually walk, and other safety items.

## Libraries

Julie George, Dean of Libraries  
Library 202A  
(859) 622-1778  
library.eku.edu (<http://library.eku.edu>)

Eastern Kentucky University Libraries includes the John Grant Crabbe Main Library, centrally located on University Drive, and one branch location: the Rogow Business Library and Academic Commons in the Business and Technology Complex. ECU Libraries provides a wide range of support including research help, study spaces, collections, and technology designed to meet the evolving academic needs of ECU students. In support of online and distance learners, ECU Libraries provides a full range of help and collections services equivalent to those offered at the physical locations.

The Main Library offers a variety of study spaces, ranging from a large collaborative area on the first floor to the Silent Study Zone on the very top floor. Noise levels are also monitored on the fourth floor to ensure plenty of silent space for individual study. In addition to spaces designed for quiet and group study, an outdoor area is available on the Noel Reading Porch, adjacent to the Library Plaza. Refreshments are available in the Java City Library Café or the vending machines on the first floor. To learn more about ECU Libraries' spaces or to make a reservation, visit <https://libguides.eku.edu/reserve-room> (<https://libguides.eku.edu/reserve-room/>).

The Main Library also includes the Learning Resources Center in support of the College of Education; the Law Library; the Noel Studio for Academic Creativity; The Faculty Center for Teaching and Learning, Special Collections and Archives, The Student Success Center, The Bratzke Center and Education Abroad. ECU Libraries provides access to print and online books, videos, and other resources that best serve students, faculty, and staff. Visit [library.eku.edu](http://library.eku.edu) (<http://library.eku.edu>) to search and browse our collections. If you can't find the item you need, request it and our Library Express staff will get it to you.

Have a question about a library research assignment? One of our many qualified and friendly librarians is available to help you one-on-one in the library, via chat (<https://libanswers.eku.edu/>), or by scheduling a research appointment in advance (<http://libanswers.eku.edu/faq/176776/>). Prefer DIY help? Check out our Frequently Asked Questions (FAQ) (<https://libanswers.eku.edu/faq/176776/>) Tight on time? A library staff member can pull an item from their shelves and put it on hold for you to pick up at our Main Desk by using the "Request It" link (<https://libanswers.eku.edu/faq/218643/>). Taking classes online or at a distance? We have a vast array of online resources available 24/7 (<https://libguides.eku.edu/library/>), including books, articles, and videos. Also, if you need a print resource, we can mail items to off-campus students. For more details, see our FAQ on checking out books (<https://libanswers.eku.edu/faq/334133/>).

## Office of Student Success

**Dr. Tanlee Wasson**  
Vice President of Student Success, Engagement & Opportunity  
Whitlock Building 536  
(859) 622-8663

<https://studentsuccess.eku.edu/>

Student Success, Engagement, and Opportunity provides student support services and programming throughout the student enrollment life cycle. SSEO helps students blend their quest for academic knowledge with the development of life skills through experiential learning and engagement activities.

The Vice President for Student Success, Operations, and Engagement guides a student-centered, forward thinking, innovative and collaborative unit, assisted by the Executive Directors of Enrollment Management and Retention and Graduation, who strive to recruit, retain and service an expanding and more diverse student body.

- Office of Admissions (p. 39)
- Bratzke Student-Athlete Academic Success Center (p. 39)
- Office of Advising and Career Services (p. 39)
- Center for Student Accessibility (p. 41)
- Center for Student Parents (p. 41)

- Dean of Students (p. 41)
- Office of Financial Aid (p. 41)
- First-Year Courses and Learning Communities (p. 45)
- Student Conduct and Community Standards (p. 45)
- Student Success Center (p. 45)
- Student Outreach and Transition Office (SOTO) (p. 46)
- TRIO Programs (p. 46)

## Office of Admissions

Whitlock 112  
(859) 622-2106

The Office of Admissions is responsible for recruitment and admission of qualified undergraduate students to EKU. This office is also responsible for the processing of applications for new as well as readmitted, transfer, and international students. Students who have questions regarding their residency status may address their inquiry to the Office of Admissions (admissions@eku.edu).

## Orientation

Orientation is phase one of the first year experience for new students. During Orientation, students and families visit campus, meet with faculty, staff, and students, and learn more about life at Eastern Kentucky University. Students also register for their first semester of classes. Representatives from many areas are available during Orientation to answer questions about financial aid, tuition payment, housing, dining services, and tutoring services. There are various dates and schedules for first year, transfer and high achiever students.

## Bratzke Student-Athlete Academic Success Center

Mrs. Kate Johnson, Associate Director

Office: Library 207B

Mailing Address: Library 103

Email: kate.johnson@eku.edu

Phone: 859-622-6648 (kate.johnson@eku.edu)

The Bratzke Student-Athlete Academic Success Center provides comprehensive academic support and resources for all student-athletes competing on NCAA varsity teams on EKU's campus. The Center provides opportunities and services to help student-athletes reach their academic goals from the time they arrive on campus through graduation. Our mission is to strive for academic excellence while focusing on a culture of integrity and accountability.

Bratzke Center programs include but are not limited to: academic advising, academic monitoring, mentoring, supervised study hall, tutoring, access to Learning Specialist, assistance with recruiting visits, as well as assisting with referrals to other academic resources on campus. Student-Athletes academic progress is monitored closely to ensure all academic eligibility requirements are met as determined by the NCAA, ASUN, and EKU.

In collaboration with the Athletic department the Bratzke Center also assists with student-athlete development programming to promote student-athlete growth in five commitment areas: academics, athletics,

personal development, service, and career/professional development. Throughout the year the the center and Athletics plans and coordinates outreach activities for student-athletes in support of the local community and Eastern Kentucky.

## Office of Advising and Career Services

Matt Schumacher, Senior Director  
Whitlock Building 468  
(859) 622-1296

The Office assists students in achieving their academic and career-related goals, from navigating their first year of college and choosing an inspiring major/career to pursuing experiential learning and preparing to target a variety of job opportunities. Services include academic advising, career counseling, co-op/internship search and assistance, job search preparation, employer events and a Part-Time Job Program.

## Major and Career Exploration

Academic and Career Advisors at the Office help students identify and explore their major and career of choice. A variety of assessments allow students to articulate their interests, skills, personality characteristics and work related values, generating a list of major/career options to be explored in terms of reliable and factual information with the guidance of office staff. Through extensive one-on-one counseling sessions, the advisors help students make sense of the information gathered, to reach a meaningful decision and pursue it with a realistic action plan.

## Academic Advising

Academic advising is a dialogue between student and advisor to promote responsible and appropriate choices and facilitate a successful academic experience. All undergraduate students are assigned an academic advisor through the Office of Advising and Career Services. Designated departmental faculty and college staff serve as advisors to students with declared majors. Academic and Career Advisors in the Office of Advising and Career Services serve as advisors for Exploratory, visiting, non-degree seeking, and those students not meeting KY academic readiness standards and assigned to the Associate of General Studies (AGS) program.

The Office of Advising and Career Services collaborates with students, faculty, and staff across campus to develop a meaningful academic plan tailored to a student's needs and goals. The Office serves students, faculty, and staff by:

- Providing year-round academic advising and student support to each EKU student.
- Providing advising tools and referring students to appropriate departments and campus resources.
- Providing customized academic planning and advising to Associate of General Studies (AGS) and Exploratory students.
- Assisting with probation recovery for students.
- Coordinating probation recovery workshops with representative college advisors.
- Conducting mid-term recovery workshops for new, first-time students.
- Assisting students with the declaration and/or change of major process.
- Assisting student in clarifying educational, career, and life goals.

- Coordinating advising resources for the Summer Orientation Program in conjunction with the Office of Admissions and the Office of the University Registrar.

### Co-op and Applied Learning (Internships)

Internships and Co-op provide students with an opportunity to connect what they learn in the classroom to career-related practice. Students gain on-the-job training in business, industry, and/or government. Acceptance of a co-op/internship position for academic credit is contingent upon a suitable learning objective approved by both the employer and the appropriate university official.

#### Eligibility:

- Faculty Coordinator approval
- Completion of a minimum of 30 credit hours prior to enrolling (specific departments may require more credit hours); transfer students required to complete at least one semester at ECU.
- Minimum of 2.0 grade point average (GPA); some departments require a higher GPA.
- Salary (when applicable) must be within State and Federal wage guidelines.
- Compliance with the Experiential Learning Guidelines defined by the Office of Advising & Career Services and applied by the departments.

#### Academic Credit:

- Determined by the academic college or department
- May earn .5 to 8 hours credit per semester
- Minimum of 80 hours of employment for each semester hour of academic credit, including .5 half credit (students must work to the end of the semester). Co-op is 16 weeks for spring and fall semesters and 12 weeks for summer term. For internships, students must work a minimum of 8 weeks over the summer semester/terms and 12 during the academic semester. Experiences lasting less than a full semester should be discussed with the Office of Advising & Career Services and the Faculty Coordinator and only when extenuating circumstances apply.
- Maximum of eight Summer semester hours and twelve Fall/Spring semester hours toward meeting requirements for the associate degree and sixteen hours toward the bachelor's degree.
- Credit is awarded for co-op/internship only when the student is enrolled in the University and in compliance with the Experiential Learning Guidelines from the Office of Advising & Career Services.
- Students who are not able to complete their experience in one semester will receive a grade of IP and be allowed one calendar year to successfully complete all requirements. Students who do not successfully complete a co-op/intern experience within the one calendar year maximum timeframe will receive a grade of "F" or "U" depending upon the grade mode.
- Students cannot use past experiences for credit. Only work completed **during** the semester that the student is registered can be counted for credit. Please consult the Timesheet for the semester you intend to co-op/intern for clarification of weeks accepted for counted hours.

#### Work Requirements:

- Students must be in an environment where they are completing worthwhile, hands-on, industry related tasks while being supervised

and mentored by an industry professional who can aid in their professional development.

- A supervisor assigned by the employer to provide direction and coordination on the job; also responsible for submitting a final evaluation report on the student
- Grades assigned by the Faculty Coordinator in accordance with criteria established by the Office of Advising & Career Services and the student's academic college/department.

#### Program Options:

##### Internship

A paid or un-paid experience that meets all of the eligibility requirements of a for-credit experience that can be completed over one or multiple semesters.

##### Co-op

A paid, multi-term (semester) experience that meets all eligibility requirements of a for-credit experience that follows one of the following plans:

- Parallel plan: students work part-time for multiple semesters (three or more semesters) while maintaining a full-time course load.
- Alternating plan: students employed full-time, alternating classroom training with work-based training for a period of two or more semesters, following the employer's schedule. Students may also work full-time during the summer semester (twelve weeks) but must also work in their co-op position during the fall and/or spring semesters.
- Special plans: developed to meet the needs of the student and employer.
- Students participating in the Internship Program must meet the eligibility requirements of the Co-op Program, but may choose to work only one semester in either a paid or non-paid assignment or in any assignment that does not meet the Co-op multiple term or length requirements.

### Part-Time Job Program

The Part-Time Job Program supports students in finding and obtaining part-time, temporary, and summer employment with local and regional businesses. Students who participate in the program gain experience in the workforce while networking in the community. The Part-time Job Program is open to all currently enrolled ECU students.

### Job Search Preparation

The Office helps students target job opportunities by offering workshops, face-to-face and online appointments on resume writing, cover letter critiques, job search strategies, networking and social media. Through the mock interview program, students can practice and improve their interviewing skills with personalized assistance and feedback. The Dress for Success Closet provides business attire at no cost to ECU students seeking internships or employment in a workplace that requires professional clothing.

### Connecting with Employers

The Office staff assists students in identifying and connecting with potential employers through job/career fairs, on-campus interviews, individual appointments, online tools, and other resources. The Office's database, Handshake, is an easy to use system that gives students and alumni access to jobs postings and employers targeting ECU students.

It is easily accessible through the Office's homepage at [oacs.eku.edu](http://oacs.eku.edu) (<http://oacs.eku.edu>).

## Students on Learning Contracts

In addition to advising bachelor-degree-seeking Exploratory students, the Office of Advising and Career Services advises all students admitted as undeclared, associate-level (AGS) students under the Success First standard. Students admitted in this category are required by state statute to sign a Student Learning Agreement (Contract) before registering for their first classes. (See admission standards in this catalog).

The statute defines the contract as a student success document signed by the student and a school representative after a personal consultation. This contract sets forth the following:

1. Advising, mentoring, tutoring and support services expectations for both the student and the institution,
2. Student learning goals and expectations,
3. Student participation requirements in a financial literacy program,
4. The process by which student progress will be monitored, and
5. The specified length of the learning contract.

Once a student has completed the requirements specified in the Student Learning Agreement he/she may petition to declare a major, at which time the student will return to bachelor degree seeking status and be assigned an academic advisor in the chosen college. While in the Student Learning Agreement students may not change their class selections without permission of the Office. The advisor may lock a student's ability to change their individual class schedules if necessary, in order to keep the student on track and moving toward degree completion.

For more information visit the Office of Advising and Career Services website at [oacs.eku.edu](http://oacs.eku.edu) (<http://oacs.eku.edu>) or call 622-1296.

## Center for Student Accessibility

Dr. Kelly Cogar, Senior Director  
Whitlock Building 361, CPO 66  
Phone: (859) 622-2933  
[www.accessibility.eku.edu](http://www.accessibility.eku.edu) (<http://www.accessibility.eku.edu>)

The Center for Student Accessibility (CSA) assists students by coordinating campus and program accessibility and providing support in attaining educational goals. CSA is located in the Whitlock Building, Room 361. Appointments are made by calling (859) 622-2933 or emailing [accessibility@eku.edu](mailto:accessibility@eku.edu).

Students requesting services, including deaf and hard-of-hearing students, must submit a completed application for services and current health-related documentation. Applications, documentation guidelines, and additional information are available on the CSA website. Services are individualized and may include academic adjustments that do not impede the academic integrity of the course, digital books, equipment loans, interpreters, note-taking software, testing accommodations, and other services.

## ADA/504 Coordinator

The ADA/504 Coordinator serves the University by hearing individual ADA cases, including appeals for course substitutions, waivers, and other accessibility-related matters, and as a member of the ADA Appeals

Committee. Appointments with the ADA/504 Coordinator are made by contacting Dr. John Dixon, [John.Dixon@eku.edu](mailto:John.Dixon@eku.edu).

## Center for Student Parents

Ms. Robyn Moreland, Director  
(859) 622-6684  
[www.studentparents.eku.edu](http://www.studentparents.eku.edu) (<http://www.studentparents.eku.edu>)  
Available in Richmond, Corbin, Manchester and Online

The Center for Student Parents is a place to feel supported, accepted and prepared for life as a parenting college student. Through guidance, academic support, advising, workshops, referrals and employment opportunities; student parents can graduate and meet educational and personal goals. Funded by the Cabinet for Health and Family Services, the Center for Student Parents has supported EKU's student parent population for 25 years. Contact us to learn more about the support offered, such as:

- Work Study - only available to those receiving Kentucky Transitional Assistance (KTAP) - ask about how you qualify.
- Resource Linkage
- Private computer and Study Lab
- Family Friendly Study Space
- Lactation Room
- Academic Support Services
- Personal and Professional Support

## Dean of Students

Dr. Lara Vance, Dean  
Whitlock Building 347  
Phone: (859) 622-3436  
Fax: (859) 622-2402  
[www.dos.eku.edu](http://www.dos.eku.edu) (<http://www.dos.eku.edu>)

The Office of the Dean of Students promotes student success and development across all offices and serves as the primary contact point for students. The Dean of Students provides support for students to assist with their educational and personal growth by connecting them with resources, advocating for them, and helping them navigate situations that could impede their progress. The Dean collaborates with various departments, stays up-to-date on available student resources, and responds to student crises.

## Office of Financial Aid

Whitlock Building 210  
Phone: (859) 622-2361  
[www.eku.edu/bigecentral](http://www.eku.edu/bigecentral)

## Big E Central

Hours of Operation: Monday – Friday, 8 a.m. – 4:30 p.m.  
Walk-In Availability: Monday – Friday, 8 a.m. – 4:00 p.m.  
Phone Hours: Monday – Friday, 9 a.m. – 4:00 p.m.  
Email: [bigecentral@eku.edu](mailto:bigecentral@eku.edu) ([BigEcentral@eku.edu](mailto:BigEcentral@eku.edu)) – *Please include EKU Student ID number.*  
Request a Virtual (Zoom) Appointment (<https://success.eku.edu/register/becapptrequest/>)  
Phone: 859-622-2361  
**Federal School Code: 001963**

Address: 521 Lancaster Ave | Whitlock Room 210 CPO 63 | Richmond, KY 40475

### Resources

- Check your EKU email account and myEKU (<https://it.eku.edu/myEKU/>) for regular messages regarding your financial aid and awards.
- FAFSA confirmation will be sent to students' EKU email account.
- Scholarship award notifications are mailed to new students' permanent addresses and available in myEKU (<https://it.eku.edu/myEKU/>).
- Many questions can be answered by visiting the Self-Service Portal (<https://success.eku.edu/portal/BigECentral/?tab=home>)

Financial assistance is available to help students offset the cost of their college education. There are five types of financial aid: grants, loans, employment, entitlements, and scholarships. The grants, loans, and federal work study programs are need-based. To determine how much money and for which programs the student qualifies, he/she must complete the Free Application for Federal Student Aid (FAFSA) each year.

Entitlements include but are not limited to resources from the Veterans Administration and Vocational Rehabilitation. Scholarships are awarded from the University as well as outside sources. For information regarding entitlements or scholarships, students should contact Big E Central at (859) 622-2361. This office can guide the student to the proper source depending on the type of entitlement or scholarship the student is interested in pursuing.

## Financial Aid Requirements

All applicants for financial aid are required to:

1. Apply for admission and be accepted to the University;
2. Be a degree seeking student enrolled or accepted for enrollment in an eligible degree or certificate program. Student auditors, dually enrolled high school students and special non-degree students are not eligible for federal financial aid; and
3. Complete, electronically sign, and submit a Free Application for Federal Student Aid (FAFSA) with the U.S. Department of Education (ED). Every student, and parent as applicable, must have a Federal Student Aid ID (FSA ID) to start and sign the FAFSA. Students are urged to apply early for optimum financial aid benefits. Students should complete the FAFSA at (FAFSA® Application | Federal Student Aid (<https://studentaid.gov/h/apply-for-aid/fafsa/>)) and add EKU on the school selection page, so we receive the student's FAFSA record. Applicants are strongly encouraged to use the I.R.S. Data Retrieval Tool to transfer the requested tax information onto the FAFSA to ensure information on the FAFSA is accurate and to save time when completing the FAFSA. If unavailable, the applicant's I.R.S. Tax Return or Tax Return Transcript can be used to manually input the requested income information. If needed, a copy of the Tax Return Transcript can be obtained by going to the I.R.S.'s website at Get Transcript | Internal Revenue Service (<https://www.irs.gov/individuals/get-transcript/>) and selecting "Get a Tax Transcript" under Tools.
  - For new students entering in the Spring semester, the EKU institutional deadline date to file the FAFSA is by **October 1**.
4. Complete FAFSA verification or any other aid reviews when required.

Once the completed FAFSA is received by the Department of Education, information provided by the student on the FAFSA is used to generate a Student Aid Report (SAR). The SAR indicates the amount of money the

student and/or the student's family is expected to contribute towards the student's education. This is called the Expected Family Contribution (EFC) and is used to determine the student's financial need.

The student's financial 'need' is the difference between the Cost of Attendance and the EFC. The Cost of Attendance, regardless of the student's dependency status, includes the educational expenses of:

- Tuition and Fees;
- Living Expenses (food and housing for students living on and off campus);
- Loan Fees;
- Transportation; and
- Personal/Miscellaneous expenses.

The amounts for these five educational expenses are the student's estimated **Cost of Attendance at Eastern Kentucky University**, and they become the student's budget for financial aid purposes. Only the actual tuition, fees, and food and housing (for resident students living in campus housing) costs are charged on the student's University bill.

Financial aid recipients are selected based on demonstrated financial need, academic success, and other merits. Most EKU financial aid awards are based on full time enrollment in aid eligible courses, which is a minimum of 12 credit hours for an undergraduate student per semester. Federal student loans and federal grants usually require a minimum of half-time enrollment. Each financial aid recipient is issued an official Financial Aid Offer, which is the University's official estimate of a student's financial aid and costs to attend for the academic year. Financial Aid Offers are emailed to the student's EKU email account. It is the student's responsibility to review the Financial Aid Offer and notify BEC of any additional aid being received and of any desired reduction or cancellation of the aid offered.

To continue to receive institutional or federal student aid, an EKU student must maintain Financial Aid Satisfactory Academic Progress (SAP).

## Renewal Requirement

The Free Application for Federal Student Aid (FAFSA®) form applies to a single academic year. That means you need to submit a FAFSA form each year—and make sure you meet the FAFSA deadlines for state and college aid to maximize the amount and types of aid you could receive.

## FAFSA Priority Deadlines

Fall Semester - As soon after October 1 as possible.

Spring Semester - October 25

Summer Term - March 20

## Academic Eligibility and Financial Aid

In the event Satisfactory Academic Progress (SAP) is not maintained, financial aid may be withheld. Eastern Kentucky University's SAP policy can be reviewed at: [www.eku.edu/bigecentral/sap/](http://www.eku.edu/bigecentral/sap/) (<https://www.eku.edu/bigecentral/sap/>).

## Grants and Loans

Type of Aid	Qualifications	Required Forms
<b>Grants</b>		
Federal Pell Grant	U.S. Citizen or an eligible noncitizen, 1st Undergraduate degree; eligibility and amounts are determined by a standard financial needs analysis formula.	Free Application for Federal Student Aid (FAFSA)
College Access Program (CAP)	U.S. Citizen, Kentucky Resident, Minimum of 6 Hrs., 1st Undergraduate Degree, Financial Need	Free Application for Federal Student Aid (FAFSA)
Federal Supplemental Educational Opportunity Grant (SEOG)	U.S. Citizen, Pell Grant, High Need, Minimum of 6 Hrs., Priority given to F/T students	Free Application for Federal Student Aid (FAFSA)
Federal Teacher Assistance for College and Higher Education Grant (TEACH)	U.S. Citizen, eligible for admission to EKU Teacher Education Program, minimum GPA of 3.25, sophomore, minimum of 1 hour	Free Application for Federal Student Aid (FAFSA)
Loans: For detailed loan amounts, please visit: <a href="https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized">https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized</a> ( <a href="https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized/">https://studentaid.gov/understand-aid/types/loans/subsidized-unsubsidized/</a> )		
Federal Direct Stafford Loan (subsidized)	U.S. Citizen, Minimum of 6 Hrs., Need based	Free Application for Federal Student Aid (FAFSA)
Federal Direct Stafford Loan (unsubsidized)	U.S. Citizen, Minimum of 6 Hrs., Non-need based	Free Application for Federal Student Aid (FAFSA)
Federal Direct Parent Loan for undergraduate Students (PLUS)	U.S. Citizen, Non-need based	Free Application for Federal Student Aid (FAFSA)
Federal Direct Grad and Grad Plus	U.S. Citizen, Non-need Based	Free Application for Federal Student Aid (FAFSA). Separate Application.

## Satisfactory Academic Progress

To continue to receive institutional or federal student aid, an EKU student must maintain Satisfactory Academic Progress (SAP). In the event Satisfactory Academic Progress (SAP) is not maintained, financial aid may be withheld. Eastern Kentucky University's SAP policy can be reviewed at: <https://www.eku.edu/bigecentral/sap/>.

## Other Assistance Programs

**Scholarships:** Eastern Kentucky University offers a range of academic scholarships designed to reward scholastic achievement and enhance the university community through the attraction of academically talented students.

Unless noted otherwise in the specific description, each of these scholarships is awarded for eight consecutive regular semesters of full-time undergraduate work to students earning their first undergraduate Bachelor degree, provided a satisfactory grade point average is maintained. More information about scholarships can be found at [www.eku.edu/scholarships/](http://www.eku.edu/scholarships/) (<https://www.eku.edu/scholarships/>)

**Kentucky Educational Excellence Scholarship (KEES):** KEES is a program administered by the Kentucky Higher Education Assistance Authority. Kentucky high school students who earn 2.5 or better while in high school can qualify for KEES scholarship while enrolled in an institution of higher education. Students can retain this scholarship for 8 semesters while in college by maintaining the required GPA and remaining on track to graduate.

**SAFE Award:** The Student Assistance Fund for Eastern (SAFE) provides short-term financial assistance to Eastern Kentucky University students who are unable to meet immediate, essential expenses due to an unexpected emergency or crisis situation. More information can be found here: <https://retentiongraduation.eku.edu/student-assistance-fund-eastern> (<https://retentiongraduation.eku.edu/student-assistance-fund-eastern/>)

**Retention Grants:** Retention Grants are to help current and continuing full-time undergraduate EKU students in good standing remain in school and make progress toward graduation. Retention Grant awards are based on students' need and will be primarily used to help pay down outstanding balances so students can register for classes. Retention Grants are conditional: recipients must register for and remain in classes for the following semester. Retention Grants cannot be used to pay down balances without registering for courses. Students who are graduating in the current term are not eligible for Retention Grants. Because Retention Grant funds are limited, not all students who apply can receive an award. For more information, please visit [www.retentiongraduation.eku.edu/retention-grants](http://www.retentiongraduation.eku.edu/retention-grants) (<https://retentiongraduation.eku.edu/retention-grants/>)

**Veterans Affairs:** The Veterans Program at Eastern Kentucky University is approved by the Kentucky Approving Agency for Veterans Education for the education of veterans and their eligible dependents. Students concerned with veterans training should have, at the time of registration, a certificate of eligibility. This is secured from the regional office of the Veterans Administration. The University is responsible for the completion of certain Veterans Administration forms and the other necessary information about students who receive this aid.

- Educational benefits for eligible students including Montgomery GI Bill, Chapter 30 (active duty), Chapter 33 (Post 9/11), Chapter 1606 (reserve/national guard), Chapter 35 (Dependents Educational

Assistance Program), and Chapter 31 (Veteran Readiness and Employment VR&E).

- If you have completed courses while in the armed forces, ask the Office of Military and Veterans Affairs about the possibility of receiving credit for such courses.

**Veterans Administration Benefits:** War orphans, widows, children and wives of deceased and disabled veterans should contact the Veterans Administration, 600 Federal Place, Louisville, Kentucky (phone: 1-800-827-1000). Application forms are available in the EKU Office of Veterans Affairs. For information concerning tutorial assistance or refresher courses, contact the Office of Veterans Affairs at Eastern Kentucky University in the Whitlock Building, Room 442. The telephone number is (859) 622-7838.

**National Guard Tuition Assistance:** Tuition Assistance is available by inquiring with your unit to obtain the necessary application materials. For more information, please visit [https://www.eku.edu/scholarships/wp-content/uploads/sites/11/2022/05/national\\_guard\\_waiver.pdf](https://www.eku.edu/scholarships/wp-content/uploads/sites/11/2022/05/national_guard_waiver.pdf)

**J.W. Thurman Alumni Scholarship:** Applicants must be a dependent child of an EKU graduate. Applicants must score at least an 18 composite on the ACT exam and have a minimum high school grade point average of 3.0. Applicants may use the University's foundation scholarship form and check the block indicating the application is for the J. W. Thurman Alumni Scholarship, and mail the application to the EKU Scholarship Office.

**Alumni Fund Scholarship:** Applicants must be incoming freshmen with an ACT score of at least an 18 and a high school GPA of 3.0. Students that demonstrate financial need to the University through the FAFSA application shall be given priority. Applicants must be involved in at least three extracurricular activities.

**Dr. Rodney Gross Scholarship:** The Dr. Rodney Gross Diversity Scholarship is a selective scholarship that requires a blind review process, essay regarding equity and inclusion, and two letters of recommendation.

**Vocational Rehabilitation (OVR):** EKU supports the efforts of OVR to serve eligible individuals with disabilities. The Kentucky Office of Vocational Rehabilitation provides vocational rehabilitation services to eligible individuals with disabilities. Individuals receiving OVR services may also contact the EKU Center For Student Accessibility for academic accommodation. For more information about eligibility criteria call the Office of Vocational Rehabilitation toll free at 1-800-372-7172 or (502) 564-7172, or visit the website at <https://kcc.ky.gov/>.

**O'Donnell Scholars:** The O'Donnell Scholarship provides an opportunity for persons aged 65 and older to become students at Eastern Kentucky University by enrolling in any courses listed available via myEKU. O'Donnell Scholars are responsible for the cost of any required materials, parking permits and applicable income taxes. Tuition and fees are paid through funds authorized by the Commonwealth of Kentucky. For further information, please visit <https://www.eku.edu/scholarships/current-students/>

**Foster/Adoption Care Waiver:** This tuition/Fees Waiver is available for Foster Children or Adopted Children who are or were a ward of the court. Foster and Adopted students may apply for the tuition waiver up to four years after graduating from high school. For more information, please visit <https://www.eku.edu/scholarships/tuition-waiver-forms/>

**Tuition Waiver for Kentucky Fallen Heroes:** The Children of Fallen Heroes Scholarship Act amends Title IV (Student Assistance) of the Higher

Education Act of 1965 to eliminate the expected family contribution (EFC) used to determine financial need in the case of a Pell Grant-eligible student whose parent or guardian died in the line of duty as a police officer, firefighter, or other public safety officer. The student is eligible to receive an automatic zero EFC and qualify for the maximum Pell Grant award if the student was less than 24 years old or enrolled at an institution of higher education at the time of the parent or guardian's death. For more information, please contact Big E Central.

Students can contact Big E Central to learn more about other forms of financial assistance.

## Student Employment

Eastern Kentucky University offers its students two employment programs. One is the federal work study program which provides part-time jobs to students who have financial need as determined by the Application for Federal Student Aid. This program is federally funded. The other is the EKU institutional work program. Eastern Kentucky University provides funds to employ students who want to work on-campus, but do not qualify for the federal work study.

Both of these programs employ students on a part-time basis, and students are paid every two weeks for the hours they have worked. Their job schedule is built around their class schedule. A variety of jobs are available including typing, filing, farm work, food service, resident hall assistants, tutorial work, as well as community service jobs. Student employment opportunities can be reviewed using the EKU human resources job search engine (<https://careers.eku.edu/jobs/search/>). Student employment processes and procedures can be reviewed here: <https://hr.eku.edu/student-employment-services> (<https://hr.eku.edu/student-employment-services/>)

## Payments of Awards

Financial aid awards are normally made on an academic year basis conditional with fulfilling academic and registration requirements. Financial aid is disbursed after the Last day to ADD or DROP a class (receiving a 100% refund for that course) for each semester and is applied directly to tuition and fees, housing, meal plans and any other applicable charges. Awarded amounts in excess of institutional charges are refunded electronically or by paper check sent by USPS to the student's primary mailing address. Student employment wages are distributed every two weeks. Disbursement is different from refunds. All first-time Stafford Loan recipients are required to complete an entrance counseling session and Master Promissory Note (MPN) prior to their loan funds being disbursed and an exit counseling session prior to graduation or withdrawing from the University. This can be done online at <http://studentaid.gov/>; under Complete Aid Process.

## Personal Financial Liability - Withdrawing or All Failing Grades

Students who withdraw from EKU before attending over 60 percent of the semester or who stop attending and therefore receive all failing grades may be financially liable to repay the student aid received. Persons desiring to withdraw from EKU must do so according to the university's withdrawal policy which can be found on the school's website (<https://registrar.eku.edu/reg-withdrawal-information> (<https://registrar.eku.edu/reg-withdrawal-information/>))

Return to Title IV policy- <https://www.eku.edu/bigecentral/return-title-iv-funds/>

## First-Year Courses and Learning Communities

Ms. Starr Wentzel, Director  
Whitlock Building 455  
Phone: (859) 622-7322  
[www.firstyearcourses.eku.edu](http://www.firstyearcourses.eku.edu) (<http://www.firstyearcourses.eku.edu>)

The Office of First-Year Courses & Learning Communities administers Student Success Seminars for all first-year students. Student Success Seminars include content about campus resources, study skills, critical thinking, and diversity, helping students find ways to get connected to the university during the transition to college. Eastern Kentucky University offers several variations of the seminar, depending upon a student's major or special interests.

Our courses teach the structure and functions of the university.

Our instructors teach learning strategies backed by science. Our students participate in a variety of out-of-class experiences and co-curricular learning opportunities. These opportunities include seminars and events on topics such as financial literacy, student health, and cultural awareness.

Students in GSD 101 Foundations of Learning complete a Major and Career Series (MaC) developed by the Office of Academic and Career Services. The MaC Series helps students evaluate potential major and career paths through interviews, market data research, and personality assessments.

Student Success Seminars teach students to think critically, solve problems, and take advantage of the resources and opportunities EKU has to offer. As such, our courses are often the first step many Colonel's take on their paths to success

Every student seeking an Associate of Arts Degree in General Studies or a baccalaureate degree must complete a (1) or (3) credit hour Student Success Seminar<sup>1</sup>.

- Full time students must complete the Student Success Seminar during their first semester.
- Part time students must complete the Student Success Seminar within their first (18) credit hours but are strongly encouraged to complete the requirement during their first semester.
- Students who earn a grade of "W," "F," or "FN" in a Student Success Seminar must repeat the course the following term.

1

Transfer students who have 30 or more transfer credits upon admission to EKU may have this requirement waived. Non-collegiate transfer credit, including military transfer credit, does not count toward waiving this requirement. Some majors require all students to take a Student Success Seminar, regardless of transfer status. Student Success Seminars will not be waived for AP and Dual Credit hours.

Eastern Kentucky University offers several variations of the seminar for some student populations or majors.

- Students who enter the University with a declared major enroll in a (1) credit hour seminar in their college (ASO, BTO, EDO, HSO, JSO, SCO, or HON 100 Engaging in Honors).
- Exploratory students (students who have not declared a major in a college) will enroll in a (3) credit hour seminar, GSD 101

Foundations of Learning, which incorporates a unit on major and career exploration, in addition to critical thinking and success strategies.

- Sections of GSD 101 Foundations of Learning are also offered for special populations, such as NOVA, student athletes, and veterans, as enrollment allows.
  - Sections of GSD 101 Foundations of Learning are also offered for special student populations as paired Learning Communities in English (ENG 101 Reading, Writing, and Rhetoric), Psychology (PSY 200 Introduction to Psychology), and Communications (CMS 100 Introduction to Human Communication). Eligible students are pre-enrolled in Learning Communities on an as-available basis.
- In a Learning Community, students take two classes with the same group of students and have opportunities to interact with instructors, classmates, and peer mentors outside of class.
- Students who are admitted into the university on a Learning Contract will be paired in a Learning Community with ENG 101R Reading, Writing, and Rhetoric, ENG 101 Reading, Writing, and Rhetoric or CMS 100 Introduction to Human Communication. Students are pre-enrolled in these Learning Communities with their GSD 101 Foundations of Learning course contributing to the fulfillment of their Learning Contract.

## Student Conduct and Community Standards

Emily Jo Davis, Director  
Whitlock 347  
Phone: (859) 622-1500

The Office of Student Conduct and Community Standards believes Eastern Kentucky University is a community of shared academic values, foremost of which is a strong commitment to intellectual honesty, honorable conduct, and respect for others. In order to meet these values, students at Eastern Kentucky University are expected to adhere to the highest standards of academic integrity. When becoming a part of the University community, the student enjoys social, cultural, and educational opportunities. The student also assumes the role of a citizen of the community and agrees to abide by the regulations and standards of conduct of the University community. The Office of Student Conduct and Community Standards provides a fair and impartial student conduct system for students, faculty and staff of Eastern Kentucky University.

The Office of Student Conduct and Community Standards will:

- Provide information to all students relating to the General Regulations for Student Behavior,
- Adjudicate all reports of alleged violations of the General Regulations for Student Behavior and the Policy for Academic Integrity in a consistent manner,
- Facilitate due process rights set forth by the University Handbook for Students, and
- Ensure fair and impartial hearings.

## Student Success Center

Dr. Ashley Sweat, Director  
Library 106D  
(859) 622-7861  
[SuccessCenter@eku.edu](mailto:SuccessCenter@eku.edu)

[www.successcenter.eku.edu](http://www.successcenter.eku.edu) (<http://www.successcenter.eku.edu>)

The Student Success Center is the one-stop resource for students who need answers to any questions they may have during their college experience. Our full-time staff members serve as resources for students as they navigate college, often proactively reaching out to students who may need assistance. They also provide referrals to other EKU resources about which students may not be aware.

The EKU Gurus are trained tutors and mentors who work through Student Success Center programs to provide peer-to-peer service to EKU students. The Student Success Center has the College Reading and Learning Association's International Tutor Training Certification and International Mentor Training Certification. Each EKU Guru is trained under CRLA guidelines to provide students with study skills, time management, critical reading strategies, test preparation approaches, and other skills necessary for college success. Additionally, Gurus provide content help in over 150 courses. For each course they cover, the Guru has earned a high grade in that class and has a faculty recommendation to tutor in that course. Additionally, staff members are trained to help students deal with life issues that may be impeding their success at college.

The workshops and other programs in the Chellgren Success Series are designed to help students with study skills, time management, choosing a major, and more. The Student Success Center also serves as a study area for students so that they can do homework and study with tutors nearby if they need assistance because asking for help is a habit that will help students be more successful. The center's administrators track check-ins for reporting study and tutoring hours for many programs on campus.

All of our services are provided at no extra cost to students. Online and in-person services are available. To schedule an appointment or find out our drop-in hours, visit our website.

## Student Outreach and Transition Office (SOTO)

Ms. Lisa Cox, Director  
Whitlock Building 442  
Phone: (859) 622-7686  
[www.soto.eku.edu/](http://www.soto.eku.edu/) (<http://www.soto.eku.edu/>)

This one-stop transitional center is designed for transfer, non-traditional and re-entry students (away from EKU for over 2 years). The Student Outreach and Transition Office provides comprehensive support to students from initial inquiry through registration for their first semester of classes, serving as an advocate to promote their needs along the way. Prospective students receive individualized consulting services in the areas of admissions, degree audits, major selection, academic bankruptcy, credit transfer process, degree completion via distance learning, and course registration prior to their first semester. This office also provides students with answers to basic questions regarding filing for financial aid, financial aid appeals, and receiving credit for prior learning. Evening appointments are available to better serve the needs of adult learners.

SOTO also serves as a hub for diverse students with access to the bilingual Associate Director of Latino Recruitment and Retention who is available to answer questions and refer students to appropriate resources. SOTO is also home to the Rodney Gross Scholars program.

Scholars have access to dedicated study areas that include computer access, mentoring and tutoring assistance upon request.

## Colonel Connection Program

The Colonel Connection Program facilitates the transfer process from other colleges to EKU, and eases students' transition to and timely graduation from EKU. The program is available to students who are currently enrolled at another institution (e.g., a community college) and intend to transfer to EKU to complete a baccalaureate degree. Students must apply for admission to EKU, meet all admission requirements, and be accepted to EKU before enrolling in the Colonel Connection program.

Upon admission and completion of the Colonel Connection program agreement, participating students are granted continuous access to EKU's Degree Works degree audit system, allowing them to view their individualized degree plan and progress towards an EKU baccalaureate degree. The degree audit is then kept current through regular submission of transcripts to EKU for credit evaluation. (Note: Colonel Connection students may not enroll in EKU coursework without first requesting visiting-student status through their advisor.)

When ready to transfer to EKU, the student must complete a Colonel Connection Admission request form in lieu of submitting another application for admission. This confirms the student intent to enroll as a degree-seeking student and locks in any transfer scholarship for which the student might be eligible.

To maintain enrollment in the Colonel Connection program, a student must:

- maintain a minimum 2.0 grade-point average (GPA) on all college-level work completed to date;
- complete, with a grade of C or better, no fewer than six (6) credits in the most recent fall/spring semester; and
- meet with an assigned EKU advisor at least twice per academic year to discuss their progress and plans for transfer and graduation.

Students who fail to meet any of the above standards will be given one fall or spring semester to comply, after which they will be disenrolled from the Colonel Connection program.

Upon enrollment in the Colonel Connection program, participants will have a catalog year associated with their student record designating the academic year for their degree program as well as General Education and University graduation requirements. Should graduation requirements subsequently change, students may request a move to the current Catalog through the Registrar's Office. The catalog year may be found on the student's Degree Works degree audit.

Students who fail to maintain their enrollment in the Colonel Connection program may apply for readmission to the program; however, their catalog year will be based on the date of re-enrollment.

For further information regarding the Colonel Connection program, contact the EKU Student Outreach and Transition Office (SOTO).

## TRIO Programs Educational Talent Search Program

Christopher Patrick Connor Prichard

Office: Patterson House

Email: [christopher.prichard@eku.edu](mailto:christopher.prichard@eku.edu)

Phone: 622-1083

The EKU Educational Talent Search (ETS) Program is one of the federal TRIO, pre-college programs that serves 765 students in Estill, Garrard, Jackson, Lee, and Madison counties. ETS is funded by the U.S. Department of Education and has been hosted at EKU since 1985. ETS works with students in middle school and high school who have the interest and ability to continue their education beyond high school. Two-thirds of the participants must meet federal income and first-generation guidelines for the program.

The goal of the program is to assist participants as they transition from middle school to high school, and on to a post-secondary educational institution. Educational Talent Search offers services related to the following areas: academic information, career resources, exposure to college campuses, career sites and cultural activities, financial literacy, financial aid program information, mentoring, tutoring and personal development activities. Educational Talent Search also offers assistance to out-of-school adults in identifying additional support services. ETS offers assistance for high school completion through referrals to GED programs and local high schools. Services are also available for those who are enrolling in postsecondary institutions for the first time or for those who are returning to school.

All ETS services and activities are at no cost to the student and family. More information and the ETS application can be found on the ETS website at: [www.ets.eku.edu](http://www.ets.eku.edu) (<http://www.ets.eku.edu>).

## McNair Scholars Program

Mr. Rich Richmond, Director  
Jones 409  
(859) 622-6249

The McNair Scholars Program at Eastern Kentucky University is a federal initiative funded through the U.S. Department of Education. The McNair Scholars Program encourages and assists undergraduate students from disadvantaged backgrounds who aim to enter careers that require doctoral achievement. Professional staff members provide supportive supplemental advising, offer holistic academic counseling, and facilitate structured training opportunities that enhance participants' readiness for graduate school applications and preparation for graduate school achievement.

### Services provided by the program include:

- PhD faculty mentoring
- Supportive supplemental advising
- Holistic academic counseling
- Seminars and scholarly activities that prepare participants for graduate level achievement
- Paid summer research internships
- Conference and presentation opportunities
- Graduate school application preparation and support
- EKU Scholarships

Additional information about the McNair Scholars program can be found on the website at [www.mcnair.eku.edu](http://www.mcnair.eku.edu) (<http://www.mcnair.eku.edu>).

## NOVA Program (TRiO Student Support Services)

Ms. Sierrah Anderson, Director  
Cammack 005  
Phone: (859) 622-1047  
[www.nova.eku.edu](http://www.nova.eku.edu) (<http://www.nova.eku.edu>)

The NOVA Program is a federal TRiO Student Support Services grant project committed to fostering the intellectual, personal, and professional growth of first-generation and low-income students from Orientation to Graduation.

NOVA's retention model is comprehensive in design, providing targeted services designed to meet each student's individual needs.

### Services include:

- Academic Advising
- Career Counseling
- Classroom Instruction
- Financial Aid and Financial Literacy Consulting
- Graduate School Preparation
- Personal Counseling
- Service Learning
- Living Learning Community
- Peer Mentoring
- Personal Counseling
- Registered Student Organization
- Service Learning Experience
- Scholarship Opportunities
- Supplemental Grant Aid Opportunities
- Tutoring Services
- Workshops
- ...and much more!

Students who are interested in joining NOVA may apply online at [www.nova.eku.edu](http://www.nova.eku.edu) (<http://www.nova.eku.edu>) or stop by the NOVA office to obtain an application.

## Upward Bound Program

Ms. Tamara Stewart, Director  
Patterson House  
(859) 622-1080

EKU Upward Bound is an academic, college-preparatory program serving 125 first-generation, low-income high school students in Casey, Estill, Lee, Lincoln, Powell, and Wolfe counties. Upward Bound is funded by the U.S. Department of Education as one of the federal TRIO programs and has been at EKU since 1965.

Upward Bound provides a comprehensive year-round program each academic year and summer components encompassing a wide variety of services including educational instruction, individualized and group academic tutoring, college exposure, financial aid assistance and financial literacy, career exploration, and cultural activities. The academic year component consists of monthly on-campus academic sessions and school visits and individual contacts. The summer residential component lasts for six weeks and is designed to simulate a college-going experience by offering academic enrichment through rigorous

coursework in mathematics through pre-calculus, laboratory science, foreign language, and composition and literature, as well as electives and special interest classes. Participation is at no cost to the students.

Interested students should contact their high school guidance counselor or visit the website to “Nominate a Student” at [www.upwardbound.eku.edu](http://www.upwardbound.eku.edu) (<http://www.upwardbound.eku.edu>).

## Division of Student Affairs

**Dr. Dannie Moore**

Vice President, Division of Student Affairs

Powell Building 100  
(859) 622-6587

The Division of Student Affairs strives to foster a vibrant and inclusive campus community where every student is supported and empowered to thrive academically, personally, and socially. Through collaborative and student-centered initiatives, we aim to cultivate a holistic learning environment that promotes a sense of belonging for all students. By providing comprehensive resources, meaningful engagement opportunities, and proactive support services, we strive to enhance each student’s journey and prepare them to be leaders in their local communities. Together, we embrace the spirit of lifelong learning and work to ensure we are creating an Exceptional Eastern Experience that enables students to enjoy their college experience and to make a positive impact on our campus and beyond.

- Campus Recreation (p. 48)
- Center for Inclusive Excellence and Global Engagement (p. 49)
- Community Service (p. 49)
- Counseling Center (p. 49)
- ECU Housing and Residence Life (p. 49)
- Meditation Chapel (p. 50)
- Office of International Student Scholar Services (p. 50)
- Office of Military and Veterans Affairs (p. 51)
- Student Health Services (p. 52)
- Student Life and First Year Experience (p. 52)

## Campus Recreation

Justin Raymer, Director of Campus Recreation  
Student Recreation Center  
Phone: (859) 622-6755  
Email: [Justin.Raymer@eku.edu](mailto:Justin.Raymer@eku.edu)  
[www.campusrec.eku.edu](http://www.campusrec.eku.edu) (<http://www.campusrec.eku.edu>)

The Department of Campus Recreation’s purpose is to enhance campus and community life by providing excellent service, experiences, and education that encourages holistic well-being. We do this by providing a variety of facilities, events, and programs that appeal to diverse interests and abilities. We offer group and individual fitness programs, competitive sports leagues and events, social and competitive sport clubs, adventure trips and experiences, wellness education, and more.

Campus Recreation oversees the operation of the Student Recreation Center, Challenge Course, Alumni Pool, and Intramural Field Complex. The Student Recreation Center includes:

- Full line of weight and fitness equipment
- Locker Rooms with Saunas

- Climbing / Bouldering Wall
- Esports Lounge with Full Swing Golf Simulator
- 4 Group Exercise Rooms
- 4 Multipurpose gymnasiums
- Indoor Track
- Indoor Aquatic Center
- Hydro Massage

### Fitness Program

The Fitness Program offers a variety of group fitness classes each week and are taught by trained, motivated and friendly instructors. All fitness levels are welcome. Examples of group fitness classes are yoga, Pilates, cycling, Zumba, and much more. For those who need a more personal touch, we offer very affordable personal training by certified personal trainers. Personal training is a great way to attain one-on-one instruction incorporating exercise plans, goal-setting and health education.

## Adventure Programs

Adventure Programs offers a wide variety of trips and workshops each semester. Previous trips have included: hiking and camping, backpacking, kayaking/canoeing, spelunking, white water rafting, climbing, canyoneering. The climbing and bouldering walls are an exciting and engaging alternative to traditional exercise. In addition, Adventure Programs provides an extensive amount of outdoor equipment so you may embark on your own adventures. Examples of outdoor rental equipment are tents, mountain bikes, kayaks, cook stoves, canoes and much more.

## Competitive Sports

Competitive Sports have been a campus tradition at ECU for over 50 years. Students play with their friends or organizations and compete against fellow Eastern students. Examples of activities offered are flag-football, soccer, volleyball, corn hole, dodge ball, golf, basketball, and much, much more. There are also numerous individual and dual events. For the more competitive athlete, we also supervise student lead Sport Clubs. Clubs compete on a regional and national level against other universities and colleges.

## Health Promotion

Health Promotion is a peer education program geared towards empowering students with knowledge and facts concerning health issues. Health Promotion presents information on alcohol, obesity, sex, drug abuse, eating disorders, tobacco, and much more. The aim is not to enforce ideas but to assist students in making better informed decisions by providing students with the proper tools, knowledge, and self-worth.

## Employment

ECU Campus Recreation is one of the largest student employers on campus. We have a variety of opportunities to join our dedicated and friendly staff! All open positions will be posted on [careers.eku.edu](https://careers.eku.edu) (<https://careers.eku.edu>). Here are some entry level positions we employ, and most have opportunities for advancement:

- Facility Attendant
- eSports Attendant
- Climbing Wall Attendant
- Customer Service Desk
- Marketing Assistant

Phone: (859) 622-1515  
 Fax: (859) 622-8384  
[www.housing.eku.edu](http://www.housing.eku.edu) (<http://www.housing.eku.edu>)

EKU Housing & Residence Life fosters the development, engagement, and success of our residential community by providing an inclusive home that enhances the collegiate experience. Campus living offers opportunities that will help you excel academically, develop leadership skills and connect with life-long friends. You will meet students from all walks of life gathered together as part of a vibrant, close-knit community.

We offer Living Learning Communities (LLCs), which consist of students with similar majors and interests who live on the same floor/floors of a residence hall. Live and learn with others who share your goals, career interests and life passions!

All single, full-time undergraduate students under the age of 21 prior to the first day of classes, having fewer than 60 credit hours, or having lived in a residence hall less than four academic semesters (fall/spring) are required to live in University residence hall facilities. Exception is made for students residing with their parent(s) at their parent's principle residence within 50 miles of the Richmond campus. Students living with parents must submit a verification form which is available through the housing office or at [www.housing.eku.edu](http://www.housing.eku.edu) (<http://www.housing.eku.edu>). Students may request exemption to the residency requirement under specific circumstances to the Executive Director.

Each residence hall is equipped with the following services that come as part of the basic room rental rate:

## Laundry Rooms

Several washers and dryers are located in every residence hall. EKU Housing and Residence Life offers **free** laundry. Each student is given 96 credits each semester to use the machines. It averages out to 3 full washes and 3 full dries per week. While these credits do not roll over to a new semester, you will start each semester with 96 credits no matter your usage. All residence halls have their own laundry facility within the building.

## ResNet

All rooms come equipped with high-speed internet connections. Wireless network access is also available. For more information about equipping your computer for Internet access, visit [www.resnet.eku.edu](http://www.resnet.eku.edu) (<http://www.resnet.eku.edu>).

## Study Rooms

In most residence halls, are open, quiet rooms in which to study.

## Vending

All residence halls are serviced with a variety of drink and snack vending machines. The machines are coin operated, and many accept credit card processing as well.

Social, educational, and service-learning programs are offered and organized by Housing & Residence Life staff in all of our residence halls. These programs range from movie nights on the residence hall floors to volunteering for Habitat for Humanity. Most often, the RAs on each floor host social programming so that the residents can get to know each other and enjoy their housing experience even more. Many of the Housing & Residence Life programs are open to all campus residents.

EKU Housing & Residence Life has traditional residence halls, enhanced traditional halls, suite style halls, and apartment style halls.

### Features include:

- Large recreation rooms
- Indoor gas fireplaces
- Study rooms
- Computer labs
- Kitchen and laundry areas
- Indoor / Outdoor programming space
- Large and small classrooms space
- Leadership opportunities

Visit [housing.eku.edu](http://housing.eku.edu) (<https://housing.eku.edu>) for rates, floor plans and more details.

## Meditation Chapel

The Chapel of Meditation is the realization of a dream begun in 1968 when the Eastern Kentucky University Alumni Association adopted the Century Fun Project to finance a non-denominational chapel. The chapel stands as a testimonial of the love and devotion of the alumni, faculty, students, and friends, a fit to commemorate the 100th anniversary of higher education on the Eastern Kentucky University campus.

The chapel is non-sectarian and is open to students, faculty, staff, alumni, and friends of the University for meditation, prayer, and spiritual reflection.

## Office of International Student Scholar Services

Mr. Matthew Cox, Assistant Director  
 Powell Building 013  
 Phone: (859) 622-3446  
[international@eku.edu](mailto:international@eku.edu)  
[www.international.eku.edu](http://www.international.eku.edu) (<http://www.international.eku.edu>)

The Office of International Student and Scholar Services (OISSS) provides services, programs, and resources to assist international students and visitors with their transition to campus and to life in the United States.

Eastern Kentucky University has more than 150 international students studying at both the undergraduate and graduate levels. These students represent approximately 30 nations.

OISSS supports international students and works with campus partners in providing educational, social, and cultural programs which promote cross-cultural understanding and contribute to campus internationalization.

The office also has a dedicated staff who works directly with sponsored students studying at EKU through various governmental programs or scholarships. Finally, the office provides immigration visa advising to our international population and serves to keep the university and students in compliance with federal immigration regulations.

## Office of Military and Veterans Affairs

Vin Thomas, Director  
Powell Student Center 137  
Phone: (859) 622-2345  
Fax: (859) 622-5076  
[www.va.eku.edu](http://www.va.eku.edu) (<http://www.va.eku.edu>)

The Office of Military and Veterans Affairs serves veterans and military students by assisting with admissions, obtaining VA benefits and credit for military training, and serving as an advocate for veterans' issues throughout the campus community.

To utilize VA education benefits and to obtain a Certificate of Eligibility, eligible veterans and military students will need to apply directly to the Veterans Administration online at [www.vets.gov](http://www.vets.gov) (<http://www.vets.gov>). Upon receipt of the certificate, please upload a copy under the student document upload portal at [va.eku.edu](http://va.eku.edu) (<http://www.va.eku.edu>). Additionally, a Course Enrollment Form must be submitted online each semester for which benefits will be used at [https://success.eku.edu/portal/omva\\_login](https://success.eku.edu/portal/omva_login) ([https://success.eku.edu/portal/omva\\_login/](https://success.eku.edu/portal/omva_login/)).

Covered individuals (defined by the VA as any individual who is entitled to educational assistance under Chapter 31, Vocational Rehabilitation and Employment, or Chapter 33, Post-9/11 GI Bill<sup>®</sup> benefits) may attend or participate in the course of education during the period beginning on the date on which the individual provides to the educational institution a Certificate of Eligibility (COE) for entitlement to educational assistance under chapter 31 or 33 (A "Statement of Benefits" obtained from the Department of Veterans Affairs' VA) website – eBenefits, or a VA Form 28-1905 form for chapter 31 authorization purposes can substitute for a COE) and ending on the earlier of the following dates:

1. The date on which payment from VA is made to the institution.
2. 90 days after the date the institution certified tuition and fees following the receipt of the COE.

The University will not impose any penalty, including the assessment of late fees, the denial of access to classes, libraries, or other institutional facilities, or the requirement that a covered individual borrow additional funds because of the inability to meet his or her financial obligations to the institution due to the delayed disbursement of funding from VA under chapter 31 or 33. If any late fees do appear, they will not be charged to the covered individual until after the 90-day period referenced above.

The Monthly Housing Allowance is calculated based upon the location of the campus where a student attends the majority of their classes, based upon Section 107 (FGIB). A "campus" may include internships, externships, training, practicums, etc. Students enrolled in 100% online programs will receive a reduced MHA amount, based upon their enrollment status. Hybrid courses must be certified at the on-campus rate, per VA regulations. All veterans and dependents who are eligible for benefits under the federal Post-9/11 Veterans Educational Assistance Act of 2008 (38 U.S.C. Section 3301 et seq.), or any other federal law authorizing educational benefits for veterans or dependents, will receive in-state tuition and fees.

Veterans needing assistance in obtaining a copy of their Joint Service Transcript or CCAF transcript should email [EKUVets@eku.edu](mailto:EKUVets@eku.edu) or call 859-622-2345.

## VA Regulations for Aviation Courses

Students using GI Bill<sup>®</sup> benefits to fund an aviation course must complete each flight lab within 19 weeks of initiation of the first flight event; failure to do so will result in the student being assigned a grade of NC (No Credit). Students using GI Bill<sup>®</sup> benefits must repay to the VA the cost (including a portion of stipends for living expenses) related to any course in which a grade of NC is earned. Important – All student participants receiving Veterans Administration benefits have 19 calendar weeks from the date of the first flight event to complete an Aviation flight lab.

GI Bill<sup>®</sup> is a registered trademark of the U.S. Department of Veterans Affairs (VA). More information about education benefits offered by VA is available at the official U.S. government Web site at <http://www.benefits.va.gov/gibill> (<http://www.benefits.va.gov/gibill/>).

## Aviation Flight Hours & Costs/Fees

A complete listing of aviation related fees for the current academic year is published on the ECU Aviation Flight Fees website (<http://aviation.eku.edu/aviation-flight-fees> (<http://aviation.eku.edu/aviation-flight-fees/>)), and are included in materials provided by the flight instructors.

Additionally, all VA funded flight students receive this information from the ECU Office of Military and Veterans Affairs during their enrollment certification process. Students should verify through their regional Department of Veterans Affairs processing office if they have questions regarding their eligibility to use VA resources to complete the requirements of the ECU Aviation program.

## Kentucky National Guard Tuition Award Program

Active members of the Kentucky National Guard can utilize the Kentucky National Guard Tuition Award Program if they meet all eligibility criteria with the National Guard. Members must maintain all minimum standards, be eligible for all positive personnel actions, and have completed basic training or its equivalent. Eligible members will be awarded up to in-state tuition for full or part-time study at any Kentucky public college while funds are available. Members must apply to utilize the Kentucky National Guard Tuition Award Program each semester. The deadline to apply for the Fall semester is April 1, and the deadline to apply for the Spring semester is October 1. The application is available online at <https://ky.ngb.army.mil/tuitionstudent> (<https://ky.ngb.army.mil/tuitionstudent/>). For additional information, members can contact the Boone National Guard at (502) 607-1039.

## Survivors' and Dependents' Educational Assistance

DEA (Chapter 35) provides education and training opportunities to eligible dependents and survivors of certain veterans. For more information on DEA eligibility visit [www.vets.gov](http://www.vets.gov) (<http://www.vets.gov>).

## Kentucky Department of Veterans Affairs Tuition Waiver

If you are the child or spouse of a veteran who died while serving on active duty or is entitled to 100% VA disability, you may also be entitled to a tuition waiver in addition to your DEA benefits. Under the provisions of KRS 164.505, 164.507, and 164.515, children and

spouses of Kentuckians who were killed in military action or who were permanently and totally disabled during military service are eligible for this waiver. For additional information contact the Kentucky Department of Veterans Affairs, Tuition Waiver Coordinator at (502) 503-7911. More information and the application form can be found at [veterans.ky.gov](http://veterans.ky.gov) (<http://www.veterans.ky.gov>).

## Veterans Upward Bound Program (VUB)

The VUB Program will prepare eligible veterans from the target counties to pursue a new career and/or enter postsecondary education by addressing any academic, social, or emotional needs. We help VETS searching for jobs, wanting to pursue a certificate, license, degree and more. Not sure what to do? Apply and let us help you figure that out!

### All services are free of charge to the Veteran!

Interested veterans should fill out an application form here (<https://application.eku.edu/register/VUBAPP/>). Please contact EKV VUB Director, Holly Branscum, at 859-622-2345 or at [holly.branscum@eku.edu](mailto:holly.branscum@eku.edu).

## Student Health Services

Brenda Caudill, Director

Rowlett 103

Phone: (859) 622-1761

Fax: (859) 622-1767

[www.healthservices.eku.edu](http://www.healthservices.eku.edu) (<http://www.healthservices.eku.edu>)

The mission of Student Health Services at Eastern Kentucky University is to promote the mental and physical well-being of our students through disease prevention strategies and acute care of illness. Students are better equipped for academic success when they are physically and mentally healthy.

Student Health Services has three primary goals: first, to address any acute medical condition that threatens health, interferes with function, reduces performance, and serves as an obstacle to learning and personal growth; second, to educate our student body on healthy lifestyle choices that promote wellness and reduce the chances of disease—the preventive approach; third, to serve as a source of information and access to community based assistance programs. Services provided at the Health Center include:

- Outpatient acute medical care
- Allergy shots
- Basic laboratory tests
- Certain immunizations
- Sexual health/STI testing and treatment\*
- Tuberculosis skin testing
- Gynecologic health\*
- Mental health

\*To make an appointment to see a provider for one of the starred issues above, please go to the SHS website and click on the icon at the bottom left corner of the home page: "Schedule Online Appointment". For all other appointments, call 859-622-1761.

## Student Life and First Year Experience

Dr. Loni Yost, Executive Director

Powell 128

Phone: (859) 622-3855

[www.studentlife.eku.edu](http://www.studentlife.eku.edu) (<http://www.studentlife.eku.edu>)

The mission of Student Life & First-Year Experience is to enhance the quality of life of Eastern Kentucky University students by supporting the University's commitment to the academic success and holistic development of every Colonel. Our goal is to foster intellectual, physical, and social development through programs and direct services which challenge and support students as they develop attitudes, abilities, and skills for life-long learning within an ever-changing global environment. The first step to getting involved is visiting our website: [www.studentlife.eku.edu](http://www.studentlife.eku.edu) (<http://www.studentlife.eku.edu/>).

### Exceptional Eastern Experience (E3)

At EKV, you'll do so much more than just go to classes and study. You'll meet new people. You'll have fun. You'll make lifelong memories. It's all part of the Exceptional Eastern Experience (E3). Throughout the semester, you'll enjoy free concerts, comedians, athletic events and lively activities right here on campus. Check out upcoming events at [studentlife.eku.edu](http://studentlife.eku.edu) (<http://studentlife.eku.edu/>).

### First-Year Experience

First-Year Experience (FYE) serves to help you connect to EKV inside and outside the classroom and empower you with experiences and resources to make your first year a powerful, engaging experience. We strive to build all FYE programming on these three pillars:

- **Excite** your Colonel spirit by embracing EKV traditions and embarking on your individual "Eastern Experience."
- **Exchange** dialogue, ideas and perspectives with faculty, staff, and peers to connect with the greater EKV community.
- **Excel** inside and outside the classroom by establishing positive habits that will help make you a successful Colonel at EKV and beyond.

Our cornerstone FYE program, **Big E Welcome**, will allow you to build friendships and connections with other first-year students, equip yourself with skills to excel in the classroom, and truly welcome you into the EKV experience! Your Colonel Crew Leader (a current EKV student) will lead you through the festivities and share the weekend with you.

### Community Service

From disaster relief to blood drives, EKV students are changing the world one project at a time. Whether serving on an Alternative Break trip or right here on campus, our service projects offer you the opportunity to make new friends, build your network, and grow as an individual. Our projects fit perfectly into a wide variety of majors, minors, and concentrations to provide offerings that fit everyone's interests.

### Colonel's Cupboard

The Colonel's Cupboard is an on-campus food pantry that assists EKV students who may be experiencing food insecurity. We also offer toiletry items and clothing items through Closet TransForm housed within the Colonel's Cupboard.

### Fraternity & Sorority Life

EKV is home to a vibrant fraternity and sorority community with four governing councils: Multicultural Greek Council (MGC), National

Pan-Hellenic Council (NPHC), Panhellenic Association (CPA), and Interfraternity Council (IFC).

Visit [greeklife.eku.edu](http://greeklife.eku.edu) (<http://greeklife.eku.edu/>) to learn more about the recruitment process and these values-based organizations focusing on scholarship, service, leadership, and life.

- **Scholarship** – Each chapter has scholastic standards members are required to meet.
- **Service** – Greeks regularly dedicate their time, talent, and treasure to bettering the world in which we live. This is accomplished through philanthropy and community service efforts.
- **Leadership** – Fraternity and sorority life provides a premier leadership opportunity on a college campus. Members have many opportunities to lead within the chapters and in the community.
- **Life** – Membership is a lifelong commitment. Fraternity and sorority members value brotherhood/sisterhood and being together for support and fellowship.

### Leadership

Cultivate your leadership skills to help you be successful during your time at EKU and beyond. Participate in leadership programs, workshops and conferences, and check out leadership lectures and special guest speakers throughout the year. Don't forget to check out the annual Student Excellence Awards recognition program!

### Parent & Family Programs

The EKU Parent & Family Network serves to empower EKU parents, family, and friends with resources, timely and important information, and programs to support the success of their Colonel. The network assists in helping families stay connected and informed on the EKU community. More information can be found at [www.familyprograms.eku.edu](http://www.familyprograms.eku.edu) (<http://www.familyprograms.eku.edu/>).

### Student Organizations

SL&FYE is home to a variety of Registered Student Organizations (RSO) that EKU students are welcome to get involved with at any time! RSOs at EKU include a group of 6 or more current EKU students who have formulated an organization for a common purpose. Student organization information can be found at [www.studentlife.eku.edu/student-organizations](http://www.studentlife.eku.edu/student-organizations) (<http://www.studentlife.eku.edu/student-organizations/>).

## General Academic Information

Student success is an EKU priority. The General Academic Information section provides students with key information to help them succeed on the path toward completing a degree. All students should become familiar with the General Academic Information section of the Catalog as well as specific college and departmental program requirements. Being unaware of these regulations and requirements does not exempt a student from complying with the requirements.

- Academic Fresh Start (p. 53)
- Academic Integrity (p. 54)
- Academic Readiness (p. 54)
- Academic Standards (p. 56)
- Course Types (p. 58)
- Declaring a Program of Study (p. 58)

- Degree Information and Requirements (p. 59)

- Pre-Professional Programs (p. 72)
- Study Abroad Credit (p. 73)
- Transfer Student Information (p. 73)
- Withdrawal (p. 75)

## Academic Fresh Start

### EKU Work

Academic Fresh Start allows undergraduate students who are returning to Eastern Kentucky University after remaining out for an extended period of time to remove from their GPA a portion of the work attempted during prior college enrollment(s). EKU offers this option of academic renewal because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

Students considering academic fresh start should make careful note of the following policy conditions:

1. The student must not have attended Eastern Kentucky University or any other institution of higher education for a period of at least two consecutive years sometime after attempting work to be removed from GPA.
2. The student must be currently enrolled as a degree-seeking student at EKU.
3. The student must not have previously participated in Academic Fresh start or declared academic bankruptcy of EKU work.
4. Only semesters where the term GPA is below 2.0 will be considered.
5. Within eligible terms (see 4. above), only courses with grades of "D" or "F," or the equivalent, may be considered.
6. During their first semester after being readmitted a student requesting fresh start must attain a minimum of a 2.0 term GPA. The student must earn no grade lower than a "C" on at least 12 hours of 100-level (or higher) EKU coursework, and pass any college readiness courses. All courses and grades, including repeated courses, will be counted in the qualifying term GPA.<sup>1</sup> For the purpose of determining fresh start a grade of "S" is acceptable.
7. A student who does not enroll in 12 credit hours of 100-level or higher coursework during their first term back at EKU will have their enrollment in the subsequent semester combined with that of the first to determine fresh start. All academic work attempted in the term that includes the twelfth credit hour is affected by the above grade restrictions.
8. Before formally requesting consideration for fresh start, the student must confer with fresh start experts in the Registrar's Office to determine which semesters may qualify for and what the impact to the student's GPA will be. The student will then complete and sign the Academic Fresh Start form.
9. Any academic work used to complete a baccalaureate degree is not eligible once the degree has been awarded.

1

If it takes more than one semester to complete the necessary 12 credit hours, the student must maintain a consistent 2.0 term GPA since being readmitted.

If fresh start is granted, the class(es):

- Will remain visible on the transcript, but with a “\$” designation.
- Will not be counted in the student’s GPA.
- Will not count as earned hours. (Note that Financial Aid will continue to count these hours as attempted hours.)
- Will be included in the separate GPA calculation which is done when determining graduation honors.
- Will be prevented by Degree Works from meeting any degree requirements (including the 42 hour upper division requirement). However, the dean of the college of the student’s major may waive major, supporting, and general education requirements met by fresh start courses. Note that this does not add back any credit hours from fresh start courses, the student may be required to complete additional elective courses to obtain the minimum number of credit hours required to graduate.

## Transfer Work

Fresh start of transfer coursework undergraduate students who have been out of higher education for an extended period to void a portion of their earlier work attempted at other institutions. ECU offers this option because it recognizes that some students fail to perform satisfactorily due to immaturity or to other factors that interfere with their academic performance.

To qualify for transfer fresh start, a student must meet the following conditions:

1. The student must not have attended Eastern Kentucky University or any other institution of higher education for a period of at least two consecutive years sometime after attempting the work to be removed from GPA.
2. Students may request to fresh start prior work. However, all ECU fresh start restrictions and rules listed in the general academic fresh start section of this catalog apply.
3. After being admitted to ECU, the student must attain a minimum of a 2.0 GPA with no grade lower than a “C” on at least 12 hours of college-level (i.e., 100 or above) ECU courses and pass any attempted college readiness courses. All courses and grades, including repeated courses, will be counted when determining eligibility for academic fresh start. A grade of “S” is also acceptable for meeting academic fresh start eligibility. All work attempted in the academic term that includes the twelfth hour is affected by these grade restrictions.
4. The transfer student must submit a completed Academic Fresh Start request form to the Office of the Registrar. All students should consult with a fresh start expert in the Registrar’s Office. Together, they will identify the transfer institutions from which work is to be considered, as well as the specific semesters that qualify for academic fresh start.
5. The student may not have previously participated in fresh start or declared transfer bankruptcy at ECU.
6. Academic work earned before completion of a baccalaureate degree is not eligible once the degree has been awarded.

7. The student must be currently enrolled as a degree-seeking student at ECU.

If transfer fresh start is granted, the work:

- Will remain visible on the transcript, but with a “\$” designation.
- Will not be counted in the student’s GPA.
- Will not count as earned hours. (Note that Financial Aid will continue to count these hours as attempted hours.)
- Will be included in the separate GPA calculation which is done when determining graduation honors.
- Will be prevented by Degree Works from meeting any degree requirements (including the 42 hour upper division requirement). However, the dean of the college of the student’s major may waive major, supporting, and general education requirements met by fresh start courses. Note that this does not add back any credit hours from fresh start courses, the student may be required to complete additional elective courses to obtain the minimum number of credit hours required to graduate.

Transfer students who have participated in academic fresh start (or academic bankruptcy/renewal) at a previous institution, and have not yet earned a baccalaureate degree, may petition through the University Exception process to either have the affected transfer coursework brought into ECU as it was recorded by the previous institution, or have the coursework applied through ECU’s academic fresh start policy.

## Academic Integrity

ECU students are expected to adhere to the highest standards of academic integrity. Students who are found guilty of academic dishonesty will be sanctioned in a manner that is appropriate to the infraction. Sanctions may range from receiving a failing grade on the assignment to being assigned a failing grade in the course. Stronger sanctions are possible in the event a case is assigned to the Student Disciplinary Council. Students who are assigned a grade of “F” or “FX” in a course due to academic dishonesty will not be permitted to withdraw from the course.

For a full description of academic dishonesty, including plagiarism, cheating, and fabrication, refer to the section entitled Academic Integrity Policy in the University Handbook for Students.

## Academic Readiness

The Academic Readiness Program at Eastern Kentucky University helps students achieve academic success by: developing or enhancing skill level proficiencies in the areas of reading, English writing, and/or mathematics; improving students’ academic, financial literacy, and social readiness skills; and promoting self-advocacy and personal responsibility among students who are new to the University.

**Academic Readiness:** In Kentucky, academic readiness (also called college readiness) is indicated by minimum ACT subscores of 18 in English, 19 in mathematics, and 20 in reading. College-level skill proficiencies in writing, reading, and mathematics also may be measured by student performance on the SAT, the KYOTE (Kentucky Online Testing), the GED College Readiness exam, ALEKS mathematics scores, high school GPA, and/or ECU placement tests. Students whose test scores indicate the need for additional academic readiness preparation may be required to complete one or more ECU Academic Readiness courses. Students should carefully review the General Education section

of Degree Works, General Education Element 1 and/or Element 2 to confirm if they are required to complete one or more of the following academic readiness courses:

## English Composition and Reading Courses

- ENG 101R Reading, Writing, and Rhetoric (Supported – 4 credit hours) A grade of A, B, or C fulfills reading and/or English Academic Readiness requirement. Earning a grade of B or C in ENG 101R Reading, Writing, and Rhetoric requires the student to take ENG 102R Research, Writing, and Rhetoric immediately following ENG 101R Reading, Writing, and Rhetoric.
- ENG 102R Research, Writing, and Rhetoric (Supported – 4 credit hours)

## Quantitative Reasoning Courses

- MAT 105P Quantitative Support for MAT 105 for MAT 105 Mathematics with Applications
- MAT 106P Quantitative Support for MAT 106 for MAT 106 Applied Mathematics:\_\_\_
- MAT 111A Quantitative Support: MAT 112A for MAT 112A Algebra: Polynomials
- MAT 111B Quantitative Support: MAT 112B for MAT 112B Algebra: Functions & Matrices
- PHI 101R Logic and Critical Reasoning (Supported) (Supported)
- STA 215P Quantitative Support for STA 215 for STA 215 Introduction to Statistical Reasoning
- Students who earn a grade of B or C in ENG 101R Reading, Writing, and Rhetoric can take ENG 102R Research, Writing, and Rhetoric at the same time as a MAT/STA/PHI Academic Readiness course.

Final grades for all Academic Readiness courses (except those that receive a grade of 'S') are calculated in the GPA.

Students transferring to Eastern Kentucky University with an Associate of Arts, Associate of Science, Associate of Applied Sciences, Associate of Science in Nursing degree, or an equivalent, will be considered proficient in the three basic skill areas of English (writing), mathematics, and reading. Please see Section Six of this Catalog for descriptions of these courses.

## Academic Readiness Course Enrollment and Completion Requirements

Following are the policies concerning academic readiness course enrollment and completion requirements for degree seeking students:

1. All full- or part-time students, including transfer and online students, who need to complete any of the Academic Readiness courses listed above are **required** to enroll in and complete the needed courses during the following time frames:
  - a. ENG 101R Reading, Writing, and Rhetoric must be completed during the first semester of enrollment at EKU. Enrollment in the appropriate English course shall take precedence over enrollment in any other courses during a student's first semester.
  - b. MAT 105P Quantitative Support for MAT 105, MAT 111A Quantitative Support: MAT 112A/MAT 111B Quantitative Support: MAT 112B, STA 215P Quantitative Support for STA 215 are restricted based on English writing and/or reading need. *Any* student required to take ENG 101R Reading, Writing, and Rhetoric *may not* take mathematics until the second semester.

2. Mathematics or Quantitative Reasoning Course Completion: Students who have not met mathematics academic readiness benchmark are required to enroll in an academic readiness mathematics course that corresponds with an intended major no later than the third semester of enrollment.
3. Enrollment in the appropriate mathematics course shall take precedence over enrollment in any other course, with the exception of ENG 101R Reading, Writing, and Rhetoric, at the beginning of the student's third semester and may be completed concurrent with ENG 102R Research, Writing, and Rhetoric, if necessary.
4. ENG 102R Research, Writing, and Rhetoric must be completed in the semester immediately following completion of ENG 101R Reading, Writing, and Rhetoric, to include the summer semester, if a student enrolls in summer courses.
5. All full- or part-time students with academic readiness needs in two or more areas (English composition, reading, and/or math) are **required** to take GSD 101 Foundations of Learning in the first semester of enrollment.

## Academic Readiness Courses as Completion of English and Quantitative Reasoning General Education Requirements

The successful completion of ENG 101R Reading, Writing, and Rhetoric with a final grade of C or higher satisfies the General Education Element 1A: Written Communication requirement.

The successful completion of MAT 105P Quantitative Support for MAT 105, MAT 106P Quantitative Support for MAT 106, MAT 111A Quantitative Support: MAT 112A, MAT 111B Quantitative Support: MAT 112B, PHI 101R Logic and Critical Reasoning (Supported), and STA 215P Quantitative Support for STA 215 in conjunction with their paired courses satisfy the General Education Element 2: Quantitative Reasoning.

## Colonels Now

Colonels Now is a transition program for all students who are new to Eastern Kentucky University. It is designed to support the academic, social, emotional, and financial college readiness skills of any student new to the University who wishes to receive additional wrap-around supports intended to enhance the first-year experience at EKU. Wrap-around supports may include mentoring, specialized advising, specialized tutoring and academic skills support, access to specialized programming, and social events.

The Colonels Now program begins in the summer semester. Note: Students who wish to maintain contact with Colonels Now program mentors after the first year of college may do so. The Colonels Now program is offered on the Richmond campus. For more information, contact the Dual Credit and Transitions office at (859) 622-3524.

Colonels Now students work with the Associate Director, Dual Credit and Transition Services, who coordinates the program, to enroll in common first-year courses. Course placement will be based on ACT, EKU Placement Testing, SAT, KYOTE, GED, or ALEKS Mathematics test scores as well as intended major and any prior college credit.

## Academic Restrictions for Students with Academic Readiness Needs

- New first-time freshmen with Academic Readiness needs in two or more areas (English composition, reading, or mathematics) will be enrolled in the Associate of Arts in General Studies Degree program.

The Office of Academic & Career Services will assist these students in connecting to departments of academic interest.

- Students with two or more Academic Readiness requirements are permitted to enroll in up to but not beyond 16 hours of University coursework.
- Students enrolled in any Academic Readiness course may be restricted in course registration based on academic department course pre-requisites.

## Academic Standards

### Academic Achievement Awards and Recognitions

**Dean's List:** The dean's list is one of several ways in which the University recognizes undergraduate students who achieve academic excellence. The dean's list is published after each standard (fall/spring/summer) semester. Eligibility requirements for the dean's list are as follows:

Undergraduate Hours Earned with Normal Grading	Minimum Term GPA
12	3.75
13	3.65
14 or more	3.50

Students earning fewer than 12 semester hours under the regular grading system are not eligible for the dean's list. Courses below the 100 level will not be counted in determining eligibility for the Dean's List.

**Dean's Award:** As a further recognition of academic excellence, the University presents the Dean's Award to undergraduate students who have achieved the Dean's List and/or the President's Award (see below) three times. Students receiving the Dean's award are presented with a recognition pin by the appropriate academic dean.

**President's Award:** The highest undergraduate recognition of academic achievement for a semester (fall/spring/summer) is the President's Award. This award is given to students who complete a full time course load (minimum of 12 institutional credit hours earned) during a semester (fall/spring/summer), with normal grading (excluding developmental coursework), and who attain a 4.0 grade point average for that semester. Students receiving the President's Award receive a letter of recognition from the President. In addition, the division of Public Relations and Marketing distributes the names of the recipients to appropriate news media, including their hometown newspaper.

### Good Academic Standing Minimum Academic Standards

**Satisfactory Progress:** Degree-seeking students shall be considered as making satisfactory progress toward their degree so long as they remain in good academic standing and enroll in courses required or allowed in their chosen academic program.

Students having difficulty meeting academic standards are strongly advised to reduce or eliminate part-time jobs and other extracurricular activities which may detract from their studies, or to reduce the number of hours for which they are enrolled. To make timely progress toward degree students are expected to earn at least 15 credit hours per fall/spring semester.

**Good Academic Standing:** To be eligible for enrollment without being placed on academic probation, students must maintain a minimum of the following institutional grade point average (GPA) while enrolled at EKU.

Overall GPA Hours	EKU GPA
Fewer than 31	1.5
31-50	1.8
Over 50	2.0

The actions described below pertain to students whose institutional GPA falls below the established GPA threshold. Once a student's institutional GPA returns to the established GPA threshold or above, he/she is once again in good academic standing.

**Academic Probation:** Students who do not meet the established institutional GPA (see table above) will be placed on Academic Probation after the close of that semester. While on academic probation, students may not enroll in more than 15 credit hours in either fall or spring terms or more than a total of six hours during a full (12-week) summer term.

**Intervention for New First-Time Students (new freshman and new transfers with less than 24 hours earned) on Probation:** Because a student's academic performance in their first semester at EKU is predictive of overall success and graduation, EKU increases support given to students whose institutional GPA is between 1.0 and 1.5 with 30 or fewer earned GPA hours. New first-time freshmen whose institutional GPA is between 1.0 and 1.5 are required to participate in prescribed intervention strategies and are placed on First Semester Probation, with a requirement of earning an institutional 2.0 or higher term GPA in the second semester to prevent academic suspension. New first-time students whose institutional GPA is below 1.0 after their first semester are academically suspended from the university without being first placed on probation.

**Academic Suspension:** At the end of a semester on academic probation, students must have earned a semester GPA of at least 2.0 or raised their institutional GPA to meet the established threshold (see table above). Students not meeting the semester or institutional GPA requirement will be placed on academic suspension. Students may not enroll in classes at EKU while academically suspended. Students who are academically suspended for the first time may not enroll in classes at EKU for one full semester (summer is counted with the next fall semester if a student is academically suspended at the end of the spring term). Students may be academically suspended up to three times during their academic career at EKU. The second academic suspension is for one calendar year and a third academic suspension is for two calendar years. An academically suspended student will return to EKU on academic probation if their institutional GPA falls below the established threshold at the time of their return. Suspended students may be subject to EKU requirements for readmission after they have sat out their mandatory suspension period (please refer to the Requirements for Readmission section of the Catalog).

**Academic Dismissal:** Students who have been academically suspended three times must maintain a semester GPA of 2.0 or better each semester after they return. Students who have been academically suspended three times, and after returning are unable to maintain a semester GPA of 2.0, will be academically dismissed from EKU for a period of five calendar years and are subject to EKU requirements for readmission (please refer to the Requirements for Readmission section of the Catalog).

**Attending Another School While Suspended or Dismissed:** During the time a student is academically suspended or dismissed from EKU, course

work earned at another regionally accredited college or university will be considered for transfer credit when the student returns to EKU. This course work can be used to meet graduation requirements but is not counted in institutional GPA. Students are responsible for requesting that an official transcript of any transfer course work be sent to the EKU Office of Admissions when they apply for readmission to EKU. Students should consult with their advisor or college for the applicability of course work taken at another institution to their degree program at EKU. In some circumstances acceptance of transfer work may be subject to requirements of prior approval by the department chair of the student's major.

**Improving Academic Standing:** Academic transfer course work is not considered when determining academic standing. Only by repeating EKU course work in which a student earned poor or failing grades can a student quickly rehabilitate their institutional GPA and therefore improve academic standing.

**Immediate Readmission following Academic Suspension:** Students on first suspension are required to sit out for one full regular semester (fall/spring). If there were documented, catastrophic circumstances beyond the student's control, University policy allows the student to submit a Petition for Immediate Readmission to the Office of the Registrar. The required documentation supporting the petition, the student's full academic record, and potential to successfully complete college work will be reviewed. If approved, the student will be allowed to attend the semester immediately following the suspension. Please note, the suspension will remain on the academic record and transcript. Students may not appeal an academic dismissal.

## First-Time Student Mid-Term Grade Review Process

The first semester for first-time freshmen and first-time transfers with less than 24 credit hours is pivotal to academic success and graduation. First-time students will have their mid-term grades reviewed by the Office of Advising and Career Services and the Registrar during their first semester at EKU. If the calculated GPA of all reported mid-term grades is below 1.0 (indicating non-attendance and/or failure to meet course requirements) the student will be required to participate in an intervention program that includes the following:

- a study skills workshop
- a signed Student Learning Agreement (Contract)
- a registration hold that is placed on their student account
- a change of degree status to an associate-level degree status until ending a term in Good Academic Standing.

First semester new students who fail to attend the required workshop, fail to respond to communication from the University, and/or to comply with their success agreement will be withdrawn from all courses for the current semester, have any future course registration cancelled and their student record inactivated.

First-time students who cease participation in courses during their first semester at EKU, and as a result are failing all classes at midterm, will be considered to have withdrawn from the University.

New first-time students whose institutional GPA is below 1.0 after their first semester are academically suspended from the university without being first placed on probation.

For more information visit the Office of Advising and Career Services website at [www.oacs.eku.edu](http://www.oacs.eku.edu) (<https://www.oacs.eku.edu>) or call (859) 622-1296.

## Academic Standing Noted on Transcript

A student's academic standing (good standing, academic probation, academic suspension, or academic dismissal) is determined at the conclusion of each semester and is notated term by term on the student's transcript.

Expulsion is the permanent separation of a student from the institution. Expulsion at EKU is restricted to the most egregious academic or disciplinary offenses. Expulsion, due to its permanent nature, is notated on the official transcript with the comment, "Expelled – ineligible to return".

Details of due process that can lead to expulsion of a student can be found in the Eastern Kentucky University Handbook for Students.

## Class Attendance

Students must be registered in a class in order to attend and participate. Individuals not registered are prohibited from doing so.

Research shows that students who regularly attend class are more likely to succeed. The University expects all students to be officially registered before the end of the add/drop period for each course, and to attend all class meetings. EKU students are responsible for course work covered during all class periods, specifically any work missed during any absence from class, including the first class meeting. Each instructor will record absences and deal with them in a manner consistent with departmental policy for that course. Since attendance policies vary among departments and for courses within departments, students must be familiar with the policy printed on the course syllabus.

If a student presents the instructor with an adequate and documented reason for an absence, the instructor normally will give the student an opportunity to make up the work missed, if this is feasible. Adequate reasons involve circumstances beyond the student's control, such as personal illness, critical illness, or death in the immediate family, or participation in an approved University activity. No absence of any nature will be construed as relieving the student from responsibility for the timely completion of all work assigned by the instructor. Initiating the request to make up class work is the student's responsibility.

**Absence from Class Due to Participation in an EKU Sponsored Event:** A student who participates in an EKU sponsored event should complete and process a Student Absence from Class form before the sponsored event. This form explains the student's absence, it does not excuse the student from responsibility for content covered during the approved absence.

**First Day of Class Attendance:** This process is designed to ensure clear reinforcement of the message that class attendance at EKU is important. All faculty (undergraduate and graduate, online and all other modes of delivery) are required by the University to drop a student for being absent (or not participating online) on the first day of class/first week of class (as scheduled by the Registrar's Office). Students who know they will be absent should contact their instructor or the academic department office **prior to the 1st class meeting** to explain their absence and request that the instructor not drop them from the class.

Students are responsible for monitoring their class schedule and should never assume that missing the first day of class will automatically

result in removal from that class. A student who never attends a class but remains enrolled will receive a failing grade in the course and is responsible for tuition and fees for that class.

## Classification of Students

A student's classification is determined by the number of semester hours earned, as follows:

Student Classification	Semester Hours
Freshman	0 - 29 semester hours earned
Sophomore	30 - 59 semester hours earned
Junior	60 - 89 semester hours earned
Senior	90 or more semester hours earned

## Course Types

### Course by Special Arrangement

A Course by Special Arrangement (CBSA) is a course that is a required part of an approved curriculum program but is being offered to a student during a term or at a time when circumstances prevent the course from being a part of the department's regular class schedule. A CBSA will be approved only if it is within the last two semesters of a student's pending graduation, and if the course meets a degree requirement that cannot be fulfilled by any other mechanism, including independent study. Prior to registration, students must file the CBSA Petition. This petition requires the signature/approval of the instructor, program chair, and dean. An independent study course cannot be a Course by Special Arrangement. Tuition and fees for CBSA courses are computed at the same rate as other regular on-campus courses.

### Independent Study Course

Independent study courses, which are distinct from Course by Special Arrangement and special topics courses, are designed to provide an opportunity for a student to pursue a research/study interest not available through any of the courses offered in a program at ECU. To qualify to enroll in an independent study course, students must have a GPA of 2.5 or higher.

Independent study courses must be under the supervision/direction of a faculty member with appropriate qualifications for the course content and must be guided by an approved research or project plan. Independent study courses must follow the prescribed Independent Study protocol and be approved in advance of enrollment. The independent study course must be appropriately designated as such in the *Catalog*. Independent study courses should not be used as a mechanism to teach a course not offered in a given semester or as a substitution for program requirements, though they may, with appropriate approval, fulfill such requirements. Independent study courses are not intended to be a mechanism for enrolling in a course for which a student would otherwise be ineligible. Tuition and fees for independent study courses are computed at the same rate as other regular on-campus courses.

### Service Learning

Courses that have been officially recognized as including service-learning within their curriculum are designated with the letter "S" following the course prefix and number. Service-learning is defined as:

An academic experiential educational method in which students participate in an organized service activity that meets identified community needs and reflects on the service activity in such a way as to:

- gain further understanding of course content,
- develop critical thinking skills, and
- develop an enhanced sense of civic responsibility

Students will be required to participate in at least 5 hours of community service per credit hour of course credit.

### Special Topics Courses

Special topics courses are designed to offer the opportunity for students to study specialized areas within a discipline. These courses are created with normal class enrollment expectations. The topic of study is designated by the course section title, and may or may not vary with each offering. Students may repeat a special topics course (for the purpose of earning additional course credit) only if the specific course title is different with each subsequent enrollment.

### Student Success Seminars

Every student seeking a baccalaureate degree or Associate of Arts Degree in General Studies must complete a 1-3 credit Student Success Seminar.

- Full time students must complete the Student Success Seminar during their first semester.
- Part time students are strongly encouraged to complete the Student Success Seminar during their first semester, and must complete it within their first 18 credits.
- Students who earn a grade of "W," "F," or "FN" in a Student Success Seminar must repeat the course the following term.
- Transfer students who have 30 or more transfer credits with normal grading upon admission to ECU may have this requirement waived. (Some majors require all students to take a Student Success Seminar, regardless of transfer status.)

## Declaring a Program of Study

### Changing Major/Minor/Concentration

Because changing majors generally lengthens students' time to degree, and thus can significantly increase student debt, students are limited to changing their major only one time per year.

After earning 105 credit hours, students desiring to change their major, or add a minor/concentration/certificate, approval from the dean of the college of their first major is required, unless the change does not extend time to graduation. Students should speak with a college advisor for details regarding this process.

Once a student has applied to graduate they are expected to follow their degree plan that has been certified by a college graduation expert.

Students may declare or change their currently declared major, minor, or concentration, after careful review and advisement by completing the appropriate form and obtaining the written approval of the department chair or advisor of their desired new program. (Read below regarding programs that have specific entrance requirements).

When a major change is received by the Registrar's Office it will be processed, and a new advisor will be assigned by the Office of University Advising within 2-5 business days.

Students who request a change of major will be moved into the current program for the desired major, per the Catalog, in force at the time the request was received. All students are subject to the University graduation requirements and policies that are listed in this institution's current catalog.

Some programs of study require specific admission criteria, and have a formalized admission process. These programs require a separate application for admission. Please refer to the program requirements section of this catalog to determine whether a program has a specific admissions processes or criteria.

When declaring a major, all degree-seeking students shall declare as a first major an EKU degree program, or a university certificate if that is the student's only educational goal.

## Degree Audit

A degree audit is the tool used by EKU to determine degree completion. Degree Works is a degree audit report available to students and advisors online via myEKU (student web and faculty web). This audit lists the requirements for a student's program and how completed and in-progress courses apply to that program. Degree Works must reflect that program requirements are 100% complete before the student's degree will be awarded.

Students should contact their academic advisor if they have questions concerning degree requirements or their Degree Works report.

**Curriculum Guides-Academic Plans:** Curriculum guides for each program are printed in this catalog and part of the Degree Works Academic Planner. All students should create an academic plan in Degree Works, maintain and follow that plan. To make timely progress toward a degree full-time students are expected to earn at least 15 credit hours per semester.

Colleges will make available to students through appropriate advising any additional non-curricular requirements that apply to the specified major.

## Degree Information and Requirements

### EKU Academic Residency Requirement

A minimum of 25% of coursework applied toward the completion of any major core requirements, minors, and/or EKU certificates must be earned at EKU.

### Catalog

For all graduation requirements, including general education, students will be governed by the Catalog in use at the time they enter the University or declare a new major. Each student has a catalog year associated with their student record, designating the academic year for the *Catalog* dictating their program, General Education, and University graduation requirements. The catalog year for each student may be found on the student's degree audit. If in a subsequent year any graduation requirements change, students may elect to complete the later requirements by requesting the Registrar's Office move them to the current *Catalog*. In certain circumstances, such as accreditation

requirements or professional regulations, the Registrar, at the request of the dean of the college or dean of the Graduate School, may move a student to a more current catalog. Such actions would be taken if deemed prudent to protect the student's ability to attain professional licensure and certification. In these circumstances the University will make every effort to assist the student with the transition to the new catalog's curricular requirements.

Students who stop out for more than two years will meet all graduation requirements in place at the time they re-enroll. Students who stop out for fewer than two years may elect to be returned to the graduation requirements in place at the time they declared their major by submitting a request to the Registrar's Office.

## Current University Policy

Student curricular requirements are tied to the associated catalog, however, with regard to policy requirements all students are governed by current University policies that have been approved by appropriate University committees.

## Comprehensive Associate Degree Requirements

To qualify for an associate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, including basic skills proficiencies in English, reading, and quantitative reasoning; any applicable PCC<sup>1</sup>; general education<sup>2</sup>; and a student success seminar, as established by appropriate University committees for each degree program.
3. Complete a minimum of 60 semester credit hours.
4. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at Eastern Kentucky University.
5. Earn a minimum of 15 semester hours through Eastern Kentucky University.
6. Earn the credits applicable to major and supporting degree requirements within eight years prior to the date the degree is awarded. Credits more than eight years old may be used to meet general education, upper division, and free elective areas. The college dean of a student's major may validate individual eight-year-old (or older) coursework as meeting major and/or supporting requirements.

Degree Requirement Notes:

1

The Kentucky PreCollege Curriculum (PCC) is defined and prescribed by the Kentucky Council on Postsecondary Education (CPE). Six hours of the same World Language must be completed within 24 credit hours of enrollment. Applies to students under 21 when first admitted, and/or transferred into EKU fewer than 24 credit hours. See Degree Works to confirm whether a student has a PCC requirement. PCC deficiencies must be remediated within the first 24 hours of enrollment, excluding developmental hours.

2

General Education Requirements for Associate Degrees: Students in associate degree programs must earn a minimum of 15 hours in courses approved for general education. These hours must include ENG 101 Reading, Writing, and Rhetoric and ENG 102 Research, Writing, and Rhetoric or their equivalent. The nine additional hours must include one course in each of the following General Education Elements: 3A, or 3B (Arts and Humanities); 5A, or 5B (Social and Behavioral Sciences); and 2 (Quantitative Reasoning), or 4 (Natural Science with Lab).

## Comprehensive Baccalaureate Degree Requirements

To qualify for a baccalaureate degree, students must satisfy the following requirements:

1. Complete all requirements in the degree program as established by appropriate University committees.
2. Complete University academic requirements, as established by appropriate University committees for each degree program, that includes:
  - a. Basic skills proficiencies in English, reading and quantitative reasoning, and any applicable PCC<sup>1</sup>,
  - b. Student Success Seminar (if applicable)
  - c. A writing-intensive course,
  - d. General Education<sup>2</sup>
3. Complete a minimum of 120 semester credit hours, with at least 42 hours at the 300 level or above.<sup>4</sup>
4. Earn a minimum grade point average (GPA) of 2.0 on all college-level work taken at Eastern Kentucky University.
5. Earn a minimum of 30 semester hours through EKU if the student is pursuing a 120 hour degree program. If the degree program sought requires greater than 120 semester hours, the minimum EKU residency credit shall be no less than 25% of the total program hours.<sup>5,6</sup>
6. Earn the credits applicable to the major and supporting degree requirements within eight years prior to the date the degree is awarded. Credits more than eight years old may be used to meet general education, upper division and free elective requirements, as well as major requirements for the General Studies degree. The college dean of a student's major may validate individual 8-year-old courses to count for non-General Studies major and supporting requirements.

Degree Requirement Notes:

1

The Kentucky PreCollege Curriculum (PCC) is defined and prescribed by the Kentucky Council on Postsecondary Education (CPE). Six hours of the same World Language must be completed within 24 credit hours of enrollment. Applies to students under 21 when first admitted, and/or transferred into EKU fewer than 24 credit hours. See Degree Works to confirm whether a student has a PCC requirement. PCC deficiencies must be remediated within the first 24 hours of enrollment, excluding developmental hours.

2

General Education Requirements for Baccalaureate Degrees: The General Education Program consists of 36 hours of course work in six Elements:

1. Communication
2. Quantitative Reasoning
3. Arts and Humanities
4. Natural Sciences
5. Social and Behavioral Sciences, and
6. Diversity of Perspectives and Experiences.

Students must earn the specified number of hours in each of these course categories. See the General Education section in this Catalog for more detailed information about general education requirements.

4

Hours Required for a Baccalaureate Degree: The University requires a minimum of 120 semester hours to earn a baccalaureate degree. In most cases this minimum is also the maximum. While there is no upper limit beyond 120 semester hours which may be set as a particular major program's requirements, each program or program change is approved through the University's committee system and any program requiring beyond 120 semester hours will require substantiation of additional requirements.

5

According to AACSB International business accreditation standards, students enrolled in University baccalaureate degree programs, other than those within the School of Business, will not receive credit toward their degrees for more than 25 percent of their undergraduate programs in credit hours in courses offered through the School of Business and/or business courses (courses commonly taught in school of business) transferred from other colleges and universities or taken from other units within Eastern Kentucky University. Students who desire to take business courses are encouraged to enroll in the Business minor.

6

Degree programs offered by the College of Business and Technology have more stringent residency requirements. Please refer to degree requirements in the College of Business and Technology section of this Catalog.

## Degree Program Definitions

**A. Major (Baccalaureate):** A major is a primary area of study defined by a set of course and/or credit hour requirements within a specified discipline or with a clearly defined multi-disciplinary focus. Thirty semester hours is the minimum requirement for a baccalaureate degree major. A course that meets a core program requirement for a major may also fulfill, at the same time, a University graduation requirement; with the exception that a course cannot be used to meet both a major core requirement and a general education area. At least 25% of the major (which includes core courses, concentrations, and major electives) must be earned at EKU. See the Comprehensive Baccalaureate Degree Requirement section for more details on degree requirements.

**B. Concentrations (Baccalaureate):** A concentration (synonymous with an option, emphasis, specialty or track) represents a collection of courses offering a student the opportunity to develop a focus within the broader area of their major program. There will be a common grouping of courses (a minimum of 21 semester hours) shared by the major core and its associated concentration. The concentration adds onto the major core an additional 12-18 semester hours of specified coursework to develop the desired expertise. Concentrations may, or may not, be a required

component of the program of study. Deviations from the 12-18 hour concentration may be granted by the Council on Academic Affairs when unusual program requirements dictate.

**C. Minor (Baccalaureate):** Minors require a minimum of 18 semester hours and at least 25% of all required coursework for the minor must be earned at EKU. A list of specified courses may be added for students seeking a teaching certification extension in the minor. A student may not declare a minor with the same subject matter (course prefix) as their declared major program of study. Students seeking only an associate degree may not declare a minor. The same course credit may be applied for both major core or supporting requirements and a student's minor. A minor course that is a required part of major core cannot also be used to fulfill a general education requirement.

**D. Supporting Courses:** Supporting courses are courses that are outside the degree program that provide necessary skills or knowledge. A course cannot be listed as a supporting course if it is offered by the home department of the degree program, unless it is tied by prefix to a different degree program. Supporting courses that are approved as general education courses may be used to fulfill both supporting and general education requirements.

## Concurrent (Dual Degrees) and Subsequent Degrees

**Concurrent Degrees:** A student may qualify to earn two degrees concurrently (dual degrees) by completing all requirements for both degrees, including major, supporting, and general education requirements. Courses used in one degree program may also be used in the other. The student has the responsibility to file a separate graduation application for each degree being sought. If the two degrees are in the same college, the student must file two applications in the office of the college dean. If they are different colleges, one application must be filed in each dean's office. Please refer to the "Application for Graduation" section of this catalog for more details.

**Concurrent Associate Degrees:** If two 60 credit hour associate degrees are pursued concurrently, a minimum of 75 credit hours must be earned. If one or both of the associate degrees has program requirements in excess of 60 hours, the degree program with the highest number of required hours will be considered the student's first associate degree, and the hours required to earn the second associate degree shall be 25% of the second program's total hours. Students seeking only an associate degree may not declare a minor.

**Concurrent Baccalaureate Degrees:** If two 120-credit-hour baccalaureate degrees are pursued concurrently, a minimum of 150 credit hours must be earned. If one or both of the baccalaureate degrees has program requirements exceeding 120 hours, the degree program with the highest number of required hours will be considered the student's first baccalaureate degree, and the hours required to earn the second baccalaureate degree shall be 25% of the second program's total hours.

**Concurrent Baccalaureate and Associate Degree:** The minimum number of hours required for concurrently earning an associate and a baccalaureate degree is the number required by the baccalaureate degree. Associate degree earners are expected to complete that degree prior to completion of their baccalaureate degree.

**Subsequent Degrees:** Students having earned one degree, either from Eastern Kentucky University or from another regionally accredited institution, may subsequently pursue an additional degree, either associate or baccalaureate, by completing all requirements of the subsequent degree, including major, supporting, and general education

requirements. For students who earn their first degree at EKU, hours earned prior to the awarding of a first baccalaureate or associate degree may be counted toward the minimum required to earn a subsequent baccalaureate or associate degree.

Students must earn at least 15 approved semester hours at EKU for an associate degree beyond those required for the earlier degree. A subsequent baccalaureate degree requires at least 30 approved hours earned at EKU beyond those required for the earlier degree.

Students who have completed a previous degree elsewhere and apply to Eastern Kentucky University, should have official transcripts from the institutions previously attended sent to Eastern Kentucky University's Admissions Office.

## Multiple Majors/Minors

Students pursuing baccalaureate degrees other than General Studies may consider more than one major and/or minor. All requirements for the declared major and/or minor must be completed by the time the initial degree is awarded. Associate degrees are not eligible for minors or second/multiple majors.

Students are required to declare a primary degree program (specific baccalaureate degree and first major). This program of study is that which will be recorded on the diploma, and which will determine the degree awarded by the University. A second or additional major represents a further emphasis of study and shall be designated on the student's academic transcript. Earning a second or other major, however, is not to be considered as completion of an additional or distinct degree program.

**Double Majors vs. Dual Degrees:** A student pursuing one degree, but two major areas of study, is said to have a "double major". To complete a double major the student must earn all hours required by the degree program of their first major plus any additional course(s) needed to fulfill only the major and supporting requirements of the second major. A student who fulfills all requirements for two complete degree programs, earning no fewer than 150 credit hours is said to be a "dual degree candidate". Students who wish to earn two baccalaureate degrees (dual degrees) should refer to the Concurrent Degree policy. Note that associate degrees are not eligible for minors or second/multiple majors.

**Awarding Subsequent Majors/Minors:** EKU does not award a subsequent major/minor/concentration after an initial degree is conferred unless the student completes a subsequent degree program. A student who earns a double major baccalaureate degree may not return to complete a subsequent degree in either of the double major subjects. While multiple majors, minors and certificates earned by a student are formally posted to the student's academic transcript, only the degree earned and one major will be printed on the diploma. Students interested in pursuing multiple majors, minors, certificates and/or concentrations should contact the Office of Academic & Career Services, a college advising office, or the department of interest for additional information.

## Enrollment and Class Schedule Academic Load

The limitations below apply to all enrollments or combinations of enrollments for the term specified, including campus classes, regional campus classes, online study, and enrollments at other institutions. The Registrar will not record credits beyond these maximums.

**Enrollment in Fall/Spring Terms:** To make timely progress toward their degree, **full-time students are expected to earn 15-16 credit hours each fall/spring semester or 30 credit hours per academic year (Fall/Winter/Spring/Summer).** Full-time student status requires a minimum of 12 credit hours during a fall or spring term. Students carrying fewer than 12 credit hours are considered part time. A student who has established a superior record may be permitted to enroll for more than 18 hours by the dean of the college of the student's first major. The absolute maximum load for an undergraduate student is 21 credit hours.

**Enrollment in Summer Term:** For enrollment verification and financial aid during the summer semester, an undergraduate student must be registered in at least 12 credit hours to be considered a full-time student. Enrolling in more than 12 credit hours is restricted to students who have established a superior academic record. Permission to enroll in more than 12 credit hours during the summer must be granted by the dean of the college of the student's first major. The absolute maximum summer enrollment is 15 hours.

**Enrollment in Winter Term:** Winter term is a 6 week session falling between the fall and spring semesters. Winter term classes vary, ranging from 1 to 4 credit hours. Because of the condensed nature of winter term classes students are limited to attempting an absolute maximum academic load of 6 credit hours in a single winter term session.

**Financial Aid and Enrollment Verification:** Please note that, for financial aid, enrollment verification, and loan consideration, full-time status requires a minimum of twelve semester hours in any academic term.

Note: Students who are not on good standing academically have lower maximum enrollment limits. Please refer to the section on Minimum Academic Standards.

## Class Schedule Changes

**Dropping a Class - 1st Week of Class:** If students wish to add courses to their schedule, they must do so by the date published in the Colonel's Compass for that term. If a student drops a course by the end of a term's Schedule Change Period (add/drop), the course will not appear on the student's grade report or transcript. Course drops are executed online through myEKU.

**Late Enrollment** - Students who wish to add a class to their schedule after the published deadline to do so, must secure the permission of the instructor of the course, the department chair, and the dean of the college offering the course. The student shall complete the Request for Late Enrollment and submit it to the instructor of the class. If enrollment is approved, the instructor passes the form onto the appropriate department office for further processing. The Request for Late Enrollment form is available on the Registrar's website.

**Note:** University holds preventing registration do not constitute an excuse for attending class without being officially enrolled. Students are expected to communicate with the office which placed the hold on their account and secure permission to be enrolled – **before** the deadline to add a class online.

## Withdrawing from a Class

See Withdrawal section in this catalog.

## Final Examinations

If a student is scheduled for more than three final examinations on the same day, the student may request, through the college dean, that the fourth examination be rescheduled.

## Fee for Initial Registration After Classes Begin

Students whose initial registration for the term does not occur until on or after the first day of class will be assessed a non-refundable \$50 late initial registration fee.

## Exploratory Students

If students are academically exploring and are not ready to declare a major, they will be enrolled as an exploratory student. A major should be declared as soon as students decide on their field of interest. Students must officially declare a major prior to registration during the semester in which they register for their 45th hour. Until a major is declared, students' curriculum will include general education courses appropriate for most baccalaureate programs. In addition, students will be encouraged to take exploratory electives that will allow them to sample disciplines they may like to select as a major.

## General Education Requirements

The mission of general education is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about matters of public and personal significance in a diverse, democratic society and global community. The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. Courses that are used to satisfy the program's Major Requirements cannot also be used to satisfy General Education requirements.

The General Education Program consists of 36 hours of course work in six elements:

1. Communication,
2. Quantitative Reasoning,
3. Arts and Humanities,
4. Natural Sciences,
5. Social and Behavioral Sciences,
6. Diversity of Perspectives and Experiences.

Students must earn the specified number of hours in each of these Elements.

Some courses may be listed in more than one General Education category. However, no single course can be used to satisfy more than one General Education requirement.

## Changing General Education Requirements

The following General Education program is highly integrated with University requirements, therefore students moving into the newest

catalog will be held to these General Education and University graduation requirements, as well as major requirements as listed in this Catalog.

Students will have one catalog year governing all graduation conditions. To see how a Catalog change will impact their progress toward degree, students are expected to first run a "What-If" Degree Works audit and study the impact of a Catalog change. Once a student has moved forward to a new catalog year they cannot move back to a previous year.

The courses listed award three hours of credit, unless a number appears in parentheses following the course name. This number represents the hours awarded for such courses. Courses with an "L" are laboratory classes and one credit hour unless otherwise noted. Course numbers followed by (\*) have prerequisites or other restrictions on enrollment. Refer to Course Descriptions in Section Seven of this Catalog for specific restrictions.

### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

## Element 1: Communication

### 1A Written Communication

Three hours required.

Code	Title	Hours
ENG 101	Reading, Writing, and Rhetoric	3
ENG 101R	Reading, Writing, and Rhetoric	4
ENG 101RZ	Rding Wrting & Rhtrc Support	4
ENG 101Z	Reading, Writing, & Rhetoric	3
ENG 105	First Year Writing Seminar	3,6
HON 102	Honors Rhetoric	6
HON 103	Honors Communication	3

### 1B Written Communication

Three hours required.

Code	Title	Hours
ENG 102	Research, Writing, and Rhetoric	3
ENG 102R	Research, Writing, and Rhetoric	4
HON 102	Honors Rhetoric	6
HON 103	Honors Communication	3

**Note:** Students earning "A" or "B" in ENG 105 First Year Writing Seminar will earn six hours of credit, three hours of which will be applied to category IB, thus completing Elements 1A & 1B. Those earning "C" or "D" will earn three hours credit, completing only Element 1A, and will then take ENG 102 Research, Writing, and Rhetoric.

## 1C Oral Communication

Three hours required.

Code	Title	Hours
CMS 100	Introduction to Human Communication	3
CMS 100Z	Intro to Human Communication	3
CMS 210	Public Speaking	3
CMS 210Z	Public Speaking	3
CMS 215	Business and Professional Presentations	3
EES 250	Basic Social Intelligence Skills	3
HON 102	Honors Rhetoric	6
HON 103	Honors Communication	3

## Element 2: Quantitative Reasoning

Three hours required.

Code	Title	Hours
HON 304W	Honors Seminar in the Mathematics Sciences:_____	3
MAT 105	Mathematics with Applications	3
MAT 106	Applied Mathematics:___	3
MAT 110	Intro to Algebraic Functions	3
MAT 112	Algebra with Applications	3
MAT 112A	Algebra: Polynomials	1.5
MAT 112B	Algebra: Functions & Matrices	1.5
MAT 114	College Algebra	3
MAT 120	Trigonometry	3
MAT 122	Precalculus Mathematics	5
MAT 211	Applied Calculus	3
MAT 234	Calculus I	4
PHI 101	Logic and Critical Reasoning	3
PHI 101R	Logic and Critical Reasoning (Supported)	4
STA 215	Introduction to Statistical Reasoning	3
STA 270	Applied Statistics	4

## Element 3: Arts and Humanities

Six hours required.

Select three hours in Arts courses listed in 3A and three hours in Humanities courses listed in 3B.

### 3A Arts

Three hours required.

Code	Title	Hours
ART 200	Art Appreciation: Orientation	3
BEM 350	Cinema History I	3
BEM 351	Cinema History II	3
ENG 335	Modern Drama	3
ENG 335W	Modern Drama	3
ESS 200	Dance and Culture	3
HON 307W	Honors Seminar in the Arts:___	3
HUM 124	Humanities and the Search for Meaning	3
HUM 226	The Search for Meaning: The Ancient World	3
HUM 228	The Search for Meaning: The Modern World	3
HUM 300	Humanity in the Postmodern Age	3
HUM 300W	Humanity in the Postmodern Age	3
MUH 171	Music Appreciation	3
MUH 271	Jazz History	3
MUH 272	Music Literature	3
MUH 273	Survey of American Popular Music	3
PHE 200	Dance and Culture	3
THE 100	Introduction to the Theatre	3
THE 135	Acting I	3
THE 390	Theatre History I	3
THE 391	Theatre History II	3

### 3B Humanities

Three hours required.

Code	Title	Hours
AFA 201	The African Experience	3
AFA 201W	The African Experience	3
APP 365	Appalachian Literature	3
ENG 110	Introduction to Literature	3
ENG 210	Enjoying Literature	3
ENG 210W	Enjoying Literature	3
ENG 211	Survey of World Literature I	3
ENG 212	Survey of World Literature II	3
ENG 299W	Research in History & English	3
ENG 365	Appalachian Literature	3
FCC 210	Topics in Culture:___	3
FCC 220	French Culture and Civilization	3
FCC 222	German Culture and Civilization	3
FCC 226	Hispanic Culture and Civilization	3
FCC 227	Japanese Culture and Civilization	3
HON 101	The Examined Life	3
HON 102	Honors Rhetoric	6
HON 308W	Honors Seminar in the Humanities:___	3
HUM 124	Humanities and the Search for Meaning	3
HUM 226	The Search for Meaning: The Ancient World	3
HUM 228	The Search for Meaning: The Modern World	3
HUM 300	Humanity in the Postmodern Age	3
HUM 300W	Humanity in the Postmodern Age	3
PHI 110	Beginning Philosophy	3
PHI 110W	Beginning Philosophy: Writing Intensive	3
PHI 130	Beginning Ethics	3

PHI 130S	Beginning Ethics	3
PHI 240	Philosophy of Religion	3
PHI 240W	Philosophy of Religion: Writing Intensive	3
PHI 300	Greek and Roman Philosophy	3
PHI 300W	Greek & Roman Philosophy: W	3
PHI 320	Modern Philosophy	3
POL 250	Introduction to Political Philosophy	3
REL 301	World Religions	3
REL 301W	World Religions: Writing Intensive	3
THE 390	Theatre History I	3
THE 391	Theatre History II	3

### 3AB

Code	Title	Hours
HUM 124	Humanities and the Search for Meaning	3
HUM 226	The Search for Meaning: The Ancient World	3
HUM 228	The Search for Meaning: The Modern World	3
HUM 300	Humanity in the Postmodern Age	3
HUM 300W	Humanity in the Postmodern Age	3

## Element 4: Natural Sciences

Six hours required.

Select two courses from the list below that have different course prefixes.

Code	Title	Hours
ANT 201	Introduction to Biological Anthropology	3
AST 130	Introductory Astronomy	3
AST 133	Astronomy Transition Lab	1
AST 135	Introductory Astronomy	3
AST 335	Stars, Galaxies, & Cosmology	3
BIO 102	Inquiry Biology for Teachers	3
BIO 111	Cell and Molecular Biology	4
BIO 112	Ecology and Evolution	4
CHE 100	Inquiry Chemistry for Middle School Teachers	3
CHE 101	Introductory Chemistry	3
CHE 101L	Introductory Chemistry Lab	1
CHE 105	Chemistry for the Health Sciences	3
CHE 105L	Health Science Chemistry Lab	1
CHE 111	General Chemistry	3
CHE 111L	General Chemistry Lab I	1
FMT 140	Introduction to Fermentation	4
GEO 110	Environmental Geography	3
GEO 210	Introduction to Physical Geography	3
GLY 102	Earth Science for Elementary Teachers	3
GLY 104	The Ocean World	3
GLY 107	Gold and Diamonds	3
GLY 108	Earthquakes and Volcanoes	3
GLY 109	Great Moments in Earth History	3
HON 317	Honors Seminar in the Natural Sciences:___	3
PHY 101	Conceptual Physics	3
PHY 102	Inquiry Physics for MS Teachers	3
PHY 131	College Physics I	5

PHY 132	College Physics II	5
PHY 201	University Physics I	5
PHY 202	University Physics II	5

## Element 5: Social and Behavioral Sciences

### 5A Historical Perspective

Three hours required.

Code	Title	Hours
ANT 200	Archaeology and Human Cultures	3
HIS 100	World Topics to 1500:___	3
HIS 101	World Topics Since 1500:___	3
HIS 102	American Civilization to 1877	3
HIS 103	American Civilization Since 1877	3
HIS 204W	Historical Inquiry:___.	3
HON 310W	Honors Seminar in History:___	3
MSL 303	American Military History	3
POL 101	Introduction to American Government	3
POL 212	Introduction to Comparative Politics	3

### 5B Social and Behavioral Science

Three hours required.

Code	Title	Hours
ANS 200	Introduction to Animal Studies	3
ANT 120	Introduction to Cultural Anthropology	3
APP 200	Introduction to Appalachia	3
BEM 200	Mass Media and Society	3
CMS 200	Interpersonal Communication	3
COM 200	Mass Media and Society	3
COM 200W	Mass Media & Society	3
CRJ 101	Introduction to Criminal Justice	3
ECO 120	Economic Reasoning and Issues	3
ECO 130	Contemporary Economic Problems	3
ECO 230	Fundamentals of Microeconomics	3
ECO 231	Fundamentals of Macroeconomics	3
GEO 100	Regions and Nations of the World	3
HEA 216	Introduction to Public Health	3
HON 301	Self and Community	3
HON 312W	Honors Seminar in the Social and Behavioral Sciences:___	3
POL 100	Principles of Politics and Government	3
POL 100S	Principles of Politics & Govt	3
POL 101	Introduction to American Government	3
POL 212	Introduction to Comparative Politics	3
POL 220	Introduction to World Politics	3
POL 250	Introduction to Political Philosophy	3
PSY 200	Introduction to Psychology	3
PSY 200W	Introduction to Psychology: Writing Intensive	3
PSY 200Z	Introduction to Psychology	3
PSY 280	Lifespan Developmental Psych.	3

PSY 280W	Lifespan Developmental Psychology: Writing Intensive	3
SOC 131	Introductory Sociology	3
SOC 235	Social Problems	3
SWK 310	Social Welfare Policy History	3

## Element 6: Diversity of Perspectives and Experiences

Six hours required.

(Foreign Language course will also meet PCC language requirement.)

Select any two courses from the list below:

Code	Title	Hours
AFA 200	Exploring Africa Through Play	3
AFA 201	The African Experience	3
AFA 201W	The African Experience	3
AFA 202	The African American Experience	3
AFA 356	African American Political Thought	3
AFA 360	Literatures of Africa	3
AFA 361	African American Literature	3
AFA 400	Race and Ethnicity	3
ANT 330	Native American Cultures	3
APP 200	Introduction to Appalachia	3
APP 365	Appalachian Literature	3
APP 373	Politics of Development in Appalachia	3
ASL 101	American Sign Language I	3
ASL 102	American Sign Language II	3
ASL 225	Introduction to Deaf Studies	3
CDF 232	Identity and Sexuality	3
CHN 101	Conversational Chinese I	3
CHN 102	Conversational Chinese II	3
CMS 375	Intercultural Communication	3
EDC 106	Culturally Responsive Perspectives	3
EMS 200	Exploring Africa Through Play	3
ENG 360	Literatures of Africa	3
ENG 361	African-American Literature	3
ENG 362	North American Native Literature	3
ENG 364	Women's Literature	3
ENG 365	Appalachian Literature	3
ENG 366	Queer Theory and Literatures	3
FLS 101	Language Topics:___	3
FLS 102	Language Topics:___	3
FRE 101	Conversational French I	3
FRE 102	Conversational French II	3
FRE 201	Intermediate Conversational French I	3
FRE 202	Intermediate Conversational French II	3
GER 101	Conversational German	3
GER 102	Conversational German II	3
GER 201	Intermediate Conversational German	3
GER 202	Intermediate Conversational German II	3
HEA 310	Introduction TO Global Health	3
HIS 205	The Marginalized in History:___	3

HON 320W	Honors Seminar in Diversity of Perspectives and Experiences:___	3
HUM 360	Topics in Non-Western Traditions: ___	3
JPN 101	Conversational Japanese I	3
JPN 102	Conversational Japanese II	3
JPN 201	Intermediate Japanese I	3
JPN 202	Intermediate Japanese II	3
LAT 101	Beginning Latin I	3
LAT 102	Beginning Latin II	3
POL 356	African American Political Thought	3
POL 373	Politics of Development in Appalachia	3
REL 320	Judaism	3
REL 335	Islam	3
REL 340	Religions of India	3

SPA 202	Intermediate Conversational Spanish II	3
SPA 205	Accelerated Spanish II	6
VTS 200	Intro to Veterans Studies	3
VTS 300	Veterans in Society	3
WGS 201	Intro to Women & Gender Studies	3
WGS 205	Sexualities and Social Issues	3
WGS 364	Women's Literature	3
WGS 366	Queer Theory and Literatures	3
WGS 399	Gender and Society	3

If Foreign Language is used to meet the requirement, it is strongly recommended that students take two courses in the same language. A student with a foreign language PCC need must take two terms of the same language.

## Grades

**Auditing Courses:** A student may audit a course (i.e., take it without credit) with the permission of the instructor and the dean of the college involved if the course has been approved to be taken Audit. The Registrar's Office can verify whether a course is approved to be taken as Audit. After registering for the course as usual, students must obtain the "audit a course" form from the Registrar's Office, obtain the appropriate signatures and return it to that office, Whitlock 239. Fees are the same as for courses taken for credit. Students enrolled for audit must comply with the attendance policy of the instructor or no course entry will be made on their academic record.

**Changes to Transcript:** Once a degree has been posted to the transcript, changes will not be made to courses or grades that were earned prior to the posting of the degree. Students have one calendar year in which

to bring to the Registrar's attention an error on their transcript. This does not include any challenge based upon an unsatisfactory grade. Refer to the student handbook for the appropriate process for grade challenges (<http://studentaffairs.eku.edu/studenthandbook> (<http://studentaffairs.eku.edu/studenthandbook/>)).

**Credit/No Credit (CR/NC) Coursework:** The grade of "CR" (credit) is awarded as recognition of appropriate scores on AP, IB, CLEP or other proficiency exams and prior learning assessment. International coursework transferred to ECU will be recorded as CR/NC. Existing ECU students who complete an ECU-approved/sponsored study abroad program, and have a completed Study Abroad Pre-Approval form on file in the ECU Office of International Student and Scholar Services, may receive a regular letter grade for the international coursework taken while participating in the sanctioned study abroad experience.

Undergraduate course work with CR grades may be used to fulfill major, minor, certificate, supporting program, and/or concentration area requirements, (unless explicitly prohibited by the appropriate academic department), to a maximum of 20% of the credit hours required for each component of an academic program's major. Exceptions to this limit may be authorized by the Dean/Associate Dean of the college offering the program. There is no limit to the number of CR credit hours used to meet general education areas or to serve as free electives.

**Previous Developmental College Readiness Coursework (Zero-Level)<sup>1</sup>:** Prior to Fall 2018, developmental courses were numbered 090 or 095. These are institutional-credit courses. Credit hours for a zero-level course do not apply toward graduation; however, zero-level courses do count toward enrollment status for purposes of financial aid eligibility and full-time student status. Grades for 090 and 095 developmental courses include A, B, C, and F.

1

MAT 098 is a zero-level course but not a developmental course

**Equivalent Courses:** Equivalent or cross listed courses are those in which credit will be earned for just one course. Equivalent courses may or may not be cross-listed in the schedule. Should there be a second enrollment in an equivalent or cross listed course, the student will either be disenrolled from the course or have credit removed at the end of the semester. Upon a change of major, permission for enrollment and credit for the second course, when required in the new major, must be obtained in advance from the college dean of the new major. In that instance, credit for the first taking will be removed.

**Failure Due to Academic Dishonesty (FX):** This grade is a sanction for repeated violations of the Academic Integrity (AI) Policy. The "FX" grade denotes failure in the course due to academic dishonesty and is a permanent grade reflected on the student's transcript. A student assigned an "FX" grade will not be permitted to drop or withdraw from the course. A student who wishes to repeat a course in which an FX grade was applied may do so for the purpose of rehabilitating their GPA. The course may only be repeated at ECU. Repeating an FX course will not remove the FX grade from the student's transcript.

**Grade Appeals:** If a student believes that the final grade assigned in a course is unjustified, that student should consult the instructor seeking a satisfactory explanation. If, after doing so, the student still feels that the grade is unjustified, the student may appeal the grade, in writing, to the department chair. A written appeal must be filed with the chair within 30 days after the beginning of the next semester (exclusive of summer

session). Refer to the University Handbook for Students for the complete policy concerning grade appeals.

**Grade Changes:** All grade changes must be made by the following deadlines: for fall semester grades—the last day of regular classes (prior to finals week) for the following spring semester; and for spring and summer semester grades—the last day of regular classes (prior to finals week) for the following fall semester.

**Grade Point Average (GPA):** The GPA is a calculation of the sum of total quality points earned, divided by the total attempted course credits. Quality points are determined by multiplying the numerical value for each grade earned, times the credit hours for the course.

Each student has an institutional GPA reflecting their overall academic performance, as well as a term GPA indicating achievement for the current semester. Grades for all non-zero level EKU and transfer courses are included in a student's overall GPA calculation. The GPA is used to measure a student's academic standing. Successful completion of any degree or certificate program requires a minimum of a 2.0 overall as well as institutional GPA. The official EKU GPA is truncated at two decimal places; GPAs are never rounded numbers.

Each student can view their GPA through their secure online myEKU self-service account. In myEKU the GPA appears on the Official Grade Report, the student transcript, and on each student's Degree Works degree audit. Each student is expected to monitor their GPA through these sources. Note that a separate GPA calculation is done for determining University graduation honors (also referred to as Latin Honors). Refer to the Latin Honor section of this catalog for rules regarding Latin Honors GPAs.

**Incomplete Grades:** Instructors may assign an incomplete grade "I" to students who have satisfactorily completed at least 60% of a course but are unable to complete the course due to extenuating circumstances. An "I" grade is never appropriate as a midterm grade. Instructors who assign an "I" grade must provide an Incomplete Grade Agreement within 15 university business days.

**Incomplete Grades Blocking Graduation:** A degree cannot be awarded to a student with any incomplete EKU courses on their record. Any student who is a pending graduate with unresolved EKU incomplete grades ("I") will be given the choice of either accepting an "F" for the course (or "NC" for unresolved "IP" grades) or being deferred to the next term for graduation consideration. All incompletes for students pending graduation must be resolved before their published degree conferral date.

**In-Progress Grades:** Instructors may assign a grade of "IP" in certain approved courses in which it might reasonably take students more than a single semester to complete all requirements. A student assigned an "IP" grade for internship, practicum, or self-paced courses must complete requirements within the calendar year after the "IP" is awarded to receive credit. If requirements are not completed by the deadline, the Registrar will change the "IP" grade to "NC" (**no credit**), and the student must register again for the course to receive credit.

**Incomplete Grade Agreement:** When a student has extenuating circumstances that impede him/her from completing a course, an incomplete grade may be awarded as a temporary final grade. The incomplete grade cannot be used simply because a student has failed to complete the work in the course or as a means of raising the student's grade by doing additional work after the grade report time.

Students must request an incomplete grade from the faculty member prior to the last day of class when a student wishes to pursue an

incomplete grade. If the instructor agrees that the student has extenuating circumstances beyond their control and the instructor agrees to assign an incomplete grade, the instructor must complete an Incomplete Grade Agreement detailing all outstanding assignments and/or conditions needed to complete the course, and a due date for each assignment. An incomplete grade may not be given as a midterm grade. Any student given an incomplete is expected to have satisfactorily completed at least 60% of the course.

The following procedure applies when an instructor has agreed to assign a grade of "I" for students who are unable to complete the course because of extenuating circumstances.

1. On the Incomplete Grade Agreement, the instructor will identify all outstanding assignments and/or other conditions needed to complete the course, and due dates for each assignment.
2. Faculty are strongly encouraged to give students the shortest reasonable time period in which to complete the work. The longest possible time period is the end of the next regular semester (fall/spring); however, typically it benefits students to complete work before they begin classes the next semester.
3. The Incomplete Grade Agreement must be signed by the faculty member, student, chair of the department offering the course, and dean of the college offering the course. Student approval of the terms of the Incomplete Agreement can be submitted electronically, and attached to the form. Chairs should assure that the Agreement includes reasonable due dates for completing the work, and all signatures.
4. The Incomplete Grade Agreement must be received by the Registrar's Office no later than 15 university business days past the deadline for final grade submission. While the faculty will be able to submit the "I" grade through the online grade submission process, any "I" grade that is not accompanied by an Incomplete Grade Agreement within 15 university business days of the advertised final grade submission deadline will be converted to an "F."
5. Outstanding work must be completed by the student and a Grade Change form must be submitted by the instructor to the Registrar's Office by the deadline noted on the Incomplete Grade Agreement. If a grade change is not submitted by the established deadline, the incomplete will automatically default to a failing ("F") grade.
6. If, due to extenuating circumstances, a student is unable to complete the contracted course work to fulfill the incomplete course by the deadline on the Incomplete Grade Agreement, the student has the option of requesting a one-time, one semester extension to the incomplete deadline. The student must initiate the request through the instructor before the original deadline. Approval of the extension of an incomplete grade is not automatic and depends on the student's unique circumstances.

**Letter Grades:** Grades, which are represented by letters, are given point values as indicated:

Grade	Meaning	Grade Points per Hour
A	Excellent	4.00
B	Good	3.00
C	Average	2.00
D	Poor	1.00
F	Failure	0.00
FN	Failure-Student Stopped Attending Class	0.00

FX	Failure-Academic Dishonesty	0.00
I	Incomplete	0.00
IM	Incomplete Due To Military Activation	0.00
P	Passing	0.00
S	Passing	0.00
U	Failure <sup>1</sup>	0.00
UN	Failure <sup>1</sup> -Student Stopped Attending Class	0.00
W	Withdrawal (Official)	0.00
WM	Withdraw Due To Military Activation	0.00
AU	Audit	0.00
CR	Credit Only	0.00
IP	In Progress	0.00
NC	No Credit	0.00
NR	Not Reported	0.00

1

FN/UN: Students who stop attending/participation in online courses and do not resume participation have unofficially withdrawn from the class. This act may have significant financial aid repercussions. EKU is required by the U.S. Department of Education to provide a last date of attendance/participation for such students.

Throughout this Catalog, specific grade requirements are to be interpreted precisely as stated. Thus, if a requirement specifies that a grade of at least "C" is required, a "C-" will not satisfy the requirement. If it is intended that "C-" is to be allowed, "C-" will be listed rather than "C." This applies to all specific grade requirements.

The grade point average (GPA) is based on those courses in which a student earned grades of "A," "B," "C," "D," "F," or "U."

**First-Time Student Mid-Term Grade Review:** See Academic Standards.

**Submission of Mid-Term Grades:** Faculty will provide mid-term grades via the Banner (myEKU) system for all students in undergraduate-credit, full-semester courses by the end of the eighth week. In the case of non-standard courses, faculty will enter mid-term grades by the mid-point of the course and before the last day to withdraw from the course, as published on the Colonel's Compass.

Mid-term grades are not required for the following types of classes: non-gradable laboratory sections, co-op, practicums, and internships.

**Military Activation:** A student who is called to active duty or whose spouse/legal guardian is called to active duty may be unable to complete courses in which they enrolled. If military activation affects the ability of a student to complete a course, the University provides several options, including withdrawal from the course and/or University or taking an incomplete and completing the course(s) following completion of active duty.

A student who volunteers for military service during a semester makes the decision to join the military instead of being a student, and does so while the semester is in progress, (instead of completing the semester and then joining), is not eligible for Military Withdraw, Military Incomplete, or to receive a grade early in the semester. The spouse of a student who

volunteers for military service and cannot complete a semester will not be eligible for Military Withdraw, Military Incomplete, or to receive a grade early in the semester.

Students with military status (Active, Reserves, National Guard) at the beginning of the semester, or spouses of such students, finding it necessary to leave the University because of required active military duty must complete one (1) of the following:

#### Option 1 – Receive a Grade

1. When military activation occurs after the 12th week of the semester, the instructor has the option of assigning the student a grade in the class based upon work completed. That grade would be submitted during normal final grade submission, and no additional work would be required of the student.
2. The request for assignment of a grade based on coursework completed must be made in writing and must be approved by the Chair of the Department and the Dean of the College in which the course(s) is offered. A copy of activation papers must be attached.

#### Option 2 – Receive an Incomplete Due to Military Activation

1. The affected student will petition the faculty members to request an assignment of a grade of "IM" in course(s) currently enrolled.
2. If the instructor feels that the portion of the semester remaining, and volume of uncovered material is such that it can be made up in a reasonable amount of time and effort, a grade of "Incomplete for Military Activation" may be given.
3. The instructor completes an Incomplete Grade Contract and notes on the contract that this is due to military activation. The student shall provide a copy of the military orders and the instructor must ensure that a copy of the student's military orders is attached to then Incomplete Grade Contract. Without a copy of these orders the student cannot receive the "Incomplete for Military Activation" grade.
4. The Incomplete Grade Contract shall be processed as normal.
5. Once the Registrar's Office receives a copy of the military orders an "IM" grade will be recorded.
6. The student has two (2) years from the date of military discharge to complete an "IM" grade. The student, upon completion of active military duty, must follow up with the faculty member. If the faculty member is no longer with the University or is on leave from the University, the student should contact the Department Chair for determining how to fulfill the Incomplete Grade Contract. If the student does not make contact within 2 years of leaving the University, the "IM" turns to a "W."
7. Upon completion of coursework, the instructor will submit a change of grade form.

#### Option 3 – Receive a Military Withdrawal from the Course or from the University

1. Students choosing to withdraw from specific courses or from the University must send a letter requesting a withdrawal and enclose a copy of the military activation notification. The letter must include the following information:
  - Student name and Student EKU ID Number
  - A statement that the student wishes to withdraw completely from the University or listing the individual courses for withdrawal.
  - Student's signature (mandatory) and the date

2. The Officer staff will process the withdrawal which also triggers a 100% refund in all tuition and course fees. Room and board fees will be prorated.
3. If a student requests an incomplete and the faculty declines to grant an "IM," then the student will have to withdraw.

For additional information regarding Military Incomplete status please see the Military Activation Web site at: <http://www.registrar.eku.edu/registration/military/>.

**Pass-Fail ("P" - "F") Option:** The Pass-Fail option encourages students to take courses they might otherwise avoid because of lack of background or concern for lowering their grade point average (GPA). Not all courses are approved to be taken Pass-Fail. The Registrar's Office will verify the course is approved to be taken as Pass-Fail.

Students who have earned 30 or more semester hours of credit with a minimum GPA of 2.0 may choose the Pass-Fail ("P" - "F") option for a total of 15 hours of free electives. These hours must be exclusive of general education, major, minor, and other course requirements for graduation. Eligible courses must belong exclusively to the category, free electives. Hours passed under the Pass-Fail option will not be used in the computation of GPA's; however, hours failed ("F") will be used.

Students may choose the Pass-Fail option for one course per semester with a maximum of five credit hours per semester. Students may repeat a course using the Pass-Fail option only if the previous taking was also Pass-Fail.

Students may select the "Pass-Fail" option by completing the Audit/Pass-Fail registration form, available from the Registrar's Office. Students may change to or from the Pass-Fail option by the date specified each semester in the Colonel's Compass. The student must submit to the Registrar's Office the completed form as authorization to change their registered course to Pass/Fail.

**Repeating Courses:** Students may repeat college-level courses. In those courses, the highest grades earned will replace a lower grade in calculations of the student's term and institutional GPA. This grade replacement occurs irrespective of whether the lower grade was earned in the original taking of the course or in a repeat enrollment.<sup>1</sup>

The repeated course and grade will still appear on the transcript but with a notation indicating whether the grade is included in, or excluded from, the student's GPA. If a student attempts to repeat a course and replace the grade but then withdraws from the course, that course attempt will not be counted among those for which grade replacement is available.<sup>2</sup>

Students who repeat a course in which they earned a failing grade, and fail the course again, will have the most recent failing grade included in the GPA.

A student may enroll in the same course for a third time (second repeat) only under extraordinary circumstances and with permission of the dean of their major. Students seeking permission for a third enrollment shall first meet with an academic or college advisor to review why they have not previously been successful in the course, and to assess whether the student is in an appropriate major.

For GPA calculation, a grade of "S," "CR," "NC" or "P" will not replace a grade of any "C," "D," "FN," "F" or "FX" (earned in normal grading) grades. A "P" will replace an "F" only when the "F" was earned under the Pass-Fail option. An "S" will replace a "U" or "UN" when earned under the Satisfactory-Unsatisfactory grading option.

1

Some professional programs (e.g. Nursing and Occupational Science) have licensure, regulation, and accreditation requirements with restrictive time limitations for applying a course toward a degree. In those programs the best grade for a course may be excluded because it is outside the required time frame. Students should speak with a major advisor or refer to the relevant portion of this catalog to determine if such time restriction apply to any required course for their major.

2

Some courses may not allow the best grade to stand if the student has been required to repeat a corequisite lecture, clinical, or lab experience. In those situations it is the most recent grade earned from both co-requisite courses that will be used to calculate the term and institutional GPA. Courses with these requirements will be identified as such in individual course descriptions found in the back of this catalog.

**Satisfactory-Unsatisfactory ("S" - "U") Grading System:** Some courses are approved to be taught exclusively on a "Satisfactory" ("S") or "Unsatisfactory" ("U") basis. Each student enrolled in the class will receive either a grade of "S" or "U." Hours passed under the Satisfactory-Unsatisfactory option will not be used in the computation of GPA's; however, hours failed ("U") will be used.

## Graduation and Commencement Information

### Application for Graduation

EKU is dedicated to all students making timely progress toward their desired degree. The EKU baccalaureate degree standard is a completion timeframe of 4 years for a 120 credit hour program. After declaring their desired baccalaureate degree program, students are expected to create a semester-by-semester degree pathway in the Degree Works academic planner, and to have this academic plan reviewed and approved by an advisor.

To make appropriate progress toward their degree, students are expected to earn at least 15 credit hours per term (or 30 hours per academic year) and take only those classes needed for their declared degree program as listed on their Degree Works planner. Students must be aware that changing majors is likely to prolong time toward degree, and they should make such changes only after serious discussion with an advisor or department or program chair (see Changing Major section of this catalog for more details). Due to specific program requirements, students who transfer into EKU with more than 60 hours may require more than two years at EKU to complete a baccalaureate degree.

### Applying for Graduation: 90th Hour Pre-Graduation Review

#### Required Graduation Application and Evaluation

To assist students with completing their degree on schedule, EKU professional advisors/graduation experts will review the student's academic progress and Degree Works graduation plan to determine the earliest, reasonable graduation semester.

Baccalaureate degree seeking students will apply for graduation, and thus trigger this official graduation evaluation, during the semester in which they enroll in their 90th credit hour. The timing of this pre-graduation review is designed to be early enough to allow students to

make any needed changes and avoid a graduation delay. Once evaluation has been triggered, a registration hold will be placed on the student's record pending submission of their graduation application. This hold is lifted automatically after the student submits a graduation application, online, through myEKU.

Each degree and University certificate-seeking student shall apply for graduation using the online graduation application located within each student's myEKU secure student services account. At the time of application each student shall have created, and have approved by an advisor, a Degree Works academic plan for every semester up through the proposed graduation term.

During the graduation evaluation the student's current registration and Degree Works plan for future terms will be examined – to determine whether the student is on-track and efficiently headed toward graduation. The student will be informed if he or she cannot meet the graduation goal declared on the graduation application, advised how to get back on-track, and given a new graduation timetable.

Results from the graduation evaluation will be documented on the student's Degree Works. Students will receive reminders when it is time to apply for graduation and initiate the graduation evaluation. Students are expected to heed warnings and follow any instructions posted on their Degree Works audit as a result of this official graduation evaluation. Students who apply to graduate without having the appropriate academic plan in Degree Works will be expected to submit the plan before being evaluated and before registering for the next semester.

### **Degrees Awarded upon Completion of Program**

Each student's degree will be awarded by the University at the first opportunity to do so upon completion of requirements for the student's declared program, per the student's graduation application. Students are expected to earn their baccalaureate degree no later than 6 years after initial matriculation as a first-time degree-seeking student.

Final graduation clearance, degree certification on behalf of the University, and production of diplomas are completed by the Office of the Registrar.

### **Changing Major after Applying to Graduate**

After applying to graduate and having a graduation semester confirmed by the University, students are expected to maintain their declared program of study, and thus graduate on schedule. Any exception must be approved by the Dean of the College of the student's major. Each student is expected to carefully review how any proposed change to a declared program of study would impact his or her approved graduation timetable and future financial assistance, if relevant. Given the gravity of such changes, only in extreme situations and after careful consultations with the student's professional advisor and/or written permission from a graduation evaluator would a change that would delay graduation be considered.

### **Deferral of Graduation Date**

Students who are not successful in completing all graduation requirements by their approved graduation date, but for whom the University determines the graduation goal is still easily within reach, will have their graduation term automatically deferred to the next semester. Students can have their graduation deferred for a maximum of two sequential semesters. After that time the original graduation application will be cancelled and the student will be required to submit a new

application for graduation, pay a new application fee, and have a revised Degree Works graduation plan approved by the graduation evaluator.

## **Graduation Fair (Grad Fest)**

There is a graduation fair (Grad Fest) on campus each fall and spring semester. This is an important event for all graduating students. At Grad Fest, students will conclude all needed graduation tasks, including picking up pre-ordered academic regalia.

## **Graduation Fee**

There is a graduation application fee for each diploma and/or university certificate sought; the appropriate fee is assessed to the student's EKU account upon receipt of the graduation application. This graduation fee only partially offsets the full cost of production and mailing of diplomas and certificates.

## **Graduation Academic Regalia**

Students order and pay for commencement regalia (cap, tassel, hood, and gown) through the EKU Barnes & Noble bookstore. Students earning University Latin Honors receive a complimentary Honors Sash; this regalia will be available at the Registrar's table during Grad Fest. Students graduating from the Honors Program will receive a complimentary maroon mortarboard from the Honors Program office.

## **Commencement Participation**

Commencement ceremonies are conducted at the conclusion of the fall and spring semesters, prior to final grade processing. Students participating in commencement must participate in the ceremony during the semester in which they are graduating. Students who are graduating at the end of fall semester may not participate at the preceding or following spring ceremony. Students who are graduating at the end of the spring semester may not participate in the preceding or following fall ceremony.

Students who are graduating at the end of the summer semester may participate at the preceding spring ceremony. Students who are graduating at the end of the winter term may participate at the preceding fall ceremony.

The Commencement ceremony represents a celebratory gathering of all degree candidates who are expected to complete their academic requirements by the official degree-conferral date as established by the University. Attendance at Commencement is optional. Participation in the Commencement ceremony does not represent confirmation of degree completion ("graduation"). After final grades are processed and reviewed, degrees will be conferred. Students earning only a certificate, either university or departmental, may not participate in the Commencement ceremony.

## **Degree Conferral Date**

The Board of Regents of Eastern Kentucky University approves the conferring of degrees four times per year. These conferral dates represent confirmation that all degree and/or university certificate requirements have been met by that date. The formal conferral date is posted to the student's academic transcript and is the date printed on the diploma and certificate.

Below are the EKU degree/certificate conferral dates:

Semester	Date
Fall A (end of first 8 weeks)	October: Last day of Fall A Term
Fall (end of full semester)	December: Last Day of Full Semester
Winter	January: Last Day of Term
Spring A (end of first 8 weeks)	March: Last Day of Spring A Term
Spring (end of full semester)	May: Last Day of Full Semester
Summer A (end of first 6 weeks)	July: Last Day of Summer A Term
Summer (end of full semester)	August: Last Day of Full Semester

## Locking Academic History

(after degree has been awarded)

Once a degree has been conferred the academic record of all work contributed to the awarded baccalaureate, master's, or doctoral degree is locked. No course grades may be repeated or replaced for any classes used toward the conferred degree.

The Office of the Registrar takes great care to ensure that each student's academic record is accurate. Any student who believes an error has occurred should immediately bring this to the attention of the Office of the Registrar. Students have one calendar year after a degree is awarded to identify any item on their academic record believed to be in error. After that time the record is considered to be permanent. Please note that grade challenges have a different timetable and must always be directed to the chair of the department which offered the course in question. For details regarding the timetable and process for grade challenges please refer to the student handbook at <http://studentaffairs.eku.edu/studenthandbook> (<http://studentaffairs.eku.edu/studenthandbook/>)

## Diploma and University Certificate Production

Diplomas and University Certificates are produced and mailed to students after all final grades are reviewed and it has been confirmed that all degree requirements have been met. The graduation confirmation process takes several weeks to complete. Therefore, students should expect to receive their diploma 6-8 weeks after the end of finals week. Students who are indebted to the University will not have their transcript or diploma released until the debt is paid. Any questions regarding student financial obligations should be directed to Big E Central.

## Associate Degree Honors

### With Distinction and With High Distinction

Students earning an Associate Degree are graduated "With Distinction" if they attain a GPA of at least 3.5, but less than 3.7, on all GPA hours attempted at Eastern Kentucky University and if they complete a minimum of 30 GPA credit hours, with standard grading, at Eastern Kentucky University.

GPA credit hours are courses graded using standard grades of A-F. These grades have a numerical value and can be used to calculate a student's GPA. A course with a grade of CR or S has no numerical value and supplies no GPA hours, and cannot count toward the minimum required 30 GPA credit hours.

Students earning an Associate Degree are graduated "With High Distinction" if they attain a grade point average (GPA) of 3.7 or higher on all GPA hours attempted at Eastern Kentucky University and if they

complete a minimum of 30 GPA credit hours, with normal grading, at Eastern Kentucky University.

For purposes of honors recognition, all GPA credit hours attempted at Eastern Kentucky University – including those which are subsequently repeated or bankrupted – shall be included when calculating the GPA used to award academic honors. Because of timing, honors GPA calculations – solely for the purpose of recognition at the commencement ceremony – cannot include the final semester's course work. In-progress hours will be used to attempt to meet the 30 semester hours at Eastern Kentucky University requirement. Calculations for the permanent designation of honors on the diploma and transcript will include the final semester grades.

## Baccalaureate Degree Honors

### Latin Honors: Cum Laude, Magna Cum Laude, Summa Cum Laude

Eastern Kentucky University recognizes graduating baccalaureate degree students who have achieved distinguished academic records by awarding their degree with Latin Honors. There are three levels of Latin Honors: Cum laude ("with praise"), Magna Cum laude ("with great praise"), and Summa Cum laude ("with highest praise"). All students earning Latin honors must take at least 25% (30 GPA credit hours) of their degree applicable course work at Eastern Kentucky University.

GPA credit hours are courses graded using standard grades of A-F. These grades have a numerical value and can be used to calculate a student's GPA. A course with a grade of CR or S has no numerical value and supplies no GPA hours, and cannot count toward the minimum required 30 GPA credit hours.

All GPA credit hours attempted at Eastern Kentucky University (including those which are subsequently repeated or bankrupted) will be used in calculating each Latin Honor grade point average (GPA). Latin honors GPA calculation—for purposes of designating which students may wear a Latin Honors sash at the graduation commencement ceremony—does not include the final semester's course work as these calculations occur weeks before the term has finished. Once a student's final semester has concluded and final grades are available, these grades will be included in the calculations to award the permanent designation of Latin Honors on a student's diploma and transcript.

**Cum Laude:** Students earning Cum Laude must attain an institutional GPA of at least 3.5, but less than a 3.7, on all GPA credit hours attempted at Eastern Kentucky University. Additionally, a minimum of 30 GPA credit hours, with standard grading, must be taken at Eastern Kentucky University.

**Magna Cum Laude:** Students earning Magna Cum Laude must attain an institutional GPA of at least 3.7, but less than a 3.9, on all GPA credit hours attempted at Eastern Kentucky University. Additionally, a minimum of 30 credit hours, with standard grading, must be taken at Eastern Kentucky University.

**Summa Cum Laude:** Students earning Summa Cum laude must attain an institutional GPA of at least 3.9, or higher, on all GPA credit hours attempted at Eastern Kentucky University. Additionally, a minimum of 30 credit hours, with standard grading, must be taken at Eastern Kentucky University.

## Honors Scholars Program

Students are graduated as Honors Scholars if they successfully complete Eastern Kentucky University's Honors Program, satisfy all comprehensive and program requirements for an undergraduate degree from this University, and graduate with an institutional GPA of at least 3.2. Honors Scholars are designated at commencement with a maroon mortarboard.

## Non-Traditional Academic Credit

Eastern Kentucky University (EKU) awards credit in transfer for undergraduate courses completed at colleges and universities whose accreditation is recognized by the U.S. Department of Education and other institutions/organizations with which the University has a recorded Academic Agreement. Additionally, EKU awards credit earned by examinations that meet EKU standards, credits for certain types of military experiences, and credit based on portfolio review.

## Credit-By-Examination

Credit by examination is an approved method to demonstrate proficiency in course content areas. Students may earn academic credit by examination in certain undergraduate courses. Following are the conditions which apply to receiving credit by examination credit:

**Eastern Kentucky University credit-by-examination may be earned through any of the following methods:**

- College Level Examination Program (CLEP®)
- Advanced Placement Program
- International Baccalaureate Credit
- Departmental Examinations
- DANTES (Defense Activity for Non-Traditional Educational Support)

**General Information Regarding Credit by Examination:**

- Only admitted and active degree seeking EKU students may have credit by examination recorded onto an EKU transcript.
- Academic credit earned by external examinations and challenge tests (such as AP, IB, CLEP®) shall not be considered as credit earned at EKU and will not apply toward the residency credit requirement for an associate or baccalaureate degree.
- Credit awarded through credit by examination, which is general in nature and/or not course-specific has no inherent guarantee of meeting EKU degree requirements since these are program and college specific decisions.
- Credit earned by examination is recorded as "CR" (no letter grade); it has no effect upon the overall GPA.
- Special fees are assessed for credit-by-examination and must be paid prior to taking an examination.

**Examinations Completed Prior to Admission:**

- Proficiency examination credit is eligible for transfer to EKU if it is from a nationally recognized standardized test, earned at a college or university from which EKU accepts transfer credit, or at an EKU-recognized testing site, and is recorded on an official transcript.
- Departmental or institutional specific challenge tests presented on the official transcript of an institution from which EKU accepts transfer credit may be accepted in transfer - upon the review and approval of the academic department most closely related to the subject matter.

- Students seeking to have AP or IB credit recorded on their EKU academic record must have score reports sent to the EKU Department of Academic Testing before they have earned their first 30 credit hours at EKU.

**Examinations Completed After Admission:**

- A student may attempt to earn credit-by-examination in a course only once in a six-month period.
- A student will not receive academic credit for a course specific College Level Examination Program (CLEP®) or departmental examination in an area in which advanced course work has already been completed, and EKU credit recorded.

## Credit by Portfolio Review

Eastern Kentucky University acknowledges that students may have completed education, training classes, and work experiences that result in learning that sufficiently meets or exceeds the course requirements, exhibited via Student Learning Outcomes (SLOs), at EKU; therefore, formal recognition of that body of knowledge, without taking the particular course, is warranted upon evaluation by appropriately qualified EKU faculty.

Portfolio assessment allows EKU students who are admitted, enrolled, degree seeking, and are on good academic standing, to demonstrate competence in every SLO of a course and thus meet the course requirements and receive EKU academic credit in those subject areas through one or more of the following activities: past work, training programs or in-service courses, volunteer service, cultural or artistic pursuits, hobbies and recreational pastimes, community or religious activities, organizational memberships, adult education, non-credit courses, study abroad, military training not evaluated for credit by ACE or other experiences. This list is not meant to be exhaustive.

Credit cannot be earned through portfolio assessment for certain types of courses, including but not limited to physical education activity courses and any course that must be fulfilled through direct current experience. These could include practicum courses, field experiences, and internships including student teaching, cooperative education, senior seminars, capstones, and lab courses not accompanied by related lecture/theory courses. In addition, credit by portfolio review may not be suitable for application to professionally accredited programs. The Office of the Provost is responsible for maintaining the portfolio assessment process.

## Military Credits

To receive academic credit for military training and experience, students must submit an official Joint Services Transcript (JST). Credit hours will be awarded based upon American Council on Education (ACE) recommendations listed on the official JST.

## Pre-Professional Programs

EKU has a number of programs that will help prepare students for professional schools following graduation. These schools generally do not require a specific major, provided that their prerequisite courses are taken. All professional schools are highly competitive in their admissions process. Thus, students should aim for strong GPA and professional school admission test scores. Students are encouraged to seek a major that they feel comfortable with, that they have a strong aptitude for, that is interesting and challenging, and that provides additional career options. Students should contact the advisors listed on the webpages below as early as possible after enrolling at EKU. The Advisors will

assist the pre-professional student with selecting a major and provide information and advice regarding professional school admissions and requirements.

Descriptions of the following pre-professional programs may be found on the webpages listed:

Pre-Dentistry, Pre-Medical Science, Pre-Optometry, Pre-Pharmacy, Pre-Physician Associate, Pre-Physical Therapy, Pre-Engineering, Pre-Veterinary, and Pre-Law: <http://preprofessional.eku.edu/>

## Reverse Transfer Baccalaureate Process: Professional School Credit Transferred Back to EKU

In addition to the standard pre-professional curricula, Eastern Kentucky University allows students who matriculate into professional schools before graduation to transfer back professional school credit and thereby complete a Bachelor of Arts or a Bachelor of Science degree from Eastern Kentucky University. This plan may shorten by one year the time needed for obtaining both a baccalaureate and a professional degree.

Before leaving for professional school, students approved for this process are expected to have completed the EKU General Education curriculum and the first three years of their major requirements, as specified in the relevant undergraduate EKU Catalog.

The reverse transfer process is initiated by the student communicating with a graduation specialist in the College of Science dean's office, submitting an application to graduate, and formally notifying their advisor of their intent to complete their degree via the reverse transfer process. After the first year of professional study the student sends an official transcript of their professional school work to EKU and notifies the graduation specialist in the College of Science dean's office to begin the graduation clearance process.

## Study Abroad Credit

Education abroad provides the opportunity for students to earn academic credit on programs around the world. Experiential learning through study abroad may include coursework, internships, research opportunities, or service learning. EKU students are eligible to study abroad if they are in good academic and disciplinary standing with a minimum cumulative GPA of 2.0. Students must also meet any additional prerequisites required for admission to their specific study abroad program or course.

Summer, Winter, full semester, or academic year options are available through EKU's study abroad providers. Current EKU study abroad providers include: AIFS Study Abroad, Arcos Learning Abroad, Barcelona SAE, Cooperative Center for Study Abroad (CCSA), CEA Study Abroad, CIS Abroad, Harlaxton College, International Studies Abroad (ISA), Kentucky Institute for International Study (KIIS), Knowledge Exchange Institute (KEI), SAI Programs, and the University Studies Abroad Consortium (USAC). Additional custom faculty-led courses or exchange opportunities are available through the EKU Education Abroad Office.

Students must complete all necessary paperwork through the EKU Education Abroad Office. Students planning to participate in a study abroad experience should visit the study abroad website (<http://studyabroad.eku.edu/> (<https://studyabroad.eku.edu/>)) to set up an in person or virtual appointment to start the application process. Once a study abroad program is selected, students must fill out a Study Abroad Course Pre-Approval Form, which must be endorsed by the EKU

Education Abroad Office (Keith 129) before course/program approval may be granted. All study abroad students must complete EKU's pre-departure orientation prior to their study abroad term. Students who choose to participate on an unapproved study abroad program may not be eligible for financial aid, scholarships, or course credit.

Students should visit <http://studyabroad.eku.edu/> for more information.

## Transfer Student Information

### Credits Accepted in Transfer

Eastern Kentucky University accepts credit in transfer for undergraduate course completed at colleges and universities whose accreditation is recognized by the U.S. Department of Education and other institutions/organizations with which the University has a recorded Academic Agreement. Additionally, EKU awards credit earned by examinations that meet EKU standards, credits for certain types of military experiences, and credit based on portfolio review.

International transfer credits from institutions with which Eastern Kentucky University does not have an articulation or exchange agreement are recorded as free elective credits at the lower division level after they have been evaluated by an outside accrediting agency (e.g. World Education Services or Silney and Associates). Students may present supporting documents from transfer courses recorded as free electives to appeal to department chairpersons for departmental credit.

## Kentucky General Education Transfer Agreement

In an effort to promote a seamless transfer between Kentucky two-year and four-year public institutions, the Kentucky Council on Postsecondary Education (CPE) developed a policy to facilitate the transfer of credits from one Kentucky public college or university to another. This policy, implemented in 1996, and revised in 2011, is called the General Education Transfer Agreement and allows for the automatic transfer of a block of courses to satisfy general education degree requirements, in addition to articulating individual courses as meeting statewide general education categories.

### General Education Certification for Students Transferring to EKU from a Kentucky Public Institution

Students transferring to EKU from another Kentucky public college or university may be

1. category certified, or
2. core certified, or
3. general education certified in general education by the Registrar of the school where the course work was taken.

EKU will honor any of these designations and is guaranteed to apply the KY public school transferred general education courses into EKU's General Education curriculum in a manner that best serves the transferring student.

*Category Certified.* Students who have completed one or more of the five general education categories of the General Education Transfer Agreement will be category certified.

*Core Certified.* Students who have satisfied all five general education categories of the General Education Transfer Agreement will be general education core certified.

*General Education Certified.* Students who have completed a general education program of 33 hours (minimum 15 hours completed with KCTCS) will be “fully general education certified” as required by the CPE General Education Transfer Agreement. Students who have earned an Associate of Science or Associate of Arts degree from a Kentucky public institution are also considered to be general education certified. Students, however, are subject to any specified general education courses required by the major and, in all cases, are required to complete the minimum number of credit hours established by the University to earn a degree.

Transfer students from Kentucky four-year institutions who complete the general education at their first institution may request the Registrar of that institution to document them as general education certified in general education, which ECU will accept. Students who transfer to ECU without a certified transfer module will have their course work at their previous institution evaluated by ECU on a course-by-course basis for general education equivalency.

The General Education Transfer Agreement also applies to students transferring from ECU to another Kentucky public university. For additional details regarding this agreement please refer to the ECU Student Outreach & Transfer Office (SOTO) (<http://soto.eku.edu/> transferstudents (<http://soto.eku.edu/transferstudents/>)).

**Note:** After initial transfer to ECU students may not transfer in further general education certifications unless they earn a subsequent AA or AS degree at a KCTCS institution. Students may transfer in further general education certifications after their initial enrollment at ECU, only if they return to a KCTCS institution for a period of at least one semester.

## Transferring General Education Courses from a Private or Out-of-State School

ECU will honor transfer general education courses from regionally accredited out-of-state or Kentucky private colleges and universities. Students should complete and submit the Transfer General Education form, along with appropriate documentation (school catalog listings of courses with relevant general education designations), to the ECU Registrar’s Office. If approved, the transfer general education courses will be applied toward the student’s ECU general education requirements where needed and as appropriate.

## Transfer Credit Evaluation Process

When an acceptable transfer course, which has never been evaluated before, is presented to ECU for consideration, ECU records the course as acceptable for credit but unevaluated. The Transfer Center contacts the student and requests course descriptions and syllabus information for review. The Transfer Center forwards the course description to the appropriate academic department for their review and consideration. The academic department determines whether an exact equivalency, a subject/discipline elective, or a generic free elective is appropriate depending on course content and learning objectives. In some instances the department will request that the student provide a syllabus in order to evaluate the course. The academic department or Transfer Center can recommend that a course be considered for general education applicability even if an exact equivalency is not awarded. Students

wishing to appeal the evaluation of transfer credit should consult with the Student Outreach and Transition Office.

Some ECU programs have accreditation restrictions that dictate which transfer courses can be utilized to fulfill program requirements (e.g. School of Business, Paralegal, Social Work). Students considering transferring into an ECU program which has specific professional accreditation standards should refer to the webpage for that program to see details of any transfer course restrictions.

## Transfer Credits/Courses

Currently enrolled students who desire to take courses elsewhere and transfer them back to Eastern Kentucky University should consult with the ECU Transfer Center and also obtain the approval of their college dean prior to enrolling. The University will not take responsibility for courses transferred without prior approval. Students should be aware that there are limits to the number of credit hours a student may earn in any one term (see Academic Load).

Eastern Kentucky University accepts credit in transfer from other institutions with regional accreditation status. ECU also participates in and subscribes to the principles of the Kentucky Council on Postsecondary Education statewide transfer agreements. ECU accepts credits transferred from all public institutions in Kentucky accredited by SACS, or similar regional accreditation bodies, and will apply them to the general education and program requirements to the maximum extent specified in these agreements. Credits not identified in these agreements will be applied to degree requirements as deemed appropriate. Lower division courses taken at a community or junior college are accepted in transfer as the coursework is evaluated by the ECU content expert.

Eastern Kentucky University will also award credit to students for non-collegiate sponsored instruction and training programs provided an articulation agreement exists between the University and the institutions or organizations providing the instruction. Articulation agreements must be officially approved according to the University policy for such agreements and must be signed by both ECU and the collaborating institutions/organizations. A copy of the signed agreements must be on file in the Office of the Senior Vice President for Academics and Provost (original), the Office of the Registrar, and the Dean’s office of the College which initiated the agreement. Articulation agreements must be in place prior to the non-collegiate instruction or training in order for credit to be considered. In all instances, consideration will only be given to those courses/training programs whose content provides competencies equivalent or comparable to courses and educational experiences offered by ECU.

Credit and grades earned in transfer are posted to the student’s ECU transcript. Students with transfer credit should note that they must successfully complete all their curriculum requirements as well as earn an institutional (ECU) GPA of 2.0 in order to graduate with a degree or University certificate from ECU.

## Post-Baccalaureate Transfer Students

Degree-seeking transfer students who have already attained a post-secondary or graduate-level degree will have that earned degree noted in their ECU academic record.

Details of the academic work counting toward a baccalaureate or graduate degree earned at another institution will not be posted, course by course, onto the ECU transcript; only the earned degree is recorded

from the official transfer school transcript. All General Education requirements are waived for post-baccalaureate students.

## International Student Transfer Credit Pre-Approval

It is an institutional expectation that once international students are admitted into EKU they are expected to complete their program of study using credit earned only at EKU.

Each EKU international student may submit official transcripts and have recorded in transfer all previously earned appropriate credit from other institutions of higher education, at the time the student is admitted into EKU. After initial admission into EKU an international student, who subsequently wishes to enroll at another institution, for the purpose of earning additional transfer credit, must have prior approval from EKU before accumulating additional transfer coursework.

The Registrar will not record onto an existing international student's EKU academic record any transfer credit for which the student has not secured prior approval. This prior-approval form serves to notify the College of the student's major and the Office of International Student and Scholar Services of the international student's intention to enroll at another institution, and to establish the applicability of the anticipated transfer credit toward the student's major – before the student enrolls at the non-EKU institution.

A maximum of 21 credit hours may be earned by any EKU student, (through any means), in any fall or spring term; dean's approval (secured on a different form) is required for a student to enroll in 19 through 21 credit hours. During the summer, 15 credit hours is the absolute maximum an EKU student may earn; dean's approval (secured on a different form) is required to enroll in 13 through 15 credit hours. In winter term, no student may have more than 4 credit hours recorded onto EKU academic history.

## Withdrawal

### Withdrawing and Financial Aid

Federal Financial Aid regulations require students to earn credit from classes funded by financial aid. Financial aid regulations do not distinguish between receiving a "W" in a course, or an "F" in a course. In both cases tuition is paid with financial aid funds and in both cases the student did not earn credit.

Students, advisors, and instructors should note therefore that multiple withdrawals can impede appropriate progress toward degree and thus negatively impact a student's ability to retain financial aid.

**Important:** Withdrawing from a class may result in the student being responsible for both tuition charges and a late withdrawal fee. Refer to the Colonel's Compass for tuition refund dates. A class with a "W" grade will count as an attempted class for Federal Financial Aid calculations.

### Withdrawing from a Class

Students are allowed to withdraw from classes through the 12th week of a full semester. Partial semester classes have pro-rated withdrawal deadlines. See the Colonel's Compass for all withdrawal deadlines. Whether withdrawing from a single class, a few individual classes, or all classes, withdrawals are executed online through myEKU. A student will

be assigned a grade of "W" for each withdrawn course, and a "W" will appear on the grade report and transcript.

1. **Withdrawal between 2nd Week – 12th Week:** A student may officially withdraw from a full-semester course online through myEKU from the close of the Schedule Change Period, also called the Add/Drop Period (for full-semester classes the add/drop period is the 1st week of class), through Monday of the 9th week of a regular (fall/spring) semester with no withdrawal fee applied. This allows students to view their mid-term grades prior to withdrawing from a class without incurring a fee.

Beginning with Tuesday of the 9th week of the term, and until the end of the twelfth week of full-semester classes, students will be assessed a \$50 per credit hour fee after withdrawing from a course (up to a maximum of \$150 for a typical 3 credit hour course). No fee is incurred if a student withdraws from all courses within a single term.

**Warning:** The Add/Drop Period and the withdrawal period for partial-semester classes can be significantly shorter. Always refer to the Colonel's Compass website for all drop and withdrawal deadlines.)

2. **Late Withdrawal Petitions:** After the withdrawal deadline has passed only students who are the victim of extraordinary circumstances may request a late withdrawal. The deadline for filing a petition for a Late Withdrawal under extraordinary circumstances is the last day of the full semester following the term from which the student is seeking withdrawal. The student is required to complete a Petition for Late Withdrawal form (available from the Registrar's website) and include justification and documentation for the withdrawal. If approved, the Registrar will assign the grade of "W" and will notify the instructor of the class. For details refer to the Registrar's website.

With the exception of complete semester withdrawals, all course withdrawals approved will be assessed a \$50 per credit hour fee, to a limit of \$150 per course. Office of the Registrar is not authorized to consider any appeals of the \$50 per credit hour course withdrawal fee. Only the Office of Student Accounting Services may consider late withdrawal fee appeals.

Students who are assigned a grade of "F" or "FX" in a course due to academic dishonesty will not be permitted to withdraw from the course.

3. **Withdrawal Deadlines for Partial Semester and Summer Classes:** Specific calendar dates for withdrawal deadlines for partial semester and summer classes are available on the EKU Web site (see Colonel's Compass). The withdrawal deadline for all courses should be printed on course syllabi, are published in the Colonel's Compass, and also may be obtained by contacting the Registrar's Office. Refer to Section 3 of this Catalog for the University's Tuition Refund Policy.

## Withdrawing from the University

Eastern Kentucky University (EKU) is strongly committed to supporting students in achieving success in their intellectual and extracurricular endeavors. Students finding it necessary to withdraw from the University may withdraw from all courses online using myEKU up to the twelfth week of a full semester. Students are not allowed to withdraw from a course or from the University after the twelfth week of a regular term; after that time students must petition for a late withdrawal for an official withdrawal. A grade of "W" is assigned for each withdrawn class.

Students who leave the University without an official withdrawal are subject to the grade of "F."

**Dining Services Refund for Students Withdrawing from the University:** For Colonel Card dollars or meal memberships please refer to the Student Accounting Services refund page.

**Housing Refund for Students Withdrawing from the University:** For Housing refunds, please submit a written request to the

Director of Housing  
Whitlock CPO 51  
Eastern Kentucky University  
521 Lancaster Avenue  
Richmond, Kentucky 40475-3151.

Housing refunds are only applicable for a limited period of time at the beginning of the semester.

## Withdrawals Due to Exceptional Situations

When physical or mental illness, or other extraordinary circumstances, intrude upon a student's ability to successfully meet the requirements of his or her course of study, such that the student is unable to avail themselves of standard methods for withdrawing from the University, per the above described timeframe, the student may complete a Petition for Late Withdrawal or a Medical Leave of Absence Request.

## Late Withdrawal

[**Note:** Withdrawals do not provide tuition refunds.]

Students who had documented extraordinary circumstances that prevented them from succeeding in a course, or all courses, and were not able to withdraw themselves by the published deadline, may consider petitioning for a Late Withdrawal. An approved Late Withdrawal will replace course grades with "W" grades. No tuition refund is awarded.

The deadline for filing a petition for withdrawal under extraordinary circumstances is the last day of the full semester following the term from which the student is seeking withdrawal. The student must complete a Petition for Late Withdrawal Form and include *justification and documentation* for the withdrawal. If approved, the Registrar will assign grades of "W".

If the petition is denied, the student has 30 calendar days to appeal. Any appeal is expected to provide additional pertinent information. The decision after consideration of the appeal is final.

For forms and more details, refer to the Registrar's website.

## Medical Leave of Absence from the University

[**Note:** Withdrawals do not provide tuition refunds.]

### Voluntary Medical Leave of Absence

Students may request a Medical Leave of Absence from EKU when serious physical or mental health issues prevent the student from continuing with coursework in the current semester. The severity and duration of the medical problems must be such that it would be unreasonable to expect the student to make up missed class work or to continue as a student during the current term.

Medical Leave of Absence is appropriate only when "incompletes" or other arrangements with instructors are not possible. A request for a medical leave of absence can only be considered when the request is to withdraw from all classes in the current semester and will not be granted if final exams have been taken for that semester. This policy does not address withdrawal from individual classes.

Requests for a Medical Leave of Absence requires thorough and credible documentation by the appropriate healthcare provider. Details regarding the process and standards for approval are found on the Registrar's website. The deadline for filing a request for a Medical Leave of Absence is the last day of the term from which the student is seeking withdrawal.

If the request to take a medical leave of absence is due to physical issues, the appropriate documenting healthcare provider is a licensed medical practitioner with knowledge of the student's past medical history and who is presently working with the student to resolve current physical health issues. The medical practitioner should be the student's primary health care provider at the time of the request for Medical Leave of Absence, and should not be a family member. If the medical situation involves emergency hospitalization, documentation from the emergency room physician or hospitalist is required in lieu of the preceding information.

If the request is due to mental health reasons, the appropriate documenting healthcare provider would be a licensed psychiatrist, psychologist or counselor with knowledge of the student's past mental health history and who is presently working with the student to resolve the current mental health problems and should not be a family member. Taking a Medical Leave of Absence of at least one full semester away from the University will enhance the likelihood of success upon the student's return.

The student will be obligated to adhere to the requirements for returning from a medical leave of absence (see details on Registrar's website). The student is expected to provide documentation that the physical or mental health condition has been treated and symptoms that required withdrawal from the University are sufficiently resolved to allow the student to return to the University.

A Medical Leave of Absence is designed for academic purposes, not financial purposes; it allows the student the opportunity to protect their academic standing with the University by preventing the student from failing all courses for that semester. Providing that the requested withdrawal is approved, tuition charges will be adjusted if applicable and based on the regular, published, refund guidelines for all classes, effective as of the date the completed Medical Leave of Absence Request form was received by the Registrar's Office.

For details on the Medical Leave of Absence request process, refer to the Registrar's website.

## Involuntary Medical Leave of Absence

Eastern Kentucky University may place a student on an Involuntary Medical Leave of Absence for reasons of personal or community safety. The University may require a student to take medical leave of absence, if in the judgment of the Student Assistance & Intervention Team (SAIT), and in coordination with the Director of Student Health Services and/or the Director of the EKU Counseling Center, the student,

1. poses a threat to the lives or safety of himself/herself or other members of the EKU community or

- has displayed behaviors associated with a medical or mental health condition that seriously interferes with the student's ability to function and/or seriously interferes with the educational pursuits of other members of the EKU community.

Detailed information regarding the process for determining the necessity of an Involuntary Medical Leave of Absence can be found on the Registrar's website.

## Military Withdrawals from the University

See Military Activation section.

## Stopping Out and Returning to EKU

Students who either *stop out*<sup>1</sup> or *officially withdraw*<sup>2</sup> and are academically eligible to return to the University, may return to the University without reapplying if they have been gone for 24 or fewer months. All regular registration deadlines apply to stop-out students, and they should contact their last assigned advisor, or department chair of their major, to schedule an advising appointment in preparation for their return to EKU. To register for classes, students can log in to their EKU Direct account. Students with a registration hold must contact the office that applied the hold and have the hold removed before they will be able to register.

Students who stop out or are withdrawn for more than 24 months must be formally readmitted to the University by submitting a readmission application to the Office of Admissions. Refer to Section Two of this Catalog for details regarding readmission. The academic record for withdrawn students must be reactivated before they can once again register for classes.

All students who have attended another college/university since attending Eastern Kentucky University, regardless the length of their absence, must submit college transcripts.

1

A student who completes a semester at Eastern Kentucky University but does not return for the following term is considered to have "stopped out." Students whose enrollment was terminated for academic reasons do not qualify for stop out.

2

Students who have received a "W" grade in all classes during a semester are considered to have "withdrawn" from the University.

## State Authorization

### State Authorization

State authorization refers to Eastern Kentucky University's ability to enroll students into distance education out-of-state. Eastern Kentucky University is a State Authorization Reciprocity Agreement (SARA) member. Under the terms of SARA, EKU is authorized to offer most distance education programs in the 48 other SARA member states, the District of Columbia, Puerto Rico, and the U.S. Virgin Islands. California is currently not a member of SARA but EKU is permitted to offer most distance education programs to students residing in California. States and institutions who join SARA agree to operate under SARA standards when interacting with other member institutions and states. SARA's policies help protect students and provide benefits to both the states and institutions carrying out distance education in multiple states. Detailed information about SARA policy and procedures can be found on The

National Council for State Authorization Reciprocity Agreements (NC-SARA) website. (<https://www.nc-sara.org/>)

## Professional Licensure Programs

SARA (State Authorization Reciprocity Agreement) has no bearing on state licensure boards. Licensure requirements are regulated by each state's respective board(s) and must be met in order to obtain a license. Eastern Kentucky University (EKU) reserves the right to offer program(s) that lead to licensure in the states where EKU has made every reasonable effort to determine its program(s) comply with each state's regulations for *educational requirements* for licensure in that state. Regulations often include but are not limited to, specific degree levels and types; program accreditation; field placements; supervision, or residency requirements. Regulations are ever-evolving and can change without any notification to higher education institutions. Students are encouraged to contact their applicable state licensing board(s) to determine whether the program continues to meet educational requirements for licensure in that state both before enrolling and during the learning experience.

Eastern Kentucky University provides general and direct disclosures related to the licensure programs we offer. General disclosures can be found on the EKU State Authorization and Professional Licensure webpage (<https://ekuonline.eku.edu/state-authorization/>) and can help students determine if the desired EKU program is best for them. The information provided on the State Authorization and Professional Licensure webpage is the most accurate information available to EKU at the time but could become outdated due to changes in state requirements for licensure that can change without notice.

## Student Location and Out-of-State Educational Activities

Authorization to enroll students in a program does not mean that all EKU programs can be offered in their entirety in every SARA member state. Some states have additional consumer protection laws or regulations that must be followed. As states with potential limitations become known, they will appear on the EKU State Authorization and Professional Licensure webpage (<https://ekuonline.eku.edu/state-authorization/>).

As part of EKU's concerted effort to adhere to known policies, regulations, or laws in other states the following expectations are in place. Students must: (1) report their current residential address on their application for admission, (2) notify EKU regarding any changes in where they will be located while enrolled at EKU, and (3) notify EKU of the physical location of supervised field placement activities that will occur outside of Kentucky. Examples of supervised field placements include but are not limited to cooperative education; internships; clinical rotations; student teaching; and fieldwork. Students should consult this list and speak to their advisor prior to ANY activity outside of Kentucky.

## Out-of-State Relocation

Students who are enrolled in a program leading to licensure, or any student intending to complete a supervised field placement (e.g. cooperative education, internship, student teaching, clinical, etc.) outside of Kentucky must notify the university and/or their advisor in advance of any plans to relocate out of state. Advisors will help students determine authorization and licensure eligibility requirements if the student relocates during the course of the program. Licensure regulations vary by state and relocating could affect whether a student will meet eligibility requirements for licensure and/or remain eligible for federal financial aid. Students must check with the state/territory licensing board

where they desire licensure before relocating to ensure that they will be eligible for licensure or reciprocity. NC-SARA maintains a list of state board contact information (<https://www.nc-sara.org/professional-licensure-directory/>) for some of the most common programs that require licensure.

## Complaints Related to Out-of-State Educational Activities

SARA defines a *complaint* as "a formal assertion in writing that a person, institution, state, agency, or other organization or entity operating under the provisions of the SARA Policy Manual has violated the policies set forth in the SARA Policy Manual or of laws, standards or regulations incorporated in the SARA Policy Manual". In accordance with SARA Policy 4.5, student complaints related to SARA activities must begin with the Eastern Kentucky University Student Complaint Process/Policy (<https://dos.eku.edu/student-complaints/>) A detailed description of the SARA student complaint process and related policy can be found on the NC-SARA Student Complaint webpage (<https://www.nc-sara.org/student-complaints/>).

## General Disclaimer Regarding Licensure

Please be advised that there may be other factors in addition to educational requirements that could prohibit your success in a program. Having a criminal record could affect your ability to successfully obtain professional licensure in many states and your ability to secure field placements, internships, externships, and/or practicums. Students may also be required by collaborating organizations to submit to a drug screen, criminal background check, sex offender registry search, OIG (Office of Inspector General) search, federal fingerprinting, and/or to submit copies of immunization records, including OSHA training certificates, HIPPA training certificates, and CPR certification. These tests are at the expense of the student. Collaborating organizations reserve the right to deny student field placements, internships, externships, and/or practicums for many reasons including but not limited to if a student has a criminal record or fails the drug screen standards as established by the collaborating organization. For more information on specific programs please reach out to the program advisor.

## The Office of Academic Affairs

Dr. Sara Zeigler, Provost & Senior Vice President for Academic Affairs  
Coates 110  
(859) 622#8812  
[www.academicaffairs.eku.edu](http://www.academicaffairs.eku.edu)

## Office of the Provost & Senior Vice President for Academic Affairs

The Provost and Senior Vice President for Academic Affairs serves as the chief academic officer of the University. The Provost and Senior Vice President is responsible to the President for the coordination of all phases of the instructional program and institutional research. In addition, the Provost and Senior Vice President for Academic Affairs supervises the preparation of position specifications for instructional staff and administrative personnel connected with instructional activities; makes recommendations to the President concerning staffing needs and appointments, promotions, or dismissals for all instructional personnel and administrative personnel related to instruction; and is the person responsible for the coordination and development of all academic programs, including the Council on Academic Affairs.

## Chautauqua Lecture Series

Dr. Erik Liddell, Coordinator  
McCreary 217  
(859) 622-2267

Imagine that none of the following Chautauqua Lecturers had ever visited our campus: Kwame Anthony Appiah, Douglas Brinkley, Chuck D, Angela Davis, Robert Darnton, Richard Dawkins, Michael Eric Dyson, Sylvia Earle, Daniel Ellsberg, The American Spiritual Ensemble, Eric Foner, Sylvester Gates, Robert George, Carol Gilligan, Temple Grandin, Brian Greene, Tyrone Hayes, Maria Hinojosa, Deidre McCloskey, Irshad Manji, N. Gregory Mankiw, Eric Metaxas, Richard Muller, R. Carlos Nakai, Martha Nussbaum, Lisa Randall, Richard Rodriguez, Peter Singer, Ben Sollee, Nadine Strossen, Ron Suskind, Trinh T. Minh-Ha, Bobby Verdugo and Kenji Yoshino.

The intellectual life of our campus and community would have been less vibrant. Our program provides campus and community members an opportunity to interact with some of the leading thinkers and activists of our time. As is often the case, these thinkers and activists inform us, engage us, challenge us, infuriate us, move us, and entertain us. With our minds refreshed and our intellectual curiosity renewed, the experience is potentially transformative. At Chautauqua events, members of the audience see how speakers from various professions and disciplines tackle provocative but vital issues. And they are encouraged to do so themselves. They see how it is possible to engage in creative, critical, but civil discourse. And they are encouraged to do the same. Our program aims to address both local concerns and global imperatives, and to extend the students' liberal arts education beyond the classroom. By striking a balance between the local and the global, we help serve the students' regional needs. By sharpening their critical and creative thinking skills, expanding their liberal arts education, and adding an international dimension to it, we enhance their chances for success beyond Appalachia. For more information, visit [www.chautauqua.eku.edu](http://www.chautauqua.eku.edu) (<http://www.chautauqua.eku.edu>) or contact Chautauqua Lecture Coordinator Dr. Erik Liddell at [erik.liddell@eku.edu](mailto:erik.liddell@eku.edu).

## Council on Academic Affairs

Dr. Jennifer Wies, Associate Provost and Council Chair

The Council on Academic Affairs is the major policy-making body for the academic programs of the University. All college curriculum committees report to the Council. Major actions of the Council are reviewed by the Faculty Senate and subsequently presented to the President of the University and the Board of Regents for final approval. Council membership is comprised of the Associate Deans; the Registrar; the Vice Chair of the Faculty Senate; the Director of the Honors Program; a representative of the Chairs Association; a faculty representative from the Academic Quality Committee of the Faculty Senate; a representative from the Libraries; one student representative from the Student Government Association; the Vice President of Student Success (non-voting); the Executive Director of Retention and Graduation (non-voting), the Director of Academic Advising (non-voting), a representative from e-campus (non-voting); and the Executive Director of Enrollment Management (non-voting). The Associate Provost serves as Chair of the Council.

## General Education

Dr. Jennifer Wies, Associate Provost and General Education Chair

The mission of the General Education program is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about

matters of public and personal significance in a diverse, democratic society and global community. The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. See Section Four of this Catalog for detailed information on courses.

## Graduate Education and Research

Dr. Ryan Baggett, Dean  
Whitlock Building 310  
(859) 622-8261

The Office of Graduate Education & Research is comprised of the Graduate School, the Division of Sponsored Programs, the Office of Undergraduate Research and Creative Endeavors and the Training Resource Center. The Graduate School is responsible for the administrative oversight of EKU's master's specialist and doctoral programs. The Graduate School provides opportunities for undergraduate students to get a head start in obtaining a graduate degree through our concurrent enrollment and 3+2 programs. Interested students are encouraged to contact the Graduate School for more information. Additional information is also posted on the Graduate School website at [gradschool.eku.edu](http://gradschool.eku.edu) (<http://gradschool.eku.edu>)

The Division of Sponsored Programs assists EKU faculty and staff in seeking and managing grants, contracts, and other agreements that support EKU's mission. The Division of Sponsored Programs is also responsible for managing the university's research compliance programs including review of the use of human subjects or animals in research and responsible conduct of research by faculty, staff and students. Information is available on the Sponsored Programs website at [www.research.eku.edu](http://www.research.eku.edu) (<http://www.research.eku.edu>).

The Office of Undergraduate Research and Creative Endeavors provides opportunities for faculty-student mentorships for the purpose of deep learning, professional skill development, and contributing to the worldwide knowledge base. The Office is dedicated to achieving high quality scholarship through high quality mentorship.

The Training Resource Center is an innovative, university-based service collaborative focused on improving organizations and human service systems through partnerships, training, and professional development that enhances quality of life and strengthens communities.

## Libraries

Julie George, Dean of Libraries  
Library 202A  
(859) 622-1778

[@ekulibraries](https://twitter.com/ekulibraries)

Eastern Kentucky University Libraries includes the John Grant Crabbe Main Library, centrally located on University Drive, and two branch locations: the Elizabeth K. Baker Music Library in the Foster Building and the Rogow Business Library in the Business and Technology Complex. EKU Libraries provides help, study spaces, collections, and technology designed around the academic needs of EKU's students. EKU Libraries supports EKU regional campus and online students as well and provides a full range of services equivalent to those offered at the Main Library for these distance learners.

The Main Library offers a variety of study spaces, ranging from a large collaborative area on the first floor to the Silent Study Zone on the very top floor. Noise levels are also monitored on the Quiet fourth floor to ensure plenty of silent space for individual study. In addition to spaces designed for quiet and group study, an outdoor area is available on the Noel Reading Porch, adjacent to the Library Plaza. Refreshments are available in the Java City Library Café or the vending machines on the first floor. To learn more about EKU Libraries' spaces or to make a reservation, visit [library.eku.edu/reserve-rooms](http://library.eku.edu/reserve-rooms) (<http://library.eku.edu/reserve-rooms/>). The Main Library is open late during the fall and spring semesters and offers 24 hour study space and extended hours at the end of fall and spring.

The Main Library also includes the Learning Resources Center in support of the College of Education; the Law Library; the Noel Studio for Academic Creativity; The Faculty Center for Teaching and Learning and Special Collections and Archives. EKU Libraries collects resources to best serve students, faculty, and staff. To search the online catalog and discover the collections of libraries worldwide, visit [library.eku.edu](http://library.eku.edu) (<http://library.eku.edu>); even if EKU Libraries does not own the item you need, library staff can get it for you when you need it.

Technology is available throughout the Main Library and branches. The Main Library includes a large computer lab and computers throughout the building, a color printer, a cloud printer, fax machine, and a 3D printer available for student use. Visit [library.eku.edu/technology-showcase](http://library.eku.edu/technology-showcase) (<http://library.eku.edu/technology-showcase/>) to explore the emerging technologies EKU Libraries faculty and staff are currently collecting.

There are many ways to get help from librarians. Virtual reference services are available online or in person and research assistance is available whether you are an online student, located at a regional campus, or taking classes at the Richmond campus. Students are invited to visit one of our Help Desks, call (859) 622-6594, text (859) 903-0848, e-mail [reference.library@eku.edu](mailto:reference.library@eku.edu), tweet [@ekulibaskus](https://twitter.com/ekulibaskus), or chat with us and also check out our frequently asked questions at [libanswers.eku.edu](http://libanswers.eku.edu) (<http://libanswers.eku.edu>).

## The Noel Studio for Academic Creativity

Dr. Russell Carpenter, Assistant Provost  
Library 301B Noel Studio  
(859) 622-7403  
[studio.eku.edu](http://studio.eku.edu) (<http://studio.eku.edu>)  
<https://www.facebook.com/noelstudio/>  
[@noelstudio](https://twitter.com/noelstudio)

The Noel Studio for Academic Creativity serves the EKU community as a collaborative, innovative learning experience designed to improve communication and research skills. With integrated programs in teaching and learning, undergraduate research, and applied creative thinking, the Noel Studio is dedicated to the development of effective communication skills and practices across disciplines. This program provides student support for writing, research, and oral communication and faculty development in a central, technologically sophisticated space located in the heart of the Crabbe library. In the Noel Studio, trained consultants offer individual and small-group consultations to students and members of the EKU community seeking to refine specific projects and assist students in enhancing their research and communication skills.

## Faculty Center for Teaching and Learning

Dr. Russell Carpenter, Assistant Provost  
Library 301B Noel Studio  
(859) 622-7403

studio.eku.edu/about-faculty-center-teaching-learning (<http://studio.eku.edu/about-faculty-center-teaching-learning/>)

As a unit of the Noel Studio for Academic Creativity, the Faculty Center for Teaching & Learning (FCT&L) cultivates and supports a collaborative environment for faculty-led innovation in teaching and learning to foster student engagement and success at Eastern Kentucky University. The FCT&L inspires and encourages faculty to be leaders in innovative teaching and learning by promoting five values: Exploration of new and emerging teaching approaches; Systematic reflection in the process of designing highly engaging teaching and learning experiences; Interdisciplinary collaboration across departments, colleges, and units; Transparency in teaching and learning; and Cultivation of communities among faculty learners and leaders.

## Undergraduate Research and Creative Endeavors

Dr. Jonathan Gore, Coordinator  
Cammack 116  
(859) 622-1115

Undergraduate Research and Creative Endeavors is a collaborative program through the Office of Graduate Education and Research and the Noel Studio. URCE coordinates and promotes undergraduate research and creative endeavors at EKU, managing such events as Posters-at-the-Capitol and the University Presentation Showcase. In addition, URCE assists faculty in mentoring student research projects, encouraging collaborations, publicizing the ongoing undergraduate research activities of the academic departments, developing grant proposals, and representing EKU at regional and national undergraduate research conferences. URCE also facilitates the publication of an online journal for undergraduate research, *The Kentucky Journal of Undergraduate Scholarship*.

## University Registrar

Shannon Tipton, University Registrar  
Whitlock Building 239  
(859) 622-2320

The Office of the Registrar serves and supports students and faculty, as well as the larger campus community. The primary responsibilities of the Registrar include: being custodian of student academic records (ensuring their accuracy and integrity), serving as compliance specialist for federal and state regulations, and protecting overall institutional integrity by upholding the University Catalog with fairness and consistency.

The Registrar's Office administers the minimum scholastic standards of the University, posts transfer credit, oversees degree audit services, monitors and safeguards academic data integrity and security, determines NCAA student-athlete academic eligibility, coordinates commencement exercises, confirms degree completion, oversees production and delivery of diplomas, creates the schedule of classes and schedules all academic space. The Registrar also oversees the Office of Academic Testing and reports directly to the Associate Provost for Student Academic Affairs.

For additional information and a more detailed listing of services, please review the Registrar's Office website.

## Academic Testing

Academic Testing is responsible for the coordination, administration, and planning of academic assessments that are requested by the University, the educational community, and students. The types of testing provided by the office include national tests, state assessments, and locally

developed exams, credit by examination, and non-traditional credit by examination. Special need accommodations are available upon request.

## General Studies

Dr. Jennifer R. Wies, General Studies Coordinator  
(859) 622-6208

## Bachelor's

- General Studies, Bachelor of Arts (B.A.) (p. 85)

## Associate's

- General Studies, Associate of Arts (A.A.) (p. 81)

## Courses

### GSD 101. Foundations of Learning. (3 Credits)

I, II. A course to promote student success and lay the foundation for critical and creative thinking across the curriculum. Open to all first year students with fewer than 30 semester hours earned. Credit will not be awarded to students who have credit for ASO 100, BTO 100, EDO 100, GSD 101Z, GSO 100, HSO 100, or JSO 100.

### GSD 101AR. Foundations of Learning. (3 Credits)

I, II. A course to promote student success and lay the foundation for critical and creative thinking across the curriculum. Open to all first year students with fewer than 30 semester hours earned. Credit will not be awarded to students who have credit for ASO 100, BTO 100, EDO 100, GSD 101Z, GSO 100, HSO 100, or JSO 100.

### GSD 101Z. Foundations of Learning. (3 Credits)

I, II. A course to promote student success and lay the foundation for critical and creative thinking across the curriculum. Open to all first year students with fewer than 30 semester hours earned. Credit will not be awarded to students who have credit for ASO 100, BTO 100, EDO 100, GSD 101, GSO 100, HSO 100, or JSO 100.

### GSD 201. Transfer Student Seminar. (1 Credit)

(1) A. Seminar is for students who enroll with 30-90 hours. Students learn how to navigate campus resources, operate degree audit software, handle transfer credits and abide by Eastern's academic integrity policy. Graded Satisfactory-Unsatisfactory.

### GSD 220. Prior Learning Seminar. (2 Credits)

A. Prerequisites: ENG 102 or departmental approval. This course is designed to help students identify and document learning gained through life experience or employment that will be assessed for possible college level credit.

### GSD 225. Leadership Dynamics. (1-3 Credits)

II. The course is designed to introduce current and emerging leaders to leadership theory and development. Attention is given to self awareness, leadership styles, conflict resolution, communication skills, ethics and values and real world experience. Information is provided through class discussion, speakers, group work, journals and case studies. May be retaken to a maximum of three hours provided the subject matter differs.

### GSD 225S. Leadership Dynamics: Service Learning. (1 Credit)

II. The course is designed to introduce current and emerging leaders to leadership theory and development through a dynamic service learning component including reflective activities, practice in teamwork, and engaging in service for a community partner. Credit will not be awarded to students who have credit for GSD 225. May be repeated up to three hours.

**GSD 250. Exit Requirement AGS. (0 Credits)**

(0) A. Exam for AGS students to evaluate programmatic outcomes, required of all AGS students who have earned at least 45 hours. Credit (CR) will be given when students complete the exam.

**GSD 349. Applied Learning. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349A. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349B. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349C. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349D. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349E. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349F. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349G. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349H. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349I. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349J. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349K. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349L. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349M. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 349N. Cooperative Study. (0.5-8 Credits)**

A. Prerequisite: 2.0 GPA and Program approval. Work under field supervisors in placements related to academic studies. Minimum 80 hours work for each credit hour. Repeatable up to 16 credit hours.

**GSD 399. Professional Skill Development. (3 Credits)**

Prerequisites: Junior standing. Will help students recognize and build skills needed for desired career fields. Topics include: job search, resumes, cover letters, interview skills, and making connections between academic experiences and professional goals.

**GSD 401. McNair Research Symposium. (2 Credits)**

A. Prerequisites: ENG 101 and 102 or ENG 105; MAT 105 or any course above MAT 105. Introduction to research, writing, and expectations concerning research in academic settings. Provides essential information regarding research and writing expectations of graduate students. For McNair scholars only.

**GSD 450. Exit Requirement BGS. (0 Credits)**

(0) A. Exam for senior BGS students to evaluate programmatic outcomes. This exam is required of all BGS students who have earned at least 90 hours. Credit (CR) will be given when students complete the exam.

## General Studies, Associate of Arts (A.A.)

The Associate of Arts in General Studies degree provides students, especially adult learners, the opportunity to pursue a flexible degree program to meet their unique interests, career goals, and academic needs. Reflecting EKU's commitment to a liberal arts education, the degree allows students to concentrate in an area of interest while selecting from a wide variety of courses to meet personal, educational, or career goals. This degree is designed for students for whom this will be their first college degree and who wish to advance in their careers, change careers, pursue a lifelong interest beyond their careers, or use the degree as a pathway to a baccalaureate degree. Students who are admitted as "Special Admittance/Conditional Admittance" (see page 10 of the *Catalog*), will be initially admitted into the Associate of Arts in General Studies degree program.

## Opportunities

The Associate of Arts in General Studies degree has become more attractive with the growth of business and industry in the area and with the increase of minimum educational requirements for employment or promotion. In addition to those students wishing to enhance their employability, other students will find the program offers numerous opportunities to seek a degree for their own personal satisfaction. The degree allows students to gain confidence in their abilities by earning a degree at the associate level prior to enrolling in a baccalaureate program. The associate degree also provides opportunities for students who wish to consolidate previously earned credits to complete their first degree.

Serving students from a varied background of college readiness, this degree provides students a defined path to success in earning one or more degrees. Upon successful completion of EKU's Associate of Arts in General Studies degree, the student will have met all General Education

requirements, which will apply toward a four-year program at EKU or any other regional Kentucky institution.

## Program Requirements

CIP Code: 24.0102

### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

### Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
	General Education	36
Standard General Education program (Elements 1-6 inclusive, per Section Four of this Catalog)		
<i>Student Success Seminar</i>		
GSD 101	Foundations of Learning (waived for transfers with 30+ hours, not including AP and Dual Credit hours)	3

### Major Requirements

#### Core Courses

Courses are within an individual College and exclusive of general education requirements. One of the concentrations below may be used to fulfill this requirement.

#### Optional Departmental Concentration

Students may select a concentration of interest. Students with a declared departmental concentration will be advised by faculty of that department and will be officially affiliated with that department. The Associate of Arts in General Studies concentration will be reflected on the student's transcript.

Choose from one of the following: 0-15

Anthropology
Applied Engineering and Technology
Broadcasting and Electronic Media
Communication Studies
Computer Networking Systems

Education		
Electricity and Electronics		
English		
Geographic Information Systems		
Geography		
Geology		
History		
Homeland Security		
Informatics		
Mathematical Sciences		
Military Studies		
Physics and Engineering		
Political Science		
Pre#Business		
Psychology		
Security Operations		
Sociology		
Veterans Studies		
<i>Exit Requirements</i>		
GSD 250	Exit Requirement AGS	0
<i>Free Electives</i>		
Choose from nine hours of free electives		9
<b>Total Hours</b>		<b>60-75</b>

(Precise degree requirements will vary based upon concentration selected and student's specific orientation course needs.)

### Major Requirements

- Students should refer to their Degree Works audit for General Education course selections.
- Students should consult with an advisor to choose an appropriate General Education math course.
- AA in General Studies students must earn a institutional GPA of 2.0 on all work earned at EKU, as well as an overall GPA of 2.0 on combined transfer and EKU graded coursework.
- AA in General Studies students must complete at least 15 semester hours at EKU.
- AA in General Studies students must complete an approved 12-hour emphasis with an overall 2.0 GPA within an individual college beyond the General Education requirement.

The Associate of Arts in General Studies is intended to be a first degree and is not appropriate for a secondary degree. Students who declare the AA in General Studies should pursue that program as their primary degree and apply for graduation as soon as they approach completion of its requirements. Students seeking only an associate degree may not declare a minor.

### Optional A.A. in General Studies Concentrations

The following concentrations are available in the Associate of Arts in General Studies degree program:

#### Anthropology Concentration

Code	Title	Hours
ANT 120	Introduction to Cultural Anthropology	3
ANT 200	Archaeology and Human Cultures	3
ANT 201	Introduction to Biological Anthropology	3

One upper-division ANT course (300 or above)	3
<b>Total Hours</b>	<b>12</b>

### Applied Engineering and Technology Concentration

Code	Title	Hours
AEM 201	Metallic Material Processes	3
EET 251	Electricity and Electronics	3
AEM 195	Computer Aided Drafting	3
TEC 161	Computer Applications in Technology	3
<b>Total Hours</b>		<b>12</b>

### Broadcasting and Electronic Media Concentration

Code	Title	Hours
BEM 295	Video Production	4
Choose from two of the following:		6
BEM 202	Information Gathering	
BEM 203	introduction to Media Writing	
BEM 301	Multimedia Newswriting	
BEM 353W	The Art and Craft of Screenwriting	
Choose from two hours of the following:		2
BEM 349	Applied Learning in Broadcasting (1 hour)	
BEM 398	Electronic Video Practicum (1 hour)	
BEM 491	Senior Seminar	
<b>Total Hours</b>		<b>12</b>

### Communication Studies Concentration

Code	Title	Hours
CMS 200	Interpersonal Communication	3
CMS 205W	Advocacy and Opposition	3
CMS 210	Public Speaking	3
or CMS 215	Business and Professional Presentations	
CMS 250		3
or CMS 275	Applied Organizational Communication Skills	
<b>Total Hours</b>		<b>12</b>

### Computer Networking Systems Concentration

Code	Title	Hours
NET 302	PC Troubleshooting & Construction	3
NET 303	LANs & PC Communications	3
NET 354	Microcomputer & Network Security	3
Choose from three hours of NET coursework		3
<b>Total Hours</b>		<b>12</b>

### Education Concentration

Code	Title	Hours
EDF 203	Educational Foundations	3
EDF 204	Emerging Instructional Technologies	2
EDF 205	Creative Learning and Teaching	3
SED 104	Special Education Introduction	3
<b>Total Hours</b>		<b>11</b>

Students planning to apply for admission to the Teacher Education Program after completing the AGS degree should also enroll in CMS 100 Introduction to Human Communication or CMS 210 Public Speaking,

BIO 102 Inquiry Biology for Teachers or PHY 102 Inquiry Physics for MS Teachers, and HIS 202 .

*Students should confer with a College of Education Advisor to determine the required math course for each specific program.*

### Electricity and Electronics Concentration

Code	Title	Hours
EET 251	Electricity and Electronics	3
EET 252	Digital Electronics	3
EET 257	Electronic Devices and Circuits	3
EET 253	Microprocessor Control Systems	3
or EET 351	Programmable Logic Controllers	
<b>Total Hours</b>		<b>12</b>

### English Concentration

Code	Title	Hours
ENG 301	Advanced Composition	3
ENG 302	Principles of Literary Study	3
Choose from six hours of ENG courses <sup>1</sup>		6
<b>Total Hours</b>		<b>12</b>

<sup>1</sup>

ENG 210 Enjoying Literature, ENG 211 Survey of World Literature I, and ENG 212 Survey of World Literature II may count toward the concentration but will not count toward the B.A. English degree major requirements.

### Geographic Information Systems Concentration

Code	Title	Hours
GEO 110	Environmental Geography	3
or GEO 210	Introduction to Physical Geography	
GEO 353	Geographic Information Systems	3
Choose from six hours of the following:		6
GEO 351	Geoscience Data and Techniques	
GEO 453	Advanced GIS	
GEO 455	GIS Cartography	
GEO 456	Remote Sensing	
GEO 458	Advanced Geographic Imagery	
GEO 501	Advanced Geography:___	
GLY 351	Field Methods	
GLY 408	Process Geomorphology	
<b>Total Hours</b>		<b>12</b>

### Geography Concentration

Code	Title	Hours
GEO 100	Regions and Nations of the World	3
GEO 110	Environmental Geography	3
or GEO 210	Introduction to Physical Geography	
Choose from six hours of GEO electives		6
<b>Total Hours</b>		<b>12</b>

### Geology Concentration

Code	Title	Hours
Choose from two of the following:		6
GLY 104	The Ocean World	
GLY 107	Gold and Diamonds	

GLY 108	Earthquakes and Volcanoes	
GLY 109	Great Moments in Earth History	
GLY 302	Earth Science	
GLY 305	Dinosaurs	
GEO 210	Introduction to Physical Geography	
Choose from two of the following:		6-8
GLY 210	Introduction to Geochemistry	
GLY 303	Environmental Geoscience	
GLY 309	Mineralogy	
GLY 315	Hydrology	
GLY 408	Process Geomorphology	
GLY 415	Sedimentary Geology	
GEO 353	Geographic Information Systems	
GEO 456	Remote Sensing	
<b>Total Hours</b>		<b>12-14</b>

**History Concentration**

Code	Title	Hours
HIS 102	American Civilization to 1877	3
HIS 103	American Civilization Since 1877	3
Choose from six additional hours of HIS courses <sup>1</sup>		6
<b>Total Hours</b>		<b>12</b>

1

Of those 6 additional hours at least 3 must be in a course listed in Area II (Europe) or Area III (Non-Western). HIS 290 Historical Research and Methods and HIS 450W Senior Seminar in History may not count toward the concentration.

**Homeland Security Concentration**

Code	Title	Hours
HLS 101	Introduction to Homeland Security	3
HLS 210	Cyber and Physical Security	3
HLS 260	Disaster Preparedness & Response	3
HLS 301	Critical Infrastructure Protection	3
<b>Total Hours</b>		<b>12</b>

Students planning to later enroll in the B.S. Homeland Security should take as part of their General Education courses:

Code	Title	Hours
EES 250	Basic Social Intelligence Skills (Element 1C)	3
STA 215	Introduction to Statistical Reasoning (Element 2)	3
GEO 210	Introduction to Physical Geography (Element 4)	3
HIS 203	(Element 5A)	
POL 100	Principles of Politics and Government (Element 5B)	3
or POL 101	Introduction to American Government	

**Informatics Concentration**

Code	Title	Hours
INF 104	Computer Literacy with Software Applications	3
or CIS 212	Introduction to Computer Information Systems	
INF 307	Cyberspace Security and Ethics	3
INF 314	MS Office & Data Analysis	3

INF 318	Mobile Device Security & Privacy	3
<b>Total Hours</b>		<b>12</b>

Completion of this concentration also fulfills requirements for the Certificate in Informatics. Students must formally declare their intention to earn the certificate before it can be awarded.

**Mathematical Sciences Concentration**

Code	Title	Hours
MAT 234	Calculus I	4
MAT 244	Calculus II	4
STA 270	Applied Statistics	4
Choose from one of the following:		3
CSC 160	Introduction to Web Programming	
CSC 177	Introduction to Visual Basic	
CSC 190	Object- Oriented Programming I	
<b>Total Hours</b>		<b>15</b>

A minimum grade of "C" is required of all courses counted toward the concentration.

**Military Studies**

Code	Title	Hours
Choose from 12 hours of a combination of the following: <sup>1</sup>		12
MSL courses		
Military services (ACE) credit		
PHE 190	Wellness Experience:_____	
PLS 375	Terrorism/ Counterterrorism	
<b>Total Hours</b>		<b>12</b>

1

At least 3 of the 12 hours must be earned in residence at EKU.

**Physics and Engineering Concentration**

Code	Title	Hours
MAT 234	Calculus I	4
PHY 201	University Physics I	5
PHY 202	University Physics II	5
<b>Total Hours</b>		<b>14</b>

Students should note that each has prerequisites.

**Political Science Concentration**

Code	Title	Hours
POL 100	Principles of Politics and Government	3
POL 101	Introduction to American Government	3
POL 212	Introduction to Comparative Politics	3
POL 220	Introduction to World Politics	3
<b>Total Hours</b>		<b>12</b>

**Pre-Business Concentration**

Code	Title	Hours
ACC 200	Survey of Accounting	3
BUS 101	Nature of Business	3
CIS 212	Introduction to Computer Information Systems	3
or BUS 206	Fund of Prob Solving w Excel	
Choose 3 hours from the following:		3

BUS 204	Fundamentals of Business Law and Ethics	
BUS 207	Fund of Interpersonal Bus Comm	
CCT 201	Professional Communication	
CCT 270	Entrepreneurship	
GBU 204	Legal and Ethical Environments of Business	
<b>Total Hours</b>		<b>12</b>

A minimum grade of "C" is required of all courses counted toward the concentration.

### Psychology Concentration

Code	Title	Hours
PSY 200	Introduction to Psychology	3
or PSY 200W	Introduction to Psychology: Writing Intensive	
PSY 250		3
or PSY 250W		
Choose from six hours of PSY courses <sup>1</sup>		6
<b>Total Hours</b>		<b>12</b>

<sup>1</sup>

Excluding PSY 349 Applied Learning in Psychology, PSY 402 Independent Work in Psychology, and PSY 403 ). PSY 280 Lifespan Developmental Psych. may count toward the concentration but will not count toward the B.S. Psychology degree major requirements.

A minimum grade of "C" is required of all courses counted toward the concentration.

### Security Operations Concentration

Code	Title	Hours
HLS 210	Cyber and Physical Security	3
HLS 310	Personnel Security	3
HLS 320	Security Management	3
HLS 350	Workplace Investigations	3
<b>Total Hours</b>		<b>12</b>

Students planning to later enroll in the B.S. Homeland Security should take as part of their General Education courses:

Code	Title	Hours
EES 250	Basic Social Intelligence Skills (Element 1C)	3
STA 215	Introduction to Statistical Reasoning (Element 2)	3
GEO 210	Introduction to Physical Geography (Element 4)	3
HIS 203	(Element 5A)	
POL 100	Principles of Politics and Government (Element 5B)	3
or POL 101	Introduction to American Government	

### Sociology Concentration

Code	Title	Hours
SOC 131	Introductory Sociology	3
SOC 232	Social Statistics	3
SOC 235	Social Problems	3
One upper-division SOC course (300 or above)		3
<b>Total Hours</b>		<b>12</b>

These courses will count toward the B.A. Sociology degree major requirements.

## General Studies, Bachelor of Arts (B.A.)

The General Studies degree program is designed for adult learners and students intending to complete a baccalaureate degree whose educational objectives are not aligned with a more traditional degree program.

In addition to the baccalaureate degree requirements in Section 5 of this Catalog, the following are required for students seeking a General Studies degree:

1. The B.A. General Studies degree is intended to be a first baccalaureate degree and is not appropriate for a concurrent or secondary baccalaureate degree.
2. Any courses ordinarily accepted for credit by Eastern Kentucky University may be chosen as hours to apply to the 120 hours required for graduation.
3. In order to declare a General Studies major students must have previously earned 60 credits from a regionally accredited institution or two years or more must have lapsed since students earned any college credit.
4. Students pursuing a General Studies degree are not permitted to declare a double major.
5. Students pursuing a General Studies degree are encouraged to declare minors and/or certificates.
6. Students in the General Studies program will graduate from and be considered alumni of a specific college based on either
  - a. the student's preference (If a student has at least 18 credits in a college, excluding General Education credits, then he/she may request to be affiliated with that college); **or**
  - b. if the student has no preference, then affiliation is based on the college in which the greatest number of credits are earned (excluding General Education credits).

7. The college from which the student graduates will not be included in the degree name. Degree name on diploma will be Bachelor of Arts General Studies.

Choose from 78 hours of free electives	78
<b>Total Hours</b>	<b>120</b>

1

Waived for students who enter EKU with 30+ hrs. of courses ordinarily accepted for transfer credit by Eastern Kentucky University. Student Success Seminars will not be waived for AP and Dual Credit hours.

**Note:** General Studies students are encouraged to earn minors and/or certificates. Advisors will assist students with identifying minors and certificates.

## Honors Program

Dr. David W. Coleman, Executive Director  
University Building 137  
(859) 622-2924

EKU Honors provides an enriched and accessible liberal arts college educational experience within the context of our large comprehensive university. With deep resources to support student travel and study abroad experiences as well as small seminar-style honors classes and an active residential Honors Living and Learning Community (LLC), EKU Honors provides one of the most supportive and creative educational experiences anywhere. Undergraduate students from every major on campus are welcome in EKU Honors, and our flexible honors curriculum provides versatility for today's students, who often bring to EKU large numbers of prior credits from AP, IB, or Dual Credit experiences in high school. Students who complete the honors curriculum graduate as "EKU Honors Scholars," with that status signified at Commencement by the distinctive maroon mortar board. Honors Scholar status is also formally designated on a graduate's diploma as well as on official transcripts. To continue in the program and to graduate as an EKU Honors Scholar, students must maintain at least a 3.2 EKU GPA.

### EKU Honors Curriculum

Students enter EKU Honors under one of the following two curricular tracks. Those entering EKU Honors in their first semester of college will complete the "Honors Maroon" track. Those entering as transfer students or as continuing EKU students in a semester other than their first in college will complete the "Honors Gold" track.

### GPA Requirement

To remain active and eligible in EKU Honors, students must maintain the following minimum grade point averages:

- 3.00 institutional GPA up to 60 completed institutional hours
- 3.20 institutional GPA after 60 completed institutional hours and to graduate as an EKU Honors Scholar

### Tracks

- Gold Track, Honors (p. 88)
- Maroon Track, Honors (p. 88)

### Certificate

- Honors Departmental Certificate (p. 89)

## Courses

### HON 100. Engaging in Honors. (1 Credit)

I. Orientation and introduction to the honors community and fundamental aspects of honors life, preparing for academic and professional success, and learning to document experiences via the honors portfolio.

Prerequisite: Admission to the ECU Honors Program.

### HON 101. The Examined Life. (3 Credits)

I. Prerequisite: Admission to the ECU Honors Program or the ECU E-Campus Honors Certificate program. Engagement with historical and recent memoirs, diaries, and philosophical reflections. Students develop fundamental skills in critical and creative thinking, research, and communication. Research project requires use of library resources and development of a cogent argument. Gen. Ed. 3B.

### HON 102. Honors Rhetoric. (6 Credits)

I. Prerequisite: Admission to the Honors Program or instructor approval. Co-requisite: HON 103. Designed, with HON 103, to improve skills in writing, reasoning, oral presentation, and research, through the study of significant works of literature, philosophy, and social and cultural history from the ancient to the modern world. Each student will do a research paper that requires both significant use of library resources and the development of a cogent line of argument. Gen. Ed. Element 1A & 1B, or 3B [WC][WG].

### HON 103. Honors Communication. (3 Credits)

I. Prerequisite: Admission to the Honors Program or program approval. Corequisite: HON 102. Designed, with HON 102, to improve skills in writing, reasoning, oral presentation, and research. Each student will learn the principles and practice of the art of public speaking including the invention, organization, style, and delivery of informative and persuasive speeches. Gen. Ed. Element 1A, 1B, & 1C.

### HON 104. Honors Exploration:\_\_\_\_\_. (3 Credits)

(3). Interdisciplinary exploration of topics such as Health and Community, Social Justice and the Law, Environmental Sustainability, Arts and Communities, Science and Society. Students work collaboratively to identify important problems, seek solutions, and undertake individual or group projects that culminate in a presentation. Prerequisite: Admission to the honors program.

### HON 301. Self and Community. (3 Credits)

I. Prerequisite: HON 101. Interdisciplinary examination of the meanings of participation in local, national, and global communities. Topics may include matters such as political engagement, leadership, compassion, empathy, inequality, stratification, race, and gender. Gen. Ed. 5B.

### HON 302. Honors Option. (0 Credits)

A. Prerequisites: HON101 and HON 301. Taken in conjunction with a course at or above the 300- level in which student is simultaneously enrolled. Student completes a substantial project that places lessons and meanings of the upper-division course in the context of a philosophical, ethical, social, and/or civic issue studied in HON 101 and/or HON 301. Student must earn a "B" or better on project for HON 302 in order for it to count for credit toward the Honors Certificate.

### HON 304S. Special Topics. (3 Credits)

A. A service-learning topics course meeting the goals of the Honors Program. A non-service-learning version of HON 304S may also be offered. Students may earn up to six hours from any combination of HON 304/304S, providing the topics differ. Gen. Ed VII (QS).

### HON 304W. Honors Seminar in the Mathematics Sciences:\_\_\_\_. (3 Credits)

A. Prerequisite: ENG 101 or 101R or 105(B) or HON 102 and Admission to the Honors Program; and completion of all University developmental requirements; or departmental approval. A topics course in the mathematical sciences meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Gen. Ed. E#2 [QR].

### HON 307W. Honors Seminar in the Arts:\_\_\_\_. (3 Credits)

A. Prerequisite: 101 or 101R or 105(B) or HON 102 and Admission to the Honors Program; or departmental approval. A topics course in the arts meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Gen. Ed. Element 3A.

### HON 308W. Honors Seminar in the Humanities:\_\_\_\_. (3 Credits)

A. Prerequisite: ENG 101 or 101R or 105(B) or HON 102 and Admission to the Honors Program; or departmental approval. A topics course in the humanities meeting the goals of the Honors Program. may be retaken with different topics to a maximum of six hours. Honors Core. Gen. Ed. Element 3B.

### HON 310W. Honors Seminar in History:\_\_\_\_. (3 Credits)

A. Prerequisite: ENG 101 or 101R or 105(B) or HON 102 and admission to the Honors Program; or departmental approval. A topics course in history meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Honors Core. Gen Ed. Element 5A.

### HON 312W. Honors Seminar in the Social and Behavioral Sciences:\_\_\_\_. (3 Credits)

A. Prerequisites: ENG 101 or 101R or 105(B) or HON 102 and Admission to the Honors Program; or departmental approval. A topics course in the social and behavioral sciences meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Gen. Ed. E#5B [SB].

### HON 317. Honors Seminar in the Natural Sciences:\_\_\_\_. (3 Credits)

A. Prerequisite: ENG 101 or 101R or 105 (B) or HON 102 and Admission to the honors program; or departmental approval. A topics course in the natural sciences meeting the goals of the Honors Program. 2 Lec./2 Lab. Honors Core. Gen Ed. E-4.

### HON 320W. Honors Seminar in Diversity of Perspectives and Experiences:\_\_\_\_. (3 Credits)

A. Prerequisite: Admission to the Honors Program or departmental approval and ENG 101 or 101R or 105(B) or HON 102. A topics course in the diversity of perspectives and experiences meeting the goals of the Honors Program. May be retaken with different topics to a maximum of six hours. Honors Core. Gen Ed. Element 6.

### HON 390. Directed Topics in Honors. (1-3 Credits)

A. Prerequisite: approval of honors program director. Specialized study of selected topics usually culminating in an official presentation at a conference such as the annual meeting of the National Collegiate Honors Council. Student must have the special topics proposal form approved by a faculty mentor prior to enrollment. May be retaken with different topics to a maximum of three hours.

### HON 391. Honors Portfolio. (1 Credit)

A. Prerequisites: HON 101 and HON 301. Prerequisite or Co-requisite: HON 302. Production of a portfolio that reflects and demonstrates the ways in which the student's experiences in higher education have met and corresponded with the specified learning goals of the Honors Certificate program.

**HON 401. Honors Innovation Lab:\_\_\_ (3 Credits)**

Prerequisite: Admission to the Honors Program or departmental approval and ENG 102 or 102R or 105(B) or HON 102 and at least one 300-level HON course. Students collaborate to develop innovative approaches to address specific community problems or needs. Students learn applied creative practices to identify relevant issues, readings, stakeholders, and effective solutions. May be retaken with different topics to a maximum of six hours.

**HON 402. The Creative Imagination:\_\_\_ (3 Credits)**

Prerequisite: Admission to the Honors Program or departmental approval and ENG 102, 102R, 105 (B), or HON 102 and at least 3 credit hours of HON upper-division credit. Students study and engage in various creative approaches to an artistic and literary theme. Students present contemporary and historical approaches and collaborate on new and innovative approaches. Specific themes for the course are rotating. May be retaken with different topics to a maximum of six hours.

**HON 403. Science, Ethics, and Big Ideas:\_\_\_ (3 Credits)**

Prerequisite: Admission to the Honors Program or departmental approval and ENG 102 or 102R or 105(B) or HON 102 and at least one 300-level HON course. An in-depth examination of a scientific issue or issues of paramount significance in contemporary society. Emphasis is on the scientific details of the issue or issues as well as social, civic, and political ramifications. May be retaken with different topics to a maximum of six hours.

**HON 404. Honors Inter-professional Health Sciences Seminar:\_\_\_ (3 Credits)**

(3)A. Prerequisites: ENG 102 or ENG 105(B) or HON 102; At least three hours of HON upper-division credit. Honors Program advanced seminar course designed to provide honors students in health sciences and related majors with a collaborative interprofessional experience. Biological, psychosocial, cultural, economic, legal, political, environmental, and technology factors surrounding health. Course focuses on a specific theme each semester it is taught.

**HON 420. Thesis Project and Seminar. (3,6 Credits)**

I, II. An in-depth thesis or major project, approved by the honors director, and presented in a suitable format within the seminar. May be retaken for a maximum of 6 credit hours.

EES 450	Leaders Without Titles	
HUM 300	Humanity in the Postmodern Age	
HUM 300W	Humanity in the Postmodern Age	
<b>Total Hours</b>		<b>10</b>

1

HON 302 Honors Option is a zero-credit-hour course taken in conjunction with a course of the student's choosing (usually but not necessarily in the student's major) at the 300-level or higher. Satisfying the HON 302 Honors Option requirement involves completing an honors interdisciplinary research project related to materials in the corresponding non-honors course, explicitly relating them to themes and issues addressed in HON 101 The Examined Life and/or HON 301 Self and Community. The project for HON 302 Honors Option must receive a grade of "B" or higher for Honors Certificate credit.

2

Students completing one of these electives for Honors Certificate Elective credit will be required to do an honors interdisciplinary assignment that links course material explicitly to lessons and/or themes from HON 101 The Examined Life and/or HON 301 Self and Community.

**Note:** Average GPA of courses applied to the minor or certificate must be 2.25 or better.

## Vision of EKU's College of Business

*"Leading transformative education, preparing innovative professionals for global impact."*

Foundational to our vision is the motto of former EKU Professor of Accounting, Dr. Jack L. Dyer, "We change lives for the better." A transformative education prepares students to be innovative, creative, and entrepreneurial in their professional and personal endeavors. Graduates enter the world with a global focus in order to serve the service region of EKU, the Commonwealth of Kentucky, and the world. This focus helps develop self-awareness of one's identity, culture, and beliefs, appreciating diverse cultures and perspectives that will make EKU graduates more competitive and successful.

## Mission of EKU's College of Business

*"We are a School of Opportunity with a student-centered commitment to developing leaders through applied and interdisciplinary instruction, research, and collaboration, that positively impacts the world."*

Our mission defines our purpose. We are a School of Opportunity, valuing who we include, not exclude. We provide access to education in business disciplines, delivering experiences that transform students into leaders with integrity and knowledge, adapting to changes in the global environment.

Our commitment to excellence is student-centered and made possible through collaboration and research with students, faculty, and the community.

## College of Business Core Values

### CONNECTION AND COLLABORATION

- Excellence
  - Strive for the highest standard in all we do with a spirit of innovation and entrepreneurship
- Integrity
  - Maintain a culture of acting ethically, honestly, inclusively, and respectfully to all
- Service
  - Commit to the good we can do for others through educational opportunities and community engagement

## College of Business Core Competencies

Throughout the Business curriculum, students will be developing and building the following core competencies:

- Functions of Business - Demonstrate knowledge base and acumen in the functional areas of business with an interdisciplinary approach
- Sustainable Innovation – Apply quantitative analysis, critical thinking, and creative thinking in decision-making to design sustainable innovation.
- Interactive Communication – Communicate effectively and interactively with consideration of audience, message, and delivery

- Authentic Professional Brand – Achieve an authentic professional brand through self-development and the cultivation of emotional intelligence and a moral compass
- Systems Thinking – Recognize the impact of macro environment (global, societal, and regulatory) factors and trends

## AACSB International

Graduates of EKU's College of Business (the undergraduate and graduate programs in business administration at Eastern Kentucky University) have joined the ranks of the nation's top business schools. EKU's College of Business has received accreditation by the AACSB International for its undergraduate and graduate programs in business administration. Less than six percent of the world's business schools have achieved this elite distinction.

AACSB International accreditation represents the highest standard of achievement for business schools worldwide and is the hallmark of excellence in business education. Institutions that earn accreditation confirm their commitment to quality and continuous improvement through a rigorous and comprehensive peer review process. Founding members of the agency include many Ivy League Schools, including Columbia, Cornell, Dartmouth, Harvard, and Yale; and such top-ranked schools as the University of California at Berkeley, the University of Chicago, and Northwestern also hold AACSB accreditation.

To achieve accreditation, EKU's College of Business satisfied a wide range of quality standards related to strategic management of resources, interactions of faculty and students in the educational process, and achievement of learning goals in degree programs.

## Beta Gamma Sigma

Founded as a national organization in 1913, Beta Gamma Sigma is an international honor society that provides the highest recognition that a business student anywhere in the world can receive in an undergraduate or master's program at a school accredited by AACSB International. With the global expansion of accreditation by AACSB International, membership is no longer limited to those who have studied in the U.S. or Canada.

The mission and objectives of Beta Gamma Sigma are to encourage and honor academic achievement in the study of business and personal and professional excellence in the practice of business, to foster an enduring commitment to the founding principles and values of honor and integrity, to encourage the pursuit of wisdom and earnestness, to support the advancement of business thought and practice to encourage lifelong learning, and to enhance the value of Beta Gamma Sigma for student and alumni members in their professional lives.

To be eligible for Beta Gamma Sigma, students must be in the top 7 percent of the junior class, top 10 percent of the senior class, or top 20 percent of the MBA program.

## Bachelor of Business Administration Degree Requirements

General University requirements, as well as specific course requirements set forth in the description of curricula, must be met by students completing baccalaureate business programs administered by the College of Business. See programs under each department for major requirements. BUS 100 Professional Development One, is the Student Success Seminar for the College of Business, and it is required in all

Business programs. The requirements for the **Bachelor of Business Administration Degree (BBA)** are as follows:

1. An institutional 2.0 GPA must be maintained in all work taken in the BBA program.
2. At least 50 percent of the business course credit hours required for the BBA degree must be completed at EKU.
3. The BBA degree will accept credits for business courses transferred from other colleges and universities accredited by the International AACSB. As completely as possible, it will apply these credits to the student's degree program. To ensure that they earn appropriate credits, students are strongly advised to see the College of Business Advising Office and also obtain the Dean's approval prior to enrolling in any course work they plan to transfer. The University will not take responsibility for courses transferred without prior approval.
4. For the BBA program, a "C" or better is required for the courses in the student's major.

## Bachelor of Business Administration

EKU's College of Business Core is designed with a beginning, middle, and end. During the first year, business students are provided historical perspective for modern business and introduced to professional development. They then focus on a foundation of the environment and tools of business, which equips them for the functions of business. The culmination of the Business Core is the capstone course, which integrates content from each of the functions of business. Core courses provide breadth in business topics, and major/concentration courses provide depth in a particular discipline. The Business Core is required for all Business majors. It provides foundational knowledge and understanding of the environment and functions of business, and it provides opportunities for students to develop professional skills. The Business Core includes the following:

### Professional Development Series

Code	Title	Hours
BUS 100	Professional Development One	1
BUS 200	Professional Development Two	1
BUS 300	Professional Development Three	1
BUS 400	Professional Development Four	1

Opportunities for skill-building in four particular content areas needed for successful working professionals: business etiquette, financial literacy, job readiness, and personal productivity

### Nature of Business

Code	Title	Hours
BUS 101	Nature of Business	3

Introduction to business and its functions from a historical and holistic perspective

### Fundamentals Series

Environment and Tools of Business and Supporting Courses

## Environment of Business

Code	Title	Hours
ECO 230	Fundamentals of Microeconomics (Element 5B) <sup>G</sup>	3
ECO 231	Fundamentals of Macroeconomics	3
BUS 204	Fundamentals of Business Law and Ethics	3

### G

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

Understanding of fundamental economics and the legal and ethical environment of business

## Tools of Business

Code	Title	Hours
MAT 112A	Algebra: Polynomials (Element 2) <sup>G</sup>	1.5
MAT 112B	Algebra: Functions & Matrices (Element 2) <sup>G</sup>	1.5
MAT 114 or MAT 211	College Algebra (Element 2) <sup>G</sup> Applied Calculus	3
STA 260	Business Statistics	3
BUS 206	Fund of Prob Solving w Excel	3
BUS 207	Fund of Interpersonal Bus Comm	3
BUS 209	Fundamentals of Financial and Managerial Accounting	3

### G

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

Mathematical tools of business, reasoning, and problem-solving skills

## Essentials Series

Functions of Business:

Code	Title	Hours
BUS 301W	Essentials of Formal Communication	3
BUS 302	Essentials of Finance	3
BUS 303	Essentials of Org Behav/HR Mgt	3
BUS 304	Essentials of MIS	3
BUS 305	Essentials of Marketing	3
BUS 306	Essentials of Supply Chain Mgt	3

Foundational courses in the functional areas of business (communication, computer information systems, finance, management, and marketing)

## Application of Business

Though not required for the BBA, all business majors are strongly encouraged to pursue opportunities to apply content learned in their business courses through experiences such as internship/co-op and international travel/study abroad.

## Mastery of Business

Code	Title	Hours
BUS 402	Integrated Strategic Mgmt	3

Synthesizes knowledge, skills, and abilities learned in previous Business Core courses to prepare students to manage, lead, and make business decisions

## Enrollment in Upper-Division ECU's College of Business Courses

To enroll in other upper-division business courses, students are required to have met the specific prerequisite(s) for each course and have earned an overall 2.0 GPA. Students majoring in other departments whose planned curriculum includes selected business courses (by virtue of agreements of sponsoring departments with a business program) must also adhere to all specified course prerequisites. Students majoring in programs other than business cannot earn more than 25 percent of their total degree requirements in courses with business prefixes.

## Course Repeat Policy

Courses may be repeated *once*. Second or subsequent repeats (maximum of three enrollments) must be requested on a College Exception form approved by the Dean of the College. Exceptions will only be considered under unusual circumstances. An enrollment is counted as a repeat if a previous enrollment in the course resulted in a passing or failing grade or a "W" due to withdrawing from the course.

## Transfer Students and Students from Other ECU Colleges

BBA program requirements for transfer students are the same as those for students enrolling initially at ECU. Transfer students must have completed all the requirements listed above to be eligible for upper-division business courses.

ECU's College of Business considers lower-division credits transferred to ECU as lower division, even if ECU offers what appears to be a comparable course at the upper-division level. However, the Dean of the College of Business may accept individual courses at ECU if the courses are validated using acceptable validation techniques. CLEP<sup>®</sup> and departmental exams are examples of possible validation techniques. With specified courses in accounting, the successful completion of advanced courses in the subject field for which the transfer course is a foundation or supporting requirement is an acceptable validation method. A successfully validated lower-division transfer course may not be utilized to fulfill the 43-hour upper-division graduation requirement.

- Personal Finance, Minor (p. 132)
- Risk Management and Insurance, Minor (p. 134)
- Sales, Minor (p. 134)

## Certificate

- Accounting, University Certificate (p. 108)
- Banking and Financial Services, University Certificate (p. 109)
- Corporate Communication, University Certificate (p. 109)
- Financial Literacy, University Certificate (p. 113)
- Financial Technology and Cybercrime, Certificate/ (<http://catalogs.eku.edu/undergraduate/business/business/Financial Technology and Cybercrime, Certificate/>)
- Financial Technology and Cybercrime, University Certificate (p. 114)
- Global Supply Chain Management, University Certificate (p. 119)
- Marketing Research and Analytics, University Certificate (p. 124)
- Sales, University Certificate (p. 134)

## Courses

### Accounting

#### ACC 200. Survey of Accounting. (3 Credits)

I, II. Cross listed with BUS 209. Prerequisite: MAT 105 or higher. Not for students majoring or minoring in the School of Business. Survey of foundational concepts in accounting for the user and the preparer of financial statements. Emphasis on (a) how business transaction impact financial statements and (b) measurement and behavior of costs to identify and solve business problems. Credit will not be awarded to both ACC 200 and BUS 209.

#### ACC 201. Introduction to Financial Accounting. (3 Credits)

I, II. Prerequisite: STA 215 or STA 270 or MAT 105 or higher. A user's approach to understanding financial accounting and reporting, emphasizing how creditors, investors, and others use accounting information in decision making and why financial accounting information is important to these users.

**ACC 202. Introduction to Managerial Accounting. (3 Credits)**

I, II. Prerequisite: ACC 201 with a grade of C- or better. A study of the objectives, preparation and uses of managerial accounting information primarily from a user perspective. Emphasis on measurement, allocation, and reporting of costs to identify and solve business problems.

**ACC 251. Introduction to Accounting Information Systems. (3 Credits)**

I, II. Prerequisite: ACC 201 with a grade of "C" or better. An introduction to manual and computer-based accounting information systems. Topics include business processes, transaction cycles, and computerized accounting software. The course stresses problem solving and computer application skills.

**ACC 301. Intermediate Accounting I. (3 Credits)**

I, II. Prerequisite: ACC 251 and BUS 206 or CIS 212 or INF 104 with a grade of "C" or better. Financial statements, current assets, investments, current and long-term liabilities, acquisitions, use and retirement of plant and equipment.

**ACC 302. Intermediate Accounting II. (3 Credits)**

I, II. Prerequisite: ACC 301 with a grade of "C" or better. Capital stock, financial statement analysis, statement of cash flows, lease and pension accounting, accounting changes, and deferred taxes.

**ACC 322. Tax I. (3 Credits)**

I, II. Prerequisite: ACC 200 or ACC 201 or BUS 209 with a grade of "C" or better and junior standing. Income tax legislation-Federal and State; returns for individuals; gross income; basis and determination of gain or loss; capital gains and losses; dividends, deductions; withholding. Credit will not be awarded for both ACC322 and ACC322S.

**ACC 322S. Tax I. (3 Credits)**

I, II. Prerequisite: ACC 200 or ACC 201 or BUS 209 with a grade of "C" or better and junior standing. Income tax legislation- Federal and State; returns for individuals; gross income; basis and determination of gain or loss; capital gains and losses; dividends, deductions; withhold- using a service learning approach. Credit will not be awarded for both ACC 322 and ACC 322S.

**ACC 327. Cost Accounting. (3 Credits)**

I, II. Prerequisite: ACC 200 or ACC 202 or BUS 209 with a minimum grade of "C". Cost flows and cost systems; the cost accounting cycle; basic cost determination systems and procedures; standard costing; budgeting and decision making applications.

**ACC 349. Applied Learning in Accounting. (0.5-8 Credits)**

A. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as a major elective. Additional hours may be used to fulfill the 150-hour CPA exam requirement. May be repeated for a total of 16 credit hours.

**ACC 350. Accounting Information Systems and Analytics. (3 Credits)**

I, II. Prerequisite: A minimum grade of "C" in ACC 200 or BUS 209. Review of accounting information systems regarding their inputs, processes, controls, and analysis of outputs. Topics include internal controls, business processes, data analytics and visualization, artificial intelligence, robotic process automation, and enterprise resources planning systems. 3 Lec /2 Lab.

**ACC 425. Accounting Theory. (3 Credits)**

I, II. Prerequisite: ACC 302 with a grade of "C" or better and CCT 300 or CCT 300W. Emphasis on a conceptual understanding of accounting principles using literature published by the AICPA, FASB, and current writers. Accounting history, SEC, legal liability, conceptual framework, SFAS's and APB's.

**ACC 440. Legal Aspects of Accounting. (3 Credits)**

I, II. Prerequisites: Senior standing (90 hours or more) and BUS 204 or GBU 204 with a grade of "C" or better. Law as it relates to the accounting profession.

**ACC 441. Auditing I. (3 Credits)**

I, II. Prerequisites: ACC 301 and BUS 204 or GBU 204 with grades of "C" or better. Professional ethics; accountant's legal responsibility; internal control; general arrangement and procedure of an audit; asset accounts; liability accounts; operating accounts; the audit report.

**ACC 490. Independent Study. (1-6 Credits)**

A. Prerequisite: ACC major with senior standing. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**ACC 501. International Accounting and Combinations. (3 Credits)**

II. Prerequisite: ACC 302 with a minimum grade of "C". Corporate combinations including consolidated balance sheets and income statements and special problems with consolidations. International topics: standards, foreign exchange transactions and translation of financial statements of foreign subsidiaries.

**ACC 521. Government and Not-For-Profit Accounting. (3 Credits)**

Prerequisite: ACC 301 with a minimum grade of "C". A study of fund accounting and financial reporting concepts, applications, and practices for governmental and not-for-profit entities.

**ACC 523. Taxation of Corporations. (3 Credits)**

A. Prerequisite: ACC 251 with a minimum grade of "C". Federal income tax report preparation with emphasis on partnership and corporate returns; estate and trusts; gift and estate taxes; special problems in preparation of tax returns.

**ACC 525. Forensic Accounting. (3 Credits)**

A. Prerequisites: ACC 301 and BUS 204 or GBU 204 with a grade of "C" or better or departmental approval. A study of investigative accounting procedures and techniques used in litigation support. Topics to be covered include financial reporting fraud, employee fraud, income reconstruction methods, testifying as an expert witness, evidence management, cybercrime, and business valuations.

**ACC 527. Advanced Management Accounting Seminar. (3 Credits)**

A. Prerequisite: ACC 301 and ACC 327 with a grade of "C". Addresses financial, nonfinancial and ethical dimensions of decision-making related to planning, control, and reporting. Course content goes beyond creation and accumulation of information, emphasizing appropriate application, interpretation, and use of managerial accounting information. Credit will not be awarded for both ACC 527 and ACC 727.

**ACC 590. Special Topics in Accounting: \_\_\_. (1-3 Credits)**

A. Prerequisite: Departmental Approval. For special topics related to the field of Accounting and beyond the scope of regularly offered courses. May be taken to a maximum of 6 hours provided the subtitle/topics vary.

**Business****BUS 100. Professional Development One. (1 Credit)**

Prerequisite/Corequisite: BUS 101 (with a grade of "C" or better). Formerly BTO 100. In this course, students will focus on first impressions and social media presence, basic banking and personal budgeting, self-discovery of values and career exploration, as well as goal setting and time management. Credit will not be awarded for students who have credit for BTO 100.

**BUS 101. Nature of Business. (3 Credits)**

Formerly GBU 101. A student must register for this course prior to or concurrently with any other BUS course. Prerequisites: School of Business or BBA major or business minor; freshmen or sophomore standing. Introduction to business through historical understanding and holistic interpretation of modern organization. Includes capitalism's role and how it compares to other economic philosophies, functional aspects of the modern organization, current trends and future organizational strategies. Credit will not be awarded for students who have credit for GBU 101.

**BUS 200. Professional Development Two. (1 Credit)**

Prerequisite: In this course, students focus on professional appearance and introductions, income planning and taxes, job application materials and building a network, as well as passion and perseverance.

**BUS 204. Fundamentals of Business Law and Ethics. (3 Credits)**

I, II. Formerly GBU 204. Corequisite/Prerequisite: BUS 101 (with a grade of "C" or better). Prerequisite: minimum 30 hours. Topics include business organizations; contract, employment, agency, constitutional, and criminal law; torts; real and intellectual property; and debtor/creditor issues, as well as ethical and socially responsible decision making. Credit will not be awarded for both GBU 204 and BUS 204.

**BUS 206. Fund of Prob Solving w Excel. (3 Credits)**

Prerequisite/Corequisite: A student must register for this course concurrently with or after completing BUS 101 (with a grade of "C" or better). Topics include constructing a logical argument, analyzing and interpreting data, applying mathematical methods to solve problems, using Excel to analyze and create graphical data representation, and personal creativity and whole-brain thinking.

**BUS 207. Fund of Interpersonal Bus Comm. (3 Credits)**

Formerly CCT 201. Prerequisite/Corequisite: A student must register for this course concurrently with or after completing BUS 101 (with a grade of "C" or better). Prerequisites: ENG 102, ENG 102R, HON 105 (B), or HON 102 (with a grade of "C" or better). A study of advanced knowledge and skills needed to communicate effectively in various settings, including face-to-face, working in teams, and communicating via digital networks. Persuasion, self-awareness, relational development, conflict resolution, listening, and non-verbals also covered. Credit will not be awarded for students who have credit for CCT 201.

**BUS 209. Fundamentals of Financial and Managerial Accounting. (3 Credits)**

Prerequisite: MAT 105 or higher (with a grade of "C" or better). Course focuses on how creditors, investors, and others use accounting information in decision making. Includes objectives, preparation, and uses of managerial accounting information, along with use of accounting information to identify and solve business problems. Credit will not be awarded to both ACC 200 and BUS 209.

**BUS 300. Professional Development Three. (1 Credit)**

Formerly BTS 300. Prerequisite: BUS 200 (with a grade of "C" or better) and a minimum of 30 hours. In this course, students focus on dining etiquette and conversation topics, debt and benefits, interviewing and personal selling, as well as motivations and professional portfolio building. Credit will not be awarded for students who have credit for BTS 300.

**BUS 301. Essentials of Formal Communication. (3 Credits)**

I, II. Formerly CCT 300W. Corequisite/Prerequisite: BUS 101 (with a grade of "C" or better). Prerequisites: ENG 102, ENG 102R, HON 105 (B), or HON 102 (with a grade of "C" or better) in each course; School of Business or BBA major or business minor; Sophomore Standing with an overall minimum 2.0 GPA. Additionally, corporate communication majors should take this course first in the Essentials Series. Students will learn principles and practices of written business communications. Students will review key genres of business communications, including memos, letters, executive summaries, reports, proposals, and visual presentation aids. This is a "writing intensive" course. Credit will not be awarded to students who have credit for CCT 300W or BUS 301W.

**BUS 301W. Essentials of Formal Communication. (3 Credits)**

I, II. Formerly CCT 300W. Corequisite/Prerequisite: BUS 101 (with a grade of "C" or better). Prerequisites: ENG 102, ENG 102R, HON 105 (B), or HON 102 (with a grade of "C" or better) in each course; School of Business or BBA major or business minor; Sophomore Standing with an overall minimum 2.0 GPA. Additionally, corporate communication majors should take this course first in the Essentials Series. Students will learn principles and practices of written business communications. Students will review key genres of business communications, including memos, letters, executive summaries, reports, proposals, and visual presentation aids. This is a "writing intensive" course. Credit will not be awarded to students who have credit for CCT 300W or BUS 301.

**BUS 302. Essentials of Finance. (3 Credits)**

I, II Formerly FIN 300. Corequisite/Prerequisite: BUS 101 (with a grade of "C" or better). Prerequisites: ACC 200 or 201 or BUS 209, and ECO 230 (with a grade of "C" or better) in each course; and an overall minimum 2.0 GPA. Additionally, finance majors should take this course first in the Essentials Series. Firm financial motives, time value of money, risk analysis, elementary capital budgeting, residual dividend policy, elementary capital structure decisions, financial statement analysis, and international financial considerations viewed through the lens of risk assessment and management. Credit will not be awarded to both BUS 302 and FIN 300.

**BUS 303. Essentials of Org Behav/HR Mgt. (3 Credits)**

I, II. Formerly MGT 300. Corequisite/Prerequisite: BUS 101 (with a grade of "C" or better). Prerequisites: School of Business or BBA major; junior standing (a minimum of 60 hours) with an overall minimum 2.0 GPA. Additionally, management majors should take this course first in the Essentials Series. Comprehensive survey of the principles and practices of leading and managing people in organizations. Topics include staffing, onboarding, training, development, performance management, compensation, leadership, motivation, conflict management, organizational culture, teams, and ethics. Credit will not be awarded to students who have credit for MGT 300.

**BUS 304. Essentials of MIS. (3 Credits)**

I, II. Formerly CIS 300. Corequisite/Prerequisite: BUS 101 (with a grade of "C" or better). Prerequisites: BUS 206 or CIS 212 or INF 104 or TEC 161 (with a grade of "C" or better) in each course; and an overall minimum of 2.0 GPA. Additionally, computer information system majors should take this course first in the Essentials Series. Topics include: using databases to collect, organize, and manage "big data" datasets, computer networking, the Internet, mobile devices, the cloud, cybersecurity Safeguards, social networking, and legal requirements for safeguarding employee and customer data. Credit will not be awarded to students who have credit for CIS 300.

**BUS 305. Essentials of Marketing. (3 Credits)**

I, II. Formerly MKT 300. Corequisite/Prerequisite: BUS 101 (with a grade of "C" or better). Prerequisites: School of Business or BBA major; sophomore standing (a minimum of 30 hours) with an overall minimum 2.0 GPA. Additionally, marketing majors should take this course first in the Essentials Series. Overview of strategic processes in marketing goods and services to global markets. Focus on behavioral, organizational, and consumer variables in decision processes, and how to use marketing mix and marketing information to affect buyer decisions. Credit will not be awarded to students who have credit for MKT 300.

**BUS 306. Essentials of Supply Chain Mgt. (3 Credits)**

I, II. Formerly MGT 370. Corequisite/Prerequisite: BUS 101 (with a grade of "C" or better). Sophomore standing (a minimum of 30 hours) with an overall minimum 2.0 GPA. Strategic management of operations and supply chain with overall objective of global optimization. Topics include: strategic planning, demand forecasting, quality management, fulfillment, capacity planning, transportation management, logistics, distribution center management, project management, and inventory management. Credit will not be awarded for students who have credit for MGT 370.

**BUS 400. Professional Development Four. (1 Credit)**

Formerly BTS 400. Prerequisite: BTS 300 or BUS 300 (with a grade of "C" or better). In this course, students focus on business travel and cross cultural relationships, investments and retirement, applying for and obtaining a job, and work-life balance and community responsibility. Credit will not be awarded for students who have credit for BTS 400.

**BUS 402. Integrated Strategic Mgmt. (3 Credits)**

I, II. Formerly GBU 480. Prerequisites: CCT 300 or 300W or BUS 301W, CIS 300 or BUS 304, FIN 300 or BUS 302, MGT 300 or BUS 303, 370 or BUS 306, and MKT 300 or BUS 305 (with a grade of "C" or better) in each prerequisite course; senior standing (A minimum of 90 hours) with an overall minimum 2.0 GPA. A student must register for this course after completing all Essentials Series courses. This course synthesizes knowledge, skills, and abilities learned in the Fundamentals Series and Essentials Series courses to provide business students with the capability to manage, lead, and make decisions at all levels of an organization.

**Economics****ECO 110. The Individual and the Economy. (3 Credits)**

A. Prerequisite: MAT 095 or ACT math score of 18 or SAT math score of 490 or higher. An examination of the nature and role of individual decision making in the economy; the economic environment and the individual's decisions; public policies and the decisions of the individual. Credit will not be awarded to students who have credit for ECO 230 or 231.

**ECO 120. Economic Reasoning and Issues. (3 Credits)**

I, II. Prerequisite: completion of all developmental math requirements. An excellent preparatory course for ECO 230 or 231, dealing with basic concepts of a market-based economy, including scarcity, opportunity cost, comparative advantage, demand and supply, marginal analysis, market failures, economic growth, unemployment, inflation, and international trade. Gen. Ed. E-5B.

**ECO 130. Contemporary Economic Problems. (3 Credits)**

I, II. Prerequisite: completion of developmental math requirements. An excellent preparatory course for ECO 230 or 231, dealing with such contemporary economic problems as unemployment, inflation, national debt, energy, health, pollution, education, crime, poverty, discrimination, and protectionism. Students who have completed ECO 230 or 231 with a grade of C or better, or are currently enrolled in ECO 230 or 231, will not receive credit for ECO 130. Gen. Ed. E-5B.

**ECO 220. Statistical Methods for Economics I. (3 Credits)**

A. Prerequisite: MAT 112 or 114. Business and economic applications of frequency distributions, measures of location, variation; probability, sampling, estimation, test of hypothesis, linear regression, index numbers, and time series analysis. Credit will not be awarded to students who have credit for CRJ 400 or EPY 842 or HEA 450 or PSY 310 or QMB 200 or STA 208 or STA 215 or STA 270.

**ECO 230. Fundamentals of Microeconomics. (3 Credits)**

(3) I, II. Prerequisite: Completion of developmental requirements. For students with a composite ACT score of less than 21, completion of ECO 120 or 130 is strongly recommended prior to taking this course. Microeconomic principles, including the study of opportunity cost, consumer and producer choices, market demand and supply, pricing and resource allocation, comparative advantage and international trade. Gen. Ed. VB, VC, or VII (SBS).

**ECO 231. Fundamentals of Macroeconomics. (3 Credits)**

(3) I, II. Prerequisite: completion of developmental requirements. For students with a composite ACT score of less than 21, completion of ECO 120 or 130 is strongly recommended prior to taking this course. Macroeconomic principles, including the study of measures of national economic performance, determinants of aggregate production, employment and prices, monetary and fiscal policy, balance of payments, economic growth and development. Gen. Ed. VB, VC, or VII (SBS).

**ECO 300. Managerial Economics. (3 Credits)**

A. Prerequisite: ECO 230. Economic concepts that are directly applicable to business decision making including cost and production, profits, demand and pricing, capital budgeting and investment, and forecasting.

**ECO 314. Sports Economics. (3 Credits)**

A. Prerequisite: ECO 230 or departmental approval. Economics applied to sports. Topics include collusive versus competitive behavior, pricing strategies, government subsidies of sports ventures and venues and sports labor markets.

**ECO 315. Economic Policy Analysis. (3 Credits)**

A. Prerequisite: ECO 230. Foundations and rationale for economic policy, including market failure and income inequality. Objectives, evaluation and analysis of selected policies in areas such as international trade, environment, education, health care, welfare, social security, and economic development.

**ECO 320. Research Methods in Economics. (3 Credits)**

I. Prerequisite: ECO 220, STA 270 or QMB 200; ECO 230 and 231; or departmental approval. Combining economic theory and statistical models in empirical work in economics; the linear statistical model and its extensions, application to production and cost, demand, and economic growth, forecasting, and policy analysis; classical time series analysis.

**ECO 324. Money and Banking. (3 Credits)**

A. Prerequisite: ECO 231. Functions of money, monetary systems, history of banking, functions of the commercial bank, bank assets and reserves, loans and discounts, bank supervision, the Federal Reserve System, central banking policies, monetary and fiscal policies.

**ECO 330W. Intermediate Microeconomics. (3 Credits)**

I. Prerequisite: ECO 230 or departmental approval; ENG 102 or ENG 105 (B) or HON 102. A writing-intensive intermediate course in economics. Analysis of consumer and producer behavior, market equilibrium, pricing and resource allocation under alternative market structures, risk aversion and information. Credit will not be awarded to students who have credit for ECO 330.

**ECO 331. Intermediate Macroeconomics. (3 Credits)**

II. Prerequisite: ECO 231. Analysis of aggregate economic activity; consumption, investment, employment, output, money and prices, exports and imports; stabilization policy.

**ECO 333. Human Resource Economics. (3 Credits)**

A. Prerequisite: ECO 230. Economics of human resource markets, including the demand for and supply of labor, human capital formation, household production, unions, discrimination, unemployment, and associated public policy issues.

**ECO 340. Environmental Economics. (3 Credits)**

A. Cross listed as APP 340 and ENV 340. Prerequisite: ECO 230. Applications of basic economic analysis to a study of the environment and environmental problems. Major topics include benefit-cost analysis for environmental decision making, the potential for market-based solutions to environmental problems, and the role and development of environmental policy. Credit will only be awarded for ECO 340 or APP 340 or ENV 340.

**ECO 345. Topics in Economics:\_\_\_\_. (1-3 Credits)**

A. Prerequisite: to be announced. Selected topics for study. Variable topics across semesters. May be retaken to a maximum of six hours, provided the subject matter differs each time.

**ECO 349. Applied Learning in Economics. (0.5-3 Credits)**

A. Prerequisite: minimum GPA 2.25. Cocurricular work experience under faculty and field supervisors. Training plan required. May be retaken to a maximum of six hours. Minimum 80 hours work required for each academic credit hour. May not count towards major.

**ECO 360. Industrial Organization. (3 Credits)**

A. Prerequisite: ECO 230 or equivalent. Studies the strategic interactions of firms in imperfectly competitive markets, market performance, and public policy.

**ECO 365. Public Finance. (3 Credits)**

A. Prerequisite: ECO 230. Economics of the public sector, including the scope of and rationale for government, public goods and externalities, voting schemes and public choice, taxes and subsidies, and transfer payments.

**ECO 370. Health Care Economics. (3 Credits)**

II. Prerequisite: ECO 230 or departmental approval. Introduction to health economics, including the study of the demand for and production of medical care, health care planning, regulation, finance and evaluation.

**ECO 394. International Economics. (3 Credits)**

A. Prerequisites: ECO 230 or 231 and Junior standing. An introduction to international trade and investment theory emphasizing international business, international trade theory, trade and investment patterns, payments system, balance of payments, international companies, and international issues.

**ECO 395. Economics of Developing Countries. (3 Credits)**

A. Prerequisite: ECO 230 or 231 and Junior standing. Economics of development including: theories of growth, income distribution, investment in human capital, alleviation of poverty, strategies for growth; study of selected countries. Credit will not be awarded for both ECO 395 and 395W.

**ECO 395W. Economics of Developing Countries. (3 Credits)**

(3) A. Prerequisites: ECO 230 or 231 and junior standing; ENG 102 or ENG 105(B) or HON 102. Economics of development including: theories of growth, income distribution, investment in human capital, alleviation of poverty, strategies for growth; study of selected countries. Credit will not be awarded for both ECO 395W and 395.

**ECO 410. History of Economic. (3 Credits)**

A. Prerequisites: three hours of ECO. The history of economic ideas from Adam Smith through J. M. Keynes.

**ECO 420. Research Methods II. (3 Credits)**

II. Prerequisite: ECO 320 or departmental approval. Problems of heteroscedasticity, serial correlation, and endogeneity in the linear statistical model; nonlinear models and modern time series analysis. Formulation and execution of empirical research project.

**ECO 430. Mathematical Economics. (3 Credits)**

A. Prerequisites: three hours of ECO and MAT 124, 211, or 261. Mathematical formulations of economic theories. Models of the consumer, the firm, markets, economic growth, and business cycles.

**ECO 492. Business Cycles. (3 Credits)**

A. Prerequisite: ECO 231. Growth, instability, inflation, business cycle theories, spending and saving decisions, government expenditures and tax patterns, prices, output, and employment, historical cyclical patterns, economic forecasting.

**ECO 560. Special Problems in Economics. (1-4 Credits)**

A. Prerequisite: advisor/departmental approval. Independent work, special workshop, special topics or seminar. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**ECO 590. Regional Economics. (3 Credits)**

A. Prerequisite: three hours of ECO. Analysis of patterns of regional growth and development. Use of economic models for regional forecasting and policy evaluation; the problems of marginal areas in developed economies.

**Finance****FIN 201. Personal Money Management. (3 Credits)**

I, II. A consumer approach to insurance, family budgeting, income taxes, elementary investment principles, and estate planning. Credit will not be awarded to students who have credit for FRM 352.

**FIN 300. Business Finance I. (3 Credits)**

I, II. Prerequisites: ACC 200 or 201, and ECO 230 with a grade of "C" or better in each course. Financial principles with applications to business organizations. Includes firm financial motives, time value of money, risk analysis, elementary capital budgeting, residual dividend policy, elementary capital structure decisions, analysis of financial statements, and international financial considerations.

**FIN 301. Corporate Finance. (3 Credits)**

I, II. Prerequisites: Accounting and Finance majors only or departmental approval. ACC 200 or ACC 202 or BUS 209 and BUS 302 or FIN 300, ECO 230, MAT 112A and MAT 112B or 114 or 211, and QMB 200 or ECO 220 or STA 215 or STA 260 or STA 270 with a minimum grade of "C". An in-depth exploration of capital structure (including dividend policy) decisions, working capital management, financial forecasting and planning, the agency problem and its implication for security markets and firm valuation, financial market efficiency.

**FIN 302. Small Business Finance. (3 Credits)**

A. Prerequisite or Corequisite: FIN 301. Equity, debt and venture capital markets for small businesses are examined. Also systems for financial statement generation and internal controls, sources and uses of funds forecasting, short-term asset and liability management, and capital structure decisions are explored. A small firm valuation project will be completed.

**FIN 304. Financial Institutions. (3 Credits)**

I, II. Prerequisite: (ACC 201, ACC 200, or BUS 209) and FIN 201. A comprehensive overview of the financial institutions industry, with an emphasis on commercial banks.

**FIN 310. Entrepreneurial Finance. (3 Credits)**

I, II. Prerequisites: ACC 200 or ACC 201 or BUS 209 with a grade of "C" or better. Selection of business form, tax planning, financing and cash flow planning; motivating and retaining employees; compensation planning; debt and equity financing; legal, tax and behavioral considerations.

**FIN 311. Personal Financial Planning. (3 Credits)**

I, II. Prerequisites: BUS 02 or FIN 201 or FIN 300 or FIN 310 or FRM 352. Time value of money applications; personal financial statements development and assessment; cash flow and debt management; asset acquisition; education planning; planning elements of risk management; investment planning; and retirement planning.

**FIN 315. Financial Statement and Loan Analysis. (3 Credits)**

A. Prerequisites: FIN 304 with a grade of "C" or better in each course. This course introduces the fundamentals of financial analysis for the purpose of credit analysis from the perspective of commercial banks. Students will learn from case studies adapted from real life examples to develop an understanding of credit risk, the development of lending policies and procedures, pricing loans and expectations of risk and return.

**FIN 320. Financial Technology and Security. (3 Credits)**

I, II. Prerequisites: ACC 200 or BUS 209 and FIN 304 with a minimum grade of "C". A survey of financial technology and security in financial institutions, including math and technology basics, financial technology regulation, blockchain technology, financial institution cybersecurity across multiple platforms, internal controls, policy setting, third-party contract management.

**FIN 324. Principles of Investments. (3 Credits)**

A. Prerequisite: BUS 302 or FIN 300 or FIN 201 or FIN 310 with a "C" or better. Analysis of the characteristics, valuation, and tax implications of various investments such as common and preferred stock; corporate, federal and municipal debt; mutual funds; money market accounts; options and futures. Explores methods of trading securities.

**FIN 330. Principles of International Finance. (3 Credits)**

A. Prerequisite: BUS 302 or FIN 300 with a "C" or better. Financial decision-making processes of multinational corporations; flow of funds; exchange rate determination and forecasting; currency futures and options; international arbitrage; measurement and management of exchange rate exposure; multinational capital budgeting; analysis of country risk.

**FIN 349. Applied Learning in Finance. (0.5-8 Credits)**

A. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work for each credit hour. May be repeated for a total of 16 credit hours.

**FIN 390S. Community Financial Literacy. (3 Credits)**

A. Pre-requisites: FIN 201, 301, and 311 with a grade of C or better in each course. Application of financial planning for community members; teaching financial literacy to EKU's service areas and surrounding communities.

**FIN 410. Financial Analysis and Valuation. (3 Credits)**

A. Prerequisite: BUS 301W or CCT 300W and BUS 02 or FIN 300 with "C" or better. Exploration of discounted residual earnings as basis for valuation; sources of value creation; methods of forecasting future financial statements. Students are required to produce analyst report for a public company.

**FIN 420. Investment and Portfolio Theory. (3 Credits)**

II. Prerequisites: FIN 301, 324, with a "C" or better. Investment analysis including efficient market theory and empirical investigations, security valuation, risk free borrowing and lending; portfolio selection and performance evaluation are examined. Also included are derivatives; valuation and their role in a diversified portfolio.

**FIN 424. Derivatives Valuation and Accounting. (3 Credits)**

A. Prerequisites: FIN 301 with "C" or better; or ACC 302 with "B" or better, and departmental approval. General valuation principles for derivatives, numerical methods of derivative valuation, regulations covering executive stock options, accounting of derivatives. Also covered are special purpose vehicles.

**FIN 437. Bank Management. (3 Credits)**

A. Prerequisites: FIN 304 with a grade of "C" or better. A synthesis of the financial concepts and theories mastered in previous finance courses. The student will develop a quantitative and qualitative understanding of financial institutions management and how decisions are made. This course includes a bank management simulation activity.

**FIN 450. Project in Finance. (1-3 Credits)**

I, II. Prerequisite: departmental approval. Selected topics of special contemporary interest to finance students. Students are required, under supervision of finance faculty, to write a paper on any finance topic of their choice.

**FIN 490. Special Problems in Finance. (1-4 Credits)**

A. Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a maximum of six hours. Independent work, special workshops, special topics, or seminars. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**Management****MGT 201. Introduction to Golf Management. (3 Credits)**

II. Prerequisite: Admission to PGM program, and successful completion of the PGA Qualifying Exam. A survey course that introduces students to the elements of the industry in which a PGA professional must be competent, golf car fleet management; an introduction to business planning, customer relations, merchandising, and turfgrass management.

**MGT 202. Introduction to Golf Instruction. (3 Credits)**

I. Prerequisite: admission to the PGM program, MGT 201 and PGA tests accompanying MGT 201. Introduction to human learning, the teaching process, and the elements of the game. Topics include laws, principles, and preferences of the golf swing, biomechanics, and teaching technologies. The course also addresses golf club performance variables.

**MGT 203. Golf Operations I. (3 Credits)**

II. Prerequisite: admission to PGM, MGT 201, 202 and PGA tests that accompany each class. The fundamental concepts involved in developing a facility's tournament business including promotion, implementation, and review, will be introduced. Students will also gain an in-depth knowledge of the Rules of Golf.

**MGT 204. Golf Operations II. (3 Credits)**

I. Prerequisite: admission to PGM program, MGT 203, and successful completion of all level 1 PGA requirements. An introduction to golf operations; policies and procedures; effectively managing staff resources; and measuring overall performance. The course will also introduce merchandising and inventory management and customer relations concepts.

**MGT 205. Analysis of the Golf Swing. (3 Credits)**

II. Prerequisite: admission to the PGM program, MGT 201, 202, 203 and PGA tests accompanying each class. A focus on techniques that help the student improve his/her golf skills; describes drills, warm-ups, and shot techniques for intermediate students. The course also discusses golf club repair.

**MGT 206. Golf Operations and Administration. (3 Credits)**

I, II. Prerequisites: Successful completion of all Level 2 tests and work experience portfolio activities, MGT 204, 205, and the PGA tests that accompany each class. A study of golf operations and administration to include a deeper look at business planning; the organizational structure and policies and procedures of a golf operation: merchandise management: and a performance system for supervising employees.

**MGT 207. Advance Golf Instruction & Special Programs. (3 Credits)**

I, II. Prerequisite: admission to the PGM program, MGT 201, 202, 203, 204, 205, 206 and the PGA tests that accompany each class. Emphasizes the integration of learning, teaching, and game elements. Covers elements of the mental game and more advanced shot-making. Club fitting procedures will be covered and the development of instructional programs will be introduced.

**MGT 208. PGM Seminar. (2 Credits)**

(2) I, II. Prerequisites: admission to the PGM program, MGT 201, 202, 203, 204, 205, 206 with a grade of "C" or better in each course, and the PGA tests that accompany each class. A study of issues related to career planning and enhancement including industry job market analysis, networking, and professional development. A capstone project requiring research and critical analysis regarding growth of the game, golf operations, and other industry challenges will be presented. Emphasis on integration of knowledge acquired in previous courses. May be retaken up to six hours.

**MGT 210. Golf Operation III. (3 Credits)**

Prerequisites: Successful completion of all Level 2 tests and work experience portfolio activities; MGT 201, 202, 203, 204, 205, 206. A study of the golf car fleet and food service centers as revenue opportunities for a golf facility. Examine the functional design and environmental considerations of turf grass management. Course will include a career enhancement component.

**MGT 300. Principles of Management. (3 Credits)**

I, II. Prerequisites: School of Business or BBA major; junior standing (a minimum of 60 hours) with an overall minimum 2.0 GPA. Management principles with emphasis on organization theory and behavior, human resources and diversity, communications, production/operations management and quality issues, business ethics, development of management thought, management in the global arena, and management career.

**MGT 301. Principles of Management (NB). (3 Credits)**

A. Prerequisite: junior standing (at least 60 hours) with an overall GPA 2.0. Not for students majoring or minoring in business. Management principles with emphasis on organization theory and behavior, human resources and diversity, communications, production/operations management and quality issues, business ethics, development of management thought, management in the global arena, and management careers. Credit will not be awarded to students who have completed MGT 300.

**MGT 312. Organization Theory. (3 Credits)**

I, II. Formerly MGT 400. Prerequisite: BUS 303 or MGT 300 or MGT 301 (with a minimum grade of "C"). Principles of organization design as they relate to goals and strategy formulation, environmental conditions, technology, job design, control systems, and decision making. Credit will not be awarded for both MGT 312 and MGT 400.

**MGT 316. Organizational Behavior. (3 Credits)**

I, II. Formerly MGT 480. Prerequisite: BUS 303 or MGT 300 or MGT 301 (with a minimum grade of "C"). Determinants and consequences of behavior in organizations are analyzed, covering topics including, but not limited to, organizational culture, individual differences, teams, leadership, motivation, and decision making. Credit will not be awarded for both MGT 316 and MGT 480.

**MGT 318. Management Issues in International Business. (3 Credits)**

I, II. Study of issues in international business as they relate to employees, organizations, and economic systems. Credit will not be awarded for both MGT 318 and GBU 201.

**MGT 320. Human Resource Management. (3 Credits)**

I, II. Prerequisite: BUS 303 or MGT 300 or MGT 301 (with a minimum grade of "C"). Survey of principles and practices in human resource management, including, but not limited to, planning, recruitment, selection, onboarding and socialization, training and development, performance management, and compensation.

**MGT 330. Small Business Management Innovation and Entrepreneurship. (3 Credits)**

A. Prerequisite: BUS 303 or MGT 300 or MGT 301 (with a minimum grade of "C" or better in each prerequisite course). This course offers an emphasis on the role of innovation and entrepreneurship in the creation and management of new ideas, concepts, techniques, processes, methods, ventures and knowledge.

**MGT 335. Innovation Lab. (0 Credits)**

Prerequisite: Department Approval. Corequisite/Prerequisite: ACC 200 or ACC 202 or BUS 209, GBU 204 or BUS 204, CCT 270, FIN 310, MGT 300 or 301 or BUS 303 or MKT 300 or MKT 301 or BUS 305, MGT 330. Course identifies value proposition and business model within student's major. Course culminates with professionally prepared business model canvas, pitched to faculty and others.

**MGT 340. Management Science. (3 Credits)**

I, II. Prerequisite: QMB 200 (with a grade of "C" or higher), or STA 215 or STA 270 (with a grade of "C" or higher). Business decision making approaches and quantitative techniques with an emphasis on the formulation and application of models and the practical solution methods available.

**MGT 349. Applied Learning in Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used as upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (all options) are limited to a maximum of nine co-op hours counting toward degree. Co-op hours may be repeated up to nine hours.

**MGT 349A. Cooperative Study: Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (all options) are limited to a maximum of nine co-op hours counting toward degree. Co-op hours may be repeated up to nine hours.

**MGT 349B. Cooperative Study: Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (All Options) are limited to a maximum of 9 co-op hours counting toward degree. Co-op hours maybe repeated up to nine hours.

**MGT 349C. Cooperative Study: Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (All Options) are limited to a maximum of 9 co-op hours counting toward degree. Co-op hours maybe repeated up to nine hours.

**MGT 349D. Cooperative Study: Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (All Options) are limited to a maximum of 9 co-op hours counting toward degree. Co-op hours maybe repeated up to nine hours.

**MGT 349E. Cooperative Study: Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (All Options) are limited to a maximum of 9 co-op hours counting toward degree. Co-op hours maybe repeated up to nine hours.

**MGT 349F. Cooperative Study: Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (All Options) are limited to a maximum of 9 co-op hours counting toward degree. Co-op hours maybe repeated up to nine hours.

**MGT 349G. Cooperative Study: Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (All Options) are limited to a maximum of 9 co-op hours counting toward degree. Co-op hours maybe repeated up to nine hours.

**MGT 349H. Cooperative Study: Management. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. May be used for upper division business electives and/or free electives as approved. Will not count as Management elective. Management Majors (All Options) are limited to a maximum of 9 co-op hours counting toward degree. Co-op hours maybe repeated up to nine hours.

**MGT 370. Operations Management. (3 Credits)**

I, II. Prerequisite: MGT 300 (with a minimum grade of "C"). Practical approaches for improving productivity of operations using methods designed for quality management, sales forecasting, facility layout and location, human resource planning and scheduling, and inventory control.

**MGT 375. Supply Chain Management. (3 Credits)**

A. Prerequisite: BUS 303 or MGT 300 or MGT 301 (with a minimum grade of "C"). The integration of key business processes from end-user through original suppliers that add value for customers and other stakeholders. Topics include: integration and strategic partnering, procurement and outsourcing strategies, value-added services and international challenges.

**MGT 400. Organization Theory. (3 Credits)**

I, II. Prerequisite: MGT 300 or MGT 301 (with a minimum grade of "C" in each prerequisite course). Principles of organization design as they relate to goals and strategy formulation, environmental conditions, technology, job design, control systems, and decision making.

**MGT 406. Continuous Imp in Organization. (3 Credits)**

A. Prerequisites: MGT 300 and QMB 200 or MGT 301 (with a minimum grade of "C" in each prerequisite course). Advanced methods and techniques used to analyze change, monitor, and analyze organizational performances, control resources, and otherwise direct the management of complex organizations.

**MGT 415. Organizational Conflict Navigation. (3 Credits)**

Prerequisite: MGT 316 or MGT 480 (with a minimum grade of "C" in each prerequisite course.) Analysis of organizational conflict situations with a particular focus on the cause and management of such situations. Interactive development of conflict management skillset, application of skillset to conflict situations, and extensive exploration of negotiation.

**MGT 425. Compensation Management. (3 Credits)**

II. Prerequisite: MGT 320 (with a minimum grade of "C"). Advanced study of the human resource function of employee compensation. Topics include, but are not limited to, job analysis and evaluation, compensation surveys, pay structures, budgeting, pay for performance systems, benefits administration, and federal regulation of compensation management.

**MGT 430. International Management. (3 Credits)**

A. Prerequisite: BUS 303 or MGT 300 or MGT 301 (with a minimum grade of "C" in each prerequisite course). The study of management of international organizations with emphasis on techniques, processes and structures. Topics include organizational culture, leadership, ethics, decision-making, and human resource management.

**MGT 432. Leadership and Ethics. (3 Credits)**

I. Prerequisite: MGT 316 or MGT 480 (with a minimum grade of "C"). Advanced study of leadership theories, models, and application at the micro level; consideration of a variety of situational factors, with special attention paid to ethically charged situations.

**MGT 434. Team Effectiveness and Creative Problem Solving. (3 Credits)**

I. Prerequisite: MGT 480 (with a minimum grade of "C"). Advanced study of efficient and effective team dynamics, with special attention on creative problem solving methods for challenges faced by organizations.

**MGT 435. Supply Chain Network Design. (3 Credits)**

I. Prerequisites: BUS 306 or MGT 370 (with a minimum grade of "C" in each prerequisite course). Selecting the optimal role, number, location, size and capacity of suppliers, manufacturing facilities, service locations, warehouses, retail stores and other facilities. Modeling of the supply chain to optimize operational decisions and reduce costs.

**MGT 438. Organizational Culture and Change Initiatives. (3 Credits)**

II. Prerequisite: MGT 316 or MGT 480 (with a minimum grade of "C"). Advanced study of organizational culture and change initiatives through the lens of organizations as systems and networks of behavior; particular focus on leadership theories, models, and application at the macro level.

**MGT 440. Human Resource Development. (3 Credits)**

I. Prerequisite: MGT 320 (with a minimum grade of "C"). Advanced study of human resource management functions aimed directly at enhancing organizational effectiveness. Topics include, but are not limited to, training needs analysis; training program design, implementation, and evaluation; performance management and appraisal; and costing human resource development programs.

**MGT 442. Supply Chain Planning. (3 Credits)**

II. Formerly MGT 375. Prerequisite: BUS 306 (with a minimum grade of "C"). The integration of key business processes from end-user through original suppliers that add value for customers and other stakeholders. Topics include, but are not limited to, integration and strategic partnering, procurement and outsourcing strategies, value-added services and international challenges. Credit will not be awarded for both MGT 442 and MGT 375.

**MGT 444. Strategic Sourcing. (3 Credits)**

II. Prerequisite: BUS 306 (with a minimum grade of "C"). Management decisions and tools for the alignment of overall business strategy and purchasing objectives and strategies in the purchasing process as it focuses on supply efficiency and effectiveness. Credit will not be awarded for both MGT 444 and MKT 431.

**MGT 445. Employee Recruitment and Selection. (3 Credits)**

II. Prerequisite: MGT 320 (with a minimum grade of "C"). Advanced study of the human resource function of staffing. Topics include: recruitment, the design and implementation of effective selection procedures which comply with federal/state requirements; analysis and reporting of employee data.

**MGT 446. Logistics Management. (3 Credits)**

I. Prerequisite: BUS 306 (with a minimum grade of "C"). The management decisions and tools for the movement and storage of goods, including logistics information systems, segmental positioning, order management and fulfillment, inventory, forecasting, and collaborative planning, transpiration, third party logistics, warehousing, materials handling, international logistics, and facility network design. Credit will not be awarded for both MGT 446 and MKT 315.

**MGT 448. Special Topics in Global Supply Chain Management. (3 Credits)**

II. Prerequisite: BUS 306 (with a minimum grade of "C"). The study of ecosystems within supply chains. Topics include, but are not limited to, product design, network design, process integration, global markets, and managing relationships with suppliers and customers. Credit will not be awarded for both MGT 435 and MGT 448.

**MGT 450. Management Management Seminar. (3 Credits)**

A. May be retaken under different sub-topics to a cumulative maximum of nine hours. Selected topics in contemporary management literature.

**MGT 460. Performance Management. (3 Credits)**

I. Prerequisite: MGT 320 (with a minimum grade of "C"). Managing employee, team, and organizational performance. Topics include, but are not limited to, employee feedback, coaching, discipline, team/workgroup effectiveness, workforce and HR analytics, employee engagement, and development of personal competencies for leading and managing people to achieve performance excellence.

**MGT 480. Organization Behavior. (3 Credits)**

I, II. Prerequisite: BUS 303 or MGT 300 or MGT 301 (with a minimum grade of "C" in each prerequisite course). Determinants and consequences of behavior in business organizations are analyzed in the contemporary language of administrative social systems and models. Interdependence of economic, social, and behavioral factors is emphasized.

**MGT 490. Special Problems in Management. (1-4 Credits)**

A. Prerequisite: advisor/ departmental approval. May be retaken under different sub-topics to a cumulative maximum of six hours. Independent work, special workshop, special topics, or seminars. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**Marketing****MKT 300. Principles of Marketing. (3 Credits)**

I, II. Prerequisites: School of Business or BBA major; sophomore standing with an overall minimum 2.0 GPA. Overview of strategic processes involved in marketing goods and services to global markets; study of behavioral, organizational, and consumer variables in decision processes; use of the marketing mix and marketing information to affect buyer decisions. Credit will not be awarded to students who have completed MKT 301.

**MKT 301. Principles of Marketing (NB). (3 Credits)**

A. Prerequisite: sophomore standing with an overall GPA of 2.0. Not for students majoring or minoring in business. Overview of strategic processes involved in marketing goods and services to global markets; study of behavioral, organizational, and consumer variables in decision processes; use of the marketing mix and marketing information to affect buyer decisions. Credit will not be awarded to students who have completed MKT 300.

**MKT 306. Services Marketing. (3 Credits)**

A. Prerequisite: BUS 305 or MKT 300 or MKT 301 (with a minimum grade of "C" in each prerequisite course). Understanding the customer from the services and non-profit marketing perspectives. Examination of marketing inservice industries with emphasis on the unique aspects of services marketing, the service marketing mix and the implementation of services strategies.

**MKT 309. Integrated Marketing Communications. (3 Credits)**

(3) A. Prerequisite: MKT 300 or MKT 301 (with a grade of "C" or better in each prerequisite course). A course covering the theories, strategies, and skills of Integrated Marketing Communication, with a special emphasis on applying IMC to the Internet and World Wide Web (WWW).

**MKT 310. Professional Selling. (3 Credits)**

A. Prerequisite: MKT 300 or MKT 301 (with a minimum grade of "C" in each prerequisite course) Personal selling in marketing; the selling process, stressing the modern, international sales/marketing approach to customer society oriented problem solving.

**MKT 315. Logistics. (3 Credits)**

A. Prerequisite: MKT 300 (with a minimum grade of "C"). Movement and storage of goods, coordination and control of inventory, customer service, packaging, materials handling, facilities location, flow of information, and transportation.

**MKT 349. Applied Learning in Marketing. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

**MKT 349A. Cooperative Study: Marketing. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

**MKT 349B. Cooperative Study: Marketing. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

**MKT 349C. Cooperative Study: Marketing. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

**MKT 349D. Cooperative Study: Marketing. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

**MKT 349E. Cooperative Study: Marketing. (0.5-8 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

**MKT 349G. Coop Study in Marketing. (1-3 Credits)**

A. Prerequisites: minimum GPA 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required for each credit hour. Three hours may be used as an upper division business elective in the Marketing option. Three hours are required in the Music Marketing option. May be repeated for a total of 16 credit hours.

**MKT 349H. Coop Study in Marketing. (1-3 Credits)****MKT 350. Consumer Behavior in Marketing. (3 Credits)**

I, II. Prerequisite: MKT 300 or MKT 301 (with a minimum grade of "C" in each prerequisite course). Role of consumer decision-making as it affects the marketing firm; basic concepts of consumer behavior and interrelationships that exist between marketing and the behavioral sciences.

**MKT 370. Sports Marketing. (3 Credits)**

A. Prerequisite: BUS 305 or MKT 300 or 301. The strategic application of marketing theories and perspectives to the sports industry. Topics include sports franchise promotion, sports identification, consumer loyalty to teams and participation sports, and marketing with the assistance of sports figures.

**MKT 380. Seminar in Marketing. (3 Credits)**

A. Prerequisite: BUS 305 or MKT 300 or MKT 301. May be retaken under different sub-topics to a cumulative maximum of six hours. Selected topics in contemporary marketing literature.

**MKT 400. International Marketing. (3 Credits)**

(3) I, II. Prerequisite: MKT 300 (with a minimum grade of "C") Determination of marketing strategy by United States firms and multinational corporations for serving foreign markets and for adapting to variations in cultural and economic factors affecting foreign marketing efforts.

**MKT 401. Digital Marketing. (3 Credits)**

A. Prerequisite: MKT 300 or 301 (with a minimum grade of "C" in each prerequisite course). Survey, analysis, and evaluation of current trends and issues in marketing in computer mediated environments, including how the marketing mix is adapted strategically to the Internet and World Wide Web, intranets, and other digital forms of media.

**MKT 404. Retailing Management. (3 Credits)**

A. Prerequisite: BUS 305 or MKT 300 or 301 (with a minimum grade of "C" in each prerequisite course). Investigation of current problems faced by retailers in store operations, management, retail buying, and inventory control. Outside readings, oral and written case studies, and field trip experiences are required.

**MKT 408. Sales Management. (3 Credits)**

A. Prerequisite: MKT 300 or MKT 301 (with a minimum grade of "C"). Sales function in modern organizations with emphasis on current management techniques: time management, on-the-job coaching, directing the sales force to sell key accounts, situational analysis, and decision-making.

**MKT 420. Marketing of the Arts. (3 Credits)**

A. Prerequisite: MKT300 or MKT301. Essentials of marketing and marketing strategies for the arts organizations and individual artists to reach diverse arts audiences.

**MKT 431. Strategic Procurement. (3 Credits)**

A. Prerequisite: MKT 300 (with a minimum grade of "C"). The purchasing process as it focuses on supply efficiency and effectiveness relating to the fit between purchasing objectives and strategies and organizational objectives and strategies.

**MKT 435. Marketing for Entrepreneurs. (3 Credits)**

I. Prerequisite: MKT 300 or 301 (with a minimum grade of "C" in each prerequisite course). Investigation and understanding of the role marketing plays within the entrepreneurial context. Includes discussion and review of tools and approaches for effective planning, implementation and evaluation of business and marketing strategies and tactics. Topics include: product creation, market research, strategic innovation, opportunity identification, customer communication, branding, and channels of distribution.

**MKT 440. Industrial Marketing. (3 Credits)**

A. Prerequisite: BUS 305 or MKT 300 or MKT 301 (with a grade minimum of "C"). An analysis of the sales and marketing structure for business-to-business products. Product lines, channels of distribution, selling, strategy pricing, wholesaling and distribution.

**MKT 455. Marketing Research and Analysis. (3 Credits)**

I, II. Prerequisites: MKT 300 or MKT 301 and QMB 200 or STA 215 or STA 270 (with a minimum grade of "C" in each prerequisite course). The role of research in marketing decision-making; the research process, with emphasis on collection, analysis, and interpretation of data as applied to solving marketing problems. Students are required to do a research project.

**MKT 456. Qualitative Research in Marketing. (3 Credits)**

(3) A. Prerequisites: MKT 300 or MKT 301 with a minimum grade of "C"; junior or senior standing. Students will learn to design and actively engage in qualitative research projects, collecting and analyzing qualitative data such as interviews, in a marketing context.

**MKT 457. Experimental Design for Marketing. (3 Credits)**

(3) I, II. Prerequisite: BUS 305 or MKT 301 and STA 215 or STA 270 (with a minimum grade of "C" in each prerequisite course). Students will learn how to design an experimental study, collect and analyze the data in a marketing context, and interpret and present the analyses.

**MKT 460. Marketing Management. (3 Credits)**

I, II. Prerequisites: BUS 305 and MKT 401 or MKT 455 or MKT 456 or MKT 457 (with a minimum grade of "C" in each prerequisite course), Marketing Majors with Marketing Option and Senior Standing. The strategic marketing planning process involving analysis of the changing market place; analysis of alternative strategies to meet the needs of target markets; and the profitable execution of the marketing plan.

**MKT 470. Advanced Sales. (3 Credits)**

Prerequisite: Departmental approval and BUS 305, MKT 300, or MKT 301 (with a minimum grade of "C"). In-depth study and application of aspects of the sales process. Combines classroom knowledge and practical, competitive sales experience. Students invited into this course have demonstrated ability and strong desire to pursue the sales role.

**MKT 481. Internship in Marketing. (3,6 Credits)**

A. Prerequisites: minimum 2.25 GPA and MKT 300, MGT 300, or BUS 305 (with a minimum grade of "C" in each prerequisite course.) and consent of instructor. Provides student with half-time or full-time relevant work experience in marketing. Written assignments and a project are required. May be taken only once for three (3) or six (6) hours of credit and not concurrently with Cooperative Study.

**MKT 490. Special Problems in Marketing:\_\_\_\_. (1-4 Credits)**

A. Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a cumulative maximum of six hours. Independent work, special workshop, social topics, or seminars. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**MKT 508. Sales Management. (3 Credits)**

A. Formerly MKT 408 Prerequisite: BUS 305 or MKT 300 or MKT 301 (with a minimum grade of "C"). Sales function in modern organizations with emphasis on current management techniques: time management, on-the-job coaching, directing the sales force to sell key accounts, situational analysis, and decision-making. Credit can only be awarded for one of the following: MKT 408, 508, or 708.

**MKT 540. Business-to-Business Sales and Marketing. (3 Credits)**

A. Formerly MKT 440. Prerequisite: BUS 305 or MKT 300 or MKT 301 (with a grade minimum of "C"). Credit can only be awarded for one of the following: MKT 440, MKT 550, or MKT 750.

**MKT 555. Marketing Research and Analysis. (3 Credits)**

I, II. Formerly MKT 455. Prerequisites: MKT 300 or MKT 301 or BUS 305 and QMB 200 or STA 215, or STA 260, or STA 270 (with a minimum grade of "C" in each prerequisite course). The role of research in marketing decision-making; the research process, with emphasis on collection, analysis, and interpretation of data as applied to solving marketing problems. Students are required to do a research project. Credit can only be awarded for one of the following: MKT 455, MKT 555, or MKT 755.

**MKT 556. Qualitative Research in Marketing. (3 Credits)**

A. Prerequisites: BUS 305, MKT 300 or MKT 301 with a minimum grade of "C"; junior or senior standing. Students will learn to design and actively engage in qualitative research projects, collecting and analyzing qualitative data such as interviews, in a marketing context.

**MKT 557. Experimental Design for Marketing. (3 Credits)**

I, II. Formerly MKT 457. Prerequisite: BUS 305 or MKT 300, or MKT 301 and STA 215 or STA 260 or STA 270 (with a minimum grade of "C" in each prerequisite course). Students will learn how to design an experimental study, collect and analyze the data in a marketing context, and interpret and present the analyses. Credit can only be awarded for one of the following: MKT 457, MKT 557, or MKT 757.

**MKT 570. Advanced Sales & Negotiations. (3 Credits)**

Formerly MKT 470. Prerequisites: Must have consent of instructor / Director of Center for Professional Sales, and BUS 305, or MKT 300 or MKT 301 or MKT 310 (with a grade minimum of "C"). Students gain proficiency in sales developing expertise by combining classroom knowledge and practical, competitive sales experience using fundamentals of negotiation. Learn one-on-one coaching, conduct f2f and/or virtual calls and participate in national and/or international sales competitions. Credit can only be awarded for one of the following: MKT 470, MKT 570, or MKT 770.

**MKT 590. Special Topics in Sales & Marketing. (3 Credits)**

A. Formerly MKT 490. Prerequisite: Must have consent of instructor / Director of Center for Professional Sales. Graduate level assigned independent work, advanced sales, negotiation, CRM and technological special topics, workshops, projects or seminars. Credit can only be awarded for one of the following: MKT 490, MKT 590, or MKT 790.

**Risk Management and Insurance****RMI 349. Applied Learning in Insurance. (0.5-8 Credits)**

A. Formerly INS 349. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit will not be awarded for INS 349.

**RMI 349A. Coop Study in Insurance. (0.5-8 Credits)**

A. Formerly INS 349. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit Will not be awarded for students who have credit for INS 349A.

**RMI 349B. Coop Study in Insurance. (0.5-8 Credits)**

A. Formerly INS 349B. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit will not be awarded for students who have credit for INS 349B.

**RMI 349C. Coop Study in Insurance. (0.5-8 Credits)**

A. Formerly INS 349C. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit can not be awarded to students who have credit for INS 349C.

**RMI 349D. Coop Study in Insurance. (0.5-8 Credits)**

A. Formerly INS 349D. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit can not be awarded to students who have credit for INS 349D.

**RMI 349E. Coop Study in Insurance. (0.5-8 Credits)**

A. Formerly INS 349E. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit will not be awarded to students who have credit for INS 349E.

**RMI 349F. Coop Study in Insurance. (0.5-8 Credits)**

A. Formerly INS 349F. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit will not be awarded to students who have credit for INS 349F.

**RMI 349G. Coop Study in Insurance. (0.5-8 Credits)**

A. Formerly INS 349G. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit will not be awarded to students who have credit for INS 349G.

**RMI 349H. Coop Study in Insurance. (0.5-8 Credits)**

A. Formerly INS 349H. Prerequisites: minimum GPA of 2.25 and 60 credit hours. Co-op Coordinator approval is required. Approved work experience directly related to academic major and/or career goals. Minimum of 80 hours work required per credit hour. Six hours may be used as a major elective. May be repeated for a total of 16 credit hours. Credit will not be awarded to students who have credit for INS 349H.

**RMI 350. Survey of Risk Mgmt. & Insur.. (3 Credits)**

Prerequisite: Instructor approval. The examination of risk management and insurance concepts and principles with an emphasis on application. Coverage will include a broad base of current topics and tools used in this dynamic area and provide the student the background for improved decision making in dealing with risk.

**RMI 370. Principles of Risk and Insurance. (3 Credits)**

I, II. Formerly INS 370. Prerequisite: Sophomore Standing. Theory and practice of insurance and its economic and social significance; basic life, health, property, and liability insurance for organizations and families; review of the major lines of insurance. Credit will not be awarded to students who have credit for INS 370.

**RMI 372. Commercial Property Risk Management and Insurance. (3 Credits)**

A. Formerly INS 372. Prerequisite: RMI 370 or instructor approval. Planning and evaluating commercial property risk and the effective management of these risks with insurance; application and analysis of insurance coverage against pure risk related to commercial property insurance exposure. Credit will not be awarded to students who have credit for INS 372.

**RMI 374. Fundamentals of Life and Health Insurance. (3 Credits)**

A. Formerly INS 374. Prerequisite: RMI 370 or instructor approval. Analysis of life and health insurance and annuity products available in the individual market. Includes a discussion of systems for determining the individual's life and health insurance needs. Credit will not be awarded to students who have credit for INS 374.

**RMI 376. Excess & Surplus Lines. (3 Credits)**

I, II. Prerequisites: RMI 370 or 372 (with a minimum grade of "C" in either course). The course explains the function of the non-admitted insurers and the policies they issue in the excess and surplus lines market. The course also covers the function and purpose of reinsurance.

**RMI 378. Risk Management. (3 Credits)**

A. Formerly INS 378. Risk Management as used by organizations; basic functions of risk management with emphasis placed on risk management decision making. Credit will not be awarded to students who have credit for INS 378.

**RMI 380. Personal Risk Management. (3 Credits)**

A. Formerly INS 380. Prerequisite: RMI 370 or instructor approval. An intensive examination of personal loss exposures and their treatment. Emphasized is the use of risk management techniques. Topics include property and liability loss exposures for personal automobile, homeowners, premature death, illness, accidental injury, superannuation, investment risks, and estate planning. Credit will not be awarded to students who have credit for INS 380.

**RMI 382. Claim Handling Principles and Practices. (3 Credits)**

A. Prerequisites: 60 hours or departmental approval. Course covers how to apply claims handling principles and claim investigation techniques including; the claim function and professional ethics, handling process, investigation, documentation requirements, negotiation and settlement, and application of the unfair claims practices act.

**RMI 400. Seminar in Insurance. (1-3 Credits)**

A. Formerly INS 400. Prerequisite: instructor approval. Selected topics of special and contemporary interest to insurance majors. May be retaken under different subtitles to a maximum of six hours. Credit will not be awarded to students who have credit for INS 400.

**RMI 462. Business Law for Insurance. (3 Credits)**

A. Prerequisites: RMI 370 and 372 (with a grade of "C" or better in each course). Covers the law of contracts, property, UCC, torts and agency as specifically applicable to the insurance industry.

**RMI 474. Life Insurance and Estate Planning. (3 Credits)**

A. Formerly INS 474. Prerequisite: RMI 374 or instructor approval. Role of life insurance, gifting and trusts in estate planning; considerations of developing an estate plan for the individual or the family. Credit will not be awarded to students who have credit for INS 474.

**RMI 476. Employee Benefit Planning. (3 Credits)**

A. Prerequisite: RMI 370 or instructor approval. Employee benefit plans including taxation, costs, and choices of funding. Includes an analysis of the role of employee benefit plans in meeting the risks of death, sickness, disability and superannuation. Credit will not be awarded to students who have credit for INS 476.

**RMI 486. Insurance Company Operations. (3 Credits)**

A. Formerly INS 486. Prerequisite: RMI 370. This course examines unique insurance functions including underwriting, reinsurance, ratemaking, claims adjusting, loss control and other insurer activities. It will prepare the student for an examination administered by the American Institute for CPCU. Credit will not be awarded to students who have credit for INS 486.

**RMI 490. Independent Study. (1-6 Credits)**

A. Formerly INS 490. Prerequisite: advisor/departmental approval. May be retaken under different sub-topics to a maximum of six hours. Independent work, special workshops, special topics, or seminars. Student must have the independent study course proposal form approved by faculty supervisor and department chair prior to enrollment. Credit will not be awarded to students who have credit for INS 490.

## Accounting, Bachelor of Business Administration (BBA) [Public Accounting Concentration] and Master of Business Administration (MBA) [Accounting Concentration] Accelerated 3 + 2 Dual Degree Program

Students accepted into the Accelerated Dual Degree Option are able to complete their BBA degree and MBA degree within 5 academic years because of the accelerated curriculum; nine semester hours of graduate coursework will apply to both the undergraduate BBA degree and the graduate MBA degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of dual degree admission, some summer school classes may be needed.

### Admission Requirements for the Accelerated Dual Degree Program

Students interested in this program must satisfy all the following conditions:

1. Junior or Senior standing
2. Maintain an overall grade point average (GPA) of at least 3.0 at the time of dual degree admission
3. Be approved by both the MBA Director and the Graduate School (see the 3+2 Enrollment Approval Form at <http://gradschool.eku.edu/graduate-school-forms>)
4. Maintain an overall undergraduate and graduate GPA of at least 3.0 to continue each semester with dual degree coursework
5. Have an institutional undergraduate and graduate GPA of at least 3.0 to be allowed to move into graduate student status after earning the BBA degree.

### Program Requirements

Students in the Accelerated Dual Degree Option must complete the BBA in Accounting, Public Accounting Concentration requirements listed below, with at least a 3.0 GPA, and must apply and be approved to graduate with that degree before being admitted as a graduate student and allowed to proceed to the MBA program. Nine credit hours of graduate coursework (three courses from the following courses: ACC 721, ACC 723, ACC 725, ACC 727, will be applicable to the undergraduate

degree; and they will be applied to the concentration requirements for the MBA.

## Master of Business Administration (MBA):

See Master of Business Administration (MBA) (p. 604)

# Accounting, Bachelor of Business Administration with a Concentration in Management Accounting (B.B.A.)

Accounting is one of the key functions for almost any business. Accounting is the systematic and comprehensive recording of financial transactions pertaining to a business. Accounting also refers to the process of summarizing, analyzing, and reporting these transactions to oversight agencies, regulators, and tax collection entities. The reports generated by various streams of accounting, such as cost accounting and management accounting, are invaluable in helping management make informed business decisions.

## Management Accounting Concentration

Management Accountants apply their professional knowledge and skill in the preparation and presentation of financial and other decision-oriented information in such a way as to assist managers in formulation of policies and planning and control of the organization's operations. In our Management Accounting Concentration, students learn the skills to specialize in areas such as Information Management, Treasury, Efficiency Auditing, Marketing, Valuation, Pricing, and Logistics.

## Accounting, Bachelor of Business Administration with a Concentration in Public Accounting (B.B.A.)

Accounting is one of the key functions for almost any business. Accounting is the systematic and comprehensive recording of financial transactions pertaining to a business. Accounting also refers to the process of summarizing, analyzing, and reporting these transactions to oversight agencies, regulators, and tax collection entities. The reports generated by various streams of accounting, such as cost accounting and management accounting, are invaluable in helping management make informed business decisions.

### Public Accounting Concentration

Certified Public Accountant (CPA) is a license awarded to an individual meeting the educational and experience requirement under state law. CPAs provide accounting services to the public. In our Public Accounting Concentration, students can learn the skills to specialize in Auditing, Taxation, Management Consulting Services, Forensic Accounting, Litigation Support, Financial Planning, and Business Valuation.

## Certificate in Accounting

The Certificate in Accounting is designed to prepare individuals who have a bachelor's degree, but not in Accounting, for entry into the Public Accounting profession. Our Certificate in Accounting program satisfies the Kentucky State requirement that individuals taking the CPA Exam have a bachelor's degree in accounting **or the equivalent**. Graduates with a Certificate in Accounting from ECU have been accepted by the Kentucky State Board of Accountancy as having the equivalent of an Accounting degree.

## Program Requirements

## Accounting, University Certificate

The Certificate in Accounting is offered to undergraduate students and students with a prior bachelor's degree. For undergraduates, this program will provide accounting skills and knowledge to enhance professional and career opportunities in the accounting profession. When combined with a non-accounting degree, the certificate satisfies the Kentucky requirement for the CPA exam of 150 credit hours and a concentration in accounting.

At least 15 of the 30 hours in the major requirements must be earned at EKU. Students pursuing the Certificate in Accounting must earn a "C" or better in all courses comprising the certificate and completion of the following courses:

## Finance, Bachelor of Business Administration with a Concentration in Banking and Financial Services (B.B.A.)

The field of finance includes activities associated with banking, debt, credit, capital markets, money, and investments. Finance represents money management and the process of acquiring needed funds. It also encompasses the oversight, creation, and study of money, banking, credit, investments, assets, and liabilities that make up financial systems. Since individuals, businesses, and government entities all need funding to operate, the finance field includes three main sub-categories:

- personal finance,
- corporate finance, and
- public (government) finance.

## Banking and Financial Services Concentration

The Banking and Financial Services Concentration prepares students for a broad range of careers in commercial banking, investment banking, financial technology, bank consulting, bank regulation and policy positions in federal and state government, and other financial service providers. In this program, students develop a strong foundation in economics, financial markets, investments, consumer and commercial credit analysis, bank management, community engagement, and customer relationship development. Students in this program will have the opportunity to sit for the Credit Analysis Certification Exam.

## Financial Literacy, University Certificate

The Certificate in Financial Literacy is offered for all undergraduate students who need to increase their ability to make sound financial decisions. The Certificate is designed to teach personal finance, financial planning, and risk management under different economic forces. There is particular emphasis in how the planning process can change how an individual addresses different predicaments, particularly under risk.

Furthermore, students will be involved in the financial planning process with hands-on projects and gain valuable experience that will prepare them to address the needs of individuals and small businesses. Students must earn at least 6 of the 12 hours required for the certificate in residence at EKU and earn a "C" or better in all courses comprising the certificate.

Choose one of the following:		
STA 260	Business Statistics	3-4
STA 270	Applied Statistics	
<b>Concentrations</b>		
Students must select one of the following Concentrations:		
Business and Marketing Education/Teaching		39-46
Corporate Communication and Technology		
General Business		
International Business		
<b>Total Hours</b>		121-129

**G**  
Course also satisfies a General Education element. Hours are included within the 36 hr. General Education Requirement above.

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year ([www.ets.org/praxis](http://www.ets.org/praxis) (<http://www.ets.org/praxis/>)).

Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams.

<b>Total Hours</b>		<b>27</b>

<sup>1</sup>  
 Exemptions from the foreign study requirement are available only with the chairperson approval. International students may choose to fulfill this requirement through internships, cooperative education, or approved upper-division courses in business or economics (ECO 394 International Economics).

**Global Supply Chain Management, University Certificate**

The Certificate in Global Supply Chain Management is offered for all undergraduate students who need to increase their quantitative and analytical skills in context of problems that firms face in the core supply chain areas of Planning, Sourcing, Making, and Delivering. The growth in globalization has led to firms competing on multiple aspects - multi-focused planning, competitive sourcing of inputs, streamlined manufacturing, and efficient delivery to customers. As such there is tremendous need for strong supply chain management skills. The Certificate is designed to provide training in the key areas above.

Furthermore, students will be involved in quantitative analysis of comparing various scenarios and understanding multiple elements of total supply chain cost. Students will be prepared to address the needs of businesses and organizations across all industries, both domestically and internationally. Students must earn at least 6 of the 12 hours required for the certificate in residence at EKU and earn a "C" or better in all courses comprising the certificate.

**Program Requirements**

CIP Code: 52.0203

Code	Title	Hours
<b>Required Courses</b>		
MGT 446	Logistics Management <sup>1</sup>	3
MGT 370	Operations Management <sup>1</sup>	3

MGT 444	Strategic Sourcing <sup>1</sup>	3
<b>Total Hours</b>		<b>12</b>

<sup>1</sup>  
 Course prerequisites exist. See course listing in this catalog for details.

**Innovation & Entrepreneurial Thinking, Minor**

The minor in Innovation and Entrepreneurial Thinking is an interdisciplinary program, open to all EKU students, that teaches students how to think and act entrepreneurially in new ventures, social enterprises, artistic endeavors, product design, technology creation, and intrapreneurship. Successful students will have a unique skill set that complements their major, making them competitive in the 21st century economy. The program is 18 hours of required courses, including a 0-credit required lab associated with the student's senior capstone or final major course. To enroll in a 300-level business course, students must have completed a minimum of 30 hours. Students must earn at least 12 of the total hours used for the minor in Innovation and Entrepreneurial Thinking at EKU and attain a cumulative GPA of 2.0 in the minor.

**Program Requirements**

Code	Title	Hours
<b>Required Courses</b>		
	Choose one of the following:	3
ACC 200	Survey of Accounting	
ACC 202	Introduction to Managerial Accounting

## Marketing Research and Analytics, University Certificate

The Certificate in Marketing Research and Analytics is offered for all students who need to increase their research and analytical skills in their field of study in the context of problems that firms face. The growth in technology has allowed for firms to capture more information than ever, and as such the need for strong marketing research and analytical skills is one of the fastest growing jobs in industry. The Certificate is designed to provide training in digital marketing, marketing research process, marketing research methodology with particular emphasis on both qualitative and quantitative analysis techniques including multivariate data analysis, qualitative research, and experimental design.

Furthermore, students will be involved in the research process with hands-on projects and gain valuable digital and research experience that will prepare them to address the needs of businesses and organizations across all industries. Students must earn at least 6 of the 12 hours required for the certificate in residence at ECU and earn a "C" or better in all courses comprising the certificate.

# Marketing, Bachelor of Business Administration (BBA) [General Marketing Concentration] (MBA) [Customized Concentration] Accelerated 3 + 2 Dual Degree Program

Students accepted into the Accelerated Dual Degree Option are able to complete their BBA degree and MBA degree within 5 calendar years because of the accelerated curriculum; nine semester hours of graduate coursework will apply to both the undergraduate BBA degree and the graduate MBA degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated program, careful coordination with their advisor is required. Depending upon undergraduate progress at the time of dual degree admission, some summer school classes may be needed.

## Admission Requirements for the Accelerated Dual Degree Program

Students interested in this program must satisfy all the following conditions:

1. Junior or Senior standing
2. Maintain an overall grade point average (GPA) of at least 3.0 at the time of dual degree admission
3. Be approved by both the MBA Director and the Graduate School (see the 3+2 Enrollment Approval Form at <http://gradschool.eku.edu/graduate-school-forms>)
4. Maintain an overall undergraduate and graduate GPA of at least 3.0 to continue each semester with dual degree coursework
5. Have an institutional undergraduate and graduate GPA of at least 3.0 to be allowed to move into graduate student status after earning the B.B.A. degree.

## Program Requirements

Students in the Accelerated Dual Degree Option must complete the BBA in Marketing, General Marketing Concentration requirements listed below, with at least a 3.0 GPA, and must apply and be approved to graduate with that degree before being admitted as a graduate student and allowed to proceed to the MBA program. Nine credit hours of graduate coursework (three courses from the following courses: MKT 708, MKT 740, MKT 770, and MKT 790, will be applicable to the undergraduate degree; and they will be applied to the concentration requirements for the MBA.

## Risk Management and Insurance, Bachelor of Business Administration (B.B.A.)

A Bachelor of Business Administration degree in Risk Management and Insurance offers opportunities for graduates to pursue careers with large companies, insurance agencies or the start-up of their own business. A large number of challenging career possibilities are available in all parts of the world, including Underwriters, Claims Adjusters, Risk Analysts, Account Executives, Insurance Sales, and Financial Planners.

Students learn how to plan and evaluate insurance coverage for property, life, and death benefits, analyze and manage risks; plan employee benefit programs for small and large companies, and annuity and estate planning for individuals. Students also learn about operating and managing an insurance agency or large insurance company.

## Sales, Minor

The Minor in Sales is designed to address the needs of all majors for hands-on professional development and sales training, given a full 50% of all undergraduate majors will have a sales job as their first job post-

graduation. This training provides mentorship and experiential learning, as well as basic business knowledge to enhance career success in every field and major. The courses in this minor equip students with valuable skills to help them be successful in real sales environments. The courses are taught with a focus on role plays and professional interactions with business executives and intercollegiate competitive events. This minor requires demonstrated performance as evidence of communication and sales training for company recruiters. Students must earn at least 9 of the 18 hours required for the minor in residence at ECU and must earn a "C" or better in all courses comprising the minor.

### Program Requirements

The Minor consists of the following courses:

Code	Title	Hours
<b>Required Courses</b>		
Choose one of the following:		3
MKT 300	Principles of Marketing	
MKT 301	Principles of Marketing (NB)

or MKT 540	Business-to-Business Sales and Marketing	
MKT 508	Sales Management	3
Choose 6 hours from the following:		6
MKT 349	Applied Learning in Marketing	
MKT 481	Internship in Marketing	
MKT 570	Advanced Sales & Negotiations	
MKT 590	Special Topics in Sales & Marketing	
<b>Total Hours</b>		<b>18</b>

## Sales, University Certificate

The Certificate in Sales is offered for all students who are interested in a rewarding sales career without respect to major. The courses in this certificate go beyond theory, providing students valuable skills to help them be successful in real sales environments. The courses are taught using a combination of lectures, hands-on exercise, business cases, projects, and role playing. This certificate will serve as solid evidence of a professional training in sales for company recruiters. Students must earn at least 6 of the 12 hours required for the certificate in residence at ECU and must earn a "C" or better in all courses comprising the certificate.

## College of Education and Applied Human Sciences Strategic Plan 2022-2030

### Vision

Eastern Kentucky University's College of Education and Applied Human Sciences will pursue excellence in teaching, learning, scholarship, and service to the university and our stakeholders, and will foster the pursuit of excellence among our students.

### Mission

As Eastern Kentucky University is the School of Opportunity where everyone belongs, the faculty and staff of the College of Education and Applied Human Sciences also meet students where they are to help them achieve their goals and dreams. Student success is ensured through innovative knowledge-building and personalized support to help students develop proficiency and confidence as practitioners and leaders in their fields. The College's graduates are lifelong learners, invested in their own development and the well-being of all with whom they work and live.

### Strategic Priorities

#### Goal 1: Knowledge

The development and dissemination of knowledge, including the process of acquiring, reflecting on, and transferring knowledge into new contexts, is the defining characteristic of the College of Education and Applied Human Sciences. Inside classrooms, across campus, and through community-based placements, the college's faculty and staff lead students, alumni, and stakeholders as they create, apply, and share knowledge.

#### Goal 2: Innovation

The College's faculty and staff embrace the university's call for innovative thinking and bold action. Innovative approaches to teaching and supporting students today impact graduates in the field tomorrow and empower the university's next generation of students. A willingness to ask and define "what's next" positions the college to strengthen families and shape communities now and in the future.

#### Goal 3: Transformation

Because education changes lives, transformation is central to all that the College of Education and Applied Human Sciences does. Students select majors in our college because they want to make a difference in others' lives. To honor their ambition, the college maintains an academic environment that supports students' intellectual growth and creativity; their desire for purpose, inclusion, and collaboration; and their ability to advocate for themselves and others. To accomplish great things, the college's faculty, staff, students, and alumni prioritize equitable access to knowledge and opportunity, dignity, and respect for others.

- Special Education Teaching \*

\* denotes degrees leading to Initial Teaching Certification

## CEAHS University Certificates

- Early Childhood Director
- Family Services
- Gastronomic Tourism
- Infant/Toddler Care and Education
- Sustainable Hospitality

## Model Laboratory School

Model Laboratory School is one of the few remaining lab schools nationally, and the only one in Kentucky. EKU's Model offers a full P-12 educational curriculum. Model is one of only a handful of lab schools left that serves a P-12 population. When the current building for Model was completed in the 1960s, it was a state-of-the-art facility allowing for individual and small group observations, demonstration teaching, and student teaching. Today, teacher educators agree not only that clinical teaching experiences are crucial in preparing teachers, but also that they should begin early in preparation programs. High standards in clinical teaching experiences require the kinds of settings only laboratory schools like Model can provide.

Universities are changing preparation programs for all school personnel significantly to include diverse clinical experiences that are developmental in sequence and provide opportunity for shaping the knowledge, skill, and disposition sets of future educational professionals. Kentucky's Education Professional Standards Board enacted a regulation requiring 200 clinical hours for initial teacher preparation prior to the professional semester or student teaching. In addition, clinical hours have been initiated for graduate or advanced preparation programs. As a result, a lab school, such as EKU's Model, plays a vital role in serving this clinical preparation model for all educators. Additionally, it provides a site for research-based practices to prepare those planning to enter

the profession and to retool currently practicing educators to enhance student engagement, learning, and achievement at all P-12 levels.

## Department of American Sign Language & Interpreter Education

### Chair

Dr. Daniel Roush

### Faculty

N. Hill, R. Kreutzer, E. Jones, H. Lewis, K. Moore, E. Rhoden, D. Roush, and T. Stevens.

American Sign Language (ASL) is the indigenous language of culturally-Deaf people used throughout most of North America. Over the last 50 years, linguists have established that ASL is a complete, natural language that has a grammar, lexicon, and semantics that are fundamentally different than spoken English or other signed languages used in other areas of the world. ASL's indigenous roots stem from the intermixing of Martha's Vineyard Sign Language, Indian Sign Language, and Parisian French Sign Language when Deaf people came together to form the first school for the Deaf in America, established over 200 years ago. ASL signers from the Deaf community consider themselves to be members of a linguistic minority and their shared visual language is the heart of their unique visual culture.

Developing fluency in ASL as a second language is a considerable challenge and takes years of language immersion and education. To support students in this effort, we offer a full B.S. degree in ASL & English Interpretation and a minor in ASL Studies.

## ASL & English Interpretation B.S.

The goal of the Interpretation B.S. program is to prepare students to become professional interpreters who are language mediators between people who do not share the same language (between ASL signers and English speakers). Interpreters must remain neutral and do not advocate for the ASL community nor express their own thoughts while performing their duties. This program is nationally accredited by the Commission on Collegiate Interpreter Education.

## ASL Studies minor

The goal of the ASL Studies minor is to prepare students to communicate directly in ASL in their area of focused service and advocacy. They are not interpreters, but are highly bilingual and can communicate their own spontaneous thoughts in ASL. Examples of careers where bilingual skills are invaluable include: child development, education, vocational rehabilitation, social work, legal, mental health, medical, recreation, non-profit organizations, tourism, and hospitality, etc.

All students who are accepted by EKU's Admissions Office and declare their major as ASL and English Interpretation are admitted as "pre- ASL and English Interpretation" majors. However, admission to the University as a "pre-ASL and English Interpretation" major does not guarantee admission to the ASL and English Interpretation program (ITP). Specific admission criteria for the full ITP program is explained below.

## Transfers from Other Colleges and Universities

Only the freshman and sophomore-level core courses [i.e. courses in ASL (ASL 101 American Sign Language I, ASL 102 American Sign Language II, ASL 201 American Sign Language III, and ASL 202 American Sign Language IV, ASL 225 Introduction to Deaf Studies), and interpreting (ITP 215 Prof. Issues in Interpreting, ITP 220 Processing Skills for Interpreters) with the exception of ASL 205 ASL Discourse & Depiction III] may be transferred from other colleges to satisfy requirements for the ITP major or ASL minor within the Department of ASL and Interpreter Education. Courses for which credit is to be transferred must be essentially equivalent to the courses offered at Eastern Kentucky University. For transfer students seeking full admission to the ASL and English Interpretation program ITP, requests to waive ASL 105 ASL Discourse & Depiction I and ASL 106 ASL Discourse & Depiction II may be considered on a case-by-case basis.

## Bachelor's

- ASL and English Interpretation, Bachelor of Science (B.S.) (p. 139)

## Minor

- American Sign Language (ASL) Studies, Minor (p. 138)

## Courses

### ASL 101. American Sign Language I. (3 Credits)

I, II. A functional notional approach to learning beginning American Sign Language (ASL). Development of basic knowledge of and understanding of conversational ASL and cultural features of the language and community. 3 Lec/ 1 Lab. Gen Ed. VIII.

### ASL 102. American Sign Language II. (3 Credits)

I, II. Prerequisite: ASL 101 with a minimum grade of "C" or departmental permission. Continued development of basic knowledge of and understanding of conversational ASL and cultural features of the language and community. 3 Lec/ 1 Lab. Gen Ed. VIII.

### ASL 105. ASL Discourse & Depiction I. (1 Credit)

I, II. Co- or prerequisite: ASL 101 and declaration of the Pre-Interpretation majors. Development of ASL conversational behavior, comprehension, depiction, discourse, and fingerspelling. Cultural engagement with members of the ASL linguistic minority. 1 Lec/1 Lab.

### ASL 106. ASL Discourse & Depiction II. (3 Credits)

I, II. Prerequisite: ASL 105 with a grade of "Satisfactory". Pre- or co-requisite of ASL 102 and declaration of the Pre-Interpretation majors. Continued development of ASL conversational behavior, comprehension, depiction, discourse, and fingerspelling. Cultural engagement with members of the ASL linguistic minority. 3 Lec/1 Lab.

### ASL 201. American Sign Language III. (3 Credits)

I, II. Prerequisite: ASL 102 with a minimum grade of C or departmental permission. Development of intermediate expressive and receptive ASL skills and cultural features of the language and community. 3 Lec/1 Lab.

### ASL 202. American Sign Language IV. (3 Credits)

I, II. Prerequisites: ASL 201 with a minimum grade of C or departmental permission. Continued development of intermediate expressive and receptive ASL skills and cultural features of the language and community. 3 Lec/1 Lab.

**ASL 205. ASL Discourse & Depiction III. (2 Credits)**

I, II. Prerequisite: ASL 106 with a grade of "Satisfactory". Pre- or co-requisite of ASL 201 and declaration of the Pre-Interpretation majors. Continued development of ASL conversational behavior, comprehension, depiction, discourse, sign production, and fingerspelling. Cultural engagement with members of the ASL linguistic minority. 2 Lec/1 Lab.

**ASL 210. ASL Fingerspelling & Numbers. (3 Credits)**

I, II. Prerequisite: ASL 201 with a minimum grade of "C" or departmental permission. The course will focus on aspects of receptive and expressive fingerspelling usage, including lexicalized fingerspelling and various numbering systems within ASL.

**ASL 225. Introduction to Deaf Studies. (3 Credits)**

Introduces students to the historical, sociological, cultural and political experiences of Deaf people. Provides overview of Deaf people's experiences, images, and issues from a wide variety of disciplinary perspectives. ITP Majors and ASL Minors may not audit this course. GEN ED. E-6 [GE].

**ASL 301. American Sign Language V. (3 Credits)**

I, II. Prerequisite: ASL 202 with a minimum grade of "C" or departmental permission. Development of advanced expressive and receptive ASL skills and cultural features of the language and community. 3 Lec/1 Lab.

**ASL 302. American Sign Language VI. (3 Credits)**

II. Prerequisite: ASL 301 with a minimum grade of "C" or departmental permission. Continued development of advanced expressive and receptive ASL skills and cultural features of the language and community. 3 Lec/1 Lab.

**ASL 305. ASL Comprehension and Fluency I. (3 Credits)**

I. Prerequisite: ASL 202 with a grade of "C" or higher. Students will increase their ASL comprehension and fluency through skill-building activities. Emphasis on identifying how native ASL signers construct meaning through depictive and discursive devices.

**ASL 306. ASL Comprehension and Fluency II. (3 Credits)**

II. Prerequisites: ASL 305 with a grade of "C" or higher and admission to the interpreting program, Deaf Studies Major, or departmental approval. Students will continue to increase their ASL comprehension, flexibility, and fluency through skill-building activities. Emphasis on spontaneous expression of the depictive and discursive devices that native ASL signers use to construct meaning.

**ASL 310. Application of Fingerspelling & Number Systems. (3 Credits)**

II. Prerequisites: ASL 301 with a grade of "C" or better or departmental approval. The course will focus on aspects of receptive and expressive fingerspelling usage, including lexicalized fingerspelling and various numbering systems within ASL.

**ASL 325. Historical & Current Perspectives of Deaf Ways of Being. (3 Credits)**

I. Prerequisites: ASL 202 and 225 with a grade of "C" or higher. Historical overview of Deaf people and their contributions to society. Comparative analysis of Deaf individuals and their diverse communities from internal and external perspectives. Emphasis on practical solutions to promote social justice.

**ASL 380. Special Topics in Deaf Studies: \_\_\_\_\_. (1-3 Credits)**

A. Prerequisite: ASL 225 (C). For special workshops or topics related to the field of Deaf Studies beyond the scope of regularly offered courses. May be taken to a maximum of 9 hours provided subtitle/topics vary.

**ASL 385. Independent Work in Deaf Studies. (1-3 Credits)**

A. Prerequisite: ASL 225 (C) and departmental permission. For independent work related to the field of Deaf Studies beyond the scope of regularly offered courses. May be taken to a maximum of 6 hours provided subtitle/topics vary. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**ASL 390. Contrastive Analysis: ASL and English. (3 Credits)**

II. Prerequisites: ASL 301 and 305 with a grade of "C" or higher and admission to the interpreting program, Deaf Studies program, or departmental approval. The linguistic properties of ASL and English are compared and contrasted. Areas explored include phonology, prosody, morphology, syntax, discourse, and semantics. Sociolinguistic and modality differences are also examined.

**ASL 400. ASL Skills for Majors. (1 Credit)**

I. Prerequisites: Admission to the interpreting program, ASL 202, with a minimum grade of "C" and admission to the ASL and English Interpretation program, or Deaf Studies program, or departmental approval. In this course students will continue to develop skills in American Sign Language, specifically focusing on vocabulary development and language usage beneficial for interpreters. Clinical hours required.

**ASL 401. American Sign Language VII. (3 Credits)**

I,II. Prerequisite: ASL 302 with a minimum grade of "C" or departmental permission. Continued development of advanced-high language performance level in interpretive, presentational, and interpersonal communication areas. Continued cultural engagement with members of the ASL linguistic minority.

**ASL 425. Deaf Literature. (3 Credits)**

A. Prerequisite: ASL 225 (C), 202(C). Cultural and literary analysis of ASL and Deaf-related literature (major works in text, cinema, and Video) in contemporary society. Literary style, register, grammatical features, and linguistic expression will be explored in a cultural context.

**ASL 485S. Deaf Studies Capstone. (3 Credits)**

II. Prerequisites: ASL 225, 301, 325, and ITP 215W with a grade of "C" or higher and admission to the Deaf Studies program or departmental approval. Capstone course with critical analysis of a service learning field experience. Continued development of cultural and linguistic competency as a reflective practitioner. Clinical hours required.

**ITP 215. Prof. Issues in Interpreting. (3 Credits)**

A. Prerequisites: ASL 201 and ITP 115 or ASL 225 with a minimum grade of C or departmental permission. Relevant professional terminology, procedures and ethical considerations explored. Topics include historical developments and current trends in professional organizations, ethical standards, and settings. Credit will not be awarded for both ITP 215 and ITP 215W.

**ITP 220. Processing Skills for Interpreters. (3 Credits)**

II. Prerequisite: ASL 201 with a minimum grade of "C" or departmental permission. Practice of cognitive skills used in the process of interpreting. Skills include visualization, prediction, listening, memory, abstracting, closure, dual tasking, and processing time.

**ITP 310. Professional Decision Making. (3 Credits)**

I. Prerequisite: Admission to the interpreting program or departmental permission. This course provides students with the theoretical foundation for professional and ethical decision making. It explores multiple perspectives on the role and function of interpreter. Clinical hours required.

**ITP 320. English-to-ASL Interpreting I. (3 Credits)**

A. Prerequisites: admission to the interpreting program, ASL 202, ITP 215 or 215W, and 220 with a minimum grades of "C" or departmental permission. Development of English-to-ASL interpreting skills using consecutive and simultaneous modes with a variety of source materials. Clinical hours required.

**ITP 325. ASL-to-English Interpreting I. (3 Credits)**

I. Prerequisites: admission to the interpreter training program, ASL 202, ITP 215, or 215W, and ITP 220 with a minimum grade of "C" or departmental permission. Development of interpreting skills progressing from written translation to consecutive interpreting/ transliterating in a variety of settings. Clinical hours required.

**ITP 330. Ethics and Special Settings I. (3 Credits)**

(3) II. Prerequisite: ASL 202 (C) and Admission to the ASL and English Interpreting program or departmental approval. Critical analysis of interpreting in various settings. Development of communication and ethical decision-making skills. Clinical hours required.

**ITP 340. Interactive Interpreting I. (3 Credits)**

II. Prerequisites: ASL 301, ITP 220, and 325 with a grade of "C" or higher and admission to the interpreting program or departmental approval. Exploration of meaning creation in interaction both theoretically and practically through observation and engagement in monolingual and bilingual interactions. Consideration of the impact of the presence of an interpreter on the creation of meaning in interactions.

**ITP 380. Special Topics in Interpreting: \_\_\_\_\_. (1-3 Credits)**

A. Prerequisite: departmental approval. For independent work, special workshops, or special topics related to the field of interpreting beyond the scope of regularly offered courses. May be taken to a maximum of 9 hours provided subtitle/topics vary.

**ITP 385. Independent Work Interpretation. (1-3 Credits)**

A. Prerequisite: Departmental approval. For independent work related to the field of interpretation beyond the scope of regularly offered courses. May be taken to a maximum of 6 hours provided subtitle/topics vary. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**ITP 390. Linguistics and ASL I. (3 Credits)**

II. Prerequisites: admission in the Interpreter Training program, ASL 301 with a minimum grade of  $\zeta C \zeta$  or departmental permission. Overview of linguistics; phonology, morphology and language change in a variety of languages and American Sign Language. Analysis of ASL and spoken languages. Clinical hours required.

**ITP 420. English-to-ASL Interpreting II. (3 Credits)**

I. Prerequisites: admission in the interpreter training program, ASL 302, ITP 320, 325 with a minimum grade of "C" or departmental permission. Continued development of English-to-ASL interpreting skills with added focus on registers, settings, and audience preferences. Clinical hours required.

**ITP 425. ASL-to- English interpreting II. (3 Credits)**

I, II. Prerequisites: ITP 325 with a minimum grade of C and admission to the ASL and English Interpretation program or departmental approval. Continued development of ASL-to-English interpreting skills in a variety of settings. Clinical hours required.

**ITP 430. Ethics & Special Settings II. (3 Credits)**

I. Prerequisites: ASL 302, ITP 320 and 325 with minimum of "C" and admission to the interpreting program or departmental permission. Continued critical analysis of interpreting in various multicultural and specialized settings. Continued development of ethical and culturally competent decision-making skills. Clinical hours required.

**ITP 440. Interactive Interpreting II. (3 Credits)**

I. Prerequisites: Admission to the interpreting program, ASL 302, ITP 340, 325 with a grade of "C" or higher, and admission to the interpreting program, or departmental approval. Students will integrate, broaden, and apply skills and knowledge developed in interpreting courses by experiential practice in interactive interpreting. Students will develop skills in interpreting conversations, discussions, explanations, interviews, and other types of dialogue genres.

**ITP 470. Practicum in Interpreting I. (3 Credits)**

I. Prerequisites: ASL 302, ITP 325, 340, 425 with a grade of "C" or better and admission to the interpreting program or departmental approval. Observation and interpreting experience under the supervision of a mentor(s) in a variety of settings. Clinical hours required.

**ITP 490. Linguistics and ASL II. (3 Credits)**

Prerequisites: admission in the Interpreter Training program, ITP 390 with a minimum grade of  $\zeta C \zeta$  or departmental permission. Overview of syntax, discourse, and sociolinguistics. Analysis of American Sign Language and spoken languages. Clinical hours required.

**ITP 495. Practicum in Interpreting II. (12 Credits)**

I, II. Prerequisites: admission in the Interpreter Training program, ITP faculty approval, completion of all other ASL/ITP classes with minimum grades of  $\zeta C \zeta$ . A structured full time practicum interpreting experience under the direct supervision of a mentor(s) in an educational, public or private setting. Students will interpret, participate in professional growth activities, keep professional journals and adhere to all guidelines and requirements in the ITP 495 student practicum handbook. Potential practicum sites may be local, state wide, regional or national.

## American Sign Language (ASL) Studies, Minor

The minor in American Sign Language teaches communication competency in a visual language. Students become knowledgeable about aspects of the Deaf and hard-of-hearing community. For careers working with the public, this minor is beneficial for understanding and communicating with Deaf and hard-of-hearing people. This minor does not prepare students to interpret, nor fulfill the pre-admission and admission process for the ASL and English Interpretation Program.

*A grade of "C" or higher is required in each course while maintaining a 2.75 GPA or higher in the minor.*

## Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
ASL 201	American Sign Language III	3
ASL 202	American Sign Language IV	3
ASL 301	American Sign Language V	3
ASL 302	American Sign Language VI	3
ASL 225	Introduction to Deaf Studies	3
<b>Electives</b>		
Choose from three hours of the following:		3
ASL 305	ASL Comprehension and Fluency I	
ASL 325	Historical & Current Perspectives of Deaf Ways of Being	
ASL 380	Special Topics in Deaf Studies: ____	
ASL 385	Independent Work in Deaf Studies	

ASL 425	Deaf Literature
ITP 215	Prof. Issues in Interpreting
SED 337	Education of the Deaf and Hard of Hearing
<b>Total Hours</b>	<b>18</b>

## ASL and English Interpretation, Bachelor of Science (B.S.)

### Program Goal

The goal of the ASL-English Interpretation Major is to prepare professional interpreters who are competent, ethical, and life-long learners.

### Program Objectives

The objectives (or outcomes) of this program are:

1. Students of the program will develop critical and creative thinking skills.
2. Students of the program will develop competency in ASL.
3. Students of the program will develop competency in English.
4. Students of the program will possess a generalist level of knowledge in professional issues, theories, and multicultural dynamics related to the interpreting profession.
5. Students of the program will demonstrate ethical and culturally competent decision-making in various interpreter settings.
6. Students of the program will demonstrate at least entry-level competency in interpreting between ASL and English.
7. Students of the program will be able to critically assess their own work and use creative problem-solving to continually develop themselves after they leave the program.

### Admission Criteria

- Overall GPA of 2.5 or higher by the end of the semester preceding application, and
- ASL 106 ASL Discourse & Depiction II with a grade of "Satisfactory", and
- ASL 201 American Sign Language III and ASL 202 American Sign Language IV with a grade of "B" or higher, and ITP 215 Prof. Issues in Interpreting and ITP 220 Processing Skills for Interpreters with a grade of "C" or higher and
- Completed the Degrees of Reading Power Language Test, and
- Completed an admission interview by the ITP Interview Committee.

The ASL & English Interpretation (ITP) Interview Committee will select and rank applicants using the following criteria:

1. signing skills,
2. GPA,
3. score on the Degree of Reading Power Language Test,
4. interview score,
5. disposition score.

The ITP Interview Committee will determine the number of students admitted to the program in order to maintain an appropriate student-faculty ratio and based on available resources.

### Application Information

- Enrollment is limited.
- Application for full admission to the ITP does not guarantee acceptance.
- The ITP accepts students for the fall semester of all even years (i.e., 2022, 2024, etc.). The deadline for application is March 15th every even year. Special Note: For first-year students entering EKU during the fall semester of odd-numbered years, it may take 5 years to complete the program due to course prerequisites and limited course offerings, unless a student is able to transfer courses, pass credit by examinations, and/or enroll in summer classes prior to the first fall semester of the odd-numbered year.

### Progression and Retention in the Program

- A grade of "C" or higher is required for all ITP and lecture-based ASL courses (ASL 225 Introduction to Deaf Studies, ASL 325 Historical & Current Perspectives of Deaf Ways of Being, ASL 390 Contrastive Analysis: ASL and English, ASL 425 Deaf Literature), and
- A grade of "B" or higher is required (with the exception of no more than one grade of "C") for all skill-based ASL courses (ASL 301 American Sign Language V, ASL 302 American Sign Language VI, ASL 305 ASL Comprehension and Fluency I, ASL 306 ASL Comprehension and Fluency II), and
- Maintain a 2.75 GPA in the major
- Upon successful and timely completion of ITP 470 Practicum in Interpreting I, a student will be permitted to take ITP 495 Practicum in Interpreting II only with written recommendations from the ITP faculty and the department.

### Program Requirements

CIP Code: 16.1603

#### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

**Major**

Code	Title	Hours
<b>University Graduation Requirements</b>		
General Education (hours share with supporting courses)		36
<i>Student Success Seminar</i>		
EDO 100	Student Success Seminar (waived for transfers with 30+ hrs.)	1
Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)		
<b>Major Requirements</b>		
Prior to graduation, students are required to take the Sign Language Proficiency Interview (SLPI:ASL) or the American Sign Language Proficiency Interview (ASLPI) with scores submitted to the department. Administrators of the SLPI: ASL or ASLPI may charge testing fees to students.		
<i>Core Courses</i>		
ASL Requirements:		
ASL 101	American Sign Language I <sup>1</sup>	3
ASL 102	American Sign Language II <sup>1</sup>	3
ASL 105	ASL Discourse & Depiction I	1
ASL 106	ASL Discourse & Depiction II	3
ASL 201	American Sign Language III	3
ASL 202	American Sign Language IV	3
ASL 205	ASL Discourse & Depiction III	2
ASL 225	Introduction to Deaf Studies	3
ASL 301	American Sign Language V	3
ASL 302	American Sign Language VI	3
ASL 305	ASL Comprehension and Fluency I	3
ASL 306	ASL Comprehension and Fluency II	3
ASL 325	Historical & Current Perspectives of Deaf Ways of Being	3
ASL 390	Contrastive Analysis: ASL and English	3
ASL 401	American Sign Language VII	3
ASL 425	Deaf Literature	3
ITP Requirements:		
ITP 215	Prof. Issues in Interpreting	3
ITP 220	Processing Skills for Interpreters	3
ITP 310	Professional Decision Making	3
ITP 320	English-to-ASL Interpreting I	3
ITP 325	ASL-to-English Interpreting I	3
ITP 340	Interactive Interpreting I	3
ITP 420	English-to-ASL Interpreting II	3
ITP 425	ASL-to- English interpreting II	3
ITP 440	Interactive Interpreting II	3
ITP 470	Practicum in Interpreting I	3
ITP 495	Practicum in Interpreting II	12
<i>Supporting Course Requirements</i>		
SJS 101	Understanding Social Justice and Human Struggle	3
ANT 120	Introduction to Cultural Anthropology (Element 5B) G	
<b>Total Hours</b>		<b>127</b>

**G**

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

1

Note: ASL 101 American Sign Language I & ASL 102 American Sign Language II are major core courses and will not count toward Gen. Ed. Element 6. Therefore ASL & English Interpretation majors are expected to fulfill Element 6 with courses other than ASL 101 American Sign Language I & ASL 102 American Sign Language II.

## Department of Applied Human Sciences

### Interim Chair

Dr. Karina Christopher  
(859) 622-3445  
Burrier 102

### Faculty

J. Ahn, D. Bush, K. Christopher, R. Crawford, E. Eliassen, L. Gannoe, M. Gravit, R. Harrington, A. Hickey, J. S. Kang, D. Kim, J. Reed, and M. Sciaraffa.

Information on the Master of Arts in Teaching (M.A.T.) for Family and Consumer Sciences Education may be found in the ECU Graduate Catalog. Students following a first or second major, minor or associate degree must maintain a "C" average in departmental courses (CDF, FCS, FRM, NFA prefixes). Certain degree programs may have a higher GPA requirement.

The mission of the Department of Applied Human Sciences is to prepare professionals and leaders through multidisciplinary and experiential education, research, and service focused on improving the lives of individuals, families, and communities.

### Professional Liability Insurance

Students enrolling in the following classes – in the Department of Applied Human Sciences – are required to register for student Professional Liability Insurance. This fee is listed in each semester's schedule of classes. Please see the section on Student Liability Insurance for the College of Education and Applied Human Sciences.

Code	Title	Hours
CDF 246	Creative Activities and Materials for Young Children	3
CDF 310	Observation and Assessment in ECE	3
CDF 327S	Family Involvement with Young Children	3
CDF 349	Co-op or Appl Lrn: Child Devel	0.5-8
CDF 351	Practicum for Early Childhood Practitioners	3
CDF 399	Early Childhood Practicum	3-6
CDF 405	Program Planning for Infants and Toddlers	3
CDF 406	Prog Plan for Preschool Chldrn	3
CDF 443	Family Studies Practicum	9
CDF 450	Early Childhood Practicum	9
CDF 544	Early Childhood Development and Program Planning	3
CDF 744	Early Child Dev&Prog Planning	3

CDF 849	Spec Prob Child Development	1-3
FCS 349	Applied Learning in Family and Consumer Sciences	0.5-8

## Criminal Records

Students are required to observe and/or interact with young children or school age children in a number of courses offered by the department. Therefore, students enrolled in these courses – must have a criminal record check and child abuse neglect (CAN) check performed. Students with a criminal or CAN record may be required to drop the course and select another major.

Code	Title	Hours
CDF 246	Creative Activities and Materials for Young Children	3
CDF 310	Observation and Assessment in ECE	3
CDF 327S	Family Involvement with Young Children	3
CDF 349	Co-op or Appl Lrn: Child Devel	0.5-8
CDF 351	Practicum for Early Childhood Practitioners	3
CDF 399	Early Childhood Practicum	3-6
CDF 405	Program Planning for Infants and Toddlers	3
CDF 406	Prog Plan for Preschool Chldrn	3
CDF 443	Family Studies Practicum	9
CDF 450	Early Childhood Practicum	9
CDF 544	Early Childhood Development and Program Planning	3
CDF 744	Early Child Dev&Prog Planning	3
CDF 849	Spec Prob Child Development	1-3

## Tuberculosis (TB) Skin Tests

Students are required to observe and/or interact with young children or school age children in the following courses –

Code	Title	Hours
CDF 246	Creative Activities and Materials for Young Children	3
CDF 310	Observation and Assessment in ECE	3
CDF 327S	Family Involvement with Young Children	3
CDF 349	Co-op or Appl Lrn: Child Devel	0.5-8
CDF 351	Practicum for Early Childhood Practitioners	3
CDF 399	Early Childhood Practicum	3-6
CDF 405	Program Planning for Infants and Toddlers	3
CDF 406	Prog Plan for Preschool Chldrn	3
CDF 443	Family Studies Practicum	9
CDF 450	Early Childhood Practicum	9
CDF 544	Early Childhood Development and Program Planning	3
CDF 744	Early Child Dev&Prog Planning	3
CDF 849	Spec Prob Child Development	1-3

Therefore, students enrolled in these courses are required to submit a negative TB test. Students will be permanently dis-enrolled from the course if the negative tests results are not submitted by the deadline.

## Youth Leader Report (YLR)

Students are required to observe and/or interact with young children or school age children in the following courses – must have a Youth Leader Background check performed. Students with a criminal record may be required to drop the course and select another major.

Code	Title	Hours
CDF 203	Philosophical & Historical Foundations of the EC Profession	3
CDF 246	Creative Activities and Materials for Young Children	3
CDF 310	Observation and Assessment in ECE	3
CDF 327S	Family Involvement with Young Children	3
CDF 349	Co-op or Appl Lrn: Child Devel	0.5-8
CDF 351	Practicum for Early Childhood Practitioners	3
CDF 399	Early Childhood Practicum	3-6
CDF 405	Program Planning for Infants and Toddlers	3
CDF 406	Prog Plan for Preschool Chldrn	3
CDF 443	Family Studies Practicum	9
CDF 450	Early Childhood Practicum	9
CDF 541	Infant- Toddler Development and Group Care	3
CDF 544	Early Childhood Development and Program Planning	3

## Accreditations and Approvals

The Department of Applied Human Sciences has several accreditations. The Burrier Child Development Center is accredited by the National Association for the Education of Young Children. The Dietetics concentration (B.S. Food and Nutrition) is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND) as a Didactic Program in Dietetics (DPD). The Family Studies Concentration in the Child and Family Studies B.S. is approved by the National Council on Family Relations.

## Bachelor's

- Child and Family Studies, Bachelor of Science with a Concentration in Child Development (B.S.) (p. 148)
- Child and Family Studies, Bachelor of Science with a Concentration in Family Studies (B.S.) (p. 150)
- Child and Family Studies, Bachelor of Science with a Concentration in Interdisciplinary Early Childhood Education (B.S.) (p. 151)
- Family and Consumer Sciences Education (Teaching), Bachelor of Science (B.S.) (p. 153)
- Food and Nutrition, Bachelor of Science with a Concentration in Culinary Nutrition and Food Management (B.S.) (p. 155)
- Food and Nutrition, Bachelor of Science with a Concentration in Dietetics (B.S.) (p. 156)
- Global Hospitality and Tourism, Bachelor of Science with a Concentration in Gastronomic Tourism (B.S.) (p. 158)
- Global Hospitality and Tourism, Bachelor of Science with a Concentration in Sustainable Hospitality (B.S.) (p. 159)

## Minors

- Apparel Design and Merchandising, Minor (p. 148)
- Child and Family Studies, Minor (p. 153)

- Family and Consumer Sciences, Minor (p. 154)
- Food and Nutrition, Minor (p. 158)

## Certificates

- Apparel Design & Merchandising, Departmental Certificate (p. 148)
- Early Childhood Director, University Certificate (p. 153)
- Family Services, University Certificate (p. 155)
- Gastronomic Tourism, University Certificate (p. 158)
- Infant/Toddler Care & Education, University Certificate (p. 160)
- Sustainable Hospitality, University Certificate (p. 160)

## Courses

### Apparel Design and Merchandising

#### ADM 102. Introductory Apparel Production. (3 Credits)

I, II. Basic principles of apparel production; selection, alteration, and fitting of commercial patterns.

#### ADM 119. Introduction to Apparel Design and Merchandising. (3 Credits)

I. An introductory study of apparel and textile producers, designers, merchandisers, retailers, consumer characteristics, consumer behavior, and ethical issues. Information sources about the industry and consumers are examined. Exploration of career opportunities.

#### ADM 201. Introduction to Textiles. (3 Credits)

I, II. Introduction to fibers, yarns, fabrics, colorations, and finishes. Emphasis on consumer use. 2 Lec/2 Lab.

#### ADM 203. Intermediate Apparel Production. (3 Credits)

A. Prerequisite: ADM 102. A basic study of pattern alteration and fitting using commercial patterns. Assess and execute various intermediate construction methods, including construction of several full-scale garments.

#### ADM 210. Dress, Appearance and Culture. (3 Credits)

A. Prerequisites: CDF 132 and PSY 200. Social, cultural, and psychological factors which influence beliefs, attitudes and choices regarding appearance and dress of individuals and groups.

#### ADM 222. Fashion Illustration. (3 Credits)

A. Methods and materials for clothing illustration, including sketching of the elongated fashion figure and computer-aided-design. Illustration, color and fabric rendering of original designs and clothing lines.

#### ADM 300. Apparel and Textile Sourcing. (3 Credits)

I. Prerequisites: ADM 119, 201, and ECO 230. Study of domestic and international apparel and textile sources of supply. Examines topics related to textile/apparel production, manufacturing, import/export, retailing and consumption.

#### ADM 302. Textile Evaluation and Specification. (3 Credits)

II. Prerequisite: ADM 201. Performance evaluation of textiles. Examination and development of textile standards and specifications. 2 Lec/2 Lab.

#### ADM 310. Historical Costume and the Social Order. (3 Credits)

I. Cross listed as WGS 310. Prerequisite: ADM102 or 201. History of dress from ancient Egypt through the 20th century. Factors which influence the style of dress are studied and relationship between costume of the past and current modes. Credit will not be awarded to students who have credit for WGS 310.

#### ADM 312. Flat Pattern Draping Design. (3 Credits)

A. Prerequisite: ADM 102 or department approval. Development of apparel designs through flat pattern and draping techniques.

#### ADM 313. Apparel Design and Quality. (3 Credits)

II. A study of apparel selection including terminology, sizing of ready-to-wear, factors influencing quality levels of sewn products, and principles of design and aesthetics of dress.

#### ADM 319. Apparel Merchandising. (3 Credits)

A. Prerequisites: ADM 119 and ECO 230. The merchandising of apparel, including merchandise control, buying procedures, vendors, vendor relations, planning assortments and budgets for basic and fashion categories. Practice in merchandise mathematics.

#### ADM 339. Visual Merchandising. (3 Credits)

I. Prerequisite: junior standing or department approval. Principles and techniques used in the display of fashion merchandise and their application in planning and actual display of fashion goods for store windows and interiors.

#### ADM 349. Applied Learning in Apparel. (0.5-8 Credits)

A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester. Total hours: eight, associate; sixteen, baccalaureate. Minimum of 80.

#### ADM 349A. Cooperative Study: Apparel. (0.5-8 Credits)

A. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester. Total hours: eight, associate; sixteen, baccalaureate. Minimum of 80 hours work required for each academic credit.

#### ADM 349B. Cooperative Study: Apparel. (0.5-8 Credits)

Work under faculty and field supervisors in placements related to academic studies.

#### ADM 349C. Cooperative Study: Apparel. (0.5-8 Credits)

Work under faculty and field supervisors in placements related to academic studies.

#### ADM 349D. Cooperative Study: Apparel. (0.5-8 Credits)

Work under faculty and field supervisors in placements related to academic studies.

#### ADM 349E. Cooperative Study: Apparel. (0.5-8 Credits)

Work under faculty and field supervisors in placements related to academic studies.

#### ADM 411. Advanced Apparel Production. (3 Credits)

A. Prerequisites: ADM 102 or department approval. Tailoring and other advanced apparel production techniques. Exploration of appropriate production techniques for specialty fabrics.

#### ADM 412. Advanced Apparel Design. (3 Credits)

A. Prerequisites: ADM 201 and 312 or department approval. Solving design problems through fabric selection, patternmaking techniques, and apparel production methods. Presentation of design concepts in a portfolio.

#### ADM 413. Apparel Product Development. (3 Credits)

II. Prerequisites: ADM 102, 210, 300, 313, 349. Problem solving and the development of sewn products and services in the apparel industry.

#### ADM 414. Apparel Design and Merchandising. (6 Credits)

A. Prerequisites: ADM 312 or 319, 413 and 2.0 cumulative GPA. Supervised practicum studying apparel design and/or merchandising in manufacturing, design, retail or wholesale firms.

#### ADM 419. Special Problems in ADM. (1-3 Credits)

A. Prerequisites: 3.0 GPA and department approval. The student selects a problem and works under the supervision of the instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours, providing additional study projects differ.

**ADM 550. ADM Topics:\_\_\_\_. (1-3 Credits)**

A. A course designed to offer specialized expertise in numerous areas related to textiles, clothing, and fashion. May be retaken to a maximum of six hours provided topics vary.

**ADM 750. ADM Topics:\_\_\_\_\_. (1-3 Credits)**

A. A workshop course designed to offer specialized expertise in numerous areas related to textiles, clothing and fashion. May be retaken to a maximum of six hours provided workshop topics vary.

**ADM 810. Socio-Psych Factors of Apparel. (3 Credits)**

A. Social, cultural, and psychological factors which influence personal satisfaction in selection and use of apparel.

**ADM 819. Special Problems in ADM. (1-3 Credits)**

A. Prerequisites: 3.0 GPA and instructor approval. The student selects a problem and works under the supervision of the instructor. May be retaken to a maximum of six hours providing topics vary. Students having received credit for the course at the 500 level may take this course to a maximum of six hours, including the undergraduate credits. Those who have not received credit for this course at the undergraduate (500) level may retake it to a maximum of six hours credit. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**Child and Family Studies****CDF 132. Introduction to the Family. (3 Credits)**

II. Cross listed as WGS 132. Ecological and systems approach applied to public and private family concepts; historical changes and current status; relationships among individuals, families, consumers, and communities; status of women, men, children and the elderly; public policy related to changes in the family. Credit will not be awarded to students who have credit for WGS 132.

**CDF 203. Philosophical & Historical Foundations of the EC Profession. (3 Credits)**

I, II Corequisite CED 100. An orientation to the profession: Exploration of the qualities, expectations, & responsibilities of an EC professional. Relationships among early learning standards, history of the profession, interdisciplinary fields, professional organizations, & philosophical approaches. Background check College approved procedure must be ordered and paid for by the first day of class. Credit will not be awarded for both CDF 203 and EDF 203.

**CDF 210. Special Topics in Early Childhood Education:\_\_\_\_. (1-3 Credits)**

A. Selected topics in child development and early childhood program planning. May be retaken to a maximum of six hours provided topics vary.

**CDF 232. Identity and Sexuality. (3 Credits)**

I, II. An exploration of the changing attitudes about and among men/women and their effect on choices and interpersonal relationships. Emphasis will be on promotion and maintenance of positive mental, physical, emotional, and sexual development. Gen. Ed. Block VIII, and Element 6.

**CDF 235. Child Development: Conception-Eight Years. (3 Credits)**

I, II. Developmental characteristics and theory pertinent to children conception to age eight. Special emphasis on early childhood theoretical frameworks.

**CDF 236. Interaction and Guidance. (3 Credits)**

I, II. Overview of guidance strategies in fostering children's social competency within group or individually. Adults' role in various interactions (e.g. parent-child, teacher-child) and resources for working with families/parents (e.g. parent education workshop) will be explored.

**CDF 243. Introduction to Family Life Programs. (3 Credits)**

A. Prerequisite or Corequisite: CDF 132. Examination of programs which focus on forming partnerships with families through the public, private, and nonprofit sectors to support family and individual well-being. Career development and opportunities explored.

**CDF 246. Creative Activities and Materials for Young Children. (3 Credits)**

I, II. Prerequisite: CDF 235 or department approval. Survey of learning experiences in various curriculum areas. Planning activities, including techniques and materials, to provide environment appropriate to the age and background of young children for the individual child based on age, ability, culture and ethnicity.

**CDF 310. Observation and Assessment in ECE. (3 Credits)**

(3) I,II. Prerequisite: CDF 235. Authentic assessment approaches through observation of children in natural environments. Intentional planning and implementation of Developmentally Appropriate Practice in EC settings. Special emphasis on linking assessment to the EC curriculum.

**CDF 327. Family Involvement with Young Children. (3 Credits)**

I, II. Study of effective relationships with families. Methods and materials useful in fostering family life education, including adult learning principles. Experiences include implementing family service plans, planning discussion groups, conducting home visits and parent-teacher conferences.

**CDF 327S. Family Involvement with Young Children. (3 Credits)**

I, II. Prerequisites: CDF 235 or CDF 241 and 244, 236, and 246 or CDF 345 or departmental approval. Study of effective relationships with families. Methods and materials useful in fostering family life education, including adult learning principles. Experiences include implementing family service plans, planning discussion groups, conducting home visits, and parent-teacher conferences. Includes 15 service learning hours.

**CDF 331. Marriage and Intimate Relationships. (3 Credits)**

I. Cross listed as WGS 331. The process within and types of intimate relationships in contemporary times. Topics include singlehood, partner selection, marriage, divorce, remarriage, longterm enduring marriage, and factors which affect the success of intimate relationships. Credit will not be awarded to students who have credit for WGS 331.

**CDF 342. Child and Adolescent Development. (3 Credits)**

II. Study of U.S. youth, utilizing systems theory and a life-course perspective approach. Effects of economic, social, and technological change on policies and programs affecting youth of diverse backgrounds.

**CDF 343. Prog Plan for Preschool Child. (3 Credits)**

I, II. Prerequisites: CDF 235, 236 and 246 or CDF 345 or department approval. Planning, implementation, and evaluation of developmentally and culturally appropriate environment for preschool children. Emphasis on inquiry learning, documentation, project work, collaborative work with families/colleagues/community, and various programs (e.g. Montessori, Head Start, HighScope).

**CDF 344. Prog Plan-Infants & Toddlers. (3 Credits)**

I, II. Prerequisite: CDF 235. Planning, implementation, and evaluation of developmentally and culturally appropriate environments for infants and toddlers. Emphasis is placed on the caregiver-infant relationship, developmental assessment, laboratory and field experiences, and environmental adaptations for special needs.

**CDF 349. Co-op or Appl Lrn: Child Devel. (0.5-8 Credits)**

(.5) I, II. Prerequisite: CDF349T. Co-requisite: CDF 405 & CDF 406. Collaborate with educators to observe and analyze education practices and theories of teaching and learning within various settings. Minimum of 40 hours field experience required.

**CDF 349A. Cooperative Study: Child Development. (0.5-8 Credits)**

A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit. Maximum of three hours may be counted in major requirements toward degree.

**CDF 349B. Cooperative Study: Child Development. (0.5-8 Credits)**

Work under faculty and field supervisors in placements related to academic studies. Maximum of three hours may be counted in major requirements toward degree.

**CDF 349C. Cooperative Study: Child Development. (0.5-8 Credits)**

Work under faculty and field supervisors in placements related to academic studies. Maximum of three hours may be counted in major requirements toward degree.

**CDF 349D. Cooperative Study: Child Development. (0.5-8 Credits)**

Work under faculty and field supervisors in placements related to academic studies. Maximum of three hours may be counted in major requirements toward degree.

**CDF 351. Practicum for Early Childhood Practitioners. (3 Credits)**

A. Prerequisites: department approval, 2.5 cumulative GPA, minimum grade of C in all courses with CDF prefix. Enrollment limited to students who have earned a Child Development Associate credential with college credit. Teaching experience in early childhood programs emphasizing emergent curriculum, documentation, project work, and family involvement. Meetings for collaborative.

**CDF 363. Early Childhood Literacy. (3 Credits)**

(3) I,II. Prerequisite: Admission to Child & Family Studies or Departmental Approval. An exploration of the emergent literacy development of young children within the language-rich context of play. Emphasis on state & national language arts standards, 2nd language learners, literacy assessment, resources for literacy instruction. Course material presented within theoretical context.

**CDF 399. Early Childhood Practicum. (3-6 Credits)**

(3-6) III. Prerequisites: Admission to Child and Family Studies or department approval. Supervised practicum experience in programs serving young children & families. Focus on organizations at the public, private and non-profit sectors. Open to B.S. Child Development students only. Minimum of 160 hours of field experience.

**CDF 405. Program Planning for Infants and Toddlers. (3 Credits)**

(3) I, II. Prerequisite: Admission to Child and Family Studies or departmental approval. Planning, implementation, and evaluation of developmentally and culturally appropriate environments for infants and toddlers. Emphasis is placed on the caregiver-infant relationship, intentional teaching and curriculum/program assessment, laboratory and field experiences, and environmental adaptations for special needs.

**CDF 406. Prog Plan for Preschool Chldrn. (3 Credits)**

(3) I,II. Prerequisites: Admission to Child and Family Studies or departmental approval. Planning, implementation, and evaluation of developmentally and culturally appropriate environments for preschool children. Emphasis on intentional teaching, curriculum/program assessment, inquiry learning, documentation, project work, collaborative work with families/colleagues/community, and various programs (e.g. Montessori, Head Start, High Scope).

**CDF 424. Diversity Awareness Prof Prac. (3 Credits)**

II. Prerequisite: junior standing. Professionals working with individuals and families today must develop cultural competency. With a focus on sensitivity and respect, this course provides an overview of diversity in society, including race, gender, socioeconomic status, sexual orientation, religion, and other forms of diversity.

**CDF 437. Family Stress and Resilience. (3 Credits)**

I, II. Prerequisite: CDF 132 or department approval. Study of stressors which may affect the quality of family life and resiliency factors which families and individuals employ to cope effectively with these stressors. Current research and models of family stress and resilience are studied.

**CDF 441. Family Dynamics in Adulthood and Aging. (3 Credits)**

A. Individual and familial development from young adulthood through death. Particular focus on changing family roles as members age. Emphasis on social changes affecting life satisfaction, living environments, and social relations of the middle-aged and elderly.

**CDF 443. Family Studies Practicum. (9 Credits)**

I,II. Prerequisites: CDF 132, 243, and 327; 3.0 GPA in major, and minimum of "C" in all courses with a CDF prefix; senior standing. Supervised practicum experience in family life education, family resources and community-based programs serving individuals and families in the public, private, and nonprofit sectors.

**CDF 449. Special Problems in Child Development. (1-3 Credits)**

A. Prerequisites: department approval and a 3.0 GPA (major). May be retaken to a maximum of six hours provided topics vary. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**CDF 450. Early Childhood Practicum. (9 Credits)**

I, II. Prerequisites: CDF 246, 327, 405, and 406, 3.0 GPA in major requirements, and minimum grade of "C" in all courses with a CDF prefix. Practicum focusing on designing and equipping the environment, implementing learning experiences, developing strategies for guiding young children, and arranging effective communication for family involvement. Meetings for collaborative planning and reflective discussion to make program decisions.

**CDF 499. Supervised Teaching IECE. (12 Credits)**

I, II. Prerequisites: completion of all major courses, supporting courses, special education minor, and professional courses. Practice teaching in programs for children ages birth through five years focusing on organizing environments for learning, planning and implementing developmentally appropriate curricula, selecting and implementing guidance strategies, assessing individual strengths and concerns of children and their families and colleagues for the benefit of children.

**CDF 501. Prenatal and Infant Development. (3 Credits)**

I, II, A. Growth and development from conception to three years. In-depth study of theories and issues related to development during the first three years and before birth. Impact of family, education, and community will be explored.

**CDF 538. Research Analysis in Child and Family Studies. (3 Credits)**

I, II. Prerequisites: CDF 235 and six hours in CDF; or department approval. Students will acquire the skills required to read and evaluate professional research literature in child and family studies by examining current studies. Students will also compare and contrast the treatment of current issues in their field in both popular and professional writing.

**CDF 541. Infant- Toddler Development and Group Care. (3 Credits)**

A. Growth and development from conception to three years. Emphasis on family intervention, appropriate policies and practices for group care, assessment, disabilities, multicultural and gender issues, and caregiver professional growth.

**CDF 544. Early Childhood Development and Program Planning. (3 Credits)**

A. Corequisite CED 450. Theory pertinent to early childhood development and learning including constructivism, socially-mediated intelligence, multiple intelligences and creativity. Emphasis on emergent curriculum and teaching strategies reflecting social collaboration such as webbing, project work, and multimedia documentation.

**CDF 547. Organization and Administration of Early Childhood Programs. (3 Credits)**

I, II. Prerequisites: CDF 327, 405 and 406 or departmental approval. Review of the theories influencing the definition of goals, philosophies and rationales for establishment of early childhood programs (0-5), study of the procedures for organizing early childhood programs, and discussion of the management processes for administering quality early childhood programs.

**CDF 550. Child and Family Studies Topics:\_\_\_\_. (1-3 Credits)**

A. Study of various topics in child and family studies selected to meet student needs and interests. May be retaken to a maximum of six hours provided topics vary.

## Family and Consumer Sciences

**FCS 320. Family Housing and Design. (3 Credits)**

I. Introduction to housing and its relationship to human needs. Historical, governmental and current issues influencing housing consumption of individuals and families. Design considerations emphasized include principles and elements, architecture, furniture, and space planning.

**FCS 330. Field Experience. (1-8 Credits)**

A. Prerequisites: department approval and 2.0 cumulative GPA. Supervised work experience in department approved organization. A minimum of 80 hours work required for each academic credit. Options may be taken to a maximum of 8 hours. 330A Field Experience in ADM 330B Field Experience in CDF 330C Field Experience in FCS 330D Field Experience in NFA.

**FCS 330A. Field Experience: ADM. (1-8 Credits)**

Supervised work experience in department approved organization. Field experience in ADM.

**FCS 330B. Field Experience in CDF. (1-8 Credits)**

Supervised work experience in department approved organization. Field experience in CDF.

**FCS 330C. Field Experience: FCS. (1-8 Credits)**

Supervised work experience in department approved organization. Field experience in FCS.

**FCS 330D. Field Experience: NFA. (1-8 Credits)**

Supervised work experience in department approved organization. Field experience in NFA.

**FCS 349. Applied Learning in Family and Consumer Sciences. (0.5-8 Credits)**

A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

**FCS 349A. Cooperative Study: Family and Consumer Sciences. (0.5-8 Credits)**

A. Prerequisite: department approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

**FCS 400. Ethics and Advocacy in Family and Consumer Sciences. (3 Credits)**

Prerequisites: ENG 102 or 102R or 105(B) or HON 102 and CDF 132 and 12 additional hours in the department. History and principles of the profession of Family and Consumer Sciences. Course emphasizes the interdisciplinary nature of the field and its commitment to public policy activism to benefit individuals and families. Credit will not be awarded to students who have credit for FCS 400W.

**FCS 400W. Ethics and Advocacy in Family and Consumer Sciences. (3 Credits)**

Prerequisites: ENG 102 or 102R or 105(B) or HON 102 and CDF 132 and 12 additional hours in the department. History and principles of the profession of Family and Consumer Sciences. Course emphasizes the interdisciplinary nature of the field and its commitment to public policy activism to benefit individuals and families. Credit will not be awarded to students who have credit for FCS 400.

**FCS 550. Family and Consumer Sciences Topics. (1-3 Credits)**

A. Selected topics in Family and Consumer Sciences. May be retaken to a maximum of six hours provided topics vary.

## Family Resource Management

**FRM 352. Family as Consumers. (3 Credits)**

I, II. Family resource management across the life course. Resource allocation and decision-making to attain family goals and financial wellbeing; time, money, housing, work-family balance. Role of family economics in marital/family satisfaction and multiple family forms. Credit will not be awarded to students who have credit for FIN 201.

**FRM 453. Balance Work/Family Resources. (3 Credits)**

A. Prerequisites: NFA 321 and FRM 352. Concentration on value identification/ clarification, the decision making process, family resource management and the management process by individuals and families. Group projects and supervised field experiences with community programs.

**FRM 456. Spec Prob Family Eco & Mgt. (1-3 Credits)**

A. Prerequisite: departmental approval. The student chooses a problem and works under the supervision of the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours provided topics vary.

## Gastronomic Tourism

**GTO 210. Gastronomic Tourism. (3 Credits)**

A. An exploration of the planning, development, and management of gastronomic tourism. Emphasis on sustainable practices, stakeholders, and policies associated with successful gastronomic tours.

**GTO 320. Bourbon, Beer & Spirits. (3 Credits)**

A. The history, culture, and production of bourbon, beer, and spirits. Study of brewing and distilling tourism, with an emphasis on community impact, marketing, and sustainable practices. The student must adhere to all location-based alcohol consumption rules, including any age restrictions (for example, in the United States, the student must be age 21 or older to consume alcohol). Alternative assignments can be provided for any consumption-based assignments.

**GTO 325. Culture & Consumption of Wine. (3 Credits)**

(A). An exploration of interactions between wine, culture, and tourism. Topics include interpreting a wine label and identifying wine-growing regions around the world, understanding wine and health issues, and basic wine tasting. The student must adhere to all location-based alcohol consumption rules, including any age restrictions (for example, in the United States, the student must be age 21 or older to consume alcohol). Alternative assignments can be provided for any consumption-based assignments.

**GTO 410. Gastronomic Tour Development. (3 Credits)**

(A). Pre-requisite GTO 210. An advanced course examining environmental, societal, and economic impacts of gastronomic tourism. Creation of a gastronomic tour emphasizing cultural competence, sustainable practices, and marketing strategies.

**Global Hospitality and Tourism****GHT 201. Hospitality & Tourism Essential. (3 Credits)**

3 (A). An overview of the hospitality and tourism industry with emphasis on historical development, management and leadership functions, current trends, and future challenges.

**GHT 310. Be Our Guest. (3 Credits)**

An examination of industry standards and procedures to deliver quality customer experiences. Special emphasis on improvement plans, service leadership and assessing customer satisfaction.

**GHT 320. Impact of Hospitality. (3 Credits)**

3 (A). The role of culture in the development of hospitality, leisure, and travel. Sociocultural impacts of tourism and hospitality on local, regional, national, and global cultures.

**GHT 425. Hospitality & Tourism Analysis. (3 Credits)**

A. Prerequisite: ENG 102 or 102R or 105(B) or HON 102, and STA 215. Evaluation of hospitality and tourism research terminology, methods, ethics, and theory. Emphasis on analyzing professional literature to make informed decisions that impact hospitality and tourism practice. Credit will not be awarded to students who have credit for GHT 425 and 425W.

**GHT 425W. Hospitality & Tourism Analysis. (3 Credits)**

A. Prerequisite: ENG 102 or 102R or 105(B) or HON 102, and STA 215. Evaluation of hospitality and tourism research terminology, methods, ethics, and theory. Emphasis on analyzing professional literature to make informed decisions that impact hospitality and tourism practice.

**GHT 450. Global Hospitality Law. (3 Credits)**

(A). Introductory course in hospitality and tourism law with an emphasis on laws, negligence, rules and regulations applicable to the hospitality industry worldwide.

**GHT 499. Hospitality & Tourism Practic. (3 Credits)**

A. Prerequisite: Global Hospitality and Tourism Majors only and Department Approval. Directed global hospitality and tourism field experience. Minimum of 240 clock hours. May be retaken up to a maximum of 6 hrs.

**Nutrition/Foods/Foods Administration****NFA 121. Introduction to Food Composition and Preparation. (3 Credits)**

I, II. A beginning food science course which deals with food composition and the relationship of scientific processes and principles to food preparation. Lecture and laboratory experiences.

**NFA 201. Essentials of Nutrition. (3 Credits)**

I, II. A scientific study of the essential nutrients and their application in meeting nutritional needs of all ages. Consideration is given to food selection, nutrition misinformation, obesity, and other common dietary problems. Gen. Ed. VI. Fulfills University Wellness Requirement.

**NFA 203. Introduction to Food and Nutrition Careers. (1 Credit)**

A. A professional orientation course for future food and nutrition professionals describing pathways to management, community, and clinical careers in the field, including an overview of the relationships to healthcare, industry partners, and government food programs.

**NFA 301. Bio Nutrition. (3 Credits)**

A. Prerequisites: CHE 102 or 112/116; and NFA 201. Structures and chemical properties of CHO, PRO, fat and nucleic acids, vitamins, coenzymes, minerals, and water related to metabolic processes.

**NFA 303. Nutrition Education and Counseling. (3 Credits)**

(3) A. Pre-requisite: NFA 201. Discussion, practice, and application of nutrition-related education and counseling strategies and health behavior theories to develop communication and counseling skills for work with individuals and groups.

**NFA 310. Junior Seminar. (3 Credits)**

I. Prerequisite: Admission to General Dietetics Program. Preparation and planning for transition to internship, graduate school or professional work. Emphasis on professional roles and responsibilities, and ethical practice in dietetics.

**NFA 317. Nutrition in the Life Cycle. (3 Credits)**

I, II. Study of dietary needs adapted to periods of the life cycle.

**NFA 321. Meal Mangement. (3 Credits)**

A. Prerequisites: NFA 121 and 201. Food management, planning, preparation, and service of meals through management of time, energy, money, and efficient use of equipment. Consideration is given to nutritional needs, food habits, and social customs of family groups.

**NFA 323. Experimental Foods. (3 Credits)**

A. Prerequisites: NFA 121 and CHE 102 or equivalent. Advanced food science course concerning the study of the reactions and interactions of food components in complex food systems during preparation, processing, and preservation. Lecture and laboratory experiences.

**NFA 325. Quantity Food Production. (3 Credits)**

I. Prerequisite: NFA 121. Corequisite: NFA 326. Standards, principles, and techniques for managing throughout the functional subsystems of a food service setting; emphasis on quality, quantity, and cost controls.

**NFA 326. Field Experiences in Quantity Food Production. (3 Credits)**

I. Corequisite: NFA 325. Supervised field experience in the technical application of theory presented in NFA 325.

**NFA 328. Food Preparation and Culinary Arts. (3 Credits)**

II. Prerequisites: NFA 325 and 326 each with a grade of "C" or better. Culinary and baking techniques. Emphasis on professional plating and presentation of food. 1 Lec/4 Lab.

**NFA 344. Food Purchasing. (3 Credits)**

II. Prerequisites: NFA 325 and 326 or departmental approval. Principles and methods of purchasing foods and equipment for various types of food service establishments. Emphasis on specifications and factors affecting quality, and food product identification.

**NFA 349. Applied Learning in Nutrition, Foods, and Food Administration. (0.5-8 Credits)**

A. Prerequisite: instructor approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

**NFA 349A. Cooperative Study: Nutrition, Foods, and Food Administration. (0.5-8 Credits)**

A. Prerequisite: instructor approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours work required for each academic credit.

**NFA 349B. Cooperative Study: Nutrition, Foods, and Food Administration. (0.5-8 Credits)**

**NFA 349C. Cooperative Study: Nutrition, Foods, and Food Administration. (0.5-8 Credits)**

Work under faculty and field supervisors in placements related to academic studies.

**NFA 401. Human Nutrition. (3 Credits)**

I. Prerequisites: NFA 301, BIO 307 with a minimum grade of B, and BIO 308. Study of the functions, requirements, and interrelations of macronutrients in normal nutrition; integration and regulation of energy metabolism and balance.

**NFA 402. Medical Nutrition Therapy. (3 Credits)**

I. Prerequisite or Corequisite: NFA 401. Analysis and application of nutrition assessment, documentation, and modified feeding practices including enteral and parenteral nutrition with application for therapeutic management of gastrointestinal disorders.

**NFA 403. Medical Nutrition Therapy II. (3 Credits)**

II. Prerequisite: NFA 402. Integration of nutrition therapy, pathophysiology, and biochemical alterations for assessment and management of trauma, diabetes, cancer; and cardiovascular, renal, hepatic, and pulmonary disorders.

**NFA 404. Human Nutrition II. (3 Credits)**

II. Prerequisite: NFA 401. Study of the functions, requirements, and interrelations of essential and non-essential micronutrients in normal nutrition and wellness.

**NFA 411. Community Nutrition. (3 Credits)**

A. Prerequisite: NFA 201 and 317. Survey of services, legislation, assessment, other relevant activities, and the role of nutritionists in various community settings. Development of educational resources for different populations. Field experience in community programs and settings to include individual and family nutrition counseling.

**NFA 412. Research Applications in Nutrition. (3 Credits)**

I. Prerequisite: ENG 102 or 102R or 105(B) or HON 102 and STA 215 and admission to Food and Nutrition Dietetics Concentration; or departmental approval. Evaluation, interpretation, and application of professional and research literature in nutrition/dietetics; scientific writing (AMA format). Emphasis on making ethical, evidence-based practice decisions. Credit will not be awarded to students who have credit for NFA 412W.

**NFA 412W. Research Application in Nutrition. (3 Credits)**

(3) I. Prerequisite: ENG 102 or 102R or 105(B) or HON 102 and STA 215 and admission to Food and Nutrition Dietetics Concentration; or departmental approval. Evaluation, interpretation, and application of professional and research literature in nutrition/dietetics; scientific writing (AMA format). Emphasis on making ethical, evidence-based practice decisions. Credit will not be awarded to students who have credit for NFA 412.

**NFA 415. Seminar in the Dietetics Prof.. (1-3 Credits)**

A. Prerequisites: NFA 401 and departmental approval. Current concepts and trends in dietetics and review of recent research. Topics include, but are not limited to, professional ethics, marketing, quality assurance and preparing for a dietetic internship.

**NFA 416. Special Problems in Nutrition. (1-3 Credits)**

A. Prerequisites: NFA 401 and departmental approval. The student chooses a problem and works under the supervision of an instructor. May be retaken to a maximum of six hours provided the topics vary. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**NFA 420. Food in Health and Wellness. (3 Credits)**

A. Prerequisites: NFA 121 and NFA 201 each with a grade of "C" or better. Application of evidence-based nutrition information for health promotion and condition management. Emphasis on menu development and modification for food service and culinary events to meet the nutritional needs and desires of consumers.

**NFA 445. Food Service Organization and Management. (3 Credits)**

A. Prerequisites: NFA 325, 326. Administrative functions within a food service system. Emphasis in top management responsibilities: financial and time management, quality assurance, legislation, labor unions, merchandising, networking, and human resource management.

**NFA 447. Food Culture and Systems. (3 Credits)**

A. Cross-cultural study of the formation of personal identities and social groups via food production, preparation, and consumption. In-depth exploration of global food systems and sustainability.

**NFA 499. Culinary Nutrition and Food Management Practicum. (3 Credits)**

A. Prerequisite: NFA 349, Food and Nutrition Majors only and Junior or Senior standing. Directed culinary nutrition and food management field experience. Minimum of 240 clock hours.

**NFA 505. Maternal and Infant Nutrition. (3 Credits)**

A. Prerequisite: NFA 317 or equivalent. Nutritional requirements prior to and during pregnancy, lactation, and infancy. Survey the effects of dietary toxicants, deficiency and excesses of nutrients. Field experience.

**NFA 507. Child and Adolescent Nutrition. (3 Credits)**

A. Prerequisite: NFA 201. Nutritional needs, problems, dietary habits, and motivations of the toddler through adolescent years. Field experience.

**NFA 509. Nutrition and Aging. (3 Credits)**

A. Prerequisite: NFA 201. The theories of causes of aging; nutritional requirements, dietary intakes and effects of nutrition on the rate of biological aging. Field experience.

**NFA 517. Sports Nutrition. (3 Credits)**

A. Prerequisite: NFA 201 or 500/700. Relationship of nutrition to optimal sports performance. Examines energy use during exercise metabolism, specific nutrient needs, nutritional strategies during training, conditions requiring special consideration, controversial and potentially dangerous nutritional practices of athletes.

## Sustainable Hospitality

### SHO 341. Sustainable Hospitality. (3 Credits)

(A). An examination of the history, purpose, and global practices in sustainable hospitality and tourism. Special attention to initiatives, organizations, and stakeholders that support sustainable hospitality development.

### SHO 410. Multigenerational Programming. (3 Credits)

(A). An exploration of hospitality and tourism programming to meet the needs of individuals across the lifespan. Emphasis on developmentally appropriate activities and programs within each sector of the hospitality and tourism industry.

### SHO 420. Sustainable Global Practices. (3 Credits)

(A). Pre-requisite SHO 341. Analysis of sustainable global practices in hospitality and tourism industries. Application of sustainable practices in a variety of sectors incorporating system approaches.

### SHO 460. Universal Sustainable Design. (3 Credits)

(A). An exploration of universal design and sustainable practices utilized in hospitality and tourism industries to support inclusivity and social justice.

### SHO 475. Promoting Hospitable Exp. (3 Credits)

(A). Pre-requisite GHT 310. A study of strategies used to enhance and promote the hospitality and tourism experience. Includes tourism branding, service culture development, and marketing.

## Child and Family Studies, Bachelor of Science with a Concentration in Child Development (B.S.)

The Child & Family Studies major offers three concentrations: Child Development, Family Studies, Interdisciplinary Early Childhood Education

The Child Development concentration prepares graduates to teach or direct early childhood programs (birth through age 8). Career opportunities include Head Start, profit or non-profit child care/agencies, and family resource centers.

To be granted a degree in Child and Family Studies students must have a "C" or better in all CDF and supporting courses.

### Program Objectives

Upon completion of a degree in Child and Family Studies graduates will be able to:

1. assess developmental, political, social, cultural, economic and technological influences on the well-being and diversity of individuals, families and communities;
2. design and implement a range of services for individuals, children and families;
3. utilize and interpret appropriate individual, family and program evaluation measures;
4. access community resources and collaborate with community agencies/services; and
5. evaluate and monitor their professional development.

## Admission and Progression Requirements for Child and Family Studies with a Concentration in Child Development

All students who are accepted by EKU's Admission office and declare their major as Child and Family Studies are admitted to the University as pre-Child and Family Studies majors. However, admission to the pre-Child and Family Studies program does not guarantee admission to the

Child and Family Studies program. To be admitted to the Child and Family Studies program the following criteria must be met:

1. Minimum of 45 hours with a 2.75 overall GPA,
2. GPA of 3.0 with a grade of "C" or better in each course in the following courses

Code	Title	Hours
CDF 203	Philosophical & Historical Foundations of the EC Profession	3
CDF 235	Child Development: Conception-Eight Years	3
CDF 236	Interaction and Guidance	3
CDF 246	Creative Activities and Materials for Young Children	3
CDF 310	Observation and Assessment in ECE	3
CDF 327S	Family Involvement with Young Children	3

Once these requirements have been met, the student must apply to the Child and Family Studies Program Director for a change from the pre-Child and Family Studies program to the Child and Family Studies program.

## Program Requirements

1

CDF 450 Early Childhood Practicum is a 9 credit hour course and requires a 3.0 GPA in major requirements prior to enrolling.

## Child and Family Studies, Bachelor of Science with a Concentration in Family Studies (B.S.)

The Child & Family Studies major offers three concentrations: Child Development, Family Studies, Interdisciplinary Early Childhood Education

The Family Studies Concentration prepares graduates to work with individuals and families in a variety of social service settings. Positions are available in family resource centers, community agencies, profit and non-profit organizations that provide services for children, youth, adults and families.

To be granted a degree in Child and Family Studies students must have a "C" or better in all CDF and supporting courses.

### Program Objectives

Upon completion of a degree in Child and Family Studies graduates will be able to:

1. assess developmental, political, social, cultural, economic and technological influences on the well-being and diversity of individuals, families and communities;
2. design and implement a range of services for individuals, children and families;
3. utilize and interpret appropriate individual, family and program evaluation measures;

CDF 443 Family Studies Practicum is a 9 credit hour course and requires a 3.0 GPA in major requirements prior to enrolling.

G

Course also satisfies a General Education element. Hours are included within the 36 hours in General Education.

## Child and Family Studies, Bachelor of Science with a Concentration in Interdisciplinary Early Childhood Education (B.S.)

The Child & Family Studies major offers three concentrations: Child Development, Family Studies, Interdisciplinary Early Childhood Education

The Interdisciplinary Early Childhood Education concentration leads graduates to Kentucky public school certification for teaching children birth through age five. Graduates learn to prepare individual education plans for children who experience developmental delays and support plans to assist families of those children. IECE majors will teach in private agencies serving infants to two years and public school settings (Pre-K, three and four year olds, and kindergarten not connected with primary programs for first through third grade).

To be granted a degree in Child and Family Studies students must have a "C" or better in all CDF and supporting courses.

### Program Objectives

Upon completion of a degree in Child and Family Studies graduates will be able to:

1. assess developmental, political, social, cultural, economic and technological influences on the well-being and diversity of individuals, families and communities;
2. design and implement a range of services for individuals, children and families;
3. utilize and interpret appropriate individual, family and program evaluation measures;
4. access community resources and collaborate with community agencies/services; and
5. evaluate and monitor their professional development.

### Admission and Progression Requirements for Child and Family Studies with a Concentration in Interdisciplinary Early Childhood Education (IECE)

All students who are accepted by EKU's Admission office and declare their major as Child and Family Studies are admitted to the University as pre-Child and Family Studies majors. However, admission to the pre-Child and Family Studies program does not guarantee admission to the Child and Family Studies program. To be admitted to the Child and Family Studies program the following criteria must be met:

1. Minimum of 45 hours with a 2.75 overall GPA,
2. GPA of 3.0 with a grade of "C" or better in each course in the following courses

Code	Title	Hours
CDF 203	Philosophical & Historical Foundations of the EC Profession	3
CDF 235	Child Development: Conception-Eight Years	3
CDF 236	Interaction and Guidance	3
CDF 246	Creative Activities and Materials for Young Children	3

CDF 310	Observation and Assessment in ECE	3	CDF 437	Family Stress and Resilience	3
CDF 327S	Family Involvement with Young Children	3	NFA 317	Nutrition in the Life Cycle	3
			FCS 400W	Ethics and Advocacy in Family and Consumer Sciences	3

Once these requirements have been met, the student must apply to the Child and Family Studies Program Director for a change from the pre-Child and Family Studies program to the Child and Family Studies program.

**Note:** CDF students with a concentration in Interdisciplinary Early Childhood Education, must also be admitted into the Teacher Professional Education program. The Office of Professional Education Services (<https://tes.eku.edu/>) is responsible for admitting students to the Teacher Education Program at ECU.

## Family and Consumer Sciences Education (Teaching), Bachelor of Science (B.S.)

### Program Objectives

Upon completion of a degree in Family and Consumer Sciences Education, graduates will be able to:

1. develop conceptual understanding of child and family studies, nutrition, textiles and apparel design, resource management, housing and design, and global hospitality and tourism;
2. develop professional attitudes and behaviors based on the history and mission of the Family and Consumer Sciences discipline; and
3. develop effective pedagogical skills and dispositions that are highly contextualized for FCS classrooms.

Graduates are prepared to teach in both middle and high school, advise local FCCLA chapters, and possess excellent qualifications for working with 4-H youth or in FCS educator positions with the USDA Cooperative Extension Service. The demand for Family and Consumer Sciences teachers and extension agents is high due to current and projected shortages.

### PRAXIS Disclaimer

Kentucky educator certification requirements are subject to change. Before registering for the test(s), please check the Education Professional Standards Board website at [www.epsb.ky.gov](http://www.epsb.ky.gov) (<http://www.epsb.ky.gov>) for current test requirements and current cut scores. You may also contact the Division of Professional Learning and Assessment at (502) 564-5778.

## Food and Nutrition, Bachelor of Science with a Concentration in Culinary Nutrition and Food Management (B.S.)

The Food and Nutrition program leads to a Bachelor of Science degree in Food and Nutrition. The Food and Nutrition program includes two concentrations: Dietetics and Culinary Nutrition and Food Management.

The Dietetics concentration is accredited by the Accreditation Council for Education in Nutrition and Dietetics (ACEND), an agency of the Academy of Nutrition and Dietetics, as a Didactic Program in Nutrition and Dietetics (DPD). The concentration's mission, goals, and objectives can be found on the Department of Applied Human Sciences website. Also available on the website is information about costs related to the program.

Students completing the DPD earn a Verification Statement, which provides eligibility to complete an accredited Dietetic Internship. Acceptance to a Dietetic Internship requires application and program matching through a competitive process. A strong academic record, work experience, and service/leadership in extracurricular activities are essential for obtaining a dietetic internship. Dietetic internships are 6 to 12 months long and include supervised practice in various areas of the dietetics profession. After completion of the internship, the student is eligible to take the national registration exam to become a Registered Dietitian Nutritionist (RDN). In most states, including Kentucky, RDN status is sufficient to obtain a state license to practice as a dietitian.

Registered Dietitian Nutritionists (RDN) work with individuals and groups of all ages to improve health and wellness. Dietitians find employment in a variety of professional settings, including hospitals, long term care facilities, outpatient clinics, health departments, food companies, wellness programs, public health and regulatory agencies, cooperative extension, food service (including hospital, long term care, school, college/university, and prisons), private practice, sales, and research. In these settings, RDNs provide medical nutrition therapy; menu planning; recipe and product development; individual counseling related to nutrition and diet; nutrition education to groups and individuals; community

nutrition program development, implementation, and evaluation; and research.

Graduates who do not complete a dietetic internship find employment opportunities in public health, food service, cooperative extension, sales, and research. With the DPD verification statement, graduates are eligible to take the national Dietetic Technician registration exam, and earn the credential Dietetic Technician Registered (DTR). Graduates of the DPD may also seek admission to graduate programs to earn an advanced degree.

The Culinary Nutrition and Food Management concentration prepares students for employment in a variety of job positions and settings within the food industry. Some of these positions include food service manager, nutrition coordinator, and food program planner. Employment settings include restaurants, schools, hospitals, long-term care, agritourism, sustainability and local foods programs, food banks and feeding programs, hotels/resorts, cruises, amusement parks, and catered events such as weddings, banquets, and corporate marketing.

## Admission and Progression Requirements

All students who are accepted by EKU's Admissions Office and declare their major as food and nutrition are considered for admission to the University as pre-food and nutrition majors. To be admitted to the food and nutrition program the following criteria must be met:

1. complete a minimum of 45 semester hours;
2. attain a minimum institutional GPA of 2.5 on a 4.0 scale; and
3. earn a minimum cumulative GPA of 3.0 in

Code	Title	Hours

NFA 203	Introduction to Food and Nutrition Careers	1
NFA 317	Nutrition in the Life Cycle	3

or their equivalents if taken at another school, with a grade of C or better in each course.

In addition, a program application form, available through the Academic Advisor, must be submitted.

After admission to the Food and Nutrition program the student must meet the following criteria to receive a B.S. Degree:

1. attain a minimum institutional GPA of 2.5 on a 4.0 scale;
2. earn a "C" or better in all major core and concentration courses.

## Global Hospitality and Tourism, Bachelor of Science with a Concentration in Gastronomic Tourism (B.S.)

The Global Hospitality and Tourism program is offered 100% on-line through e-Campus. The major in Global Hospitality and Tourism prepares the student for careers in hotel management, ecotourism, food tourism, resorts, winery/microbrewery tours, and other hospitality or tourism industries.

The Global Hospitality and Tourism major provides an applied educational experience that will prepare the student for a career in the evolving field of hospitality and tourism. The students receive practical and technical knowledge to secure employment within the industry locally, regionally, nationally, or globally.

All students will choose a concentration to narrow their focus of interest: Gastronomic Tourism or Sustainable Hospitality. A practicum experience is required for all students to provide the necessary experience to be a successful professional in the field. Students majoring in Global Hospitality and Tourism must achieve a grade of "C"/2.0 or better in all core, concentration, and supporting courses.

## Department of Clinical Therapeutic Programs

### Chair

Dr. Kellie Ellis, Chair  
(859) 622-1125  
Wallace 202

### Faculty

M. Bane, K. Ellis, K. Engebretson, C. Hughes, M. Jeon, J. McGinn, J. Robinson, G. Sandman, C. Sommer, A. Spiers, and R. Wahl.

The Department of Clinical Therapeutic Programs offers undergraduate and graduate degrees in Communication Disorders and graduate degrees in Clinical Mental Health Counseling and School Counseling. The Master of Arts in Communication Disorders is a two-year, full-time program leading to eligibility for certification/licensure in Speech-Language Pathology by the American Speech-Language-Hearing Association and Kentucky Board of Speech-Language Pathology. More complete information concerning the graduate program can be reviewed by accessing the Department website at <https://www.cd.eku.edu>.

### Bachelor's

- Communication Disorders, Bachelor of Science (B.S.) (p. 162)

### Courses

#### CSD 250. Phonetics. (3 Credits)

I. Formerly CDS 250. Prerequisite: admission to CDS program. Study of the articulatory postures and movements used to produce standard English and defective sounds. Introduction of the International Phonetic Alphabet and practice in using it to transcribe both normal and defective speech.

#### CSD 273. Observation in Comm. Disorders. (1 Credit)

II. Formerly CDS 273. Prerequisite: admission to CDS program. Supervised clinical observation of therapy and/or diagnostic services for individuals with communication disorders. Instruction in report writing and observing in various settings. Students must complete 25 clock hours of observation by the end of this semester.

#### CSD 275. Intro Communication Disorders. (3 Credits)

I. Formerly CDS 275. Introduction to the nature and causes of speech, language, and hearing disorders. An overview of the field of communication disorders and sciences.

#### CSD 285. Anat. & Phys. Sp. Hearing Mech. (3 Credits)

I. Formerly CDS 285. Prerequisite: admission to CDS program. Introduction to the anatomical and physiological bases of hearing, respiration, phonation, resonance, and articulation.

#### CSD 311. CSD in Health Care Systems. (3 Credits)

I, II. Review of the wellness-illness spectrum and the societal response in terms of health services. Topics to be covered include the nature and functions of health services agencies and professionals, and the impact of social, political, economic, regulatory, and technological forces. Also includes a discussion of major health problems and related health care programs.

#### CSD 360. Normal Speech & Lang. Dev.. (3 Credits)

II. Formerly CDS 360. Normal speech and language acquisition from birth through the developmental years; basic linguistic concepts and theories; language differences.

#### CSD 365. Language Disorders: Assessment. (3 Credits)

I. Formerly CDS 365. Prerequisite: admission to the CDS program. Prerequisite/Corequisite: CDS 360. Methods of assessing language content/form/use. Assessment techniques will include standardized tests, language sampling and analysis, and observational techniques and scales.

#### CSD 372. Methods & Materials Comm. Dis.. (3 Credits)

II. Formerly CDS 372. Prerequisite: admission to the CDS program. Overview of scope of practice and credentials for service delivery; management of therapy sessions; clinical policies and procedures; Code of Ethics; precautions for infectious disease control; development of therapy materials and oral mechanism examination kit.

#### CSD 373. Articulation & Phon. Disorders. (3 Credits)

II. Formerly CDS 373. Prerequisite: admission to the CDS program. Characteristics of articulation and phonological problems. Principles of identification and treatment.

#### CSD 374. Practicum in Speech Pathology. (3 Credits)

I. Formerly CDS 374. Prerequisites: 25 hours of observation in communication disorders and sciences, CDS 372 and 373, and overall 3.0 GPA, or Clinic Director approval. Supervised clinical practicum in communication disorders services. May be retaken to a maximum of six credit hours.

#### CSD 380. Intro to Clinical Audiology. (3 Credits)

I, II. Formerly CDS 380. Prerequisite: admission to CDS program. Physics of sound, anatomy & physiology of hearing, auditory pathologies, and introduction of basic audiological assessment.

#### CSD 464. Lang. Disorders: Intervention. (3 Credits)

II. Formerly CDS 464. Prerequisites: CDS 360 and 365. Study of language impairment in children and principles for remediation.

#### CSD 465. Disorders of Fluency. (3 Credits)

I. Formerly CDS 465. Prerequisite: admission to the CDS program. Lectures and selected readings in the theoretical, etiological, and developmental views of assessment and management of stuttering problems in children.

#### CSD 474. Adv Practicum in Speech Path. (3 Credits)

II. Formerly CSD 474. Prerequisites: Overall 3.0 GPA and CDS 374, or Clinic Director approval. Advanced supervised clinical practice in communication disorders services. May be retaken to a maximum of six credit hours.

#### CSD 475. Voice Disorders. (3 Credits)

I. Formerly CDS 475. Prerequisite: admission to the CDS program. Lectures and selected readings in etiological perspectives of functional and organic voices disorders; assessment, classification, and treatment designs for vocal pathologies in children.

#### CSD 485. Audiologic Evaluation. (3 Credits)

II. Formerly CDS 485. Prerequisite: CDS 380. Fundamentals of audiometric assessment, immittance measurement, and electrophysiology via lecture and integrated lab simulations. Techniques for audiometric data collection, interpretation, and reporting. Lec/Lab.

**CSD 487. Aural Rehabilitation. (3 Credits)**

I. Formerly 487. Prerequisite: CDS 380 or departmental approval. Fundamentals of aural habilitation/rehabilitation in the form of amplification (hearing aids, cochlear implants, assistive listening devices), speech reading, auditory-visual-kinesthetic perception, pediatric rehab techniques, educational management, counseling.

**CSD 488. Practicum in Audiology. (1 Credit)**

I, II. Formerly CDS 488. Prerequisites: Overall 3.0 GPA or Clinic Director approval. Supervised clinical practice in audiology. May be retaken to a maximum of two credit hours.

**CSD 520. Augment & Alterna Comm Systems. (3 Credits)**

A. An overview of various approaches to aided non-oral systems of communication. Various devices and symbol systems will be discussed.

**CSD 525. Literate Language. (3 Credits)**

I. Formerly CDS 525. Prerequisites: CDS 360, CDS 365, and CDS 464 or departmental approval. Study of language disorders in children and principles for remediation in written language.

**CSD 541. School Services in Comm Dis. (3 Credits)**

II. Formerly CDS 541. Prerequisites: Overall 3.0 GPA and Admission to the CDS program, or departmental approval. Organization and management of speech-language therapy services in the schools. Lec/Lab.

**CSD 571. Neural Bases of Communication. (3 Credits)**

A. Prerequisite: Admission to the CDS program or instructor approval and ENG 102 or ENG 105(B) or HON 102. A study of neuroanatomic and neurophysiologic bases of communication including developmental issues and neurologic deficits resulting in communication disorders. Credit will not be awarded for both CSD 571 and CSD 571W.

**CSD 571W. Neural Bases of Communication. (3 Credits)**

A. Prerequisite: Admission to the CDS program or instructor approval and ENG 102 or ENG 105(B) or HON 102. A study of neuroanatomic and neurophysiologic bases of communication including developmental issues and neurologic deficits resulting in communication disorders. Credit will not be awarded for both CSD 571W and CSD 571.

**CSD 572. Speech & Hearing Science. (3 Credits)**

II. Formerly CDS 572. Study of the physics of sound, acoustic characteristics and processes, perceptual correlates, production of speech, and psychophysical processes of communication.

## Communication Disorders, Bachelor of Science (B.S.)

### Admission to Communication Disorders Program

Any student who is accepted by Eastern Kentucky University's Admissions Office may declare their major as Pre-communication disorders. The student will be assigned to a program advisor and will be classified as a "Pre-CD" major. However, a Pre-CD status does not guarantee admission into the CD undergraduate program. Pre-CD majors will be restricted to enrollment in the following major CSD courses: CSD 275 Intro Communication Disorders and CSD 360 Normal Speech & Lang. Dev..

To apply for admission to the CD undergraduate program, students must meet the following minimum criteria:

1. at least 40 credit hours earned on 100-level courses or higher,
2. at least a 3.0 GPA on a 4.0 scale,

3. at least a 21 composite score on the ACT or equivalent SAT Score, and
4. pass a speech/language/hearing screening.

The CD Program requires a state criminal history background check approved<sup>1</sup> by the College of Education and Applied Human Sciences as a condition of admission. Under certain circumstances, a national criminal background check may be required as a condition of admission. Once admitted to the CD program, the student must earn a grade of "C" or higher in CSD 275 Intro Communication Disorders or equivalent transferred course before registering for any CSD courses in the major requirements. Once admitted to the CD program, students must earn a grade of "C" or higher in all CSD courses and supporting courses. Transfer students do not have to be enrolled in university courses at the time of submitting an application for admission. The CD program admits 30 new undergraduate students each year. Applicants are ranked by the GPA x ACT composite score. The most qualified applicants are admitted. Application forms are available at [cd.eku.edu](http://cd.eku.edu) (<http://cd.eku.edu>). Completed applications and all required documentation must be submitted by February 14.

It should be noted that enrollment in the graduate program in Communication Disorders is also limited. Admission into the undergraduate program does not guarantee admission into the graduate program. Refer to the *Graduate Catalog* for information on admission to the graduate program.

An additional state criminal background check approved<sup>1</sup> by the College of Education and Applied Human Sciences is required prior to beginning CSD 374 Practicum in Speech Pathology or may be required at additional points in the program. Under certain circumstances, a national criminal background check may be required prior to beginning CSD 374 Practicum in Speech Pathology. Students must purchase professional liability insurance prior to enrollment in CSD 374 Practicum in Speech Pathology, CSD 474 Adv Practicum in Speech Path, and CSD 541 School Services in Comm Dis. Further, that insurance coverage must be maintained throughout enrollment in these courses.

1

"Approved" is a formal review process of the criminal records report. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to the Communication Disorders Program or enrollment in CSD 374 Practicum in Speech Pathology.

## Program Requirements

CIP Code: 51.0204

### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6

<b>Element 5</b>	
A: Historical Science (p. 65)	3
B: Social Behavioral Science (p. 65)	3
<b>Element 6</b>	
Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>	<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

## Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
General Education		36
<i>Student Success Seminar</i>		
EDO 100	Student Success Seminar (waived for transfers with 30+ hrs.)	1

Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)

### Major Requirements

#### Core Courses

CSD 250	Phonetics	3
CSD 273	Observation in Comm. Disorders	1
CSD 275	Intro Communication Disorders	3
CSD 285	Anat. & Phys. Sp. Hearing Mech	3
CSD 311	CSD in Health Care Systems	3
CSD 360	Normal Speech & Lang. Dev.	3
CSD 365	Language Disorders: Assessment	3
CSD 372	Methods & Materials Comm. Dis.	3
CSD 373	Articulation & Phon. Disorders	3
CSD 374	Practicum in Speech Pathology <sup>1</sup>	3
CSD 380	Intro to Clinical Audiology	3
CSD 464	Lang. Disorders: Intervention	3
CSD 465	Disorders of Fluency	3
CSD 474	Adv Practicum in Speech Path <sup>1</sup>	3
CSD 475	Voice Disorders	3
CSD 487	Aural Rehabilitation	3
CSD 525	Literate Language	3
CSD 541	School Services in Comm Dis	3
CSD 571W	Neural Bases of Communication	3
CSD 572	Speech & Hearing Science	3

#### Supporting Course Requirements

Choose from 12-30 hours of the following:		12-30
ASL 101	American Sign Language I (Element 6) <sup>G</sup>	
BIO 307	Human Anatomy and Physiology I	
BIO 308	Human Anatomy and Physiology II	
OTS 515	Early Child Sensorimotor Development	
SED 104	Special Education Introduction (Element 6) <sup>G</sup>	
SED 390	Applied Behavior Analysis	
or PSY 406	Intro to Behavior Therapy	
SED 318	Special Education in Early Childhood	
Choose from one of the following:		
ENG 410	Grammar, Traditional and Modern	

ENG 510	Introduction to Linguistic Theory	
ENG 520	History of the English Language	
Choose from one of the following:		
PSY 200	Introduction to Psychology	
PSY 200W	Introduction to Psychology: Writing Intensive	
PSY 280	Lifespan Developmental Psych.	
PSY 280W	Lifespan Developmental Psychology: Writing Intensive (Element 5B) <sup>G</sup>	
Choose from one of the following:		
STA 215	Introduction to Statistical Reasoning (Element 2) <sup>G</sup>	
STA 270	Applied Statistics (Element 2) <sup>G</sup>	
STA 500		
<i>Free Electives</i>		
Choose from 0-13 hours of free electives		0-13
<b>Total Hours</b>		<b>120</b>

1

"Approved" is a formal review process of the criminal records report. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to the Communication Disorders Program or enrollment in CSD 374 Practicum in Speech Pathology.

G

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

## Department of Teaching, Learning, and Educational Leadership Chair

Dr. Nicola Mason, Chair  
(859) 622-2154  
Bert Combs 427

## Faculty

A. Blakely, C. Budano, A. Burns, R. Cleveland, R. Day, V. Godfrey, M. Grep, C. Hodge, K. Hub, T. Jansky, S. Korson, M.J. Krile, R. Lauk, M. Manning, N. Mason, T. McCardle, J-M. Miller, J. Miller, J. Park, P. Petrilli, J. Rutland, E. Smith, G. Smith, W. Thornburgh, S. Townsend, R. Turner, A. Yaylai, K Yi, S. Yow, and E. Zuccaro

## Bachelor's

- Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Agriculture Education (B.S.) (p. 170)
- Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Engineering/Technology Education (B.S.) (p. 171)
- Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Occupational Training and Development (B.S.) (p. 173)
- Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Technical Education (B.S.) (p. 174)
- Education of the Deaf and Hard of Hearing (P-12), Bachelor of Science with a Concentration in Elementary Education (P-5) (B.S.) (p. 175)
- Education of the Deaf and Hard of Hearing (P-12), Bachelor of Science with a Concentration in Middle Grade Education (5-9) (B.S.) (p. 177)

- Elementary Education (P-5) Teaching, Bachelor of Science (B.S.) (p. 178)
- Middle Grade Education (5-9) Teaching, Bachelor of Science (B.S.) (p. 179)
- Special Education/Teaching, Bachelor of Science with a Concentration in LBD-Elementary (B.S.) (p. 182)
- Special Education/Teaching, Bachelor of Science with a Concentration in LBD-Middle Grade Education (5-9) (B.S.) (p. 183)

## Associate's

- Career and Technical Education (Teaching), Associate of Applied Science (A.A.S.) (p. 169)

## Minor

- Special Education (Non-Teaching), Minor (p. 182)

## Courses

### Career and Technical Education

#### CTE 164. Orientation to Career and Technical Education. (3 Credits)

A. Instruction to new technical teachers in areas of principles of instruction, lesson planning, oral instruction, instructional media, demonstrations, evaluation and follow-up. Satisfactory-unsatisfactory grading.

#### CTE 204. Related Sci Math & Tech: Occ I. (3 Credits)

Offered only through written examination; applicant must be eligible for vocational/technical teaching certificate.

#### CTE 205. Manipulative Skills: Occ I. (3 Credits)

A. Offered only through technical competence examination; applicant must be eligible for vocational/technical teaching certificate.

#### CTE 206. Related Knowledge: Occ I. (3 Credits)

A. Offered only through written examination; applicant must be eligible for vocational/technical teaching certificate.

#### CTE 261. Foundations of Career and Technical Education. (3 Credits)

A. For in-service career and technical teachers. A study of the historical, philosophical, economical, sociological, and psychological foundations of career and technical education related to elementary, secondary, and post-secondary education. Credit will not be awarded for both CTE 261 and 262.

#### CTE 262. Foundations of Career and Technical Education (Pre-Service). (3 Credits)

A. Co-Requisite: EDF 310 (1)-Enrollment in a late term section is preferred. For pre-service career and technical teachers. A study of the historical, philosophical, economical, sociological, and psychological foundations of career and technical education related to elementary, secondary, and post-secondary education. Credit will not be awarded for both CTE 262 and 261.

#### CTE 302. New Developments in Industry. (1-6 Credits)

A. Concurrent enrollment in approved industry sponsored course. One hour credit for each week of enrollment (minimum of 20 class hours per week). Student required to present proof of completion and to develop a teaching unit on the new development. May be retaken provided the industry sponsored school is different. Graded on a satisfactory-unsatisfactory basis. Only in-service vocational education teachers may enroll.

#### CTE 303. Career and Technical Education Staff Exchange. (2-9 Credits)

A. Prerequisite: departmental approval. For in-service career and technical teachers enrolled in an approved staff exchange program designed to update technical skills and knowledge in an occupational setting. Assignments include verifying contact hours, site visit, narrative summary, and lesson development. First week of exchange is equal to two semester hours of credit with one additional hour of credit for each additional week. Satisfactory-unsatisfactory grading.

#### CTE 304. Rel Sci Math & Tech in Occ. (3 Credits)

A. Offered only through written examination; applicant must be eligible for vocational/technical teaching certificate.

#### CTE 305. Manip Skills Occupation II. (3 Credits)

A. Offered only through technical competence examination; applicant must be eligible for vocational/ technical teaching certificate.

#### CTE 306. Related Knowledge: Occ II. (3 Credits)

A. Offered only through written examinations; applicant must be eligible for vocational/technical teaching certificate.

#### CTE 361. Course Materials in Career and Technical Education. (3 Credits)

A. The preparation of instructional materials and instructional techniques, including the development and use of instructional media. The content will include the development of curricula at appropriate levels of education and appropriate laboratory activities.

#### CTE 363. Evaluation in Career and Technical Education. (3 Credits)

A. Methods of evaluation, preparation of measuring devices; methods of assessing technical competency; interpretation of standardized test results; statistical analysis of test data and the improvement of instruction.

#### CTE 364. Methods in Career and Technical Education. (3 Credits)

A. Presentation and application of instructional materials, methods, techniques, and devices relevant to teaching technical subjects.

#### CTE 463. Practicum in Career and Technical Education. (4-12 Credits)

A. Prerequisites: CTE 361, 363, 364. Observation, participation and supervised teaching in vocational and technical education. Includes experiences in lesson planning, classroom management, record keeping, development and use of instructional materials and directed teaching in approved centers. Students are graded on a satisfactory-unsatisfactory basis.

## College of Education

#### CED 100. Clinical I: Introduction to the Education Profession. (0 Credits)

I, II. Corequisite: EDF 203. Guided laboratory-based experiences emphasizing the identification and assessment of the roles and responsibilities of teachers and other education professionals and components of the education system. (Laboratory-based clinical experience- a minimum of 10 hours is required; additional hours may be required based upon candidate performance).

#### CED 150. Clinical Transition: Education Profession. (0.5 Credits)

Corequisite: EDF 310. Guided laboratory-based experiences emphasizing the education profession. (laboratory-based clinical experience - a minimum of 10 hours is required; additional hours may be required based upon candidate performance.)

**CED 200. Clinical II: Understanding the Learner. (0 Credits)**

I, II. Prerequisites: EDF 203(C) or 310(C); CED 100 or 150 (grade of B or higher). Corequisites: EDF 219; or CDF 235 for IECE majors. Guided laboratory-based experiences emphasizing the assessment and analysis of student learning and engagement and the school environment from varied learning theory perspectives, (laboratory-based clinical experience - a minimum of 20 hours is required; additional hours may be required based upon candidate performance).

**CED 300. Clinical III: Curriculum and Instructional Design. (0.5 Credits)**

I, II. Prerequisite CED 200 and admission to professional education. Co-requisite: EMS300 or 300W. Guided school-embedded experiences that emphasize impacting student growth through well-planned and aligned instructional units and lessons, (school-embedded clinical experience - a minimum of 45 hours is required; additional hours may be required based upon candidate performance). Must earn B or higher for professional education.

**CED 350. Integrated Clinical Experiences. (0.5 Credits)**

(.5). I, II. Prerequisite: admission to professional education, CED 300 (B). Co-requisite: EMS 300, EMS 300W, EDC 300, EDF 413, EMS 490, SED 350, SED 390, or SED 510. Integrated school-embedded experiences that emphasize skills and performances related to the content of professional core course. Successful completion of the clinical experiences and course expectation is required for candidates to progress in their teaching programs. CED 350 may be retaken for up to 1 full credit hour. Must earn a grade of B or higher for professional education.

**CED 375. Clinical V: Practicing Teaching. (1 Credit)**

Prerequisite: Admission to Professional Education or Dean approval. Corequisite: CED 450. Supervised, sustained practice teaching experiences in an assigned instructional setting. Experiences include individual, small group and whole class teaching opportunities. (school-embedded clinical experience - a minimum of 40 hours is required; additional hours may be required based on candidate performance).

**CED 400. Clinical IV: Diagnosis and Prescription. (0.5 Credits)**

I, II. Prerequisite: CED 300 (B or higher) and admission to professional education or Dean approval. Corequisites: EDF 413 and EMS 490; or SED 352 and SED 590 for IECE majors. Guided school-embedded experiences emphasizing the development, implementation, interpretation and reporting of a variety of assessment tools for learners, the classroom and school environment and the subsequent design of instruction. (School-embedded clinical experience- a minimum of 50 hours is required; additional hours may be required based upon candidate performance). Must earn a B or higher for Professional Education.

**CED 450. Clinical V: Practicing Teaching. (1 Credit)**

I, II. Prerequisite: CED 400 (B or higher) and admission to professional education or Dean approval. Corequisite: ELE 446, 446W, or EMG 447, or ESE 540, 543, 549, 550, 552, 553, 561, 556, 573, 579, 587, or SED 436 or IECE major. Supervised, sustained practice teaching experiences in an assigned instructional setting. Experiences include individual, small group and whole class teaching opportunities. (School-embedded clinical experience- a minimum of 80 hours is required; additional hours may be required based upon candidate performance). Must earn "B" or higher for Professional Education.

**CED 499. Clinical VI: The Professional Semester. (3-12 Credits)**

Prerequisites: CED 450 (B or higher) and admission to the professional semester. Full-time assignment in an accredited school to observe, participate, and teach in classroom settings with special emphasis on the impact of instruction on student learning. (School embedded clinical experience - a minimum of 70 days is required). CED 499 may only be taken with one additional course.

**CED 499I. Clinical VI: The Professional Semester- International. (1-12 Credits)**

I, II. Prerequisite: CED 450 and Admission to the Professional Semester, and application to student teach abroad with committee recommendation to the College of Education Dean for approval. Must successfully complete all pre-student teaching abroad seminars and requirements. Must demonstrate above average knowledge, skills and dispositions of a professional teacher prior to CED 499I. Overall EKU GPA must be 3.0 or above. Part-time assignment for four weeks in an EKU approved international school to observe, participate, and teach in classroom settings with special emphasis on the impact of instruction on student learning (school-embedded clinical experience – a minimum of 70 total days is required will be a combination of CED 499 and 499I).

**Early Elementary Education****ELE 101. Creative Thinking Through Performance Arts. (3 Credits)**

I,II. Study of Elementary Music and Movement activities/techniques. Perform, reflect, and implement essential age-appropriate musical instruction that highlights the importance of creative music making and the integration of the performing arts in other content areas.

**ELE 102. Creative Thinking Through Visual Arts. (3 Credits)**

I, II. Study of elementary art and media techniques. Create, reflect and implement essential age-appropriate art instruction that highlights the importance of art making and the integration of the visual and media arts in other content areas.

**ELE 103. Creative Thinking through Performance and Visual Arts. (3 Credits)**

I, II. Study of age-appropriate art and music instruction for P-5 classrooms. Create, reflect, and implement art and music that highlight the importance of creativity and the integration of the arts in other content areas.

**ELE 201. Practical Living. (3 Credits)**

Elementary and dual certification (LBD + ELE or DHH + ELE) majors only. Explore personal wellness, nutrition, safety, psychomotor skills, and lifetime wellness for the elementary grades. Fulfills University Wellness Requirement.

**ELE 301. Mathematics Foundations P-5. (3 Credits)**

Prerequisite: Admission to professional education, MAT 107 with a minimum grade of "C". An overview of the mathematics state standards for teaching mathematics in grades K-5, and theories and research to teaching and learning mathematics. Minimum of ten fields hours are required.

**ELE 303. Classroom Music Methods. (2 Credits)**

(2). I. Cross-listed with MUE 302. Prerequisite: Admission to professional education. Corequisite: CED 300. Development of pedagogical skills and methods for teaching music concepts within the framework of a classroom music setting. Credit will not be awarded for both MUE 302 and ELE 303.

**ELE 403. Social Studies Content, Pedagogy, and Assessment: US History, Government, and Civics. (3 Credits)**

Prerequisite: Admission to professional education. An examination of relevant content, state academic standards, instructional practices, and assessments for US history government and civics for elementary P-5.

**ELE 420. Professional Growth Seminar. (1 Credit)**

I, II. Co-requisites: CED 450, ELE 421, 422, 423, and 424. The Professional Seminar is a forum to introduce and discuss professional topics and current issues in education today. Students integrate their learning from classes, workshops, and clinical experiences. Transformed through reflection, readings, and discussion, students become reflective practitioners and lifelong learners. Must earn "C" or higher for Professional Education.

**ELE 421. Advanced Math Pedag & Assess. (2 Credits)**

Prerequisites: CED 400 (B); EME 301 (C) or MAE 302 (C); Admission to professional education. Corequisites: CED 450 and ELE 422. Methods and materials of teaching P-5 mathematics; emphasis on discovering and developing fundamental concepts as a foundation for problem solving.

**ELE 422. Advanced Language Arts Pedagogy and Assessment. (2 Credits)**

Prerequisites: [ELE 302 (C) and CED 400 (B) and Elem Ed major]; or [SED 260 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/ELE concentration]; or [SED 260 (C) and CED 400 (B) and DHH major w/ELE concentration]; admission to professional education. Corequisite: CED 450 and ELE 423. An examination of advanced pedagogical skills for teaching language arts with an emphasis on assessing, diagnosing, prescribing, and monitoring for student learning, differentiated instruction, and teacher and student use of technology for instruction and assessment.

**ELE 423. Advanced Social Studies Pedagogy and Assessment. (2 Credits)**

I, II. Prerequisite: [EDF 413 (C) and CED 400 (B) and Elem Ed major]; or [SED 350 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/ELE concentration]; or [SED 510 (C) and CED 400 (B) and DHH major w/ELE concentration]; admission to professional education. Corequisite: CED 450 and ELE 424. Examination of advanced pedagogical skills for teaching the social studies in grades P-5 with an emphasis on formative and summative assessment to monitor student learning, differentiated instruction, and teacher and student use of technology.

**ELE 424. Advanced Science Pedagogy and Assessment. (2 Credits)**

I, II. Prerequisite: [EMS 490 (C) and CED 400 (B) and Elem Ed major]; or [SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/ELE concentration]; or [SED 390 (C) and EMS 490 (C), and CED 400 (B), and DHH major w/ELE concentration]; admission to professional education. Co-requisites: CED 450 and ELE 421. Modern materials and methods for teaching inquiry-based science in primary through grade five.

**ELE 445. Foundations of Reading/ Language Arts. (3 Credits)**

I, II. Cross-listed as EMG 445. Prerequisites: Admission to professional education. Corequisite or Prerequisite: EDF 219, or 219W. An overview of reading/language arts components P-5, teacher competencies, organization and planning for instruction. Up to 10 clinical hours may be required. Credit will not be awarded to students who have credit for EMG 445, EMG 445W, ELE 445W, ELE 302, or SED 260.

**ELE 446A. Reading & Language Arts P-5. (3 Credits)**

I, II. Prerequisites: EDF 319, EDF 319W, EDF 413, ELE 490, ELE 445 with a grade of "C" or higher and admission to professional education. Prerequisite or Corequisite: SED 402. Corequisite: CED 450. Emphasis on theory, curriculum, teaching techniques and materials, instructional planning, assessment and use of results. Credit will not be awarded to students who have credit for ELE 446S and/or ELE 446W.

**ELE 446B. Reading & Language Arts P-5. (3 Credits)**

I, II. Prerequisites: EDF 319, EDF 319W, EDF 413, ELE 490, ELE 445 with a grade of "C" or higher and admission to professional education. Prerequisite or Corequisite: SED 402. Corequisite: CED 450. Emphasis on theory, curriculum, teaching techniques and materials, instructional planning, assessment and use of results. Credit will not be awarded to students who have credit for ELE 446S and/or ELE 446W.

**ELE 446C. Reading & Language Arts P-5. (3 Credits)**

Emphasis on theory, curriculum, teaching techniques and materials, instructional planning, assessment and use of results. Twenty field/clinical hours.

**ELE 475. Diagnosing & Remediating reading Difficulties. (3 Credits)**

I,II. Prerequisites: SED 260 or ELE 302 and admission to professional education. Corequisite: CED 400. A study of the procedures for assessing and diagnosing reading difficulties, and implementing reading instruction to assist struggling readers in grades P-5. Embedded Field/Clinical Experiences: 40 hours.

**ELE 491A. Mathematics in ELE Grades P-5. (3 Credits)**

Methods and materials of teaching P-5 mathematics; emphasis on discovering and developing fundamental concepts as a foundation for problem solving. Twenty field/clinical hours.

**ELE 491B. Mathematics in ELE Grades P-5. (3 Credits)**

Methods and materials of teaching P-5 mathematics; emphasis on discovering and developing fundamental concepts as a foundation for problem solving. Twenty field/clinical hours.

**ELE 491C. Mathematics in ELE Grades P-5. (3 Credits)**

Methods and materials of teaching P-5 mathematics; emphasis on discovering and developing fundamental concepts as a foundation for problem solving. Twenty field/clinical hours.

**ELE 492A. Science in ELE Grades P-5. (3 Credits)**

Modern materials and methods for teaching science in P-5. Five discussion-laboratory hours per week. Twenty field/clinical hours.

**ELE 492B. Science in ELE Grades P-5. (3 Credits)**

Modern materials and methods for teaching science in P-5. Five discussion-laboratory hours per week. Twenty field/clinical hours.

**ELE 492C. Science in ELE Grades P-5. (3 Credits)**

Modern materials and methods for teaching science in P-5. Five discussion-laboratory hours per week. Twenty field/clinical hours.

**ELE 493A. Soc Studies in ELE Grades P-5. (3 Credits)**

Theory, content, and practice of teaching Social Studies in grades P-5. Twenty field/clinical hours.

**ELE 493B. Soc Studies in ELE Grade P-5. (3 Credits)**

Theory, content, and practice of teaching Social Studies in grades P-5. Twenty field/clinical hours.

**ELE 493C. Soc Studies in ELE Grade P-5. (3 Credits)**

Theory, content, and practice of teaching Social Studies in grades P-5. Twenty field/clinical hours.

**ELE 507. Problems in Elementary Education. (1-3 Credits)**

A. Prerequisite: advisor/ departmental approval. Independent work, special workshops, special topics, or seminar.

**ELE 519. Teaching in the Kindergarten. (3 Credits)**

I, II. Focuses upon the kindergarten movement, organization, equipment, curriculum, and procedures; leaders and literature of kindergarten education. Opportunity for observing and participating in kindergarten.

## Educational Foundations

### EDF 103. Introduction to Education. (1 Credit)

I, II. Corequisite: CED 100. An exploration of the professional qualities and expectations of a teacher/educator. Roles, responsibilities and challenges in the field of education will be reviewed. For pre-education and noneducation majors.

### EDF 200. Schools and Our Society. (3 Credits)

I, II. Prerequisite: Score accepted by the Kentucky Education Professional Standards Board on one of the approved tests: ACT, PPST, SAT, GRE. An introduction to social and cultural influences on schools, the purposes of schooling, the governance, financing, and administration of schools, and the role of the individual as an educator. 15 hours of field experience required.

### EDF 203. Educational Foundations. (3 Credits)

I, II. Co-requisite: CED 100. An introduction to social and cultural influences on schools, the purposes of schooling, the governance, financing, and administration of schools, and the role of the individual as an educator. Background check College approved procedure must be ordered and paid for by the first day of class.

### EDF 204. Emerging Instructional Technologies. (2 Credits)

(2) I,II. technology applications to education, training, and instruction within educational and human services setting. Students examine, develop, and/or evaluate emerging instructional technologies. For individuals interested in exploring technological applications in teaching and learning.

### EDF 205. Creative Learning and Teaching. (3 Credits)

(3) II. An Introduction to the basic theories and principles of creativity as applied to development of your own creative thinking and how teachers, professionals and parents can encourage creativity in others.

### EDF 219. Human Development and Learning. (3 Credits)

(2) I, II. Corequisite: CED 200. The Study of theories and principles of human development and learning as applied to the classroom. Credit will not be awarded to students who have credit for EDF 320, EDF 219W or EDF 319.

### EDF 219W. Human Development and Learning. (3 Credits)

(2) I, II. Prerequisite: ENG 101 or 101R and 102, or HON 105 with a minimum grade of "C", or ENG 105 with a minimum grade of "B". Corequisite: CED 200. The study of theories and principles of human development and learning as applied to the classroom. Credit will not be awarded to students who have credit for EDF 320, EDF 219 or EDF 319.

### EDF 310. Transition to Education. (1-3 Credits)

I, II. Prerequisite: Completion of Background check prior to the first day of the semester. Candidates will follow the College of Education Licensure and Certification approved procedure. Corequisite: CED 150. EDF 310 is required of candidates who have an equivalent transfer course(s) for [EDF 203, CDF 203] or [EDF 219, CDF 235].

### EDF 320. Human Development and Learning for Vocational Education. (3 Credits)

I, II. The study of theories and principles of human development and learning as applied within vocational-industrial technical education classrooms. Credit not awarded to students with credit for EDF 319.

### EDF 330. U.S. South and Black Education. (3 Credits)

A. Cross listed as AFA 330. This course introduces the major themes of Black populations pursuing educational opportunities in Southern States. Students will acquire knowledge about historical events, people and policies shaping the evolution of Blacks in education. Credit will not be awarded to students who have credit for AFA 330. Gen. Ed. VIII.

### EDF 413. Assessment in Education. (2-3 Credits)

I, II. Prerequisite: MAT 105 (or higher) or STA 215 (or higher)(C) admission to professional education. Corequisite: EMS 490 or SED 390 (for DHH/LBD education majors only); and CED 400. Principles and procedures in assessing and evaluating pupil growth in skills, attitudes, aptitudes, and understandings. Assessment construction, analysis, item analysis. Marking systems, and authentic assessment systems will be addressed. Course embedded and school-based clinical practice required: if students do not make the requisite passing grade of C in the content course, they must repeat that course and also complete an additional clinical experience.

## Middle Grade Education

### EMG 445. Foundation of Reading/Language Arts. (3 Credits)

I, II. Cross listed as ELE 445. Prerequisites: junior standing, 2.7 GPA; Admission to Professional Education. Prerequisite/Corequisite: EDF 319, 319W, 219, or 219W. An overview of reading/language arts components 5-9, teacher competencies, organization and planning for instruction. Twenty hours of field/clinical experiences. Credit will not be awarded to students who have credit for ELE 445, EMG 445W, ELE445W, or ELE 302.

### EMG 447. Disciplinary Literacy in the Middle Grades. (3 Credits)

I. Prerequisites: EMG 445 or EMG 445W; and admission to professional education. Corequisite: CED 450. The theory, content and practice of teaching reading and language arts in the middle grades utilizing disciplinary literacy materials.

### EMG 491. Mathematics in the Middle Grades. (3 Credits)

I, A. Prerequisites: Admission to professional education and [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG concentration]; or [SED 510 (C), SED 390 (C) or EMS 490 (C), CED 400 (B), and DHH major w/EMG concentration]. Corequisite: CED 450. Appropriate materials and methods for teaching mathematics in the middle grades. Candidates must have completed (or be completing) at least 18 hours of math content in order to be eligible for this.

### EMG 492. Science in the Middle Grades. (3 Credits)

I, A. Prerequisites: Admission to professional education and [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG conc]; or [SED 510 (C), SED 390 (C) or EMS 490 (C), CED 400 (B), and DHH major w/EMG conc]. Corequisite: CED 450. Introduces prospective teachers to the modern materials and methods of teaching science in the middle grades. Candidates must have completed (or be completing) at least 18 hours of science content in order to be eligible for this methods course.

### EMG 493. Social Studies in the Middle Grades. (3 Credits)

I, A. Prerequisites: Admission to professional education and [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG conc]; or [SED 510 (C), SED 390 (C) or EMS 490 (C), CED 400 (B), and DHH major w/EMG conc]. Corequisite: CED 450. Appropriate materials and methods for teaching social studies in the middle grades. Candidates must have completed (or be completing) at least 18 hours of social sciences content in order to be eligible for this methods course.

**EMG 494. English and Communication in the Middle Grades. (3 Credits)**

I, A. Prerequisites: Admission to professional education and [EDF 413 (C) and EMS 490 (C) and CED 400 (B) and Middle Grades major]; or [SED 350 (C) and SED 390 (C) and CED 400 (B) and Spec Ed/Teaching major w/LBD/EMG conc]; or [SED 510 (C), SED 390 (C) or EMS 490 (C), CED 400 (B), and DHH major w/EMG conc]. Corequisite: CED 450. Study of effective teaching techniques, strategies and materials for middle grade English/communication skills. Credit will not be awarded for both EMG 494 and EMG 494W. Candidates must have completed (or be completing) at least 18 hours of English/Language Arts content in order to be eligible for this methods course.

**EMG 507. Problems in Middle Grade Education:\_\_\_\_. (1-3 Credits)**

A. Prerequisite: advisor approval. Independent work, workshops, special topics, or seminar. May be retaken to a maximum of six hours under different subtitles.

**Special Education****SED 104. Special Education Introduction. (3 Credits)**

I, II, A. Overview of major categories of exceptionalities and the educational, legal, and social issues in the area of disabilities and special education. Observations/participation through field experience required. Gen. Ed Element 6.

**SED 207. Topics in Special Education. (1-3 Credits)**

A. Work related to current issues and topics in special education, special workshops, special seminars. May be retaken with a maximum of nine hours.

**SED 240. Com Skills for Hearing Imp. (3 Credits)**

I. Basic principles of manual communication and fingerspelling. Builds an expressive and receptive vocabulary of a least 1,000 signs to enable communication with individuals who use total communication.

**SED 260. Language and Speech Disorders of Exceptional Children. (3 Credits)**

I, II. Acquisition of normal speech, language, and literacy in our multi-cultural society. Assessment and instructional strategies for language and literacy delays in exceptional children.

**SED 270. Assistive Technology/Strategies. (2 Credits)**

II. The implementation of computer technology and assistive/adaptive devices and strategies for students with disabilities. Students examine, develop, and/or evaluate emerging instructional technologies with emphasis on assistive technology.

**SED 305. Behavior Disorders. (3 Credits)**

A. Prerequisite: ENG 102, or HON 102 with a grade of "C" or better. Open to non-majors. Behavior disorders and/or emotional disturbances as an educational, psychological, and sociological phenomenon. Definitions, characteristics, theoretical foundations, programmatic approaches.

**SED 318. Special Education in Early Childhood. (3 Credits)**

I, II. Overview of history, philosophy, legislation, and services for young children (0-5) at-risk for or with disabilities, including impact and intervention across developmental domains.

**SED 337. Education of the Deaf and Hard of Hearing. (3 Credits)**

(2) A. Study of personality, intellectual, and emotional development of the deaf and hard of hearing. Emphasis on social maturity, motor functioning, multiple disabilities and the significant history of educational programs at all levels.

**SED 341. Behavior Management. (3 Credits)**

I, II. Techniques of behavioral management of exceptional students in educational settings. Applied behavior analysis data collection, intervention, and reporting. Practical procedures for teaching new behaviors. Open to non-majors.

**SED 350. Introduction to Special Education Assessment. (3 Credits)**

II. Prerequisites: MAT 105 (or higher) or STA 215 (or higher) (C); SED 104 (C); and admission to professional education. Corequisites: CED 300 or CED 400 and SED 390. Principles of test administration, scoring, and interpretation applied to exceptional children. Application of assessment data to interdisciplinary teams.

**SED 351. Special Educational Assessment. (3 Credits)**

I, II. Prerequisite: SED 104. Principles and application of educational assessment of learning and behavior disordered students. Educational interpretation of assessment outcomes.

**SED 352. Special Education Early Childhood Assessment. (3 Credits)**

II. Prerequisite: SED 104 (C). Formal and informal procedures for screening and assessing young children (0-5) with disabilities or at-risk conditions in motor, communication, cognitive, social-emotional, and self-help areas. Introduction to technology related to special education assessment and progress monitoring.

**SED 356. Methods and Materials for LBD. (3 Credits)**

A. Prerequisites: SED 104 (C). Instructional principles and methodology; development, implementation, and evaluation of validated educational programs and materials for special educators.

**SED 375. Practicum in Special Education. (3 Credits)**

I, II. Prerequisite: SED 450(C) or 350(C). Corequisite: CED 450. Candidates will interact with P-12 students with disabilities (IEPs) in educational settings through teaching, student engagement, assessment, and collaboration. Minimum 168 contact hours required.

**SED 390. Applied Behavior Analysis. (3 Credits)**

I, II. Prerequisites: SED 104 (C) and admission to professional education, communication disorders major, SED minors, or departmental approval. Behavior analysis applied to classroom and instructional management. Development of skills in data collection, intervention procedures, and evaluation of behavior change.

**SED 401. Divers Lrnrs in Mid/Secondary. (3 Credits)**

I, II. Prerequisite: admission to teacher education. Principles for teaching and accommodating exceptional learners. Instructional modifications, management and collaboration across content areas. 20 field/clinical hours. Credit will not be awarded to students who have credit for SED 401S.

**SED 401S. Divers Lrnrs in Mid/Secondary. (3 Credits)**

I, II. Prerequisite: admission to teacher education. Principles for teaching and accommodating exceptional learners in educational settings. Instructional modifications, management, and collaboration across content areas. 20 field/clinical hours of service learning. Credit will not be awarded for both SED 401 and 401S.

**SED 402A. Differentiated Instruction. (3 Credits)**

(3) I,II Prerequisites: EDF 319, ELE, 445, admission to teacher education. Co-requisites: ELE 446 or 446W, ELE 491, ELE 492, ELE 493. Differentiating instruction for exceptional learners in elementary settings. Collaboration and planning to address diverse learners. 20 field/clinical hours.

**SED 402B. Differentiated Instruction. (3 Credits)**

(3) I,II Prerequisites: EDF 319, ELE, 445, admission to teacher education. Co-requisites: ELE 446 or 446W, ELE 491, ELE 492, ELE 493. Differentiating instruction for exceptional learners in elementary settings. Collaboration and planning to address diverse learners. 20 field/clinical hours.

**SED 436. Early Intervention Programming. (3 Credits)**

A. Prerequisite: Developmental, family-focused intervention methods, materials and programs for young children (0-5) at-risk for or with disabilities. Curriculum design across motor, communication, cognitive, social-emotional, and self-help areas. Planning, implementing, monitoring and evaluating IEPs/IFSPs.

**SED 445. IEP Transition and Professional Roles in Special Education. (3 Credits)**

I, II. Prerequisite: admission to professional education or departmental approval. Working with interdisciplinary teams to design and implement IEP transition and instructional plans for independent living, employment, community participation, post-secondary education, and digital literacy. Collaboration strategies and technology for transition.

**SED 450. Assessment and Methods for Deaf and Hard of Hearing. (3 Credits)**

II. Prerequisites: SED 260 (C), admission to professional education, or department approval. Corequisite: CED 400. Standardized and informal assessments used to measure reading and content knowledge of deaf and hard of hearing students. Principles and procedures in assessing, evaluating pupil growth, and IEP development. Sample curricula and High Leverage instructional strategies used with students who are deaf and hard of hearing.

**SED 504. Assistive/Adaptive Technology. (3 Credits)**

I, A. Classroom use and modification of computer technology and assistive/adaptive devices. Integratio of assistive technology into assessments, IEPs, lesson plans, education activities, and daily routines. 1.5 Lab.

**SED 538. Language of the Deaf and Hard of Hearing. (3 Credits)**

(3) A. Prerequisite: SED 260 or departmental approval. Receptive and expressive conversational language development and written language acquisition from a developmental perspective. Concepts in bilingual education applied to deaf. Methods to assess and facilitate language development.

**SED 574. Field Experiences with Exceptional Learners. (3 Credits)**

A. Prerequisite: departmental approval. A practicum experience with exceptional individuals. Emphasis is directed at behavior management, educational assessment, and IEP/IFSP.

**SED 577. Dual Sensory and Communication. (3 Credits)**

A. Prerequisite: SED 260. Assessment, planning, and instruction for students with dual sensory impairments and severe cognitive disabilities. Augmentative and alternative communication methods, materials, and devices. Milieu language strategies, symbolic and nonsymbolic communication in natural environments and daily activities.

**SED 580. Audiology for Teachers of the Deaf and Hard of Hearing. (3 Credits)**

Physics of sound; anatomy, physiology, pathology and medical treatment of the auditory system; introduction to the audiometer and basic pure-tone and speech (auditory) testing; hearing aids and devices; strategies for auditory development.

**SED 581. Speech for the Deaf and Hard of Hearing. (3 Credits)**

A. Prerequisites: SED 580 or instructor approval. Phonological development, acoustic articulation, rhythm, phrasing, accent, fluency, effects of impairment on speech, speech reading, auditory training.

## Career and Technical Education (Teaching), Associate of Applied Science (A.A.S.)

*Note: Enrollment in this program is restricted to in-service technical teachers and graduates of a technical program at a Community or Technical College.*

The AAS degree program in Career and Technical Education is accredited by the Council for the Accreditation of Educator Preparation.

Graduates of this program must have a minimum of 4,000 hours of supervised work experience or four years of occupational experience in the area to be taught.

### Program Requirements

CIP Code: 13.1319

Code	Title	Hours
<b>University Graduation Requirements</b>		
General Education		20-21
Elements:		
Elements 1A, and 2B with a grade of "A" or "B"		
ENG 101	Reading, Writing, and Rhetoric	
ENG 102	Research, Writing, and Rhetoric	
ENG 105	First Year Writing Seminar	
Element 2		
MAT 114	College Algebra (or higher)	
Any Element 3A or 3B		
Element 5A or 5B		
Five hours of any other General Education coursework		
<i>Student Success Seminar</i>		
BUS 100	Professional Development One (waived for transfers with 30+ hrs.)	1
<b>Major Requirements</b>		
<i>Core Courses</i>		
TEC 161	Computer Applications in Technology	3
Choose from 21 hours from the technical area, or related to the area in which the individual proposes to teach, as approved by the advisor <sup>1,2</sup>		21
<i>Supporting Course Requirements</i>		
CTE 261	Foundations of Career and Technical Education	3
CTE 361	Course Materials in Career and Technical Education	3
CTE 364	Methods in Career and Technical Education	3
CTE 463	Practicum in Career and Technical Education <sup>3</sup>	12
Exit Exam:		
Students must take a professional career and technical education assessment and the Teacher Occupational Competency Test (TOCT) before graduation.		
<i>Exit Requirements</i>		
PRAXIS Examination:		

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to Degree Works for exam details. The PRAXIS exam must be taken prior to student teaching.

**Total Hours** **66-67**

**1**  
A maximum of nine hrs (CTE 204 Related Sci Math & Tech: Occ I, CTE 205 Manipulative Skills: Occ I, CTE 206 Related Knowledge: Occ I) may be earned by proficiency examination.

**2**  
Nine hours credit may be supervised work experience (TEC 349 Applied Learning in Technology).

**3**  
In-service teachers should substitute CTE 164 Orientation to Career and Technical Education, CTE 363 Evaluation in Career and Technical Education, CTE 463 Practicum in Career and Technical Education and EDF 219 Human Development and Learning or SED 104 Special Education Introduction

# Career and Technical Education/Teaching, Bachelor of Science with a Concentration in Agriculture Education (B.S.)

Career and Technical Education concentrations require all pre-service students to meet the general education knowledge for initial teacher preparation requirements (see College of Education section of this *Catalog*).

The BS degree program in Career and Technical Education is accredited by the Council for the Accreditation of Educator Preparation.

CED 200	Clinical II: Understanding the Learner	0
CED 300	Clinical III: Curriculum and Instructional Design	0.5
CED 400	Clinical IV: Diagnosis and Prescription	0.5
CED 450	Clinical V: Practicing Teaching	1
CED 499	Clinical VI: The Professional Semester	9

**Total Hours** **121-122**

**G**  
Course also satisfies a General Education element. Hours are included within the 36 hours in General Education.

**C**  
Course also satisfies Core or Concentration requirements

1  
Those desiring eligibility to teach in pre-engineering education programs at the middle school and high school level should take the following general education courses: CHE 111 General Chemistry, MAT 114 College Algebra, MAT 120 Trigonometry, PHY 131 College Physics I.

2  
Course meets Professional Education Requirements.

**Concentration**

**Animal Science**

Code	Title	Hours
<b>Concentration Courses</b>		
AGR 125	Principles of Animal Science	3
AGR 126	Animal Science Laboratory	1
Choose from one of the following:		4
AGR 321	Feeds and Feeding	
AGR 327	Beef Production	
AGR 328	Swine Production	
AGR 380	Technical Management of Dairy Cattle	
<i>Agricultural Systems Management</i>		
AGR 213	Principles of Agricultural Mechanics and Energy Systems	3
Choose from one of the following:		2-3
AGR 311	Agriculture Metal Fabrication	
AGR 362	Hydraulic Systems	
AGR 383	Diesel Power Systems	
<i>Soil Science</i>		
AGR 215	Principles of Soils	3
Choose from one of the following:		3
AGR 318	Soil/Water Conservation Technology	
<i>Plant Science</i>		
Choose from one of the following:		4
AGR 130	Plant Science	
& AGR 131	and Plant Science Laboratory	
OHO 131	Plant Science	
& OHO 132	and Plant Science Laboratory	
Choose from one of the following:		4
AGR 312	Ecology and Management of Grasslands and Pastures	
<i>Agriculture Business</i>		
AGR 308	Agricultural Economics	3
Choose from one of the following:		3
AGR 310	Principles of Agribusiness Management	
AGR 350	Agricultural Marketing	
AGR 409	Agriculture Business Records and Analysis	
AGR 440	Agricultural Financing	
AGR 304	Pest Management	4
AGR 305	Professional Skills Seminar	1
Agriculture or Horticulture electives to make 45 credit hours selected in consultation with your advisor		7
<b>Total Hours</b>		<b>45-46</b>

Graduates completing the Pre-Service Teacher Education concentration must have a minimum of 2000 clock hours of planned and supervised work experience in the occupation in which they will teach or a minimum of three years of approved work experience in the occupation in which they will teach. Students must also take the PRAXIS II Specialty Examination before graduation.

Candidates earning a degree that leads to pre-service teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year. Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams.

**Career and Technical Education/ Teaching, Bachelor of Science with a Concentration in Engineering/ Technology Education (B.S.)**

Career and Technical Education concentrations require all pre-service students to meet the general education knowledge for initial teacher preparation requirements (see College of Education section of this *Catalog*).

TEC 303	Problem Solving and Engineering	3
TEC 404	Princ. of Engr. and Tech.	3
Choose from three hours of the following:		3
AVN 150	Introduction to Aviation	
GCM 211	Graphic Communication	
TEC 102	Technology and Society	
TEC 141	Elementary Woodworking	

**Total Hours** **45**

Graduates completing the Pre-Service Teacher Education concentration must have a minimum of 2000 clock hours of planned and supervised work experience in the occupation in which they will teach or a minimum of three years of approved work experience in the occupation in which they will teach. Students must also take the PRAXIS II Specialty Examination before graduation.

Candidates earning a degree that leads to pre-service teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year. Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams.

# Career and Technical Education/ Teaching, Bachelor of Science with a Concentration in Occupational Training and Development (B.S.)

Career and Technical Education concentrations require all pre-service students to meet the general education knowledge for initial teacher preparation requirements (see College of Education section of this *Catalog*).

The BS degree program in Career and Technical Education is accredited by the Council for the Accreditation of Educator Preparation.

<b>Area of Emphasis</b>		
Candidates seeking middle grade (5-9) certification must select one 18-24 area of emphasis from the following: <sup>1</sup>		
English and Communications		
Mathematics		
Science		
Social Studies		
<b>Total Hours</b>		<b>36-42</b>

**G**  
 Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

**1**  
 See options list under Middle Grade Education (5-9) for a list of courses and block statements. Some emphasis courses are also General Education courses and therefore will count in both areas, reducing total hours to degree.

In order to receive certification in Hearing Impaired with Sign Proficiency candidates must be admitted to that program and pass the American Sign Language Proficiency Interview (ASLPI).

**PRAXIS Disclaimer:** Kentucky educator certification requirements are subject to change. Before registering for the test(s), please check the Education Professional Standards Board website at [www.epsb.ky.gov](http://www.epsb.ky.gov) (<http://www.epsb.ky.gov>) for current test requirements and current cut scores. You may also contact the Division of Certification at (502)-564-5846.

**Elementary Education (P-5) Teaching, Bachelor of Science (B.S.)**

Upon completion of a degree in Elementary Education, candidates will:

1. demonstrate specific pedagogical skills and content knowledge necessary to perform as effective elementary educators;
2. demonstrate understanding and appreciation for students and families from diverse socioeconomic, cultural, learning and ethnic backgrounds as demonstrated through course observations, assignments and/or reflections.

Candidates have a choice of:

- Elementary only; or
- Dual Certification in Elementary and Special Education

(See catalog for Learning and Behavior Disorders + Elementary or Deaf and Hard of Hearing + Elementary.)

Choose from 21 hours of supporting courses	21
--	----

*Social Science:*

Element 5A and 5B<sup>G</sup>

HIS 102	American Civilization to 1877	
or HON 312W	Honors Seminar in the Social and Behavioral Sciences:___	
POL 101	Introduction to American Government	
GEO 100	Regions and Nations of the World	

*English:*

Element 3B<sup>G</sup>

ENG 210	Enjoying Literature	
ENG 210W	Enjoying Literature	
ENG 211	Survey of World Literature I	
ENG 212	Survey of World Literature II	
ENG 303	Advanced Composition for Teachers	
EME 452	Teaching Grammar and Punctuation P-8	

*Natural Sciences/Engineering:*

BIO 102	Inquiry Biology for Teachers (Element 4) <sup>G</sup>	
GLY 102	Earth Science for Elementary Teachers (Element 4) <sup>G</sup>	
CHE/PHY 104	Inquiry Physical Science for Elementary Teachers	
EDC/TEC 314	Engineering in Classroom Context	

*Mathematics:*

MAT 112	Algebra with Applications (Element 2) (or higher) <sup>G</sup>	
MAE 201	Mathematical Concepts for P-9 I	
& MAT 202	and Mathematical Concepts for Middle and Elementary School Teachers II	

*Exit Requirements*

PRAXIS Examination:

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. Refer to Degree Works for exam details. The PRAXIS exam must be taken prior to student teaching.

**Total Hours** **123**

**G**

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

**PRAXIS Disclaimer:** Kentucky educator certification requirements are subject to change. Before registering for the test(s), please check the Education Professional Standards Board website at [www.epsb.ky.gov](http://www.epsb.ky.gov) (<http://www.epsb.ky.gov>) for current test requirements and current cut scores. You may also contact the Division of Certification at (502)-564-5846.

## Middle Grade Education (5-9) Teaching, Bachelor of Science (B.S.)

Upon completion of a degree in Middle Grade Education, candidates will:

1. demonstrate the broad general background knowledge, dispositions, and skills necessary to function as a literate, informed, active citizen, and to serve as a model for middle level students;
2. demonstrate the pedagogical skills and content knowledge necessary to meet Kentucky's Teacher Standards in middle level classrooms;
3. demonstrate the appropriate dispositions to effectively meet the diverse needs of middle level students found in public schools.

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams to be recommended for licensure in Kentucky. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year ([www.epsb.ky.gov](http://www.epsb.ky.gov) (<http://www.epsb.ky.gov/>) and [www.ets.org/praxis](http://www.ets.org/praxis) (<http://www.ets.org/praxis/>)). Specialty exams are required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the most optimal time to take required exams. For additional information, candidates may also contact the EPSB Division of Professional Learning and Assessment at (859) 564-5778 or (888) 598-7667 (toll free).

## Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
	General Education	36
	Middle Grade majors must meet General Knowledge for Professional Education requirements for math, arts, literature, history and science.	
<i>Student Success Seminar</i>		
	Choose from one of the following:	1
EDO 100	Student Success Seminar (waived for transfers with 30+ hrs.)	
HON 100	Engaging in Honors (waived for transfers with 30+ hrs.)	

Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)

### Major Requirements

#### Core Courses

EMG 445	Foundation of Reading/Language Arts	3
EMG 447	Disciplinary Literacy in the Middle Grades	3

Choose from six hours of the following:

EMG 491	Mathematics in the Middle Grades	
EMG 492	Science in the Middle Grades	
EMG 493	Social Studies in the Middle Grades	
EMG 494	English and Communication in the Middle Grades	

#### Professional Education Requirements

Applied Field Experiences:

CED 100	Clinical I: Introduction to the Education Profession	0
CED 200	Clinical II: Understanding the Learner	0
CED 300	Clinical III: Curriculum and Instructional Design	0.5
CED 400	Clinical IV: Diagnosis and Prescription	0.5
CED 450	Clinical V: Practicing Teaching	1

CED 499	Clinical VI: The Professional Semester	12
EDC 300	Differentiation in Inclusive Classrooms	3
EDF 203	Educational Foundations	3
EDF 219	Human Development and Learning	3
or EDF 219W	Human Development and Learning	
EDF 413	Assessment in Education	3
EMS 300W	Curriculum and Instructional Design	3
EMS 490	Classroom & Behavior Management	3

#### Supporting Course Requirements

EDF 204	Emerging Instructional Technologies	2
SED 104	Special Education Introduction (Element 6) <sup>G</sup>	
EDC 106	Culturally Responsive Perspectives	3

#### Concentrations (Areas of Emphasis)

36-40

Students seeking middle grade (5#9) certification must select **two** areas of emphasis from English and Communications, Mathematics, Science, and Social Studies. Supporting courses which are also general education courses will have their credit hours count above in the 36 hr. Gen Ed area.

English and Communications
Mathematics
Science
Social Studies

#### Exit Requirements

PRAXIS Examination:

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education and Applied Human Sciences requirements. Refer to Degree Works for exam details. The PRAXIS exam must be taken prior to student teaching.

**Total Hours** **120**

## G

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above. Note that a max of 6 credit hours will count toward Element 4 or 5.

## Concentrations

### English and Communications

Code	Title	Hours
Choose from one of the following: (Element 3B) <sup>G</sup>		
ENG 210	Enjoying Literature	
ENG 210W	Enjoying Literature

You may also contact the Division of Certification at (502)-564-5846.

**Professional Education Services**

**Education as the New “Clinical” Profession**

“Teaching as a clinical profession means that education candidates are expected to become knowledgeable and, to the fullest extent possible, experts in the school learning sciences. Similarly, teacher education candidates are expected to become competent and also, to the fullest extent possible, excellent diagnosticians in the academic development of their school age students. Drawing from a scholarly knowledge base, more than adequate in scope and depth, teacher education candidates study with seasoned expert faculty in the College of Education and Applied Human Sciences to refine diagnostic skills and learn to prescribe instructional strategies that will improve school age student performance in Kentucky and beyond.” Dr. James Bliss

Since its founding in 1906, Eastern Kentucky University has maintained a strong interest in and commitment to the preparation of teachers.

The Professional Education Programs at Eastern Kentucky University are dedicated to preparing the highest quality educators and related professionals for Kentucky and beyond. Our graduates integrate content, effective pedagogical skills, and dispositions that foster life-long growth and learning. Being true to our heritage as a school of opportunity, Eastern Kentucky University provides a climate that supports, challenges, and enriches students aspiring to careers in a diverse society.

Professional Education at Eastern Kentucky University is a university-wide function. The programs of elementary education (P-5), middle grades education (5-9), special education, interpreter training, deaf and hard of hearing, and communication disorders are located in the College of Education and Applied Human Sciences. The college also has graduate degree and licensure programs in most of these areas, as well as in Counseling and Educational Leadership. Candidates in these programs are advised in the College of Education and Applied Human Sciences. Secondary 8-12, Grades 5-12, Birth – Primary (interdisciplinary early childhood education), and P-12 teaching programs are located in their

respective colleges with candidates receiving academic advisement from the college of their major as well as a supplemental advisor from the College of Education and Applied Human Sciences.

## PRAXIS Examination

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education and Applied Human Sciences requirements. Refer to Degree Works for exam details. Effective Spring 2018, the PRAXIS content and PLT exams must be taken prior to student teaching.

## Student Teaching

Since student teaching is especially demanding, candidates are encouraged to avoid taking any other courses during CED 499 Clinical VI: The Professional Semester. However, **with approval one** additional course can be taken.

## Admission to the College of Education and Applied Human Sciences

### Preparing a Community of Exemplary Professionals

- Upon admission to the College of Education and Applied Human Sciences, students are assigned an advisor. Candidates must enroll in Academic Orientation, EDO 100 Student Success Seminar, during the first semester. Candidates are advised to enroll in EDF 203 Educational Foundations, Schooling and Society, during their freshman year. EDF 310 Transition to Education will be required for students who have an equivalent transfer course for EDF 203 Educational Foundations and/or EDF 219 Human Development and Learning.
- Secondary education majors will follow the prescribed curriculum and requirements of another academic college and the policies for professional education stated elsewhere in this Catalog. The College of Education and Applied Human Sciences cooperates closely with the other colleges in matters pertaining to admission to professional education and clinical education.

## Licensure and Certification

### Staff:

S. Korson, B. Blackburn, & K. Dickens

Located in Bert Combs 423 and 425, the Office of Professional Education Services is responsible for the coordination of admission to initial and advanced professional education programs and the review and recommendation for initial and advance licensure.

In addition, applications for licensure for teachers, school personnel (principals, supervisors, superintendents, counselors, pupil personnel directors, business administrators, librarians, and speech pathologists) are also processed by a certification official in the Office of Professional Education Services.

To be recommended for licensure/certification, all candidates seeking initial teacher certification, regardless of the college in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching program, and pass the required PRAXIS II tests, PLT exam or Kentucky test as established by the Education Professional Standards Board.

Candidates are advised to enroll in EDF 203 Educational Foundations during their freshman year.

## Teacher Admission

### Staff:

S. Korson, R. Manning, & K. Dickens

teacher.admissions@eku.edu  
Bert Combs 425a

### Admission Requirements and Application Process Admission to Professional Education

Professional education admission standards represent our goal to recruit candidates who have high academic achievement and ability. We welcome you to the profession.

Admission to the University (academic college) is not synonymous with admission to professional education. Candidates will apply for admission to professional education by completing all materials listed on <https://tes.eku.edu/admissions> and submitting to the application link. Assistance can be provided in the College of Education and Applied Human Sciences' Office of Professional Education Services (Combs 425). Formal applications will be accepted based upon completion of the following requirements:

#### A. Hours

Candidates must complete 30 hours of credit (excluding developmental level courses).

#### B. Admission Test Requirement

Candidates must have a passing score on either the PRAXIS: Core Academic Skills for Educators (CASE) or ACT. Please contact your education advisor regarding these requirements.

#### C. GPA and Grade Requirements

- An overall grade point average 2.75 on a 4.0 scale; or a grade point average of 3.0 on a 4.0 scale on the last thirty hours of credit completed.
- A grade of "C" or higher in EDF 203 Educational Foundations (A state criminal history background check approved by the College of Education and Applied Human Sciences must be completed prior to the first day of class).
- "S" grade in EDF 310 Transition to Education and a grade of "B" or higher in CED 150 Clinical Transition: Education Profession is required for all transfer candidates.

Undergraduate degree candidate GPA is based on the hours attempted as shown on the official EKU transcript. Post degree certification candidate GPA is based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.

#### D. Demonstrate an Overall Disposition Essential to Being an Effective Teacher

Candidates must demonstrate proficiency in oral and written communication including:

- Critical thinking: A grade of "C" or higher in ENG 102 Research, Writing, and Rhetoric or HON 102 Honors Rhetoric with a grade of "B" or higher in ENG 105 First Year Writing Seminar (those earning a "C" must also take ENG 102 Research, Writing, and Rhetoric).

- Creativity: A grade of “C” or higher in EDF 203 Educational Foundations.
- Collaboration: A grade of “C” or higher in EDF 203 Educational Foundations.
- Communication: A grade of “C” or higher in CMS 100 Introduction to Human Communication or CMS 210 Public Speaking.

#### **E. Professional Code of Ethics, Character Fitness Declaration, and Professional Dispositions**

- Candidates must review the Professional Code of Ethics for Kentucky School Certified Personnel established in 16 KAR 1:020 and sign a CEAHS Professional Code of Ethics for Kentucky Declaration form.
- Candidates must review the character and fitness questionnaire contained in Section III of the TC-1 incorporated by reference in 16 KAR 2:010 and sign a CEAHS Professional Character and Fitness Declaration form. ECU College of Education and Applied Human Sciences requires a state criminal history background check approved<sup>1</sup> by the College of Education and Applied Human Sciences as a condition of admission. Under certain circumstances, a national criminal history background check may be required as a condition of admission. Candidates must also complete and submit KY Child Abuse and Neglect (CAN) Check.

#### **F. Recommendations**

- Candidates must submit satisfactory pre-service professional disposition reviews from two university faculty members, including the EDF 203 Educational Foundations or EDF 310 Transition to Education instructor and the advisor or another ECU faculty member.
- Candidates must complete and sign a Candidate Statement of Commitment Regarding Professional Dispositions form.

#### **G. Student Behavior**

- Candidates preparing to work in schools as teachers or other professional school personnel must demonstrate dispositions necessary to help all students learn.
- Candidates must demonstrate acceptable social behavior at the University and in the community-at-large.<sup>1</sup> A candidate interview may be required by the Professional Education Admissions Committee.
- Candidate admission status may be reevaluated if the candidate is placed on either academic or social probation or has a record of criminal conviction(s).<sup>2</sup> A candidate interview may be required by the Professional Education Admissions Committee.

#### **H. Clinical Experiences**

- CED 100 Clinical I: Introduction to the Education Profession with a grade of “S”.

#### **Progressing in Professional Education**

The Office of Professional Education Services will process the formal “Application for Admission to Professional Education.”

Students that have violations on any of their application materials will be reviewed by The Professional Education Admissions Committee

(PEAC). PEAC will examine supporting documentation and other relevant materials brought before the committee and will determine whether students will be admitted, admitted with conditions, or not admitted to the professional education program. The candidate will be notified of the committee’s decision. Candidates shall not enroll in any educator preparation program courses restricted to admitted candidates.

#### **Selectivity during Preparation**

Professional education programs have established transition points for program progression and monitors candidates’ advancement from admissions through completion. During these transitions, candidates must show evidence of developing content knowledge, pedagogical content knowledge, pedagogical skills, and the integration of technology in each of these domains. [CAEP Standard 3]

#### **Certification**

coecert@eku.edu  
Bert Combs 423

#### **Selection at Completion**

Prior to recommending any candidate for licensure, candidates must demonstrate an understanding of the expectations of the profession, including codes of ethics, professional standards of practice, and relevant laws and policies. [CAEP Standard 3]

#### **Application for Licensure/Certification Exams**

Prior to recommendation for licensure, candidates must complete PRAXIS II Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams.

**Note:** Kentucky educator licensure/certification requirements are subject to change. Before registering for the test(s), please check the Education Professional Standards Board (EPSB) website at [www.epsb.ky.gov](http://www.epsb.ky.gov) (<http://www.epsb.ky.gov>) for current test requirements and current cut scores. You may also contact the EPSB Division of Educator Preparation, Assessment, and Internship and Assessment at (502) 564-5789.

#### **Applying for Licensure**

Kentucky certification is based upon the completion of an approved teacher preparation program, including student teaching and applicable tests. This process requires a recommendation from a certification official in the Office of Professional Education Services.

#### **Certification**

Applications may be initiated from the EPSB website at <https://kecs.education.ky.gov/Account/Login>

Applications should be submitted by the following dates: May graduates by April 1; August graduates by July 1; December graduates by November 1. Applications for certification are not processed until all requirements are met. Applicants must notify the Office of Professional Education Services via email at [coecert@eku.edu](mailto:coecert@eku.edu) when applications are submitted online through EPSB’s portal.

Candidates must also request and send an official transcript to EPSB. Be sure that you note “Hold for Degree” if your degree has not been posted at the time you order your transcript. Eastern Kentucky University uses the National Student Clearinghouse (<https://tsorder.studentclearinghouse.org/school/select/>) to process all

transcripts. The recipient of the transcript will be EPSB. You may be asked to provide their mailing address:

Kentucky Department of Education  
Division of Educator  
Licensure and Quality  
300 Sower Blvd., 5th Floor  
Frankfort, KY 40601

## Clinical Education

### Staff:

S. Korson (Director), B. Blackburn

### Preparing a Community of Exemplary Professionals

Clinically based professional education programs create varied and extensive opportunities for candidates to connect what they learn while being guided by skilled clinical educators. Performance-based assessments, at key points in the program, are designed to demonstrate candidates' development of the knowledge, skills, and professional dispositions associated with a positive impact on the learning and development of all P-12 students. [CAEP Standard 2]

The Clinical Model at Eastern Kentucky University is designed to meet the needs of learners in today's schools and provide teacher candidates with the content, pedagogy, and assessment skills needed to assure they meet the needs of all learners. Eastern Kentucky University's Professional Education Program provides a framework that supports our candidates' development of content knowledge, practice, and professional behaviors. This is accomplished through high quality instruction, engaging course-learning tasks, and clinical learning experiences requiring candidates to think critically and creatively, communicate effectively, and act fairly. Our candidates will be prepared to effect change in the culture of learning in their classrooms, in our region, and beyond.

CED 100 Clinical I: Introduction to the Education Profession (minimum of 10 school-based clinical hours) [CED 150 Clinical Transition: Education Profession is designed for all transfer students]

Clinical Experiences begin with the first semester of the program, Introduction to the Education Profession (Clinical 1). This school-based clinical includes observations at all levels of P-12 education. Candidates also spend 10 hours in a classroom setting. While teacher candidates are introduced to all levels of public school education, they are also introduced to the profession, expectations, and dispositions of professional educators including the ethics of educators. Teacher candidates are guided to consider whether this is the right career choice, and, if it is, what level or specific licensure area interests them.

**Clinical II:** CED 200 Clinical II: Understanding the Learner (minimum of 20 school-based clinical hours)

Clinical II provides laboratory based clinical experiences in the co-requisite course(s). Teacher candidates are placed in a classroom for a minimum of 20 clinical field hours. Candidates assist the teacher, provide individual student help, and tutor students as needed. Teacher candidates are also expected to spend at least 2 of the hours helping with an after-school event (Family Fun Night, Saturday School Festival, theater or dance events, art shows/exhibits, musical events, academic events or practice, rehearsals etc).

**Clinical III:** CED 300 Clinical III: Curriculum and Instructional Design (minimum of 45 school-based clinical hours)

Clinical III focuses on curriculum and instructional design in a school-based clinical, with a focus on using lesson plan development and differentiation in the classroom. Teacher candidates observe and assist their assigned cooperating teacher while learning the principles of curriculum and instructional design. Teacher candidates plan, teach, and reflect on a minimum of 3 formal lessons in their assigned classroom. It is recommended that teacher candidates and cooperating teachers begin this clinical experience using co-teaching strategies and working together. The cooperating teacher provides feedback using a formal observation instrument. Teacher candidates in need of more mentoring are provided additional time and support to improve performance before advancing.

**Clinical IV:** CED 400 Clinical IV: Diagnosis and Prescription (minimum of 45 school-based clinical hours)

In Clinical IV, teacher candidates focus on diagnosis and prescription of student behavior and academic performance in this school based clinical. In hubbed courses, teacher candidates develop and implement a student improvement plan and an academic improvement plan for achievement based on student learning data. This clinical includes an emphasis on assessment and classroom management. In addition, teacher candidates plan, teach and reflect on a minimum of three formal lessons observed by their clinical educator and cooperating teacher.

**Clinical V:** CED 450 Clinical V: Practicing Teaching (minimum of 80 school-based clinical hours)

CED 450 Clinical V: Practicing Teaching requires a minimum of 80 school-based clinical experience hours. Candidates are expected to **practice teaching for full days** on their clinical schedules. This is the first part of the yearlong clinical or residency. Candidates will demonstrate expertise at planning, teaching, assessing achievement, writing units, developing professional growth plans, reflecting on outcomes, and collaborating with teachers at their assigned clinical placement school. Teacher candidates plan, implement and reflect on a minimum of 3 formal lesson plans during this clinical. All other lessons candidates are assigned to teach include lesson planning and writing. Candidates focus on improving student achievement while considering the student growth goals for their individual classroom. Monitoring and tracking student success with a plan for re-teaching throughout the duration of the year-long residency is required.

**Clinical VI:** CED 499 Clinical VI: The Professional Semester (minimum of 70 days in the classroom)

CED 499 Clinical VI: The Professional Semester requires a minimum of 70 days in the assigned clinical classroom, Assistant Director will determine the minimum number of days each semester based on the University and school calendars. Full-time assignment will be established by Office of Professional Education Services in an accredited school to observe, participate, and teach in classroom settings with special emphasis on the impact of instruction on student learning. This school embedded experience begins for the student teacher with the first day the supervising teacher is required to be at school for the beginning of the respective semester and at a minimum end with the student teaching exit seminar.

## The Professional Semester (Student Teaching)

### Staff:

S. Korson (Director), B. Blackburn

ekustudentteaching@eku.edu

Bert Combs 425

- The Office of Professional Education Services receives and evaluates all applicants for the professional semester, determines appropriate professional disposition of the applicant, and provides continuous assessment of the applicant's pre-teaching and teaching experiences during the professional semester.
- Candidates are discouraged from taking any other courses during the professional semester. With approval candidates can take one additional course with student teaching.

#### Application for The Professional Semester (Student Teaching)

1. Applicants must be admitted to the professional education program prior to the application semester. Applications are due by **September 15th** for spring student teaching and **February 15th** for fall student teaching.
  2. Applications filed will be evaluated and processed for approval or disapproval.
    - a. Candidates must have completed all professional education and pre-professional teaching semester curricula in the applicant's area as prescribed by the catalog.
    - b. Academic requirements: Undergraduate degree students' GPAs are based on the hours attempted as shown on the official EKU transcript. Post degree certification students' GPAs are based on all undergraduate course work and on the hours attempted as shown on the official EKU transcript.
      - i. All programs: An overall grade point average of 2.75 on a 4.0 scale; or a grade point average of 3.0 on a 4.0 scale on the last thirty hours of credit completed. Instructional Technology: Candidates must complete EDF 204 Emerging Instructional Technologies with a grade of "C" or higher; candidates enrolled in a P-12 music education program will take MUS 384 Survey of Music Technology with a grade of "C" or higher; Clinical Experiences: CED 100 Clinical I: Introduction to the Education Profession and CED 200 Clinical II: Understanding the Learner must be completed with a S. CED 300 Clinical III: Curriculum and Instructional Design, CED 400 Clinical IV: Diagnosis and Prescription, CED 450 Clinical V: Practicing Teaching must be completed with a grade of "B" or higher in each course.
      - ii. Elementary and Middle Grade: Minimum 2.75 GPA with a grade of "C" or higher in courses in the core and supporting course requirements, area(s) of academic emphasis, professional education requirements (see program display for a list of courses), teaching minor(s), and certification endorsement(s).
      - iii. Secondary: Minimum 2.75 GPA in teaching major(s), minor(s), area(s) of academic emphasis, and certification endorsement(s). See program area for specific course grade requirements; and a minimum 2.75 GPA with a grade of "C" or higher in courses in "professional education requirements" (see program display for a list of courses). A minimum of seventy-five percent of major and seventy-five percent of supporting course requirements must be completed prior to the professional semester. Individual program areas may require a higher percentage of credit hours completion prior to the professional semester.
- iv. Special Education: Minimum 2.75 GPA with a grade of "C" or higher in courses in the "major, core, and option," "elementary/middle grade and supporting course requirements," area of academic emphasis, professional education requirements (see program display for a list of courses), teaching minor(s), and certification endorsement(s).
  - c. Faculty advisor recommendation must be submitted.
  - d. Submit updated materials (Professional Code of Ethics, Character Fitness Declaration, Professional Dispositions, Federal Background Check, KY Child Abuse Neglect Check, medical form)
  - e. Demonstrate satisfactory dispositions, as evaluated by their advisor, methods faculty, CED 499 Clinical Educator, and CED 499 cooperating teacher.
  - f. Behavior that relates to the moral, ethical, social, and personal standards of professional competency. The applicant's comportment will be subject to review and appraisal by the department responsible for the professional semester recommendation and the College of Education and Applied Human Sciences.
  - g. Candidates must have taken their PLT and applicable PRAXIS II exam(s) (see <https://www.ets.org/praxis/ky> (<https://www.ets.org/praxis/ky/>)) Passing the exams is required for certification, and candidates who do not pass their PLT and subject exams may be required to participate in study workshops during their professional semester.
  - h. Minimum of 200 hours of field experiences in a variety of Primary-12 school settings which allow the candidate to participate in the following.
    - i. Engagement with diverse populations of students which include: (a) Students from a minimum of two different ethnic or cultural groups of which the candidate would not be considered a member; (b) students from different socioeconomic groups; (c) English language learners; (d) students with disabilities; and (e) students from across elementary, middle school, and secondary grade levels
    - ii. Observation in schools and related agencies, including but not limited to: Family Resource Centers or Youth Service Center
    - iii. Student Tutoring
    - iv. Interaction with families of students
    - v. Attendance at school board and school-based council meetings
    - vi. Participation in a school-based professional learning community
    - vii. Opportunities to assist teachers or other school professionals.
- Clinical experience hours are submitted, and performance evaluated during the term the candidate enrolls in a clinical course. In order to

qualify for admission to the professional semester candidates must demonstrate that they have met all clinical performance requirements as evidenced on performance-based assessments to demonstrate candidates' development of the knowledge, skills, and professional dispositions that are associated with a positive impact on the learning and development of P-12 students and earn a minimum grade of "S" or "B" in each clinical course.

1. Other requirements as found in the appropriate department presentation.

1

"Approved" is a formal review process of the professional character and fitness declaration and criminal records report. Professional disposition issues or violations of the professional code of ethics will be referred to the Professional Education Admission Committee. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to teacher education.

2

The Office of Professional Education Services will contact the Eastern Kentucky University Office of Student Rights and Responsibilities to obtain records of infractions committed by candidates for admission to professional education. The Office of Professional Education Services may also contact the Administrative Office of the Courts to obtain a criminal records check for each candidate for admissions to professional education.

3

"Approval" is a formal review process of the professional character and fitness declaration and criminal records report. Professional disposition issues or violations of the professional code of ethics will be referred to the Professional Education Admission Committee. Any misrepresentation of facts, by omission or addition, may result in the denial of admission to student teaching and revocation of admission to teacher education. Approval is required prior to entry in the professional teaching experience.

## College of Health Sciences

Dr. Daniel R. Czech, Dean  
Rowlett 203  
(859) 622-1137

Dr. Michael Ballard  
Associate Dean  
Rowlett 204  
(859) 622-1916

Dr. Michelyn Bhandari  
Associate Dean  
Rowlett 220  
(859) 622-1145

## Mission

The mission of the College of Health Sciences is to prepare outstanding health and human service professionals and leaders who contribute to the success and vitality of their communities, the Commonwealth, and the world.

## Vision

The College of Health Sciences will be the premier college that shapes and improves health and well-being, advancing Kentucky and impacting the world!

### Core Values

We stand united and committed to student success. This is demonstrated through equitable and inclusive behavior. The **values** that guide our behavior include:

- **TRUST** - A team climate of respect in which people are comfortable being themselves.
- **OPTIMISM** - Seeing and expecting the future in a positive manner.
- **BELONGINGNESS** - The degree to which members of Team CHS feel accepted.
- **SERVANT LEADERSHIP** – A servant focus on the well-being of the people to which we belong.

### Strategic Pillars and Goals

#### Pillar 1: Student Success

Team CHS supports students in achieving their individual goals and provides a wide range of opportunities for engagement in academic, personal, and professional activities to enhance **knowledge** and community contribution. Team CHS will promote environments, opportunities, and resources designed to **transform** students to reach their full potential. Through engagement with the college and institution, and exposure to **innovative** student-centered approaches, students can thrive, complete their degree, and reach their goals.

#### 1. Recruitment & Retention

**Goal 1.1:** Recruit, support, and engage students to be successful and to enter their respective undergraduate and graduate programs of study.

**Goal 1.2:** Increase the retention and engagement of students for a timely progression to degree completion.

#### 2. Student Development and Transformation

**Goal 1.3:** Develop students' long-term success and ability to become leaders in their communities.

**Goal 1.4:** Enhance curricular and co-curricular environments to ensure holistic student development.

**Goal 1.5:** Support students with programs and services that help them discover and better understand career paths.

#### PILLAR 2: Teaching and Research Excellence

Team CHS (CHS) promotes the advancement of **knowledge** and **innovation** through a culture of student-centered, **transformational** integrated teaching, research, and creative scholarly activities. Teaching and research are the keystones to advance **knowledge**, foster creativity, inspire **innovation**, and **transform** quality of life. Team CHS will invest in research programs, faculty development, and current technology that enhance the faculty as teacher-scholars and their ability to model best practices for students. As a result, faculty can improve student learning, prepare students to compete in the global marketplace, and **transform** student success by providing access to a complete experiential learning

environment that develops students into holistic critical thinkers in the professional community.

#### GOALS TO ACHIEVE PILLAR 2

##### 1. Teaching

**Goal 2.1.** Enhance student success through innovative academic programming that promote excellence.

##### 2. Faculty Instructional Support

**Goal 2.2.** Promote and invest in faculty support services to maximize instructional effectiveness.

##### 3. Foster Belongingness and Collaboration Across CHS Faculty

**Goal 2.3** Create opportunities for the mutual exchange of teaching, scholarship, and professional development.

##### 4. Expand Research Opportunities & Infrastructure

**Goal 2.4** Develop infrastructure that fosters research and creative scholarly activities of faculty and students.

#### PILLAR 3: Community Engagement

Build and nurture sustained, mutually beneficial, collaborative partnerships to **transform** quality of life in the community, to share **knowledge** and **innovative** resources and to foster civic and social responsibilities among students, citizens, faculty, and staff.

By deepening strategic relationships, expanding opportunities, and encouraging community members to engage with CHS on multiple levels, the College will distinguish itself as a valued regional partner and critical community resource.

#### GOALS TO ACHIEVE PILLAR 3

##### 1. Partnerships and Collaborations

**Goal 3.1** Develop long-term relationships and build multiple pathways of clear communication and reciprocal engagement with stakeholders.

##### 2. Assessment of Engagement

**Goal 3.2:** Strategically coordinate, implement, assess, and enhance mutually beneficial engagement efforts related to community stakeholders.

##### 3. Education and Enrichment

**Goal 3.3** Increase educational opportunities for citizens across the region.

## Admission Policies

1. Students must meet requirements and be admitted by the University before being considered for enrollment in programs within the College of Health Sciences. Specific admission criteria are provided under each of the Health Sciences programs. The student is responsible for obtaining information for the application process including department deadlines.
2. Transfer work must be from an accredited institution and with a minimum grade of "C" in major and supporting courses. The applicant must be eligible to return to the last institution attended.

3. Work taken more than eight years previously must be approved by the Dean of the College.
4. In the event that a student is not accepted for a program, the student who wishes to reapply must submit a new application and related materials that will be considered when a new class is accepted.

Students desiring to complete collegiate work required for admission to professional programs may complete this work at any accredited college or university. Students are urged to carefully plan their course of study to be consistent with the individual program's curriculum progression plan of study. Students who plan to complete coursework before declaring a major in a College of Health Sciences program should consult with the individual program directors or with the College of Health Sciences Advisors.

Students who have not reached a decision on a specific health science major may obtain counseling/guidance from individual program directors in the College of Health Sciences or from College of Health Sciences Advisors.

The programs in the College of Health Sciences are designed to prepare graduates for practice in health and human services professions. Most require licensure and/or certification after graduation and prior to practice. A criminal record (excluding minor traffic violations) may make a person ineligible for licensure or certification in these professions. Students with such a history should contact the licensing or certifying body prior to enrollment to determine whether this might be the case.

## Clinical Agency Placement Requirements

Placement in clinical sites for certain programs in the College of Health Sciences requires students to meet specific clinical agency placement requirements. Clinical agency placement requirements for certain programs (particularly those involving direct patient contact and/or practice with children) require a criminal background check and/or a urine drug screen. Students whose results from these screenings do not meet clinical agency placement requirements will be unable to participate in clinical experiences which are required for satisfactory progression and completion of the program. Most clinical agencies and programs where students may be potentially exposed to blood borne pathogens mandate that students comply with the Hepatitis B vaccination requirement. [see Blood Borne Pathogens and Hepatitis B Statement]. Other requirements may include documentation of tuberculosis screenings indicating student is free of disease, specific immunizations, certifications, licensures, student professional liability insurance purchased through the University [see Student Liability (Malpractice) Insurance], and individual health insurance. Students who have not met clinical agency placement requirements will not be permitted to participate in clinical and laboratory learning experiences mandated for satisfactory progression and completion of the program. Specific requirements for individual programs may be obtained by contacting the departmental office for the program.

## Readmission Policies

After being admitted to one of the programs in the College, students who withdraw or who are unable to progress due to being unsuccessful in one or more courses must submit application for readmission according to the guidelines for the specific program. **Readmission to the program is not guaranteed to any student.**

## Readmission Appeal Process

The student who has been denied readmission may appeal the decision following these guidelines:

1. Notify the chair of the program's readmission committee of the desire to appeal the decision and to provide additional pertinent information to support the appeal. The committee chair will schedule a time for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the departmental readmission committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.
2. The student will be notified within five working days of the committee's decision.
3. If the student is not satisfied with the decision, the student shall schedule an appointment to present the appeal to the Department Chair. The student will be notified within five working days of the Department Chair's decision.
4. If the student is not satisfied with the decision of the Department Chair, the student shall submit a written appeal to the Dean of the College of Health Sciences. If the Dean determines there are extenuating circumstances surrounding the student's request for readmission and/or if the procedure for readmission has not been followed, a meeting of the College's Readmission Committee will be scheduled. A time will be appointed for the student to appear before the committee to present the appeal. A student who has agreed to a time for a meeting of the College Readmission Committee and who does not appear at that meeting may forfeit the right to present evidence beyond that furnished in the original application for readmission.
5. Decisions of the College Readmission Committee are binding. The student will be notified of the decision within five working days.

## Student Agreement Statement

Programs in the College of Health Sciences may require a student to sign an agreement statement that encompasses professional expectations related to the program. This statement is to be signed when the student enters courses in the major.

## Student Liability (Malpractice) Insurance

All students whose programs require participation in clinical learning experiences must purchase and maintain liability insurance through the University during the entire clinical experience. Proof of such insurance coverage must be furnished to the department before the clinical experience is scheduled to begin. The University has arranged for appropriate insurance coverage at a modest cost to the student. Further information may be obtained at the student's major departmental office.

## Clinical Facilities

The University maintains formal contracts with many health care human services and educational agencies located throughout Kentucky and the United States. Almost every specialty within the entire health care spectrum is available for use in providing high quality experiences for students enrolled in the programs. A list of cooperating agencies is available through the Office of the Dean.

The University is not liable for, nor is there a fund from which payment can be made for those who are inconvenienced or incur expenses based upon canceled classes, assignments, or clinical placements, etc.

## Bloodborne Pathogens and Hepatitis B Statement

The College of Health Sciences attempts to minimize the risk of exposure to blood borne pathogens for students who will be involved in clinical and laboratory learning experiences where the risk of exposure could occur. To this end, students majoring in clinical programs within the College of Health Sciences where a potential risk of exposure could occur are required to receive education in universal precautions and the Occupational Safety and Health Administration's (OSHA) Bloodborne Pathogens Standard Regulations. Students will be responsible for complying with the Hepatitis B vaccination requirement when indicated before participation in the clinical training phase of their respective programs. [see Clinical Agency Placement Requirements]. The Blood Borne Pathogens Exposure Control Plan is posted on the College of Health Sciences website and should be carefully reviewed. More information regarding specific program requirements may be obtained through the departmental offices, program student handbooks, and other program informational sources.

## Degree Requirements

The students are responsible for selection and registration for courses needed for reasonable progress toward their degree or certificate that will enable the students to satisfy requirements for graduation.

General Academic Information described in Section Five of this *Catalog*, and specific course requirements set forth in the description of curricula, must be met by students completing associate and baccalaureate programs administered by the College of Health Sciences. See programs under each department for major and minor requirements. All first-year students in the College of Health Sciences must enroll in the Student Success Seminar (HSO 100 Student Success Seminar).

## Appeals

Appeals procedures are detailed in the Departmental and University Handbooks and in the department sections.

## Center for Retention, Progression, and Graduation

### Director

Dr. Jamie Woolery  
(859) 622-2090  
Rowlett 311

The College of Health Sciences Center for Retention, Progression and Graduation (RPG) is a center for all students in the College of Health Sciences providing academic enrichment and support resources for

student success. The Center for RPG is a one stop shop for students, faculty, and staff as a resource consortium. The full-time staff and student workers, work congruently to provide assistance for students to navigate college and the University system. The staff also provide referrals to other EKU resources which students and faculty may not be aware.

- The Center for RPG includes: manipulative assessments, textbooks for house use, a quiet and group study/homework center with white boards and large tables for use. A full computer lab with printing and color printing is available. As well as student success tutorials and workshops.
- Testing for any required admission exams (HESI A-2) as well as mid-curricular and exit exams are provided for the School of Nursing on a set schedule for the year. The Center may be used for make-up testing when set-up at a faculty's request.
- Tutoring is available through our Learning Assistant program. Upperclassmen provide individualized and group sessions on course content, study tips, encouragement, and guidance to their peers through meeting and discussing concerns and challenges their fellow students have encountered.
- Research assistance is available in the Center for RPG with collaboration from the University Library.

## Department of Occupational Science and Occupational Therapy Chair

Dr. Dana Howell  
(859) 622-3300  
Dizney 103

### Associate Chair and Graduate Coordinator

Dr. Renee Cause-Upton  
(859) 622-3300  
Dizney 103

## Faculty

A. Balse, L. Bray, S. Brito, C. Carrico, R. Causey#Upton, D. Colaianni, J. Duckart, C. Ginn, L. Hardman, C. Hayden, S. Skees Hermes, J. Hight, D. Howell, C. Humphrey, A. Keener, S. O'Brien, C. Privott, K. Puckett, L. Simpkins, C. Skubik# Peplaski, G. Spira, and C. West

The Department of Occupational Science and Occupational Therapy provides a continuum of educational experiences that prepare a student at the undergraduate level for a career as a non-credentialed health and human service professional and at the graduate level for a career as an occupational therapist. Undergraduate students (1st degree pathway), or students who already hold an undergraduate degree in a field other than Occupational Science (2nd degree pathway), can enter the Occupational Science program, receive a Bachelor of Science degree, and apply for admission to the Occupational Therapy Doctorate (OTD) program. After completing the OTD degree, students are eligible to take the occupational therapy national certification examination.

The OTD program is in accreditation candidacy status by the

Accreditation Council for Occupational Therapy Education (ACOTE)  
6116 Executive Boulevard, Suite 200

North Bethesda, MD 20852-4929  
 (301) 652-6611

*No results were found.*

## Courses

### OTS 101. Occupation Perspectives: Human Services. (3 Credits)

A. An occupational science perspective of health and human service professions. Through lecture, active learning and community experiences, students will explore the themes of occupation, professional identity, reasoning, communication and diversity in professional responsibilities.

### OTS 205. Horse and Human Co-Occupation. (3 Credits)

(3) A. Course provides information regarding the equine industry in connection with human health and wellness. Areas of focus include career directions, understanding horse/human co-occupation and equine movement in concert with human interaction.

### OTS 300. Foundation in Occupation I. (3 Credits)

Prerequisites: Junior Standing and B.S in Occupational Science majors only. Foundational knowledge in occupational science and occupational therapy, including history, philosophy, theory, context, diversity, process, and reasoning. Emphasis on active learning and reasoning skills including information literacy of research.

### OTS 301. Practicum I: Concepts. (4 Credits)

A. Prerequisites: BIO 171 or 307 and 301 or 308; and PSY 200. Corequisites: OTS 311 and 432. Concepts of occupational science and occupational therapy. Integrate knowledge of self as a creative and active occupational being through reflection and portfolio development.

### OTS 301Z. Practicum in Occ Therapy I. (3 Credits)

### OTS 302. Practicum II: Life Narratives. (3 Credits)

A. Prerequisites: OTS 301, 311, and 432 with a grade of (C) or better. Corequisites: OTS 313, 335 and 421. Introduction to life narratives as an assessment of occupation. Active learning experiences focusing on occupation across the lifespan including reflection and portfolio development.

### OTS 311. Self as Occupational Being. (3 Credits)

A. Corequisites: OTS 301 & OTS 432. Analysis of occupation and occupational patterns of self. Recognize the influence of occupation on the well-being of self through active learning experiences.

### OTS 312. Occupation by Design. (3 Credits)

I. Corequisites: OTS 401, 422 and BIO 271. Foundational problem solving, task, and activity analysis concepts related to designing occupations.

Students apply strategies to implement a design process.

WwiLCJXVCi6Mn0%3D

### OTS 313. Occupation in Diverse Contexts. (3 Credits)

A. Prerequisites: Junior Standing and B.S in Occupational Science majors only. Application of the constructs of context to understand the impact on occupation and health. Introduction to cultural awareness and diversity. Enhance understanding of ability and disability concerns in social and environmental contexts.

### OTS 321. Occupation Across the Lifespan. (3 Credits)

A. Prerequisites: Junior Standing and B.S in Occupational Science majors only. Observation and analysis of human development and participation in occupation across the lifespan. Content explores life-stage characteristics and contextual aspects as articulated in varied models and theories.

### OTS 322. Impact of Conditions on Occupation. (3 Credits)

A. Prerequisites: Junior Standing and B.S in Occupational Science majors only. Introduction to human occupation in the context of function and impairment. Content includes pathophysiological, behavioral, and developmental issues which have an impact on human occupation.

### OTS 330. Gender and Work in the U.S.. (3 Credits)

Prerequisite: ENG 102 or 105 (B) or HON 102 or departmental approval. A survey view of occupational science and sociological constructs related to gendered work. Includes content on family work linkages, gendered organizations, and public policies in the workplace. Credit will not be awarded to students who have credit for OTS 480, WGS 380, or WGS 480.

### OTS 335. Professional Dynamics. (3 Credits)

A. Corequisite: OTS 302. Analysis and application of communication skills necessary for becoming an effective team member. Emphasis on theories of group dynamics, leadership and professional interaction skills, decision making and conflict resolution through active learning.

### OTS 340. Foundations in Occupations II. (3 Credits)

A. Prerequisite: OTS 300. junior standing and B.S in Occupational Science majors only. Further exploration of concepts of occupational science and how they inform occupational therapy practice. Occupation-based theories, models of practice, and frames of reference will be applied.

### OTS 360. Designing Occupations. (3 Credits)

A Prerequisites: Junior Standing and B.S in Occupational Science majors only. Foundational problem solving, task, and activity analysis concepts related to designing occupations for individuals and groups. Students design, implement and analyze individual and group activities. Emphasis on group dynamics and leadership.

### OTS 362. Kinesiology for Occupation. (3 Credits)

A. Prerequisites: BIO 271; Junior Standing and B.S in Occupational Science majors only. Application of the physics of movement and biomechanical analysis for occupational performance. Includes evaluation procedures for muscle strength and range of motion.

### OTS 365S. Engagement and Advocacy for Elders. (3 Credits)

(3) A, I, II. Supervised service learning opportunities to create and implement occupation-based programming at a community-based respite care program and to advocate for elders with Alzheimer's Disease. Credit will not be awarded for both OTS 365S and special topics course OTS.

**OTS 380. Gender and Work in the U.S.. (3 Credits)**

Cross-listed as OTS 380. Prerequisite: ENG 102 or 105(B) or HON 102 or departmental approval. A survey view of occupational science and sociological constructs related to gendered work. Includes content on family work linkages, gendered organizations, and public policies in the workplace. Credit will not be awarded to students who have credit for OTS 480, WGS 380, or WGS 480.

**OTS 400. Research Methods in OT I. (3 Credits)**

A Prerequisites: Junior Standing and B.S in Occupational Science majors only. Introduction to research design and methods in OT; critical analysis of occupational science and occupational therapy research for evidence based practice.

**OTS 401. Practicum III: Diversity. (3 Credits)**

A. Prerequisite: OTS 302 with grade of C or better. Corequisites: OTS 312, 422 and BIO 271. Introduction to cultural competence and diversity. Enhance understanding of ability and disability concerns in society through interview, reflection and portfolio development.

**OTS 402. Practicum IV: Advocacy & Research. (3 Credits)**

A. Pre-requisite: OTS 401. Co-requisites: OTS 362, 430, and 478 or 478W. Participatory experiences in the application of advocacy, ethics, and research to advance health and wellness. Course includes self-reflection and portfolio completion. Credit will not be awarded to students who have credit for OTS 402S.

**OTS 402S. Practicum IV: Advocacy & Research. (3 Credits)**

(3) A. Pre-requisite: OTS 401. Corequisites: OTS362, 430, and 478 or 478W. Participatory experiences in the application of advocacy, ethics, and research to advance health and wellness. Course includes self-reflection and portfolio completion. Credit will not be awarded to students who have credit for OTS 402.

**OTS 410. Independent Study in Occupational Science. (1-3 Credits)**

(1-3) A. Student must have the independent study proposal approved by faculty supervisor and department chair prior to enrollment. Directed study on an area of interest in Occupational Science. May be retaken to a maximum of six hours.

**OTS 420. Neuroscience and Occupation. (3 Credits)**

A Prerequisites: Junior Standing and B.S in Occupational Science majors only. Analyze how brain function is shaped by occupation. Understand the relationship among neuroscience concepts and occupational engagement evidence to support occupation-based interventions for clients with a variety of conditions.

**OTS 421. Occupation Across the Lifespan. (3 Credits)**

A. Co-requisite: OTS 302. Observation and analysis of participation in occupation across the lifespan. Content explores life-stage characteristics and contextual aspects as articulated by varied models and theories.

**OTS 422. Impact of Conditions on Occ. (4 Credits)**

A. Prerequisites: BIO 371. Corequisites: OTS 312, 401 and BIO 271. Introduction to human occupation and medical terminology in the context of disease and disability. Content includes pathophysiological, behavioral and developmental issues which have an impact on human occupation.

**OTS 430. Occupational Therapy Assessment. (3 Credits)**

A. Prerequisites: Junior Standing and B.S in Occupational Science majors only. Overview of primary concepts related to the components of healthcare occupational assessments, intervention and documentation as an occupational therapy provider including observation, interview, standardized administration, interpretation and dissemination of results.

**OTS 432. Research in Occupation. (4 Credits)**

I, II. Prerequisite: STA 215. Co-requisites: OTS 301 & OTS 311. Students will learn to be consumers and participants in qualitative and quantitative research, examine methods of research design, data collection, and prepare a research prospectus related to occupational science. Apply statistical methods to the study of occupation.

**OTS 435. OT Professional Seminar. (2 Credits)**

Seminar course in which students will discuss and debate health issues related to practice. Concepts of position statements, strategic planning, and self-directed learning will be emphasized.

**OTS 440. Research Methods in OT II. (3 Credits)**

A Prerequisites: OTS 400, Junior Standing and B.S in Occupational Science majors only. Application and analysis of research methods in OT; critical analysis of occupational science and occupational therapy research for evidence based practice.

**OTS 450. OBP: Orthopedics. (3 Credits)**

A Prerequisites: Junior Standing and B.S in Occupational Science majors only. Evaluation and intervention of clients with orthopedic diagnoses. Applying prevention, compensation, and remediation including transfers, orthotics, and assistive technology to support occupational performance.

**OTS 460. OBP: Older Adults. (3 Credits)**

A Prerequisites: Junior Standing and B.S in Occupational Science majors only. Evaluation and intervention related to the health of older adult clients in community, home, and medically-based contexts including cognition, vision, and behavioral health to support occupational performance.

**OTS 470S. Advocacy and Ethics in OT. (3 Credits)**

A. Prerequisites: Junior Standing and B.S in Occupational Science majors only. Participatory experiences in the application of advocacy and ethics through supporting evidence to advance occupational justice, health and wellness within the community. Some travel within the community and the Commonwealth is required.

**OTS 475. Special Topics in Occup Scien. (1-3 Credits)**

A. Prerequisite: permission of department. May be retaken under different subtopics for a total of 6 credits. Advanced study of selected topics in occupational science.

**OTS 478. OT in Health Care Systems. (3 Credits)**

A. Prerequisite: ENG 102 or 102R, 105(B), or HON 102. An introduction to the history of health care systems, models of health care, and contemporary health policy issues and trends. Includes content on financing, professional roles, and ethics related to health care. Credit will not be awarded for both OTS 478 and OTS 478W.

**OTS 479. Equine Assisted Activity. (3 Credits)**

A. Explores equine assisted activity, therapeutic horseback riding, equine facilitated mental health, and hippotherapy. Content includes supervised service learning experiences with individuals of varying ages and conditions in a horse-related environment.

**OTS 479S. Equine Assisted Activity. (3 Credits)**

A. Explores equine assisted activity, therapeutic horseback riding, equine facilitated mental health, and Hippotherapy. Content includes supervised service learning experiences with individuals of varying ages and conditions in a horse related environment. Credit will not be awarded for both OTS 479 and 479S.

**OTS 499. Constructs of Occupation. (6 Credits)**

A. Prerequisite: undergraduate degree, BIO 307 and 308; PSY 200 and STA 215 or 270. Synthesis of occupational constructs as they apply to self and others. Emphasis on occupation across the lifespan, design, and analysis. Portfolio development emphasizes occupation theme.

**OTS 515. Early Child Sensorimotor Development. (3 Credits)**

A. Provides an overview of normal sensorimotor development in infants and young children. Includes contrasting normal/ abnormal development and application of appropriate developmental tasks. Laboratory experiences will be provided.

**OTS 520. Providing Health Services in Appalachia. (3 Credits)**

A. Cross listed as APP 520. Prerequisite: departmental approval. An analysis of development and delivery of health care services in Appalachia. Examination of relevant current and historical factors which have an impact on the health of Appalachian people. Credit will not be awarded to students who have credit for APP 520.

## Horses, Humans and Health, Minor

This interdisciplinary minor offers students a chance to explore the horse-human-health connection through various professions and perspectives. Students interested in working in the equine industry may pair this minor with any major to develop their interests and career paths. An elective in human development offers students the ability to tailor their academic study to individual needs. A student may complete this minor by taking 18 hours (including prerequisites/corequisites) as indicated below.

### Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
OTS 205	Horse and Human Co-Occupation:	3
REC 210	Equine Assisted Therapeutic Recreation <sup>1</sup>	3
Choose from one of the following:		3-4
AGR 250	Introduction to Horses	
AGR 326	Light Horse Production and Management <sup>1</sup>	
OTS 479S	Equine Assisted Activity	3
ANS 497	Topics in Animal Studies (topic: the horse) <sup>1</sup>	3
Choose from one elective in human development of the following:		3
CDF 235	Child Development: Conception-Eight Years	
CDF 342	Child and Adolescent Development	
CDF 441	Family Dynamics in Adulthood and Aging	
HEA 285	Health Across the Lifespan	
OTS 321	Occupation Across the Lifespan <sup>1</sup>	
PSY 280	Lifespan Developmental Psych.	
SED 104	Special Education Introduction	
<b>Total Hours</b>		<b>18-19</b>

<sup>1</sup>

Indicates the course may have prerequisites or corequisites.

## Occupational Science, Bachelor of Science (B.S.)

Occupational science, an evolving social science, is the study of human occupation. Occupational scientists study why and how we occupy our time through activity, organize ourselves through activity patterns and habits, respond to the context in which occupations occur, and create meaning through occupations.

Students may combine the study of human occupation with other areas of interest through electives or a minor, including but not limited to Horses, Humans and Health, Psychology, Child and Family Studies,

Biology, Community Health, Gerontology, and Business. Students who apply for the Baccalaureate Degree in Occupational Science are expected to progress to the OTD program. However, some may choose other graduate education options or seek employment in non-credentialed health care, education or community positions. These careers may include case manager, independent living skills coordinator, activity coordinator, medical sales representative, senior citizen program coordinator, mental health associate, and job coach for persons with developmental disabilities.

The five themes of the occupational science curriculum are occupation, communication, critical thinking, leadership, and practice. Interwoven are the curriculum elements of concepts and knowledge, active community learning experiences, and authentic assessment and portfolio development. A value inherent in the curriculum model is that learning is optimal when educators guide student immersion in personally meaningful challenges that are processed in a supportive environment.

Graduates of the Occupational Science program meet the following outcomes:

1. Identify occupational needs, and apply occupational science and occupational therapy concepts to self and others to promote participation in occupation.
2. Utilize professional written, oral, and non-verbal communication to express the language and ideas of occupational science and occupational therapy.
3. Critically read to analyze scholarly literature to understand the impact on healthcare, occupational science, and occupational therapy.
4. Demonstrate professional behavior in the roles of student and advocate to begin to develop the identity of a doctorally prepared occupational therapist.
5. Demonstrate knowledge of occupational science concepts and therapeutic use of self to engage in the occupational therapy process for individuals, groups, and populations.
6. Explain concepts and roles in healthcare delivery models.

## Admission and Progression Requirements

All students who are accepted by EKU's Admission office and declare their major as Occupational Science are admitted to the University as pre-Occupational Science majors; however, admission to the University does not guarantee admission to the Occupational Science program. Admission is competitive and based on a review of the applicants' academic history by the department's Admission, Progression and Retention Committee. Students seeking consideration for admission to the Occupational Science program must meet the following requirements by May in the semester preceding the Fall semester start of the program:

1. Completion of 60 hours of coursework, including prerequisites courses
2. Overall GPA of 3.0 or above
3. A minimum of 4 "B"s and 1 "C" in the following prerequisite courses or their equivalents

Code	Title	Hours
BIO 307	Human Anatomy and Physiology I	3
BIO 308	Human Anatomy and Physiology II	3
HSA 200	Medical Terminology	3
STA 215	Introduction to Statistical Reasoning	3

or STA 270	Applied Statistics	
PSY 200	Introduction to Psychology	3

4. Completion of the Health Science Reasoning Test (HSRT)
5. Three completed recommendation forms
6. Application with personal statement

Application to the Occupational Science Program does not guarantee acceptance into the program.

Students seeking admission to the Occupational Science program must follow this process:

1. By April 15th prior to progressing to the Occupational Science program, all students must submit an Application for Admission to the Department Chair.
2. Transfer students, including 2nd degree pathway students, must be fully admitted to the University by April 15th to be considered for admission to the Occupational Science Program. Students are responsible for submitting their official transcripts to the Office of the Registrar.
3. Based on a competitive admissions review, students will be informed of admission to the Occupational Science program after Spring semester grades are posted.
4. **Students accepted to the Occupational Science program will then be allowed to register for classes in the program.**

To progress in the program, all required major and support courses in the first professional year of the program must be completed with a grade of "B" or better, with the exception of [BIO 271](#) and [BIO 371](#) which must be completed with a grade of "C" or better for progression.

To graduate and progress to the OTD program, [BIO 271](#) and [BIO 371](#) must be completed with a grade of "C" or better and all other all required major and support courses must be completed with a grade of "B" or better as well as completion of general education and university requirements for graduation. Students must also successfully complete a summative Annual Competency at the end of Professional Years 1 and 2. Following the Professional Year 1 Annual Competency, students will formulate and initiate an Annual Competency Self-reflection and Action Plan to enact throughout Professional Year 2. If the student does not remediate the noted areas of concern during Professional Year 2, they will not advance to the OTD program.

For additional admission information please refer to the Selection Criteria at <http://www.ot.eku.edu/>

**Completion of the undergraduate program in Occupational Science does not guarantee admission into the graduate program in Occupational Therapy. Students must meet Department and Graduate School requirements to progress. Refer to the Graduate Catalog for admission requirements and procedures regarding application to the OTD program.**

## Appeals

Students may petition for a waiver of any regulations. Appeals regarding waiver of a regulation should be addressed to the Admissions and Progression Committee. Grade Appeals should be addressed to the Academic Practices Committee. See the University Student Handbook for details of the appeal procedures.

## Program Requirements

CIP Code: 51.2306

### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

## Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
Waived for 2nd degree pathway students		
General Education		36
<i>Student Success Seminar</i>		
HSO 100	Student Success Seminar (waived for transfers with 30+ hrs.)	1
Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)		
<b>Major Requirements</b>		
<i>Core Courses</i>		
OTS 300	Foundation in Occupation I	3
OTS 313	Occupation in Diverse Contexts	3
OTS 321	Occupation Across the Lifespan	3
OTS 322	Impact of Conditions on Occupation	3
OTS 340	Foundations in Occupations II	3
OTS 360	Designing Occupations	3
OTS 362	Kinesiology for Occupation	3
OTS 400	Research Methods in OT I	3
OTS 420	Neuroscience and Occupation	3
OTS 430	Occupational Therapy Assessment	3
OTS 478W		3
OTS 440	Research Methods in OT II	3
OTS 450	OBP. Orthopedics	3
OTS 460	OBP. Older Adults	3
OTS 470S	Advocacy and Ethics in OT	3

<i>Supporting Course Requirements</i>		18-19
BIO 307	Human Anatomy and Physiology I	
BIO 271	Advanced Human Anatomy	
BIO 308	Human Anatomy and Physiology II	
BIO 371	Neuroanatomy	
HSA 200	Medical Terminology	
PSY 200	Introduction to Psychology (Element 5B) <sup>G</sup>	
	or PSY 200W Introduction to Psychology: Writing Intensive	
PSY 308	Abnormal Psychology	
Choose from one of the following:		
STA 215	Introduction to Statistical Reasoning (Element 2) <sup>G</sup>	
STA 270	Applied Statistics (Element 2) <sup>G</sup>	
<i>Free Electives</i>		
Choose from 19-20 hours of free electives		19-20
<b>Total Hours</b>		<b>120</b>

**G**

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

Due to the transition from the Masters to the Doctorate, transfer students who are accepted into the Bachelor of Science in Occupational Science program as juniors for the 19/20 or 20/21 academic year must refer to their advisor and degree audit for the appropriate curriculum.

## Department of Parks, Recreation, Exercise, and Sport Science

### Chair

Dr. Jon McChesney  
(859) 622-1833  
Combs 208

### Associate Chair

Dr. Matthew Sabin  
(859) 622-1833  
Combs 208

### Faculty

H. Adams-Blair, B. Clark, T. Cook, J. Cormier, D. Czech, E. Fuchs, M. Gerken, S. Jones, M. Lane, J. Larkin, J. McChesney, A Monk, D. Muff, C. Perry, M. Sabin, R. Salmans

The Department of Parks, Recreation, Exercise and Sport Science offers the Bachelor of Science degree in Recreation and Park Administration, Sport Management, and Exercise and Sport Science. Program concentrations in Recreation and Park Administration include: Tourism & Resort Recreation, Outdoor Recreation and Natural Resources Management, Recreation Management and Event Planning, and Recreation Therapy. The BS in Exercise and Sport Science offers concentrations in pre-professional healthcare, including Pre-Athletic Training, Pre-Physical Therapy and Physical Fitness and Wellness Management. The BS in Sport Management offers concentrations in Applied Professional Studies and Management. In addition, the department offers two accelerated, 3+2 dual degree programs leading to graduate degrees offered by the department including an MS in Recreation and Park Administration or an MS in Exercise and Sport

Science. The department also offers a minor in Recreation and Park Administration, and a certificate in Coaching/Personal Training.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in their major. Students who transfer from another college or university must earn a minimum of six hours at EKU in their minor.

Graduates of the Tourism & Resort Recreation concentration find career opportunities in local, state, federal and private agencies that promote tourism, travel agencies, convention services, resort supervision and management, cruise lines, amusement and theme parks, as well as other commercial recreation agencies.

Graduates of the Outdoor Recreation and Natural Resources Management concentration find a wide variety of career opportunities such as park ranger, interpretive naturalist, camp director, recreation forester, adventure recreation, fish and wildlife positions, and youth and adult outdoor recreation programming positions.

Graduates of the Recreation Management and Event Planning concentration find professional careers available in local, state, county and federal agencies, park management, golf course management, recreation supervision, aquatics, cultural arts programming, athletic programming, YMCA and YWCA, Boy Scouts and Girl Scouts, 4-H, military recreation, and various other private and public agencies providing park, recreation and leisure services.

Graduates of the Recreation Therapy concentration find one of the fastest growing areas in the field of recreation and leisure services. Professionals in RT design programs to meet the needs of special populations, people with physical or developmental disabilities, and people with temporary or permanent psychiatric disorders. RT professionals work in children's hospitals, mental health institutions and psychiatric hospitals, rehabilitation clinics, nursing homes, medical care facilities, transitional living facilities, group homes, camps, community-based programs, and community residential agencies.

Students majoring or minoring in Recreation and Park Administration are required to attain a minimum grade of "C" in all REC courses and a 2.5 or better average in all REC courses. All REC core and REC concentration courses must be completed prior to enrollment in REC 463 Internship or REC 473 Therapeutic Recreation Internship.

All degree programs and concentrations emphasize hands-on experiential learning to allow students to connect foundational knowledge to real-world application. The BS degree in Recreation and Park Administration provides 15 credit hours of direct hands-on field experience including a senior internship (12 credit hours) which serves as an excellent transition from school to work with many students are hired directly out of their internship. Courses within all majors are often linked with hands-on application through linked laboratory courses as well. Pre-professional concentrations emphasize integrated pre-requisite courses within the curriculum, courses that build a clinical foundation beyond required pre-requisites and professional advising which guides students towards successful application to their desired professional programs.

### Bachelor's

- Exercise & Sport Science, Bachelor of Science with a Concentration in Physical Fitness & Wellness Management (B.S.) (p. 207)
- Exercise & Sport Science, Bachelor of Science with a Concentration in Pre-Physical Therapy (B.S.) (p. 208)

- Exercise & Sport Science, Bachelor of Science with a Concentration in Pre#Athletic Training (B.S.) (p. 209)
- Recreation and Park Administration, Bachelor of Science with a Concentration in Outdoor Recreation and Natural Resources Management (B.S.) (p. 216)
- Recreation and Park Administration, Bachelor of Science with a Concentration in Recreation Management and Event Planning (B.S.) (p. 217)
- Recreation and Park Administration, Bachelor of Science with a Concentration in Recreation Therapy (B.S.) (p. 218)
- Recreation and Park Administration, Bachelor of Science with a Concentration in Tourism & Resort Recreation (B.S.) (p. 219)
- Sport Management, Bachelor of Science with a Concentration in Applied Professional Studies(B.S.) (p. 220)
- Sport Management, Bachelor of Science with a Concentration in Management (B.S.) (p. 221)

## Accelerated

- Exercise and Sport Science, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Physical Fitness & Wellness Management (p. 210)
- Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Outdoor Recreation and Natural Resources Management (p. 212)
- Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Recreation Management and Event Planning (p. 213)
- Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Recreation Therapy (p. 214)
- Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Tourism & Resort Recreation (p. 215)

## Certificates

- Adventure Recreation & Leadership, Departmental Certificate (p. 206)
- Coaching/Personal Training, Departmental Certificate (p. 207)
- Tourism & Event Planning, Departmental Certificate (p. 222)

## Minors

- Coaching (Non-Teaching), Minor (p. 207)
- Recreation and Park Administration (Non-Teaching), Minor (p. 212)

## Courses

### ATR 325. Applied Palpation Anatomy for Healthcare Providers. (3 Credits)

A. Formerly ATR 225. Pre-requisite: BIO 107 or 307 with a minimum grade of "C". Co-requisite: ATR 325L. Students repeating ATR 325 must also enroll in 325L. Provide students with the opportunity to identify, differentiate and assess human musculoskeletal, nerve, and vascular body structures. This course will focus on anatomy function and assessment from the healthcare perspective. Credit will not be awarded for both ATR 225 and 325. 3 Lec.

### ATR 325L. Applied Palpation Anatomy for Healthcare Providers Lab. (1 Credit)

A. Formerly ATR 225L. Co-requisite: ATR 325. Students repeating ATR 325L must also enroll in ATR 325. Provide students with hands on opportunity to identify, differentiate, and assess human body structures through palpation. This course will focus on musculoskeletal, nerve and vascular structures assessment for healthcare providers. Credit will not be awarded for both ATR 225L and ATR 325L. 2 Lab.

### ATR 330. Foundations of Orthopedic Evaluation. (3 Credits)

I. Prerequisite: ATR 325, 325L and ESS 212, each with a grade of "C" or better. Students will learn how to properly evaluate common injuries of the lower and upper extremity and spine. Students will learn how to apply these techniques to various structures and pathologies across the entire human body. 3 Lec.

### ATR 340. Foundations of Rehabilitation. (2 Credits)

A. Prerequisite: ATR 330 with a minimum grade of "C". Co-requisite: ATR 304L. Students repeating ATR 340 must also enroll in ATR 340L and the most recent grade in these two co-requisites will be applied toward student's GPA. Study and development of therapeutic exercise program design. Emphasis on understanding the interaction between healing, exercise selection and the return to function. 2 Lec.

### ATR 340L. Foundations of Rehabilitation Lab. (1 Credit)

A. Co-requisite: ATR 304. Students repeating ATR 340L must also enroll in ATR 340 and the most recent grade in these two co-requisites will be applied toward student's GPA. Application of rehabilitation to further understand the interaction between healing, exercise selection and the return to function. 2 Lab.

### ATR 430. Foundations of Clinical Practice. (3 Credits)

A. Prerequisite/Corequisite: ATR 340 and 340L each ATR 330 with a grade of "C" or better. Students will receive an introduction to the clinical practice of athletic training and/or physical therapy through didactic education, basic skill performance, and clinical observation; preparing them for future clinical practice.

### ATR 802. Practicum II. (3 Credits)

A. Prerequisite: ATR 807 and 809. Provides students with the opportunity to apply clinical skills, especially related to orthopedic assessment and diagnosis. Curriculum competencies are practiced and assessed. Students complete clinical experiences, as assigned by preceptor.

### ATR 803. Practicum III. (3 Credits)

A. Prerequisite: ATR 802. Provides students with the opportunity to apply basic clinical skills, especially related to treatment and therapy of injuries/pathologies. Curriculum competencies are practiced and assessed. Students complete a clinical experience as assigned by preceptor.

### ATR 804. Practicum IV. (1 Credit)

A. Prerequisite: ATR 803. Provides students with the opportunity to apply advanced clinical skills. Curriculum competencies are practiced and assessed. Students complete clinical experiences, as assigned by preceptor from August 1 until the day before fall semester begins.

### ATR 805. Field Experience I in AT. (6 Credits)

A. Prerequisite: ATR 803. Provides students with the opportunity to apply advanced clinical skills in a near full immersion clinical experience. Curricular competencies are practiced and assessed. Students complete clinical experiences, as assigned by preceptor. Students are responsible for all costs associated with field experience (i.e. Transportation, housing, etc.).

**ATR 806. Field Experience II in AT. (9 Credits)**

A. Prerequisite: ATR 805. Provides students with the opportunity to apply advanced clinical skills in a full immersion clinical experience. Curricular competencies are practiced and assessed. Students complete clinical experiences, as assigned by preceptor. Students are responsible for all costs associated with field experience (i.e. Transportation, housing, etc.).

**ATR 807. Foundations of Clin Pract i. (3 Credits)**

A. Prerequisite: Admission to MS in AT. Course introduces foundational athletic training knowledge, behaviors, and clinical skills required to recognize and manage both traumatic and non-traumatic conditions in clinical practice using a systems approach.

**ATR 808. Applied Palpation Anatomy Lab. (3 Credits)**

A. Prerequisite: Admin to MS in AT. Provides hands-on opportunity to locate, explore, and compare anatomical structures through applied palpation in clinical lab. The course focuses on musculoskeletal, nerve, and vascular structures.

**ATR 809. Foundations of Clin Prat II. (3 Credits)**

A. Prerequisite: Admission to MS in AT. Course introduces foundational athletic training knowledge, behaviors, and clinical skills required to recognize and manage both traumatic and non-traumatic conditions in clinical practice using a systems approach. Continues addressing review of body systems not covered in ATR 807.

**ATR 810. Advanced Clinical Practice. (4 Credits)**

A. Prerequisite: ATR 835: Instructs students in advanced clinical skills relevant to athletic training. Classroom/lab sessions designed to provide specific instruction on curricular competencies as defined by accrediting body. Students will develop review/study strategies for BOC exam.

**ATR 812. Ortho Asmnt Lower Extremity. (3 Credits)**

A. Prerequisite: ATR 808. Co-requisite: ATR 812L. Assessment lower extremity/lumbar spine pathologies. Teaches proper differential diagnosis of LE/Lumbar spine pathologies. Students synthesize information from evaluations into differential diagnosis.

**ATR 812L. Ortho Asmnt Lowr Extremity Lab. (1 Credit)**

A. Prerequisite: Admin to MS in AT. Co-requisite: ATR 812. Students evaluate common injuries of the lower extremity/lumbar spine. Emphasis on practicing and demonstrating skills utilized during the evaluation process.

**ATR 813. Orthopedic Assess Up Extremity. (3 Credits)**

A. Prerequisite: ATR 808. Co-requisite: ATR 813L. Evaluation/differential diagnosis of injuries to the head, face, and upper extremity. Classroom/labs provide opportunities to master upper extremity differential diagnosis.

**ATR 813L. Orthopedic Assess Up Ext Lab. (1 Credit)**

A. Co-requisite: ATR 813. Properly evaluate common injuries of the upper extremity/cervical spine. Emphasis on practicing and demonstrating skills utilized during the evaluation process.

**ATR 815. Preventative Care in AT. (1 Credit)**

A. Prerequisite: Admission to MS in AT. Course develops skills in applying preventative care techniques used athletic training clinical practice. Preventative care includes application of taping and bracing techniques.

**ATR 830. Therapeutic Interventions I. (3 Credits)**

A. Prerequisite: ATR 812 and 813. Corequisite: 830L. Study of the scientific and foundational principles in rehabilitation. Course focuses on the integration of therapeutic modalities and exercise to improve patient function.

**ATR 830L. Therapeutic Intervent I Lab. (1 Credit)**

A. Corequisite: ATR 830. Application and integration of therapeutic modalities and exercise techniques to improve patient function.

**ATR 835. Therapeutic Interventions II. (3 Credits)**

A. Prerequisite: ATR 812 and 813. Corequisite: 835L. Study of the application of scientific and foundational principles of rehabilitation to region specific pathologies. Course focuses on the integration of therapeutic modalities and exercise in both conservative and surgical interventions addressing acute and chronic conditions.

**ATR 835L. Therapeutic Intervent II Lab. (1 Credit)**

A. Corequisite: ATR 835. Application and integration of therapeutic modalities and exercise techniques to improve patient function. Course focuses on application of techniques to address both conservative and surgical interventions for specific acute and chronic pathologies.

**ATR 842. Organization and Admin of AT. (3 Credits)**

A. Prerequisite: ATR 835. The course covers billing practices, legal liability, fiscal management, facilities operations and design, personnel supervision and hiring, public relations and organizational structures in health care organizations and systems.

**ATR 843. Seminar in AT. (2 Credits)**

A. Prerequisite ATR 830 and 835: Integration and applied life skills needed as a professional AT. Students will explore contemporary issues and changing practice paradigms in AT as well as the application of research techniques to improve patient care.

**ESS 180. Lifetime Wellness. (3 Credits)**

I, II. Formerly PHE 180. Interactive learning and laboratory experiences for individual assessment, practice of exercise systems, and improvement of body function. This course offers a comprehensive discussion of the critical areas of health, physical fitness, and wellness. Gen. Ed. VI. Fulfills University Wellness Requirement.

**ESS 190. Wellness Experience:\_\_\_\_. (1-2 Credits)**

I, II. Formerly PHE 190. Wellness activities of current interest and/or need for students. May be retaken to a maximum of six hours, if subtitles are different. Credit will not be awarded to students who have received credit for HPR 190.

**ESS 200. Dance and Culture. (3 Credits)**

I. Formerly PHE 200. Introduction to dance and its role as a non-verbal means of expression. The course examines several dance forms and their cultural context including folk, social, ethnic, entertainment, and dance as an art form. Gen. Ed. Element 3A.

**ESS 201. Foundations of Sport Science. (3 Credits)**

I, II. Formerly PHE 201. Introduction to the profession, exposure to professional standards in the field, and historical perspective and philosophies in physical education and sports science.

**ESS 212. Care and Prevention of Athletic and Exercise Injuries. (3 Credits)**

I, II. Formerly PHE 212. Overview of the mechanism, prevention, management, and rehabilitation of athletic and exercise injuries.

**ESS 220. Team Sports I. (2 Credits)**

I. Formerly PHE 220. Basic skills, strategy, rules, officiating, and teaching techniques related to various team sports.

**ESS 224. Team Sports II. (3 Credits)**

I, II. Formerly PHE 224. Prerequisite: Open only to majors in Physical Education, Sports Management, those who have declared a coaching minor, coaching/personal training certificate, or those with departmental approval. Basic skills, strategy, rules, officiating, and teaching techniques related to basketball, volleyball, soccer, and track and field.

**ESS 241. Introduction to Swimming. (1 Credit)**

A, I, II. Develop swimming skills and endurance to intermediate level; study of fundamental mechanical principles; basic safety skills; ability to conduct a variety of aquatic activities.

**ESS 261. Coaching Baseball and Softball. (2 Credits)**

I, II. Formerly PHE 261. Theory and practice in coaching the fundamentals of baseball and softball; team offense and defense.

**ESS 301. Foundations of Coaching. (3 Credits)**

I, II. Formerly PHE 301. Coaching communication, organization, motivational skills, sports skills, tactics, and philosophy. American Sport Education Program (ASEP) certification awarded to those who qualify.

**ESS 303. Fitness Management & Marketing. (3 Credits)**

A. Principles and practices of fitness leadership in the marketplace. Course will provide content related to leadership principles, sales tactics, communication strategies, human resources, and multiple modes of branding and marketing.

**ESS 305. Individual and Dual Sports I. (3 Credits)**

I, II. Formerly PHE 305. Prerequisite: Open only to majors in Physical Education or Sport Management, those who have declared a Coaching minor, Coaching/Personal Training Certificate, or those with departmental approval. Basic skills, strategy, etiquette, rules, and teaching techniques related to tennis, golf, and badminton.

**ESS 306. Individual and Dual Sports II. (3 Credits)**

A. Formerly PHE 306. Basic skills, strategy, etiquette, rules, and teaching techniques related to archery, bowling, and racquetball.

**ESS 313. Lifeguard Training. (3 Credits)**

I, II. Formerly PHE 313. Prerequisite: ability to pass American Red Cross swimming test. Advanced technique of water safety and rescue; American Red Cross certification awarded to those who qualify.

**ESS 315. Physical Fitness Concepts and Applications. (3 Credits)**

(3) I, II. Formerly PHE 315. Prerequisite: Open only to majors in Physical Education or those with departmental approval. Discussion, demonstration, practice of fitness concepts and various methods of developing physical fitness.

**ESS 320. Biomechanics. (3 Credits)**

A. Formerly PHE 320. Prerequisite: BIO 107 or 301. Corequisite: ESS 320L. Quantitative study of human movement through anatomical, physiological, and biomechanical concepts; analysis and application.

**ESS 320L. Biomechanics Lab. (1 Credit)**

A. Prerequisite: BIO 171 or 307. Corequisite of ESS 320. Qualitative and quantitative lab experiences of human movement through anatomical, physiological, and biomechanical experiences.

**ESS 322. Legal Issues in Sport. (3 Credits)**

I. Formerly PHE 322. Prerequisite: GBU204. Legal issues involved in the supervision, management, and business operations of sport. A critical perspective of the American legal system as it applies to sport.

**ESS 323. Movement Concepts and Skill Themes. (3 Credits)**

I. Formerly PHE 323. Prerequisites: physical education major, CED 100 and EDF 203. Motor skill themes and movement concepts required for planning and teaching the appropriate sequence and scope for achievement of learner outcomes through elementary physical education.

**ESS 324. Policy and Governance in Sport. (3 Credits)**

I. Formerly PHE 324. Designed to encourage students to integrate management theory with governance and policy development. Provides an overview of the sport industry from the perspective of the sport management professional.

**ESS 325. Exercise Physiology. (3 Credits)**

A. Formerly PHE 325. Prerequisite: BIO 171 OR 307 and 301 OR 308. Corequisite: ESS 325L. Extensively covering how the body adapts acutely and chronically to stressors. Credit will not be awarded to students who have credit for PHE 325.

**ESS 325L. Exercise Physiology Lab. (1 Credit)**

A. Prerequisite: BIO 171 or 307 and 301 or 308. Corequisite: ESS 325. Lab experience on the effects of physical activities on various systems of the human body. Direct observations of how the body adapts acutely and chronically to stressors.

**ESS 327. Sport in American Society. (3 Credits)**

II. Formerly PHE 327. Impact of sport in American society with attention to relationship of political, economic, ethnic, and institutional forces operating within the phenomenon of sport.

**ESS 328. Sport Finance. (3 Credits)**

II. Formerly PHE 328. Course will examine all aspects of successful sport business operations, including budgeting, legal issues, marketing, competitive positioning, regulatory compliance, and strategies for success in sport and recreation industry.

**ESS 340. Water Safety Instructor. (3 Credits)**

I, II. Prerequisite: proficient swimming ability. This American Red Cross course will train students to become certified swimming instructors. Course consists of lecture, lab, technique instruction, and practice teaching. WSI certification for those who qualify.

**ESS 343. Lifeguard Instructor. (3 Credits)**

A. Requires American Red Cross Lifeguard certification and age of 17 years or older. Course is designed to teach students who are already certified as American Red Cross Lifeguards to become American Red Cross lifeguard Instructors (LGIs), allowing them to instruct American Red Cross Lifeguard Training, First Aid and CPR for the Professional Rescuer/AED. Focuses on classroom and in-water instruction, planning, organizing, sequencing, skill development, and Red Cross operation policies and procedures.

**ESS 349A. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349A. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349B. Cooperative Learning: Physical Education. (0.5-8 Credits)**

**ESS 349C. Cooperative Learning: Physical Education. (0.5-8 Credits)**  
A. Formerly PHE 349C. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349D. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349D. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349E. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349E. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349F. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349F. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349G. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349G. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349H. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349H. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349I. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349I. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349J. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349J. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349K. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349K. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349L. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349L. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349M. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349M. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 349N. Cooperative Learning: Physical Education. (0.5-8 Credits)**

A. Formerly PHE 349N. Work in a cooperative placement related to student's academic studies. Satisfactory (S) or Unsatisfactory (U) grade. May be retaken to a maximum of eight hours. A minimum of 80 hours work required for each semester hour credit.

**ESS 360. Coaching Basketball. (2 Credits)**

I, II. Formerly PHE 360. Theory and practice in coaching the fundamentals of basketball; team offense and defense.

**ESS 362. Coaching Track and Field. (2 Credits)**

II. Formerly PHE 362. Theory and practice in coaching fundamentals involved in track and field.

**ESS 383. Sports Officiating. (1 Credit)**

I, II. Formerly PHE 383. Technique and skill of officiating, structure of officiating, and relationship between performance, behavior, and the official's duties.

**ESS 390. Lifetime Activity Series:\_\_\_\_. (0.5-2 Credits)**

I, II. Formerly PHE 390. A series of activities suitable for participation throughout life. Includes rules, skills, techniques, and strategies. May be retaken to a maximum of four hours toward graduation requirements. Credit will not be awarded to students who have received credit for HPR 390.

**ESS 400. Management of Sport Organizations. (3 Credits)**

I, II. Formerly PHE 400. Aspects of sport management including disciplinary foundations of sport, theoretical and applied foundations of organization and management, opportunities available in various segments of the sport industry, and professional preparation and development.

**ESS 407. Strength and Conditioning Programming. (3 Credits)**

I, II. Formerly PHE 407. Advanced skills in developing, implementing, and evaluating strength training programs. Knowledge of strength and resistance training, spotting techniques, and safety techniques, exercises and associated anatomy, periodization, and general guidelines for all fitness levels and ages.

**ESS 415. Outdoor and Lifelong Leisure Motor Activities. (3 Credits)**

II. Formerly PHE 415. Prerequisites: EDF 203. Knowledge and skills needed to conduct cooperative, leisure, adventure, and outdoor motor activities for achievement of important personal and educational goals in the school system.

**ESS 420. Coaching Football. (2 Credits)**

I, II. Formerly PHE 420. Theory and practice in coaching the fundamentals of football; team offense and defense.

**ESS 423. Psychology of Coaching. (3 Credits)**

I. Formerly PHE 423. Study of the dynamics of coaching including performance enhancement and understanding the functions of the coaching process.

**ESS 430. Fitness Program Risk Management & Administration. (3 Credits)**

I. Formerly PHE 430. Prerequisites: ESS majors and junior or senior standing. Students will learn aspects of fitness and wellness program administration, risk management strategies. Students will be introduced to cardiovascular risk factors, and clinical exercise. Credit will not be awarded to students who have credit for PHE 430.

**ESS 433. Adult Physical Fitness Programs. (3 Credits)**

II. Formerly PHE 433. Prerequisites: ESSC Physical Fitness & Wellness Concentration and junior or senior standing. Practice and study of exercise programs meeting the guidelines of the American College of Sports Medicine (ACSM) for improving health-related fitness.

**ESS 435. Group Leadership in Fitness & Sport. (3 Credits)**

I. Formerly PHE 435. Prerequisites: ESS 320, and 325. A methods course teaching coaching skills for effective leadership in fitness & exercise science. Students will learn: basic coaching principles and implementation of progress and goal strategies. Students will apply principles of psychosocial interventions to improve outcomes. Credit will not be awarded to students who have credit for PHE 435.

**ESS 467. Skill Acquisition. (3 Credits)**

I. Formerly PHE 467. Practical application of principles of learning and performing motor skills taught in the physical activity environment and the influence of historical events on research in the area of skill acquisition.

**ESS 470. Internship: Sport Management. (1-6 Credits)**

A. Formerly PHE 470. Prerequisite: 2.0 GPA, completion of sport management core and supporting courses. Students are required to document a minimum of 50 hours of sport management related experiences prior to enrollment in PHE 470. Supervised experiences in the directing of sports and physical activities in various settings. May be retaken to a maximum of six hours.

**ESS 472. Internship: Physical Fitness and Wellness Management. (1-6 Credits)**

A. Formerly PHE 472. Prerequisite: 2.0 GPA; completion of physical education core courses and physical fitness and wellness option courses. Students are required to document a minimum of 50 hours of physical fitness and wellness related experiences prior to enrollment in PHE 472. Supervised experiences in the directing of wellness and physical fitness activities in various settings. May be retaken to a maximum of six hours.

**ESS 485. Independent Study. (1-3 Credits)**

I, II. Formerly PHE 485. Individual work on a physical education related problem in supervised situation. Restricted to undergraduate physical education major or minor student. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**ESS 490. Experiences in Research. (1-3 Credits)**

I, II. Formerly PHE 490. Prerequisites: ATR 100 or PHE 201 and departmental approval. Directed research experience in athletic training, physical education or sports management. May be retaken to a maximum of 9 hours. Students must have research proposal form approved by faculty supervisor and department chair prior to enrollment.

**ESS 517. Bioenergetics of Performance and Sports Nutrition. (3 Credits)**

A. Formerly PHE 517. Prerequisite: Junior/senior standing in major or with departmental approval. Study of bioenergetics processes and the relationship to energy storage, transformation and utilization in biological systems. Study of energy metabolism during different physiological conditions and the applications to clinical exercise science and sport.

**ESS 520. Advanced Strength and Condition. (3 Credits)**

I, II Prerequisites: ESS 407 with a minimum grade of "C"; or Instructor approval. Course is an advanced education in the field of strength and conditioning, principles, organization, and techniques. Higher level understanding of human physiology will be gained with specific emphasis on optimizing adaptation response.

**ESS 530. Sport Communications. (3 Credits)**

II. Formerly PHE 530. Students will explore and apply communication theories to the sport and exercise industry. Emphasis will be on examination of public and media relations with a special focus on organizational communication to external and internal publics.

**ESS 562. Adapted Physical Activity and Special Populations Programming. (3 Credits)**

I, II. Formerly PHE 562. Principles and practices of adapted physical activity and exercise programming for special populations and at risk, chronic disease populations. Content will emphasize the nature and needs of exceptional persons, etiology of disabilities, and exercise interventions. Credit will not be awarded for both ESS 562 and PHE 562.

**ESS 575. Tests and Measurements. (3 Credits)**

I, II. Formerly PHE 575. Administration and scoring of tests; evaluation of use of results obtained.

**ESS 590. Special Topics in Exercise and Sport Science. (1-4 Credits)**

A. Formerly PHE 590. Study of various topics in physical education and sport selected to meet special student needs and interests.

**ESS 599. Tactical Strength and Conditioning. (3 Credits)**

Prerequisites: Junior standing and a 2.5 GPA. Foundations of preparing, periodizing, and developing tactical-based athletes and professionals. Tactical athletes include military, LEO, firefighter, and other first responders.

**ESS 717. Bioenergetics of Performance and Sports Nutrition. (3 Credits)**

(3) A. Formerly PHE 762. Study of bioenergetics processes and the relationship to energy storage, transformation and utilization in biological systems. Study of energy metabolism during different physiological conditions and the applications to clinical exercise science and sport.

**ESS 720. Advanced Strength and Condition. (3 Credits)**

I, II This course is an advanced education in the field of strength and conditioning, principles, organization, and techniques. Higher level understanding of human physiology will be gained with specific emphasis on optimizing adaptation response.

**ESS 730. Sports Communications. (3 Credits)**

I. Formerly PHE 730. Students will explore and apply communication theories to the sport and exercise industry. Emphasis will be on examination of public and media relations with a special focus on organizational communication to external and internal publics.

**ESS 762. Adapted Physical Activity and Special Populations Programming. (3 Credits)**

I, II. Formerly PHE 762. Principles and practices of adapted physical activity and exercise programming for special populations and at risk, chronic disease populations. Content will emphasize the nature and needs of exceptional persons, etiology of disabilities, and exercise interventions. Credit will not be awarded for both ESS 762 and PHE 762.

**ESS 775. Tests & Measurements. (3 Credits)**

I, II. Formerly PHE 775. Administration and scoring of tests, evaluation and use of results obtained.

**ESS 790. Special Topics in Ex/Sport Sci. (1-4 Credits)**

A. Formerly PHE 790. Study of various topics in physical education and sport selected to meet special student needs and interests. May be retaken to a maximum of six hours with advisor's approval provided subtitle is different.

**ESS 799. Tactical Strength and Conditioning. (3 Credits)**

Foundations of preparing, periodizing, and developing tactical-based athletes and professionals. Tactical athletes include military, LEO, firefighter, and other first responders.

**ESS 800. Research Methods. (3 Credits)**

I, II. Formerly PHE 800. Application of research methods in exercise and sport science with emphasis on consumption of research, methods of research, and tools and instrumentation for research.

**ESS 810. Financial Aspects of Sport. (3 Credits)**

A. Formerly PHE 810. Study of the principles, practices, and theories associated with finance planning and management of enterprises engaged in the provision of sport related services and/or products. Topics include budget planning and preparation, preparing and analyzing financial statements, revenue sources, money management, preparation of business plans and feasibility studies.

**ESS 812. Lifetime Fitness and Wellness. (3 Credits)**

A. Formerly PHE 812. Philosophical and factual basis for lifetime fitness for professional fitness leaders. Problem-solving and decision-making approaches to establish creative and effective programs.

**ESS 814. Sport Mkt/Prom/Fund Raising. (3 Credits)**

I, A. Formerly PHE 814. Marketing, promotion, and fund raising within the context of amateur and professional sport. An overview of sport business industry; theory; pricing, distribution, and promotional technique of sport; media relations; endorsement and sponsorships; and licensing.

**ESS 821. Physiological Bases of Phy Fit. (3 Credits)**

II. Formerly PHE 821. Effects of chronic exercise on neuromuscular, cardiovascular, respiratory, and metabolic function.

**ESS 822. Sociology of Sport. (3 Credits)**

A. Formerly PHE 822. Meaning of sport in contemporary societies; relationship of selected social factors on development of social groups and attitudes in varying levels of sport; structure and function of sport in simple and complex social institutions.

**ESS 823. Psychology of Sport & Exercise. (3 Credits)**

II. Formerly PHE 823. This course examines the psychological basis of organization and team dynamics of performance in sport and exercise behavior through an exploration of psychological theories and their applications to real world experiences.

**ESS 825. Policy and Governance of Sport. (3 Credits)**

II. Formerly PHE 825. An in-depth study of major sport governing agencies including organizational structure, constitutions, policies, procedures, and membership requirements of sport agencies at the state, national, and international levels.

**ESS 835. Legal Issues in Sports Science. (3 Credits)**

I. Formerly PHE 835. Principles and concepts of exercise and sport in contemporary society with primary emphasis on legal issues that relate to the exercise industry and amateur sport.

**ESS 839. Co-op or Appl Lrn: Physical Ed. (0.5-6 Credits)**

A. Formerly PHE 839. Prerequisites: departmental approval; must have been admitted to the Master of Science/Sports Administration option. Work under faculty and field supervisors in a cooperative placement related to student's academic studies. One to six hours credit per semester or summer. Six hours may count toward master's degree. A minimum of eighty hours work is required for each academic credit.

**ESS 839A. Co-op or Appl Lrn: Physical Ed. (0.5-6 Credits)**

A. Formerly PHE 839A. Prerequisites: departmental approval; must have been admitted to the Master of Science/Sports Administration option. Work under faculty and field supervisors in a cooperative placement related to student's academic studies. One to six hours credit per semester or summer. Six hours may count toward master's degree. A minimum of eighty hours work is required for each academic credit.

**ESS 839B. Co-op or Appl Lrn: Physical Ed. (0.5-6 Credits)**

A. Formerly PHE 839B. Prerequisites: departmental approval; must have been admitted to the Master of Science/Sports Administration option. Work under faculty and field supervisors in a cooperative placement related to student's academic studies. One to six hours credit per semester or summer. Six hours may count toward master's degree. A minimum of eighty hours work is required for each academic credit.

**ESS 839C. Co-op or Appl Lrn: Physical Ed. (0.5-6 Credits)**

A. Formerly PHE 839C. Prerequisites: departmental approval; must have been admitted to the Master of Science/Sports Administration option. Work under faculty and field supervisors in a cooperative placement related to student's academic studies. One to six hours credit per semester or summer. Six hours may count toward master's degree. A minimum of eighty hours work is required for each academic credit.

**ESS 839D. Co-op or Appl Lrn: Physical Ed. (0.5-6 Credits)**

A. Formerly PHE 839A. Prerequisites: departmental approval; must have been admitted to the Master of Science/Sports Administration option. Work under faculty and field supervisors in a cooperative placement related to student's academic studies. One to six hours credit per semester or summer. Six hours may count toward master's degree. A minimum of eighty hours work is required for each academic credit.

**ESS 839E. Co-op or Appl Lrn: Physical Ed. (0.5-6 Credits)**

A. Formerly PHE 839E. Prerequisites: departmental approval; must have been admitted to the Master of Science/Sports Administration option. Work under faculty and field supervisors in a cooperative placement related to student's academic studies. One to six hours credit per semester or summer. Six hours may count toward master's degree. A minimum of eighty hours work is required for each academic credit.

**ESS 839F. Co-op or Appl Lrn: Physical Ed. (0.5-6 Credits)**

A. Formerly PHE 839F. Prerequisites: departmental approval; must have been admitted to the Master of Science/Sports Administration option. Work under faculty and field supervisors in a cooperative placement related to student's academic studies. One to six hours credit per semester or summer. Six hours may count toward master's degree. A minimum of eighty hours work is required for each academic credit.

**ESS 848. History/Philosophy Ex/Sport Sc. (3 Credits)**

A. Formerly PHE 848. A study of organized physical activity of people in significant cultural epochs in history and the underlying philosophy that influenced these activities and the influence on modern exercise and sport science methods and techniques.

**ESS 850. Event and Facility Management. (3 Credits)**

I. Formerly PHE 850. A. Focus on fundamentals of event and facility management: organizing and operating athletic events, planning and modifying facilities associated with athletic, physical education, fitness, and recreation programs.

**ESS 869. Org Behavior & Leadership in ESS. (3 Credits)**

II. Formerly PHE 869. Students will study the basic concepts, theories, organization and administration including financial management as applied to exercise and sport science.

**ESS 870. Internship Sports Administration. (1-6 Credits)**

A. Formerly PHE 870. Supervised experience in selected aspects of sports in a sports administration setting. May be retaken to a maximum of six hours.

**ESS 871. Internship: Exercise/Wellness. (1-6 Credits)**

A. Formerly PHE 871. Supervised experiences of selected aspects of wellness programming.

**ESS 875. Seminar in Exercise and Sport. (3 Credits)**

A. Formerly PHE 875. Research and discussion of critical questions in physical education; topics to be studied will vary according to the concerns of seminar students.

**ESS 885. Independent Study. (1-3 Credits)**

A. Formerly PHE 885. Designed for graduate students who have demonstrated the ability to conduct individual research relating to physical education. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of three hours.

**ESS 891. Issues in Exercise/ Sport Sci. (3 Credits)**

A. Identification of critical issues arising from current problems; exploration of points of view and possible solutions.

**ESS 896. Sports Administration Capstone. (3 Credits)**

A. Formerly PHE 896. Comprehensive integration and application of program learning outcomes. The student will analyze and synthesize academic knowledge and practical experience as they relate to issues and problems in sports administration.

**ESS 897. Thesis. (3-6 Credits)**

A. Formerly PHE 897. For students preparing a thesis in partial fulfillment of the requirements for the master's degree programs. May be retaken to a maximum of six hours.

**REC 101. Recreation and Tourism Careers. (1 Credit)**

I, II. Introduction to the broad scope of careers and employment in recreation, parks, and leisure services organizations.

**REC 102. Introduction to Recreation Leadership. (3 Credits)**

I, II. Techniques of leadership in working with individuals in groups in various settings. Methods of organization, guidance, and supervision of program activities.

**REC 110. SCUBA Confined Water. (1 Credit)**

I. Relationships of scuba diving to adventure tourism, introduction to scuba diving equipment and techniques in confined water settings. This course is prerequisite to REC 111 Scuba Diving- Open Water.

**REC 111. SCUBA Open Water. (1 Credit)**

II. Prerequisite: REC 110. Relationships of scuba diving to adventure tourism, introduction to SCUBA diving equipment and techniques in open water settings. This course will be conducted over a 2.5 day period at an off-campus dive site.

**REC 112. Intro to Hiking and Backpacking. (1 Credit)**

(1) A. This course introduces students to the basic concepts, physical skills, technical skills and environmental ethics required for hiking and backpacking.

**REC 113. Intro Kayaking and Canoeing. (1 Credit)**

(1) A. This course introduces students to the basic concepts, physical skills, technical skills and environmental ethics required for Kayaking and Canoeing.

**REC 114. Intro to Mountain Biking. (1 Credit)**

(1) A. This course introduces students to the basic concepts, physical skills, technical skills and environmental ethics required for Mountain Biking.

**REC 163. Fieldwork I. (1 Credit)**

A. On-site observation and assistance within a recreation, park or leisure services agency. Observe and assist with recreation activities, programs and special events.

**REC 180. Outdoor Adventure Activities. (1 Credit)**

(1) I. Outdoor adventure course where students will gain skills in hiking, rock climbing, kayaking, caving, rafting, sailing, mountain biking, horseback riding, backpacking, snorkeling, and snow skiing. Students will attend skill-based workshops.

**REC 190. Challenge Course Introduction. (1 Credit)**

A. Outdoor-based experiential focus using the ECU Challenge Course, climbing tower, and group initiatives.

**REC 200. Leisure Diversity and Culture. (3 Credits)**

I, II. Examination of personal, philosophical, cultural diversity, economic, behavioral, and historical dimensions of play, recreation and leisure; evolution of leisure lifestyles; impact of leisure on the quality of life; and knowledge of professional roles.

**REC 210. Equine Assisted Therapeutic Recreation. (3 Credits)**

(3) I. Prerequisite: OTS 205 or departmental approval. Introduction to Equine Assisted Activities and Therapies (EAAT). The history and application of EAAT and the general emotional, physical and medical benefits of EAAT for individuals with diverse needs. This course provides hands on activities with a local program.

**REC 225. Recreation Hobbies. (3 Credits)**

A. Comprehensive study of recreation services and leisure education; emphasis on leisure time skills, hobbies, avocations, and lifetime recreation; utilization of constructive leisure from youth to senior adults including the disabled person.

**REC 250. Tourism Videography and Social Media. (3 Credits)**

II. An examination in tourism and recreation video production, with emphasis in field production and social media. The course combines theory, history and practice. Hands-on demonstrations, screenings, readings, lectures and discussion prepare students to develop skills in outdoor video production.

**REC 263. Fieldwork II. (2 Credits)**

A. Prerequisite: REC 163. On-site practical experience in a recreation, park, or leisure services agency. Organize and lead recreation programs.

**REC 270. Introduction to Rock Climbing. (3 Credits)**

A. This course introduces students to concepts, physical skills, technical skills and philosophical ethics required for indoor and outdoor rock climbing.

**REC 280. Programming Special Events. (3 Credits)**

A. Introduction to the methods and techniques of delivering fairs, festivals and special events. Course focuses on the principles and concepts of event planning, management, marketing, and evaluation.

**REC 290. Adventure Programming. (3 Credits)**

A. Application of adventure programming delivered experientially through problem solving activities, program design and technical skill development. Planning and implementation, facilitation strategies, safety procedures, equipment management, personnel administration, and program design are addressed.

**REC 300. Civic Engagement Experiences. (1-3 Credits)**

(1-3) I, II. Prerequisite: Sophomore, Junior, or Senior standing. Students will engage in structured civic engagement activities by completing community projects. Students will work as a group toward enhancing the local environment or community. This course blends an ongoing academic focus with experiential learning and service experiences. May be retaken to a maximum of six credit hours.

**REC 311. Introduction to Therapeutic Recreation. (3 Credits)**

I, II. An introductory course focusing on individuals with a variety of disabilities, legislation, barriers, accessibility, basic terminology, and awareness of special recreation, recreation therapy, sports, and the needs of individuals with disabilities.

**REC 325. Camp Supervision. (3 Credits)**

II. Supervision of camp programs, auxiliary services, and personnel.

**REC 349. Applied Learning in Recreation and Park Administration. (0.5-8 Credits)**

A. Prerequisite: department chair approval. Agency supervised fieldwork course. Minimum of 80 clock hours for each academic credit. Students must register with the Cooperative Education Office.

**REC 349A. Cooperative Study: Recreation and Park Administration. (0.5-8 Credits)**

A. Prerequisite: department chair approval. Agency supervised fieldwork course. Minimum of 80 clock hours for each academic credit. Students must register with the Cooperative Education Office.

**REC 349B. Cooperative Study: Recreation and Park Administration. (0.5-8 Credits)**

Agency supervised fieldwork course. Students must register with the Cooperative Education Office.

**REC 349C. Cooperative Study: Recreation and Park Administration. (0.5-8 Credits)**

Agency supervised fieldwork course. Students must register with the Cooperative Education office.

**REC 350. Supervision of Recreation Personnel. (3 Credits)**

A. Analysis of skills and techniques utilized in effective supervision of park, recreation, and leisure service personnel.

**REC 380. Natural Resource Tourism. (3 Credits)**

A. Issues in understanding natural resource tourism, sustainability, tourism lifecycle, impacts associated with natural resource tourism, and effective management. Theoretical approaches, case studies and applications. Emphasis on student participation and discussion.

**REC 401. Management of Recreation Services. (3 Credits)**

A. Management concepts and processes, organizational structure, policies, personnel, budget, and fiscal management, marketing and public relations, legal issues, and risk management.

**REC 406. Planning, Design, and Maintenance of Recreation Facilities. (3 Credits)**

II. Planning principles and procedures of recreation and park areas. Facilities, design problems, details of structure and equipment, master planning methods, study of standards and trends.

**REC 409. Independent Study. (1-3 Credits)**

A. Prerequisite: for majors and minors only. Independent study of special topics through directed readings and research. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken up to six hours.

**REC 410. Recreation Research & Evaluation. (3 Credits)**

II. Assessment and evaluation of recreation needs, interests, and agency effectiveness. Research processes including marketing and budgeting as related to recreation services will be the focus of this course.

**REC 411. Therap Rec Serv For Sr Adult. (3 Credits)**

I. Leisure problems, needs, assessments and etiology of the aging population. Basic terminology, organizations, programming, trends, resources, and facilities. Introduction to geriatrics.

**REC 411S. Therapeutic Recreation Services for Senior Adult. (3 Credits)**

I. Explores successful aging and the benefits of recreation therapy for seniors. The course includes a service learning project with a community partner determining the recreation needs of seniors, preventative lifestyle changes and opportunities for meaningful activities. Credit will not be awarded for both REC 411S and REC 411.

**REC 450. Senior Seminar. (3 Credits)**

I, II. Prerequisites: ENG 102 or 102R, 105(B), or HON 102 and for Recreation and Park Administration majors only; enroll the semester immediately preceding REC 463 or REC 473. Introduction to the senior internship and professional requirements. Study of trends in recreation practices. Development of a professional philosophy. Credit will not be awarded to students for both REC 450 and 450W.

**REC 450W. Senior Seminar. (3 Credits)**

(3) I, II. Prerequisites: ENG 102 or 102R, 105(B), or HON 102 and for Recreation and Park Administration majors only; enroll the semester immediately preceding REC 463 or REC 473. Introduction to the senior internship and professional requirements. Study of trends in recreation practices. Development of a professional philosophy. Credit will not be awarded to students for both REC 450 and 450W.

**REC 460. Advanced Leadership and Programming. (3 Credits)**

I, II. Prerequisite: REC 102. Comprehensive course in recreation program planning, development, and leadership techniques with individuals and groups. Students plan a seasonal program. 2 Lec/2 Lab.

**REC 463. Internship. (12 Credits)**

A. Prerequisites: 2.0 GPA; REC core and REC option courses. Completion of REC 450 with a minimum grade of "C". Placement in a recreation agency to lead and develop recreation programs, supervise personnel and facilities, and perform administrative duties. A minimum of 480 clock hours typically covering 12 or more weeks.

**REC 473. Therapeutic Recreation Internship. (12 Credits)**

I, II. Prerequisite: All REC Core and RT Concentration Courses with a 2.0 GPA. Completion of REC 450 with a minimum grade of "C". Placement in a recreation therapy agency to lead and develop recreation therapy programs, supervise clients, facilities, and perform administrative duties. A minimum of 560 clock hours typically covering 14 weeks.

**REC 480. Resort Recreation Management. (3 Credits)**

A. Prerequisite: REC 280. Investigation of the methods and techniques of resort recreation management, and its position within the tourism and hospitality industries. Examines customer service and marketing, international markets, human resources, and fiscal implications.

**REC 481. Research Methods in Tourism. (3 Credits)**

A. Prerequisites: REC 280 and REC 380. Introduction to the methods and techniques of tourism research. Student competencies include understanding, interpreting, and applying research to tourism related services.

**REC 490. Challenge Course Management. (3 Credits)**

A. Prerequisite: REC 290. Advanced leadership and facilitation techniques for challenge course management. Designed for individuals who have experience on challenge courses and need additional training.

**REC 511. Therapeutic Recreation Practices and Services. (3 Credits)**

I, II. Interventions and utilization of terminology. Apply leadership skills, assistive technology, and programming applications. 2 Lec/2 Lab.

**REC 512. Mgmt of Therapeutic Rec Serv. (3 Credits)**

Management concepts applied to delivering therapeutic recreation services, and includes: documentation, activity analysis, assessment, liability, legislation, and standards of practice.

**REC 512S. Management of Therapeutic Recreation Services. (3 Credits)**

I, II. Prerequisite: for majors only. Management concepts applied to delivering recreation therapy services, and includes: documentation, activity analysis, assessment, liability, legislation, and standards of practice. Includes 15 service learning hours.

**REC 516. Recreation and Park Interpretive Services. (3 Credits)**

The interpretation of natural, historical and cultural resources in recreation and park settings. Frequent agency visits and educational field seminars are components of this course.

**REC 520. Trends and Issues in Therapeutic Recreation. (3 Credits)**

A. Pre-requisite: REC 311. A professional issues and trends discussion on topics related to recreation therapy such as clinical practice, licensure, legislative and regulatory issues, curricular standardization, professional ethics and other relevant professional topics.

**REC 530. Park Management. (3 Credits)**

II. Park purposes and operations with an emphasis on natural resources and visitor management. Concentration on design, resource conservation and preservation, public relations, and park policies.

**REC 590. Special Topics:\_\_\_\_. (1-3 Credits)**

A. Identification and study of specialized techniques in recreation leadership, activity skills, operational methods, and services. May be retaken under different workshop title.

**REC 711. Rec Therapy Prac & Services. (3 Credits)**

II. Interventions and utilization of terminology. Apply leadership skills, assistive technology, and programming applications. 2 Lec/2 Lab.

**REC 712. Mgmt of Therapeutic Rec Servic. (3 Credits)**

Management concepts applied to delivering therapeutic recreation services, and includes: documentation, activity analysis, assessment, liability, legislation and standards of practice.

**REC 712S. Mgmt of Rec Therapy Services. (3 Credits)**

I. Prerequisite: for majors only. Management concepts applied to delivering recreation therapy services, and includes: documentation, activity analysis, assessment, liability, legislation, and standards of practice. Includes 15 service learning hours.

**REC 716. Rcrtn & Prk Interpretive Srvcs. (3 Credits)**

The interpretation of natural, historical and cultural resources in recreation and park settings. Frequent agency visits and educational field seminars are components of this course.

**REC 720. Trends/Issues in Rec Therapy. (3 Credits)**

A. Professional issues and trends discussion on topics related to recreation therapy such as clinical practice, licensure, legislative and regulatory issues, curricular standardization, professional ethics and other relevant professional topics.

**REC 730. Park Management. (3 Credits)**

II. Park purposes and operations with an emphasis on natural resources and visitor management. Concentration on design, resource conservation and preservation, public relations, park policies.

**REC 790. Special Topics:\_\_\_\_\_. (1-3 Credits)**

A. Identification and study of specialized techniques in recreation leadership, activities skills, operational methods, and services. May be retaken under different subtitle.

**REC 800. Literature Analysis in Rec. (1 Credit)**

I. Individualized study of recreation and park administration designed for students entering the graduate program without a degree in recreation, parks, or tourism. It is recommended that this course be completed before taking classes in the graduate program. This course must be passed with at least a B grade.

**REC 801. Park, Rec & Tour Resrch Methds. (3 Credits)**

II. Emphasis will be on applied research methods in the field of parks, recreation, leisure and tourism. Prepares students to understand and identify appropriate data collection methods, sampling, questionnaire design, data analysis, and interpretation of research literature.

**REC 809. Advanced Study in Recreation. (3 Credits)**

A. Prerequisite: REC 801. Directed study of topics in recreation and leisure. An advanced study project and individual meetings with instructor are required. An advanced study proposal from must be approved prior to enrollment.

**REC 815. Internship. (1-3 Credits)**

A. Prerequisite: department chair approval. Supervised practical work experience in a clinical or administrative setting.

**REC 825. Phil of Recreation and Leisure. (3 Credits)**

I. Examination of recreation theory and practice from both research and empirical bases. Significance of leisure and recreation for the individual and society. Recreation's future in a changing cultural milieu.

**REC 830. Outdoor Rec. in America. (3 Credits)**

I. A study and analysis of outdoor recreation policy development and agency management. Includes the development of natural and historical interpretive services.

**REC 840. Admin Proc & Pract. (3 Credits)**

II. Principles and concepts of administration, in-depth investigation of budgeting, policy formulation, and legislative provisions.

**REC 850. Recreation & Tourism Marketing. (3 Credits)**

I, II. The purpose of this course is to provide the student with an in-depth understanding of marketing in the public and commercial recreation sectors, parks, and leisure services.

**REC 870. Rec Therapy Quality Assurance. (3 Credits)**

I, II. Examine the components of quality assurance and techniques for evaluation related to programs, management, and patient outcomes in therapeutic recreation settings.

**REC 871. Therapeutic Recreation Admin. (3 Credits)**

I, II. Understand the characteristics of management, administrative management, as related to human services in therapeutic recreation.

**REC 890. Independent Study in REC. (3 Credits)**

I, II, A. Student must have the independent study proposal form approved by the graduate program director and chair prior to enrollment. Student initiated directed study for the purpose of conducting research and examining issues in park, recreation, and leisure services. May be retaken up to six hours, provided the topics are different.

**REC 897. Thesis. (3-6 Credits)**

A. Designed for students preparing a thesis in partial fulfillment of the requirements for the master's degree program.

## Adventure Recreation & Leadership, Departmental Certificate

### Program Requirements

Code	Title	Hours
<b>Certificate Requirements</b>		
REC 163	Fieldwork I	1
REC 180	Outdoor Adventure Activities	1
REC 263	Fieldwork II	2
REC 349	Applied Learning in Recreation and Park Administration	2
REC 290	Adventure Programming	3
REC 460	Advanced Leadership and Programming <sup>1</sup>	3
Choose from six hours of the following:		6
REC 409	Independent Study <sup>1</sup>	

REC 516/716	Recreation and Park Interpretive Services	
REC 530/730	Park Management	
REC 590/790	Special Topics:___	
<b>Total Hours</b>		<b>18</b>

1  
Course may have pre-requisite or co-requisite

## Coaching (Non-Teaching), Minor Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
ESS 212	Care and Prevention of Athletic and Exercise Injuries	3
ESS 301	Foundations of Coaching	3
ESS 322	Legal Issues in Sport	3
ESS 383	Sports Officiating	1
ESS 423	Psychology of Coaching	3
ESS 224	Team Sports II	3
or ESS 305	Individual and Dual Sports I	
ESS 407	Strength and Conditioning Programming	3
or ESS 590	Special Topics in Exercise and Sport Science	
<b>Total Hours</b>		<b>19</b>

Current CPR and First Aid certification required at the time of graduation.

## Coaching/Personal Training, Departmental Certificate Program Requirements

Code	Title	Hours
<b>Certificate Requirements</b>		
ESS 212	Care and Prevention of Athletic and Exercise Injuries	3
ESS 301	Foundations of Coaching	3
ESS 383	Sports Officiating	1
ESS 423	Psychology of Coaching	3
ESS 407	Strength and Conditioning Programming	3
Choose from one of the following:		2
ESS 261	Coaching Baseball and Softball	
ESS 360	Coaching Basketball	
ESS 361		
ESS 362	Coaching Track and Field	
ESS 420	Coaching Football	
ESS 224	Team Sports II	3
or ESS 305	Individual and Dual Sports I	
Choose from one of the following:		1
EMC 104	Healthcare Basic Life Support	
CPR certification		
<b>Total Hours</b>		<b>19</b>

Current CPR required at the time of graduation.

## Exercise & Sport Science, Bachelor of Science with a Concentration in Physical Fitness & Wellness Management (B.S.)

### Program Requirements

CIP Code: 26.0908

### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

### Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
	General Education	36
<i>Student Success Seminar</i>		
H50 100	Student Success Seminar (waived for transfers with 30+ hrs.)	1
Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)		
<b>Major Requirements</b>		
<i>Core Courses</i>		
ESS 212	Care and Prevention of Athletic and Exercise Injuries	3
ESS 315	Physical Fitness Concepts and Applications	3
ESS 320	Biomechanics	3
ESS 320L	Biomechanics Lab	1
ESS 325	Exercise Physiology	3
ESS 325L	Exercise Physiology Lab	1
ESS 562	Adapted Physical Activity and Special Populations Programming	3

Current CPR certification required at time of graduation. Students within all ESS concentrations will take these common "core" courses.

**Concentrations**

Students must select one of the following Concentrations:

Physical Fitness & Wellness Management	30-32
Pre-Athletic Training	
Pre-Physical Therapy	

*Supporting Course Requirements*

All Concentrations:

BIO 307	Human Anatomy and Physiology I	3
BIO 308	Human Anatomy and Physiology II	3
NFA 201	Essentials of Nutrition	3
Physical Fitness & Wellness Management		7
Pre-Athletic Training		
Pre-Physical Therapy		

*Free Electives*

Physical Fitness & Wellness Management	18-20
Pre-Athletic Training <sup>1</sup>	
Pre-Physical Therapy <sup>1</sup>	
<b>Total Hours</b>	<b>120</b>

<sup>1</sup>  
3 hours of free electives must be at or above the 300 level

**Concentration**

Code	Title	Hours
<b>Concentration Courses</b>		
ESS 303	Fitness Management & Marketing	3
ESS 407	Strength and Conditioning Programming	3
ESS 430	Fitness Program Risk Management & Administration	3
ESS 433	Adult Physical Fitness Programs	3
ESS 435	Group Leadership in Fitness & Sport	3
ESS 472	Internship: Physical Fitness and Wellness Management <sup>1</sup>	6
ESS 517	Bioenergetics of Performance and Sports Nutrition	3
ESS 190 & ESS 390	Wellness Experience:____ and Lifetime Activity Series:____	5
ESS 241	Introduction to Swimming	1
ESS 313 or ESS 340	Lifeguard Training or Water Safety Instructor	3
<i>Supporting Course Requirements</i>		
EMC 104	Healthcare Basic Life Support	1
HEA 305	Chronic Disease & PublicHealth	3
HEA 320	Introduction to Behavior Change	3
HEA 380	Mental Health Promotion	3
Current first aid & CPR certification at time of graduation		
<b>Total Hours</b>		<b>43</b>

<sup>1</sup>  
Students must document fifty (50) hours of Fitness & Wellness Management related experiences prior to enrolling in ESS 472 Internship: Physical Fitness and Wellness Management.

## Exercise and Sport Science, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Physical Fitness & Wellness Management

Students accepted to the B.S. in Exercise and Sport Science to M.S. in Exercise and Sport Science 3+2 accelerated dual degree program will complete the B.S. in ESS: Physical Fitness and Wellness Management concentration and the M.S. in ESS: Exercise and Wellness Concentration within 5 calendar years because 9 semester hours of graduate-level coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

Admission requirements for the graduate portion of the 3+2 programs adhere to the requirements for the M.S. Exercise and Sport Science – Exercise and Wellness Concentration in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their B.S. requirements. Students admitted into the 3+2 program must complete the B.S. in Exercise and Sport Science: Physical Fitness & Wellness Management Concentration degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework and then maintain a 3.0 GPA with graduate coursework to remain in the graduate courses. Students must fulfill all graduation requirements listed below. Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year.

### Admissions Requirements:

**You must satisfy all the following conditions:**

1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 option
3. Approval from department and Graduate School (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>))

4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

## Program Requirements:

CIP Code: 26.0908

Students in the 3+2 Accelerated Dual Degree Program must complete the listed BS in Exercise and Sport Science: Physical Fitness and Wellness Management requirements along with the requirements for the MS in Exercise and Sport Science: Exercise and Wellness concentration. Nine credit hours of graduate-level course work are applicable to the undergraduate degree.

## Recreation and Park Administration, Bachelor of Science (B.S.) and Master of Science (M.S.) Accelerated 3+2 Dual Degree Program with a Concentration in Outdoor Recreation and Natural Resources Management

Students may apply for admission to the Accelerated 3+2 Dual Degree program in their junior or senior year. Students are able to complete their B.S. degree and M.S. degree within 5 calendar years because of

the accelerated curriculum and because 9 semester hours of 700-level graduate coursework will apply to both the undergraduate B.S. degree and the graduate M.S. degree. Only undergraduate students of proven academic ability will be considered for the program.

Entrance requirements for the 3+2 must adhere to the same requirements for the M.S. Recreation and Park Administration Program in the Graduate Catalog, except entrance examinations (e.g. GRE) are not required for the 3+2 program. Students must fulfill all graduation requirements listed below. Students admitted into the program will remain coded as undergraduate until fulfilling their BS requirements. Students admitted into the 3+2 program must complete the Recreation And Park Administration BS degree with a minimum 3.0 GPA to be allowed to proceed with graduate program coursework.

### Program Requirements

CIP Code: 31.0301

Students in 3+2 Accelerated Dual Degree program must complete the listed Recreation And Park Administration B.S. program requirements along with the same requirements for the Recreation And Park Administration M.S. Program (presented in the Graduate Catalog: listing at <http://gradschool.eku.edu/graduate-catalog> (<http://gradschool.eku.edu/graduate-catalog/>)). Nine (9) credit hours of 700-level graduate coursework (REC 716 Rcrtn & Prk Interpretive Svcs, REC 730 Park Management, and REC 790 Special Topics:\_\_\_\_\_ ) are applicable to the undergraduate degree.

# Sport Management, Bachelor of Science with a Concentration in Applied Professional Studies(B.S.)

The sport management major is offered both as a traditional on-campus degree program or 100% on-line degree program through e-Campus.

The major in Sport Management prepares the student for administrative careers in recreational and competitive sports programs, fitness centers, and other sport-related organizations. The complexities and challenges of sports require a well-prepared professional with qualifications in sports programming, supervision, management, facility planning, promotions, and purchasing.

The Sport Management major provides a quality educational experience that will prepare the student for a career in the rapidly changing arena of sport. The students receive cutting-edge instruction in a practice major of study that culminates in an internship experience that gives the student the "hands-on" experience necessary to secure employment within the industry. The internship is offered cooperatively with a variety of sport organizations, including professional sports teams, college athletic departments, and community organizations.

Students majoring in Sport Management are strongly encouraged to also declare a minor in Business and take the additional nine hours required for the minor.

## Program Requirements

## Department of Public Health and Clinical Sciences

### Chair

Dr. Ismail El-Amouri  
(859) 622-3078  
Dizney 220

### Associate Chair

Dr. Heather Tudor  
(859) 622-3078  
Dizney 220

### Faculty

T. Altheide, M. Ballard, M. Bhandari, G. Brown, P. Bryden, A. Davis, I. El-Amouri, V. Grabeel, J. Hisel, L. Larkin, J. Lasslo, A. MacDonald, J. Marion, M. McKinney, B. Moberly, M. Mundy, J. Price, L. Schwartz, H. Tudor, D. Vanhove, J. Vorbeck and M. Wyatt

The Department of Public Health and Clinical Sciences offers the following Bachelor of Science degrees:

- Environmental Health Science and Sustainability
- Health Services Administration
- Medical Laboratory Science
- Public Health

For more information, see individual program.

### Bachelor's

- Environmental Health Science and Sustainability, Bachelor of Science (B.S.) (p. 229)
- Health Services Administration, Bachelor of Science with a Concentration in Health Care Management (B.S.) (p. 231)
- Health Services Administration, Bachelor of Science with a Concentration in Health Informatics and Information Management (B.S.) (p. 232)

- Medical Laboratory Science, Bachelor of Science (B.S.) (p. 234)
- Public Health, Bachelor of Science with a Concentration in Health Promotion (B.S.) (p. 238)
- Public Health, Bachelor of Science with a Concentration in Pre#Professional (B.S.) (p. 240)

### Accelerated

- Public Health, Bachelor of Science (B.S.) & Master of Public Health (M.P.H.) Accelerated 3 + 2 Dual Degree Program with a Concentration in Health Promotion (p. 235)
- Public Health, Bachelor of Science (B.S.) & Master of Public Health (M.P.H.) Accelerated 3 + 2 Dual Degree Program with a Concentration in Pre#Professional (p. 237)

### Certificates

- Environmental Public Health Studies, Departmental Certificate (p. 230)
- Public Health, Departmental Certificate (p. 241)

### Minors

- Environmental Health Science and Sustainability, Minor (p. 230)
- Health Services Administration, Minor (p. 234)
- Public Health, Minor (p. 241)
- Substance Use Prevention, Minor (p. 242)

### Courses

#### EHS 225. African/African-Amer Hlth Iss. (3 Credits)

I. Cross listed as AFA 225. Provides the student with an understanding of the medical and public health issues relevant to the maintenance of health conditions both in the United States and Africa. Credit will not be awarded to students who have credit for AFA 225.

#### EHS 230. Recreational Health. (3 Credits)

II. Provides the student with an understanding of the biological, chemical and physical threats to health and life from the recreational, amusement, travel and tourist environments.

#### EHS 280. One Health: Global Environmental Public Health. (3 Credits)

A. Elements of global environmental health from a One Health Perspective, including water and waste treatment, air pollution, food sanitation, vector control, solid waste disposal, and general sanitation problems.

#### EHS 290. Seminar in Environ Health. (2 Credits)

A. Prerequisite: departmental approval. Discussion and analysis of literature related to selected current environmental health problems.

#### EHS 300. Water and Health. (4 Credits)

I, II. Prerequisite: ENG 102 or 102R, 105(B), or HON 102, EHS 280, BIO 320 or MLS 209 and MLS 211. Drinking water safety in both individual private systems and larger public systems. Maintenance of raw water quality, water purification, delivery systems, and surveillance. Techniques for collection, treatment, and disposal of sewerage also discussed. Credit will not be awarded for students who have credit for EHS 300W.

**EHS 300W. Water and Health. (4 Credits)**

I, II. Prerequisite: ENG 102 or 102R, 105(B), or HON 102, EHS 280, BIO 320 or MLS 209 and MLS 211. Drinking water safety in both individual private systems and larger public systems. Maintenance of raw water quality, water purification, delivery systems, and surveillance. Techniques for collection, treatment, and disposal of sewerage also discussed. Credit will not be awarded for students who have credit for EHS 300.

**EHS 335. Hazardous and Solid Waste Management. (3 Credits)**

II. Prerequisites: CHE 111, 111L and EHS 280; or departmental approval. Nature of toxic and hazardous wastes and methods for their disposal to protect health and the environment and to prevent contamination of groundwater. The environmental health and safety aspects of solid waste collection, treatment and disposal, and regulations governing waste management are also discussed.

**EHS 340. Total Worker Health Principles. (3 Credits)**

I, II. Prerequisites: BIO 111, CHE 111, 111L and EHS 280; or departmental approval. The impact of the workplace on safety and health, and methods for avoiding work-related illnesses. Emphasis will be on the evaluation and the control of the work environment to protect worker health.

**EHS 345. Applied Total Worker Health. (4 Credits)**

II. Prerequisite: EHS 340 or departmental approval. In-depth discussion of the chemical and physical hazards of the workplace and their evaluation and to provide hands-on experience in industrial hygiene sampling and analysis.

**EHS 349. Applied Learning in Environmental Health Science. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

**EHS 349A. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

**EHS 349B. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

Work in placements related to academic studies.

**EHS 349C. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

Work in placements related to academic studies.

**EHS 349D. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

Work in placements related to academic studies.

**EHS 349E. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

Work in placements related to academic studies.

**EHS 349F. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

Work in placements related to academic studies.

**EHS 349G. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

Work in placements related to academic studies.

**EHS 349H. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

Work in placements related to academic studies.

**EHS 349I. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

Work in placements related to academic studies.

**EHS 349J. Cooperative Study: Environmental Health Science. (0.5-8 Credits)****EHS 349K. Cooperative Study: Environmental Health Science. (1-8 Credits)****EHS 349L. Cooperative Study: Environmental Health Science. (1-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

**EHS 349M. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

**EHS 349N. Cooperative Study: Environmental Health Science. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to six hours credit per semester or summer. A minimum of 80 hours work required for academic credit.

**EHS 355. CBR Terrorism & Environmental Health. (3 Credits)**

II. This course will provide students with environmental health principles required to protect individuals and communities in times of war, general emergencies and disaster, both natural and human, due to chemical, biological and radioactive threats.

**EHS 360. Air Quality & Climate Change. (4 Credits)**

A. Prerequisites: CHE 112, 112L and EHS 280; or departmental approval. Health effects of air pollution, including a discussion of the primary sources of airborne pollutants, their transport and transformation, the control of air pollution, state and national standards.

**EHS 370. Environmental Disease Detectives: Epidemiology. (3 Credits)**

I, II. Prerequisites: EHS 280 and STA 215; or departmental approval. The use of data to define the health effects of exposed individuals or populations to hazardous materials and situations.

**EHS 380. Food Security and Sanitation. (3 Credits)**

I, II. Prerequisites: EHS 280 or departmental approval. A study of the health effects of food-borne disease, including an in-depth discussion of the physical, chemical, and biological contaminants that cause an estimated 76 million cases of food-borne illnesses annually in the U.S. An examination of the food processing and food service industry's failings and efforts to prevent food-borne illness will be the primary focus.

**EHS 390. EHS Special Problems in Environmental Health. (1-4 Credits)**

A. Prerequisite: departmental approval. For independent work, or special workshops, or special topics as they relate to environmental health issues and problems. May be retaken for maximum of eight hours.

**EHS 395. Environmental Problem Analysis. (3 Credits)**

II. Prerequisites: EHS 335, 340, and MAT 107 or 109; or departmental approval. Application of the student's knowledge gained from technical course work to analyze environmental problems. Emphasis is on logically solving environmental health issues that the student can expect when working in the field.

**EHS 425. One Health: Planning to Practical Application. (3 Credits)**

A. Prerequisites: EHS 280 and 335. Administration, planning, implementation, and evaluation of environmental health programs. Discussion of resources and promotional techniques, and the role of the environmental health specialist dealing with community, state, and regional agencies.

**EHS 440. Environmental and Industrial Toxicology. (3 Credits)**

II. Prerequisites: CHE 112, 112L and EHS 280; or departmental approval. Health effects and nature of toxic substances with discussion of dose-response relationships, latency, target organs, and potential exposures in the environment.

**EHS 460. Healthy Housing and Sustainability. (3 Credits)**

A. Prerequisite: EHS 280 or departmental approval. Corequisite: EHS 485. Discusses the requirements for healthful housing means of attaining and maintaining these requirements. Reviews environmental health concerns relating to day-care centers, schools, hospitals, nursing homes, and prisons. Describes surveillance, evaluative, and corrective methods.

**EHS 463. Field Experience in Environmental Health. (3 Credits)**

A. Prerequisites: EHS 300, 335, 380, and departmental approval. Supervised and directed field experience in local, state, regional environmental health agencies, or with appropriate industries. Eight to ten weeks full-time required depending on work place.

**EHS 485. Life After College: The Professional. (1 Credit)**

A. Prerequisite: 90 hours. Corequisite: EHS 460. Provides the graduating student a certification and licensure review for their required state and national exams. The student will also be taught how to develop professional success strategies and long range career plans.

**EHS 498. Independent Study in Environmental Health. (1-3 Credits)**

A. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department coordinator prior to enrollment. Opportunity for individual work on an environmental health research problem in a supervised situation.

**EHS 510. Radiological Health and Safety. (3 Credits)**

A. Provides the student with the principles of health effects from ionizing radiation, including radiation sources, detection, measurement, control, and safety devices. Student will be able to identify, evaluate and control radiation in the work environment; implement a radiation monitoring program; establish emergency plans for actions to be taken in event of radiological accident; develop risk assessment and communication program. Credit will not be awarded to students who have received credit for EHS 710.

**EHS 530. Emerging and Re-emerging Infectious Diseases. (3 Credits)**

I, II. Prerequisite: Senior Standing; BIO 111 and EHS 280. The student will acquire an understanding of the principles, biology, identification, evaluation, and control of vector borne diseases and other emerging/re-emerging diseases of public health concern.

**EHS 710. Radiological Health & Safety. (3 Credits)**

A. Provides the student with the principles of health effects from ionizing radiation, including radiation sources, detection, measurement, control, and safety devices. Student will be able to identify, evaluate and control radiation in the work environment; implement a radiation monitoring program; establish emergency plans for actions to be taken in event of radiological accident; develop risk assessment and communication program. Credit will not be awarded to students who have received credit for EHS 510.

**EHS 730. Emerging and Re- Infect Diseases. (3 Credits)**

I, II. The student will acquire an understanding of the principles, biology, identification, evaluation, and control of vector borne diseases and other emerging/re-emerging diseases of public health concern.

**EHS 839. Appl Learning in Env Hlth Sci. (0.5-6 Credits)**

A. Cross listed with EHS 863. Supervised and directed field experience at official agencies at any level of government (local, state or national) or with a private industry. The EHS field practice course administrator must approve all field-training sites before selection or assignment. Credit will not be awarded to students who have credit for EHS 863.

**EHS 839A. Co-op in Environmental Health. (0.5-6 Credits)****EHS 839B. Co-op in Environmental Health. (0.5-6 Credits)**

A. Cross listed with EHS 863. Supervised and directed field experience at official agencies at any level of government (local, state or national) or with a private industry. The EHS field practice course administrator must approve all field-training sites before selection or assignment. Credit will not be awarded to students who have credit for EHS 863.

**EHS 839C. Co-op in Environmental Health. (0.5-6 Credits)**

A. Cross listed with EHS 863. Supervised and directed field experience at official agencies at any level of government (local, state or national) or with a private industry. The EHS field practice course administrator must approve all field-training sites before selection or assignment. Credit will not be awarded to students who have credit for EHS 863.

**EHS 839D. Co-op in Environmental Health. (0.5-6 Credits)**

A. Cross listed with EHS 863. Supervised and directed field experience at official agencies at any level of government (local, state or national) or with a private industry. The EHS field practice course administrator must approve all field-training sites before selection or assignment. Credit will not be awarded to students who have credit for EHS 863.

**EHS 839E. Co-op in Environmental Health. (0.5-6 Credits)**

A. Cross listed with EHS 863. Supervised and directed field experience at official agencies at any level of government (local, state or national) or with a private industry. The EHS field practice course administrator must approve all field-training sites before selection or assignment. Credit will not be awarded to students who have credit for EHS 863.

**EHS 839F. Appl Learning in Env Hlth Sci. (0.5-6 Credits)**

A. Cross listed with EHS 863. Supervised and directed field experience at official agencies at any level of government (local, state or national) or with a private industry. The EHS field practice course administrator must approve all field-training sites before selection or assignment. Credit will not be awarded to students who have credit for EHS 863.

**EHS 840. Total Worker Health. (3 Credits)**

A. A study of the impact of the work place on worker's health and the control of causative factors of disease.

**EHS 841. Occ Health Exposure Assessment. (3 Credits)**

A. Identify primary sources of potential chemical, physical and biological agents, identify techniques for assessing the risk of worker exposures and understand health impacts of occupational exposures to workers. (KYU and WEB course).

**EHS 855. Global Envir Crisis Management. (3 Credits)**

A. This course will provide students with environmental health principles required to protect the global environmental health of a community in times of emergency/disaster.

**EHS 860. Air Quality Assessment. (3 Credits)**

A. A study of health impacts of air pollution from both outdoor and indoor sources. The course will also provide information about methods of reduction, control, and elimination of air pollution.

**EHS 863. Field Experience in Env. Hea. (1-6 Credits)**

A. Cross listed with EHS 839. Supervised and directed field experience at official agencies at any level of government (state, local or national) or with private industry. The course administrator must approve all field-training sites before selection or assignment. Credit will not be awarded to students who have credit for EHS 839.

**EHS 865. Environmental Toxicology. (3 Credits)**

A. Toxicology, the principles, concepts and thinking that are its foundation. The mechanisms by which the substances enter the cells of the body, the physiological processes, the target organs, classes of toxic substances, and potential exposures.

**EHS 875. Principles of Ventilation. (3 Credits)**

A. Provides the student with the principles of ventilation including: design of fans, cleaners duct sizing: calculations, inspections, balancing the system, and overall maintenance. This course deals with use of ventilation to reduce or eliminate occupational exposures in the workplace.

**EHS 880. Food/Waterborne Sanitation. (3 Credits)**

A. The management of safety and disease hazards inherent in administering community programs of food hygiene, water supply, and wastewater treatment.

**EHS 885. Crisis Mgmt, Risk Com/Asmt. (3 Credits)**

A. Provides the student with the principles of Crisis Management and Risk Communication/Assessment by becoming familiar with laws that mandate risk communication, types, and approaches to risk communication, effective risk communication, importance of crisis management/communication, process of hazard risk assessment, and benefits of development and implementation of an emergency response program.

**EHS 890. Grad Project in Envrnmntl Hlth. (1-3 Credits)**

A. Research into a special topic in Environmental Health. Student must have approval of course faculty.

**HEA 202. Community First Aid and CPR. (3 Credits)**

I, II. Instruction and practice in first aid and safety procedures. Includes assessment and first aid procedures regarding life-threatening emergencies, injuries, medical emergencies, and rescues. Focus on prevention, as well as first aid. Includes American Red Cross certification in First Aid, Adult CPR with AED, child CPR, and Infant CPR. Credit will not be awarded for both HEA 202 and EMC 102.

**HEA 216. Introduction to Public Health. (3 Credits)**

I, II, A. Formerly HEA 316. An introduction to the public health discipline, the health of a population as influenced by social, cultural, behavioral, biological, environmental, and economic factors, and an overview of strategies to protect and promote the health in populations. Credit will not be awarded for both HEA 216 and HEA 316. Gen. Ed. E-5B [SB].

**HEA 285. Health Across the Lifespan. (3 Credits)**

I, II. Consideration of the various conditions and factors affecting individual and community health; special emphasis is on responsible decision-making, formulating philosophies, attitudes, and a behavioral understanding necessary to establish health living practices. Gen. Ed. VI. Fulfills University Wellness Requirement.

**HEA 290. Foundations of Health Promotion. (3 Credits)**

II. The history, foundational disciplines, and principles that led to the establishment of health promotion. The role of health promotion in the present health care system.

**HEA 300. Infectious Dis. and Public Hea. (3 Credits)**

I, II, A. Prerequisite: BIO 100 or higher. This course explores etiology, clinical signs and symptoms, prevention, and treatment of common infectious diseases. The course examines potential health outcomes. The course will incorporate health education, advocacy and communications to inform diverse populations. Credit will not be awarded for HEA 315 and HEA 300.

**HEA 305. Chronic Disease & PublicHealth. (3 Credits)**

I,II, A. Prerequisite: BIO 100 or higher. This course explores etiology, clinical signs and symptoms, prevention, and treatment of common chronic diseases. The course examines disease process and potential health outcomes. Students will identify effective health promotion strategies for chronic disease.

**HEA 310. Introduction TO Global Health. (3 Credits)**

(3) A. Prerequisite: ENG 102 or 105 or HON 102. Exploration of epidemiological, economic, political, sociological and cultural factors that impact global health with special emphasis on applying public health principles in developing as well as developed countries. Gen. Ed. Element 6.

**HEA 315. Issues in Health and Disease. (3 Credits)**

II. Etiology, effects, remediation, and prevention of disease. Nature of health and environmental issues and forces which shape them.

**HEA 320. Introduction to Behavior Change. (3 Credits)**

I, II. Examine theories and models of health behavior relevant to health education in individuals and communities. Students analyze influences on behavior, and evaluate strategies for health education.

**HEA 345. Drugs, the Individual, and Society. (3 Credits)**

I, II. Effect of drug use and abuse on the individual and society. Personal and community approaches for promoting intelligent decision making regarding drugs.

**HEA 349. Applied Learning in Public Health. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work under faculty and field supervisors in a cooperative placement related to a student's academic studies. Credit varies with hours of employment; one to eight hours per semester or summer. May be retaken to a maximum of 12 hours. Minimum 80 hours employment required for each semester hour credit.

**HEA 349A. Cooperative Study: Public Health. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work under faculty and field supervisors in a cooperative placement related to a student's academic studies. Credit varies with hours of employment; one to eight hours per semester or summer. May be retaken to a maximum of 12 hours. Minimum 80 hours employment required for each semester hour credit.

**HEA 349B. Cooperative Study: Public Health. (0.5-8 Credits)**

Work under faculty and field supervisors in a cooperative placement related to a student's academic studies.

**HEA 349C. Cooperative Study: Public Health. (0.5-8 Credits)**

Work under faculty and field supervisors in a cooperative placement related to a student's academic studies.

**HEA 349D. Cooperative Study: Public Health. (0.5-8 Credits)**

Work under faculty and field supervisors in a cooperative placement related to a student's academic studies.

**HEA 349E. Cooperative Study: Public Health. (0.5-8 Credits)**

Work under faculty and field supervisors in a cooperative placement related to a student's academic studies.

**HEA 349F. Cooperative Study: Public Health. (0.5-8 Credits)**

Work under faculty and field supervisors in a cooperative placement related to a student's academic studies.

**HEA 349G. Cooperative Study: Public Health. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work under faculty and field supervisors in a cooperative placement related to a student's academic studies. Credit varies with hours of employment; one to eight hours per semester or summer. May be retaken to a maximum of 12 hours. Minimum 80 hours employment required for each semester hour credit.

**HEA 350. Interpretation of Health Data. (3 Credits)**

I. Formerly HEA 450. Understanding graphical, statistical, and research techniques used in health. Developing competencies in analyzing and interpreting research results.

**HEA 375. Family Life Education. (3 Credits)**

I. Biophysical and psycho social aspects of sexuality and relationships, with emphasis on choices affecting health and well-being. Focuses on developing skills in teaching and facilitating positive behavior changes for people working in schools and communities.

**HEA 380. Mental Health Promotion. (3 Credits)**

I. Basic needs for mental and emotional wellness. Emphasis in the selection of appropriate activities for promoting mental health through community agencies.

**HEA 410. Social Marketing in Public Health. (3 Credits)**

Prerequisites: Senior standing or departmental approval. Introduction to current theory and knowledge in the fields of social marketing in public health and application of social marketing used for promoting health behavior change strategies.

**HEA 455. Introduction to Epidemiology. (3 Credits)**

I, A. Factors that affect the occurrence and courses of diseases; causative agents, susceptible hosts, favorable environments, and the effective use of statistical epidemiological methods.

**HEA 480. Health Promotion Program Planning. (3 Credits)**

I. Prerequisites: ENG 102 or ENG 105(B) or HON 102, restricted to majors or minors in Health Education or Public Health. A writing intensive course that is an introduction to principles, strategies, and skills which are necessary for the planning and implementation of health education and health promotion programs in a diversity of settings. Credit will not be awarded for both HEA 480W and HEA 480.

**HEA 480W. Health Promotion Program Planning. (3 Credits)**

I. Prerequisites: ENG 102 or ENG 105(B) or HON 102, restricted to majors or minors in Health Education or Public Health. A writing intensive course that is an introduction to principles, strategies, and skills which are necessary for the planning and implementation of health education and health promotion programs in a diversity of settings. Credit will not be awarded for both HEA 480W and HEA 480.

**HEA 485. Community Org & Policy Dev. (3 Credits)**

I, II, A. Prerequisite: Junior or senior standing or department approval. An analysis of community organizing and health policy development by examining community culture, the process of community organizing and coalition building, and the formation of a policy strategy to address policy issues affecting population health.

**HEA 490. Evaluation of Health Promotion Programs. (3 Credits)**

I, II. Prerequisite: HEA 480 or departmental approval. This course will provide an introduction to principles, strategies, and skills for the evaluation of health promotion programs in a variety of settings. Credit will not be awarded for both HEA 490 and HEA 580.

**HEA 497. Senior Seminar: Public Health. (3 Credits)**

I, II, A. Formerly HEA 420. Prerequisite or Corequisite: HEA 480W and junior or senior standing. Public Health major or departmental approval. Students will draw together skills and knowledge needed to enter the workforce, and will review core competencies required of the entry level public health professional. Credit will not be awarded for both HEA 420 and HEA 497.

**HEA 498. Community Health Promotion Process. (3 Credits)**

I, II, A. (Formerly HEA 460) Prerequisite or corequisite: HEA 316 or departmental approval. Planning, organizing, delivering, and evaluating the community health promotion program. Credit will not be awarded for HEA 460 and HEA 498.

**HEA 499. Internship in Public Health. (1-6 Credits)**

I, II, A. Formerly HEA 463. Prerequisites: HEA 420 or 497 or departmental approval. Supervised experiences for seniors in the directing of public health activities in various settings. May be retaken to a maximum of six hours. Credit will not be awarded for both HEA 463 and HEA 499.

**HEA 590. Health Education:\_\_\_\_. (1-3 Credits)**

Study of pertinent problems in health education. Includes topics such as aging, consumer health, child abuse, teenage pregnancy, elementary school health curriculum, drug education, school health services, health deviations among students, sexually transmitted diseases, etc. May be retaken with advisor approval provided subtitle is different.

**HEA 591. Women's Health. (3 Credits)**

A. Cross listed as WGS 591. Analysis of the major health problems of contemporary women with a special emphasis on health promotion, disease prevention, and consumer health concerns. Credit will not be awarded to students who have credit for WGS 591.

**HEA 592. Human Sexuality. (3 Credits)**

A. Cross listed as WGS 592. Study of the biological, social, and psychological aspects of human sexuality. Directed primarily toward those individuals in situations which require them to assist others in understanding the broad impact of one's sexuality. Emphasis is placed upon student development of logical and reasoned justifications for their own value system. Credit will not be awarded to students who have credit for WGS 592.

**HEA 593. Death and Grief. (3 Credits)**

A. Cross listed as WGS 593. A study of attitudes, behaviors, and issues concerning death and grief. Topics include responses to death and grief throughout the life cycle; process of grief and bereavement; theology and death; legal aspects of dying; care of the dying; suicide; post-mortem care; death education. Credit will not be awarded to students who have credit for WGS 593.

**HEA 594. Substance Use Prevention Skill. (3 Credits)**

I, II, A. Prerequisite: Junior or senior standing. A substance use prevention approach using a strategic prevention framework to develop the knowledge and skills needed to plan, implement, and evaluate effective, data-driven programs and practices that reduce behavioral health disparities and improve wellness.

**HEA 790. Health Education:\_\_\_\_\_. (1-3 Credits)**

A. Study of pertinent problems in health and health education. Includes topics such as: health care delivery, child abuse, teenage pregnancy, community health organizations, elementary school health curriculum, drug education, school and health services, health deviations among students, sexually transmitted diseases, etc. May be retaken once with advisor approval provided subtitle is different.

**HEA 791. Women's Health. (3 Credits)**

A. Analysis of the major health problems of contemporary women with special emphasis on health promotion, disease prevention, and consumer health concerns.

**HEA 792. Human Sexuality. (3 Credits)**

A. Study of the biological, social, and psychological aspects of human sexuality. Directed primarily toward those individuals in situations, which require them to assist others in understanding the broad impact of one's sexuality. Emphasis is placed upon student development of logical and reasoned justifications for their own value system.

**HEA 793. Death and Grief. (3 Credits)**

A. A study of attitudes, behaviors, and issues concerning death and grief. Topics include responses to death and grief throughout the life cycle; process of grief and bereavement; theology and death; legal aspects of dying; care of the dying; suicide; post-mortem care; death education.

**HEA 794. Substance Use Prevention Skill. (3 Credits)**

I,II, A. Prerequisite: Junior or senior standing. A substance use prevention approach using a strategic prevention framework to develop the knowledge and skills needed to plan, implement, and evaluate effective, data-driven programs and practices that reduce behavioral health disparities and improve wellness.

**HEA 800. Advanced Health Science. (3 Credits)**

A. Provides students an opportunity to broaden their knowledge of the latest scientific facts and sources of information related to selected health concerns including disease, nutrition, fitness, drug use, family living, and emotional health.

**HEA 804. Drug Abuse & Dependency. (3 Credits)**

I, II. Study of the nature and progression of chemical abuse and dependency and effects on the individual, family, and society. Includes study of strategies for prevention, intervention, and treatment.

**HEA 805. Public Health Communication. (3 Credits)**

(3) A. Prerequisite: MPH 810 with a minimum grade of "C". This course prepares students to develop and evaluate health messages for advocacy, program planning, and health campaigns through the lens of cultural competency including interpersonal, organizational, and mass communication approaches.

**HEA 807. Health:\_\_\_\_\_ (1-3 Credits)**

A. Prerequisite: advisor/departmental approval. Independent work, special topics, or seminars. May be retaken under different subtitles. Topics include first aid and safety for teachers, lifestyle and mental health, and health education for elementary teachers.

**HEA 820. Global Health. (3 Credits)**

II. Overview of the relationship between epidemiological, economic, political, sociological and cultural factors that impact global health. Special emphasis is on methods of prevention/intervention utilized in coping with health problems on an international level.

**HEA 825. Planning & Eval of Hlth Prgms. (3 Credits)**

II. The focus of this course is on the process of assessing a community and on strategies for planning, implementing, and evaluating health promotion programs in a variety of settings.

**HEA 826. Public Health Program Evaluati. (3 Credits)**

(3) A. Prerequisite: MPH 825 or HEA 825 with a minimum grade of "C". The focus of this course is on methods and techniques to evaluate public health policies and programs.

**HEA 856. Applied Epidemiology. (3 Credits)**

A. Prerequisites: HEA 830 and HEA 855 or departmental approval. An applied epidemiology course with emphasis on field investigations, public health surveillance, surveys and sampling, use of computers in epidemiology descriptive epidemiology, designing studies, analysis, interpretation and communication of data, and intervention/control measures.

**HEA 880. Scholarship in Cmmnty Health. (1-3 Credits)**

A. Applied scholarship experience demonstrating synthesis and integration of advanced knowledge and skills in Community Health. Student must have approval of department prior to enrollment.

**HEA 890. Practicum in Community Health. (3-6 Credits)**

A. Student will be placed in a supervised work environment in community health.

**HEA 895. Public Health Capstone Seminar. (3 Credits)**

II. Integration and application of competencies acquired through the MPH program to problems likely to be encountered in public health practice. Current challenges, money, politics, and public health ethics, as they impact the profession, are addressed.

**HEA 897. Thesis. (3-6 Credits)**

A.

**HEA 899. Practicum in Community Health. (3-6 Credits)**

A. Student will be placed in a supervised work environment in community health.

**HSA 100. Health Care Delivery Systems. (3 Credits)**

I, II. Overview of U.S. health care: history, factors influencing health and health care, identification and organization of health facilities and professionals, health economics, health trends, and ethics.

**HSA 200. Medical Terminology. (3 Credits)**

I, II. Formerly Mas 200. Basic medical vocabulary consisting of prefixes, suffixes, roots, anatomical, symptomatic, and common disease terms of body systems.

**HSA 302. Organization and Structure of Health Services. (3 Credits)**

I, II. Prerequisite: HSA 100 (minimum grade of "C") and a minimum 2.75 ECU GPA. The analysis of the structure and function of healthcare organizations, and forces impacting healthcare services.

**HSA 303. Fundamentals of Human Disease. (3 Credits)**

I, II. Formerly HSA 203. Prerequisites: HSA 200, BIO 307 and BIO 308 each with a minimum grade of "C" and a minimum 2.75 ECU GPA. An introduction to the study of disease its causes, symptoms, and treatment.

**HSA 306. Management of Clinical Classification Systems. (3 Credits)**

I, II. Prerequisite: HSA 302 and 303 with a minimum grade of "C" or departmental approval. The management of clinical classifications, coding and reimbursement systems for health care services.

**HSA 370. Health Information Management Systems I. (3 Credits)**

I, II. Prerequisite: HSA 302 with a minimum grade of "C". Prerequisite or Co-requisite: INF 314 with a minimum grade of "C". Review of concepts related to health information systems and healthcare data management.

**HSA 372. Health Care Reimbursement. (3 Credits)**

I, II. Prerequisite: HSA 302 (minimum grade of "C"). An in-depth analysis of health care reimbursement systems; health insurance fraud and abuse; and procedures for managing the revenue cycle.

**HSA 375. Health Services Administration. (3 Credits)**

I, II. Prerequisites: MGT 301 or 300; HSA 302 (minimum grade of "C"). Prerequisite or co-requisite: MGT 320 or POL 376. Application of financial principles, strategic planning, compliance management, and leadership skills to selected health care organizations.

**HSA 401. Legal and Ethical Issues in Health Care. (3 Credits)**

I, II. Prerequisite: HSA 100 minimum grade of "C" and a minimum 2.75 ECU GPA. Overview of U.S. legal system, patient privacy, medical record liability, and ethical issues in health care.

**HSA 405. Health Information Management Systems II. (3 Credits)**

I, II. Prerequisites: HSA 370 (minimum grade of "C"). Review of concepts related to the management of health information and systems.

**HSA 406. Health Care Quality Management. (3 Credits)**

I, II. Prerequisites: HSA 302, STA 215, or 270 (each with a minimum grade of "C"). A study of quality and performance improvement in health care organizations.

**HSA 407. Advanced Health Services Administration. (3 Credits)**

I, II. Prerequisite: HSA 375 (minimum grade of C). Advanced study in the application of management theories related to healthcare organizations and the development of leadership skills in health care administration.

**HSA 409. Health Care Data Analytics and Research Methods. (3 Credits)**

I, II. Prerequisites: HSA 302, STA 215, or 270 (each with a minimum grade of "C"). Introduction to research methods and data driven decision making in healthcare organizations.

**HSA 409W. Health Services Research Methods. (3 Credits)**

I, II. Prerequisites: ENG 102 or 102R, 105(B), or HON 102, HSA 302, STA 215 or 270 with a minimum grade of C. Introduction to health care research methods, related terminology and statistical techniques. Credit will not be awarded for both HSA 409 and HSA 409W.

**HSA 411. Professional Practice Experience. (1 Credit)**

I, II. Prerequisite: department approval. Internship assignment to a health care organization for observation and practice of supervisory functions.

**HSA 412. Professional Practice Experience II. (1-6 Credits)**

(1) I, II. Prerequisite: department approval. Internship assignment within the field of health information management for observation and practice of data management functions.

**HSA 413. Professional Practice Experience III. (3 Credits)**

I, II. Prerequisite: department approval. Internship assignment to health care organizations for observation and practice of management functions.

**HSA 415. Professional Certification. (1 Credit)**

(1) I,II. Corequisite: HSA 413. Preparation for the Registered Health Information Administrator (RHIA) certification exam. Course focuses on the content domains included on the exam and development of general test-taking skills.

**HSA 450. Hlthcare Info Systems Dev. (2 Credits)**

Prerequisite: Departmental Approval. The use of systems analysis and development procedures to select and implement appropriate health information management systems in healthcare organizations.

**HSA 498. Independent Study. (1-6 Credits)**

A. Prerequisite: student must have the independent study proposal approved by faculty supervisor and department chair prior to enrollment. Directed study or research on an issue or area of interest to the field of health services administration. May be retaken to a maximum of six hours.

**MLS 201. Introduction to Medical Laboratory. (3 Credits)**

II. Open to all students. Techniques common to clinical laboratories. Stresses basic physical and chemical principles of disease process. 3 Lec.

**MLS 209. Microbiology for Health Sciences. (3 Credits)**

(3) A. Prerequisite: BIO 171 or 307 or BIO 111. Study of the bacteria, fungi, viruses, and parasites as agents of human disease with emphasis on the pathogenesis, epidemiology, and diagnosis of infectious diseases. Credit will not be awarded to students who have credit for BIO 273 or BIO 320. 3 Lec.

**MLS 211. Medical Microbiology Laboratory. (1 Credit)**

I,II. Laboratory methods in the diagnosis and management of infectious diseases. 2 Lab.

**MLS 290. Medical Biochemistry. (3 Credits)**

I. Formerly CLS 290 Prerequisite: CHE 112, 112L, and BIO 121 or BIO 111. The study of biochemical systems of the body with emphasis on medical consequences when these systems are disrupted. Topics: proteins, carbohydrates, lipids, DNA/RNA and liver function. Credit will not be awarded for both CLS290 and MLS290.

**MLS 300. Clinical Laboratory Administration. (2 Credits)**

I. Formerly CLS 300 Prerequisite: enrollment in upper division MLS program or departmental approval. Lab calculations, instrumentation, and quality assurance. 2 Lec. Credit will not be awarded for both CLS300 and MLS300.

**MLS 303. Clinical Laboratory Skills. (1 Credit)**

I, II. Formerly CLS 303 Prerequisite: enrollment in upper division MLS program or departmental permission. Skills for clinical laboratory practitioners, including laboratory safety, phlebotomy, microscopy, pipetting, universal precautions, and principles of quality assurance. Credit will not be awarded for CLS303 and MLS303.

**MLS 305. Analysis of Body Fluids. (3 Credits)**

(3)I Prerequisite: enrollment in upper division MLS program or departmental approval. Principles, procedures, and significance of analysis of urine, spinal fluid, and other fluids commonly examined in the clinical laboratory. 3 Lec/Lab.

**MLS 308. Serology and Molecular Techniques. (2 Credits)**

I. Prerequisite: Enrollment in upper division MLS program or departmental approval. Principles, procedures, sources of error, clinical application of serological tests, molecular techniques and specimen collection; 4 Lec/ Lab.

**MLS 309. Clinical Immunology. (1 Credit)**

I, II. Formerly CLS 309 Prerequisite: Enrollment in upper division MLS program or departmental approval. Principles and techniques of antigen-antibody reactions of the human immune system and their relationship to the clinical laboratory. Credit will not be awarded for both CLS309 and MLS309.

**MLS 310. Hematology and Coagulation. (5 Credits)**

I. Formerly CLS 310 Prerequisite: enrollment in upper division MLS program or departmental approval. Morphology of blood cells, determination of blood parameters and disorders/diseases associated with blood cells; biochemistry, procedures and disorders/diseases in coagulation. 3 Lec/4 Lab. Credit will not be awarded for both CLS310 and MLS310.

**MLS 320. Immunohematology. (3 Credits)**

II. Formerly CLS 320 Prerequisite: enrollment in upper division MLS program or departmental approval. Blood banking, blood grouping, phenotyping, cell panels, compatibility testing, and transfusion practices. 2 Lec/2 Lab. Credit will not be awarded for both CLS320 and MLS320.

**MLS 346. Clinical Chemistry. (5 Credits)**

II. Formerly CLS 346 Prerequisite: enrollment in upper division MLS program or departmental approval. Introduction to theory and lab procedures, measurement of constituents of body fluids, instrumentation, and clinical interpretation of results in relation to biochemistry of human systems. 3 Lec/3 Lab. Credit will not be awarded for both CLS346 and MLS346.

**MLS 350. Bacteriology. (5 Credits)**

I. Formerly CLS 350 Prerequisite: Enrollment in the upper division MLS program or departmental approval. Study of medically important bacteria with emphasis on the clinical laboratory methods of microscopy, cultivation, identification, antimicrobial susceptibility testing, and quality control. 3 Lec/4 Lab. Credit will not be awarded for both CLS350 and MLS350.

**MLS 355. Mycology, Parasitology, and Virology. (4 Credits)**

II. Formerly CLS 355 Prerequisites: Enrollment in the upper division MLS program or departmental approval. Study of fungi, parasites, and viruses as agents of human disease, with emphasis on the clinical laboratory methods of microscopy, in vitro cultivation, identification, and quality control. 3 Lec/1 Lab. Credit will not be awarded for both CLS355 and MLS355.

**MLS 431. Clinical Correlations. (3 Credits)**

I, A. Formerly CLS 431 Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Correlates the sub-disciplines of clinical laboratory science. Reviews all areas and stresses laboratory medicine in the health professions. 3 Lec. Credit will not be awarded for both CLS431 and MLS431.

**MLS 432. Clinical Chemistry Practicum. (5 Credits)**

II, A. Formerly CLS 432 Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic chemical procedures in an affiliated laboratory. Credit will not be awarded for both CLS432 and MLS432.

**MLS 434. Clinical Microbiology Practicum. (4 Credits)**

I, II. Formerly CLS 434 Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Clinical bacteriology, parasitology, and mycology in an affiliated laboratory. Credit will not be awarded for both CLS434 and MLS434.

**MLS 436. Lab Management and Education. (1 Credit)**

I, II. Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Study of specific problems, topics, or issues in Medical Laboratory Science. Additional course topics include leadership, management and professionalism.

**MLS 437. Clinical Laboratory Seminar. (3 Credits)**

I, II. Formerly CLS 437 Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Case studies, advanced procedures, and problem solving in the clinical laboratory. Credit will not be awarded for both CLS437 and MLS437.

**MLS 438. Hematology Practicum. (4 Credits)**

I, A. Formerly CLS 438 Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic blood parameters and morphology studies in an affiliated laboratory. Credit will not be awarded for both CLS438 and MLS438.

**MLS 439. Urinalysis Practicum. (1 Credit)**

I, A. Formerly CLS 439 Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Diagnostic urine and body fluid procedures in an affiliated laboratory. Credit will not be awarded for both CLS439 and MLS439.

**MLS 440. Blood Bank Practicum. (2 Credits)**

II, A. Formerly CLS 440 Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Practical blood banking in an affiliated laboratory. Credit will not be awarded for both CLS440 and MLS440.

**MLS 441. Immunology Practicum. (1 Credit)**

I, II, A. formerly CLS 441 Prerequisites: enrollment in upper division MLS program and completion of all 300-level MLS courses. Practical immunology in an affiliated laboratory. Credit will not be awarded for both CLS441 and MLS441.

## Environmental Health Science and Sustainability, Bachelor of Science (B.S.)

The Environmental Health Science and Sustainability program offers the Bachelor of Science degree. Established in the early 1970's, the program is currently the state's oldest accredited program and one of only 30 such programs in the United States accredited by the National Environmental Health Science and Protection Council. The program includes extensive study of the physical, chemical and biological threats to human health and focuses on both engineered barriers and behavioral changes required for protecting and enhancing human health. The program includes general education and support courses in biology, chemistry, and mathematics, plus a variety of environmental health courses dealing with air quality, water quality, wastewater disposal and treatment, hazardous and solid waste management, risk assessment and epidemiology, industrial hygiene, control of disease vectors, food hygiene, radiological health, environmental health program planning and law, and toxicology. During upper division study, the student must complete three credit hours of supervised field experience with appropriate agencies, industries, consulting companies, etc. Also, cooperative education opportunities are available to all students who may wish to gain experience in addition to credit hours.

Eastern Kentucky University's Environmental Health Science and Sustainability graduates are qualified for positions with federal, state, and local government departments of environmental health, as well as public health protection agencies such as the United States Public Health Service, the Environmental Protection Agency, Food and Drug Administration, Department of Energy, and Occupational Safety and Health Administration. Graduates are also qualified for employment in private industry and environmental consulting firms. This work may include quality control, industrial hygiene and safety, loss control and risk assessment, or many other facets of environmental health consultation. The demand for qualified environmental health practitioners is currently high and exceeds the number of graduates from accredited programs and projected to increase over the next decade.

### Progression Criteria

A student majoring or minoring in environmental health science and sustainability must achieve a grade of "C"/2.0 or better in all EHS and supporting courses.

### Program Requirements

CIP Code: 51.2202

## Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

## Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
	General Education	36
<i>Student Success Seminar</i>		
HSO 100	Student Success Seminar (waived for transfers with 30+ hrs.)	1
Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)		
<b>Major Requirements</b>		
<i>Core Courses</i>		
EHS 230	Recreational Health	3
EHS 280	One Health: Global Environmental Public Health	3
EHS 300W	Water and Health	4
or EHS 300	Water and Health	
EHS 335	Hazardous and Solid Waste Management	3
EHS 340	Total Worker Health Principles	3
EHS 345	Applied Total Worker Health	4
EHS 360	Air Quality & Climate Change	4
EHS 370	Environmental Disease Detectives: Epidemiology	3
EHS 380	Food Security and Sanitation	3
EHS 425	One Health: Planning to Practical Application	3
EHS 440	Environmental and Industrial Toxicology	3
EHS 460	Healthy Housing and Sustainability	3
EHS 463	Field Experience in Environmental Health	3
EHS 485	Life After College: The Professional	1
EHS 510	Radiological Health and Safety	3
EHS 530	Emerging and Re-emerging Infectious Diseases	3
<i>Supporting Course Requirements</i>		
BIO 111	Cell and Molecular Biology (Element 4) <sup>G</sup>	

BIO 308	Human Anatomy and Physiology II	3
BIO 320	Principles of Microbiology	4
or MLS 209 & MLS 211	Microbiology for Health Sciences and Medical Microbiology Laboratory	
CHE 111	General Chemistry (Element 4) <sup>G</sup>	
CHE 111L	General Chemistry Lab I (Element 4) <sup>G</sup>	
CHE 112 & 112L	General Chemistry II and General Chemistry Lab	4
CHE 361 & 361L	Organic Chemistry I and Organic Chemistry Lab I	4
GEO 100	Regions and Nations of the World	3
GEO 353	Geographic Information Systems	3
PHY 131	College Physics I	5
STA 215	Introduction to Statistical Reasoning	3
Choose from one of the following: (Element 2)		
MAT 120	Trigonometry <sup>G</sup>	
MAT 122	Precalculus Mathematics <sup>G</sup>	
MAT 211	Applied Calculus <sup>G</sup>	
<i>Free Electives</i>		
Choose from 5 hours of free electives		5
<b>Total Hours</b>		<b>120</b>

### G

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

A minimum score of 22 on the mathematics portion of the ACT or 530 on the mathematics portion of the SAT.

## Environmental Health Science and Sustainability, Minor

A student may minor in environmental health science and sustainability by completing with a grade of "C" or better.

## Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
EHS 280	One Health: Global Environmental Public Health	3
EHS 380	Food Security and Sanitation	3
EHS 530	Emerging and Re-emerging Infectious Diseases	3
Choose from nine hours of EHS courses with advisor approval for a minimum of 18 hours		9
<b>Total Hours</b>		<b>18</b>

## Environmental Public Health Studies, Departmental Certificate

A student may complete a certificate in Environmental Public Health Studies (EPHS) by earning a total of 18 credit hours with a grade of "C" or better.

## Program Requirements

Code	Title	Hours
<b>Certificate Requirements</b>		
EHS 230	Recreational Health	3
EHS 280	One Health: Global Environmental Public Health	3
EHS 335	Hazardous and Solid Waste Management <sup>1</sup>	3
EHS 380	Food Security and Sanitation	3
EHS 390	EHS Special Problems in Environmental Health <sup>2</sup>	3
EHS 425	One Health: Planning to Practical Application	3
<b>Total Hours</b>		<b>18</b>

1

Course may have pre-requisite or co-requisite

2

EHS 390 EHS Special Problems in Environmental Health is a variable credit course (1-4 hrs.), students in the EPHS program are required to take the course for 3 hours credit.

## Health Services Administration, Bachelor of Science with a Concentration in Health Care Management (B.S.)

The program offers a Bachelor of Science (B.S.) degree in Health Services Administration with concentrations in Health Care Management (HCM) and Health Informatics and Information Management (HIIM).

### Health Care Management Concentration

This concentration gives individuals interested in the administrative aspects of healthcare an interdisciplinary curriculum designed to provide a balance between business and healthcare. This concentration prepares students for entry-level staff and management positions in health care settings.

### Pre-HSA Curriculum

All students who are accepted by the EKU Admissions Office and declare their major as Health Services Administration are initially placed into a pre-HSA curriculum. The curriculum includes:

Code	Title	Hours
ACC 200	Survey of Accounting	3
INF 104	Computer Literacy with Software Applications	3
INF 314	MS Office & Data Analysis	3
CMS 100 or CMS 210	Introduction to Human Communication Public Speaking	3
HSA 100	Health Care Delivery Systems	3
HSA 200	Medical Terminology	3
MAT 105 or MAT 114	Mathematics with Applications College Algebra	3
STA 215 or STA 270	Introduction to Statistical Reasoning Applied Statistics	3

Students may apply for HSA program admission when the following requirements are met:

- Institutional GPA of 2.75 or higher
- Completion of each course in the Pre-HSA curriculum with a grade of C or better after a maximum of two attempts.
- Completion of general education requirements (at least 75%)

Students who meet the minimum requirements will be accepted into the program within the enrollment limits determined by the faculty. The Program reserves the right to accept only the best qualified applicants who meet the minimum requirements.

## Admission/Progression Criteria

All majors utilize the regular admission policy of the University for students taking courses offered during the first semester of the program. In order to continue in the program and to enroll in major courses, the student must meet the following criteria:

1. maintain an institutional GPA of 2.75 on a 4.0 scale and
2. complete all major and support courses with a minimum grade of "C" after a maximum of two attempts.

A student who is not allowed to continue in the major may appeal the decision by presenting the reasons in writing to the Program's Admission and Progression Committee. The student may appeal this committee's decision to the College Admission Committee by submitting a written request to the Dean of Health Sciences. The decision of this committee shall be final.

### Professional Practice Experience

An important part of the curriculum is professional practice experience in which the student is required to spend part of a semester at a hospital or other health care facility for observation and supervised practice of the skills required for entry into the profession.

Some sites may require health screening such as physical examinations, background check, drug screens, and/or proof of immunizations. The student is responsible for these expenses and for living expenses and travel involved in relocation for these assignments.

## Program Requirements

CIP Code: 51.0706

## Health Services Administration, Bachelor of Science with a Concentration in Health Informatics and Information Management (B.S.)

The program offers a Bachelor of Science (B.S.) degree in Health Services Administration with concentrations in Health Care Management (HCM) and Health Informatics and Information Management (HIIM).

### Health Informatics and Information Management Concentration

This concentration provides a diverse curriculum that provides individuals with a strong background in health care management, health data analytics, health data management, and computer applications in health care. This concentration is accredited by the Commission on Accreditation for Health Informatics and Information Management Education (CAHIIM). Graduates of this concentration are eligible to sit for the Registered Health Information Administrator (RHIA) exam.

### Pre-HSA Curriculum

All students who are accepted by the ECU Admissions Office and declare their major as Health Services Administration are initially placed into a pre-HSA curriculum. The curriculum includes:

Code	Title	Hours
ACC 200	Survey of Accounting	3
INF 104	Computer Literacy with Software Applications	3
INF 314	MS Office & Data Analysis	3
CMS 100	Introduction to Human Communication	3
or CMS 210	Public Speaking	
HSA 100	Health Care Delivery Systems	3
HSA 200	Medical Terminology	3
MAT 105	Mathematics with Applications	3

or MAT 114	College Algebra	
STA 215	Introduction to Statistical Reasoning	3
or STA 270	Applied Statistics	

Students may apply for HSA program admission when the following requirements are met:

- Institutional GPA of 2.75 or higher
- Completion of each course in the Pre-HSA curriculum with a grade of C or better after a maximum of two attempts.
- Completion of general education requirements (at least 75%)

Students who meet the minimum requirements will be accepted into the program within the enrollment limits determined by the faculty. The Program reserves the right to accept only the best qualified applicants who meet the minimum requirements.

## Admission/Progression Criteria

**Medical Laboratory Science, Bachelor of Science (B.S.)**

The program offers a Bachelor of Science (B.S.) degree in Medical Laboratory Science. The MLS program consists of four years of study. The first two years or pre-MLS phase include general education

courses and supporting courses and the last two years or upper-division MLS phase include major course requirements for the MLS program, with classes in hematology, clinical chemistry, microbiology, immunohematology, immunology, serology, body fluids, and clinical practicums in hospital laboratory affiliated with the program.

**Professional Liability Insurance and Criminal Records**

Students enrolling in the following clinical practicum courses in the MLS program – are required to register for student Professional Liability Insurance (PLI) and submit to a drug screen and criminal background check:

Code	Title	Hours
MLS 432	Clinical Chemistry Practicum	5
MLS 434	Clinical Microbiology Practicum	4
MLS 438	Hematology Practicum	4
MLS 439	Urinalysis Practicum	1
MLS 440	Blood Bank Practicum	2
MLS 441	Immunology Practicum	1

The PLI fee is listed in each semester's schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences. Information about the cost and application for the drug screen and criminal background check will be given to the student before they enter the clinical practicum.

**Admission Requirements**

All students who are admitted to the University by the EKU Admissions Office and declare their major as medical laboratory science (MLS) are initially placed into the pre-MLS major phase/curriculum. This curriculum includes the following supporting courses:

Code	Title	Hours
MAT 114	College Algebra (or higher)	3
CHE 111 & 111L	General Chemistry and General Chemistry Lab I	4
CHE 112 & 112L	General Chemistry II and General Chemistry Lab	4
HSA 200	Medical Terminology	3
BIO 111	Cell and Molecular Biology	4
BIO 308 or BIO 348	Human Anatomy and Physiology II or Vertebrate Physiology	3
MLS 201	Introduction to Medical Laboratory	3
MLS 209	Microbiology for Health Sciences	3
MLS 211	Medical Microbiology Laboratory	1
MLS 290	Medical Biochemistry	3

Admission into the "Upper-Division" phase of the MLS program requires completion of pre-MLS curriculum with an overall and supporting grade point average (GPA) of at least 2.5 with a grade of "C" or better in all courses. Transfer students must maintain a GPA of 2.5 in courses at EKU as well as an overall GPA of 2.5. After completing the pre-MLS curriculum requirements, students may formally apply for entry/admission into the Medical Laboratory Science program. Students who meet the minimum requirements are placed into an applicant pool and the department reserves the right to accept only the best qualified applicants.

Students who meet the minimum requirements will be accepted into the program within the enrollment limits determined by the program. The Program reserves the right to accept only the best qualified applicants who meet the minimum requirements.

## Progression Criteria

To remain in the upper division MLS program, a student must maintain an overall GPA of 2.5 with a grade “C”/2.0 or better in all upper-division MLS phase courses. Students who fail to meet the requirements for progression will be dismissed from the MLS program and must apply for readmission through the Admission and Continuation Committee. Readmission to the MLS program is not guaranteed and the Committee reserves the right to readmit any student.

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

## Public Health, Bachelor of Science (B.S.) & Master of Public Health (M.P.H.) Accelerated 3 + 2 Dual Degree Program with a Concentration in Health Promotion

Students may apply for admission to the Accelerated 3+2 Dual Degree program in their junior or senior year. When applying for admission, the student must select either a Health Promotion concentration or a Pre-Professional concentration. Students are able to complete their B.S. degree and M.P.H. degree within 5 calendar years because of the accelerated curriculum and because 9 semester hours of 800-level graduate coursework will apply to both the undergraduate B.S. degree

and the graduate M.P.H. degree. Only undergraduate students of proven academic ability will be considered for the program.

Entrance requirements for the 3+2 program must adhere to the same requirements for the Master of Public Health Program in the Graduate Catalog, except entrance examinations (e.g. GRE) are not required for the 3+2 program. Students must fulfill all graduation requirements listed below. Students admitted into the program will remain coded as undergraduate until fulfilling their B.S. requirements. Students admitted into the 3+2 program must complete the Public Health B.S. degree with a minimum 3.0 GPA to be allowed to proceed with graduate program coursework.

Students who complete the Pre-Professional Concentration receive training in Public Health along with preparation for professional health-related graduate programs such as medicine, dentistry, osteopathy, veterinary medicine, or physician associate. Students in the Pre-Professional Concentration will be assigned to a Public Health advisor and should also consult with a pre-professional health advisor from the College of Science, Technology, Engineering, and Mathematics to ensure adequate preparation for professional entrance exams and the professional school application process. Students are responsible for ensuring they have the correct prerequisites for the professional program of their choice.

## Admission Requirements

Students interested in this option must satisfy all of the following conditions:

1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>))
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

## Program Requirements

CIP Code: 51.2207

Students in 3+2 Accelerated Dual Degree program must complete the listed Public Health (B.S.) program requirements along with the same requirements for the M.P.H. Program (presented in the Graduate Catalog: listing at <http://gradschool.eku.edu/graduate-catalog> (<http://gradschool.eku.edu/graduate-catalog/>)). Nine (9) credit hours of 800-level graduate coursework (MPH 810 Human Behavior Change, MPH 825 Public Health, and MPH 855 Principles of Epidemiology) are applicable to the undergraduate degree.

## Public Health, Bachelor of Science with a Concentration in Health Promotion (B.S.)

Public Health offers the Bachelor of Science degree in Public Health with a Health Promotion Concentration, a Pre-Professional Concentration, and the Bachelor of Science degree in Public Health and Master of Public Health Accelerated 3 + 2 Dual Degree Accelerated Pathway with a Health Promotion concentration and a Pre-Professional Concentration. Students who complete the Health Promotion concentration, the Pre-Professional Concentration, or the accelerated pathway are prepared to determine the health needs of the community and plan and implement effective programs to improve the health of the populations they serve. Health Promotion Specialists may work in Public Health Departments, Volunteer

Organizations, Hospitals, and Family Resource Centers. Students who complete the Pre-Professional Concentration receive training in Public Health along with preparation for professional health related graduate programs such as medicine, dentistry, osteopathy, veterinary medicine, or physician associate. Students in the Pre-Professional Concentration will be assigned to a Public Health advisor and should also consult with a pre-professional health advisor from the College of Science , Technology, Engineering, and Mathematics to ensure adequate preparation for professional entrance exams and the professional school application process. Students are responsible for ensuring they have the correct prerequisites for the professional program of their choice.

A student may choose a minor in Public Health. The Bachelor of Science program in Public Health is accredited by the Council on Education for Public Health.

Students who transfer from another college or university must earn a minimum of 12 hours at EKU in the major. Students who transfer from another college or university must earn a minimum of six hours at EKU in the minor. Students who are accepted by the EKU Admissions Office and declare their major as Public Health with a concentration in Health Promotion or Pre-Professional Concentration must maintain an overall GPA of 2.25 with a grade of "C" or better in all of the required major and supporting courses found in the Public Health Curriculum.

## Professional Liability Insurance

Students enrolling in HEA 499 Internship in Public Health in the Department of Health Promotion and Administration are required to register for student Professional Liability Insurance. This fee is listed in each semester's schedule of classes. Please see the section on Student Liability Insurance for the College of Health Sciences.

<b>Required Courses</b>		
HEA 216	Introduction to Public Health	3
HEA 290	Foundations of Health Promotion	3
HEA 320	Introduction to Behavior Change	3
HEA 480W	Health Promotion Program Planning	3
Choose from six hours of the following:		6
HEA 300	Infectious Dis. and Public Hea	
HEA 310	Introduction TO Global Health	
HEA 305	Chronic Disease & PublicHealth	
HEA 345	Drugs, the Individual, and Society	
HEA 350	Interpretation of Health Data	
HEA 380	Mental Health Promotion	
HEA 410	Social Marketing in Public Health	
HEA 455	Introduction to Epidemiology	
HEA 485	Community Org & Policy Dev	
HEA 498	Community Health Promotion Process	
HEA 591	Women's Health	
HEA 592	Human Sexuality	

HEA 593	Death and Grief	
HEA 594	Substance Use Prevention Skill	
<b>Total Hours</b>		<b>18</b>

## Substance Use Prevention, Minor

### Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
HEA 345	Drugs, the Individual, and Society	3
HEA 485	Community Org & Policy Dev	3
HEA 594	Substance Use Prevention Skill	3
Choose from nine hours of the following:		9
HEA 320	Introduction to Behavior Change	
HEA 380	Mental Health Promotion	
HEA 410	Social Marketing in Public Health	
HEA 480W	Health Promotion Program Planning	
PSY 429	Psychological Perspectives on Substance Abuse	
SOC 235	Social Problems	
SWK 440	Addictions	
SWK 561	Alcohol and Drug Assessment	
SWK 562	Alcohol and Drug Treatment	
<b>Total Hours</b>		<b>18</b>

## School of Nursing

### Chair

Dr. Brooke Bentley  
(859) 622-1956  
Rowlett 225

### Associate Chair

Dr. Lisa Jones  
(859) 622-1941  
Rowlett 220

### Faculty

B. Bentley, J. Brocato, C. Catron, D. Coffey, C. Edwards, S. Evans, W. France, M. Gibson, W. Harmon, S. Hill, B. Holleran, R. Hovermale, A. Hume, R. Janes, A. Jones, B. Killian, L. Jones, T. Loan, J. Merrick, Q. Moore, S. Muhlenkamp, K. New, N. Owens, J. Pinheiro, G. Purdue, F. Sands, A. Wood, and P. Woodruff.

The programs in the School of Nursing include Associate of Applied Science in Nursing, Bachelor of Science in Nursing, Master of Science in Nursing and Doctor of Nursing Practice.

The mission of the school is to educate nurses at the Associate, Baccalaureate, Masters and Doctorate levels who work in interprofessional environments to promote health and well-being for diverse populations across the Commonwealth, country and world.

### Bachelor's

- Post-Baccalaureate 2nd Degree Concentration, Bachelor of Science in Nursing (B.S.N.) (p. 247)

- Pre-RN Nursing, Bachelor of Science in Nursing (B.S.N.) (p. 249)
- R.N. to B.S.N. Pathway, Bachelor of Science in Nursing (B.S.N.) (p. 251)

### Associate's

- Nursing, Associate of Applied Science (A.A.S.) (p. 246)

### Courses

#### NSC 114. Nursing Concepts I. (5 Credits)

I, II. Formerly NUR 114. Prerequisite: Admission to the Associate Degree Nursing Program. Corequisite: NSC 114C. Provides fundamental theoretical nursing concepts. Student learning outcomes are human flourishing, nursing judgment, professional identity, and spirit of inquiry. Credit will not be awarded for both NUR 114 and NSC 114.

#### NSC 114C. Nursing Concepts Clinical. (3 Credits)

I, II Formerly NUR 114C. Prerequisite: Admission to the Associate Degree Nursing Program. Corequisite: NSC114. This course provides application of fundamental nursing concepts in the laboratory and clinical settings. Credit will not be awarded for both NUR 114C and NSC 114C.

#### NSC 124. Medical-Surgical Nursing I. (3 Credits)

I, II. Formerly NUR 124. Prerequisites: BIO 307, HSO 100, NSC114, 114C and ENG 101 or 101R, each with a grade of "C" or better. Corequisite: NSC 124C. Builds upon previously learned concepts and skills. Provides theories and concepts for applying the nursing process while caring for patients experiencing selected health issues. Credit will not be awarded for both NUR 124 and NSC 124.

#### NSC 124C. Medical-Surgical Nursing I Clinical. (2 Credits)

I,II. Formerly NUR 124C. Prerequisite: BIO 307, HSO 100, NSC 114 & 114C and ENG 101 or 101R, each with a grade of "C" or better. Corequisite: NSC 124. This course provides application of nursing concepts in the clinical setting while caring for patients experiencing selected health issues. Credit will not be awarded for both NUR 124C and NSC 124C.

#### NSC 126. Mental Health Nursing. (2 Credits)

I,II. Formerly NUR 234. Prerequisites: BIO 307, HSO 100, NSC 114, and ENG 101 or 101R, each with a minimum grade of "C". NSC 114C with a grade of "S". Corequisites: NSC 124, 124C, and 126C. This course provides application of nursing concepts in the clinical setting while caring for patients experiencing selected health issues. Credit will not be awarded for both NUR 234 and NSC 126.

#### NSC 126C. Mental Health Nursing Clinical. (1 Credit)

I, II. Formerly NUR 234C. Prerequisites: BIO 307, HSO 100, NSC 114, and ENG 101 or 101R, each with a minimum grade of "C". NSC 114C with a grade of "S". Corequisites: NSC 124, 124C, and 126. Application of the nursing process when caring for patients with mental health needs. Credit will not be awarded for NUR 234C and NSC 126C.

#### NSC 223. Medical-Surgical Nursing II. (4 Credits)

I, II. Formerly NUR 232. Prerequisites: BIO 308, NSC 124, 126, ENG 102 or 102R, and PSY 200 or SOC 131, each with a minimum grade of "C". NSC 124C and 126C with a grade of "S". Corequisites: NSC 223C, 225, and 225C. Provides theories and concepts for applying nursing judgment while caring for adult and pediatric patients experiencing selected complex health issues. Credit will not be awarded for NUR 232 and NSC 223.

**NSC 223C. Medical-Surgical Nursing II Clinical. (2 Credits)**

I,II. Formerly NUR 232C Prerequisite: BIO 308, NSC 124, 126, ENG 102 or 102R, and PSY 200 or SOC 131, each with a minimum grade of "C". NSC 124C and 126C with a grade of "S". Corequisites: NSC 223, 225, 225C. This course provides application of nursing concepts in the clinical setting when caring for adult patients experiencing selected complex health issues. Credit will not be awarded for both NUR 232C and NSC 223C.

**NSC 225. Family Nursing. (4 Credits)**

I, II. Prerequisite: BIO 308, NSC 124 and 126, ENG 102 or 102R and SOC 131, each with a minimum grade of "C". NSC 124C and 126C with a grade of "S". Corequisites: NSC 223, 223C, and 225C. This course provides application of nursing concepts for obstetric and pediatric patients experiencing selected complex health issues.

**NSC 225C. Family Nursing Clinical. (2 Credits)**

I, II. Prerequisite: BIO 308, NSC124 and 126, ENG 102 or 102R and PSY 200 or SOC 131, each with a minimum grade of "C". NSC 124C and 126C with a grade of "S". Corequisites: NSC 223, 223C, and 225. This course provides application of nursing concepts in the clinical setting when caring for obstetric and pediatric patients experiencing selected complex health issues. This clinical course is taken over 2 parts of term during the same semester. Credit will only be awarded at the end of the term.

**NSC 232. Health Assessment and Promotion. (2 Credits)**

I, II. Prerequisites: taken in semester immediately prior to expected enrollment in NSC 380 and students must meet minimum program GPA requirements of 2.5 and department approval. Corequisite: NSC 232L, 242, and 252. Students repeating NSC 232 must also enroll in NSC 232L and the most recent grade in these two corequisites will be applied toward student's GPA. Development of assessment and health promotion skills to be used with clients throughout the life cycle.

**NSC 232L. Health Assessment and Promotion. (1 Credit)**

Prerequisites: GPA 2.5 and Departmental approval. Corequisite: NSC 232, 242 and 252. Students repeating NSC 232L must also enroll in NSC 232 and the most recent grade in these two corequisites will be applied toward student's GPA. Development of assessment and health promotion skills to be used with clients throughout the life cycle.

**NSC 240. Med-Surgical Nursing III. (4 Credits)**

I, II. Formerly NUR 240. Prerequisites: NSC 223, 225, and BIO 273 or MLS 209 (with a minimum grade of "C"), NSC 223C and 225C with a minimum grade of S. Corequisite: NSC 240C, 250, and 255. Students repeating NSC 240 must also enroll in NSC 240C and NSC 250. The most recent grade in these corequisites will be applied towards student's GPA. Provides theory and concepts for applying nursing judgment for the care of groups of patients experiencing selected complex health issues. Credit will not be awarded for NUR 240 and NSC 240.

**NSC 240C. Med-Surgical Nurs III Clinical. (3 Credits)**

I, II. Formerly NSC 241C. Prerequisite: NSC 223, 225 and BIO 273 or MLS 209, each with a minimum grade of "C"; NSC 223C and 225C with a minimum grade of "S". Corequisite: NSC 240, 250, and 255. Students repeating NSC 240C must also enroll in NSC 240 and NSC 250. The most recent grade in these corequisites will be applied toward student's GPA. Clinical immersion synthesizing nursing judgment in caring for groups of patients experiencing complex health issues. Must be taken during the last semester of the AAS program. Credit will not be awarded for both NSC 240C and NSC 241C.

**NSC 242. Communication in Nursing. (3 Credits)**

I, II. Prerequisite: sophomore standing and minimum 2.5 cumulative GPA requirement or department approval. Corequisite: NSC 232, 232L, and 252. Students repeating NSC 242 must also enroll in NSC 232 and NSC 232L. The most recent grade in these corequisites will be applied toward student's GPA. Therapeutic communication processes, theories, and techniques for building nurse client relationships throughout the life cycle. Development of beginning skills in nursing informatics and oral communication. Credit will not be awarded for both NSC 242 and NSC 243.

**NSC 243. Communication in Healthcare. (3 Credits)**

I, II. Prerequisite: department approval. Communication processes, theories, and techniques for building professional, therapeutic relationships throughout the life cycle. Introduction to skills in informatics and oral communication. Credit will not be awarded for both NSC 242 and NSC 243.

**NSC 250. NCLEX Review. (1 Credit)**

(I) I, II Prerequisites: NSC 223, 225, BIO 273 or MLS 209 each with a minimum grade of "C"; NSC 223C and NSC 225C each with a minimum grade of "S". Corequisites: NSC 240, NSC 240C, and NSC 255. Provides a framework for interpreting structural and functional changes associated with diseases, facilitating critical thinking and decision-making required of the associate degree nurse. Students repeating NSC 250 must also enroll in NSC 240 and 240C and the most recent grades in these two corequisites will be applied toward student's GPA.

**NSC 252. Intro to Professional Nursing. (3 Credits)**

I, II. Prerequisite: sophomore standing and minimum 2.5 cumulative GPA requirement or department approval. Corequisite: NSC 232, 232L, and 242. Students repeating NSC 252 must also enroll in NSC 232 and NSC 232L. The most recent grade in these corequisites will be applied toward student's GPA. Nursing science foundation using selected concepts and constructs. Emphasis on past and current knowledge in the formulation of nursing as a basic and applied science. Application of epidemiology to nursing practice.

**NSC 255. Trends and Issues in Nursing. (2 Credits)**

I, II. Formerly NUR 255. Prerequisites: NSC 223 and 225; BIO 273 or MLS 209 each with a minimum grade of "C"; NSC 223C and 255C each with a minimum grade of "S". Corequisite: NSC 240, 240C and 250. Focuses on current issues and trends in nursing. Ethical, legal, and professional responsibilities and career opportunities are examined. Students repeating NSC 255 must also enroll in NSC 240 and 240C and the most recent grades in these two corequisites will be applied toward student's GPA. Credit will not be awarded for both NUR 255 and NSC 255.

**NSC 262. Professional Nursing Concepts. (4 Credits)**

I, II, A. Prerequisite: Admission to the BSN Program- Second Degree Option or departmental approval. Corequisite: NSC 232 and 232L. Introduction to concepts and theories of professional nursing practice. Development of beginning skills for building nursing-patient relationships.

**NSC 300. Nursing Externship. (1-6 Credits)**

I, II. Prerequisite: departmental approval. Integrates practice and education through a health care based service model and collaborative partnerships to enhance clinical nursing competencies.

**NSC 330. Clinical Drug Therapy. (3 Credits)**

I, II, A. Prerequisites: NSC 332, 350, and 380 each with a minimum grade of "C". NSC 332L with a minimum grade of "S". Corequisite: NSC 386 and 386C. Foundation for applying drug knowledge in client care, with emphasis on increasing therapeutic effects and decreasing adverse effects. Includes study of selected drug classes, prototypes and individual drugs.

**NSC 331. Clinical Pharmacology for RN. (3 Credits)**

A. Prerequisite: RN status. Builds on a basic foundation of drug knowledge with an emphasis on both the therapeutic and adverse effects of drug therapy. Includes the study of selected individual drugs, drug classes, and current prototypes.

**NSC 332. Health Assessment and Promotion II. (1 Credit)**

I, II, A. Prerequisites: NSC 232, 242, and 252 with a minimum grade of "C"; NSC 232L with a minimum grade of "S", and admission to the BSN major. Corequisites: NSC 332L, 350, 380, and 380C. Students repeating NSC 332 must also enroll in NSC 332L and the most recent grade in these two corequisites will be applied toward student's GPA. Development of physical assessment skills and evaluation of health patterns for clients throughout the life cycle.

**NSC 332L. Health Assessment and Promotion. (1 Credit)**

Prerequisites: NSC 232, 242 and 252 all with a minimum grade of "C"; NSC 232L with a minimum grade of "S", and admission to the BSN Program. Corequisite: NSC 332, 350, 380 and 380C. Students repeating NSC 332L must also enroll in NSC 332 and the most recent grade in these two corequisites will be applied toward student's GPA. Development of physical assessment skills and evaluation of health patterns for clients throughout the life cycle.

**NSC 350. Pathophysiology. (3 Credits)**

A. Prerequisites: NSC 232, 242, and 252 each with a minimum grade of "C", NSC 232L with a minimum grade of "S", and admission to the baccalaureate nursing major. Corequisite: NSC 332, 332L, 380, and 380C. Provides a framework for interpreting structural and functional changes associated with disease, facilitating critical thinking and decision making required of the professional nurse.

**NSC 370. Health Disparities. (3 Credits)**

A. Prerequisite: junior standing or departmental approval. Explores the social, economic, political and historical context of health disparities experienced by groups with an emphasis on racial/ethnic, gender and socioeconomic aggregates. Explores contributing factors and potential solutions to domestic and global health disparities.

**NSC 378. Short Topics in Clinical Nursing. (1-3 Credits)**

A. Prerequisites: NSC 392, 392C, 396 and 396C. Provides enrichment learning for upper division nursing students and practicing registered nurses. Each segment of the course describes the current trends in nursing theory and practice including relevant pathologic processes and usual nursing management. Emphasis on in-depth study of current interest topics.

**NSC 380. Adult Health Nursing I. (2 Credits)**

I, II. Prerequisites: NSC 232, 242, and 252 all with a minimum grade of "C"; NSC 232L with a minimum grade of "S" and admission to the BSN program. Corequisite: NSC 332, 332L, 350 and 380C. Students repeating NSC 380 must also enroll in NSC 380C and the most recent grade in these two corequisites will be applied toward student's GPA. Uses nursing process to develop practice solutions for selected adult health issues.

**NSC 380C. Adult Health Nursing I Clinical. (2 Credits)**

I, II. Prerequisites: NSC 232, 242 and 252, all with a minimum grade of "C"; NSC 232L with a minimum grade of "S" and admission to the BSN Program. Corequisite: NSC 332, 332L, 350 and 380. Students repeating NSC 380C must also enroll in NSC 380 and the most recent grade in these two corequisites will be applied toward student's GPA. Uses nursing process to develop practice solutions for selected adult health issues.

**NSC 381. Perspectives in Professional Nursing I. (3 Credits)**

A. Prerequisites: RN status and admission to the RN-BSN option. Transition to the professional nursing role for the RN student emphasizing foundational concepts of professional nursing practice.

**NSC 383. Perspectives in Professional Nursing II. (3 Credits)**

(3) Prerequisite: NSC 381. Transition to the professional nursing role for the RN student emphasizing the knowledge development of concepts and theories essential for professional practice.

**NSC 385. Perspectives in Professional Nursing III. (4 Credits)**

(4) A. Prerequisite: NSC 383. Advanced concepts and skills for professional nursing practice.

**NSC 386. Adult Health Nursing II. (7 Credits)**

I, II, A. Prerequisites: NSC 332, 350, and 380, all with a minimum grade of "C"; NSC 332L and 380C with a minimum grade of "S". Corequisites: NSC 330 and 386C. Students repeating NSC 386 must also enroll in NSC 386C and the most recent grade in these two corequisites will be applied toward student's GPA.

**NSC 386C. Adult Health Nursing II. (3 Credits)**

I, II, A. Prerequisites: NSC 332, 350 and 380, all with a minimum grade of "C"; NSC 380C and 332L with a minimum grade of "S"; Admission to the BSN Program. Corequisite: NSC 330 and 386. Students repeating NSC 386C must also enroll in NSC 386 and the most recent grade in these two corequisites will be applied toward student's GPA. Uses nursing process to develop practice solutions for selected adult health issues.

**NSC 390. Research for EBNP. (2 Credits)**

I, II, A. Prerequisites: STA 215, or 270, or SOC 232 with a minimum grade of "C", ENG 102, 102R, 105(B), HON 102. Applies research findings for evidence-based nursing practice. Credit will not be awarded to students for both NSC 390 and 390W.

**NSC 390W. Research for EBNP. (2 Credits)**

I, II, A. Prerequisites: STA 215, or 270, or SOC 232 with a minimum grade of "C", ENG 102, 102R, 105(B), HON 102. Applies research findings for evidence-based nursing practice. Credit will not be awarded to students for both NSC 390 and 390W.

**NSC 392. Mental Health Nursing. (3 Credits)**

I, II, A. Prerequisites: NSC 330 and 386, each with a minimum grade of "C"; NSC 386C with a minimum grade of "S". Corequisite: NSC 392C. Students repeating NSC 392 must also enroll in NSC 392C and the most recent grade in these two corequisites will be applied toward student's GPA.

**NSC 392C. Mental Health Nursing Clinical. (2 Credits)**

I, II, A. Prerequisites: NSC 330 and 386, each with a minimum grade of "C"; NSC 386C with a minimum grade of "S". Corequisite: NSC 392. Students repeating NSC 392C must also enroll in NSC 392C and the most recent grade in these two corequisites will be applied toward student's GPA. Uses the nursing process to develop practice solutions for clients throughout the life cycle with selected mental health issues.

**NSC 396. Family Health Nursing. (5 Credits)**

I, II, A. Prerequisites: NSC 330 and 386, each with a minimum grade of "C"; NSC 386C with a minimum grade of "S". Corequisite: NSC 396C. Students repeating NSC 392 must also enroll in NSC 392C and the most recent grade in these two corequisites will be applied toward student's GPA. Uses the nursing process to develop practice solutions for families during childbearing and child rearing experience.

**NSC 396C. Family Health Nursing. (2 Credits)**

I, II. Prerequisites: NSC 330 and 386, each with a minimum grade of "C"; NSC 386C with a minimum grade of "S". Corequisite: NSC 396. Students repeating NSC 396C must also enroll in NSC 396 and the most recent grade in these two corequisites will be applied toward student's GPA. Uses the nursing process to develop practice solutions for families during childbearing and child rearing experience. This clinical course is taken over 2 parts of term during the same semester. Credit will only be awarded at the end of the term.

**NSC 440. Leadership and Management. (3 Credits)**

A. Prerequisites: RN status and admission to the RN-BSN option. An overview of leadership and management theory in health care explores the leadership role of nursing. Strategies for facing challenges, promoting cost-effective health care, and promoting leadership success in the dynamic health care system.

**NSC 442. Complex Health Systems. (3 Credits)**

(3) A. Prerequisites: NSC 440, 445, 486, each with a minimum grade of "C". Corequisite: NSC 442C. Synthesis of professional nursing competencies and concepts to address human diversity and manage care in today's complex health systems.

**NSC 442C. Complex Health Systems. (2 Credits)**

(2) Prerequisites: NSC 440, 445, NSC and 486, each with a minimum grade of "C". Corequisite: NSC 442. Synthesis and performance of professional nursing care competencies to address human diversity and manage care in today's complex health systems.

**NSC 445. Professional Role Transitions. (2 Credits)**

A. Prerequisites: RN status and admission to the RN-BSN option. Role development seminar for RNs. Critical analysis of trends which shape professional nursing practice. Analysis of strategies for instituting change in various health care delivery systems.

**NSC 480. Health Care Leadership. (3 Credits)**

I, II. Prerequisites: NSC 390W, 392, and 396 each with minimum grades of "C"; NSC 392C and 396C with a minimum grade of "S". An overview of leadership and management theory within nursing including legal, ethical and economic concepts. Prepares students to assume leadership in dynamic health care systems to promote comprehensive, cost effective health care.

**NSC 484. Adult Health Nursing III. (2.5 Credits)**

I, II. Prerequisites: NSC 390W, 392 and 396, with minimum grade of "C"; NSC 392C and 396C with a minimum grade of "S". Corequisite: NSC 484C. Students repeating NSC 484 must also enroll in NSC 484C and the most recent grade in these two corequisites will be applied toward student's GPA. Uses nursing process to develop practice solutions for selected adult health issues.

**NSC 484C. Adult Health III Clinical. (2.5 Credits)**

I, II, A. Prerequisites: NSC 390W, 392 and 396, all with a minimum grade of "C"; NSC 392C and 396C with a minimum grade of S. Corequisite: NSC 484. Students repeating NSC 484C must also enroll in NSC 484 and the most recent grade in these two corequisites will be applied toward student's GPA. Uses nursing process to develop practice solutions for selected adult health issues.

**NSC 486. RN Public Health Nursing. (3 Credits)**

(3) Prerequisite: NSC 385 and 390W, each with a minimum grade of "C". Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

**NSC 487. Public Health Nursing. (2.5 Credits)**

I, II, A. Prerequisite: NSC 390W, 392 and 396, all with a minimum grade of "C"; NSC 392C and 396C with a minimum grade of "S". Corequisite: NSC 487C. Students repeating NSC 487 must also enroll in NSC 487C and the most recent grade in these two corequisites will be applied toward student's GPA. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

**NSC 487C. Public Health Nursing. (2.5 Credits)**

I, II, A. Prerequisite: NSC 390W, 392 and 396, all with a minimum grade of "C." NSC 392C and 396C with a minimum of "S". Corequisite: NSC 487. Students repeating NSC 487C must also enroll in NSC 487 and the most recent grade in these two corequisites will be applied toward student's GPA. Synthesizes nursing concepts and applies the nursing process to develop practice partnerships with communities and their subsystems.

**NSC 492. Complex Client Health Care. (2 Credits)**

I, II. Prerequisites: NSC 480, 484, and 487 each with a minimum grade of "C"; NSC 484C and 487C with a minimum grade of "S". Corequisite: NSC 492C, 495, and 496. Students repeating NSC 492 must also enroll in NSC 492C and 496. The most recent grade in these corequisites will be applied toward student's GPA. Synthesizes nursing competencies to manage complex health problems, integrating legal, ethical and economic concepts.

**NSC 492C. Complex Client Health Care Clinical. (3 Credits)**

I, II, A. Prerequisites: NSC 480, 484 and 487 each with a minimum grade of "C"; NSC 484C and 487C with a minimum grade of "S". Corequisite: NSC 492 and 495, and 496. Students repeating NSC 492C must also enroll in NSC 492 and 496. The most recent grade in these two corequisites will be applied toward student's GPA. Synthesizes nursing competencies to manage complex health problems, integrating legal, ethical and economic concepts.

**NSC 495. Professional Role Transition. (2 Credits)**

I, II. Prerequisite: NSC 480, 484, and 487 each with minimum grades of "C", NSC 484C and 487C with minimum grade of "S". Corequisite: NSC 492, 492C and 496. Students repeating NSC 495 must also enroll in NSC 492, 492C, and 496. The most recent grade in these corequisites will be applied toward student's GPA. Role development seminar emphasizing refinement of oral presentation skills. Critical analysis of role theory, political, economic and socio-ethical systems which shape nursing practice. Analyzes strategies for instituting change in the health care delivery system.

**NSC 496. Application of Nursing Theory. (2 Credits)**

I, II. Prerequisites: NSC 480, 484, and 487 each with minimum grades of "C", NSC 484C and 487C with minimum grade of "S". Corequisites: NSC 492, 492C and 495. Students repeating NSC 496 must also enroll in NSC 492 and 492C. The most recent grade in these corequisites will be applied toward student's GPA. Facilitates synthesis of nursing knowledge and strengthens the student's ability to apply theory to specific patient situations. Patient case situations from all nursing clinical areas are utilized.

**NSC 498. Independent Study. (1-6 Credits)**

A. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Directed study or research on an issue or area of interest to nursing. May be retaken to a maximum of six hours.

**NSC 500. Early Childhood Health Care. (3 Credits)**

A. Prerequisite: education major or instructor approval. Focuses on the development of competencies necessary for health management of young children (ages birth through five years) with special health care needs. Appropriate for non-health care professionals in the community or classroom.

## Nursing, Associate of Applied Science (A.A.S.)

### Definition of Associate of Applied Science in Nursing

Associate of Applied Science in Nursing (AASN) provides the basic education necessary to become a registered nurse. After graduation with an Associate of Applied Science Degree and successful completion of the National Council Licensure Examination (NCLEX-RN), graduates are prepared to practice in a variety of care settings. AASN incorporates nursing knowledge, knowledge of key biological and social sciences and the study of humanities. Graduates of the AASN program exhibit competencies of human flourishing, nursing judgment, professional identity and the spirit of inquiry.

### Student Learning Outcomes

Upon completion of the program, the AASN graduate will:

- Human Flourishing: “Advocate for patients and families in ways that promote their self-determination, integrity and ongoing growth as human beings” (NLN, 2010, p. 38).
  - a. Incorporate culturally competent, individualized plans of care focusing on services and activities that promote independence, maintain or restore health, or support a peaceful death.
- Nursing Judgment: “Make judgements in practice, substantiated with evidence, that integrate nursing science in the provision of safe, quality care and promote the health of patients within a family and community context” (NLN, 2010, p. 38).
  - a. Utilize the nursing process as a basis for clinical judgment to optimize outcomes of care for the patient, family and community.
  - b. Advocate for access and quality of care for patients
  - c. Apply evidence-based practice to support clinical decision making in the provision of safe quality care.
- Professional Identity: “Implement one’s role as a nurse in ways that reflect integrity, responsibility, ethical practices and an evolving identity as a nurse committed to evidence-based practice, caring, advocacy, and safe quality care for diverse patients within a family and community context” (NLN, 2010, p. 38).
  - a. Exhibit professional behaviors/practice as defined by the ethical, legal and regulatory frameworks of nursing.
  - b. Establish and maintain effective/therapeutic communication in collaboration with patients, families, significant others and members of the health care team.
  - c. Use information and technology to communicate, manage knowledge, mitigate error and support decision making.
- Spirit of Inquiry: “Examine evidence that underlies clinical nursing practice to challenge the status quo, question underlying assumptions and new insights to improve the quality of care for patients, families and communities” (NLN, 2010, p. 38).
  - a. Utilize evidence-based literature/research for use in nursing practice.

## Admission Requirements and Procedures

All students who are admitted to EKU and declare their major as Associate of Applied Science in Nursing (AASN) are admitted as pre-associate degree nursing majors. However, admission to the University does not guarantee admission to the AASN program. Students are eligible to be considered for admission to the AASN program only after having been admitted to the University.

Applicants are eligible to be considered for admission who have:

1. Met University requirements for proficiency in English, reading and mathematics.
2. Met the Pre-College Curriculum requirements.
3. A minimum high school or college (institutional) GPA of 2.5 on a 4.0 scale.
4. Grades of “C” or better in any supporting courses that have been completed. Some support courses (BIO 307, BIO 308, and BIO 273 or MLS 209) must have been taken within five years prior to the time application is made for admission, unless an exception has been approved by the department.
5. Completed the HESI A2 exam within one year of application for admission to the AASN program.
6. In addition to the academic criteria required for admission, applicants must meet the standards written into the Commonwealth of Kentucky Nurse Practice Act. Specifically, the Nurse Practice Act requires that each student be of good moral and ethical character, good mental and physical health, and be academically qualified to fulfill the role and responsibilities of a person licensed to practice as a professional nurse. Students must meet all clinical agency placement requirements.

Completion of eligibility criteria does not guarantee admission to the clinical nursing courses. Admission to the clinical courses is competitive and based on review of the applicants’ academic history and HESI A2 exam scores. Spaces are limited and the most qualified applicants will be selected for admission.

## Progression in the Program

For progression, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses. Students who fail to meet the requirements for progression must apply for readmission through the AASN Readmission Committee. Readmission to a nursing course is not guaranteed to any student. Please refer to the AASN Student Handbook for specific information on readmission procedures. The program reserves the right to alter the suggested plan as necessary to enhance a quality educational program.

For additional admission information please refer to <https://nursing.eku.edu/associate-applied-science-nursing>.

## Students Transferring from Another Nursing Program

Transfer students must meet the following criteria in addition to admission criteria of Eastern Kentucky University and the School of Nursing:

1. The nursing credits transferred must be comparable to AASN credits for a maximum of 16 semester hours credit.
2. A complete course outline and/or syllabi must be submitted for each nursing course being evaluated for transfer credit.

- Transfer credits must meet passing standards of the nursing program from which they are transferred.
- Transfer credits must be from a nationally accredited program. Each transfer student's application will be evaluated on an individual basis.

## Clinical Requirements

Transportation to all clinical experiences is the responsibility of the student. Students are expected to adhere to all program and clinical agency policies and must meet all clinical agency placement requirements. To be compliant with Joint Commission regulations, clinical agency contractual agreements, and ensure a safe clinical environment the following items are required before a student can progress to a clinical experience:

- Proof of professional liability insurance purchased through the University.
- Proof of Cardiopulmonary Resuscitation (CPR) for the Health Care Professional.
- Proof of Rubella, Measles (Rubeola), and Mumps immunity.
- Proof of Hepatitis B immunity.
- Proof of negative Tuberculosis screening.
- Proof of Varicella immunity.
- Documentation of adult TDaP vaccine (Tetanus, Diphtheria, Acellular Pertussis).
- Documentation of annual Influenza vaccine.
- Proof of full vaccination for Covid 19.
- Documentation of the CHS-approved Criminal Background Check.
- Documentation of the CHS-approved Drug Screening.
- Proof of Personal Health Insurance.
- Other documentation as required by specific clinical facilities.

Elements 1A and 1B with a grade of "A" or "B" of the following:		
ENG 101	Reading, Writing, and Rhetoric	
ENG 102	Research, Writing, and Rhetoric	
ENG 105	First Year Writing Seminar	
Any Element 3A or 3B		
Choose from one of the following:		
SOC 131	Introductory Sociology	
PSY 200	Introduction to Psychology (Element E-5B) <sup>G</sup>	
Choose from one of the following:		
Element 2 <sup>G</sup>		
Element 4 <sup>G</sup>		
<i>Student Success Seminar</i>		

HSO 100	Student Success Seminar (waived for transfers with 30+ hrs.)	1
---------	--	---

### Major Requirements

#### Core Courses

NSC 114	Nursing Concepts I	5
NSC 114C	Nursing Concepts Clinical	3
NSC 124	Medical-Surgical Nursing I	3
NSC 124C	Medical-Surgical Nursing I Clinical	2
NSC 126	Mental Health Nursing	2
NSC 126C	Mental Health Nursing Clinical	1
NSC 223	Medical-Surgical Nursing II	4
NSC 223C	Medical-Surgical Nursing II Clinical	2
NSC 225	Family Nursing	4
NSC 225C	Family Nursing Clinical	2
NSC 240	Med-Surgical Nursing III	4
NSC 240C	Med-Surgical Nurs III Clinical	3
NSC 250	NCLEX Review	1
NSC 255	Trends and Issues in Nursing	2

#### Supporting Course Requirements

BIO 307 & BIO 308	Human Anatomy and Physiology I and Human Anatomy and Physiology II	6
BIO 273 or MLS 209	Clinical Microbiology or Microbiology for Health Sciences	3-4

Choose from one of the following: (Element E-5A or B)

SOC 131	Introductory Sociology	
PSY 200	Introduction to Psychology <sup>G</sup>	

**Total Hours** **63-64**

### G

Course also satisfies a General Education element. Hours are included within the General Education requirement above.

## Specific Degree Requirements for Associate of Applied Science in Nursing Degree

In addition to the general requirements for the associate degree, students must earn a grade of "C"/2.0 or better in all nursing and supporting courses.

## Post-Baccalaureate 2nd Degree Concentration, Bachelor of Science in Nursing (B.S.N.)

The baccalaureate nursing program is based upon the belief that preparation for professional nursing encompasses a broad liberal, general, and professional education. The mission of the School of Nursing is to educate nurses at the Associate, Baccalaureate, Masters and Doctorate levels who work in inter-professional environments to promote health and well-being for diverse populations across the Commonwealth, country and world.

## BSN Program Outcomes

Upon completion of the baccalaureate nursing program the BSN graduate will:

1. Demonstrate self-care, professionalism, accountability, and competence in nursing practice with a commitment to advancing the profession of nursing and respecting clients' rights to self-direction and decision-making.
2. Synthesize communication, collaboration, critical thinking, research, leadership, and teaching/learning knowledge when functioning as a leader or member of an intra/inter-professional health care team.
3. Evaluate safe effective, quality health care for complex clients.
4. Examine the impact of ethical and legal issues on complex health care and nursing practice.
5. Use the nursing process, evidence-based nursing practice, critical thinking, research methodologies, informatics, and health care technology to provide therapeutic interventions across levels of prevention, predict outcomes, and influence the care of patients with complex health problems.
6. Synthesize knowledge of systems including sociopolitical, cultural, and epidemiologic systems, and health care economics when analyzing complex care situations.
7. Advocate for improved care for complex care patients.

## Plan for B.S.N. Second Degree Concentration

The School of Nursing offers students who already hold a non-nursing bachelor's degree from a regionally accredited institution the opportunity to complete the Bachelor of Science in Nursing degree in a specially sequenced progression plan for second-degree students. Second degree students must have completed supporting course requirements

Code	Title	Hours
BIO 273 or MLS 209	Clinical Microbiology Microbiology for Health Sciences	4
BIO 307	Human Anatomy and Physiology I	3
BIO 308	Human Anatomy and Physiology II	3
NFA 201	Essentials of Nutrition	3
STA 215	Introduction to Statistical Reasoning	3
Or approved substitutions prior to admission to the Second Degree Concentration nursing major		

Students with a non-nursing bachelor's degree who apply for admission are admitted as pre-nursing second bachelor's degree majors. Admission as a pre-nursing second bachelor's degree student does not guarantee admission to the B.S.N. Second Degree Concentration major. Classes are admitted one time per year. Spaces are limited and admission is competitive and based on a review of all required material submitted with the application packet and the entire academic history.

For additional admission information please refer to <https://nursing.eku.edu/baccalaureate-programs> (<https://nursing.eku.edu/baccalaureate-programs/>)

## Clinical Requirements:

Transportation to all clinical experiences is the responsibility of the student. Students are expected to adhere to all program and clinical agency policies and must meet all clinical agency placement

requirements. To be compliant with Joint Commission regulations, clinical agency contractual agreements, and ensure a safe clinical environment the following items are required before a student can progress to a clinical experience:

1. Proof of professional liability insurance purchased through the University.
2. Proof of Cardiopulmonary Resuscitation (CPR) for the Health Care Professional.
3. Proof of Rubella, Measles (Rubeola), and Mumps immunity.
4. Proof of Hepatitis B immunity.
5. Proof of negative Tuberculosis screening.
6. Proof of Varicella immunity.
7. Documentation of adult TDaP vaccine (Tetanus, Diphtheria, Acellular Pertussis).
8. Documentation of annual Influenza vaccine.
9. Proof of full vaccination for Covid 19.
10. Documentation of the CHS-approved Criminal Background Check.
11. Documentation of the CHS-approved Drug Screening.
12. Proof of Personal Health Insurance.
13. Other documentation as required by specific clinical facilities.

**Specific Degree Requirements for Bachelor of Science in Nursing Degree**

In addition to the general requirements for the baccalaureate degree, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses.

## Pre-RN Nursing, Bachelor of Science in Nursing (B.S.N.)

The baccalaureate nursing program is based upon the belief that preparation for professional nursing encompasses a broad liberal, general, and professional education. The mission of the School of Nursing is to educate nurses at the Associate, Baccalaureate, Masters and Doctorate levels who work in inter-professional environments to promote health and well-being for diverse populations across the Commonwealth, country and world.

### BSN Program Outcomes

Upon completion of the baccalaureate nursing program the BSN graduate will:

1. Demonstrate self-care, professionalism, accountability, and competence in nursing practice with a commitment to advancing the profession of nursing and respecting clients’ rights to self-direction and decision-making.
2. Synthesize communication, collaboration, critical thinking, research, leadership, and teaching/learning knowledge when functioning as a leader or member of an intra/inter-professional health care team.
3. Evaluate safe effective, quality health care for complex clients.
4. Examine the impact of ethical and legal issues on complex health care and nursing practice.
5. Use the nursing process, evidence- based nursing practice, critical thinking, research methodologies, informatics, and health care technology to provide therapeutic interventions across levels of

prevention, predict outcomes, and influence the care of patients with complex health problems.

6. Synthesize knowledge of systems including sociopolitical, cultural, and epidemiologic systems, and health care economics when analyzing complex care situations.
7. Advocate for improved care for complex care patients.

## Admission and Progression Requirements

All students who are accepted by EKU’s Admissions Office and declare their major as baccalaureate nursing (four-year nursing) are admitted to the University as pre-baccalaureate nursing majors. However, admission to the freshman year does not guarantee admission to the laboratory nursing courses. Students seeking to enter NSC 232 Health Assessment and Promotion, NSC 242 Communication in Nursing, and NSC 252 Intro to Professional Nursing in the third semester of the curriculum must meet minimum program GPA requirements of 2.5 and have School of Nursing chair approval. Spaces in these courses are limited and are reserved for students whose academic record indicates they are more likely to be eligible to be considered for and admitted to the clinical nursing courses.

To be eligible to be considered for admission to the clinical nursing courses, students must have completed the first three semesters of college work as outlined in the curriculum plan and have submitted a complete department application. All prerequisite courses must be completed with a grade of “C”/2.0 or better, and a minimum institutional GPA of 2.5 on a 4.0 scale must be obtained. For the preclicensure nursing program, [Nursing Pre-RN (B.S.N.)], some prerequisite courses (BIO 307 Human Anatomy and Physiology I , BIO 273 Clinical Microbiology/MLS 209 Microbiology for Health Sciences, BIO 308 Human Anatomy and Physiology II, CHE 105 Chemistry for the Health Sciences, and NFA 201 Essentials of Nutrition) must have been taken within five years prior to the time application is made for admission to the clinical nursing courses unless an exception has been approved by the department.

For the preclicensure Nursing (B.S.N.) Second Degree Concentration, the courses in BIO 307 Human Anatomy and Physiology I , BIO 273 Clinical Microbiology/MLS 209 Microbiology for Health Sciences, BIO 308 Human Anatomy and Physiology II, and NFA 201 Essentials of Nutrition must have been taken within five years prior to the time application is made for admission to the concentration unless an exception has been approved by the department. Completion of eligibility criteria does not guarantee admission to the clinical nursing courses. Admission to the clinical courses is competitive and based on review of the applicants’ academic history. Spaces are limited and the most qualified applicants will be selected for admission.

In addition to the academic criteria required for admission, the student must meet the standards written into the Commonwealth of Kentucky Nurse Practice Act. Specifically, the Nurse Practice Act requires that each student be of good moral and ethical character, good mental and physical health, and be academically qualified to fulfill the role and responsibilities of a person licensed to practice as a professional nurse. Students must meet all clinical agency placement requirements.

For progression, students must earn a grade of “C”/2.0 or better in all nursing and supporting courses. Students who fail to meet the requirements for progression must apply for readmission through the Baccalaureate Admission/Readmission Committee. Readmission to a nursing course is not guaranteed to any student. Please refer to the Baccalaureate Nursing Student Handbook for specific information on

readmission procedures. The program reserves the right to alter the suggested plan as necessary to enhance a quality educational program.

For additional admission information please refer to the Selection Criteria at <https://nursing.eku.edu/baccalaureate-programs> (<https://nursing.eku.edu/baccalaureate-programs/>)

## Transfers from Other Colleges and Universities

Academic credits earned at other accredited colleges or universities are transferable upon approval of the appropriate department at Eastern Kentucky University. Official transcripts are to be submitted by the student to the Office of the Registrar. Credits more than eight years old must be approved.

Transfer students must submit copies of all transcripts along with their application to the program. These transcripts will be considered a part of the application process and are necessary to determine admission and placement.

Students wishing to transfer nursing courses from another accredited institution must have a grade equivalent of "C"/2.0 or better in any nursing course to be transferred. In addition, the applicant must submit complete course outlines and/or syllabi. This material should be submitted well in advance of expected matriculation to provide time for necessary evaluation.

## Clinical Requirements:

Transportation to all clinical experiences is the responsibility of the student. Students are expected to adhere to all program and clinical agency policies and must meet all clinical agency placement requirements. To be compliant with Joint Commission regulations, clinical agency contractual agreements, and ensure a safe clinical environment the following items are required before a student can progress to a clinical experience:

1. Proof of professional liability insurance purchased through the University.
2. Proof of Cardiopulmonary Resuscitation (CPR) for the Health Care Professional.
3. Proof of Rubella, Measles (Rubeola), and Mumps immunity.
4. Proof of Hepatitis B immunity.
5. Proof of negative Tuberculosis screening.
6. Proof of Varicella immunity.
7. Documentation of adult Tdap vaccine (Tetanus, Diphtheria, Acellular Pertussis).
8. Documentation of annual Influenza vaccine.
9. Proof of full vaccination for Covid 19.
10. Documentation of the CHS-approved Criminal Background Check.
11. Documentation of the CHS-approved Drug Screening.
12. Proof of Personal Health Insurance.
13. Other documentation as required by specific clinical facilities.

## Specific Degree Requirements for Bachelor of Science in Nursing Degree

In addition to the general requirements for the baccalaureate degree, students must earn a grade of "C"/2.0 or better in all nursing and supporting courses.

In addition to the general requirements for the baccalaureate degree, students must earn a grade of "C"/2.0 or better in all nursing and supporting courses.

## R.N. to B.S.N. Pathway, Bachelor of Science in Nursing (B.S.N.)

The baccalaureate nursing program is based upon the belief that preparation for professional nursing encompasses a broad liberal, general, and professional education. The mission of the School of Nursing is to educate nurses at the Associate, Baccalaureate, Masters and Doctorate levels who work in inter-professional environments

to promote health and well-being for diverse populations across the Commonwealth, country and world.

## RN to BSN Program Outcomes

Upon completion of the baccalaureate nursing program the BSN graduate will:

1. Demonstrate self-care, professionalism, accountability, and competence in nursing practice with a commitment to advancing the profession of nursing and respecting clients' rights to self-direction and decision-making.
2. Synthesize communication, collaboration, critical thinking, research, leadership, and teaching/learning knowledge when functioning as a leader or member of an intra/inter-professional health care team.
3. Evaluate safe effective, quality health care for complex clients.
4. Examine the impact of ethical and legal issues on complex health care and nursing practice.
5. Use the nursing process, evidence- based nursing practice, critical thinking, research methodologies, informatics, and health care technology to provide therapeutic interventions across levels of prevention, predict outcomes, and influence the care of patients with complex health problems.
6. Synthesize knowledge of systems including sociopolitical, cultural, and epidemiologic systems, and health care economics when analyzing complex care situations.
7. Advocate for improved care for complex care patients.

## Admission and Progression Requirements (RN-BSN)

The School of Nursing offers the opportunity for Associate Degree registered nurses to earn a baccalaureate degree in nursing. Admission requirements include an Associate Degree in Nursing from a program accredited by ACEN or NLN CNEA (or 3 year diploma program), and a RN license from an approved state that is free and unrestricted, meaning that it has not been subject to reprimand, revocation, probation, suspension, restriction, limitation, disciplinary action, discretionary review/hearing or encumbrance nor had any type of complaint filed against it.

## Protocol for Accepting RN-BSN Students as General Education Certified

Eastern Kentucky University will consider all RN-BSN applicants, who are currently licensed nurses with professional work experience, as General Education certified based on the following standards:

- Applicants will have completed an associate degree for which they have earned a minimum of fifteen (15) General Education credit hours.
- Applicants will have taken and passed the NCLEX RN licensure exam. Competencies demonstrated by this exam are sufficient to satisfy certain General Education competencies.
- Applicants have practical experiential learning that can be applied to the General Education competencies.

Note: Must have 120 total credit hours to complete BSN

## Transfers from Other Colleges and Universities

Academic credits earned at other accredited colleges or universities are transferable upon approval of the appropriate department at Eastern Kentucky University. Official transcripts are to be submitted by the student to the Office of the Registrar. Credits more than eight years old must be approved.

Transfer students must submit copies of all transcripts along with their application to the program. These transcripts will be considered a part of the application process and are necessary to determine admission and placement.

Students wishing to transfer nursing courses from another accredited institution must have a grade equivalent of "C"/2.0 or better in any nursing course to be transferred. In addition, the applicant must submit complete course outlines and/or syllabi. This material should be submitted well in advance of expected matriculation to provide time for necessary evaluation.

The College of Justice, Safety & Military Science at Eastern Kentucky University is one of the largest of its type in the United States and is one of the six colleges that comprise the academic structure of the University. Within the College of Justice, Safety & Military Science is the School of Justice Studies, the School of Safety, Security, & Emergency Management, and the Department of Military Science and Leadership

(Army ROTC). Faculty in the College are nationally and internationally known for their teaching, research, and service.

The Commonwealth of Kentucky named the College of Justice, Safety & Military Science as the first Program of Distinction at Eastern Kentucky University in 1998. The Program of Distinction has funded renovations for a new Stratton annex, Ashland Building, and Perkins Building, new degree programs, upgraded classrooms, and computer labs, provided additional research opportunities for faculty and students, as well as scholarship opportunities for students majoring in programs offered by the college.

Associate, baccalaureate, and master's degree programs are offered by the College of Justice, Safety and Military Science. Many programs are also available online.

The College is committed to a career ladder concept by providing opportunities for students enrolled in or completing associate (two-year) degree programs to transfer to a corresponding baccalaureate (four-year) program with little or no loss of credit.

Most programs in the College are housed in the Stratton Building, an outstanding and unique facility that includes two annexes, a remodeled shared entrance; renovated student commons and classrooms with new technology, a 250-seat auditorium, two computer labs, and a cafeteria. The Fire Science programs have additional offices, classrooms, and labs in Ashland Building and the Emergency Medical Care program has offices, classrooms, and labs in the Stratton Annex.

The Department of Military Science and Leadership (Army ROTC) is housed in the Weaver Building. In addition, EKU has an agreement with the University of Kentucky Aerospace Studies Program for EKU students to be in the Air Force ROTC program on UK's campus.

## Admission to the College

Students seeking admission to The College of Justice, Safety & Military Science must meet general University requirements and should indicate their intention to major in a program of the College.

After being admitted to the College, a student will be assigned to a professional advisor, in the Academic & Advising Center, who will assist in selecting the proper courses leading to the desired degree.

## Degree Requirements

General University degree requirements appear in Section Four of this Catalog, and specific requirements for each of the degree programs offered by the College of Justice, Safety & Military Science appear below; both sets of requirements must be met by students completing associate and baccalaureate programs as well as the minor in the Army ROTC program. Unless otherwise specified, all programs in the College of Justice, Safety & Military Science require a grade of "C" or better for all required major and supporting courses. See the program descriptions under each department for specific major and minor requirements. Common to all programs is the Student Success Seminar.

## Major and Minor Credit Minimum

Unless otherwise specified, regardless of the advanced standing under which the student may have been admitted or what credits have transferred, 18 hours of advanced course work (courses numbered 300 or above) applied for credit toward the major subject for a baccalaureate degree, nine hours of advanced course work applied for credit toward the

major subject for an associate degree, and six hours of advanced course work toward major subject for a minor must be earned at Eastern.

## Department of Military Science and Leadership (Army ROTC)

### Chair

LTC James Plutt  
(859) 622-1207  
Weaver 201

### Military Science and Leadership Faculty and Staff

PMS Lieutenant Colonel James Plutt, Administrative Coordinator Claire Jennings, MAJ Colin Corrigan, MAJ Jonathan Hoekzema, CPT Charles Huber, SFC Cody Taylor, Scholarship and Enrollment Specialist Eric Sheaks, HR Specialist Rob Roane and Supply Tech TBA.

### Reserve Officer Training Corps (ROTC)

**Earning a degree does not necessarily guarantee** employment, however, taking Army ROTC will. The Reserve Officer Training Corps (ROTC) is a premier leadership-training program that prepares you to be a leader in any organization or business. ROTC enhances any Bachelor's or Master's Degree program by improving leadership skills, time management skills, goal setting, decision making, team building, mentorship, and achieving success. The skills you develop in ROTC will give you an advantage over your job-seeking peer. After successful completion of the Army ROTC program, you will have a full-time job waiting for you as a Commissioned Officer in the United States Army or part-time in the Army Reserve or National Guard.

### Career Opportunities

Students who successfully graduate from EKU's Army ROTC program commission as Second Lieutenants and serve with other dedicated young men and women in our nation's defense. As new Lieutenants, officers serve in a variety of branches (career paths), such as Aviation, Armor, Infantry, Transportation, Military Police, Engineers, and Army Nurses, to name a few, and can travel worldwide. Starting salary for an active duty Lieutenant is over \$55,000, plus full individual and family medical coverage and 30 days paid vacation annually. For those who desire only a part-time commitment, the Guaranteed Reserve Forces Duty option gives students assurance they will be able to serve their country from home, adding stability to their chosen civilian career in the National Guard or Reserves.

### Leadership Development

EKU's Department of Military Science and Leadership has a proud reputation dating back to 1936. The program has commissioned over 2,200 officers. The program's unique approach to leadership development provides each student various opportunities to refine their own leadership skills and receive individualized performance feedback. The Training is designed around a hands-on, experiential learning curriculum. ROTC students will develop the skills necessary to lead others, but also build confidence by learning how to rappel, negotiate EKU's Challenge Course, fire the M-16 rifle and M-4 Carbine, complete water survival training, and other adventure-type activities. Students also learn to live the seven Army Values – Loyalty, Duty, Respect, Selfless Service, Honor, Integrity, and

Personal Courage by demonstrating these values as they participate in the Cadet Battalion, Color Guard, Ranger Company, and Raider Team.

## Scholarships and Simultaneous Membership

Eligible students may compete for a variety of Army ROTC Scholarships available on-campus and through the Army National Guard and Army Reserves. These fully funded scholarships pay your choice of 100% tuition or \$10,000 Room & Board with a \$1,200 annual book allowance and a monthly tax-free living allowance of \$420. Four-year ROTC scholarship recipients and qualified freshmen may receive free room and board. Members of the National Guard or Army Reserves who join ROTC under the Simultaneous Membership Program (SMP) may also receive a monthly SMP Kicker of \$350 monthly in addition to the tax-free \$420 ROTC living allowance, Montgomery GI Bill<sup>®</sup> benefits, and E-5 drill pay. National Guard members get 100% in-state tuition.

## Eligibility and Obligations

Students may enroll in any of the MSL 100-200 level courses without any obligation. Students who desire to seek a commission must sign a contract before entering the Advanced Leadership Course (MSL 300-400 courses); they must also meet certain age, physical fitness, medical, citizenship, security clearance and military experience requirements. Military experience can be satisfied in a variety of methods (check with the ROTC Scholarship and Enrollment Officer at (859) 622-1215 for details). Students contracting into the Advanced Leadership Course will incur a military service obligation upon graduation.

## Scholar-Athlete-Leader

Becoming an Army Officer doesn't just happen; it requires a level of commitment, determination, and selflessness that few civilian careers will ever demand. Army Officers are intellectually curious, mentally adroit, physically robust, and possess a willingness and passion to take charge and make the right things happen. If you are a Scholar-Athlete-Leader who wants to join the world's most sophisticated Army, then join ECU ROTC—*"Where Leadership Excellence Begins."*

## Air Force Reserve Officer Training Corps (AFROTC)

Lieutenant Colonel Daniel Sullivan  
Commander, AFROTC Detachment 290 and Professor of Aerospace Studies  
University of Kentucky (Host School)  
859-257-7115

## Air Force Faculty

Major Jeremy C. Morris, Operations Officer; Captain Nichole Nicholson, Recruiting Officer; Captain Austin Downs, Operations Flight Commander and Professor of Aerospace Studies; Master Sergeant Tico Jones, NCOIC, Personnel; Staff Sergeant Markie Campbell, NCOIC Administration; Mr. Tory Pendleton, Department Manager and University Liaison

## Air Force ROTC Scholarships

The types of financial assistance available through Air Force ROTC are briefly described below. For further details on eligibility and requirements, contact the

Department of Aerospace Studies  
203 Barker Hall  
University of Kentucky  
Lexington, KY, 40506-0028

(859) 257-7115

or visit <https://afrotc.as.uky.edu/> for more information. Additional information is also listed in this Bulletin under Aerospace Studies.

## High School Scholarship Program (HSSP)

Scholarships are available to those qualified and selected students who enroll in the Air Force ROTC program. These scholarships cover tuition and laboratory fees, provide an allowance for books, and provide a graduated nontaxable subsistence allowance ranging from \$300 to \$500 per month. Qualified high school students can apply for four-year Air Force ROTC scholarships. Applicants for four-year scholarships are evaluated on the basis of the following criteria: a composite score on the ACT, or a composite score on the SAT; the applicant's high school academic record; class ranking; extracurricular and athletic activities; personal interview; and ability to qualify on an Air Force medical examination. High school students who meet the basic eligibility requirements for a four-year scholarship must submit an application anytime between **June 1 through December 1** of the year prior to enrollment in the program (usually the spring of their junior year into the fall of their senior year).

All selections for four-year scholarships are made at Air Force ROTC headquarters. Students meet regularly scheduled boards from September to February (which is dependent upon when they officially apply). High school students should apply online at: [www.afrotc.com](http://www.afrotc.com) (<http://www.afrotc.com>). For additional information, contact the

Air Force ROTC Detachment  
203 Barker Hall  
University of Kentucky  
Lexington, KY 40506-0028  
or by phone at (859) 257-7115.

## In College Scholarship Program (ICSP)

Scholarships are awarded to students enrolled as cadets currently in the Air Force ROTC program on a competitive basis. Depending on the particular scholarship program, selection may be made on campus by the Air Force ROTC detachment commander or at Air Force ROTC headquarters. Scholarships may be awarded for up to three and a half years of study. Students interested in these scholarships should call (859) 257-7115 for the latest information. (Freshman students are not eligible for an ICSP until they have completed one full-time semester of college education. Freshman ICSP scholarships are awarded during the spring semester of the cadet's freshman year but do not go into effect until the fall semester of the cadet's sophomore year. The same is the case for the sophomore cadets. Additionally, sophomore cadets who compete for and receive a Field Training allocation will be automatically awarded the Charles McGee Leadership Award (CMLA) beginning the fall semester of their junior year.

Furthermore, the **HQ AFROTC ICSP** is an in-college scholarship program available to students pursuing a degree in critical areas needed by the Air Force. These scholarships can be up to three and a half years. These scholarships are awarded on a competitive basis for those who qualify. ICSP scholarships have historically been awarded to cadets pursuing academic majors in electrical and computer engineering, nursing, and certain foreign language studies. Selections for this particular in-college scholarship program are made at Air Force ROTC headquarters. Critical areas are updated every year and are subject to change without notice. For current information, call (859) 257-7115.

Receipt of any of the aforementioned scholarships requires the cadet to contract with the Air Force and complete the ROTC program.

Information is current as of June 2023 and is subject to change.

## Non-Degree

- Aerospace Studies (Air Force ROTC) (p. 257)

## Courses

### Aerospace Studies

#### AFS 111. Aerospace Studies I. (1 Credit)

The course allows students to examine general aspects of the Department of the Air Force, Air Force benefits, and opportunities for Air Force officers. The course also lays the foundation for becoming an Airman such as AF customs and courtesies, AF dress and appearance, team building, communication skills, and more. As a whole, this course, combined with AFS 112, provides students with a knowledge-level understanding for the employment of air and space power, from an institutional, doctrinal, and historical perspective. The students will be introduced to the Air Force way of life and gain knowledge on what it means to be an Airman. (This course is offered with the University of Kentucky).

#### AFS 112. Leadership Seminar. (1 Credit)

This fall semester course (to be taken in conjunction with AFS 111) is a weekly laboratory that teaches Air Force customs and courtesies, health and physical fitness, and drill and ceremonies. Consists of one, two-hour lab per week and two, one-hour physical training (PT) sessions per week. Satisfactory/Unsatisfactory only. Corequisite: AFS 111. (This course is offered with the University of Kentucky).

#### AFS 113. Aerospace Studies I. (1 Credit)

The course allows students to examine general aspects of the Department of the Air Force, Air Force Leadership and the Air Force Core Values. As a foundational course, AS100 also provides a historical perspective such as lessons on war and US military, Air Force operations, principles of war, and airpower. As a whole, this course, combined with AFS 111, provides students with a knowledge-level understanding for the employment of air and space power, from an institutional, doctrinal, and historical perspective. The students will be introduced to the Air Force way of life and gain knowledge on what it means to be an Airman. (This course is offered through UK).

#### AFS 114. Leadership Seminar. (1 Credit)

This course (to be taken in conjunction with AFS 113) is a weekly laboratory that teaches Air Force customs and courtesies, health and physical fitness, and drill and ceremonies. Consists of one, two-hour lab per week and two, one-hour physical training (PT) sessions per week. Satisfactory/Unsatisfactory only. Corequisite: AFS 113. (This course is offered with the University of Kentucky).

#### AFS 211. Aerospace Studies II. (1 Credit)

This course is the first part of a two part course that focuses on laying the foundation for teams and leadership. The topics include skills that will allow cadets to improve their leadership on a personal level and within a team. The courses will prepare cadets for their field training experience where they will be able to put the concepts learned into practice. The purpose is to instill a leadership mindset and to motivate sophomore students to transition from AFROTC cadet to AFROTC officer candidate. (This course is offered with the University of Kentucky).

#### AFS 212. Leadership Seminar. (1 Credit)

This course is a weekly laboratory that prepares cadets with additional emphasis on leadership/followership roles and preparation for summer field training. Consists of one, two-hour lab per week and two, one-hour physical training (PT) sessions per week. Satisfactory/Unsatisfactory only. Corequisite: AFS 211. (This course is offered with the University of Kentucky).

#### AFS 213. Aerospace Studies II. (1 Credit)

This course is the second part of a two-part course that focuses on laying the foundation for teams and leadership. The topics include communication, feedback, situational leadership and leadership theory. The courses will prepare cadets for their field training experience where they will be able to put the concepts learned into practice. The purpose is to instill a leadership mindset and to motivate sophomore students to transition from AFROTC cadet to AFROTC officer candidate. (This course is offered with the University of Kentucky).

#### AFS 214. Leadership Seminar. (1 Credit)

This course is a weekly spring semester laboratory designed to develop supervisory management skills to include communication, techniques of critique, social actions, personnel evaluation procedures, problem solving, role playing and field training preparation. Consists of one, two-hour lab per week and two, one-hour physical training (PT) sessions per week. Satisfactory/Unsatisfactory only. Corequisite: AFS 213. (This course is offered with the University of Kentucky).

#### AFS 311. Aerospace Studies III. (3 Credits)

Prerequisites, AFS 111, 113, 211, 213. Part one of a two-part course that teaches cadets advanced skills and knowledge in management and leadership. Special emphasis is placed on enhancing leadership skills and communication. Cadets have an opportunity to try out these leadership and management techniques in a supervised environment as juniors and seniors. Class participation, comprehension, and oral communication skills are stressed. (This course is offered with the University of Kentucky).

#### AFS 312. Aerospace Seminar. (1 Credit)

A fall semester course focused on developing advanced leadership skills through hands-on application and leadership roles. Students fill the mid-level management function within the Detachment's cadet wing through flight leadership and other project management roles. The course involves the planning and execution of military events and activities within leadership lab itself. Consists of one, two-hour lab per week and two, one-hour physical training (PT) sessions per week. Satisfactory/Unsatisfactory only. Corequisite: AFS 311. (This course is offered with the University of Kentucky).

**AFS 313. Aerospace Studies III. (3 Credits)**

Prerequisites, AFS 111, 113, 211, 213. A continuation of AFS 311. Second part of a course that teaches cadets advanced skills and knowledge in management and leadership. Special emphasis is placed on enhancing leadership skills and communication. Cadets have an opportunity to try out these leadership and management techniques in a supervised environment as juniors and seniors. Class participation, comprehension, and oral communication skills are stressed. (This course is offered with the University of Kentucky).

**AFS 314. Leadership Seminar. (1 Credit)**

A spring semester course designed and focused on developing advanced leadership skills through hands-on application and leadership roles. Students fill the mid-level management function within the Detachment's cadet wing through flight leadership and other project management roles. The course involves the planning and execution of military events and activities within leadership lab itself. Consists of one, two-hour lab per week and two, one-hour physical training (PT) sessions per week. Satisfactory/Unsatisfactory only. Corequisite: AFS 311. (This course is offered with the University of Kentucky).

**AFS 411. Aerospace Studies IV. (3 Credits)**

Prerequisites, AFS 111, 113, 211, 213, 311, 313. Part one of a two-part class that is designed for college seniors and gives them the foundation to understand their role as military officers in American society. It is an overview of the complex social and political issues facing the military profession and requires a measure of sophistication commensurate with the senior college level. Class participation, comprehension, written and oral communication skills are stressed. (This course is offered with the University of Kentucky).

**AFS 412. Leadership Seminar. (1 Credit)**

A fall semester course designed and focused on developing advanced leadership skills. Students fill the top-level management function within the cadet wing. The course involves the planning and controlling of military activities of leadership lab. The lab also includes practice of leadership techniques aimed at motivating and instructing cadets in the lower three levels. Consists of one, two hour lab per week and two, one-hour physical training (PT) sessions per week. Satisfactory/Unsatisfactory only. Corequisite: AFS 411. (This course is offered with the University of Kentucky).

**AFS 413. Aerospace Studies IV. (3 Credits)**

Second part of a class that is designed for college seniors and gives them the foundation to understand their role as military officers in American society. It is an overview of the complex social and political issues facing the military profession and requires a measure of sophistication commensurate with the senior college level. This final semester provides information that will prepare the cadets for Active Duty. Class participation, comprehension, written and oral communication skills are stressed. (This course is offered with the University of Kentucky).

**AFS 414. Leadership Seminar. (1 Credit)**

A spring semester course designed and focused on developing advanced leadership skills. Students fill the top-level management function within the cadet wing. The course involves the planning and controlling of military activities of leadership lab. The lab also includes practice of leadership techniques aimed at motivating and instructing cadets in the lower three levels. Consists of one, two hour lab per week and two, one-hour physical training (PT) sessions per week. Satisfactory/Unsatisfactory only. (This course is offered with the University of Kentucky).

**AFS 495. Independent Work. (2-6 Credits)**

A. Prerequisite: approval of professor of aerospace studies. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. A study of an advanced problem on an aerospace subject under the guidance of the Chairman of the Department of Aerospace Studies.

**Military Science and Leadership****MSL 101. Introduction to the Army and Critical Thinking. (2 Credits)**

I. Cadets will learn how the personal development of life skills such as cultural understanding, goal setting, time management, stress management, and comprehensive fitness related to leadership, officership, and the Army profession. The focus is on developing basic knowledge and comprehension of Army leadership dimensions, attributes and core leader competencies while gaining an understanding of the ROTC program, its purpose in the Army, and its advantages for the student. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). 1 Lec/1 Lab.

**MSL 102. Introduction to the Profession of Arms. (2 Credits)**

(2) II. Cadets will learn how Army ethics and values shape the Army and the specific ways that these ethics are inculcated into Army culture. Cadets can expect to explore the seven Army Values, Warrior Ethos, explore the Profession of Arms, Army Leadership and critical communication skills. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). 1 Lec/1 Lab.

**MSL 201. Leadership and Decision Making. (2 Credits)**

(2) I. Primarily is drawn from the Adaptability Army Learning Areas (ALA). The outcomes are demonstrated through Critical and Creative Thinking and the ability to apply Troop Leading Procedures (TLP). Comprehension of the officer's role in leading change by applying innovative solutions to problems in concert with the Principals of Mission Command. The Army Profession is also stressed through leadership forums and a leadership self-assessment. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). 2 Lec/1 Lab.

**MSL 202. Army Doctrine and Team Decision. (3 Credits)**

(3) II. Begins the journey to understand and demonstrate cross-cultural competencies as they relate to Army doctrine and how they apply in a combatant commander's engagement strategies. Army values, teamwork, and Warrior Ethos and their relationship to the Law of Land Warfare and philosophy of military science are also stressed. The ability to lead and follow is also covered through team building exercises in small units up to squad level. Students are required to apply their knowledge outside the classroom in hands-on performance-oriented environment during Leadership LABS. 2.5 Lec/2.5 Lab.

**MSL 210. Basic Camp. (5 Credits)**

(5) Summer Only. A comprehensive leader training course which can be taken in lieu of 201 and 202. This course emphasizes an experiential, hands-on approach to leader development. Held at Fort Knox, Kentucky. Students are paid to attend.

**MSL 298. Independent Leadership Studies. (2,3 Credits)**

A. Prerequisite: departmental approval; may be taken once in lieu of MSL 201 or 202. Students record observed traits in a dimensional leadership journal and discuss observations with instructor. Independent examination of effective leadership, communications, goal setting, decision-making, problem solving, and quality improvement techniques. 2.5 Ind Stu/2.5 Lab.

**MSL 301. Training Management and the Warfighting Functions. (3 Credits)**

(3) I. Prerequisites: 54 hours, MSL 201 and MSL 202 or MSL 210; or Departmental approval. Challenges cadets to study, practice and apply the fundamentals of Army Leadership, Officership, Army values and ethics, personal development, and small unit tactics at the platoon level. Cadets receive systematic and specific feedback on their leadership attributes values, and core leader competencies from instructor, other ROTC cadre, and MSL IV cadets using the Cadet Officer Evaluation System (OES). Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). 2.5 Lec/2.5 Lab.

**MSL 302. Applied Leadership in Small Unit Operations. (3 Credits)**

(3) II. Prerequisite: MSL 301 or departmental approval. Builds on the lessons learned and leadership attributes gained and developed during MSL 301. This is an academically challenging course where cadets will study, practice, and apply the fundamentals of the Army leadership, officership, Army values and ethics, personal development and small unit tactics at the platoon level. At the conclusion of this course, cadets will be capable of planning coordinating, navigating, motivating and leading a squad and platoon in the execution of a mission during a classroom PE, a Leadership Lab, or during a Leader Training Exercise (LTX). Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). Lab 2.5 Lec/2.5 Lab.

**MSL 303. American Military History. (3 Credits)**

I. Prerequisite: ENG 102 or ENG 105(B) or HON 102. Examines U.S. Military History from pre-revolutionary times to Global War on Terrorism, Applies the THreads of Continuity model, defines the (9) principles of war; (5) forms of maneuver, analyzes the political-economic-technological-social impacts on the military. Develops leadership through individual/group contribution participation in case studies, classroom presentations, book report, battle analysis, and battlefield staff ride/museum tour. Gen Ed Element 5A-History.

**MSL 310. Advance Camp. (6 Credits)**

(6) Summer Only. Prerequisite: MSL 302. Refines student leadership and teamwork building skills through intensive practical application, rotating leader/command experience involving problem analysis, decision-making, and troop leading in both garrison and field environments. Held at Fort Lewis, Washington.

**MSL 311. Internship in Leadership. (3 Credits)**

Summer Only. Pre and Corequisites: MSL 301, MSL 302 and enrolled in MSL 310. Students assigned to leadership positions with active army units for 3-4 weeks. Students are paid and receive a written evaluation of their leadership performance and potential and must complete an after action report upon returning. May only be taken once.

**MSL 401. The Army Officer. (3 Credits)**

(3) I. Prerequisite: MSL 302 or departmental approval. Develops cadet proficiency in planning, executing and assessing complex operations, functioning as a member of a staff, and providing performance feedback to subordinates. Cadets assess risk make ethical decisions, and lead fellow Army ROTC cadets. They identify responsibilities of key staff, coordinate staff roles and use situational opportunities to teach, train and develop subordinates. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). .5 Lec/2.5 Lab.

**MSL 402. Company Grade Leadership. (3 Credits)**

(3) II. Prerequisite: MSL 401 or departmental approval. Explores the dynamics of leading in the complex situations of current military operations in today's operational environment. Cadets examine difference in customs and courtesies, military law, principles of war and rules of engagement in the face of international terrorism. They also explore aspects of interacting with nongovernmental organizations, civilians on the battlefield and host nation support. The course places significant emphasis on preparing cadets for their first unit of assignment. Students are required to apply their knowledge outside the classroom in a hands-on performance-oriented environment during leadership labs (team building exercises, field training exercises, and/or simulation exercises). 2.5 Lec/2.5 Lab.

**MSL 403. Topics in Military Leadership. (1 Credit)**

A. Prerequisite: MSL 402. Study of current issues relevant to the professional development and commissioning of Second Lieutenants in the United States Army. May repeat with different topics for a maximum of 4 hours. 1 Lec/1 Lab.

**MSL 498. Advanced Independent Leadership Studies. (3 Credits)**

A. Prerequisite: departmental approval; may be taken twice in lieu of MSL 301, 302, 401, or 402. Equivalent study of the materials covered in the course being replaced. 2.5 Ind Stu/2.5 Lab.

## Aerospace Studies (Air Force ROTC)

The Department of Aerospace Studies provides a campus education program through which qualified students can simultaneously earn an Air Force commission and a college degree. Faculty members are experienced, active duty Air Force officers with advanced degree.

## Requirements

- An academic major in aerospace studies is not offered. However, by successfully completing the Air Force ROTC program, a qualified student may concurrently earn a commission as an active duty Air Force Second Lieutenant while completing requirements for a degree. Students may enroll in some Aerospace Studies courses without joining the Air Force ROTC cadet corps. For more information, call (859) 257-7115.

**Note:** Entry into the POC years is competitive and is based on

- Air Force Officer Qualifying Test scores
- Grade-point average
- Evaluation by the AFROTC Detachment Commander
- Only physically qualified students in good academic standing may compete for entry into the POC.

- Typically, these courses are for those cadets who have already completed the courses in the GMC, but the courses are open to any UK students.

## Field Training

Field training is offered at Maxwell Air Force Base in Alabama. Students receive officer training and leadership development with other students. Simultaneously, the Air Force has an opportunity to evaluate each student as a potential member of its officer corps. Field training courses include cadet orientation, survival training, officer training, aircraft and aircrew orientation, physical training, organizational and functional aspects of an Air Force base, career orientation, small arms familiarization, first aid, and other supplemental training.

## Scholarships

Students interested in AFROTC scholarships should refer to the Student Financial Aid, Awards, and Benefits section of this Bulletin or call (859) 257-7115. Information is subject to change.

## Admission to the Program

- Non-scholarship freshmen and sophomores may register for Air Force Studies (AFS) courses without incurring a military commitment.
- Students with a minimum of five semesters of school remaining in a graduate or undergraduate status may qualify for Air Force ROTC. For more information, call (859) 257-7115.

## Program Requirements

### AFROTC Curriculum

The AFROTC curriculum consists of both academic classes and leadership laboratory or seminar classes.

- The General Military Course (GMC) is a two-year course normally taken during the freshman and sophomore years.
- The Professional Officer Course (POC) is a two-year course normally taken during the junior and senior years. Along with academic classes each semester, all cadets also take leadership laboratory classes.

In the GMC, there are four academic classes:

Code	Title	Hours
<b>Freshman Semesters</b>		
AFS 111	Aerospace Studies I (offered in Fall semesters)	1
AFS 113	Aerospace Studies I (offered in Spring semesters)	1
<b>Sophomore Semesters</b>		
AFS 211	Aerospace Studies II (offered in Fall semesters)	1
AFS 213	Aerospace Studies II (offered in Spring semesters)	1

These cover two main themes – the development of air power and the contemporary Air Force in the context of the U.S. military organization. The GMC academic classes are open to any UK student.

In the POC, there are four academic classes:

Code	Title	Hours
<b>Junior Semesters</b>		
AFS 311	Aerospace Studies III (offered in Fall semesters)	3
AFS 313	Aerospace Studies III (offered in Spring semesters)	3
<b>Senior Semesters</b>		

AFS 411	Aerospace Studies IV (offered in Fall semesters)	3
AFS 413	Aerospace Studies IV (offered in Spring semesters)	3

These cover Air Force management and leadership and national security studies.

Students enrolled as cadets are required to be involved once a week in a 1-credit-hour course in the cadet corps training program designed to simulate a typical Air Force organization and its associated functions. This course is known as Leadership Laboratory. Cadets are required to take all of the Leadership Laboratories each semester (fall and spring only) concurrent with their AFS courses listed above. UK students taking the courses electively are not required to take Leadership Laboratory but are also welcome. If there are questions please refer to 859-257-7115 for further inquiries on the matter.

### GMC Years

Code	Title	Hours
<b>Freshman Semesters</b>		
AFS 112	Leadership Seminar (Fall)	1
AFS 114	Leadership Seminar (Spring)	1
<b>Sophomore Semesters</b>		
AFS 212	Leadership Seminar (Fall)	1
AFS 214	Leadership Seminar (Spring)	1

### POC Years

Code	Title	Hours
<b>Junior Semesters</b>		
AFS 312	Aerospace Seminar (Fall)	1
AFS 314	Leadership Seminar (Spring)	1
<b>Senior Semesters</b>		
AFS 412	Leadership Seminar (Fall)	1
AFS 414	Leadership Seminar (Spring)	1

The leadership laboratories are largely cadet-planned and conducted under the concept that they provide leadership training experiences that will improve the cadets' capabilities as Air Force officers. This also involves three hours of physical training each week. Leadership laboratory is open to students who are members of the Air Force Reserve Officer Training Corps or are eligible to pursue a commission as determined by the Air Force ROTC Detachment Commander.

## Military Leadership (ARMY), Minor

A minor in Military Leadership is available to students from any College who wish to obtain a commission as an officer in the United States Army, Army Reserve, or Army National Guard. Students must satisfactorily complete both the Basic Course and the Advanced Course requirements.

## Program Requirements

- Conservation Law Enforcement, University Certificate (p. 266)
- Correctional Intervention Strategies, University Certificate (p. 266)
- Juvenile Justice, University Certificate (p. 269)

## Courses

### Correctional and Juvenile Justice Studies

#### COR 201. Introduction to Corrections. (3 Credits)

A. Introduction to historical, philosophical, and operational frameworks of US corrections. Debates the goals of punishment explores institutional and community-based sentencing options.

#### COR 302. Living and Working in Prison. (3 Credits)

A. Cross-listed as CRJ 302. Examines inmate subcultures and violence in prisons. Analyzes prison environment for correctional officers. Explores life behind bars/offender difficulties in reentering society. Credit will not be awarded to students who have credit for COR 301 or CRJ 302.

#### COR 303. Community Corrections. (3 Credits)

A. Formerly: COR 330. Cross-listed as CRJ 303. Explores impact offenders have on community. Examines formal correctional options and alternative methods social control used to manage offenders in community. Credit will not be awarded with CRJ 303 or COR 330.

#### COR 311. The Juvenile Justice System. (3 Credits)

A. Cross-listed with CRJ 311. Examines the evolution of the juvenile justice system, police response to delinquency, and juvenile court's roles in protecting the public and serving children. Credit will not be awarded for both CRJ 311 and COR 311.

#### COR 321. Delinquency Interventions. (3 Credits)

A. Provides in-depth analysis of risk factors of delinquency. Examines effectiveness of individual, school, and family-based interventions in both community and residential settings.

#### COR 322. School- Based Interventions for At-Risk Youth. (3 Credits)

A. Formerly COR 320. Examines school-based problems and interventions commonly experienced by at-risk youth. Discusses strategies for effective collaboration between schools and other youth-serving organizations. Credit will not be awarded for both COR 322 and COR 320: School Board Interventions for at Risk Youth.

#### COR 323. Legal Issues in Adult Corrections. (3 Credits)

A. Cross-listed as CRJ 323. An overview of legal court decisions related to adult corrections. Analyzes legal issues surrounding adult correctional contexts and practices. Credit will not be awarded to students who have credit for COR 315 or CRJ 323.

#### COR 330. Community Corrections. (3 Credits)

A. Surveys history and current status of community correctional programs, including diversion, probation, parole, and other community programs for adult offenders, with emphasis on programmatic philosophies, operations, effectiveness, and other related issues.

#### COR 340. Correctional and Juvenile Justice Administration. (3 Credits)

A. Introduces students to organizational theory and managerial theory and managerial principles, and examines their application to the unique challenges of correctional and juvenile justice settings.

#### COR 349. Applied Learning in Corrections and Juvenile Justice. (0.5-6 Credits)

A. Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisors, in placements related to academic studies. Total hours: six, baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

**COR 349A. Cooperative Study: Corrections and Juvenile Justice. (0.5-6 Credits)**

A. Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisors, in placements related to academic studies. Total hours: six, baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

**COR 349B. Cooperative Study: Corrections and Juvenile Justice. (0.5-6 Credits)**

A. Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisor in placements related to academic studies. Total hours: six baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

**COR 349C. Cooperative Study: Corrections and Juvenile Justice. (0.5-6 Credits)**

A. Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisor in placements related to academic studies. Total hours: six baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

**COR 349D. Cooperative Study: Corrections and Juvenile Justice. (0.5-6 Credits)**

A. Prerequisites: 30 hours of college coursework and departmental approval. Work under faculty and field supervisor in placements related to academic studies. Total hours: six baccalaureate. A minimum of 80 hours work experience is required for each academic credit.

**COR 350. Rehab. Strategies for Offender. (3 Credits)**

A. An in-depth examination of the treatment role of the correctional worker in juvenile and adult settings. Includes an historical and theoretical review with particular emphasis on contemporary approaches to treatment. Both institutional and community-based efforts are discussed.

**COR 360. Rehabilitation Strategies for Adult and Juvenile Offenders. (3 Credits)**

A. Cross-listed as CRJ360. Debates the rehabilitative goal of corrections and juvenile justice. Examines contemporary strategies and their effectiveness in controlling/changing offender behavior. Credit will not be awarded to students who have credit for COR 350 or CRJ 360.

**COR 375. Applied Skills Practicum. (1-6 Credits)**

A. Prerequisites: Departmental approval. Designed primarily for in-service personnel and others where COR 349 is inappropriate, this course provides the student with opportunity to integrate academic knowledge with a field experience.

**COR 410. Women, Crime, and Criminal Justice. (3 Credits)**

A. Formerly COR 423. Cross listed as CRJ 410. Analyzes how policy and practice has impacted female arrests and incarceration. Explores gendered pathways to crime and the importance of gender-specific programming. Credit will not be awarded for both COR 410 and COR 423: "Women in Corrections".

**COR 412. Exploring the Death Penalty. (3 Credits)**

A. Introduction to the history and use of the death penalty in the US. Examines purpose, fairness, and efficacy of death penalty through balanced coverage of the debate. Credit not awarded to students who have credit for COR 320: Exploring the Death Penalty.

**COR 413. Addressing Mental Health and Substance Abuse Needs of Adult Offenders. (3 Credits)**

A. Cross-listed as CRJ 413. Examines etiology and effects of substance abuse/mental health problems of adult offenders. Describes intervention strategies. Credit not awarded to students who have credit for CRJ413 or COR 320: Addressing Mental Health & Substance Abuse Needs of Adult Offenders.

**COR 420. Diversity in Corrections. (3 Credits)**

A. Cross-listed as AFA 346, CRJ 345, WGS 345. Focuses on issues, status, and special needs of "non-mainstream" sub-populations within the US correctional system, both inmates and personnel.

**COR 421. Intervening with Juvenile Sex Offenders. (3 Credits)**

(3) A. Formerly COR 423. Provides comprehensive overview of field of juvenile sex offenders and the risk they pose. Focuses on etiology, evaluation, assessment, treatment, and management of juvenile sex offenders. Credit will not be awarded to students who have credit for COR 423: Intervening w/ Juvenile Sex Offenders.

**COR 422. Legal Issues in Juvenile Justice. (3 Credits)**

(3) A. Introduces the major bodies of law that inform juvenile justice practice and examines juvenile's legal rights. Credit will not be awarded to students who have credit for COR 316 or COR 423 "Advanced Legal Issues in Juvenile Justice".

**COR 423. Topical Seminar. (3 Credits)**

A. Intensive study of selected topics related to corrections and juvenile justice. May be retaken to a maximum of twelve hours on different topics.

**COR 450S. Service Learning in COR. (3 Credits)**

A. Prerequisites: Departmental approval. Intensive study of selected topics on corrections and juvenile justice. Students will engage in an experiential, or service, activity related to the topic. May be retaken for a maximum of six hours on different topics.

**COR 460. Independent Study. (1-6 Credits)**

A. Prerequisites: Departmental approval. Individual study and/or research on a problem pertaining to corrections and/or juvenile justice. Student must have the independent study proposal form approved by the faculty supervisor and department chair prior to enrollment.

**COR 470. Delinquency & Crime Prevention. (3 Credits)**

A. Prerequisite: departmental approval. Policy-relevant research designed to broaden program evaluation experience through assignments in evaluation planning, research design, data interpretation/analysis, and translation of findings to policy. Activities conducted in classroom, computer laboratory, and in the field. May be retaken for 6 hours in program.

## Criminal Justice

**CRJ 101. Introduction to Criminal Justice. (3 Credits)**

A. A general overview of the criminal justice system including a description of the major agencies: police, prosecution, courts, and corrections, and an analysis of their interdependence in the criminal justice process.

**CRJ 204. Foundations of Corrections. (3 Credits)**

An overview of the evolution, structure, and functioning of corrections in the United States. Examines correctional processes, populations, and issues.

**CRJ 301. Drugs, Crime, and Society. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. An examination of drug trafficking, the connection between drug use and other types of crime, and a review of drug control policies, including the impact of the media and politics.

**CRJ 302. Living and Working in Prison. (3 Credits)**

A. Cross-listed as COR 302. Examines inmate subcultures and violence in prisons. Analyzes prison environment for correctional officers. Explores life behind bars/ offender difficulties in reentering society.

**CRJ 303. Community Corrections. (3 Credits)**

A. Cross-listed as COR 303. Explores impact offenders have on community. Examines formal correctional options and alternative methods of social control used to manage offenders in community. Credit will not be awarded for both CRJ 303 and COR 303.

**CRJ 305. Domestic Violence. (3 Credits)**

A. Cross listed as WGS 305. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or WGS 201 or departmental approval. Examination of the theoretical and empirical literature on violence against women, children, and elders. Addresses such issues as physical and sexual abuse of children, courtship violence, domestic violence, marital rape, and elder abuse. Credit will not be awarded to students who have credit for WGS 305.

**CRJ 310. Gangs and Society. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Explores the historical and contemporary development of street and institutional gangs. Examines the nature and definition of gangs, types of gangs, and diversity of membership of gangs. Analyzes social responses in the form of legislation, intervention and prevention strategies, public policy, media portrayals, and law enforcement. Identifies and assess social, behavioral, cultural theories of gangs and society. Credit will not be awarded for both CRJ 310, Gangs and Society, and CRJ 423, Topical Seminar: Gangs.

**CRJ 311. Juvenile Justice System. (3 Credits)**

A. Cross-listed as COR 311. Examines the evolution of the juvenile justice system, police response to delinquency, and juvenile court's role in protecting the public and serving children. Credit will not be awarded for both CRJ 311 and COR 311.

**CRJ 313. Criminal Justice Ethics. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines the moral, legal and normative obligations of the state and criminal justice professionals. Surveys the philosophies and theories of ethics and deviance. Credit will not be awarded for both CRJ 313 and CRJ 313W.

**CRJ 313S. Criminal Justice Ethics. (3 Credits)**

A. Prerequisites: CRJ 101 with a grade of "C" or better, sophomore standing, or departmental approval. Examines the moral, legal and normative obligations of the state and criminal justice professionals. Surveys the philosophies and theories of ethics and deviance enhanced with a service-learning component. Credit will not be awarded to students who have credit for CRJ 313.

**CRJ 314. Law and Society. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Critically examines law in everyday life. Law infuses popular media, constructs (and constrains) identity, and pervades language. In turn, media, identity, and discourse construct our understandings of law. Particular attention is paid to the law's role in practices and discourses of resistance and in exerting social control.

**CRJ 315. Administration of Justice. (3 Credits)**

A. Prerequisites: CRJ 101 with a grade of C- or better, sophomore standing, or departmental approval. Examines theories of organization and management as they relate to criminal justice practice. Organizational life, leadership personnel management, bureaucracy, resource management, and other critical administration issues are addressed.

**CRJ 323. Legal Issues in Adult Corrections. (3 Credits)**

A. Cross-listed as COR 323. An overview on legal court decisions related to adult corrections. Analyzes legal issues surrounding adult correctional contexts and practices. Credit will not be awarded for both CRJ 323 and COR 323.

**CRJ 325. White Collar/Crimes of the Powerful. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. A review and analysis of the upper world crimes of business and government committed in the course of legitimate occupations and financial activities.

**CRJ 331. Criminological Theory. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Overview of criminological theoretical perspectives that attempt to explain crime. Credit will not be awarded for both CRJ 331 and CRJ 331W.

**CRJ 331W. Criminological Theory. (3 Credits)**

A. Prerequisites: ENG 102 or 102R or ENG 105 or HON 102 and CRJ 101 or PLS 103 or SJS 101 or COR 201. Overview of criminological perspectives that attempt to explain crime. Credit will not be awarded for both CRJ 331W and CRJ 331.

**CRJ 340. Crime and Media. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Critiques images of crime, criminals and punishment in American popular culture. Examines news media, film and television as sites of cultural production and consumption. Credit will not be awarded to students who have credit for CRJ 423 Topical Seminar: Crime and Media.

**CRJ 342. Victimology. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Explores the 'meaning' of victim and the social response to the victimization experience. Theories are utilized to examine victimization at the individual, organizational and societal levels within the U.S. and globally. Credit not awarded to students who have credit for CRJ 423 Victimology.

**CRJ 344. Violence Against Women. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201+ or departmental approval. Cross listed as WGS 344. Explores the social character of violence against women. A variety of theories are utilized to examine this phenomenon at the individual, organizational and societal levels. Credit will not be awarded to students who have credit for CRJ 423 Topical Seminar: Violence Against Women or WGS 344 Violence Against Women.

**CRJ 350. International and Comparative Criminal Justice Systems. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. A survey of selected world criminal justice systems including police, courts, and corrections. Cross-national and cross-cultural criminality from several perspectives will be examined.

**CRJ 355. Rural Crime and Justice. (3 Credits)**

A. Prerequisite: APP 200 or CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Survey of rural crime and justice issues, crime trends, policing, and control of rural crime with particular attention given to Kentucky and Appalachia. Credit will not be awarded for both CRJ 355 and APP 355.

**CRJ 360. Rehabilitation Strategies for Adult and Juvenile Offenders. (3 Credits)**

A. Cross-listed as COR 360. Debates the rehabilitative goal of corrections and juvenile justice. Examines contemporary strategies and their effectiveness in controlling/changing offender behavior. Credit will not be awarded for both CRJ 360 and COR 360.

**CRJ 374. Wildlife Crime. (3 Credits)**

Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Explores wildlife crime as a subset of green criminology (the criminological study of environmental crimes and harms). Examines the nature and scope of wildlife crime, as well as responses thereto in the form of wildlife law, legislation, policy development, nongovernmental organizations, and law enforcement. Ideas and recommendations for addressing wildlife crime by justice systems are considered. Credit will not be awarded for both CRJ 374, Wildlife Crime, and CRJ 423, Topical Seminar: Wildlife Crime, or CRJ 423, .Topical Seminar: Policing Wildlife.

**CRJ 375. Climate Change and Crime. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Overview of climate change and its effects. Draws on leading crime theories to discuss the potential impact of climate change on crime. Credit will not be awarded for both CRJ 375 Climate Change and Crime and CRJ 406 Critical Issues in CRJ: Climate Change and Crime.

**CRJ 388. Research Methods. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Overview of the research process, with emphasis on finding, using, and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for CRJ 388W.

**CRJ 388W. Research Methods. (3 Credits)**

A. Prerequisite: ENG 102 or 102R, or ENG 105, or HON 102 and CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Overview of the research process, with emphasis on finding, using and evaluating criminal justice research. Examination of both quantitative and qualitative social science research methods and procedures appropriate to the study of crime policy and criminal justice. Credit will not be awarded to students who have credit for CRJ 388.

**CRJ 400. Criminal Justice Statistics. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Analytical and statistical concepts and procedures relevant to crime and criminal justice data. Includes quantitative and qualitative techniques.

**CRJ 401. Organized Crime. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. History, scope, and methods of control of organized crime. Emphasis on local, regional, national and international control of organized crime. Cultural and social implications of the presence of organized crime are examined in depth.

**CRJ 403. Crime Mapping. (3 Credits)**

A. Prerequisite: sophomore standing. The purpose of this class is to introduce the student to theoretical and practical aspects of crime mapping and the spatial analysis of crime. In addition the lab portion of the class will provide hands-on training in crime mapping practices. 3 Lec/2 Lab.

**CRJ 406. Critical Issues in Criminal Justice. (1-6 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201, sophomore standing, or departmental approval. Examination of the criminal justice system and process with an emphasis on problems and trends. This course provides an analytical overview of justice and its response to the needs of society. May be retaken for a maximum of six hours on different topics.

**CRJ 411. Capital Punishment in the U.S.. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines the historical and contemporary administration of the death penalty in the United States. Credit will not be awarded for both CRJ 411 Capital Punishment in the U.S. and CRJ 423 Topical Seminar: Capital Punishment in the U.S.

**CRJ 412. Gender, Class, and Race. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Critically examines gender, class and race and their intersections as they pertain to crime, offending, victimization, and punishment. This course will lead students to an understanding of how the criminal justice apparatus operates within larger social, political, and economic systems of oppression and domination over marginalized populations.

**CRJ 413. Addressing Mental Health and Substance Abuse Needs of Adult Offenders. (3 Credits)**

A. Formerly: COR 320. Cross-listed as COR 413. Examines etiology and effects of substance abuse/ mental health problems of adult offenders. Describes intervention strategies. Credit will not be awarded to students who have credit for COR 413 or COR 320.

**CRJ 422. Human Trafficking. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Critically examines the global problem of human trafficking. Using a historical and comparative framework, this course reveals variation in human trafficking patterns in different regions of the world and efforts to combat human trafficking by means of prevention, protection, prosecution, and partnership.

**CRJ 423. Topical Seminar.\_\_\_\_. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Intensive study of selected topics related to criminal justice. May be retaken with different topics up to 12 credit hours.

**CRJ 424. Field Experience. (3 Credits)**

A. Prerequisites: instructor and departmental approval and CRJ 101 or PLS 103 or SJS 101 or COR 201. Designed to broaden the educational experience through appropriate observational work assignments. (Intended for pre-service students in non-sworn positions.) May be retaken 1 time for 6 total credit hours.

**CRJ 426. Victimology. (3 Credits)**

(3). A. Prerequisites: Sophomore standing. This course describes and examines victimization broadly including those of crime, their treatment by the criminal justice system, their resources, rights and needs, and situating the study of victims within larger social and power structures. Credit will not be awarded to students who have credit for CRJ 406 Critical Issues in Criminal Justice or CRJ 423 Topical Seminar in Victimology.

**CRJ 430. Crime and the Economy. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines capitalism as it contributes to crime. Demonstrates how cultural aspirations and structural barriers create a criminogenic society and socioeconomic bias in criminal justice.

**CRJ 440. Pathological Gambling and Crime. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. This course examines problem gambling and its relationship to crime and criminal justice. Special attention is given law, corrections, and offending. Credit will not be awarded for both CRJ 440 Pathological Gambling and Crime and CRJ 423 Topical Seminar: Problem Gambling.

**CRJ 460. Independent Study. (1-3 Credits)**

A. Prerequisites: departmental approval and instructor approval and CRJ 101 or PLS 103 or SJS 101 or COR 201. Individual study and/or research on a problem pertaining to criminal justice. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken for a maximum of six hours.

**CRJ 490W. Senior Seminar. (3 Credits)**

A. Prerequisites: ENG 102 or 102R or ENG 105 or HON 102 and senior standing and completion of CRJ 331, CRJ 388 and at least 21 hours of CRJ coursework or departmental approval. Capstone course requiring the production of a senior level paper grounded in relevant criminal justice literature. Emphasis on integration of knowledge acquired in previous courses. Credit will not be awarded for both CRJ 490 and CRJ 490W.

**CRJ 540. Special Problems in Crimin Law. (3 Credits)**

Advanced study of criminal law and criminal procedure. Consideration of problems relating to the police role in the administration of criminal justice and judicial enforcement of limitations upon police practices.

**Police Studies****PLS 103. Police, Order Maintenance and Crime. (3 Credits)**

A: Overview of the role of police. The historical development of policing, police functions and bureaucratic organization are examined. Police misconduct, discretion and effectiveness receive special attention.

**PLS 216. Criminal Law. (3 Credits)**

I, II. The nature of the criminal act; the essential elements; theories of responsibility; exculpatory matters; overview of common law offenses; identification of trends in the law.

**PLS 220. Criminal Investigation. (3 Credits)**

A. Fundamental of criminal investigation, crime scene search and recording, collection and preservation of physical evidence, scientific aids, modus operandi, sources of information, interviews and interrogation, follow-up, case preparation and case management.

**PLS 315. Police Administration and Management. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Critically examines the theories of motivation, leadership, and organization in the police context. Police administrative and management functions studied emphasizing personnel management and organizational change.

**PLS 316. Criminal Evidence. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Overview of trial procedures; classification of evidence; proof; presumptions; relevance; eyewitness identification; testimonial privileges; character; hearsay; impeachment; scientific evidence; collection and preservation of evidence.

**PLS 326. Ethical Decisions and Police. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines the problems of ethical philosophies, theories and law in the context of policing. Consideration is given to problems of police judgment arising from unquestioned assumptions about morality. Focuses on forms of ethical violation at the individual, group and organization levels as well as strategies for prevention and control. Credit will not be awarded for both PLS 326 and PLS 326W.

**PLS 330. Topics in Police Studies. (1-6 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examination of a contemporary issue in policing including historical perspective, societal issues, present status, and future development. The police response to a specific problem is the core of this course. Course may be taken for a maximum of six hours under different headings.

**PLS 340. Conservation Officer. (3 Credits)**

Overview of federal and state wildlife conservation laws and regulations and the unique responsibilities and challenges faced by conservation officers, game wardens, forest/park rangers, and other officials working to enforce them.

**PLS 349. Applied Learning in Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 349A. Cooperative Study: Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 349B. Cooperative Study: Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 349C. Cooperative Study: Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 349D. Cooperative Study: Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 349E. Cooperative Study: Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 349F. Cooperative Study: Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 349G. Cooperative Study: Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 349H. Cooperative Study: Police Administration. (0.5-15 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Work under faculty and field supervisors, in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; fifteen, baccalaureate. Minimum 80 hours work required for each academic credit. A maximum of three hours of PLS 349 and CRJ 424 can be applied toward the PLS major or minor.

**PLS 375. Terrorism/ Counterterrorism. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. A study of domestic, foreign, transnational and state terrorism. This course examines issues related to defining, preventing and combating terrorism. Various social and historical forces and events will be considered in order to contextualize specific key individuals, organizations and actions.

**PLS 380. Police in the Popular Media. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. A study of the public's perception of police through popular media (music, radio, television, films, short stories and books) and how those media sources might influence policing itself.

**PLS 385. Police Related Violence. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. A descriptive, theoretical and philosophical approach to violence used by the police and violence directed toward them. Psychological and sub-cultural impacts will be examined. Additional analysis associated with lethal and non-lethal violence policy and strategies are included.

**PLS 401. Multi-Culturalism and Policing. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines the policing of marginalized populations and investigates the realities of these persons within policing. Specific populations can include racial and ethnic minorities, age, women, sexual minorities, persons with physical and mental disabilities, immigrant populations, veterans, and others.

**PLS 403. Homicide. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Explore current theoretical, philosophical and empirical literature associated with homicide. Content includes descriptive, theoretical, empirical, and practical explanations of criminal homicide patterns. Included will be an examination of death investigation systems and police responses.

**PLS 408. Policing and Technology. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines the current realities of cyber crime and the official police response. Consideration will be given to legal issues, civil liberties, police deviance and the sociopolitical impacts of technology.

**PLS 410. The police and Community. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines relationships between the police and community that address crime and quality of life problems. Community is examined as a geographical space made of multiple and diverse publics sometimes requiring different strategies and attention. A distinction is drawn between public relations and police community partnerships.

**PLS 414. Social Forces and Policing Society. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines the history and evolution of policing in the United States with an emphasis on the political, social, cultural, legal and organizational forces that have molded that history. The roles and functions of police in America are examined in detail within the context of race, class and gender.

**PLS 415. Contemporary Police Strategies. (3 Credits)**

A. Prerequisites: CRJ 101 or PLS 103 or SJS 101 or COR 102 or departmental approval. Review of contemporary police issues, programs, and strategies. Detailed analysis and evaluation of police practices, including impact on the relationship between the police and the community. Assessment of police reform measures and accountability mechanism.

**PLS 416. Criminal Procedure. (3 Credits)**

A. Prerequisite: PLS 216 and CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. A detailed study of the laws of arrest (including the use of force), search and seizure, emphasizing the constitutional basis, historical development, statutes, and recent court decisions. Credit will not be awarded for PLS 416 and 416W.

**PLS 420. Surveillance & Society. (3 Credits)**

A. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Examines the nexus of surveillance, policing, and society. The course explores the role of states, corporations and individuals in monitoring and policing of bodies, populations, property and information. Consideration is given to historical and contemporary dynamics of surveillance: socio-technical assemblages, risk and security discourses, institutional blurring, inequalities and civil liberties.

**Social Justice Studies****SJS 101. Understanding Social Justice and Human Struggle. (3 Credits)**

(3) A. Course explores the concepts of justice, conflict and social change and examines the way in which political, economic, media, education, and other institutions create challenges for justice. It also examines efforts to resist existing structural and institutional arrangements and encourage social change to better meet human needs.

**SJS 250S. Service Learning in Social Justice Studies. (3 Credits)**

A. Prerequisite: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Students will engage in classroom and service activities to explore, critique, and apply the fundamental concepts of justice, conflict, and social change. Through experiential learning and reflective writing, students will begin integrating ideas and perspectives, formulating personal ideologies, and developing an enhanced sense of civic responsibility.

**SJS 301. Theories of Social Justice. (3 Credits)**

A. Prerequisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Examines social theories of justice, conflict and social change. This includes engagement with Marxist, Postcolonial, Postmodern, Poststructuralist, Critical Race, Feminist, and Queer theories. As the SJS major is dedicated to foundations in and accountability to grassroots knowledge and power, this course will consistently locate theory in concrete examples. Credit will not be awarded for both SJS 301 and SJS 301W.

**SJS 313. Mobilizing for Social Justice. (3 Credits)**

A. Prerequisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Examines the broad concept of social change through explorations of different social movements, individual actors, and various policies. The course considers strategies for change including activism, advocacy, assistance, and community organizing and looks at change on a continuum of levels, from grassroots campaigns to international diplomacy and policy work.

**SJS 322. Social Justice and Media. (3 Credits)**

A. Prerequisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Examines the cultural, economic, and political dynamics of struggles for social justice through a mediated lens. Although the media provides useful information helping us understand conflict within society, it also creates the context that influences audience perceptions of people/ events. This social construction influences how we perceive equality, justice, and fairness.

**SJS 325. Social Justice and Film. (3 Credits)**

A. Prerequisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Examines issues of justice, conflict, and social change through the lens of documentary and popular films and videos. Students are required to view, analyze, discuss, and critique themes and lessons garnered through their viewing experiences and assess how their experiences contribute to their understanding of justice, conflict, and social change.

**SJS 396. Researching and Writing for Change. (3 Credits)**

A. Pre-requisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Examines the mutual importance and intertwined nature of social research and writing in struggles for social change and justice. The course will consider the importance of quantitative and qualitative research and diverse writing formats such as academic scholarship, journalism, polemics, cultural critique, advocacy, and grant writing in addressing injustice and conflict.

**SJS 400. Feminist Theory and Practice. (3 Credits)**

Cross-listed with WGS 400. Prerequisite: WGS 201 or SJS 101 or departmental approval. Examines intersectional development of feminist theory and its implications for continuing feminist scholarship. Includes related research project in student's major. Usually offered in the fall semester. Credit will not be awarded for both SJS 400 and WGS 400.

**SJS 401. Conflict, Resistance, and Nonviolent Struggle. (3 Credits)**

A. Pre-requisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Course examines various responses to conflict and focuses on the use of nonviolent strategies as a means to overcome oppression. Examples of nonviolent struggle around the world are assessed and students are required to complete a field experience where they consider the application of effective nonviolent strategies.

**SJS 423. Topical Seminar.\_\_\_\_. (3 Credits)**

Prerequisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Intensive study of selected topics related to social justice. May be retaken with different topics.

**SJS 450S. Learning Through Civic Engagement. (3 Credits)**

A. Prerequisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Working collaboratively with faculty, peers, and/or community representatives, students will analyze a social problem. They will enhance competencies essential to the helping, advocacy, community organization and activist roles necessary for social change. Students will prepare written and oral presentations that reflect their understanding of justice, conflict, and social change.

**SJS 467. States of Violence. (3 Credits)**

A. Pre-requisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Examines the relations among state regimes and their application of violence in historical and contemporary contexts. Consideration will be given to the ways state institutions such as the military, police, prisons, and welfare often exercise violence and threats thereof in struggles over social justice. Alternatives to state violence will be discussed.

**SJS 470. Critical Carceral Studies. (3 Credits)**

A. Pre-Requisites: SJS 101 or CRJ 101 or PLS 103 or COR 211 or departmental approval. Examines the historical, theoretical, and political development of "carcerality", including technologies of punishment, coercion, surveillance, and control. This class examines the rise of prison industrial complex in the United States and its effects on oppressed communities.

**SJS 480. Ethnography for Social Change. (3 Credits)**

A. Pre-requisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. An advanced methods class, this course examines the use of ethnography to achieve greater understandings of, and contributions toward, social change. Readings may include studies of power and resistance in Appalachia, the homeless in San Francisco, the use of state violence in the repression of dissent, and other important works.

**SJS 490. Identity, Culture, and Power. (3 Credits)**

(3) A. Pre-requisites: SJS 101 or CRJ 101 or PLS 103 or COR 201 or departmental approval. Examines culture as a contested site of power relations. Looking at media, economics, education, law and other areas of cultural (re)production, this class explores the diverse and even clandestine ways that power operates and that subordinate populations resist.

## Conservation Law Enforcement, University Certificate

A university certificate in Conservation Law Enforcement is offered by the Police Studies Program in the School of Justice Studies, in partnership with Emergency Medical Care, Fire and Safety Engineering Technology, and Wildlife Management. This certificate prepares future public safety professionals interested in broadening their knowledge and professional expertise in wildlife management, policy and administration; fire and emergency scene operations; first responder emergency medical care; and conservation law enforcement. This knowledge base will be useful not only to those public safety officers who choose to work for traditional outdoor public safety organizations such as the Department of Interior, U.S. Forest Service, State Fish and Wildlife agencies and National Parks, but also for those who work in traditional public safety organizations in rural communities.

### Program Requirements

WLD 381	Principles of Wildlife Management	3
WLD 585	Wildlife Resource Policy and Administration	3
<b>Total Hours</b>		<b>27</b>

## Correctional Intervention Strategies, University Certificate

This certificate includes 9 hours of required courses and 9 hours of electives and is available via online and on ground delivery modalities. The certificate explores adult corrections in the United States. Students will examine the foundations of modern community and institutional-based corrections, as well as contemporary issues faced by employees and persons under correctional supervision. Students will

study important topics such as evidence-based practices in correctional rehabilitation and best practice models for offender reentry.

## Corrections and Juvenile Justice Studies, Bachelor of Science (B.S.)

### Online Course Work

The major requirements for the Bachelor of Science B.S. degree are to be completed online. Coursework for university certificates (see below) may be completed online or on ground. For first-time freshmen, admission requirements include a high school GPA of 2.5 or greater and a 20 composite ACT or 950 SAT math and verbal combined score. If a student is below in an area they will be directed to complete a college readiness course at time of registration. Admission requirements for transfer students include a GPA of 2.0 on a 4.0 scale and good academic and financial standing at previous institution. The University requirement that B.S. students must earn a minimum of 30 of the last 36 hours through EKU is waived for students pursuing the B.S. major requirements online. However, a minimum of 32 hours must be earned through EKU.

## Criminal Justice, Bachelor of Science (BS) & Criminology Master of Science (MS) Accelerated 3 + 2 Dual Degree Program

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.S. and M.S. degrees. The program is an accelerated curriculum because 9 semester hours of 800-level graduate coursework

will apply to both the B.S. and M.S. degrees. Only undergraduate students of proven academic ability will be considered for the program.

### ADMISSION REQUIREMENTS

Students interested in this option must satisfy all the following conditions:

- Junior or Senior standing
- Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 option
- Approval from department and Graduate School (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>))
- Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 option

### Program Requirements

Students in 3+2 Accelerated Dual Degree Option must complete the listed Criminal Justice (B.S.) program requirements along with the same requirements for the M.S. Criminology and Criminal Justice (presented in the Graduate Catalog: listing at <https://catalogs.eku.edu/>). Nine (9) credit hours of 800-level graduate coursework (CRJ 808, CRJ 870, and CRJ 888) are applicable to the undergraduate degree.

## Juvenile Justice, University Certificate

This certificate includes 9 hours of required courses and 9 hours of electives and is available via online and on ground delivery modalities. The certificate allows students to explore critical issues associated with juvenile justice and related youth services in the United States. Students will explore the history of the juvenile justice system, the intricacies of the modern system, and issues faced by juveniles and employees in the system. Courses in the curriculum cover important topics such as the role and rules of juvenile courts, risk factors for delinquency, and evidence-based delinquency prevention and rehabilitation programs.

COR 360	Rehabilitation Strategies for Adult and Juvenile Offenders	
or CRJ 360	Rehabilitation Strategies for Adult and Juvenile Offenders	
COR 410	Women, Crime, and Criminal Justice	
COR 420	Diversity in Corrections	
CRJ 412	Gender, Class, and Race	
CRJ 424	Field Experience	
PLS 349	Applied Learning in Police Administration	
CDF 342	Child and Adolescent Development	
or PSY 314	Adolescent and Adult Development	
SWK 358	Child Abuse and Neglect	
<b>Total Hours</b>		<b>18</b>

## Police Studies, Associate of Arts (A.A.)

### Program Requirements

CIP Code: 43.0107

#### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

#### Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
	General Education	36
	Foreign language (200 level or above) or American Sign Language (ASL), selected in consultation with major advisor, is encouraged as a selection to fulfill General Education Element 6.	
<b>Student Success Seminar</b>		
JSO 100	Student Success Seminar (waived for transfers with 30+ hrs.)	1
<b>Major Requirements</b>		
<i>Core Courses</i>		
CRJ 101	Introduction to Criminal Justice	3
PLS 103	Police, Order Maintenance and Crime	3
PLS 326	Ethical Decisions and Police	3
PLS 414	Social Forces and Policing Society	3
PLS 415	Contemporary Police Strategies	3
<i>PLS Electives</i>		
	Choose from 12 hours of PLS, CRJ or COR electives	12
<b>Total Hours</b>		<b>64</b>

## Police Studies, Bachelor of Science (B.S.)

### Program Requirements

CIP Code: 43.0107

#### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

#### Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
	General Education	36
<i>Student Success Seminar</i>		
JSO 100	Student Success Seminar (waived for transfers with 30+ hrs)	1
Upper division courses (42 hrs. distributed throughout Major/ Supporting/Gen Ed/Free Electives categories)		
<b>Major Requirements</b>		
<i>Core Courses</i>		
CRJ 101	Introduction to Criminal Justice	3
CRJ 331	Criminological Theory	3
CRJ 388	Research Methods	3
CRJ 400	Criminal Justice Statistics	3
PLS 103	Police, Order Maintenance and Crime	3
PLS 326	Ethical Decisions and Police	3
PLS 414	Social Forces and Policing Society	3
PLS 415	Contemporary Police Strategies	3
<i>Major Electives</i>		
	Choose from 24 hours of PLS, CRJ or COR electives (12 hours must be upper division courses)	24
<i>Supporting Electives</i>		
	Choose from six-nine hours of the following:	6-9

EMC 102 or EMC 110	First Response Emergency Care Emergency Medical Technician	
FOR 301	Introduction to Forensic Science	
FSE 250	Introduction to Explosion Investigations and Bombings	
TRS 332	Traffic Crash Causation and Investigation	
A combination to include 3 hrs (200 level or above) of Foreign language or American Sign Language (ASL) in consultation with major advisor (Element 6) <sup>G</sup>		
<i>Free Electives</i>		
Choose from 26-29 hours of free electives		26-29
<b>Total Hours</b>		<b>120</b>

**G**

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above.

## Police Studies, Minor

### Program Requirements

A student may minor in Police Studies by completing a minimum of 18 semester hours of the following:

Code	Title	Hours
<b>Required Courses</b>		
CRJ 101	Introduction to Criminal Justice	3
PLS 103	Police, Order Maintenance and Crime	3
PLS 414	Social Forces and Policing Society	3
Choose from nine hours of PLS upper level electives		9
<b>Total Hours</b>		<b>18</b>

A grade of "C" or higher must be earned in each CRJ or PLS course for credit toward a PLS minor.

## School of Safety, Security & Emergency Management

Dr. William Hicks, Chair

Dr. Tom Schneid, Chair

### Faculty

J.P. Conkwright, R. Dotson, S. Dunlap, D. Fifer, C. Foster, G. Gorbett, P. Grant, W. Hicks, S. Kozhumal, J. McGlown, T. Rawlins, J. Reichert, T. Schneid, R. Shaw, B. Simpkins, B. Spurlock, D. Stumbo, W. Sullivan, H. Wilson#Yue, and B. Young.

## College of Justice, Safety & Military Science Residency Requirement

*The College of Justice, Safety and Military Science requires that students graduating with a baccalaureate degree from the School of Justice Studies, or the School of Safety, Security, and Emergency Management, must earn a minimum of 18 upper-division credit hours in the home subject of their major (excluding co-op and applied learning), as specified by Degree Works.*

## Bachelor's

- Emergency Medical Care, Bachelor of Science with a Concentration in Emergency Services Administration (B.S.) (p. 279)
- Emergency Medical Care, Bachelor of Science with a Concentration in Paramedic/Science (B.S.) (p. 280)
- Emergency Medical Care, Bachelor of Science with a Concentration in Paramedical Clinic/FSE (B.S.) (p. 281)
- Fire Protection Administration, Bachelor of Science (B.S.) (p. 283)
- Fire Protection and Safety Engineering Technology, Bachelor of Science (B.S.) (p. 284)
- Fire, Arson, and Explosion Investigation, Bachelor of Science (B.S.) (p. 285)
- Homeland Security, Bachelor of Science (B.S.) (p. 286)
- Occupational Safety, Bachelor of Science (B.S.) (p. 290)

## Associate's

- NREMT-P to Associate of Paramedicine (ASP) Degree Program (p. 289)
- Paramedicine, Associate of Science (A.S.) (p. 292)

## Minor

- Disaster Management, Minor (p. 279)
- Emergency Medical Care, Minor (p. 282)
- Fire and Safety Engineering Technology, Minor (p. 283)
- Fire Protection Administration, Minor (p. 284)
- Fire, Arson, and Explosion Investigation, Minor (p. 286)
- Homeland Security, Minor (p. 287)
- Industrial Fire Protection, Minor (p. 288)
- Occupational Safety, Minor (p. 292)
- Social Intelligence and Leadership, Minor (p. 293)
- Traffic Safety (Non-Teaching), Minor (p. 293)

## Certificate

- Basic Emergency Medical Technician, Departmental Certificate (p. 279)
- Homeland Security, University Certificate (p. 288)
- Industrial Fire Protection, University Certificate (p. 288)
- Intelligence Studies, University Certificate (p. 288)
- Security Management, University Certificate (p. 292)
- Social Intelligence & Leadership, University Certificate (p. 293)
- Wildland Firefighting, University Certificate (p. 293)

## Courses

### Emergency Medical Care

**EMC 102. First Response Emergency Care. (4 Credits)**

I, II, A. Prerequisite or co-requisite: EMC 104. Emergency medical care techniques adhere to U.S. Department of Transportation curriculum for Emergency Medical Responder. Credit will not be awarded to students who have credit for HEA 202 or HEA 203. 2 Lec/2 Lab.

**EMC 104. Healthcare Basic Life Support. (1 Credit)**

A. Basic cardiac life support skills for healthcare student or professional in accord with peer-reviewed American Heart Association (AHA) scientific guidelines. Course completion documentation when AHA requirements met. Maximum 6 enrollments for renewal. 0.25 Lec/0.75 Lab.

**EMC 105. Survey of Medical Terminology. (1 Credit)**

A Cross-listed with CHS 105. Independent study, modular design paced by class meetings includes work roots, prefixes, suffixes, and general medical terms. Credit will not be awarded to students who have previously taken CHS 105 and MAS 200.

**EMC 110. Emergency Medical Technician. (5 Credits)**

I, II, A. Prerequisite or Corequisite: EMC 104. Prehospital basic life support concepts, skills, and field clinical experience for entry level Emergency Medical Technician adhering to national curricula. Meets eligibility requirements for state certification and national registration examinations. 3 Lec/2 Lab.

**EMC 110L. Introduction to Emergency Medical Care Laboratory. (2 Credits)**

A. Prerequisite or Corequisite: EMC 104 and EMC 110. Prehospital basic life support skills and field clinical experience for entry level Emergency Medical Technician-Basic adhering to national curricula. Meets eligibility requirements for state certification and national registration psychomotor examinations. 4 Lab.

**EMC 115. Basic Clinical/Field Experience. (2 Credits)**

I, II, A. Prerequisite: departmental approval and Certified EMT-Basic. Minimum of 64 hours supervised hospital emergency department and prehospital emergency care ambulance clinical experience. Preceptor evaluates basic life support knowledge and skills.

**EMC 130. Human Systems of Assessment. (3 Credits)**

A. Overview of human body and its systems as applied to rapid patient assessment and problem identification. Limited to certified paramedic students only.

**EMC 200. Introduction to Prehospital Advanced Life Support. (2 Credits)**

II, A. Role and responsibilities of EMT-Paramedic, components of EMS systems, medical/legal considerations, and communications in advanced and basic life support settings.

**EMC 205. Prehospital Management of OB/GYN Emergencies. (1 Credit)**

I, A. Pathophysiology and advanced level prehospital management of antepartum, parturition, postpartum, and gynecological emergencies. Assessment, care, and transportation of the neonate.

**EMC 212. Crash Victim Auto Extrication. (1 Credit)**

I, A. Survey of vehicle extrication procedures for emergency medical personnel. Adheres to U.S. Department of Transportation content and objectives. 1 Lec/1 Lab.

**EMC 215. Prehospital Management of Behavioral Emergencies. (1 Credit)**

I, A. Survey of vehicle extrication procedures for emergency medical personnel. Adheres to U.S. Department of Transportation content and objectives. 1 Lec/1 Lab.

**EMC 225. Introduction to Pharmacology. (3 Credits)**

I, II, A. Introduction to classification, nature, and uses of medications. Pharmacological agents utilized in prehospital health care setting emphasized.

**EMC 240. Introduction to Electrocardiography. (3 Credits)**

I, II, A. Cardiac anatomy, physiology, and electrophysiology related to ECG. Proficient ECG interpretation skills emphasized. EMC 270 EMT/ Theory/ Practicum I.

**EMC 300. Emergency Operations, and Behavioral Crisis. (3 Credits)**

Introduction to the emergency medical field. Topics include legal and ethical issues; infection control; disaster preparedness; and recognition and care of patients with behavioral emergencies. Credit will not be awarded to students who have credit for EMC 200 or EMC 215.

**EMC 303. Introduction to Cardiology. (3 Credits)**

Introduction to prehospital electrocardiography and use and classification of pharmacological agents. Credit not awarded to students who have received credit for EMC 225 and EMC 240.

**EMC 305. Prehospital Management of OB/GYN/Pediatric Emergency. (3 Credits)**

Pathophysiology and advanced level assessment and management of OB, GYN, and pediatric patients. Credit will not be awarded to students who have received credit for EMC 205.

**EMC 310. Advanced Cardiology. (3 Credits)**

(2) II, A. Prerequisites and/or co-requisites: EMC 303 and EMC 335; or departmental approval. Advanced diagnostics, interventions, and management of cardiovascular emergencies to include cardiac resuscitation adhering to the standards of the American Heart Association. AHA ACLS Provider required for course completion. 2 Lec/2 Lab.

**EMC 315. Pediatric Adv Life Support. (1 Credit)**

A. Assessment, recognition, and intervention for infant or child with cardiopulmonary arrest or shock. Adheres to American Heart Association and Academy of Pediatrics cognitive and performance standards. AHA PALS Provider evidence of course completion available.

**EMC 320. Adv Life Support: Trauma. (3 Credits)**

II, A. Prerequisites: EMC 115, 240, BIO 171, 301. Prehospital management of complex patients with multiple systems failure secondary to trauma related pathologies.

**EMC 335. Medical Emergencies I. (3 Credits)**

I, A. Prerequisites: EMC 240, BIO 171, 301, EMC 115, 225, and department approval. Pathophysiology and advanced level prehospital management of emergencies of the respiratory, cardiovascular, endocrine, nervous, gastrointestinal, genitourinary, and reproductive systems.

**EMC 336. Case Management. (1 Credit)**

I, II, A. Prerequisite or Co-requisite: EMC335 and 342 or departmental approval. Hands-on advanced case management of medical and trauma emergencies using low and high-fidelity patient care simulation.

**EMC 340. Advanced Life Support: Medical Emergencies. (3 Credits)**

II, A. Prerequisite: EMC 335. Pathophysiology and advanced level prehospital management of emergencies involving anaphylaxis, toxicology, alcoholism, drug abuse, infectious diseases, environmental hazards, and pediatric and geriatric patients.

**EMC 341. Case Management. (1 Credit)**

I, II, A. Co-requisite: EMC 340 and 352 or departmental approval. Advanced case management of medical and trauma emergencies requiring critical thinking, oral critical thinking, practical and didactic assessment.

**EMC 342. Advanced Clinical I. (3 Credits)**

I, A. Corequisite: EMC 335. Integration of basic and advanced life support concepts and psychomotor skills in patient care situations developed through supervised assignments in various clinical settings and through simulation.

**EMC 342L. Advanced Clinical I Lab. (0 Credits)**

Integration of basic and advanced life support concepts for psychomotor skills in patient care situations developed through supervised assignments in various clinical settings and simulation.

**EMC 349. Co-op or Appl Lrn: Em Med Care. (0.5-8 Credits)**

I, II, A. Work in placements related to academic studies. A minimum of 80 hours of employment is required for each semester credit hour.

**EMC 349A. Cooperative Study: Emergency Medical Care. (0.5-8 Credits)**

**EMC 349B. Cooperative Study: Emergency Medical Care. (0.5-8 Credits)**  
Work in placements related to academic studies.

**EMC 352. Advanced Clinical II. (3 Credits)**

II, A. Prerequisite: EMC 342. Corequisites: EMC 320, 340 and 352L. Hospital assignments allow continued development and application of cognitive and psychomotor skills in critical situations. Autonomous decision-making skills developed under supervision through increased participation in patient care.

**EMC 352L. Advanced Clinical II Lab. (0 Credits)**

(0) Pre-requisite: EMC 342. Co-requisite: EMC 340 and EMC 352. Clinical assignments allow continued development and application of cognitive and psychomotor skills in critical situations. Autonomous decision-making and critical thinking skills in clinical situations developed under supervision through increased participation in patient care.

**EMC 360. Advanced Field Internship. (2 Credits)**

A. Prerequisites: EMC 205, 212, 215, 310, 320, and 352. Minimum 120 hours supervised experience on paramedic ambulance. Progresses from advanced emergency care delivery observation to beginning team member responsibilities.

**EMC 362. Advanced Field Internship II. (4 Credits)**

A. Prerequisite or Corequisite: EMC 200, 205, 215, and 360. Continuation of supervised experience on advanced life support ambulance. Assumes team member role with progression to team leader. Minimum advanced internship experience requires 75 ALS Contacts.

**EMC 380. Advanced Prehospital Theory Medical. (4 Credits)**

A. Prerequisites: Kentucky Certified EMT-Paramedic and admission to EMC major. Foundation course for paramedic students which focuses on pathophysiological basis for prehospital interventions and management. Includes in-depth history and assessment skills.

**EMC 382. Adv Prehospital Theory-Trauma. (4 Credits)**

A. Prerequisites: Kentucky Certified EMT-Paramedic and admission to EMC major. Foundation course for paramedic students which focuses on pathophysiological basis for prehospital interventions and management in trauma settings. Includes in-depth history and assessment skills.

**EMC 389. Topical Seminar.\_\_\_\_\_. (1-3 Credits)**

I, II, A. Prerequisite or Co-requisite: EMC 320, 335 and 342 or departmental approval. Development and presentation of research in contemporary methods, techniques, practices, and devices in the field. May be retaken under different topics to a maximum of 12 hours.

**EMC 400. Emergency Care Systems Management. (3 Credits)**

I, II, A. Prerequisites: ENG 300 or FSE 200. EMS systems design and typical agency divisions, including operations, communications, training and customer service. Projects focus on system design, training and efficiency.

**EMC 420. Emergency Services Design and Budget. (3 Credits)**

A. Prerequisite or Co-requisite: ENG 300 (or FSE 200) or departmental approval. Identify and compare issues with staffing, operations, communications, training and mission with various EMS systems models. Develop and revise sample budgets for EMS systems.

**EMC 430. Legal and Ethical Aspects of Emergency Services. (3 Credits)**

A. Prerequisite: departmental approval. Examine and apply moral and ethical decisions made in emergency services. Issues of diversity, expanded health care settings, aging population, and others will be explored.

**EMC 440. EMS Instruction. (3 Credits)**

A. Prerequisite: departmental approval. Introduction to the principles involved in EMS adult learning. Roles issues, domains of learning, and instruction models will be emphasized. Organization and planning for the EMS community including diverse learning populations and regulations.

**EMC 450. Disaster Medical Operations. (3 Credits)**

A. Emergency medical communications, cooperation and support in response to a natural or human-made disaster. Planning, delivery and recovery of medical systems by various local, state and federal agencies and the private sector.

**EMC 480. Topics in Emergency Medicine. (3 Credits)**

I, II, A. Investigation into the pathophysiology of traumatic and medical emergencies which applies to the latest trends in recognition and management.

**EMC 489. Introduction to Research Methods. (3 Credits)**

A. Prerequisites: ENG 300 or FSE 300, and FSE 200. Introduction to basic research methods for professionals in emergency services and public agency practitioners and educators. This includes foundational principles of statistical analyses and application, as well as human subjects protections.

**Fire and Safety Engineering****FSE 101. Fire Prevention. (3 Credits)**

A. An introduction to fire and safety related codes; fire prevention methods; mechanical systems; and engineering solutions for hazards. An in-depth look at the Life Safety Code, the function and testing of fire related building components.

**FSE 120. Fire Behavior and Combustion. (3 Credits)**

A. Introduction to the chemistry and dynamics of fire; including basic terminology and concepts that are applied to the physical and chemical properties of the development and spread of fire in a structure; hazardous materials and the Computer Fire Analysis.

**FSE 201. Building Construction. (3 Credits)**

A. A review of the analysis of building construction methods and terminology. A systems approach to designing building fire safety; the Life Safety Code; the function of and testing of rated building components, evaluating plans for code compliance.

**FSE 201S. Building Construction. (3 Credits)**

A. A review of the analysis of building construction methods and terminology using a service learning approach. A systems approach to designing building fire safety; the Life Safety Code; the function of and testing of building components, evaluating plans for code compliance. Credit will not be awarded for both FSE 201 and FSE 201S.

**FSE 221. Fire Detection and Suppression Systems. (3 Credits)**

A. Prerequisites: FSE 101, FSE 120. Introduction to fire detection, protection, control systems and extinguishment. Fixed and portable systems of the following types will be studied: automatic sprinklers, standpipes, dry chemical, foam, halogenated agents, fire alarm systems and diction.

**FSE 223. Fire and Emergency Scene Operations. (3 Credits)**

A. Prerequisite: FSE 201 or FSE 201S. Principles of Incident Management including emergency scene decisions, strategies, and tactics. Utilizing emergency control resources such as personnel, apparatus, and equipment.

**FSE 224. Human Behavior In Fire. (3 Credits)**

Prerequisites: FSE 101 and FSE 120. Examine current and past research on human behavior, systems models, life safety education and building design to determine interactions emergency situations. Develop a best practice building life safety system.

**FSE 225. Legal Aspects of Fire Protection. (3 Credits)**

A. A study of legislative and legal decisions relating to personnel practices, employee safety, and public protection. Emphasizes the legal responsibilities, liabilities, and authority of the fire service practitioner.

**FSE 230. Fire Prevention Organization and Management. (3 Credits)**

A. Prerequisite: FSE 101. An introduction to management issues related to fire prevention systems. Overview of the requirements for fire prevention codes, managing inspections, relations with public and officials and implementation of fire education programs.

**FSE 250. Introduction to Explosion Investigations and Bombings. (3 Credits)**

A. Introduction to explosion investigations and bombings. Topics include a historical overview of terrorism statutes, sources of information, the federal role in explosion investigation, explosives and improvised explosive devices.

**FSE 260. Proving Criminal Acts. (3 Credits)**

A study of crimes and the methodical steps in the investigation and proving of criminal acts. Explore defenses/legal remedies to enable the student to understand the obligations of managing an investigation.

**FSE 280. Constitutional Criminal Procedure. (3 Credits)**

Examines the legal implications of obtaining evidence directly from the suspect. Fourth, Fifth, and Sixth Amendments, and rules of evidence are discussed as they relate to the investigation of criminal acts.

**FSE 300. Technical Report Writing for Emergency Services. (3 Credits)**

A. Prerequisite: ENG 102. Develop oral and written communication skills specific to the public emergency service sector's needs. Focusing on the technical aspects involved in supporting public initiatives operating within the legal system and learning the specific requirements for submitting documentation to various technical committees. Credit will not be awarded to students who have credit for FSE 300 and 300W.

**FSE 300W. Technical Report Writing for Emergency Services. (3 Credits)**

A. Prerequisite: ENG 102. Develop oral and written communication skills specific to the public emergency service sector's needs. Focusing on the technical aspects involved in supporting public initiatives operating within the legal system and learning the specific requirements for submitting documentation to various technical committees. Credit will not be awarded to students who have credit for FSE 300 and 300W.

**FSE 305. Fire Protection and Hazardous Materials. (3 Credits)**

A. Prerequisite: FSE 120. Study of hazardous material problems in transportation, storage, and use. Chemical properties relating to specific reactions, engineering controls, and control in an emergency situation. Emphasis on the role of pre-emergency planning, combating, coordinating, and controlling a hazardous materials incident.

**FSE 310. WMD/Hazardous Materials. (3 Credits)**

A. Study of different Weapons of Mass Destruction (WMD) materials, deployment, and use. Evaluation of hazardous materials, usage, storage, and transportation. Preventing and controlling WMD/Hazardous Materials incidents.

**FSE 320. Principles of Emergency Services. (3 Credits)**

A. An overview of organizational and management practices in the fire and safety fields. Emphasis on supervision and leadership styles, motivation, morale, and organizational behavior.

**FSE 322. Water-Based Fire Protection Systems Design. (3 Credits)**

A. Prerequisite: FSE 221. Analysis and evaluation of specific code requirements related to the design, inspection, testing and maintenance of water-based fire protection systems. Design projects will be included.

**FSE 330. Principles of Criminal Investigation. (3 Credits)**

Prerequisites: FSE 300 or FSE 300W, FSE 260, and FSE 280. A detailed study of the investigative procedure as it applies to fire, arson, explosion and other personal property crimes.

**FSE 349. Applied Learning in Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 and OSH 349.

**FSE 349A. Cooperative Study: Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 349B. Cooperative Study: Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 349C. Cooperative Study: Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 349D. Cooperative Study: Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 349E. Cooperative Study: Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 349F. Cooperative Study: Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 349G. Cooperative Study: Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 349H. Cooperative Study: Fire and Safety Engineering. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 349J. Co-op or Appl Lrn: Fire/Safety. (1-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 A-N and OSH 349 A-N.

**FSE 350. Fire Arson and Explosion Investigation. (3 Credits)**

A. Prerequisite: FSE 120. An in depth study in the analysis of fire, arson, and explosion scenes. Emphasis will be placed on the principles and techniques of scene preservation and analysis, management of investigative functions, documentation of the scene, and determination of the cause and origin of fire.

**FSE 355. Fire Dynamics. (3 Credits)**

A. Prerequisites: CHE 101 or higher, FSE 120, and MAT 114. An introduction to fire-related measurement techniques, advanced fire and combustion concepts and associated terminology. This courses includes basic numerical methods for understanding fire dynamics.

**FSE 360. Fire Protection Hydraulics and Water Supply. (3 Credits)**

A. Prerequisites: FSE 120 and MAT 107 or higher. A study of water at rest and in motion, Bernoulli's and Pascal's theorems; water distribution systems, velocity, friction loss, pump and nozzle pressures required for fire protection.

**FSE 365. Instructional Methodology for Emergency Service. (3 Credits)**

A. Course provides students with opportunities to develop presentation skills used in classroom instruction. Develop lesson plans, prepare audio-visual aids and props for the class. Prepare evaluation methodologies that competently assure learning objectives during delivery of presentations.

**FSE 370. Electrical and Mechanical Systems Failure Analysis. (3 Credits)**

A. Overview of design criteria for electrical and mechanical systems and components relative to fire safety via laboratory experiments, exemplar components and photographs that depict system and component failures that result in fire. Learning opportunities include engaging in destructive and nondestructive analysis of components and systems.

**FSE 375. Emergency Services Resource Management. (3 Credits)**

A. Introduction to management issues related to obtaining and accounting for resources. Included are financial management processes, acquisition strategies, strategies for maintenance of effort and resource prioritization, resource replacement planning and processes to audit program success.

**FSE 380. Failure Analysis. (3 Credits)**

A. Prerequisite: FSE 370. An in-depth study of fire and arson investigations. Emphasis will be placed on the principles and techniques of scene preservation, failure analysis, report writing, and determination of cause and origin.

**FSE 400. Advanced Emergency Services. (3 Credits)**

A. Prerequisites: FSE 300 or FSE 300W and 320. A study of environmental management including the identification and analysis of key managerial issues confronting contemporary fire services managers. Application in current methods and planning, organizing, developing and evaluating public fire/emergency services organizations.

**FSE 425. Disaster & Community Fire Defense Planning. (3 Credits)**

A. Prerequisite: FSE 300 or FSE 300W. Overview of the ever changing demographics of the departmental jurisdictions and response during community service master planning, identifying hazards then assessing risks associated with those hazards. Analysis of potential disaster and recovery methods.

**FSE 445. Advanced Structural Fire Protection. (3 Credits)**

Prerequisite: FSE 355 (C). Examines principles involved in structural fire protection: behavior of materials and design considerations for each material in regards to a structure's design under fire attack and resistive protection methods.

**FSE 450. Advanced Explosion and Bombing Investigation. (3 Credits)**

A. Prerequisite: FSE 250 and FSE 380. An in-depth study of explosion scene investigation. Emphasis will be placed on the principles and techniques of scene preservation analysis, management of investigative functions, documentation of scene, and determination of the cause of explosions.

**FSE 480. Industrial Fire Safety. (3 Credits)**

Prerequisites: FSE 101, FSE 120 and FSE 360. Fire scenario analyses for industrial installations using test data, loss experience and simplified theoretical modeling focusing on warehousing, storage of flammable liquids and safety of electrical equipment and computers.

**FSE 481. Fire Protection Design. (3 Credits)**

Prerequisite: FSE 445. Comprehensive project emphasizing a team approach to the design process. Problem formulation; project management; drawings and specifications; cost estimating; and various project components. Engineering and professional ethics.

**FSE 489. Topical Seminar.\_\_\_\_. (1-3 Credits)**

A. Prerequisite: Departmental approval. Development and presentation of research in contemporary methods, techniques, and devices in the field. May be retaken under different topics to a maximum of 12 hours.

**FSE 490. Fire/Safety Research & Evaluat. (3 Credits)**

A. Prerequisite: senior standing. Development of competency relating to concepts of fire and safety research analysis. Each student develops a research design and carries out a study project. Individual studies are culminated with project paper and presentation.

**FSE 495. Fire Arson and Explosion Case Preparation. (3 Credits)**

A. Prerequisite: FSE 450. Preparation of the fire, arson, and explosion case for trial, including preparation of demonstrative evidence, scene documentation for presentation, rules of evidence, case review and analysis, and testimony.

**FSE 496. Fire Investigation Case Preparation. (3 Credits)**

Prerequisite: FSE 450. Preparation of the fire and arson case for trial, including preparation of demonstrative evidence, scene documentation for presentation, and testimony.

**FSE 498. Independent Study. (1-3 Credits)**

A. Prerequisite: Departmental approval. Individual reading and research on a problem or area within the field of Fire and Safety, after student consultation with the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours providing the project title differs.

**FSE 499. Practicum. (1-12 Credits)**

A. Prerequisite: departmental approval. Supervised field observation, research, and/or experience.

## Homeland Security

**HLS 101. Introduction to Homeland Security. (3 Credits)**

A. Principles and practices associated with the emerging discipline of homeland security. Policies, directives, national plans, and legislation that shape and define the ongoing evolution of homeland security. Key issues including civil liberties and diversity. Relationship to public safety, private security, and national security.

**HLS 210. Cyber and Physical Security. (3 Credits)**

A. Principles of cyber and physical design and application to include assessments and subsequent identification of countermeasures as well as policy development and implementation in an effort to safeguard life and critical infrastructure. Credit will not be awarded for both APS 210 and SEC 210.

**HLS 260. Disaster Preparedness & Response. (3 Credits)**

A. Examines disaster preparedness and response context, concepts, theories, principles, programs and requirements. Students apply course concepts using case studies and real-world scenarios. Formerly HLS 451.

**HLS 280. Mis-, Dis-, and Malinformation. (3 Credits)**

A. Examines Mis-, Dis-, and Malinformation (MDM) from a homeland security perspective. Students build skills in assessing and evaluating information from social media and other information sources.

**HLS 301. Critical Infrastructure Protection. (3 Credits)**

A. Identification, prioritization, and protection of critical infrastructure including information technology, telecommunications, chemical, transportation, energy, water, medical, emergency services, postal and shipping. Impact on personal safety and economic performance.

**HLS 310. Personnel Security. (3 Credits)**

(3) A. Formerly SEC 250. Examines employee and contractor integrity through background screening, security awareness, ethics programs, and audits. Analyzes special programs to protect key personnel, employees in high risk environments and workplace violence mitigation. Credit will not be awarded to students who have credit for SEC 250.

**HLS 320. Security Management. (3 Credits)**

A. Prerequisite: Junior or Senior standing or departmental approval. Evolution and application of traditional and current theories in leading and managing corporate and government/industrial security operations. Areas covered include management, supervision and leadership of a security organization.

**HLS 349. Applied Learning in HLS. (0.5-12 Credits)**

A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. The student works under faculty and field supervisors in placements related to the student's academic studies. A minimum of 80 hours work required for each academic credit. May be retaken to a maximum of twelve hours.

**HLS 349A. HLS Cooperative Study. (1-12 Credits)**

A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. The student works under faculty and field supervisors in placements related to the student's academic studies. A minimum of 80 hours work required for each academic credit. May be retaken to a maximum of twelve hours.

**HLS 349B. HLS Cooperative Study. (0.5-12 Credits)**

A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. The student works under faculty and field supervisors in placements related to the student's academic studies. A minimum of 80 hours work required for each academic credit. May be retaken to a maximum of twelve hours.

**HLS 349C. HLS Cooperative Study. (0.5-12 Credits)**

A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. The student works under faculty and field supervisors in placements related to the student's academic studies. A minimum of 80 hours work required for each academic credit. May be retaken to a maximum of twelve hours.

**HLS 349D. HLS Cooperative Study. (0.5-12 Credits)**

A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. The student works under faculty and field supervisors in placements related to the student's academic studies. A minimum of 80 hours work required for each academic credit. May be retaken to a maximum of twelve hours.

**HLS 350. Workplace Investigations. (3 Credits)**

A. Prerequisite: Junior or Senior standing or departmental approval. Overview and management of criminal, civil, administrative, and internal investigative processes in the workplace, to include interviews, reports, and ethical and legal considerations related to investigations.

**HLS 391. Risk Analysis. (3 Credits)**

A. History and process of risk analysis and management as it relates to the protection of critical assets and infrastructure. Instruction in common techniques used in both the public and private sectors.

**HLS 395. Homeland Security Policy Analysis. (3 Credits)**

A. Prerequisites: HLS 101, HLS 210, and HLS 260; ENG 102 or 102R or HON 102 with a minimum grade of "C" or ENG 105 with a minimum grade of "B"; and HLS major or departmental approval. Develop homeland security policy and legal research and analytic skills. Includes coverage of international and U.S federal, state and local policy and legal issues. Credit will not be awarded to students for both HLS 395 and 395W.

**HLS 395W. Homeland Sec. Policy Analysis. (3 Credits)**

A. Prerequisites: HLS 101, HLS 210, and HLS 260; ENG 102 or 102R or HON 102 with a minimum grade of "C" or ENG 105 with a minimum grade of "B"; and HLS major or departmental approval. Develop homeland security policy and legal research and analytic skills. Includes coverage of international and U.S federal, state and local policy and legal issues. Credit will not be awarded to students for both HLS 395 and 395W.

**HLS 400. Evolution of the U.S. Intelligence Community. (3 Credits)**

A. Evolution of the US intelligence community from the American Revolution to today.

**HLS 401. Intelligence Process. (3 Credits)**

A. Key questions facing the U.S. intelligence community and its role in homeland security, national defense, and international affairs, with a focus on policy, oversight and intelligence support. Collection, analysis, sharing and dissemination of information within and between local, state, and federal government agencies and the private sector.

**HLS 402. Counterintelligence. (3 Credits)**

A. History, structure and operations of the US counterintelligence community. Includes legal foundations of counterintelligence and critiques of recommended changes to the community.

**HLS 403. Intelligence Analysis. (3 Credits)**

(3) A. Examines processes used at local, state and federal levels to conduct intelligence analysis and develop intelligence products. Includes advanced instruction in intelligence structured analytic techniques.

**HLS 430. Terrorism and Violent Extremism. (3 Credits)**

A. Coverage of politically-motivated extremist violence in the United States. Includes discussion of definitional issues, radicalization, major attacks, current threats, and principal extremist groups and ideologies.

**HLS 435. HLS Special Topics. (3 Credits)**

A. Study of contemporary issues and special topics in homeland security. May be retaken to a maximum of twelve hours under different subtitles.

**HLS 441. Homeland Security Technology. (3 Credits)**

A. Broad overview of homeland security technology. Technology as a tool to support homeland security regardless of functional specialty. Contribution of technology to deterrence, preemption, prevention, protection, and response.

**HLS 445. HLS Field Experience. (1-12 Credits)**

A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, and a minimum of 30 hours completed. This course is designed to broaden the educational experience through appropriate observational work assignments in cooperating agencies. A minimum of 80 hours of observation is required for each academic credit. May be retaken to a maximum of twelve hours.

**HLS 455. HLS Independent Study. (1-6 Credits)**

A. Prerequisites: Department Chair approval, a minimum GPA of 2.0, a minimum of 30 hours completed. Individual reading and research on a problem within the field of homeland security. Students must have independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

**HLS 461. Disaster Resilience. (3 Credits)**

A. Concepts, theories, principles, programs, and requirements or pre- and post-disaster hazard mitigation; governmental programs, planning and practice; hazard and threat modeling and analysis; team building; case studies; project development.

**HLS 465. Unconventional Threats and Responses. (3 Credits)**

(3) A. The course addresses concepts, theories, laws and authorities, principles, programs, and requirements associated with unconventional threats to our nation that most likely would result in mass casualties, and pose large-scale responses and cascading threats.

**HLS 491. Disaster Planning and Exercises. (3 Credits)**

(3) A. Prerequisite: HLS 260. Emergency planning requirements, methods and applications for all levels of government and business, including hazard mitigation and emergency operations planning; also considers planning for universities, colleges and secondary schools.

**HLS 495. Leadership and Ethics. (3 Credits)**

A. Prerequisite: Senior standing or departmental approval. Examines theories and practical applications of leadership and ethical decision making. Senior capstone course requiring synthesis of prior course work in homeland security.

**Occupational Safety****OSH 110. Introduction to Safety Studies. (3 Credits)**

A. Students will develop the necessary writing, study, research, and Blackboard navigation skills. Topics include history of OSHA, safety ethics, basic hazard identification and analysis, and safety profession and hazard reports.

**OSH 200. Measures of Safety Performance. (3 Credits)**

A. Strategies and methods for calculating, analyzing, interpreting and communicating safety performance data. Presents lagging and leading metrics of safety, quantitative and qualitative statistical techniques, descriptive and inferential statistics, correlations, and financial principles. Credit will not be awarded for both OSH 200 and FSE 200.

**OSH 225. Legal Aspects of Occupational Safety. (3 Credits)**

A. Study of the OSH Act, OSHA standards, correlating laws and legislation impacting the safety function and employee safety. Emphasis on legal rights, responsibilities, legal risks, liabilities, scope of authority, ethical/professional standards for safety professionals. Credit will not be awarded for both OSH 225 and FSE 225.

**OSH 261. Principles of Occupational Safety and Health. (3 Credits)**

A. Prerequisite and/or Corequisite: OSH 110. Formerly: OSH 361. History of the development of occupational safety and health. Methods of accident prevention and hazard control. Introduction to safety programs, worker's compensation, emergency preparedness and accident investigation. Credit will not be awarded for students who have credit for OSH 361 or FSE 361.

**OSH 262. Principles of Occupational Safety and Health Legislation. (3 Credits)**

A. Formerly OSH 362. B. Prerequisite or Co-requisite: OSH 261 Review of OSHA standards with emphasis on compliance and liability reduction. Discussion of OSHA regulations including citations, penalties, inspections, and record keeping. Credit will not be awarded for both OSH 262 and OSH 362.

**OSH 300. Safety Training Strategies. (3 Credits)**

I, II, and A. Formerly OSH 450. Prerequisite: OSH 261. Students will learn how to apply adult learning and technical training strategies to occupational training programs for management and workforce safety related topics. Credit will not be awarded for both OSH 450 and OSH 300.

**OSH 305. Hazardous Materials. (3 Credits)**

A. This course introduces students to the anticipation, recognition, evaluation management, and control of hazardous materials through focusing on applicable general industry standards 29 CFR 1910 Subpart H. Topics include HAZWOPER, Compressed Gasses, Flammable and Combustible Liquids requirements, and others.

**OSH 349. Applied Learning in Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. Credit will not be awarded for both FSE 349 and OSH 349.

**OSH 349A. Cooperative Study: Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 349B. Cooperative Study: Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 349C. Cooperative Study: Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 349D. Cooperative Study: Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 349E. Cooperative Study: Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 349F. Cooperative Study: Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 349G. Cooperative Study: Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 349H. Cooperative Study: Occupational Safety. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 349J. Coop Study OSH. (1-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**OSH 350. Measures of Safety Performance. (3 Credits)**

A. Formerly OSH 200. Prerequisite: OSH 261. Strategies and methods for calculating, analyzing, interpreting and communicating safety performance data. Presents lagging and leading metrics of safety, quantitative and qualitative statistical techniques, descriptive and inferential statistics, correlations, and financial principles. Credit will not be awarded for both OSH 200 and 350.

**OSH 366. Hazard Identification and Control. (3 Credits)**

A. Prerequisite: OSH 261 with a grade of C or higher or departmental approval. Hands-on approach toward identification and control. Areas of study include noise levels, chemical and electrical hazards, air contaminants, and heat/cold stress. Control measures include administrative, engineering, and safeguarding methods. Credit will not be awarded for both OSH 366 and FSE 366.

**OSH 367. Human Factors in Occupational Safety. (3 Credits)**

(3) A. Prerequisite or Co-requisite: OSH 261. Focuses on ergonomics, man/machine interface and human efficiency. Study of work-related stress, psychological factors, and Cumulative Trauma Disorders. Solutions are reviewed for common problems found in labor-intensive operations. Credit will not be awarded for both OSH 367 and FSE 367.

**OSH 370. Process Safety Management. (3 Credits)**

I, II, and A. Prerequisite: OSH 366. This course is designed to introduce the occupational safety student to the process safety management standard, 29 CFR 1910.119, and cover complex management topics involved in managing processes of highly hazardous chemicals.

**OSH 379. Construction Safety. (3 Credits)**

A. An in-depth analysis of the federal and Commonwealth of Kentucky's OSHA requirements for construction safety. Credit will not be awarded for both OSH 379 and FSE 379.

**OSH 390. Workers Compensation. (3 Credits)**

A. Comprehensive study of workers' compensation. Topics range from coverage to claims, including in-depth study of the legal, no-fault, exclusive remedy nature of claims; underwriting and experience rating; business loss control measures; and loss control profession. Credit will not be awarded for both OSH 390 and FSE 390.

**OSH 410. Safety Management Systems. (3 Credits)**

I, II, and A. Prerequisite: ENG 102, 105, or HON 102; OSH 261. This writing-intensive course is designed to provide the student with the knowledge and skills to apply safety management systems components, hazard analysis, and causal analysis. Credit will not be awarded for both OSH 410 and OSH 410W.

**OSH 410W. Safety Management Systems. (3 Credits)**

I, II, and A. Prerequisite: ENG 102, 105, or HON 102; OSH 261. This writing-intensive course is designed to provide the student with the knowledge and skills to apply safety management systems components, hazard analysis, and causal analysis. Credit will not be awarded for both OSH 410 and OSH 410W.

**OSH 412. Safety Management Systems. (3 Credits)**

A. Prerequisite or Co-requisite: OSH 410W (C). Effective management and leadership principles applied to safety. Emphasis on developing organizational culture, key roles of safety professionals and preventing serious injuries. Strategies include identifying business concepts for safety, gaining meaningful employee engagement, and program development. Credit will not be awarded for both OSH 412 and FSE 412.

**OSH 420. Environmental Law and Management. (3 Credits)**

I, II. Formerly FSE 420. Review/analysis of laws affecting workplaces, including the Clean Water Act, Clean Air Act, RCRA and CERCLA. Additionally, study of these laws and related policies/practices will be covered as related to safety. Credit will not be awarded to students who have credit for FSE 420 or EHS 425.

**OSH 450. Safety Training Strategies. (3 Credits)**

I, II, and A. Students will learn how to apply adult learning and technical training strategies to occupational training programs for management and workforce safety related topics.

**OSH 489. Topical Seminar.\_\_\_\_. (1-3 Credits)**

I, II, and A. Development of special skills and content knowledge of contemporary issues in occupational safety. May be retaken to a maximum of six hours, provided the subject matter differs each time.

**OSH 495. Senior Capstone. (3 Credits)**

Prerequisite: OSH 410 or 410W with a grade of C or better. Students examine case studies, examine real life situations, combine knowledge they have gained from previous coursework, analyze and develop strategies, develop countermeasures, engage in strategic planning and policy development and training.

**OSH 498. Independent Study. (1-3 Credits)**

A. Prerequisite: Departmental approval. Individual reading and research on a problem or area within the field or Occupational Safety, after student consultation with the instructor. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours providing project title differs.

## Basic Emergency Medical Technician, Departmental Certificate

Meets the National Registry of Emergency Medical Technicians and Kentucky Board of Emergency Medical Services requirements to be certified as an EMT.

Certificate awarded by the Department of Fire Protection and Paramedicine Sciences and not Eastern Kentucky University.

### Program Requirements

Code	Title	Hours
<b>Certificate Requirements</b>		
EMC 110	Emergency Medical Technician	5
EMC 104	Healthcare Basic Life Support	1
<b>Total Hours</b>		<b>6</b>

## Disaster Management, Minor Program Requirements

CIP Code: 43.0302

A student may minor in Disaster Management by completing, with a grade of "C" or better, a total of 18 semester hours as follows:

Code	Title	Hours
<b>Required Courses</b>		
HLS 260	Disaster Preparedness & Response	3
HLS 461	Disaster Resilience	3
HLS 491	Disaster Planning and Exercises	3
<b>Electives</b>		
Choose from nine hours of the following:		9
HLS 349	Applied Learning in HLS	
HLS 391	Risk Analysis	
HLS 445	HLS Field Experience	
HLS 455	HLS Independent Study	
GEO 315	Meteorology	
GEO 325	Environment Land Use Planning	

GEO 353	Geographic Information Systems
GEO 453	Advanced GIS
GEO 456	Remote Sensing
<b>Total Hours</b>	<b>18</b>

## Emergency Medical Care, Bachelor of Science with a Concentration in Emergency Services Administration (B.S.)

### Admission Procedure

Students who have been admitted to the University and College of Justice, Safety & Military Science and declare a major in Emergency Medical Care are admitted to the Emergency Medical Care Program. Admission to the Emergency Medical Care Program does not guarantee admission to the Advanced Paramedic Sequence.

Emergency Medical Care majors are accepted each semester. Students are selected for admission into the Advanced Paramedic Sequence once a year. Selection is made based on an admission matrix of criteria that includes: GPA, entrance exam score, prerequisite course grades and EMT certification, Informational meetings communication will be distributed each spring semester. Please refer to the EMC webpage for additional information.

### Additional Requirements

1. Students must have a minimum grade of "C" in all Advanced Sequence and prerequisite courses.
2. Students must maintain a minimum GPA of 2.0 on a 4.0 scale.
3. Students must purchase and maintain student liability insurance prior to enrollment in:

Code	Title	Hours
EMC 110	Emergency Medical Technician	5
EMC 115	Basic Clinical/Field Experience	2
EMC 342	Advanced Clinical I	3
EMC 352	Advanced Clinical II	3
EMC 360	Advanced Field Internship	2
EMC 362	Advanced Field Internship II	4

4. All transfer credit evaluation and program approval must be completed prior to the application deadline.

### Program Requirements

CIP Code: 51.0904

### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A: Written Communication (p. 63)		3
B: Written Communication (p. 63)		3
C: Oral Communication (p. 63)		3
<b>Element 2</b>		
Quantitative Reasoning (p. 63)		3

Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)		
<b>Major Requirements</b>		
<i>Core Courses</i>		
EMC 300	Emergency Operations, and Behavioral Crisis	3
EMC 303	Introduction to Cardiology	3
EMC 305	Prehospital Management of OB/GYN/Pediatric Emergency	3
EMC 310	Advanced Cardiology	3
EMC 320	Adv Life Support: Trauma	3
EMC 335	Medical Emergencies I	3
EMC 340	Advanced Life Support: Medical Emergencies	3
EMC 342	Advanced Clinical I	3
EMC 352 & 352L	Advanced Clinical II and Advanced Clinical II Lab	3
EMC 360	Advanced Field Internship	2
EMC 362	Advanced Field Internship II	4
EMC 400	Emergency Care Systems Management	3
EMC 489	Introduction to Research Methods	3

### Concentrations

Students must select one of the following Concentrations:

- Emergency Medical Services Administration
- Paramedical Clinic/FSE

Paramedic/Science	31
<i>Free Electives</i>	
Choose from 13 hours of free electives	13
<b>Total Hours</b>	<b>120</b>

## Concentration

Code	Title	Hours
<b>Concentration Courses</b>		
BIO 318	General Botany	4
BIO 273	Clinical Microbiology	4
BIO 307	Human Anatomy and Physiology I	3
BIO 308	Human Anatomy and Physiology II	3
CHE 111	General Chemistry (Element 4) <sup>G</sup>	
CHE 111L & 111L	General Chemistry Lab I and General Chemistry Lab I (Element 4) <sup>G</sup>	
CHE 112 & 112L	General Chemistry II and General Chemistry Lab	4
CHE 361 & 361L	Organic Chemistry I and Organic Chemistry Lab I	4
CHE 362 & 362L	Organic Chemistry II and Organic Chemistry Lab II	4
PHY 131	College Physics I	5
<b>Total Hours</b>		<b>31</b>

### G

Course also satisfies a General Education element. Hours are included within the 36 hr. General Education requirement above. A maximum of 3 cr. hr. will count toward Element 4.

## Emergency Medical Care, Bachelor of Science with a Concentration in Paramedical Clinic/FSE (B.S.)

### Admission Procedure

Students who have been admitted to the University and College of Justice, Safety & Military Science and declare a major in Emergency Medical Care are admitted to the Emergency Medical Care Program. Admission to the Emergency Medical Care Program does not guarantee admission to the Advanced Emergency Medical (paramedic) sequence.

Emergency Medical Care students are accepted each semester. Students are selected for admission into the Advanced Emergency Medical Care Program once a year. Selection is made based on the admission matrix. Criteria include GPA, entrance exam scores, pre-requisite course grades and completion. Information meetings or communication will be held. Please refer to the EMC webpage for additional information.

### Additional Requirements

- Students must have a minimum grade of "C" in all advanced sequence, EMC pre-requisite courses.
- Students must maintain a minimum GPA of 2.0 on a 4.0 scale.
- Students must purchase and maintain student liability insurance prior to enrollment in

Code	Title	Hours
EMC 110	Emergency Medical Technician	3
EMC 115	Basic Clinical/Field Experience	2

EMC 342	Advanced Clinical I	3
EMC 352	Advanced Clinical II	3
EMC 360	Advanced Field Internship	2
EMC 362	Advanced Field Internship II	4

4. All transfer credit evaluation and program approval must be completed prior to the application deadline.

## Program Requirements

FSE 400	Advanced Emergency Services	3
<b>Total Hours</b>		<b>21</b>

## Fire Protection and Safety Engineering Technology, Bachelor of Science (B.S.)

### Program Educational Objectives

Within 3-5 years of graduation, graduates of the Fire Protection and Safety Engineering Technology Program will be able to:

1. Practice fire protection engineering regionally, nationally, and internationally in a broad range of modern professional settings.
2. Actively participate in the development of engineering decisions on societal, environmental, economical, and safety issues at the local or global levels.
3. Understand the need for lifelong learning and continued professional development.
4. Maintain continual professional competency and practice ethically.

## Homeland Security, Bachelor of Science (BS) & Safety, Security, and Emergency Management Master of Science (MS) Accelerated 3 + 2 Dual Degree Program

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.S. and M.S. degrees. The program is an accelerated curriculum because 9 semester hours of 800-level graduate coursework

will apply to both the B.S. and M.S. degrees. Only undergraduate students of proven academic ability will be considered for the program.

## ADMISSION REQUIREMENTS

Students interested in this option must satisfy all the following conditions:

- Junior or Senior standing
- Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 option
- Approval from department and Graduate School (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>))
- Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 option

## Program Requirements

Students in 3+2 Accelerated Dual Degree Option must complete the listed Homeland Security (B.S.) program requirements along with the same requirements for the M.S. Safety, Security and Emergency Management (presented in the Graduate Catalog. Nine (9) credit hours of 800-level graduate coursework (SSE 826, SSE 827, and SSE 880) are applicable to the undergraduate degree as free electives.

## Industrial Fire Protection, Minor Program Requirements

A student may minor in Industrial Fire Protection by completing, with a grade of "C" or better, a total of 21 semester hours as follows:

Code	Title	Hours
<b>Required Courses</b>		
FSE 101	Fire Prevention	3
FSE 120	Fire Behavior and Combustion	3
FSE 221	Fire Detection and Suppression Systems	3
FSE 224	Human Behavior In Fire	3
FSE 322	Water-Based Fire Protection Systems Design	3
FSE 360	Fire Protection Hydraulics and Water Supply	3

FSE 480	Industrial Fire Safety	3
<b>Total Hours</b>		<b>21</b>

## Industrial Fire Protection, University Certificate

This certificate prepares student for careers in Industrial Fire Protection.

### Program Requirements

CIP Code: 43.0201

The certificate requires a grade of "C" or better in 24 hours of required courses and 6 hours of specialized practicum.

Code	Title	Hours
<b>Certificate Requirements</b>		
FSE 101	Fire Prevention	3
FSE 120	Fire Behavior and Combustion	3
FSE 221	Fire Detection and Suppression Systems	3
FSE 300W	Technical Report Writing for Emergency Services	3
FSE 305	Fire Protection and Hazardous Materials	3
FSE 320	Principles of Emergency Services	3
FSE 360	Fire Protection Hydraulics and Water Supply	3
OSH 261	Principles of Occupational Safety and Health	3
FSE 480	Industrial Fire Safety	3
FSE 499	Practicum	6
<b>Total Hours</b>		<b>33</b>

## Intelligence Studies, University Certificate

### Program Requirements

CIP Code: 29.0201

This certificate requires a grade of "C" or better in 12 hours of required intelligence courses and 12 hours within a single Concentration.

Code	Title	Hours
<b>Certificate Requirements</b>		
HLS 401	Intelligence Process	3
HLS 402	Counterintelligence	3
HLS 403	Intelligence Analysis	3
HLS 430	Terrorism and Violent Extremism	3

#### Concentrations

Concentration Prerequisite: Certificate advisor must pre-approve courses selected for all concentrations. A Coop or Internship in an intelligence-related position may be credited to meet requirements of any concentration (three hours maximum).

Students must select one of the following Concentrations:	12
Intelligence Collection and Analysis	
Threat Specialist	
Regional Analysis	
Security Operations	

## Concentrations

### Intelligence Collection and Analysis Concentration

Select 12 upper-division hours (300 or 400 level) in courses related to intelligence collection and analysis including, but not limited to, forensic accounting and computing, geographic information systems, logic, mathematics, risk analysis or statistical analysis.

### Threat Specialist Concentration

Select 12 upper-division hours (300 or 400 level) in courses related to threats to public and national security including, but not limited to, criminal justice, homeland security, international relations, international security, national security or terrorism/counterterrorism.

### Regional Analysis Concentration

Select 12 upper-division hours (300 or 400 level) in the culture, economics, environment, geography, history, military, politics, religions or security of a specific country or region (foreign or U.S). No more than two courses may have the same prefix. Students selecting this concentration must also have a minimum of two lower-division or upper-division courses in a language associated with the selected specific country or region.

### Security Operations Concentration

Select 12 upper-division hours (300 or 400 level) in courses related to cyber security, government/industrial security, personnel security, physical security, risk analysis, security management or workplace investigations.

### Science & Technology Concentration

Select 12 upper-division hours (300 or 400 level) in a scientific or technology discipline, including, but not limited to, astronomy, biology, biotechnology, chemistry, earth science, forensic science, health science, information systems, life science, mathematics, microbiology, pharmacology, physics, space science, toxicology; or in an engineering discipline, including, but not limited to, aerospace, civil, computer, electrical, electronic, mechanical, material, nuclear or systems engineering.

## NREMT-P to Associate of Paramedicine (ASP) Degree Program

### Transferring Paramedic Credit into the EMC Program

Effective January 2013 the National Registry has instituted a policy requiring that all candidates for certification must complete coursework from a CoAEMSP nationally accredited paramedic program.

### Time Limit for Program Completion

To maintain EKU's status as a CoAEMSP nationally-accredited paramedic program students must progress through their EMC advanced sequence of classes (200-level and 300-level courses, as well as supporting courses) within a specified time limit. Each student must successfully complete all of these courses before they are eligible to take the NREMT skill and didactic examinations to obtain the NREMT Paramedic card. The start of an individual student's time limitation ("advanced sequence and testing clock") will be determined by the student's program advisor.

## Credit from a CoAEMSP Accredited Paramedic Program

Students with transfer credit from a CoAEMSP accredited paramedic program may have this credit used to fulfill a portion of their major and supporting program requirements. Such work will be evaluated by EMC faculty for comparability and content; students may be required to complete departmental exams to gauge subject mastery and to assist with appropriate course placement.

## Admission Requirements

Current holders of National Registry of Emergency Medical Technicians – Paramedic (NRP or State credentialing as defined by the program) certification may earn the Associate of Paramedicine (ASP) degree through an accelerated program offered by the EMC department. Applicants for admission into this accelerated program are accepted each semester.

## Program Requirements

Students admitted into the NRP NREMT-P to ASP program will be required to take all general education and supporting coursework for the Associate of Science Paramedicine (A.S.P.) (p. 292).

<b>Total Hours</b>		<b>62</b>

1

After successful completion of both EMC 380 Advanced Prehospital Theory Medical and EMC 382 Adv Prehospital Theory-Trauma, students will receive 18 credit hours which include:

EMC 335 Medical Emergencies I, EMC 340 Advanced Life Support: Medical Emergencies, EMC 342 Advanced Clinical I, EMC 352 Advanced Clinical II, EMC 360 Advanced Field Internship, EMC 362 Advanced Field Internship II.

2

Credit is available through successful completion of department proficiency examinations.

3

Current and maintained certification in AHA CPR for Healthcare Professionals, ACLS-EP, PALS (and/or PEPP), and certification in PHTLS (or ITLS) may result in credit.

A total of 64 credit hours are required to obtain the Paramedicine (A.S.P.). Students must also obtain a minimum grade of "C" in all EMC courses. Students must also maintain an overall EKU GPA of 2.0 on a 4.0 scale.

# Occupational Safety, Bachelor of Science (BS) & Safety, Security, and Emergency Management Master of Science (MS) Accelerated 3 + 2 Dual Degree Program

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.S. and M.S. degrees. The program is an accelerated curriculum because 9 semester hours of 800-level graduate coursework will apply to both the B.S. and M.S. degrees. Only undergraduate students of proven academic ability will be considered for the program.

## ADMISSION REQUIREMENTS

Students interested in this option must satisfy all the following conditions:

- Junior or Senior standing
- Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 option
- Approval from department and Graduate School (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>))
- Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 option

## Program Requirements

Students in 3+2 Accelerated Dual Degree Option must complete the listed Occupational Safety (B.S.) program requirements along with the same requirements for the M.S. Safety, Security and Emergency Management as presented in the Graduate Catalog. Nine (9) credit hours of 800-level graduate coursework (SSE 828, SSE 832, and SSE 845) are applicable to the undergraduate degree.

## Wildland Firefighting, University Certificate

A university certificate in Wildland Firefighting by the Fire, Prevention, Protection Sciences Program, in partnership with Geography, Homeland Security, and Wildlife Management. This certificate prepares future public safety professionals interested in broadening their knowledge and professional expertise in fire prevention; fire behavior and combustion; fire and emergency scene operations; disaster preparedness and response; environmental land use planning, geographic information systems, fire ecology and management; and principles of wildlife management. This knowledge base will be useful not only to those public safety professionals who choose to work for traditional outdoor public safety organizations such as the Department of Interior, U.S. Forest Service, State Fish and Wildlife agencies and National Parks, but also for those who work in traditional public safety organizations in rural communities.

## College of Letters, Arts & Social Sciences

Dr. Mercy Cannon, Dean  
Roark 103  
(859) 622-2222

Dr. John Bowes, Associate Dean  
Roark 107  
(859) 622-6765

[www.class.eku.edu](http://www.class.eku.edu) (<http://www.class.eku.edu>)

Welcome to the College of Letters, Arts, and Social Sciences (CLASS). CLASS provides education in the arts, philosophy, literature, languages, and social sciences—fields that help us to understand ourselves and others and provide meaning and richness to our world. CLASS represents EKU's enduring commitment to a liberal arts education as the intellectual foundation for work, life, and citizenship.

In CLASS, we offer courses and academic programs that provide students with the foundation for success in a dynamic, fast-paced, and diverse world. These foundational skills help students excel and lead in any career, cultivate the creativity and critical thinking to adapt to diverse environments, and resolve society's most challenging problems in a culturally competent and ethical way. CLASS is focused on cultivating skills that are vital to the contemporary workplace - teamwork, critical thinking, communication, and leadership.

In CLASS, students can participate in EKU's nationally-ranked mock trial program, which affords students the chance to learn about the legal process in a simulation format.

### College Degree Requirements

General University degree requirements as set forth in Section Four of this *Catalog* as well as specific course requirements set forth in the descriptive curricula must be met by students completing programs administered by the College of Letters, Arts, and Social Sciences. All students graduating with majors in the College of Letters, Arts, and Social Sciences must have a 2.0 GPA in the major exclusive of any supporting courses. Students pursuing a minor in the College must have a minimum 2.0 GPA in the minor. At least twenty-five percent of the courses in the major must be taken at Eastern Kentucky University. In addition, individual programs may have specific requirements that exceed College requirements. Students should consult with an advisor or department chair to learn the particular requirements of a program.

### Affiliated Activities and Resources

#### Pre-Law Advising

Email: [class@eku.edu](mailto:class@eku.edu)

Pre-law advising is available to assist students who are considering law school after graduation. Students interested in going to law school or exploring the possibility of doing so should submit an email for an appointment as early as possible during their academic career, preferably during their freshman year. An appointment with a college advisor can identify courses that will help prepare students for law school, plus

provide valuable information on law schools, the Law School Admission Test (LSAT), and typical admission procedures.

There is no specific major for pre-law students. A broadly-based liberal education will best prepare one to study law, and therefore no fixed pre-law curriculum is prescribed. Law schools generally are not swayed positively or negatively by a student's choice of major; rather, they want to see that, whatever a student's major(s), that student performs well as indicated by his or her academic transcript. Thus pre-law students should choose a major that interests them and in which they are likely to be academically successful. Admission to an accredited law school is dependent upon a good undergraduate record with an earned baccalaureate degree and a competitive score on the Law School Admission Test.

#### EKU's 3+3 Accelerated Law Degree Program

Students pursuing a law-school degree may complete their bachelors and Juris Doctorate (J.D.) degree requirements in 6 years rather than the traditional 7 through EKU's 3+3 Accelerated Law Degree Program with Northern Kentucky University's Salmon P. Chase College of Law (NKU Chase).

Interested students must contact the CLASS college advisor as early as possible, preferably during their freshman year, for scheduling assistance to ensure that they complete all requirements for eligibility to apply early (during their junior year) to NKU Chase. To be eligible, students can pursue any major, but must be on track to complete successfully at least 90 credits, including all courses for their selected EKU major, EKU general education, and university requirements, by the end of their third year.

In their third year, students apply for early admission to NKU Chase College of Law, and once they complete their first-year courses at Chase, they can transfer those courses back to EKU (30 hours) to complete the 120 hours required for a bachelor's degree from EKU. Students who pursue the 3+3 Accelerated Law Program and are denied early admission to NKU Chase may reapply to NKU Chase during their senior year or thereafter without prejudice to their subsequent application based on the earlier denial of admission.

#### Mock Trial

Mr. Thomas C. Parker, J.D., Coordinator  
[Thomas.parker@eku.edu](mailto:Thomas.parker@eku.edu)  
(859) 622-7698

EKU's nationally-ranked mock trial program affords students the chance to learn about the legal process in a simulation format. Students play the roles of witnesses and attorneys, competing against teams from other schools in tournaments held across the nation. Mock trial develops critical thinking and communication skills, teaches students to work as members of a team, and requires students to respond creatively to unexpected challenges during rounds of competition. Students receive two hours of academic credit (POL 466A Mock Trial and POL 466B Mock Trial II) per term. Auditions for positions on the team are held each Fall.

A. Prerequisite: ENG 310, ENG 299W, HIS 299W, or departmental approval. British poetry, prose, and drama of the Restoration and 18th century with emphasis on Dryden, Swift, Pope, and Johnson.

**ENG 480. Romantic Literature. (3 Credits)**

A. Prerequisite: ENG 310, ENG 299W, HIS 299W, or departmental approval. Survey of British poetry, essays, and fiction of the Romantic period.

**ENG 482. Victorian Literature. (3 Credits)**

A. Prerequisite: ENG 310, ENG 299W, HIS 299W, or departmental approval. Survey of British poetry, essays, and fiction of the Victorian period.

**ENG 485. British Fiction Since 1900. (3 Credits)**

A. Prerequisite: ENG 310, ENG 299W, HIS 299W, or departmental approval. Survey of representative British novels and short stories of the twentieth and the twenty-first centuries.

**ENG 490. Creative Writing Capstone. (3 Credits)**

I, II. Prerequisites: ENG 306 and at least 3 hours from the following courses: ENG 406, 407, 408, 409, 502, 503, 504. Portfolio creation, assessment, and career guidance.

**ENG 491. Technical Writing Capstone. (3 Credits)**

I, II. Prerequisites: ENG 300 and junior status. Provides professional technical writing experience by placing students in appropriate positions with area businesses and industries.

**ENG 492. English Literature Capstone. (3 Credits)**

A. Prerequisites: senior status. A review of literary figures, periods, and concepts. Study of techniques of literary criticism and/or theory, Major revision of an analytical paper. Discussion of graduate school and career options in the major.

**ENG 495. Independent Study. (1-3 Credits)**

A. Prerequisite: ENG 310, ENG 299W, HIS 299W, or departmental approval. Individual study and/or research on a problem pertaining to literature or language. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**ENG 499. Senior Capstone Experience. (1 Credit)**

A. Prerequisites: senior status and departmental approval. A service learning project within the University community for all English majors, involving planning and participating in the Association of English Majors Annual Conference, and reflecting on that professional experience.

**ENG 500. Topics in Professional Writing:\_\_\_\_. (3 Credits)**

A. Prerequisites: ENG 310, ENG 299W, or HIS 299W; and one additional upper level ENG course; or departmental approval. Familiarizes students with visual communication as applied in popular culture, business, science, and technology. Students learn visual design principles, and apply them by creating a variety of visual projects, from icons to infographics.

**ENG 502. Advanced Creative Writing. (3 Credits)**

A. Prerequisites: ENG 306. Special topics and workshop course for advanced or specialty genres and for students who desire to have their manuscripts critiqued. Guest lectures by and discussion with writers in residence. May be taken with different topics for a maximum of six hours.

**ENG 503. Creative Writing Workshop. (3 Credits)**

SUMMER ONLY. A. Prerequisites: ENG 306 or departmental approval. Held in conjunction with Bluegrass Writers Studio's eight-day summer residency on EKU-Richmond campus, followed by asynchronous online work. Includes craft lectures, panels, and readings by visiting writers. Students must submit an original creative writing manuscript before the residency.

**ENG 510. Introduction to Linguistic Theory. (3 Credits)**

A. Prerequisites: ENG 102 or 105 or HON 102, and one additional ENG course. An introduction to current linguistic theory and practice.

**ENG 515. English as a Second Language. (3 Credits)**

A. Prerequisites: ENG 102 or 105(B) or HON 102; or departmental approval. Study of theories advanced to explain the learning of English as a second language.

**ENG 520. History of the English Language. (3 Credits)**

A. Prerequisites: ENG 102 or 102R or 105 or HON 102, and one additional upper level ENG course. Study of the history of the English language in terms of social, historical, and linguistic forces from which it developed into modern English, with an emphasis on English in contemporary contexts.

**ENG 530. Topics in a Genre:\_\_\_\_. (3 Credits)**

A. Prerequisites: ENG 310, ENG 299W, or HIS 299W; and one additional upper level literature course; or departmental approval. Study of a particular genre or comparison of related genres. These can include traditional literary genres contemporary popular literature genre genres; or digital multimodal genres . May be retaken with different topics to a maximum of six hours.

**ENG 550. Topics in Literature:\_\_\_\_. (3 Credits)**

A. Prerequisites: ENG 310 and one additional upper level literature course or departmental approval. An intensive study of a particular aspect of textual production, transmission, or reception such as a movement, an author, historical contexts, or contemporary directions/experiments. May be retaken with a different topic to a maximum of six hours.

## English & History Teaching, Bachelor of Arts (B.A.)

Upon successful completion of this program, graduates will be able to

1. demonstrate knowledge of English content areas: literature, language, and composition;
2. demonstrate knowledge of U.S. history, European history, and selected aspects of non-Western history;
3. demonstrate their ability to communicate effectively in oral and written form;
4. demonstrate the ability to analyze texts, including primary and secondary sources, and to produce texts; and
5. execute a major research project using both primary and secondary sources.

The English & History/Teaching B. A. is designed for those who wish to pursue careers in secondary English and social studies teaching. Offered in cooperation with the ECU College of Education, the program includes secondary teaching certification in both English and social studies. Refer to the College of Education section of this catalog for teacher certification requirements associated with this degree program.

Upon completion of an English and History Teaching degree, graduates will:

1. Synthesize disciplinary content knowledge and methodologies from English and history to teach English and social studies in the secondary classroom (grades 8-12)
2. Qualify to apply for a Kentucky professional teaching license in secondary English and Social Studies

Exit Requirements

PRAXIS Examination

Students must register for and take the PRAXIS exam which correlates to their degree program, per College of Education requirements. The PRAXIS exam must be taken prior to student teaching.

**Total Hours 128**

**G**

Course also satisfies a General Education element. Hours are included within the 36 hours in General Education.

**PRAXIS Disclaimer:** Kentucky educator certification requirements are subject to change. Before registering for the test(s), please check the Education Professional Standards Board website at [www.epsb.ky.gov](http://www.epsb.ky.gov) (<http://www.epsb.ky.gov>) for current test requirements and current cut scores. You may also contact the Division of Educator Preparation, Assessment, and Internship at (502) 564-5789.

## English & Writing Professions, Bachelor of Arts (B.A.) and Master of Arts (M.A.) Accelerated 3+2 Dual Degree Program

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.A. degree and M.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

### Admission Requirements

Entrance requirements for the 3 +2 adhere to the requirements for the M.A. English Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the English BA degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below.

Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>)).

### English Program Special Admission Requirements

ENG 310 Introduction to English Studies and overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program.

### Teaching English as a Second Language Endorsement Admission Requirements

Please refer to the College of Education Endorsement section of the Catalog.

<b>Total Hours</b>	<b>120</b>
--------------------	------------

### G

Course also satisfies a General Education element. Hours are included within the 36 hours in General Education.

Candidates earning a degree that leads to teacher certification must take the PRAXIS Series (Professional Assessments for Beginning Teachers) and PLT (Principles of Learning and Teaching) exams as a requirement for graduation. Candidates are encouraged to review the schedule for PRAXIS and PLT registration deadlines prior to beginning the senior year ([www.ets.org/praxis](http://www.ets.org/praxis) (<http://www.ets.org/praxis/>)). Specialty exams are

required for each certification area sought and it may take more than one test date to complete all requirements. Candidates should confer with their education advisor/counselor to determine the optimal time to take required exams.

## English, Bachelor of Arts (B.A.)

Upon completion of an English degree, graduates will demonstrate a broad awareness of the scope of English Studies, while also gaining knowledge and competency in one of three sub-disciplines. Students focusing on literature will:

1. demonstrate a clear sense of the chronological and thematic development of British and American literature, familiarity with canonical writers and works of the age, and a more specialized knowledge in various genres, periods, authors, and literary trends;
2. be prepared for post-baccalaureate professional lives;
3. demonstrate the ability to think, speak, and write more effectively as literary critics.

Students focusing on creative writing will:

1. write a publishable work, critical or creative, and submit it through traditional means/e-submissions;
2. possess knowledge of appropriate writers, the history, pedagogies/theories/genres,
3. possess knowledge of and apply basic research methods in their works, creative or critical, as well as use these skills to research the literary/popular marketplace.

Students focusing on technical writing will:

1. produce various types of technical documents required in the workplace that reflect knowledge of audience, purpose, clarity, and precision;
2. demonstrate competence with hardware/software expected of technical/professional writers.

## Professional and Technical Writing, Departmental Certificate

The Certificate in Professional and Technical Writing (CPTW) is designed for two primary groups:

1. Current EKU students from a wide variety of majors (e.g., the Sciences, Engineering, the Humanities, etc.) who wish to improve their writing and communication skills and improve their job prospects.

2. Non degree-seeking business people from the region who want to improve their writing and communication skills and/or document those skills (in Certificate form) for present/future employers.

With an emphasis on improving their writing, students pursuing a CPTW will learn how to communicate effectively – using text, speech, visual design, and interactive theory – in several multimedia formats, for technical, professional, and general audiences in regional, national, and international contexts. Upon completion of the CPTW, students will have learned first how to effectively gather, organize, and analyze pertinent information for a professional project, and then how to compose, revise, and present the results to the intended audiences across all industries.

## Paralegal Program

The paralegal programs offer a Bachelor of Arts degree and Post-Baccalaureate Certificate in paralegal science and an associate of arts degree in paralegal studies. The objectives of the programs are:

1. Critical Reading/Thinking Skills: Students will read and understand legally-related readings to apply information from those readings to solve problems and complete tasks using metacognitive strategies.
2. Communication: Students will be able to communicate in writing about the law in a manner characterized by proper, clear, and concise grammar, accuracy of material; effective organization of material, and adequate substantiation of conclusions/recommendations.
3. Professional Competence: Students will be able to perform paralegal-level tasks competently for employers based upon the coursework the student completed in the Paralegal Program.

Paralegals are paraprofessionals who must work under the supervision of an attorney. The laws of Kentucky and other states prohibit paralegals from engaging in the practice of law or providing legal services directly to the public, except as permitted by law. Therefore, completion of a major, minor, or certificate in Paralegal Studies/Sciences does not entitle one to

practice law, provide legal services directly to the public, or render legal advice, except as provided by law.

## Paralegal Degree Requirements

Paralegal majors, minors, and certificates must attain a minimum grade of “C” in all major and supporting courses, a minimum grade of “C” must be earned in LAS 210 Introduction to Law before taking LAS 220 Legal Research and Writing I. A minimum grade of “C” must be earned in LAS 220 Legal Research and Writing I before being admitted to any of the other upper division requirements.

Paralegal majors, minors, and certificates must take a minimum of ten (10) semester credits of courses from Major/Minor requirements in a traditional in-person or ITV format. No courses taken in an online or web-based format can count toward this ten (10) semester credit requirement.

## Paralegal Transfer Students

Transfer students must take a minimum of 15 semester hours of paralegal (LAS) courses at EKU to earn a paralegal degree. Please see the EKU Paralegal Program website ([www.paralegal.eku.edu](http://www.paralegal.eku.edu) (<http://www.paralegal.eku.edu>)) or contact the Paralegal Program Director for more information on the transfer policy for paralegal specialty courses.

## Courses

### Legal Studies

#### **LGS 300. Introduction to Legal Studies. (3 Credits)**

A. Prerequisite: ENG 102, ENG 105, or HON 102. Examination of foundations and liberal arts perspectives of legal studies. Topics include comparative and historical introduction to forms, institutions, processes, and systems of law along with research methods for understanding questions of law and justice.

#### **LGS 305. Special Topics:\_\_\_\_. (3 Credits)**

A. Prerequisite: LGS 300. Exploration of topics not covered in the existing LGS curriculum. May be taken for a maximum of six hours provided that subject matter is different each time.

#### **LGS 306. Animals and the Law. (3 Credits)**

A. Formerly LAS 306. The study of topics that relate to the status of animals under the law. The course focuses upon cases, legislation, and cultural values toward animals world-wide. Credit will not be awarded to students who have credit for LAS 306.

#### **LGS 349. Applied Learning for Legal Studies. (0.5-8 Credits)**

A. Prerequisites: LGS 300. Work or volunteer in an area related to Legal Studies. A minimum of 80 hours employment required for each semester hour credit. No more than 3 hours may count toward LGS program.

#### **LGS 400. Legal Studies Senior Seminar. (3 Credits)**

A. Prerequisite: LGS 300 and at least six hours of LGS electives. Conduct research in an area related to Legal Studies, write a research paper, and present an oral presentation on research conducted. No more than 3 hours may count toward LGS program.

### Paralegal

#### **LAS 210. Introduction to Law. (3 Credits)**

I, II. General study of the purpose, function, and history of law; law-related occupations; court systems; case law analysis; professional ethics; the adversary system; and the major areas of law.

#### **LAS 220. Legal Research and Writing I. (3 Credits)**

I, II. Prerequisite: LAS 210 or director approval. The sources and techniques of legal research; their application to specific legal problems and the use of legal authority to construct a written legal argument.

#### **LAS 300. Legal Research and Writing II. (3 Credits)**

A. Prerequisite: LAS 220. The sources and techniques of advanced legal research and writing, the use of computer-assisted legal research methods and their application. Credit will not be awarded for both LAS 300 and LAS 300W.

#### **LAS 300W. Legal Research and Writing II. (3 Credits)**

A. Prerequisite: LAS 220. The sources and techniques of advanced legal research and writing, the use of computer-assisted legal research methods and their application. Credit will not be awarded for both LAS 300 and LAS 300W.

#### **LAS 305. Special Topics in the Law. (1-3 Credits)**

A. Prerequisite: director approval. A course offered periodically covering topics and issues of current or special interest concerning the law. May be retaken to a maximum of six hours provided topics vary.

#### **LAS 306. Animals & the Law. (3 Credits)**

A. The study of topics that relate to the status of animals under the law. The course focuses upon cases, legislation, and cultural values toward animals world-wide. Does not count toward paralegal requirements.

#### **LAS 325. Real Estate Practice. (3 Credits)**

I, II. Prerequisite: LAS 220. Paralegal practice and procedure for general law office; real estate transactions and documents, title searches, title insurance, loan closings, leases, wills, affidavits of descent, and foreclosures.

#### **LAS 330. Family Law Practice. (3 Credits)**

A. Prerequisite: LAS 220. Paralegal practice in family law including forms, documents, and procedures for: marriage, divorce, separation, annulment, alimony, legitimacy of children, custody, adoption, community property, and juvenile law. Credit will not be awarded for both LAS 330 and LAS 330S.

#### **LAS 340. Criminal Law Practice and Procedure. (3 Credits)**

A. Prerequisite: LAS 220 or director approval. An introduction to criminal law and procedure; criminal law forms and documents, and preparation for criminal litigation using the systems approach.

#### **LAS 350. Litigation: Complaint to Discovery. (3 Credits)**

A. Prerequisites: LAS 220 or director approval. Study of legal principles and paralegal practice in substantive civil law. Incorporates procedural aspects of the early stages of civil litigation including evidence and investigation, pleadings, and the discovery/disclosure process.

#### **LAS 355. Litigation: Complaint to Discovery. (3 Credits)**

I, II. Prerequisite: LAS 220 or Director Approval. Study of legal principles and paralegal practice in substantive civil law. Incorporates procedural aspects of the latter stages of civil litigation including settlement and ADR, trial preparation, trial, post-trial practice, and appeal.

#### **LAS 360. Wills, Trusts, Estates, & Elder Law. (3 Credits)**

I, II. Prerequisite: LAS 220 or director approval. Paralegal probate practice including initial steps, asset accumulation, debt management, court procedure, estate-related tax issues and forms. A systems approach will be emphasized.

#### **LAS 370. Corporations and Business Organization Practice. (3 Credits)**

A. Prerequisite: LAS 220. Documents, forms, and procedures essential to the corporate paralegal. Development of skills concerning business formations, incorporation, corporate finance, employees, corporate operation, securities, regulatory compliance, merger, acquisitions, sales and terminations.

#### **LAS 380. Administrative Agency Practice. (3 Credits)**

A. Prerequisite: LAS 220. Practical paralegal skill development in administrative law and procedure. Forms, documents, pleadings, and techniques for administrative regulatory compliance; case processing; informal and formal administrative advocacy, emphasizing the systems approach.

#### **LAS 385. Legal Administration and Computer Applications. (3 Credits)**

I, II. Prerequisites: LAS 220. The study of law office administration and the utilization of specific law office computer applications.

#### **LAS 399. Paralegal Internship. (4 Credits)**

I, II. Prerequisites: completion of 18 hours of major (LAS) courses including LAS 300 or director approval (prior written application is required).

#### **LAS 410. Paralegal Seminar. (3 Credits)**

A. Prerequisite: completion of 18 hours of major (LAS) courses or director approval. Professional ethics, analysis of the internship experience, transition to the law office and current issues facing the paralegal profession.

**LAS 460. Estate Planning & Procedure. (3 Credits)**

A. Prerequisite: LAS 360 or director approval. The study of law, forms, documents, and procedures essential to the paralegal involved in the drafting of wills, trusts, and estate plans. The systems approach will be emphasized.

**LAS 490. Independent Study of the Law. (1-3 Credits)**

A. Prerequisite: director approval. Individual research, skill development, and study in an area of law or paralegal practice. Student must have independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. May be retaken to a maximum of six hours.

**Political Science****POL 100. Principles of Politics and Government. (3 Credits)**

I, II. An introductory social science course focusing on the political and governmental aspects of societies. Does not count toward political science major requirements. Credit will not be awarded to students who have credit for POL 100S.Gen. Ed. VB, VC, or VII (SBS).

**POL 100S. Principles of Politics & Govt. (3 Credits)**

I, II. An introductory social science course focusing on the political and governmental aspects of societies, enhanced with a service-learning component. Does not count toward the political science major requirements. Credit will not be awarded to students who have credit for POL 100. Gen. Ed. VB, VC, or VII (SBS).

**POL 101. Introduction to American Government. (3 Credits)**

I, II. Principles, functions, and basic political institutions of the American system of government at the national level. Gen. Ed. VB, VC, or VII (SBS). [SB] E-5A, E-5B. Credit will not be awarded for both POL 101 and POL 101S.

**POL 101S. Intro to Amer Govt: Svc Lrng. (3 Credits)**

A. Principles, functions, and basic political institutions of the American system of government at the national level enhanced with a service-learning component. Credit will not be awarded to students who have credit for POL 101. Gen. Ed. VB, VC, or VII (SBS).

**POL 201. Short Topics in Political Science. (1-3 Credits)**

A. A maximum of three short topics offered during any semester. The student may take any or all topics. May be retaken to a maximum of six hours when topics vary.

**POL 212. Introduction to Comparative Politics. (3 Credits)**

I, II. A study of the purpose, concepts, and methods used in the cross-national study of politics and government with a focus on selected countries. Gen. Ed. VB or VC or VII (SBS). [SB] E-5A or E-5B.

**POL 220. Introduction to World Politics. (3 Credits)**

(3) I, II. The study of the political interactions of countries and organizations relating to politics, economics, the environment, technology, culture and society on a global level. Gen. Ed. VB, VC, or VII (SBS).

**POL 250. Introduction to Political Philosophy. (3 Credits)**

(3) I, II. Examination of Western political theory from the ancient Greeks to the contemporary era with a focus on selected philosophers. Gen. Ed. Elements 3B and 5B.

**POL 256. African American Pol Thought. (3 Credits)****POL 280. Research and Writing in Political Science. (3 Credits)**

A. Prerequisite: majors, minors, or departmental approval. Practical application of techniques and methods used in collection, analysis, and written presentation of political data. No more than 6 hours of POL courses numbered 300 or above may be taken prior to completing POL 280.

**POL 310. Latin American Governments. (3 Credits)**

A. A study of the political institutions and issues facing the people and governments of Latin America.

**POL 312. Politics in China. (3 Credits)**

A. Analysis of political development, organizational structure, and operation of Chinese political systems with particular emphasis on Chinese Communism, foreign policies, and contemporary problems in China.

**POL 314. Politics of South Asia. (3 Credits)**

A. Prerequisite: ENG 102, ENG 105(B), or HON 102. Studies and analyzes the political situations of South Asia. Course focuses on the politics of Afghanistan, Pakistan, and India; however, instructor may focus on additional countries or regions as well.

**POL 315. European Politics. (3 Credits)**

A. Examination of the politics and public policies of the European Union and selected European countries.

**POL 316. Politics in Russia. (3 Credits)**

A. Nature and development of Russia's political system since the end of the USSR and fall of communism; impact of the Soviet era; development of political parties and civil society; superpresidentialism; nationalism; federalism and ethnic politics.

**POL 318. Politics of the Middle East. (3 Credits)**

A. Prerequisite: ENG 102, ENG 105(B), or HON 102. Studies and analyzes the politics of the countries of the Middle East and North Africa, with a focus on historical legacies, contemporary challenges to political and economic development, and international affairs. Credit will not be awarded for both POL 318 and POL 410: Politics of the Middle East.

**POL 321. American Foreign Policy. (3 Credits)**

II. Prerequisite: three hours of POL or instructor approval. Analysis of the internal processes and external factors which affect U.S. foreign policy, with emphasis on the post-World War II period. Case studies in decision-making.

**POL 325. Global Security. (3 Credits)**

(3) I. Prerequisite: ENG 102, ENG 105(B) or HON 102. Analysis of major problems of global and human security, the role of military with emphasis on military-security policies of global import.

**POL 327. Internat Law & Organization. (3 Credits)**

A. Prerequisite: three hours of POL or instructor approval. Analysis of the development of the U.N.; functional and regional approaches to peace, security, economic cooperation, social welfare, and law in international relations.

**POL 331. Urban Politics. (3 Credits)**

A. Political processes of urban areas including comparisons of alternative structures of urban and other local government.

**POL 332. Kentucky Government and Politics. (3 Credits)**

I, II. An overview of the Kentucky political system: major institutions, processes and political leaders, with emphasis on recent events and developments.

**POL 333. American State and Local Government. (3 Credits)**

A. Study of the institutions and processes of government of the fifty states and of cities and counties.

**POL 340. Political Parties and Interest Groups. (3 Credits)**

(3) A. Prerequisite: ENG 102, ENG 105(B) or HON 102. An overview of the informal political institutions of American government; functions, organization, financing of political parties, interest groups and their relationship to democracy.

**POL 341. The U.S. Congress. (3 Credits)**

(3) A. Prerequisite: ENG 102, ENG 105(B), or HON 102. A systematic examination of the decision-making process in Congress.

**POL 342. The American Presidency. (3 Credits)**

(3) A. Prerequisite: ENG 101, ENG 105(B) or HON 102. An examination of the power and functions of the offices of the President. Recent developments affecting the American President will be emphasized.

**POL 343. Campaigns and Elections. (3 Credits)**

(3) A. Prerequisite: ENG 102, ENG 105(B) or HON 102. An examination of U.S. campaigns and elections including topics in campaign organization and planning, voting behavior, campaign finance and election laws for presidential, congressional and state/local campaigns.

**POL 345. Minority Group Politics. (3 Credits)**

A. Cross listed as AFA 345. Examination and comparison of various theories, strategies, forms of participation, leadership styles, and concepts (e.g., Black Power) of minority group politics. Credit will not be awarded to students who have credit for AFA 345. Gen. Ed. VIII.

**POL 346. Religion and Politics in the World. (3 Credits)**

A. Prerequisite: ENG 102, 105(B), or HON 102. Examines the relationship between religion and politics in the world from such different perspectives as public opinion, voting behavior, institutional structures, political economy, and/or policy-making.

**POL 347. Politics and Religion in the U.S.. (3 Credits)**

A. Interaction of government, politics, and religion in the U.S.: role of Supreme Court and Constitution in defining church-state separation and religious freedom; religious organizations as pressure groups; religion in electoral politics and foreign policy-making; religion and public schools.

**POL 349. Applied Learning in Political Science. (0.5-8 Credits)**

A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward this major. No more than three hours may count toward this minor.

**POL 349A. Cooperative Study: Political Science. (1-8 Credits)**

A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit. No more than six hours may count toward this major. No more than three hours may count toward this minor.

**POL 349B. Cooperative Study: Political Science. (1-8 Credits)**

Work in placements related to academic studies. No more than 6 hours can apply to major.

**POL 349C. Cooperative Study: Political Science. (1-8 Credits)**

Work in placements related to academic studies. No more than 6 hours can apply to major.

**POL 349D. Cooperative Study: Political Science. (1-8 Credits)**

Work in placements related to academic studies. No more than 6 hours can apply to major.

**POL 349E. Cooperative Study: Political Science. (1-8 Credits)**

Work in placements related to academic studies. No more than 6 hours can apply to major.

**POL 349F. Cooperative Study: Political Science. (1-8 Credits)**

Work in placements related to academic studies. No more than 6 hours can apply to major.

**POL 349G. Cooperative Study: Political Science. (1-8 Credits)**

Work in placements related to academic studies. No more than 6 hours can apply to major.

**POL 349H. Cooperative Study: Political Science. (1-8 Credits)**

Work in placements related to academic studies. No more than 6 hours can apply to major.

**POL 356. African American Political Thought. (3 Credits)**

(3) A. Cross-Listed with AFA 356. Pre-requisite: ENG 102, 105 (B) or HON 102. Examination of political ideas espoused by African Americans activists from the nineteenth century to the present. Credit will not be awarded to students who have credit for AFA 256. Gen. Ed. E-6.

**POL 357. American Political Thought. (3 Credits)**

A. Study of the political philosophy and values that have shaped the American political system. Emphasis given to problems in democratic theory and to competing ideologies within the American political system.

**POL 360. Judicial Process. (3 Credits)**

A. Study of legal and judicial systems in the United States and their role in the American political process.

**POL 370. Introduction to Public Administration. (3 Credits)**

A. Survey of organization, authority, decision-making, intra-organization communications, and application of principles of the American bureaucracy by case studies.

**POL 373. Politics of Development in Appalachia. (3 Credits)**

A. Cross listed as APP 373. Prerequisite: ENG 102, 105 (B), or HON 102 This course examines community and economic development in the Appalachian region with special emphasis on Kentucky. Focus will be on the political, economic and social aspects affecting development. Credit will not be awarded to students who have credit for APP 373. Gen. Ed. E-6.

**POL 374. Introduction to Public Policy. (3 Credits)**

A. Introduction to the role of federal, state, and local governments in the formulation, implementation, and evaluation of public policies. Examples of policy decisions which might be covered include, energy, housing, environmental quality, and social services.

**POL 376. Public Human Resources. (3 Credits)**

A. Policies and practices for human resources management in public services. Civil Service systems and reforms, diversity and affirmative action, managing, compensating, and motivating employees.

**POL 377. Public Budgeting. (3 Credits)**

A. The political consideration of budget formulation, budget strategy, and budget execution. An analysis of the role of taxes, spending, program evaluation, and planning in the budgeting process at the federal, state, and local levels.

**POL 400. Capstone Course in Political Science. (3 Credits)**

I, II. Prerequisites: POL 101, POL 212, POL 220, POL 250, and POL 280; ENG 102 or ENG 105(B) or HON 102. Culminating, integrative course for political science majors. Requires advanced analysis integrating subfields of the discipline. Students will complete a major paper assignment, writing in stages with instructor feedback and revisions.

**POL 400W. Capstone Course in Political Science. (3 Credits)**

I, II. Prerequisites: POL 101, POL 212, POL 220, POL 250, and POL 280; ENG 102 or ENG 105(B) or HON 102. Culminating, integrative course for political science majors. Requires advanced analysis integrating subfields of the discipline. Students will complete a major paper assignment, writing in stages with instructor feedback and revisions. Credit will not be awarded to students for both POL 400 and 400W.

**POL 405. Special Topics in Political Science. (3 Credits)**

A. Exploration of a particular topic; theorist, institution, process, policy, writings, or their combinations. Prerequisites set by the department. May be retaken to a maximum of six hours provided subject matter is different each time.

**POL 412. Politics of Mexico. (3 Credits)**

A. Prerequisite: ENG 102, ENG 105(B), or HON 102. Study of the politics of Mexico, with a focus on historical legacies, contemporary challenges to political and economic development, and key issues in U.S.-Mexico relations. Credit will not be awarded for both POL 412 and POL 410: Politics of Mexico.

**POL 415. Terrorism and Political Violence. (3 Credits)**

A. Examines terrorism and political violence as causes and consequences of cultural, social and political change.

**POL 421. The U.S. and Latin America. (3 Credits)**

A. Examines U.S. foreign policy in Latin America and the Caribbean; Latin American foreign policies; key hemispheric issues such as the war on drugs, immigration, foreign aid, and trade.

**POL 440. Public Opinion & Voting Behavior. (3 Credits)**

(3) A. Prerequisite: ENG 102, ENG 105(B) or HON 102. Survey of recent literature in the field of voting behavior in the U.S. Topics include public opinion, polling, participation, and campaign behavior. Attention paid to methodologies and techniques.

**POL 446. The Politics of Sex. (3 Credits)**

A. Cross listed as WGS 446. The effect of sex on social and political institutions, public policies, and court rulings. Issues may include pornography, sexual and gender discrimination, domestic violence, reproductive rights and gay rights. Credit will not be awarded to students who have credit for WGS 446. Gen. Ed. VIII.

**POL 451. Principles and Politics of Human Rights. (3 Credits)**

A. Cross listed as WGS 451. Examines politics of human rights in theory and in practice. Credit will not be awarded to students who have credit for WGS 451.

**POL 460. Law and Society. (3 Credits)**

A. Sources, nature, function, and limits of law as an instrument of social and political control and direction. Examples taken from property, torts, contracts, criminal law, and selected areas of public policy.

**POL 463. Constitutional Politics. (3 Credits)**

A. An examination of constitutional problems in American government. Emphasis is given to cases in their legal and political context.

**POL 464. Law and Politics of Civil Liberties. (3 Credits)**

A. An examination of historic and contemporary problems of civil liberties. Emphasis is given to cases in their legal and political context.

**POL 466A. Mock Trial. (2 Credits)**

I. Prerequisite: departmental approval.. Preparation of Mock Trial Competitions. Students will develop cases for presentation including preparing opening and closing arguments, introducing testimonial, physical and demonstrative evidence, and conducting direct and cross examination of witnesses. May be retaken to a maximum of 8 hours, only 2 of which may be counted toward the political science major and only 1 may be counted toward the political science minor.

**POL 466B. Mock Trial II. (2 Credits)**

II. Prerequisite: POL 466A and departmental approval. Preparation of Mock Trial Competitions. Students will develop cases for presentation including opening and closing arguments, introducing testimonial, physical, and demonstrative evidence, and conducting direct and cross examination of witnesses. May be retaken to a maximum of 8 hours, only 4 of which may be counted toward the political science major and only 2 may be counted toward the political science minor.

**POL 490. Independent Work in Political Science. (1-3 Credits)**

A. Individual research and/or reading on a problem or area in political science. Regular reports and final research paper required. May be retaken to a maximum of six hours. Students must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

**POL 495. Practicum in Political Science. (1-3 Credits)**

A. Supervised field study program. May be retaken to a maximum of six hours, provided subject matter differs each time. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

**POL 495A. Practicum in Amer Pol Process. (1-3 Credits)**

A.

**POL 495B. Practicum Comp Pol & Intl Rel. (1-3 Credits)**

A.

**POL 496A. Washington Internship. (1-12 Credits)**

A. Prerequisite: junior or senior standing with 2.5 GPA. Supervised internship with government or private agencies in Washington, D.C. Open by application to those students who fulfill the prerequisite.

**POL 496B. Washington Seminar. (3 Credits)**

A. Corequisite: POL 496A. Seminar on selected topics in national government.

**POL 496C. Washington Forum. (3 Credits)**

A. Corequisite: POL 496A and POL 496B. Seminar on selected topics in national government.

**POL 497. Kentucky Administration Intern Program. (18 Credits)**

A. Prerequisites: junior or senior standing with a cumulative GPA of 2.6 or better (on a 4.0 scale). Enrollment is by invitation only and limited to a maximum of 18 hours.

**POL 498. Kentucky Legislative Internship Program. (3 Credits)**

A. Prerequisites: junior or senior standing with a cumulative GPA of 2.8 or better (on a 4.0 scale) and a definite interest in the legislative process in the Commonwealth. Enrollment is by invitation only and limited to a maximum of 15 hours by registering for POL 408A and 408B.

**POL 498A. Legislative Internship. (3-9 Credits)**

A. Each intern's performance in his or her legislative assignment will be evaluated by the immediate supervisor in consultation with the campus coordinator. May be retaken to a maximum of nine hours.

**POL 498B. Selected Topics in Kentucky Legislative Process. (3-9 Credits)**

A. Seminar on various topics on the legislative process in the Commonwealth which support and constitute an essential part of the Kentucky Legislative Internship Program. May be retaken to a maximum of nine hours.

**POL 498C. Legislative Forum. (3 Credits)**

A. Corequisite: POL 498A and POL 498B. Seminar on selected topics in state government.

**POL 533. Seminar In State and Local Politics. (3 Credits)**

A. A topical analysis of the institutions, policies, and administration of American state and local government. May be retaken to a total of six hours credit, provided subject matter differs each time.

**POL 541. Politics and Education. (3 Credits)**

A. An examination of the way political decisions and policies are made in the field of education. Special attention is given to educational decision makers and political power at the local level.

**POL 551. Classical Political Theory. (3 Credits)**

A. Cross-listed as PHI 551. Examination of Western political thought from Plato to Aquinas. Credit will not be awarded to students who have credit for PHI 551, PHI 551W or POL 551W.

**POL 552. Modern Political Theory. (3 Credits)**

A. Cross-listed as PHI 552. Examination of Western political theory from the Renaissance to the mid-twentieth century. Credit will not be awarded to students who have credit for PHI 552, PHI 552W or POL 552W.

**POL 552W. Modern Political Theory. (3 Credits)**

A. Cross-Listed as PHI 552W. Prerequisites: ENG 102 or ENG 105 (B), or HON 102. Examination of Western political theory from the Renaissance to mid-twentieth century. Credit will not be awarded to students who have credit for PHI 552, PHI 552W, or POL 552.

**POL 553. Contemporary Political Theory. (3 Credits)**

A. Cross-listed as PHI 553. Examination of Western political thought from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for PHI 553, PHI 553W or POL 553W.

**POL 553W. Contemp Political Theory: W. (3 Credits)**

A. Cross-listed as PHI 553W. Prerequisites: ENG 102, or ENG 105 (B), or HON 102. Examination of Western political thought from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for PHI 553, PHI 553W or POL 553.

**POL 565. Administrative Law. (3 Credits)**

A. Nature of the powers vested in administrative agencies; the problems of administrative procedure; and the methods and extent of judicial control over administrative action.

## Globalization and International Affairs, Bachelor of Arts (B.A.)

The intent of the Globalization and International Affairs (GLO) major is to create an interdisciplinary major that focuses on the nature of globalization and its impacts on individuals, communities, regions, and nations, and to assist in broadening the international horizons of EKU students. The program will graduate culturally aware students who are comfortable in a variety of international public-sector, private-sector, and non-profit positions. GLO students will possess an enhanced awareness of worldwide economic and political events and will be able to assess their impacts on international affairs. Upon completion of the GLO degree, graduates will be able to:

1. analyze cultural, economic, geographical, historical, political and social forces affecting globalization,
2. identify factors which impede or encourage globalization,
3. evaluate the impacts of increasing globalization on individuals, communities, regions, and nations,
4. integrate globalization ideas and concepts from the various disciplines into a unified whole, and
5. compete well for international positions or for domestic positions requiring international expertise.

## Legal Studies, Minor

The Legal Studies Minor is an interdisciplinary program with a liberal arts focus that provides students with the opportunity to study the

law, legal ideas/concepts, and legal systems/processes from a variety of perspectives. The minor is designed to provide a broad conceptual framework to explore legal studies and complement a chosen major of study. While the minor may be appropriate for those considering attending law schools, it is not a “pre-law” program and does not provide legal or paralegal training.

## Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
<i>Core Courses</i>		
LGS 300	Introduction to Legal Studies <sup>1</sup>	3
<i>Electives</i>		
Choose from 12 hours of the following: <sup>2</sup>		12

LAS 355	Litigation: Complaint to Discovery	3
LAS 410	Paralegal Seminar	3
<b>Total Hours</b>		<b>18</b>

## Political Science, Bachelor of Arts (B.A.)

Political Science is the study of power, conflict, and war, and of the human endeavor to maintain peace, order, and cooperation, and of the principles and ethics that guide that effort. It is the study of governments, in the United States and in other countries, and of the making and carrying out of laws and policies, by Presidents and governors, legislatures, courts, and the administrative agencies and civil service they oversee, and of the media and journalists who observe them and inform us of their actions. It is the study of cities and counties, and of their efforts to maintain and develop communities, politically, socially, and economically. It is the study of public agencies and services, and the special ways they must be organized and managed. It is the study of human values and beliefs, how they are formed and expressed in the public arena, in voting and elections, in political parties, and in the activities of organized interests, both self-seeking and public-spirited. The ancient Greek philosopher, Aristotle, said that politics is "the master science" because it influences how all other knowledge is used in society.

The objective of the political science program is to develop graduates who understand political institutions and behavior, and who in the process become able writers, speakers, thinkers, and informed students of human conflict, organization, and governance. With such knowledge and skills, graduates are well prepared for a variety of careers. Professions to which such abilities are obviously relevant include public service in government and non-profit service agencies, law, education, journalism, and military command. But political science graduates have succeeded as well in careers in a variety of different areas of business, including banking, investment management, extractive and manufacturing industries, insurance, and sales. And political science is a natural minor to accompany other majors in which such knowledge and skills are important, including social work, public health and health administration, parks and recreation, business management, and all the other social sciences.

## Political Science, Bachelor of Arts (B.A.) & Master of Public Administration (M.P.A.) Accelerated 3 + 2 Dual Degree Program

Students accepted to the 3+2 Accelerated Dual Degree Program are able to complete their B.A. degree and M.P.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.P.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

### Admission Requirements

Students interested in this option must satisfy all of the following conditions:

1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program

3. Approval from department and Graduate School (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>))
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

Entrance requirements for the 3+2 adhere to the requirements for the M.P.A. Public Administration Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their BA requirements. Students admitted into the 3+2 program must complete the Political Science BA degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below.

Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>)).

## Political Science, Minor

### Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
POL 101	Introduction to American Government	3
Choose from 15 hours of which nine hours must be in courses numbered 300 or above <sup>1</sup>		15
<b>Total Hours</b>		<b>18</b>

<sup>1</sup>

No more than three hours of POL 349 Applied Learning in Political Science may count toward the minor.

### Pre-Law, Minor

A broadly-based liberal education will best prepare one to study law, and therefore no fixed pre-law curriculum is prescribed. Admission to an accredited law school is dependent upon a good undergraduate record with an earned baccalaureate degree and a competitive score on the Law School Admission Test.

Students interested in going to law school or exploring the possibility of doing so should make an appointment with the Pre-Law Advisor as early in their academic career as possible. The Pre-Law Advisor can guide the student in selecting courses that will help prepare the student for law school, plus provide valuable information on law schools, the Law School Admission Test, and typical admission procedures.

The Pre-Law Minor is an interdisciplinary program specifically designed for students considering law school and a career as an attorney after graduation. It is designed to supplement a student's chosen major(s) by providing a strong foundation in basic legal concepts as well as legal research and writing. The minor incorporates course work from several disciplines related to law to develop students' advocacy and interpersonal skills and introduce them to legal concepts in specific areas of legal practice.

While law schools do not require any particular undergraduate course of study before applying, the Pre-Law Minor encourages and enables students to make a more informed decision on whether they wish to attend law school and pursue a career as an attorney.

Course substitutions may be approved by the Chair of the Department of Government.

## Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
LAS 210	Introduction to Law	3
LAS 220	Legal Research and Writing I	3
Choose from 12 hours of the following, with a maximum of nine hours from any one prefix:		12

### Faculty

O. Anyanwu, M. Austin, T. Blackburn, D. Blaylock, J. Bowes, C. Dupont, T. Gooch, M. Groppo, T. Hartch, J. Jay, J. Lynn, L. Newhart, S. Parchment, M. Pianalto, T. Smit, J. Spock, C. Stearn, R. Weise, B. Wood, A. Velez, and M. Yazdani.

### Bachelor's

- History, Bachelor of Arts (B.A.) (p. 327)
- History/Teaching, Bachelor of Arts (B.A.) (p. 330)
- Philosophy, Bachelor of Arts (B.A.) (p. 331)

### Accelerated

- History, Bachelor of Arts (B.A.) & Master of Arts (M.A.) Accelerated 3 + 2 Dual Degree Program (p. 328)

### Minors

- African and African American Studies, Minor (p. 325)
- Applied Ethics, Minor (p. 325)
- Asian Studies, Minor (p. 326)
- History, Minor (p. 330)

- Philosophy, Minor (p. 332)
- Religious Studies, Minor (p. 332)

## Certificates

- African and African American Studies, University Certificate (p. 325)
- Asian Studies, Departmental Certificate (p. 326)

## Courses

### African and African American Studies

#### AFA 200. Exploring Africa Through Play. (3 Credits)

I, II. Prerequisite: ENG 102 or ENG 105(B) or HON 102. Cross-listed as EMS 200. An exploration of the diversity of Sub-Saharan Africa through an immersion in pre-Colonial children's songs and games. The course aims at developing a deeper understanding and sensitivity to cultural diversity in Africa. Credit will not be awarded for both EMS 200 and AFA200. Gen. Ed. E-6.

#### AFA 201. The African Experience. (3 Credits)

A. Introduces students to the historical, socio-economic, cultural, and political experiences of African people in Africa and the Diaspora. It fulfills a core requirement for African/African-American Studies. Credit will not be awarded to students who have credit for AFA 201W. Gen. Ed. Element 3B and Element 6.

#### AFA 201W. The African Experience. (3 Credits)

A. Prerequisite: ENG 102, or ENG 105(B), or HON102(B). Introduces students to the historical, socio-economic, cultural, and political experiences of African people in Africa and the Diaspora. It fulfills a core requirement for African/African-American Studies. Credit will not be awarded to students who have credit for AFA 201. Gen. Ed. Element 3B and Element 6.

#### AFA 202. The African American Experience. (3 Credits)

A. An overview of the historical, social, political, economic, and cultural factors that have helped shape the experiences of African Americans in the United States. It fulfills a core requirement for African and African American Studies. Credit will not be awarded for both AFA202 and AFA202W. Gen. Ed. VII (SBS) and VIII.

#### AFA 225. African/African-American Health Issues. (3 Credits)

A. Cross listed as EHS 225. Provides the student with an understanding of the medical and public health issues relevant to the maintenance of health conditions both in the United States and Africa. Credit will not be awarded to students who have credit for EHS 225.

#### AFA 247. AFA Special Topics: \_\_\_\_\_. (3 Credits)

A. Specialized study of selected topics not available in traditional course offerings. Course designed for lower-division students. May be retaken with different topics to a maximum of six hours.

#### AFA 304. Slavery in the Americas. (3 Credits)

A. Cross listed as HIS 304. Prerequisite: ENG 102, 102R, 105 (B), or HON 102. The history of slavery, bound labor, and freedom in the Western Hemisphere. Special attention will be given to anti-slavery and abolitionist movements. Credit will not be awarded to students who have credit for HIS 304.

#### AFA 305. African American History. (3 Credits)

A. Course cross listed with HIS 305. Prerequisite: ENG 102, 102R, 105 (B), or HON 102. African history to 1500; Europe, Africa, and the Americas; trans-Atlantic and domestic slave trades; American slavery: emancipation; post-emancipation experiences and initiatives; persistence of black nationalism. Credit will not be awarded to students who have credit for HIS 305.

#### AFA 330. U.S. South and Black Education. (3 Credits)

A. Cross listed as EDF 330. This course introduces the major themes of Black populations educational opportunities in Southern States in the U.S. Students will acquire knowledge about historical events, people and policies shaping the evolution of Blacks in education. Credit will not be awarded to students who have credit for EDF 330. Gen. Ed. VIII.

#### AFA 345. Minority Group Politics. (3 Credits)

A. Cross listed as POL 345. Examination and comparison of various theories, strategies, forms of participation, leadership styles, and concepts (e.g. Black Power) of minority group politics. Credit will not be awarded to students who have credit for POL 345. Gen Ed. VIII.

#### AFA 347. Special Topics in AFA Studies. (3 Credits)

A. Specialized study of selected topics not available in traditional course offerings. May be retaken with different topics to a maximum of six hours.

#### AFA 349. Applied Learning in AFA Studies. (0.5-3 Credits)

A. Work in a cooperative placement related to student's academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

#### AFA 349A. Cooperative Study: AFA Studies. (0.5-3 Credits)

A. Work in a cooperative placement related to student's academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

#### AFA 349B. Cooperative Study: AFA Studies. (0.5-3 Credits)

A. Work in a cooperative placement related to student's academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

#### AFA 349C. Cooperative Study: AFA Studies. (0.5-3 Credits)

A. Work in a cooperative placement related to student's academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

#### AFA 349D. Cooperative Study: AFA Studies. (0.5-3 Credits)

A. Work in a cooperative placement related to student's academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

#### AFA 349E. Cooperative Study: AFA Studies. (0.5-3 Credits)

A. Work in a cooperative placement related to student's academic studies. May earn a maximum of three hours. A minimum of 80 hours work required for each semester hour credit.

#### AFA 356. African American Political Thought. (3 Credits)

A. Cross-listed as POL 356. Prerequisite: ENG 102(B) or ENG 105(B) or HON 105(B). Examination of political ideas espoused by African American activists from the nineteenth century to the present. Credit will not be awarded to students who have credit for POL 356. Gen. Ed. E-6.

#### AFA 360. Literatures of Africa. (3 Credits)

A. Cross listed as ENG 360. Prerequisite: ENG 102 or ENG 105 (B) or HON 102. Survey of the genres and components of African literature, oral and written; study of how key concepts in African thought, culture and experiences are reflected in the literatures composed by writers from Africa or of African origins. Credit will not be awarded to students who have credit for ENG 360. Gen. Ed. Element 6.

#### AFA 361. African American Literature. (3 Credits)

A. Prerequisite ENG 102 or 102R or 105(B) or HON 102. Cross listed as ENG 361. Survey of selected works of African American literary traditions. Credit will not be awarded to students who have credit for ENG 361. Gen. Ed. Element 6.

**AFA 367. African Caribbean Literatures. (3 Credits)**

A. Cross listed as ENG 367. Prerequisites: ENG 102 or ENG 102R or ENG 105 (B) or HON 102. A study of selected literatures written by Caribbean writers of African descent. Credit will not be awarded for both AFA 367 and ENG 367.

**AFA 372S. Blacks in Madison County. (3 Credits)**

A. Through a service-learning approach this course provides an opportunity for students to research the historical people, institutions, and cultural factors that helped shape the experience of African-Americans in Madison County, Kentucky.

**AFA 378. Black Women in History. (3 Credits)**

A. Cross listed as WGS 378. Examines the lives of African-American women from slavery to the present with emphasis on the impact of race, gender, and class issues on their multi-faceted lives as women in America. Credit will not be awarded to students who have credit for WGS 378.

**AFA 385. Early African History. (3 Credits)**

A. Cross listed as HIS 385. Prerequisite: ENG 102, 105 (B) or HON 102. History of Africa from earliest times to 1860. Emphasis on social, political, economic, and cultural change in states and societies; oral tradition; the environmental and human activities; slavery and the slave trades. Credit will not be awarded to students who have credit for HIS 385.

**AFA 386. Modern African History. (3 Credits)**

A. Cross listed as HIS 386. ENG 102, 105 (B) or HON 102. History of Africa from the 19th century to the present. Themes include: trade and politics; European conquest and African resistance; rural survival and urban popular culture; race, class, gender, ethnicity, and age; African nationalism and independence. Credit will not be awarded to students who have credit for HIS 386.

**AFA 388. Islam in West Africa. (3 Credits)**

A. Cross listed as HIS 388. History of Islam and politics in West Africa from 1000 C.E. to the present. Emphasis on the role of Islam in major socioeconomic, political, and cultural transformations of West African states and societies. Credit will not be awarded to students who have credit for HIS 388.

**AFA 400. Race and Ethnicity. (3 Credits)**

A. Cross-listed as SOC 400. Prerequisites: SOC 131 or SOC 235; ENG 102 or ENG 102R or ENG 105(B) or HON 102. Analysis of the development of racial and ethnic relations from the perspective of sociology and related social sciences. Examination of issues related to dominant and minority group status in the United States and cross-culturally. Gen. Ed. E-6. Credit will not be awarded for both AFA 400 and SOC 400.

**AFA 435. U.S. Civil Rights Movement. (3 Credits)**

A. Cross listed as HIS 435. Prerequisites: Prerequisite: ENG 102, 102R, 105 (B), or HON 102; three hours AFA or departmental approval. Examination through primary and secondary sources of the origins, course, ideologies, and legacy of the mid-twentieth century American movement for racial justice and equality. Discussion of the central scholarly issues in civil rights studies. Credit will not be awarded to students who have credit for HIS 435.

**AFA 495. Independent Study. (3 Credits)**

A. Prerequisites: AFA 201, AFA 202, and departmental approval. Individual study and/or research on a problem/topic pertaining to African, African American and/or African Caribbean experience. Student must have the independent study proposal form approved by the faculty supervisor and the program director prior to enrollment.

**AFA 510. African Textile Design. (3 Credits)**

(3) A. Prerequisite: AFA 201 or AFA 202 or Departmental Approval. This course investigates the symbolism of textile design in Africa, as it examines the developments in contemporary textile art within Africa and in the African Diaspora.

**History****HIS 098. Intro to World Civilizations. (3 Credits)**

A. A course to meet the PCC deficiency in Social Sciences. This course will emphasize the way in which history is researched and written and will foster an understanding of how other related disciplines assist in historical analysis. This course does not count toward graduation.

**HIS 100. World Topics to 1500:\_\_\_\_. (3 Credits)**

(3) A. Introductory exploration of a broad regional or thematic topic in world history prior to 1500. Credit will not be awarded to students who have credit for HIS 231 or 246. Limit to three credit hours. Gen. Ed. A-5A.

**HIS 101. World Topics Since 1500:\_\_\_\_. (3 Credits)**

(3) A. Introductory exploration of a broad regional or thematic topic in world history since 1500. Credit will not be awarded to students who have credit for HIS 147, 232, or 247. Limited to three credit hours. Gen. Ed. E-5A.

**HIS 102. American Civilization to 1877. (3 Credits)**

(3) A. Formerly: HIS 202. Transition from colonial to independent republic; social, cultural, and economic institutions derived from agrarian conditions; the influence of European foundations. Required of all majors and minors in history. Credit will not be awarded to students who have credit for HIS 202. Gen. Ed. E-5A.

**HIS 103. American Civilization Since 1877. (3 Credits)**

(3) A. Formerly: HIS 203. Conflicts between demands of an industrial society and agrarian values; interrelationships between world expressions and American experience. Required of all majors and minors in history. Credit will not be awarded to students who have credit for HIS 203. Gen-Ed E-5A.

**HIS 204W. Historical Inquiry:\_\_\_\_. (3 Credits)**

A. Prerequisites: ENG 102 or ENG 105 (B) or HON 102 (B). Introductory exploration of a particular historical problem or theme. Satisfies university's sophomore writing-intensive requirement. Gen Ed VA, VC or VII (SBS).

**HIS 205. The Marginalized in History:\_\_\_\_. (3 Credits)**

(3). A. Introductory exploration of the experiences of specific historically marginalized groups or cultures. May be repeated up to 6 hours as long as content varies. Gen. Ed. Element 6.

**HIS 290. Historical Research and Methods. (3 Credits)**

I, II. HIS majors only. A comprehensive introduction to historical research, writing, and methodologies. Credit not awarded for HIS 201.

**HIS 299. Research in History & English. (3 Credits)**

A. Prerequisites: ENG 102 or 102R or 105 (B) or HON 102. Cross listed with ENG 299W. Collaboration focusing on disciplinary research methodology and recognizing disciplinary differences in approach by exploring a particular theme from various perspectives. Information literacy, reflection, research, and writing emphasized. This course will not be accepted for History or English non-teaching or teaching major requirements. May be retaken for a maximum of 6 credits, provided the topic differs each time. Credit will not be awarded for both ENG 299W or HIS 299W and HIS 299.

**HIS 300A. Topics in U.S. History:\_\_\_ (3 Credits)**

A. Movements in U.S. history that have influenced and continue to influence the course of American culture and civilization. May be retaken to a maximum of six hours provided topics vary.

**HIS 300B. Topics in European History. (3 Credits)**

A. Movements in European history that have influenced and continue to influence the course of European culture and civilization. May be retaken to a maximum of six hours provided topics vary.

**HIS 300C. Topics in Non-Western History:\_\_\_ (3 Credits)**

A. Movements in non-Western history that have influenced and continue to influence the course of non-Western cultures and civilization. May be retaken to a maximum of six hours provided topics vary.

**HIS 302A. Research Topics in History:\_\_\_ (3 Credits)**

I, II. Prerequisite or Corequisite: HIS majors only, HIS 290, and ENG 102, 105(B), or HON 102. Historical research and methodologies using case studies of specific movements in U.S. history that have influenced and continue to influence the course of cultures and civilizations. Formerly HIS 302.

**HIS 302B. Research Topics in History:\_\_\_ (3 Credits)**

I, II. Prerequisite: HIS majors only, HIS 290, and ENG 102, 105(B) or HON 102. Historical research and methodologies using case studies of specific movements in European history that have influenced and continue to influence the course of cultures and civilizations. Formerly HIS 302.

**HIS 302C. Research Topics in History:\_\_\_ (3 Credits)**

I, II. Prerequisite or Corequisite: HIS majors only, HIS 290, and ENG 102, ENG 105(B), or HON 102. Historical research and methodologies using case studies of specific movements in Non-Western history that have influenced and continue to influence the course of cultures and civilizations. Formerly HIS 302.

**HIS 303. Women in American History. (3 Credits)**

A. Cross listed as WGS 303. Prerequisite: ENG 102, 102R, 105 (B), or HON 102; three hours HIS or department approval. Social, economic, and cultural role of women in America. Women's work; social position and status; women in reform movements; feminism and the suffrage movements; the new feminism. Credit will not be awarded to students who have credit for WGS 303.

**HIS 304. Slavery in the Americas. (3 Credits)**

A. Cross listed as AFA 304. Prerequisite: ENG 102, 102R, 105 (B), or HON 102; three hours HIS or departmental approval. The history of slavery, bound labor, and freedom in the Western Hemisphere. Special attention will be given to anti-slavery and abolitionist movements. Credit will not be awarded to students who have credit for AFA 304.

**HIS 305. African-American History. (3 Credits)**

A. Cross listed as AFA 305. Prerequisite: ENG 102, 102R, 105 (B), or HON 102; three hours HIS or department approval. African history to 1500; Europe, Africa, and the Americas; trans-Atlantic and domestic slave trades; American slavery; emancipation; post-emancipation experiences and initiatives; persistence of black nationalism. Credit will not be awarded to students who have credit for AFA 305.

**HIS 307. Religion in American History. (3 Credits)**

(3) A. Prerequisite: ENG 102, ENG 105 (B), or HON 102. Examination of the impact of religious issues upon American history, including units on such questions as church-state relations and the role of religion in American perspectives on culture, ethnicity, gender, and social and economic change. Credit will not be awarded for both HIS 307 and HIS 300A: Religion in American History.

**HIS 308. Native Americans to 1830. (3 Credits)**

A. Prerequisite: ENG 102, 105 (B), or HON 102. Native American history from pre-contact to the Indian Removal Act of 1830. Emphasis placed on the nature and impact of encounters with Europeans.

**HIS 309. Native Americans since 1830. (3 Credits)**

A. Prerequisite: ENG 102, ENG 105 (B), HON 102. Native American history from the Indian Removal Era to the present. Emphasis placed on both native perspectives and federal policies.

**HIS 310. History of Science. (3 Credits)**

A. Prerequisite: ENG 102, 102R, 105 (B), or HON 102. The development of scientific concepts through the ages, contribution of science to civilization, philosophy of science, and biographical sketches.

**HIS 312. Independent Study in History. (3 Credits)**

A. Individual research and/or reading on a problem area in history. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**HIS 312A. Independent Study in History:\_\_\_ (3 Credits)**

A. Individual research and/or reading on a problem area in U.S. history. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**HIS 312B. Independent Study in History:\_\_\_ (3 Credits)**

A. Individual research and/or reading on a problem area in European history. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**HIS 312C. Independent Study in History:\_\_\_ (3 Credits)**

A. individual research and/or reading on a problem area in Non-Western history. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**HIS 319. Topics in 20th Century U.S. History:\_\_\_ (3 Credits)**

(3). A. Prerequisite: ENG 102, 105 (B), or HON 102. Important issues and events in the history of the United States during the Twentieth Century. May be retaken to a maximum of six hours provided topics vary.

**HIS 321. Islamic Societies to 1800. (3 Credits)**

Prerequisite: ENG 102, 105 (B), or HON 102. Islamic societies in the Middle East, Central and Southern Asia, North Africa, and Spain from seventh to eighteenth century. Origins and spread of Islamic civilization. Spiritual foundations, institutions, politics, and art. Florescence of "gunpowder empires."

**HIS 322. History of the Modern Middle East. (3 Credits)**

A. Prerequisite: ENG 102, ENG 105 (B), HON 102. Study of the history of the modern Middle East from the close of the 18th century to the present, with emphasis on the religious, social, cultural, and political dimensions of societies in the region.

**HIS 324. Iran- State, Religion & Society. (3 Credits)**

A. Prerequisite: ENG 102, 105(B), or HON 102. Iran from ancient to contemporary times with the emphasis on the modern period, with particular attention to politics, religion, and culture. Zoroastrianism, Islam, Tobacco Revolt, Constitutional Revolution, the Pahlavis and the 1953 coup, Islamic Revolution.

**HIS 331. Topics in Ancient Egypt/Near Eastern History:\_\_\_\_. (3 Credits)**  
(3). A. Prerequisite: ENG 102, 105 (B), or HON 102. Important issues and events in the history of Ancient Egypt or the Near East (including Iraq, Iran, Turkey, and Israel) from the earliest human activity to the Greco-Roman Period. May be retaken to a maximum of six hours provided topics vary.

**HIS 336. Greco-Roman Civilization. (3 Credits)**

A. Prerequisite: ENG 102, 105 (B), or HON 102. Greek society and culture; emergence of the Roman Republic; the Roman Empire.

**HIS 339. The Dark Ages Illuminated. (3 Credits)**

A. Prerequisite: ENG 102, 105 (B), or HON 102. The collapse of the Classical world; the Germanic migrations; early Byzantine and Islamic civilizations; the Carolingians; the church and society; feudalism; commercial and urban revival; the rise of territorial states and the beginnings of European expansion.

**HIS 343. The Renaissance & Reformation. (3 Credits)**

**HIS 349. Applied Learning in History. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Does not apply toward a major or minor in history. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**HIS 349A. Cooperative Study: History. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Does not apply toward a major or minor in history. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**HIS 349B. Cooperative Study: History. (0.5-8 Credits)**

Does not apply toward a major or minor in history. Work in placements related to academic studies.

**HIS 349C. Cooperative Study: History. (0.5-8 Credits)**

Does not apply toward a major or minor in history. Work in placements related to academic studies.

**HIS 351. Topics in English History:\_\_\_\_. (3 Credits)**

(3). A. Prerequisite: ENG 102, 105 (B), or HON 102. Important issues and events in the history of England. May be retaken to a maximum of six hours provided topics vary.

**HIS 359. Topics in Modern European History:\_\_\_\_. (3 Credits)**

(3). A. Prerequisite: ENG 102, 105 (B), or HON 102. Important issues and events in the history of Modern Europe since 1648. May be retaken to a maximum of six hours provided topics vary.

**HIS 361. Topics in the History of Eurasia:\_\_\_\_. (3 Credits)**

(3). A. Prerequisite: ENG 102, 105 (B), or HON 102. Important issues and events in the history of Eurasia. May be retaken to a maximum of six hours provided topics vary.

**HIS 365. Russia-Revolutions & Reform. (3 Credits)**

A. Prerequisites: ENG 102, 105(B), or HON 102. Cultural, social, economic and political events leading to the 1917 Revolution. The history of the Soviet Union including its break-up into independent states.

**HIS 370. World History Since 1945. (3 Credits)**

(3) A. Formerly HIS 347. Prerequisites: ENG 102, 105(B), or HON 102. Global consequences of World War II, the Cold War, decolonization, and superpower interventionism. The transition from a bipolar to a multipolar international system, the collapse of communism, and the spread of terrorism. Credit will not be awarded to students who have credit for HIS 347.

**HIS 374. East Asian History to 1600. (3 Credits)**

A. Prerequisites: ENG 102, 105 (B), or HON 102. China and Japan from the beginnings of East Asian civilization in Neolithic times to the early modern period; the development of key social, economic, and political institutions; the Confucian tradition and the introduction of Buddhism; the Mongol era; the late imperial order in China and the emergence of Japanese feudalism.

**HIS 376. Japan-Samurai to Superpower. (3 Credits)**

A. Formerly HIS 475. Prerequisites: ENG 102, 105(B), or HON 102. Japan from 1600 to the present. Included will be the arrival of the West, industrialization, militarism, World War II, and Japan as economic superpower. Credit will not be awarded to students who have credit for HIS 475.

**HIS 379. China- Empire and Revolution. (3 Credits)**

A. Formerly HIS 474. Prerequisites: ENG 102, 105(B), or HON 102. Han Chinese dissent and collaboration under Qing (Manchu) rule; conflicts with the West; rapid economic and cultural change; Revolution of 1911; Nationalist-Communist civil war and Japanese Occupation; Great Leap Forward, Cultural Revolution, and Tiananmen Square. Credit will not be awarded to students who have credit for HIS 474.

**HIS 384. Modern Latin America Modern Latin America. (3 Credits)**

A. Prerequisites: ENG 102, 105 (B), or HON 102. The national period in Latin American history, with emphasis on dependency theory, Roman Catholicism in the region, and United States-Latin American relations.

**HIS 385. Early African History. (3 Credits)**

A. Cross listed as AFA 385. Prerequisites: ENG 102, 105 (B) or HON 102. History of Africa from earliest times to 1860. Emphasis on social, political, economic, and cultural change in states and societies; oral tradition; the environmental and human activities; slavery and the slave trades. Credit will not be awarded to students who have credit for AFA 385.

**HIS 386. Modern African History. (3 Credits)**

A. Cross listed as AFA 386. Prerequisite: ENG 102, 105 (B) or HON 102. History of Africa from the 19th century to the present. Themes include: trade and politics; European conquest and African resistance; rural survival and urban popular culture; race, class, gender, ethnicity, and age; African nationalism and independence. Credit will not be awarded to students who have credit for AFA 386.

**HIS 401. American Colonial Period. (3 Credits)**

A. Prerequisite: ENG 102, 102R, 105 (B), or HON 102; three hours HIS or department approval. Political and social history of the 13 colonies and their neighbors; European background; settlement; westward expansion; intercolonial conflicts; beginnings of culture; colonial opposition to imperial authority.

**HIS 402. Revolutionary America. (3 Credits)**

A. Prerequisite: ENG 102, 102R, 105 (B), or HON 102; three hours HIS or department approval. Colonial background of Revolution; internal and external nature of Revolution; problems associated with Confederation; events leading to the American Constitution.

**HIS 405. America's Western Histories. (3 Credits)**

A. Prerequisite: ENG 102, 102R, 105 (B), or HON 102; three hours HIS or department approval. Examination of pre-contact, colonial, and American western histories; role of Indigenous peoples; migration and immigration; extractive industries; federal authority.

**HIS 413. Cold War U.S., 1945-1991. (3 Credits)**

Containment in Europe and the Third World, emphasizing Vietnam. Impact of race, gender, and sexuality on culture and society.

**HIS 416. Kentucky History. (3 Credits)**

(3) A. Prerequisite: ENG 102, 105 (B), or HON 102, three hours HIS, or departmental approval. Kentucky's social, economic and political development from frontier times to the present day. The Kentucky experience of such national trends as migration, urbanization, industrialism and expanding government. Credit will not be awarded for both HIS 416 and HIS 516.

**HIS 420. Appalachia in U.S. History. (3 Credits)**

A. Cross listed as APP 420. Prerequisites: ENG 102, 105(B), or HON 102; three hours HIS or department approval. The relationship between Appalachia and the rest of the United States. Topics include the "yeoman" myth, coal industrialization, settlement houses, company towns, and the identification of the region with poverty. Credit will not be awarded to students who have credit for APP 420.

**HIS 424. Slavery, the Civil War, and Reconstruction. (3 Credits)**

A. Prerequisite: ENG 102, 102R, 105 (B), or HON 102; three hours HIS or department approval. Exploration of Civil War era through culture, politics, society, the military, race, gender, and sexuality. Emphasis on the role of slavery and race in the antebellum sectional crisis, the war, Reconstruction, and historical memory.

**HIS 435. U.S. Civil Rights Movement. (3 Credits)**

A. Cross listed as AFA 435. Prerequisites: ENG 102, 102R, 105 (B), or HON 102; three hours HIS or departmental approval. Examination through primary and secondary sources of the origins, course, ideologies, and legacy of the mid-twentieth century American movement for racial justice and equality. Discussion of the central scholarly issues in civil rights studies. Credit will not be awarded to students who have credit for AFA 435.

**HIS 450. Senior Seminar in History. (3 Credits)**

A. Prerequisites: ENG 102, 105 (B) or HON 102; HIS major; HIS 200, 201, or 290; and six hours of the following: HIS 302A, 302B, 302C. Research and writing in History. Credit not awarded to students who have credit for HIS 450W.

**HIS 450W. Senior Seminar in History. (3 Credits)**

A. Prerequisites: ENG 102, 105 (B) or HON 102; HIS major; HIS 200, 201, or 290; and six hours of the following: HIS 302A, 302B, 302C. Research and writing in History. Credit not awarded to students who have credit for HIS 450.

## Philosophy

**PHI 101. Logic and Critical Reasoning. (3 Credits)**

(3) A. Prerequisite: ACT scores: Math 19 or higher; Reading 20 or higher; and English 18 or higher or ENG 101 or 101R(C) or minimum placement test score. Introductory course in the analysis and evaluation of arguments, with primary focus on deductive validity and the systems of categorical and propositional logic. Credit will not be awarded to students who have credit for PHI 101R. Gen. Ed. E-2.

**PHI 101R. Logic and Critical Reasoning (Supported). (4 Credits)**

(4) A. Prerequisite: ACT scores: Reading 20 or higher; and English 18 or higher or ENG 101 or 101R(C) or minimum placement test score. Introductory course in the analysis and evaluation of arguments, with a primary focus on deductive validity and the systems of categorical and propositional logic. Credit will not be awarded to students who have credit for PHI 101. Gen. Ed. E-2.

**PHI 110. Beginning Philosophy. (3 Credits)**

I, II. Basic introductory course in philosophy. Consideration of perennial questions of the human experience, especially questions about reality, knowledge, self, values, and religious belief. Credit will not be awarded to students who have credit for PHI 110W. Gen. Ed. Element 3B.

**PHI 110W. Beginning Philosophy: Writing Intensive. (3 Credits)**

I, II. Prerequisite: ENG 102 or 105 (B) or HON 102 (B). A writing-intensive basic introductory course in philosophy. Consideration of perennial questions of the human experience, especially questions about reality, knowledge, self, values, and religious belief. Credit will not be awarded to students who have credit for PHI 110. Gen. Ed. Element 3B.

**PHI 130. Beginning Ethics. (3 Credits)**

I, II. Survey of theories concerning the nature of right and wrong, emphasizing how these theories can be applied to personal moral choices. Credit will not awarded for both PHI 130 and PHI 130S. Gen. Ed. Element 3B.

**PHI 130S. Beginning Ethics. (3 Credits)**

(3) I, II. Survey of theories concerning the nature of right and wrong, emphasizing how these theories can be applied to personal moral choices, enhanced with a service learning component. Credit will not be awarded for both PHI 130S and PHI 130. Gen. Ed. E-3B.

**PHI 240. Philosophy of Religion. (3 Credits)**

A. Study of religious experience, faith and knowledge, the nature and existence of God, the problem of evil, religious ethics, and religious language. Credit will not be awarded to students who have credit for PHI 240W. Gen. Ed. Element 3B.

**PHI 240W. Philosophy of Religion: Writing Intensive. (3 Credits)**

A. Prerequisites: ENG 102, or ENG 105, or HON 102. Study of religious experience, faith and knowledge, the nature and existence of God, the problem of evil, religious ethics, and religious language. Credit will not be awarded to students who have credit for PHI 240. Gen Ed. Element 3B.

**PHI 300. Greek and Roman Philosophy. (3 Credits)**

A. Survey of philosophical thought as seen through an examination of selected issues and selected philosophers from ancient Greece through the early Roman period. Credit will not be awarded to students who have credit for PHI 300W. Gen. Ed. Element 3B.

**PHI 300W. Greek & Roman Philosophy: W. (3 Credits)**

A. Prerequisite: ENG 102, or ENG 105 (B), or HON 102 (B). Survey of philosophical thought as seen through an examination of selected issues and selected philosophers from ancient Greece through the early Roman period. Credit will not be awarded to students who have credit for PHI 300. Gen. Ed. Element 3B.

**PHI 310. Medieval Philosophy. (3 Credits)**

A. Study of Christian, Jewish, and Islamic philosophical thought in the Middle Ages and of Renaissance scholasticism. Issues in various areas of philosophical inquiry are examined through selected readings from Augustine to Suarez.

**PHI 320. Modern Philosophy. (3 Credits)**

A. Examination of some major issues and some major philosophers from the 17th and 18th centuries. Gen. Ed. Element 3B.

**PHI 330. Twentieth Century Philosophy. (3 Credits)**

A. A survey of the principal schools of philosophic thought of the twentieth century in Europe and America, with special attention to the important issues which emerge.

**PHI 332. Existentialism & Postmodernism. (3 Credits)**

A. Study of the influence of such existentialists as Nietzsche, Husserl, Sartre, de Beauvoir, and Heidegger on contemporary postmodern theories such as Foucault, Baudrillard, Derrida, Kristeva, and Irigaray.

**PHI 340. Philosophy of Science. (3 Credits)**

A. How views of reality, knowledge, and values relate to science and scientists. Philosophical assumptions of science examined through historical examples of scientific investigations. The value and the values of scientific methods and scientific theories. Credit will not be awarded to students who have credit for PHI 340W. General Education VIII (Option 3).

**PHI 340W. Philosophy of Science: W. (3 Credits)**

A. Prerequisite: ENG 102 or 105 (B) or HON 102 (B). A writing-intensive basic introductory course in philosophy of science. How views of reality, knowledge, and values relate to science and scientists. Philosophical assumptions of science examined through historical examples of scientific investigations. The value and the values of scientific methods and scientific theories. Credit will not be awarded to students who have credit for PHI 340. General Education VIII (Option 3).

**PHI 342. American Philosophy. (3 Credits)**

A. A critical examination of basic beliefs held by Americans regarding themselves, their culture, and world, through the thought of modern American philosophers such as Royce, Peirce, James, Santayana, Woodbridge, Dewey, and Whitehead.

**PHI 349. Applied Learning in Philosophy. (0.5-8 Credits)**

A. Prerequisite: consult with department chair before enrolling. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**PHI 350. Metaphysics. (3 Credits)**

A. An elaboration of the various approaches to metaphysics in the history of philosophy, including contemporary anti-metaphysical points of view.

**PHI 352. Theory of Knowledge. (3 Credits)**

A. An examination of the nature, possibility, limits, sources and value of knowledge of minds and the world.

**PHI 360. Ethical Theory and Practice. (3 Credits)**

(3) A. Prerequisite: ENG 102, ENG 105 (B), or HON 102; PHI 110 or 130. An advanced course in ethics that examines the intersection of ethical theory and practical ethics. Topics include major ethical theories, the nature and aims of applied ethics, and critical and creative thinking in ethical problem-solving.

**PHI 362. Technology and Values. (3 Credits)**

A. An examination of philosophical issues related to science, technology, public health, economics, and the environment, with special attention being given to the personal and social ethical issues that arise in these contexts. Gen. Ed. VIII.

**PHI 371. Symbolic Logic. (3 Credits)**

A. Basic introduction to modern symbolic logic: propositional logic, first order predicate logic, proofs and metaproofs, and nature and properties of formal logic systems. Gen. Ed. VII (QS).

**PHI 381. Animal Ethics. (3 Credits)**

A. An examination of major theories of animal welfare and rights; consideration of issues involving the use of animals as food and other goods, animal experimentation, wildlife, endangered species, hunting, animals and sport, pets, and zookeeping.

**PHI 383. Health & Biomedical Ethics. (3 Credits)**

A. An examination of the value-issues which surround problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include: euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities. Credit will not be awarded for both PHI 383 and PHI 383W.

**PHI 383W. Health and Biomedical Ethics. (3 Credits)**

A. Prerequisite: ENG 102 or 105(B) or HON 102. An examination of the value-issues which surround problems that arise in health-related fields and whose resolution calls for moral judgments. Typical problems would include: euthanasia, experimentation with humans, behavior control, genetic engineering, and distribution of health care facilities. Credit will not be awarded for both PHI 383 and PHI 383W.

**PHI 385. Environmental Ethics. (3 Credits)**

A. Prerequisite: ENG 102 or 102R or ENG 105 (B) or HON 102. An examination of historical and contemporary views of the values and rights of nature. Possible topics include animal rights, conservationism, the land ethic, stewardship, deep ecology, ecofeminism, and indigenous approaches to the environment. Credit will not be awarded for both PHI 385 and ENV 385.

**PHI 388. Special Topics in Ethics. (1-3 Credits)**

A. An examination of ethical theories, of major ethical thinkers, or of an applied ethical field like business ethics or environmental ethics. May be retaken to a maximum of fifteen hours if the topic is different.

**PHI 390. Special Topics in Philosophy. (1-3 Credits)**

A. Prerequisite: consult with department chair before enrolling. Detailed examination of a problem-area or a school of philosophy in the history of philosophy or the thought on one outstanding philosopher. May be retaken to a maximum of fifteen hours if the topic is different.

**PHI 432. Philosophy of Art. (3 Credits)**

A. Examination of the major philosophical theories of art and beauty and the place of aesthetic language in the general area of value judgments. Representative classical and contemporary figures will be considered.

**PHI 490. Independent Work in Philosophy. (1-3 Credits)**

(1-3) I, II. Prerequisite: consult with department chair before enrolling. Individual research and reading on a specified philosophical problem chosen by the student and instructor. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours if topic is different.

**PHI 499. Senior Project. (3 Credits)**

A. Prerequisite: Departmental Approval. Supervised, independent project for seniors majoring in philosophy.

**PHI 551. Classical Political Theory. (3 Credits)**

A. Cross-listed as POL 551. Examination of Western political thought from Plato to Aquinas. Credit will not be awarded to students who have credit for POL 551, POL 551W or PHI 551W.

**PHI 551W. Classical Political Theory. (3 Credits)**

A. Prerequisite: ENG 102 or 105 (B) or HON 102 (B). Cross-listed as POL 551W. Examination of Western political theory from Plato to Aquinas. Credit will not be awarded to students who have credit for POL 551, POL 551W or PHI 551.

**PHI 552. Modern Political Theory. (3 Credits)**

A. Cross-listed as POL 552. Examination of Western political theory from the Renaissance to the mid-twentieth century. Credit will not be awarded to students who have credit for POL 552, POL 552W or PHI 552W.

**PHI 552W. Modern Political Theory. (3 Credits)**

A. Prerequisite: ENG 102 or 105 (B) or HON 102. Cross-listed as POL 552W. Examination of Western political theory from the Renaissance to mid-twentieth century. Credit will not be awarded to students who have credit for POL 552, POL 552W or PHI 552.

**PHI 553. Contemporary Political Theory. (3 Credits)**

A. Cross-listed as POL 553. Examination of Western political theory from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for POL 553, POL 553W or PHI 553W.

**PHI 553W. Contemp Political Theory: W. (3 Credits)**

A. Prerequisite: ENG 102 or 105 (B) or HON 102. Cross-listed as POL 553W. Examination of Western political theory from the mid-twentieth century to the present. Credit will not be awarded to students who have credit for POL 553, POL 553W or PHI 553.

## Religious Studies

**REL 301. World Religions. (3 Credits)**

I, II. Study of the basic notions found in the world's great religions. Attention is given to the historical context of the development of these religions and to the doctrines, rituals and literature produced by them. Credit will not be awarded to students who have credit for REL 301W. Gen. Ed. Element 3B.

**REL 301W. World Religions: Writing Intensive. (3 Credits)**

I, II. Prerequisite: ENG 102, or ENG 105 (B), or HON 102 (B). Study of the basic notions found in the world's great religions. Attention is given to the historical context of the development of these religions and to the doctrines, rituals and literature produced by them. Credit will not be awarded to students who have credit for REL 301. Gen. Ed. IIIB or VII (AH).

**REL 302. Theories of Religion. (3 Credits)**

(3) A. Prerequisite: ENG 102 or ENG 105(B) or HON 102. An overview of methods used by scholars to study religions, and a introduction to several influential theories that have shaped the field of religious studies from the nineteenth century to the present.

**REL 305. Survey of Old Testament. (3 Credits)**

I. A survey of the history and religious development of the ancient Hebrews, with attention given to the religious concepts and values of the literature of the Old Testament.

**REL 306. Survey of the New Testament. (3 Credits)**

II. A study of the history of the New Testament times and an examination of the meanings and significance of the teachings of Jesus and the writings of the early Church.

**REL 315. History of Christian Thought. (3 Credits)**

A. A survey of Christian theology, philosophical theology, and spirituality from the Apostolic Fathers through the early Reformation period.

**REL 320. Judaism. (3 Credits)**

A. Prerequisite: ENG 102 or ENG 105(B) or HON 102. This course introduces students to the main beliefs and practices of Judaism. Students will read a broad selection of primary sources ranging from the Hebrew Bible to contemporary Jewish thought in the United States. Gen. Ed. Element 6.

**REL 335. Islam. (3 Credits)**

A. Prerequisite: ENG 102 or 105(B) or HON 102. A study of the origins and religious development of Islam by an examination of the Koran and the writings of some major Islamic thinkers. GEN. ED. E-6.

**REL 340. Religions of India. (3 Credits)**

A. Prerequisite: ENG 102 or 105(B) or HON 102. Study of the major religions of India including the Vedic Period, classical systems, Epic Period, heterodox systems, orthodox systems, and contemporary thought. Gen Ed. Element 6.

**REL 345. Religions of China and Japan. (3 Credits)**

A. Prerequisite: ENG 102 or Eng 105(B) or HON102. Study of the major religions of China and Japan, including original Han, Confucianism, Cho Schools, Neo-Taoism, Shinto, and Chinese and Japanese Buddhism. Gen. Ed. E-6.

**REL 349. Applied Learning in Religion. (1-8 Credits)**

A. Prerequisite: consult with department chair before enrolling. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**REL 349A. Cooperative Study: Religion. (1-8 Credits)**

A. Prerequisite: consult with department chair before enrolling. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**REL 350. Buddhism. (3 Credits)**

A. Prerequisite: ENG 102 or 105(B) or HON 102. A critical introduction to the main beliefs and practices of Buddhism, from its origins in India to its most traditional manifestations in Asia and its latest developments in Europe and North America. Gen. Ed. E-6.

**REL 355. Religions of Africa. (3 Credits)**

A. A study of traditional African religions and other religions in Africa.

**REL 360. Religion & Global Ethics. (3 Credits)**

A. An examination of recent proposals for a global ethics (Peter Singer, Hans Kung, Dalai Lama), and on the theory and practice of interreligious dialogue as a possible means to arrive at cross-cultural ethical perspectives.

**REL 365. Women, Gender, and Religion. (3 Credits)**

(3) A. Cross-listed as WGS 365. Prerequisite: ENG 102 or 105(B) or HON 102. A study of the intersections between feminism and the social impact of religion throughout the world with particular emphasis on the relationship between religion and gender, sexuality, and body politics. Credit will not be awarded for both REL 365 and WGS 365.

**REL 370. Special Topics in Religion. (1-3 Credits)**

A. Prerequisite: consult with department chair before enrolling. Intensive study of a selected topic or an important figure in religion. May be retaken to a maximum of fifteen hours if the topic is different.

**REL 495. Independent Work in Religion. (3 Credits)**

I, II. Prerequisite: consult with department chair before enrolling. Individual study under the direction of an instructor on a special topic in religion. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours if topic is different.

# African and African American Studies, Minor

Dr. Ogechi Anyanwu, Director  
 Ogechi.Anyanwu@eku.edu (Ogechi.anyanwu@eku.edu)

African and African American Studies explores the histories, societies, and cultures of Africans and people of African descent throughout the Diaspora. Courses are offered from a broad range of disciplines, including the arts and humanities, social sciences, law enforcement, education, and health sciences. The program awards an undergraduate minor and a certificate in African and African American Studies.

## Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
<i>Core Courses</i>		
AFA 201	The African Experience	3
AFA 202	The African American Experience	3
<i>Electives</i>		
Choose from 12 hours of the following:		12
AFA 200	Exploring Africa Through Play	
AFA 304	Slavery in the Americas

# Asian Studies, Departmental Certificate

## Program Requirements

Code	Title	Hours
<b>Certificate Requirements</b>		
<i>Core Courses</i>		
Choose from two core courses from two distinct areas		6
<i>Electives</i>		
Choose from two courses from the list of electives for the Minor in Asian Studies or Asian-specific courses from other programs with departmental approval		6
<b>Total Hours</b>		<b>12</b>

At least six hours at the 300 level or above.

## Asian Studies, Minor

Dr. David Blaylock, Director  
Keith 336  
(859) 622-1290  
asianstudies.eku.edu/ (<http://asianstudies.eku.edu/>)

Asian Studies at Eastern Kentucky University provides an understanding of Asia through a critical examination of the cultures, societies, languages, histories, religions, and politics of Asians and peoples of Asian descent throughout the world. An understanding of Asia enhances not only students' understanding of the world but also their prospects for employment in a wide variety of fields, including but not limited to international trade and industry, teaching and research, translation and interpretation, foreign policy and diplomacy, human rights and development, and immigration and social service. The program offers a minor (18 hours) and a certificate (12 hours) in Asian Studies.

A student may minor in Asian Studies by completing a minimum of 18 semester hours from at least three different departments; at least 9 hours at the 300 level or above.

## Program Requirements

Code	Title	Hours
<b>Required Courses</b>		
<i>Language and Immersion</i>		
Choose from one of the following: (or higher levels)		6
CHN 101 & CHN 102	Conversational Chinese I and Conversational Chinese II	
JPN 101 & JPN 102	Conversational Japanese I and Conversational Japanese II	
FLS 101 & FLS 102	Language Topics:____ and Language Topics:____ (Arabic, Chinese, or any other Asian language)	
Six hours of study abroad in any Asian country		
Three hours of study abroad in any Asian country plus three hours of a language (101 level or higher) indigenous to that country		
<i>Core Courses</i>		
Students must take one core course each from two distinct areas:		
Religion and Culture:		
Choose from one of the following:		3

REL 335	Islam	
REL 340	Religions of India	
REL 345	Religions of China and Japan	
REL 350	Buddhism	
History and Society:		
Choose from one of the following:		3
HIS 321	Islamic Societies to 1800

UNP 400	Study Abroad:___ <sup>1</sup>	
UNP 500	Study Abroad:___ <sup>1</sup>	
<b>Total Hours</b>		<b>18</b>

<sup>1</sup>  
Topic must relate crucially to Asia; check with Director of Asian Studies Program

## History, Bachelor of Arts (B.A.)

### Program Objectives

Upon successful completion of this program, graduates will be able to:

1. demonstrate knowledge of U.S. history, European history, and selected aspects of non-Western history at a high level;
2. demonstrate their ability to communicate effectively in both oral and written form (all students in the program will complete term papers as part of their major requirements); and
3. execute a major research project utilizing both primary and secondary sources.

All students in the baccalaureate program will submit prior to graduation a formal research project which includes both primary and secondary sources.

Because the program puts history into real-world application, it offers many unique pathways to prepare students for careers in: public history, education, media, the legal field, government, non-governmental organizations including non-profits, and business/management. And students can complete any of the career preparation pathways in just four years!

While a major in History Teaching prepares students to teach high school Social Studies or to join the educational arm of such entities as historical museums and sites, majoring in History provides students with the research skills and critical thinking and communication capabilities applicable and essential to any path they pursue post-graduation. More importantly, by combining a History major with a second major or minor in such areas as communications, political science, geography, business, or tourism and recreation, students gain profession-specific skills. They also acquire real world-experience because many of these majors require or stress completing an internship. Completion of one of History's career pathways prepares a student for pursuing such opportunities as: curatorial positions in museums and historical sites, video production, broadcasting including reporting, publishing, event planning and promotion, employment with state and federal agencies or international and non-profit organizations, and entry into graduate or professional programs such as law school.

For more information on the career preparation pathways offered by the department go to [www.history.eku.edu](http://www.history.eku.edu) (<http://www.history.eku.edu>) or contact the department at the number provided above.

<i>Free Electives</i>	
Choose from 47 hours of free electives	47
At least three hours of one foreign language is strongly recommended. Students who plan to pursue a graduate degree are strongly encouraged to take at least six hours of a foreign language which will also serve to fulfill Gen Ed Element 6.	

**Total Hours** 120

1

Including two of the following three courses: HIS 302A Research Topics in History:\_\_\_, HIS 302B Research Topics in History:\_\_\_, HIS 302C Research Topics in History:\_\_\_

2

The remaining upper division history course may come from any of the above areas or from other upper division history courses except HIS 302A Research Topics in History:\_\_\_, HIS 302B Research Topics in History:\_\_\_, HIS 302C Research Topics in History:\_\_\_

## History, Bachelor of Arts (B.A.) & Master of Arts (M.A.) Accelerated 3 + 2 Dual Degree Program

### Program Requirements

Students accepted to the 3+2 Accelerated Dual Degree Option are able to complete their B.A. degree and M.A. degree within 5 calendar years because up to 9 semester hours of graduate-level coursework will apply to both the undergraduate B.A. degree and the graduate M.A. degree. Only undergraduate students of proven academic ability will be considered for the program. Students should be aware that, in order to maintain their progress in the accelerated 3+2 program, careful coordination with their advisor is required.

### Admission Requirements

Students interested in this option must satisfy all of the following conditions:

1. Junior or Senior standing
2. Overall grade point average (GPA) of at least 3.0 at the time of admission to the 3+2 program
3. Approval from department and Graduate School (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>))
4. Must maintain an overall undergraduate and graduate grade point average (GPA) of at least 3.0 to continue in the 3+2 program.

Entrance requirements for the 3+2 program adhere to the requirements for the M.A. History Program in the Graduate Catalog. Students admitted into the program will remain coded as undergraduate until fulfilling their B.A. requirements. Students admitted into the 3+2 program must complete the History B.A. degree with a minimum 3.0 GPA to be allowed to proceed on with graduate program coursework. Students must fulfill all graduation requirements listed below. Students may apply to the Graduate School for admission to the 3+2 program in their junior or senior year. Approval of both the department and Graduate School is required (see the form at <http://gradschool.eku.edu/graduate-school-forms> (<http://gradschool.eku.edu/graduate-school-forms/>)).

<b>Total Hours</b>		<b>18</b>

## History/Teaching, Bachelor of Arts (B.A.)

### Program Objectives

Upon successful completion of this program, graduates will be able to:

1. demonstrate knowledge of U.S. History, European history, and selected aspects of non-Western history at a high level;
2. demonstrate their ability to communicate effectively in both oral and written form (all students in the program will complete term papers as part of their major requirements); and
3. execute a major research project utilizing both primary and secondary sources.

All students in the baccalaureate degree program will submit prior to graduation a formal research project which includes both primary and secondary sources. The History/Teaching B.A. is designed above all for those who wish to pursue careers in social studies at the secondary level or join the educational arm of such entities as historical museums and sites. Offered in cooperation with the ECU College of Education and Applied Human Sciences, the History/Teaching B.A. program includes secondary teaching certification in social studies. Refer to the College of Education and Applied Human Sciences section of this *Catalog* regarding the teacher certification requirements associated with this degree program.

## Department of Language & Cultural Studies, Anthropology, and Sociology

### Chair

Dr. Abbey Poffenberger  
(859) 622-2996  
McCreary 115

### Faculty

A. Buck, M. Cortés-Castañeda, J. Endonino, B. Freed, J.J. Gómez-Becerra, A. Green, D. Joseph, E. Liddell, S. McSpirit, P. Paolucci, A. Poffenberger, R. Polk, S. Rico-Godoy, and S. Zaragoza

### Mission and Goals

The Department of Language & Cultural Studies, Anthropology, and Sociology is a multi-disciplinary unit which offers a variety of programs through which students gain new insights into other cultures; explore biological, physical, and social evolution; advance their understanding of the modern social structures, its institutions, and interactions; and develop the language skills necessary for participation and leadership in the global community.

### Baccalaureate Degrees

#### Language & Cultural Studies

The Language and Cultural Studies programs, including the Spanish Studies program, prepare the students to communicate in a major world language spoken on several continents. Our Spanish teaching degree helps meet the increasingly critical need for foreign language teachers in Kentucky. We offer certificate programs primarily for non-language majors with concentration on basic conversation skills and cultural understanding, currently available in French, German, Japanese, and Spanish.

The department helps students to fulfill General Education requirements in Elements 3, and 6 through course offerings in Chinese (CHN), French (FRE), German (GER), Japanese (JPN), Spanish (SPA), and occasionally other languages such as Arabic and upper division Chinese (as FLS courses); through foreign culture and civilization courses (FCC); and also, through the basic sequence of Humanities courses (HUM). All our courses, whether in language, literature, culture, or humanities, strive to foster an atmosphere in which students can experience the joy of learning and intellectual fulfillment while developing deeper understanding and appreciation of cultural diversity.

1. Certain courses are inappropriate for students with native or near native fluency in a particular language. Native speakers of a foreign language (i.e., a language other than English) are welcome to take our courses at an appropriate skill level. However, such students cannot be given credit for introductory courses (100/200 level), in their native language either by enrolling in the course or by taking an exam for credit. Exceptions to this restriction, such as heritage speakers who need to take a lower-level course to correct language deficiencies, must be approved by the relevant foreign language faculty in consultation with the chair. Other exceptions may apply, at the discretion of the coordinator and foreign language faculty in conjunction with the chair.
2. Students who transfer credits must earn no fewer than 15 upper-division hours in the major and 9 upper-division hours in the minor at EKU, the exact minimum to be determined by the department chair in consultation with the faculty in the major area.
3. Eastern Kentucky University students are required to obtain the department chair's written prior approval of any course work they plan to transfer back to EKU for application to the major or minor.
4. A grade of "C" or higher is required in each course to be applied toward the major and minor.
5. Students in teaching programs must attain a minimum 2.75 GPA in their teaching major to be recommended for student teaching.
6. Spanish majors must attain a minimum 2.75 GPA in the major and must also pass a departmental proficiency exam which covers spoken and written language, culture, and literature. Teaching majors must pass the proficiency exam to be recommended for student teaching. Students will ordinarily take the exam no later than in the first semester of their senior year.

## Bachelor's

- Anthropology, Bachelor of Arts (B.A.) (p. 341)
- Sociology, Bachelor of Arts with a Concentration in Diversity in Society (B.A.) (p. 344)
- Sociology, Bachelor of Arts with a General Concentration (B.A.) (p. 345)
- Spanish, Bachelor of Arts (B.A.) (p. 347)
- Spanish/Teaching, Bachelor of Arts (B.A.) (p. 347)

## Minors

- Anthropology, Minor (p. 342)

## Courses

### Anthropology

#### ANT 120. Introduction to Cultural Anthropology. (3 Credits)

I, II. Explanation of culture and related concepts. Development of generalizations concerning social, economic, political, and ritual organization, based chiefly on comparative study of various traditional societies. Includes a brief survey of linguistics. Gen. Ed. VB, VC, or VII (SBS).

#### ANT 200. Archaeology and Human Cultures. (3 Credits)

A. Anthropology of human cultures through time and over space, using archaeological and ethnographic methods to understand the multifaceted study of cultural change. Gen. Ed. VA, VC, or VII (SBS).

#### ANT 201. Introduction to Biological Anthropology. (3 Credits)

I, II. General survey of the human biological species and its evolution, emphasizing the study of genetics, osteology, primate behavior and biology, fossil populations, and contemporary human biological variation. 2 Lec/2 Lab. Gen. Ed. E-4A.

#### ANT 306. Human Evolution. (3 Credits)

A. Prerequisite: ANT 201 or departmental approval. A detailed analysis of primate and human development emphasizing human development emphasizing the fossil evidence of the fossil evidence of human evolution.

#### ANT 311. Anthropology of Religion. (3 Credits)

A. Prerequisite: ANT 120 or 200. Anthropological exploration of religious belief systems across cultures and time. Analyzes the intersection of religion with subsistence strategies, economic systems, political systems, and gender structures. Topics include magic, witchcraft, sorcery, monotheism, polytheism, possession, and health.

#### ANT 321. Historical Archaeology. (3 Credits)

A. Prerequisite: ANT 120 or 200. This course provides an introduction to the material culture of North America's recent past. Lecture is combined with hands-on exercises using historic artifacts and documentary sources.

#### ANT 330. Native American Cultures. (3 Credits)

A. Prerequisite: ENG 102 or 102R, 105(B), or HON 102. Explores the cultural richness and diversity of North America's First Peoples over time and geography. Topics include indigenous cultural landscapes and worldviews, treaties, reservation life, and the many continuing impacts of colonization, such as health.

#### ANT 341. North American Archaeology. (3 Credits)

A. Prerequisite: ANT 120 or ANT 200. A basic but comprehensive introduction to North American archaeology from the earliest peopling through European Contact.

#### ANT 344. Applied Anthropology. (3 Credits)

A. Prerequisite: ANT 120 or ANT 200. Comprehensive survey of applied anthropology theories, methods, and approaches. Based on extensive cross-cultural case materials, examines the historical, current, and potential applications of anthropological perspectives to social problems.

#### ANT 345. Language and Culture. (3 Credits)

A. Prerequisite: Sophomore standing. Sociocultural anthropological perspective on the study of language. Cross-cultural topics include the role of language in creating and maintaining cultural norms in gender, indigeneity, ethnicity, class and power, and race and racism.

**ANT 346. Anthropology of Food. (3 Credits)**

A. Prerequisite: ANT 120 or ANT 200 or sophomore standing. Examines food's role and impact on humankind through archaeological, biological, cultural, and linguistic anthropological perspectives. Includes issues related to environmental health, social autonomy, and food's intersection with gender, race, ethnicity, class, and indigeneity.

**ANT 355. Selected Topics in Archaeology:\_\_\_\_. (1-3 Credits)**

A. Prerequisite: ANT 120 or ANT 200 or departmental approval. Topics vary. Offered occasionally. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

**ANT 357. Archaeology and the Law. (3 Credits)**

A. Prerequisite: ANT 120 or ANT 200. Survey of Federal legislation for the management of cultural resources and the repatriation of human remains and other materials to descendant Native American tribes. Global heritage issues also addressed.

**ANT 360. Aztecs, Inkas, Mayas. (3 Credits)**

A. Prerequisite: ENG 102 or 102R, 105(B), or HON 102. Explores and compares the cultural heritage and colonial experiences of ancient and contemporary Indigenous civilizations of the western hemisphere through archaeology, ethnography, and historical sources.

**ANT 365. Selected Topics in Physical Anthropology:\_\_\_\_. (1-3 Credits)**

a. Prerequisite: ANT 201 or departmental approval. Topics vary. Offered occasionally. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

**ANT 370. Primate Conservation. (3 Credits)**

A. Prerequisite: ANT 201 or departmental approval. The local human and biological impact of conservation programs affecting primate communities throughout the world. Topics include forest fragmentation, historical perspectives on conservation, agroforestry, ecotourism, ethnography, and disease.

**ANT 371. Primate Ecology & Sociality. (3 Credits)**

A. Prerequisite: ANT 201 or departmental approval. Ecological relationships within primate communities. Students collect, organize, and analyze behavioral data, and examine primate social structure, habitat use, diet, locomotion, seasonality, plant-primate interactions, and predator-prey relationships.

**ANT 375. Selected Topics in Cultural Anthropology. (1-3 Credits)**

A. Prerequisite: ANT 120 or ANT 200 or departmental approval. Topics vary. Offered occasionally. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

**ANT 377. Medical Anthropology. (3 Credits)**

A. ANT 120 strongly recommended. Exploration of health, healthcare, and healing cross-culturally. Through medical anthropology theory and methods, apply critical perspectives to the health status of populations, the distribution of health in societies, and health outcomes.

**ANT 380. Forensic Anthropology. (3 Credits)**

A. Prerequisite: ANT 201, ANT 385, or departmental approval. Forensic osteology and dentistry ; (including demographic methods, pathology, and practical methods of collecting human physical evidence) ; and the role of the expert witness. 2 Lec/2 Lab.

**ANT 385. Human Osteology. (3 Credits)**

A. Prerequisite: ANT 201 or departmental approval. Analysis of individual skeletal remains, focusing on functional anatomy and bone physiology, disease and injury, and nutrition. Includes introductions to bioarchaeology, forensic anthropology, and biocultural reconstruction.

**ANT 394. Anthropology & Wicked Problems. (3 Credits)**

A. Prerequisite: ENG 102, ENG 102R, HON 105 (B), or HON 102; and ANT 120, ANT 200, ANT 201, or ANT 330. Examines how anthropologists understand, study, interpret, and write about a complex, interdisciplinary, critically important, "wicked" problem. Instructor chooses the semester's wicked problem. Integrates professionalism and career development. Credit will not be awarded to students for both ANT 394 and 394W.

**ANT 394W. Anthropology & Wicked Problems. (3 Credits)**

A. Prerequisite: ENG 102, ENG 102R, HON 105 (B), or HON 102; and ANT 120, ANT 200, ANT 201, or ANT 330. Examines how anthropologists understand, study, interpret, and write about a complex, interdisciplinary, critically important, "wicked" problem. Instructor chooses the semester's wicked problem. Integrates professionalism and career development. Credit will not be awarded to students for both ANT 394 and 394W.

**ANT 395. History and Theory of Anthropology. (3 Credits)**

A. Prerequisites: ANT 120, ANT 200, ANT 201 and Junior standing. A capstone investigation of past and present practices and theories used to interpret data from each of anthropology's four subdisciplines. Professionalism in anthropology also integrated.

**ANT 439. Practicum in Archaeology. (3 Credits)**

A. Prerequisite and/or Corequisite: ANT 200 with a minimum grade of "B;" ANT 470, or departmental approval. This course pairs senior anthropology majors with professional archaeologists for on-the-job training. Practicum options may include federal and state governments, private archaeological consultants, and anthropology museums.

**ANT 440. Practicum in Anthropology. (1-3 Credits)**

A. Prerequisite: ANT 120, 200, or 201, and departmental approval. Practicum experience in which students will utilize their knowledge of anthropology in an applied setting. May be retaken to a maximum of 6 hours.

**ANT 460. Bio Anthropology Field Methods. (3 Credits)**

A. Prerequisite: Minimum grade of "B" in ANT 201 or departmental approval. Learn biological anthropology field methods while conducting a research project. Collect and analyze biological anthropology data. May be retaken to a maximum of six hours, provided the subject matter differs each time.

**ANT 470. Field Methods in Archaeology. (6 Credits)**

A. Prerequisite: ANT 200 with a minimum grade of "B," or departmental approval. A hands-on study of archaeological field methods including excavation techniques as well as some laboratory analysis of archaeological remains. May be retaken to a maximum of twelve hours.

**ANT 471. Archaeological Materials Analysis. (3 Credits)**

A. Prerequisite: ANT 200 with minimum grade of "B," or departmental approval. Familiarizes students with processing, analysis, and interpretation of archaeological materials. This course has a laboratory component where students will work with archaeological materials.

**ANT 490. Independent Study in Anthropology. (1-6 Credits)**

A. Prerequisite: student must consult with the faculty supervisor have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment.

**ANT 498. Directed Research in Anthropology. (3 Credits)**

A. Prerequisite: ANT 120, ANT 200, ANT 201, and departmental approval. A directed research experience for anthropology majors that integrates a research experience with the students' professional development and the production of a substantive deliverable product (e.g., poster or conference presentation). May be retaken to a maximum of 6 hours.

## French

### **FRE 101. Conversational French I. (3 Credits)**

I, II. Prerequisite: all required developmental reading and writing courses. Beginning French conversation, grammar, and language skills. Emphasis on speaking and listening comprehension, with introduction to basic written forms. Taught in context of French and francophone cultures. Laboratory work required. Gen. Ed. VIII.

### **FRE 102. Conversational French II. (3 Credits)**

I, II. Recommended: FRE 101 or equivalent proficiency. (Students entering FRE 102 by referral or placement, with two years high school French or equivalent, receive three hours credit for FRE 101 if they make an  $\geq A$  in 102.) Continuing work on communicative skills and correct usage, with introduction to reading short passages on relevant French and francophone cultural topics. Laboratory work required. Gen. Ed. VIII.

### **FRE 201. Intermediate Conversational French I. (3 Credits)**

I, II. Recommended: FRE 102 or equivalent proficiency (e.g. with two or three years of successful high school French). French conversation, grammar, and communicative language skills, with increased emphasis on developing basic writing and reading skills. Taught in a context of French and francophone cultures. Laboratory work required. Students entering FRE 201 by referral or placement receive six hours credit for FRE 101 and 102 if they make an  $\geq A$  or  $\geq B$  in 201. Gen. Ed. VIII.

### **FRE 202. Intermediate Conversational French II. (3 Credits)**

I, II. Recommended: FRE 201 or equivalent proficiency (e.g. with three or four years of successful high school French.) French conversation, grammar, and communicative language skills, with continuing emphasis on writing skills and on reading authentic texts. Taught in context of French and francophone cultures. Laboratory work required. Students entering FRE 202 by referral or placement receive nine hours credit for FRE 101, 102, and 201 if they make an  $\geq A$  or  $\geq B$  in 202. Gen. Ed. VIII.

### **FRE 207. Performing in French: Four Skills. (3 Credits)**

A. Prerequisite: FRE 202 or equivalent proficiency with departmental approval. Focuses on proficiency in the four skills and prepares students for upper-level course work. Taught in French.

### **FRE 295. Independent Work in French. (1-3 Credits)**

A. Prerequisite: FRE 207. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

### **FRE 305. Readings in French. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Taught in French. Focuses on how to understand, talk, and write about short readings and their cultural and literary contexts in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

### **FRE 306. France Today. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Focuses on contemporary issues related to France through a variety of topics and media. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

### **FRE 310. Topics in Culture:\_\_\_\_. (1-12 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Emphasis on communicative proficiency in context of topics selected from French or francophone cultural heritage, such as cinema, news media, cuisine, or the arts. Taught in French. May be retaken to a maximum of twelve hours, provided the subject matter differs each time.

### **FRE 312. French Literary Studies:\_\_\_\_. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with department chair approval. A selected topic from the major French authors and literary movements. Taught in French. May be retaken to a maximum of nine hours, provided the subject matter differs each time.

### **FRE 320. French for Work and Travel. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Develops oral and written skills for application in diverse careers, international travel, and interaction with the French-speaking peoples of the world. Taught in French.

### **FRE 330. Francophone Cinema. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. An analysis of the culture of the Francophone would thorough representative films. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

### **FRE 340. French Phonetics. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Intensive practice in the spoken language with emphasis on improving pronunciation and aural comprehension. The sound system of French is taught through phonetic exercises.

### **FRE 350. French Conversation. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Intensive practice in conversation with emphasis on vocabulary building and improving fluency in the language.

### **FRE 360. French Grammar in Context. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. A communicative approach to French grammar in meaningful context, using authentic spoken and written language, within the framework of French and francophone cultures.

### **FRE 380. Text Contexts:\_\_\_\_. (3 Credits)**

A. Prerequisite: FRE 207 or equivalent proficiency with departmental approval. Taught in French. Analysis and study of literary and non-literary texts of a chosen era (at discretion of instructor) within the relevant cultural and historical context. May be taken to a maximum of six hours, provided the subject matter differs each time.

### **FRE 410. Advanced Stylistics. (3 Credits)**

A. Prerequisite: FRE 360 and FRE 305, 306, or 380, or equivalent proficiency with departmental approval. Taught in French. Advanced work on composition and conversation, with a focus on perfecting grammatical forms and developing advanced vocabulary. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

### **FRE 420. Issues in Translation. (3 Credits)**

A. Prerequisite: FRE 360 and FRE 305, 306, or 380 or equivalent proficiency with departmental approval. Taught in French. Examine the theory and method of translation (French of English) in a variety of genres. Includes the practical aspects of translation and the particulars of a career as a translator. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

### **FRE 430. Francophone Voices. (3 Credits)**

A. Prerequisite: FRE 360 and FRE 305, 306, or 380 or equivalent proficiency with departmental approval. An in-depth study of the traditions and cultural heritage of French speakers. Taught in French. May be retaken to a maximum of six hours, provided the subject matter differs each time with departmental approval.

**FRE 495. Independent Work in French. (1-3 Credits)**

A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**German****GER 101. Conversational German. (3 Credits)**

I, II. Prerequisite: all required developmental reading and writing courses. Beginning German conversation, grammar, and language skills. Emphasis on speaking and listening comprehension, with introduction to basic written forms. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. VIII.

**GER 102. Conversational German II. (3 Credits)**

I, II. Recommended: GER 101 or equivalent proficiency. Continuation of GER 101. (Students entering GER 102 by referral or placement receive three hours credit for GER 101 if they make an  $\zeta A_{\zeta}$  in 102.) Continuing work on basic communicative skills. Taught within the context of Germanic cultures. Laboratory work required. Gen. Ed. VIII.

**GER 201. Intermediate Conversational German. (3 Credits)**

I, II. Recommended: GER 102 or equivalent proficiency. German conversation, grammar, and other language skills with increased emphasis on developing basic writing and reading skills. Taught in a cultural context. Laboratory work required. Students entering GER 201 by referral or placement receive six hours credit for GER 101 and 102 if they make an  $\zeta A_{\zeta}$  or  $\zeta B_{\zeta}$  in 201. Gen. Ed. VIII.

**GER 202. Intermediate Conversational German II. (3 Credits)**

I, II. Recommended: GER 201 or equivalent proficiency. German conversation, grammar, and other language skills with continuing emphasis on reading and writing skills. Taught in a cultural context. Laboratory work required. Students entering GER 202 by referral or placement receive nine hours credit for GER 101, 102, and 201 if they make an  $\zeta A_{\zeta}$  or  $\zeta B_{\zeta}$  in 202. Gen. Ed. VIII.

**GER 240. Beginning Conversation. (3 Credits)**

A. Recommended: GER 201 or equivalent proficiency with department chair approval. Topics for conversation drawn from everyday situations. (Waived in case of demonstrable oral proficiency, but not open to students who have native or near-native fluency in German.)

**GER 295. Independent Work in German. (1-3 Credits)**

Prerequisite: GER 202 or equivalent proficiency. May be retaken to a maximum of 9 hours if content is different. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair.

**GER 310. Topics in German:\_\_\_\_. (1-3 Credits)**

A. Prerequisite: GER 202 or equivalent proficiency with department chair approval. May be retaken to a maximum of 6 hours if topic is different. Selected topics in German language, literature, or culture.

**GER 340. Intermediate Conversation. (3 Credits)**

A. Prerequisite: GER 240 or equivalent proficiency with department chair approval. Topics for conversation drawn from contemporary German life.

**GER 495. Independent Work in German. (1-3 Credits)**

A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**Japanese****JPN 101. Conversational Japanese I. (3 Credits)**

I, II. An introduction to the grammar and structure of Japanese taught in cultural context. Practice in pronunciation, reading, and writing systems with an emphasis on conversation. Gen. Ed. VIII.

**JPN 102. Conversational Japanese II. (3 Credits)**

A. Recommended: JPN 101 or equivalent proficiency. Continuation of JPN 101. Emphasis on conversation. Students entering JPN 102 by referral or placement will receive three hours credit for JPN 101 if they make an  $\zeta A_{\zeta}$  in 102. Laboratory work required. Gen. Ed. VIII.

**JPN 201. Intermediate Japanese I. (3 Credits)**

A. Recommended: JPN 102 or equivalent proficiency. Continuation of JPN 102. Practice in writing kanji, reading, and speaking on cultural topics for diverse social settings requiring increasingly complex structural patterns. Students entering JPN 201 by referral or placement receive six hours credit for JPN 101 and 102 if they make an  $\zeta A_{\zeta}$  or  $\zeta B_{\zeta}$  in 201. Gen. Ed. VIII.

**JPN 202. Intermediate Japanese II. (3 Credits)**

A. Recommended: JPN 201 or equivalent proficiency. Continuation of JPN 201 to strengthen student's ability to interact in more diverse social settings requiring increasingly complex structural patterns. Students entering JPN 202 by referral or placement receive nine hours credit for JPN 101, 102, and 201 if they make an  $\zeta A_{\zeta}$  or  $\zeta B_{\zeta}$  in 202. Gen. Ed. VIII.

**JPN 295. Independent Work in Japanese. (1-3 Credits)**

A. Prerequisite: departmental approval. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**JPN 495. Independent Work in Japanese. (1-3 Credits)**

A. Prerequisite: departmental approval. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**Sociology****SOC 131. Introductory Sociology. (3 Credits)**

I, II. Basic principles in sociology, including socialization, groups and interaction, culture, social structure and institutions (family, education, religion, politics, economics), crime/deviance, social inequalities (race, class, gender), and sociological research methods and theories. Gen. Ed. E-5B [SB].

**SOC 135. Living in a Diverse World. (3 Credits)**

A. An introduction to the sociological study of the multiple ways racial and ethnic diversity intersect across classes, genders, cultures, abilities, religions, labor markets, political structures, and the mass media.

**SOC 205. Sexualities and Social Issues. (3 Credits)**

(3). Cross-listed as WGS 205. An examination of the diversity of sexuality and related social issues in the United States and globally. Topics include culture, history, law, mass media, politics, and religion. Credit will not be awarded to students who have credit for WGS 205 or WGS 302. Gen. Ed. E-6 [GE].

**SOC 232. Social Statistics. (3 Credits)**

I, II. Prerequisites: SOC 131 or 235 and ACT Math score of 19 or higher or SAT Math score of 500 or higher, or equivalent MAT placement test score, or MAT 105 or higher with a grade of C or better. Statistical analysis of survey data, including forming sociological research questions, variable selection, analysis, interpretation, and writing in standard scientific form.

**SOC 235. Social Problems. (3 Credits)**

I, II. Analysis of selected social problems such as crime, mental illness, divorce, population, and poverty, as well as controversies over human sexuality. The analysis includes the definition, causes, and consequences of social problems. Gen. Ed. VB, VC, or VII (SBS).

**SOC 245. Sociology of the Family. (3 Credits)**

A. Prerequisite: ENG 102 or ENG 102R or ENG 105(B) or HON 102. Completion of SOC 131 or SOC 235 is advised before taking SOC 245. Examines family as a social institution, including its relation to cultural and social change and to the wider structure of society. Credit will not be awarded for both SOC 245 and SOC 345 or SOC 245W.

**SOC 300. Animals and Society. (3 Credits)**

A. Prerequisite: ENG 102, 105(B), HON 102. Completion of SOC 131 or SOC 235 is advised. A survey of sociology of animal-human interaction, focusing on the human-animal bond and conflict between human and animal worlds.

**SOC 301. Immersion in Sociological Thought. (3 Credits)**

I. Formerly SOC 462. Prerequisites: ENG 102 or 102R, 105(B), or HON 102; SOC 131. Exposes students to the origins of sociological inquiry through a survey of classical and contemporary traditions. Content will also include incorporating sociological concepts and scholarship into analytical work. Credit will not be awarded for both SOC 301 and SOC 462.

**SOC 310. Population and Society. (3 Credits)**

A. Formerly SOC 465. Prerequisites: SOC 131 or SOC 235;. Topics include demographic data and analysis, population characteristics, migration, mortality, fertility, population theories, world population growth, and population policies. Credit not awarded for both SOC 310 and SOC 465.

**SOC 320. Mind, Self, and Society. (3 Credits)**

A. Prerequisite: ENG 102, 105(B), HON 102. Completion of SOC 131 or SOC 235 is advised before taking SOC 320. Relation of the individual to the sociocultural environment, with special reference to personality development, interpersonal role-behavior, motivation, and social attitudes.

**SOC 322. Sociology of Mass Media. (3 Credits)**

A. Prerequisites: ENG 102 or 102R, 105(B), or HON 102; SOC 131, or SOC 235, or BEM 200. Mass media as social structure and audience in interpretation of mass media is examined through sociological analysis of media ownership, media content, and audience characteristics.

**SOC 330. Sociology of Migration. (3 Credits)**

Prerequisites: ENG 102 or 102R, 105(B), or HON 102; three hours in SOC or departmental approval. A sociological exploration of global migration including the study of migrants, refugees, politics, laws, and the role of the global economy. Credit will not be awarded for both SOC 330S and SOC 330.

**SOC 330S. Sociology of Migration. (3 Credits)**

A. Prerequisites: ENG 102, 105(B), or HON 102; 3 hours in SOC or departmental approval. A sociological exploration of global migration including study of migrants, refugees, politics, laws, and the role of the global economy, informed through service-learning.

**SOC 349. Applied Learning in Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and departmental approval. Work in a professional environment related to academic studies. A minimum of 80 hours of employment is required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349A. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349B. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349C. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349D. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349E. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349F. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349G. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349H. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349I. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349J. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349K. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349L. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349M. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 349N. Cooperative Study: Sociology. (0.5-8 Credits)**

Prerequisites: Sophomore Standing, Overall GPA: 2.0, and Sociology Program Approval. Work in a professional environment related to academic studies. A maximum of three hours may be applied to major electives. A minimum of 80 hours of employment required for each semester hour of academic credit. Graded as Satisfactory/Unsatisfactory.

**SOC 350. Selected Topics in Sociology. (3 Credits)**

A. Prerequisite: ENG 102, 105 (B), or HON 102. Completion of SOC 131 is advised before taking SOC 350. May be retaken to a maximum of nine hours provided the subject matter differs each time. Sample topics: Appalachian sociology; sexism and society; utopias.

**SOC 363. Appalachian Images in Film and Song. (3 Credits)**

A. Completion of SOC 131 or SOC 235 is advised before taking SOC 363. Media images of the Appalachian region and its people through film and music; the processes by which such images become produced and reproduced. Credit will not be awarded to students who have credit for APP 363.

**SOC 365. Social Change in Appalachia. (3 Credits)**

A. Cross listed as APP 366. Completion of SOC 131 or SOC 235 is advised before taking SOC 365. Analysis of patterns of social change and development in an important area of the Southern United States, Central and Southern Appalachia. Emphasis will be placed upon competing theoretical perspectives and the importance of historical research. Credit will not be awarded to students who have credit for APP 366.

**SOC 370. Religion in Appalachia. (3 Credits)**

A. Completion of SOC 131 or SOC 235 is advised before taking SOC 370. An examination of diversity and change in the religious beliefs, practices, groups, and organizations found in the Southern Appalachian Region. Credit will not be awarded to students who have credit for APP 370.

**SOC 375. Sociology of Deviance Sociology of Deviance Sociology of Deviance. (3 Credits)**

Prerequisites: SOC 131 and ENG 102 or 102R, 105(B), or HON 102. An overview of social, cultural, interpersonal, and individual factors in the social construction of norms and laws and their violation. Explores types of deviance such as predatory violence, organizational deviance, suicide, and drug use.

**SOC 380. Jobs and Professionalization. (3 Credits)**

A. (3) Prerequisites: At least 9 hours in SOC. A professionalization course for sociology majors focused on transitioning to the workforce or further education. Students will learn goal setting and execution, research skills and develop critical thinking, problem solving, teamwork, and communication skills.

**SOC 383. Environment and Society. (3 Credits)**

A. Prerequisite: ENG 102, 105(B), or HON 102. Completion of SOC 131 or SOC 235 is advised. The study and application of concepts from ecology, political economy and sociology to better understand the relationship between humans and their physical environment.

**SOC 395. Research Methods in Sociology. (3 Credits)**

II. Prerequisite: SOC 232. Methods and techniques of sociological research, including collecting, measuring, analyzing, processing, and presenting social data.

**SOC 399. Gender and Society. (3 Credits)**

A. Cross-listed as WGS 399. Prerequisites: SOC 131 or SOC 235; ENG 102 or ENG 105 (B) or HON 102. Emphasis on the relationship between the social construction of gender and the experiences of people of all genders in societies. Consideration of the cultural and historical construction of gender and identity. Gen. Ed. E-6 [GE]. Credit will not be awarded for both SOC 399 and WGS 399.

**SOC 400. Race and Ethnicity. (3 Credits)**

A. Cross-listed as AFA 400. Prerequisites: SOC 131 or SOC235; ENG 102 or ENG 102R or ENG 105 (B) or HON 102. Analysis of the development of racial and ethnic relations from the perspective of sociology and related social sciences. Examination of issues related to dominant and minority group status in the United States and cross-culturally. Gen. Ed. E-6. Credit will not be awarded for both SOC 400 and AFA 400.

**SOC 420. Jobs, Organizations, and Power. (3 Credits)**

A. Prerequisite: ENG 102, 105(B), HON 102 or departmental approval. Completion of SOC 131 or SOC 235 is advised. Analysis of work in American society with a focus on labor markets, labor processes and organizational structure. Special attention to the future of jobs and bureaucracies in the United States.

**SOC 425. Social Inequality. (3 Credits)**

A. Prerequisite: ENG 102, 105(B), HON 102 or departmental approval. Completion of SOC 131 or SOC 235 is advised. Examines causes and consequences of social stratification, focusing on the origins, present, and future of the world economy, including policy institutions, major historical events, and racial/ethnic relations in the global system.

**SOC 450. Social Change. (3 Credits)**

A. Prerequisite: six hours of SOC. Analysis of theories of social and cultural change in terms of process and direction and methodological issues.

**SOC 455. Collective Behavior. (3 Credits)**

A. Prerequisite: ENG 102, 105(B), or HON 102; six hours in SOC. Analysis of mass phenomena such as public opinion, rumors, fads, mobs, riots, panics, and social movements; including a consideration of the development and termination of collective behavior forms.

**SOC 462. Sociological Theory. (3 Credits)**

I. Prerequisite: ENG 102, 105(B), or HON 102; six hours in SOC. Examines developments in social thought including origins of classical theory (Marx, Durkheim, Weber), a survey of contemporary theories built upon these early approaches, as well as issues unaddressed in the classical school, such as functionalism, feminism, dramaturgical analysis, and post-structuralism.

**SOC 470. Capstone Seminar in Sociology. (3 Credits)**

A. Prerequisites: ENG 102, 105 (B), or HON 102; SOC 395. A capstone overview of sociology through a general survey of various subdisciplines of the field with an emphasis on student understanding of research, theory, and professionalization.

**SOC 490. Independent Study in Sociology. (1-6 Credits)**

(1-6) A. Prerequisite: SOC 131 and six additional hours of SOC. Student must have the independent study proposal form approved by faculty supervisor and departmental chair prior to enrollment. Additional independent study courses may be retaken to a maximum of six hours.

**SOC 499. Directed Research in Sociology. (3 Credits)**

A. Prerequisite: Departmental approval. A directed research experience for Sociology majors that integrates a research experience with the students' professional development and the production of a substantive deliverable product (e.g., poster or conference presentation).

**Spanish****SPA 101. Conversational Spanish I. (3 Credits)**

I, II. Prerequisite: completion of all required developmental reading and writing courses. Beginning Spanish for students with little or no previous study of Spanish. Qualified students should enroll at a higher level. Proficiency-based course emphasizing active communication in Spanish, and introducing the cultural diversity of the Spanish-speaking world. Conducted in Spanish. Not open to students who have native or near-native fluency in Spanish. Gen. Ed. E-6.

**SPA 101P. Spanish Practicum I. (1 Credit)**

I, II. Students who enroll in this course must be concurrently enrolled in SPA 101. This course provides students with an additional opportunity to study and apply the vocabulary, grammar, and usage presented in SPA 101.

**SPA 102. Conversational Spanish II. (3 Credits)**

I, II. Prerequisite: SPA 101, or equivalent proficiency. (Students with three or four successful years of high school Spanish should begin their study in SPA 102, 105, or higher. Students entering SPA 102 by referral or placement will receive three hours credit for SPA 101 if they make an A in 102.) Continuation of SPA 101. Conducted in Spanish. Not open to students who have native or near-native fluency in Spanish.

**SPA 102P. Spanish Practicum II. (1 Credit)**

I, II. Students who enroll in this course must be concurrently enrolled in SPA 102. This course provides students with an additional opportunity to study and apply the vocabulary, grammar, and usage presented in SPA 102.

**SPA 105. Accelerated Spanish I. (6 Credits)**

(6) A. Recommended: minimum of two years high school Spanish and/or instructor approval. An intensive approach to the skills of reading, writing, speaking, listening, and understanding culture. SPA 105 covers the same material as SPA 101 and 102, but is completed in a single semester. Conducted in Spanish. Not open to students who have native or near-native fluency in Spanish. Gen. Ed. E-6.

**SPA 201. Intermediate Conversational. (3 Credits)**

I, II. Recommended: SPA 102 or equivalent proficiency. Development of more advanced skills for speaking, listening, reading, and writing in contemporary cultural contexts. Laboratory work required. Students entering SPA 201 by referral or placement receive six hours credit for SPA 101 and 102 if they make an  $\zeta A_{\zeta}$  or  $\zeta B_{\zeta}$  in 201. Gen. Ed. VIII.

**SPA 202. Intermediate Conversational Spanish II. (3 Credits)**

I, II. Recommended: SPA 201 or equivalent proficiency. Development of more advanced skills for speaking, listening, reading, and writing, with increased emphasis on short readings, discussions, and compositions on cultural topics. Laboratory work required. Students entering SPA 202 by referral or placement receive nine hours credit for SPA 101, 102, and 201 if they make an  $\zeta A_{\zeta}$  or  $\zeta B_{\zeta}$  in 202. Gen. Ed. VIII.

**SPA 205. Accelerated Spanish II. (6 Credits)**

Prerequisite: SPA 105, or SPA 102 or equivalent with minimum grade of B, or two years AP high school Spanish, and/or instructor approval. An intensive approach to the skills of reading, writing, speaking, listening, and understanding culture. SPA 205 covers the same material as SPA 201 and 202, but is completed in a single semester. Gen. Ed. E-6.

**SPA 295. Independent Work in Spanish. (1-3 Credits)**

A. Prerequisite: SPA 202 or equivalent proficiency. May be retaken to a maximum of 9 hours if content is different. Prior to enrollment, student must have the independent study proposal approved by faculty supervisor and department chair.

**SPA 300. Advanced Conversation. (3 Credits)**

A. Formerly SPA 206. Prerequisite: SPA 202 or 205 or instructor approval. Active development of skills and strategies for functional fluency in Spanish in real cultural contexts. Credit will not be awarded for both SPA 206 and SPA 300.

**SPA 301. Reading and Culture. (3 Credits)**

A. Prerequisites: SPA 202 and SPA 300 or equivalent proficiency with department chair approval. Interactive discussion and writing on readings representative of Hispanic culture. Taught in Spanish.

**SPA 310. Topics in Spanish:\_\_\_\_. (1-3 Credits)**

A. Prerequisite: SPA 300 and SPA 301. May be retaken to a maximum of 9 hours if topic is different. Selected topics in Spanish language, literature, or culture.

**SPA 320. Spanish for the Professions. (3 Credits)**

A. Prerequisites: SPA 300 and 360, or equivalent proficiency with department chair approval. Provides opportunities to learn and use Spanish for professions. Includes vocabulary for the social sciences, industrial technology, law enforcement, and health care as deemed relevant. Taught primarily in Spanish.

**SPA 321S. Spanish for the Social Services. (3 Credits)**

A. Prerequisite: SPA 300 and SPA 301 or Departmental Approval. Designed to develop the knowledge and skills required for communication by collaborating with professionals in an approved service learning site. Materials and activities are geared toward professional interactions and will emphasize cultural knowledge.

**SPA 349. Applied Learning in Spanish. (0.5-6 Credits)**

A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time course work at EKU. A minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinator. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

**SPA 349A. Cooperative Study: Spanish. (0.5-6 Credits)**

A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time course work at EKU. A minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinator. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

**SPA 349B. Cooperative Study: Spanish. (0.5-6 Credits)**

A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time course work at EKU. A minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinator. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

**SPA 349C. Cooperative Study: Spanish. (0.5-6 Credits)**

A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time course work at EKU. A minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinator. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

**SPA 349D. Cooperative Study: Spanish. (0.5-6 Credits)**

A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time course work at EKU. A minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinator. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

**SPA 349E. Cooperative Study: Spanish. (0.5-6 Credits)**

A. Prerequisite: students must have successfully completed 15 hours of Spanish major courses or equivalent proficiency. In addition, transfer students must have completed one semester of full-time course work at EKU. A minimum of 80 hours of employment is required for each semester hour of academic credit. Site, plan and hours must be approved by Spanish coordinator. Work under coordinator and field supervisors in placements related to academic studies. Maximum of 6 (six) hours toward a degree.

**SPA 360. Grammar in Contexts. (3 Credits)**

I, II. Prerequisites: SPA 300. Emphasis on improving the understanding and application of Spanish through study of components of Spanish grammar in a variety of written cultural contexts.

**SPA 380. Civilizations of Spain. (3 Credits)**

I. Prerequisites: SPA 301 and 360, or equivalent proficiency with department chair approval. An exploration of Spain's intellectual, cultural, and historical development. Class conducted primarily in Spanish with Spanish texts in order to further development of reading, speaking, comprehension, and writing skills in Spanish.

**SPA 381. Civilizations of Latin America. (3 Credits)**

II. Prerequisites: SPA 301 and 360, or equivalent proficiency with department chair approval. An exploration of Latin America's intellectual, cultural, and historical development. Class conducted primarily in Spanish with Spanish texts in order to further development of reading, speaking, comprehension, and writing skills in Spanish.

**SPA 390. Adv Composition & Conversation. (3 Credits)**

A. Formerly SPA 370. Prerequisites: SPA 300 or 301 or equivalent proficiency with departmental approval. Intensive practice in developing skills for effective oral and written communication in Spanish. Taught in Spanish.

**SPA 401. Spanish Language Studies:\_\_\_\_. (3 Credits)**

A. Prerequisite: SPA 360. A selected topic such as phonetics, phonology, semantics, syntax, or history of the language. May be retaken to a maximum of nine hours if content is different.

**SPA 405. Hispanic Literature Culture. (3 Credits)**

A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts from the Middle Ages to 1700. Taught in Spanish.

**SPA 406. Hispanic Literature Culture. (3 Credits)**

A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America in their historical and cultural contexts in the 18th and 19th centuries. Taught in Spanish.

**SPA 407. Hispanic Literature and Culture. (3 Credits)**

A. Prerequisite: SPA 301 or equivalent proficiency with department chair approval. Readings and interactive analyses of representative authors, works, and movements of both Spain and Spanish-America, in their historical and cultural contexts, in the 20th century. Taught in Spanish.

**SPA 410. Introduction to Interpreting. (3 Credits)**

Prerequisite: SPA 360. This is a practical course designed to develop proficiency in community interpreting. Topics include consecutive interpreting skills, sign translation skills, vocabulary and terminology research, intercultural issues, and situational ethics.

**SPA 492. Senior Capstone Seminar. (3 Credits)**

(3). A. Prerequisites: At least 15 hours of 300-400 level Spanish and/or chair approval. Advanced majors will demonstrate their skills in the language, cultures, and literatures of the Spanish speaking world, via a research project, demonstrating proficiency in oral and written Spanish, and a final presentation to peers and faculty. Taught in Spanish. Required of all Spanish majors.

**SPA 495. Independent Work in Spanish. (1-3 Credits)**

A. Prerequisite: departmental approval. May be counted toward major or minor only with permission of department chair. May be retaken to a maximum of six hours if content is different. Student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment.

**SPA 572. Hispanic Literature:\_\_\_\_\_ (3 Credits)**

A. Prerequisites: SPA 301 and three hours from SPA 405, 406, or 407. Study of a selected literary topic. May be retaken to a maximum of nine hours if content is different.

## Anthropology, Bachelor of Arts (B.A.)

Anthropology is the study of human diversity. It explores the meaning of being human - from the study of culture and social relations, to human biology and physical evolution, to language, to music and art and to vestiges of human habitation. Anthropology addresses fascinating questions such as how peoples' behavior changes over time, how and why people from distant parts of the world and dissimilar cultures are in many ways similar, how the human species has evolved over millions of years, and how individuals understand and operate successfully in distinct cultural settings. Anthropology includes four sub-fields: cultural anthropology, physical anthropology, archaeology, and linguistics.

The Anthropology Program at EKU offers exposure to all of these sub-fields, with the opportunity to specialize, if so desired. Two great reasons to study anthropology include:

1. study topics are intellectually exciting; and
2. Anthropology prepares students for excellent jobs and opens doors to various career paths.

Anthropological study provides training particularly well-suited to the 21<sup>st</sup> century. Anthropology approaches human questions from historical, biological, and cultural perspectives. As a result, career opportunities exist in academic, corporate, nonprofit and government settings.

Many anthropologists with bachelor's degrees work for contract archaeology firms at archaeological sites, in physical anthropology laboratories, and in museums in a wide range of areas. International health organizations and development banks employ anthropologists to help design and implement a wide variety of programs. Governmental organizations use anthropologists in planning, research, and managerial capacities. Forensic anthropologists find work in university and museum settings along with police departments to help identify mysterious or unknown remains.

Anthropology is a career that embraces people of all kinds. It is a discipline that thrives with heterogeneity -in people, ideas, and research methods. Anthropologists know the wisdom of listening to multiple voices and linking the work from researchers who bring different backgrounds and apply various approaches to their endeavors.

CIP Code: 45.0201

### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3
<b>Element 4</b>		
	Natural Sciences (p. 64)	6
<b>Element 5</b>		
A:	Historical Science (p. 65)	3
B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

### Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
	General Education	36
<i>Student Success Seminar</i>		
	Student Success Seminar (waived for transfers with 30+ hrs.)	1
Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)		
ANT 395	History and Theory of Anthropology (Senior Capstone)	
ANT 439	Practicum in Archaeology	
ANT 470	Field Methods in Archaeology	
SOC 330S	Sociology of Migration	
HON 420	Thesis Project and Seminar	
Or a program-approved study abroad experience		

### Major Requirements

#### Core Courses

ANT 120	Introduction to Cultural Anthropology	3
ANT 200	Archaeology and Human Cultures	3
ANT 201	Introduction to Biological Anthropology	3
ANT 330	Native American Cultures	3
ANT 394W	Anthropology & Wicked Problems	3
ANT 395	History and Theory of Anthropology	3
Choose from 15 hours with at least one course from each of the following categories:		15
<b>Archaeology:</b>		
ANT 321	Historical Archaeology	

ANT 341	North American Archaeology
ANT 355	Selected Topics in Archaeology:___
ANT 357	Archaeology and the Law
ANT 360	Aztecs, Inkas, Mayas
ANT 439	Practicum in Archaeology
ANT 470	Field Methods in Archaeology
ANT 471	Archaeological Materials Analysis
<b>Cultural Anthropology:</b>	
ANT 311	Anthropology of Religion
ANT 344	Applied Anthropology
ANT 345	Language and Culture
ANT 346	Anthropology of Food
ANT 375	Selected Topics in Cultural Anthropology
ANT 377	Medical Anthropology
<b>Biological Anthropology:</b> <sup>1</sup>	
ANT 306	Human Evolution
ANT 365	Selected Topics in Physical Anthropology:___
ANT 370	Primate Conservation
ANT 371	Primate Ecology & Sociality
ANT 380	Forensic Anthropology
ANT 385	Human Osteology
ANT 460	Bio Anthropology Field Methods
<i>Free Electives</i>	
Choose from 50 hours of free electives	50
<b>Total Hours</b>	<b>120</b>

1

ANT 490 Independent Study in Anthropology or ANT 498 Directed Research in Anthropology may also be selected; it will be classified where appropriate.

## Anthropology, Minor Program Requirements

A student may minor in Anthropology by taking a minimum of 18 hours as follows:

Code	Title	Hours
<b>Required Courses</b>		
ANT 120	Introduction to Cultural Anthropology	3
ANT 200	Archaeology and Human Cultures	3
ANT 201	Introduction to Biological Anthropology	3
Choose from one upper division Archaeology course		3
Choose from one upper division Cultural Anthropology course		3
Choose from one upper division Biological Anthropology course		3
<b>Total Hours</b>		<b>18</b>

ANT 394W Anthropology & Wicked Problems nor ANT 395 History and Theory of Anthropology will count toward the minor.

## Archaeology, Minor Program Requirements

A student may minor in Archaeology by taking a minimum of 18 hours as follows:

Code	Title	Hours
<b>Required Courses</b>		
ANT 200	Archaeology and Human Cultures	3
ANT 330	Native American Cultures	3
<b>Electives</b>		
Choose from 12 hours of upper division Archaeology electives of the following:		12
ANT 321	Historical Archaeology	
ANT 341	North American Archaeology	
ANT 355	Selected Topics in Archaeology:___	
ANT 357	Archaeology and the Law	
ANT 360	Aztecs, Inkas, Mayas	
ANT 439	Practicum in Archaeology	
ANT 470	Field Methods in Archaeology	
ANT 471	Archaeological Materials Analysis	
ANT 490	Independent Study in Anthropology (if archaeological topic)	
<b>Total Hours</b>		<b>18</b>

## Diversity in Society, Departmental Certificate

The certificate in Diversity in Society is ideal for all undergraduate students who want to work with diverse populations. The certificate provides transferable knowledge into many career areas, including the helping professions as well as careers in the arts, business, criminal justice, and STEM fields. Students are encouraged to select a group of courses tailored to their personal, academic, and professional goals. The certificate in Diversity in Society requires a minimum of 12 hours, and students must earn a "B" or higher in all courses counting toward the certificate.

## Program Requirements

## Sociology, Bachelor of Arts with a Concentration in Diversity in Society (B.A.)

The field of Sociology emerged as a scientific enterprise focused on a comprehensive understanding of the modern world, its origins, basic components, and central tendencies. As a member of this tradition, the Sociology Program at EKU provides students with an advanced understanding of the modern social structure and its institutions (politics, economics, religion, mass media, the family, labor markets), human group dynamics, social inequalities of class, gender, race, and sexuality, forms of human interaction, and social deviance (crime, juvenile delinquency). Sociologists also study regional issues such as social change in Appalachia and environmental concerns. Sociology faculty are skilled in teaching the theoretical foundations of sociology and methods of social research, while they teach students to think critically.

Students who major in Sociology can pursue one of two concentrations. The General Sociology concentration gives students a broad knowledge base within the field, emphasizing electives in a variety of areas of the students' own choosing. Combined with basic skills in research methods and analysis, the General Sociology widens students' job opportunities in a rapidly changing economy where specialized jobs often become outdated. Students who major in sociology are taught to think critically, communicate effectively, and respond constructively to

the challenges and opportunities they will encounter. A concentration in General Sociology provides a gateway to many different professions.

The Diversity in Society Concentration equips students with a sociological understanding of social diversity through a variety of lenses including, race, ethnicity, gender, and sexuality, as well as the intersections of these identities. Students who pursue this concentration will also gain a broad knowledge base and research and data analysis training through required courses in the major. Their additional coursework will focus more specifically on gaining knowledge and competencies related to issues of diversity and equity. This concentration allows students to signal desirable skills to future employers such as cultural competency and the ability to interact effectively with people from diverse backgrounds.

Many sociology graduates move into careers in the following areas: social services, social media, data mining and analysis, human relations, Law and legal services, policy analysis, teaching, and health fields. Others find employment in management and administrative careers in government agencies as well as in a wide range of private sector firms. Still others work to achieve their goals in less traditional careers such as grassroots activism or private entrepreneurship.

## Sociology, Bachelor of Arts with a General Concentration (B.A.)

The field of Sociology emerged as a scientific enterprise focused on a comprehensive understanding of the modern world, its origins, basic components, and central tendencies. As a member of this tradition, the Sociology Program at EKU provides students with an advanced understanding of the modern social structure and its institutions (politics, economics, religion, mass media, the family, labor markets), human group dynamics, social inequalities of class, gender, race, and sexuality, forms of human interaction, and social deviance (crime, juvenile delinquency). Sociologists also study regional issues such as social change in Appalachia and environmental concerns. Sociology faculty are skilled in teaching the theoretical foundations of sociology and methods of social research, while they teach students to think critically.

Students who major in Sociology can pursue one of two concentrations. The General Sociology concentration gives students a broad knowledge base within the field, emphasizing electives in a variety of areas of

the students' own choosing. Combined with basic skills in research methods and analysis, the General Sociology widens students' job opportunities in a rapidly changing economy where specialized jobs often become outdated. Students who major in sociology are taught to think critically, communicate effectively, and respond constructively to the challenges and opportunities they will encounter. A concentration in General Sociology provides a gateway to many different professions.

The Diversity in Society Concentration equips students with a sociological understanding of social diversity through a variety of lenses including, race, ethnicity, gender, and sexuality, as well as the intersections of these identities. Students who pursue this concentration will also gain a broad knowledge base and research and data analysis training through required courses in the major. Their additional coursework will focus more specifically on gaining knowledge and competencies related to issues of diversity and equity. This concentration allows students to signal desirable skills to future employers such as cultural competency and the ability to interact effectively with people from diverse backgrounds.

### Animal Science

#### **ANS 200. Introduction to Animal Studies. (3 Credits)**

A. A survey of the field of animal studies, focusing on animals' lives and histories, and the human experience of animals as food, as objects of entertainment, spectacle and science, as companions, and as representations.

#### **ANS 258. Career Development in Animal Studies. (3 Credits)**

(3) A. Prerequisite: Animal Studies majors only and at least sophomore standing. Prerequisite or Corequisite: ANS 200. The course will acquaint Animal Studies majors with various career opportunities in Animal Studies, and help students recognize and build the skills and credentials they need to gain entry into their desired career.

#### **ANS 310. Animals in Literature. (3 Credits)**

A. Prerequisite: ANS 200 (C) or ENG 102 or ENG 105 (B) or HON 102, or instructor approval. The course surveys the rhetorical and thematic use of animals in imaginative texts.

#### **ANS 320. Animals in History. (3 Credits)**

A. Prerequisite: ANS 200(C) or instructor approval. A survey of the history of animals in European and American cultures, from prehistory to the modern age. Animals are examined as food, objects of entertainment and knowledge, companions, and representations.

#### **ANS 349. Applied Learning in Animal Studies. (0.5-8 Credits)**

(.5-8) A. Prerequisites: ANS 200 (C) and BIO 112 (C) and ANT 120 (C) or departmental approval. Work in placements related to academic studies. A minimum of 80 hours employment required for each semester hour credit. Course may be repeated for up to 16 credits total. Graded Satisfactory/Unsatisfactory.

#### **ANS 350. Animal Enrichment. (3 Credits)**

(3) A. Cross-Listed as PSY 350. Prerequisite: ANS 200 or PSY 200. Covers the concept and practice of animal enrichment. Students will learn about the theoretical and applied aspects of enrichment and will acquire experience designing and implementing enrichment. Credit will not be awarded to students who have credit for PSY 350.

#### **ANS 400. Senior Seminar.\_\_\_\_. (3 Credits)**

A. Prerequisite: ANS 200 (C) and 15 hours of courses required for the ANS major. The senior seminar examines a topic in animal studies from the perspectives of application, science, and humanities. May be retaken once, provided the subject matter differs each time.

#### **ANS 497. Topics in Animal Studies. (3 Credits)**

A. Prerequisite: ANS 200 (C) and 9 hours of courses required for the ANS major, or instructor approval. The course examines a topic in animal studies in detail. May be retaken once, provided the subject matter differs each time.

#### **ANS 499. Senior Exit Course in Animal Studies. (0 Credits)**

(0) I, II. Prerequisite: 102 credit hours completed. Students will complete the Senior Exit Survey and the Senior Knowledge Exam in this course.

## Psychology

#### **PSY 200. Introduction to Psychology. (3 Credits)**

I,II. A survey of the major content areas and methods of psychology, including history, biological correlates, cognition, language, intelligence, motivation, emotion, development, personality, abnormal, therapy, and social behavior. Credit will not be awarded to students who have credit for PSY 200W. Gen. Ed. VB, VC, or VII (SBS). E-5B [SB].

#### **PSY 200W. Introduction to Psychology: Writing Intensive. (3 Credits)**

I, II. Prerequisites: ENG 102 or 105 (B) or HON 102, and completion of developmental reading requirement. A writing intensive survey of the major content areas and methods of psychology, including history, biological correlates, cognition, language, intelligence, motivation, emotion, development, personality, abnormal, therapy, and social behavior. Credit will not be awarded to students who have credit for PSY 200. Gen. Ed. VB, VC, or VII (SBS). E5B.

#### **PSY 200Z. Introduction to Psychology. (3 Credits)**

I,II. Prerequisite: completion of developmental reading requirement. A survey of the major content areas and methods of psychology, including history, biological correlates, cognition, language, intelligence, motivation, emotion, development, personality, abnormal, therapy, and social behavior. Credit will not be awarded to students who have credit for PSY 200W. Gen. Ed. VB, VC, or VII (SBS). E-5B [SB].

#### **PSY 240. Scientific Literacy in Psychology. (3 Credits)**

A. Prerequisites: PSY 200 and Pre or Corequisite: ENG 102 or 102R or ENG 105(B) or HON 102. Information literacy, reading, evaluating, summarizing scientific literature in Psychology; scientific writing (APA format); basic research terminology. Credit will not be awarded for both PSY 240 and PSY 250 or PSY 250W.

#### **PSY 258. Career Development in Psychology. (3 Credits)**

A. Pre or Corequisite: PSY 240 or VTS 200. Will acquaint psychology majors with career opportunities, and help students recognize and build the skills needed for their desired career field. Credit will not be awarded for both PSY 258 and PSY 358.

#### **PSY 280. Lifespan Developmental Psych.. (3 Credits)**

I, II. Prerequisite: PSY 200. A survey of theory and research in developmental psychology across the entire life span. May not be applied to the Psychology major. Credit will not be awarded to students who have credit for PSY 280W.Gen. Ed. VB, VC, or VII (SBS).

#### **PSY 280W. Lifespan Developmental Psychology: Writing Intensive. (3 Credits)**

I, II. Prerequisites: PSY 200; ENG 102 or ENG 105 (B) or HON 102. A writing-intensive survey of theory and research in developmental psychology across the entire life span. May not be applied to the Psychology major. Credit will not be awarded to students who have credit for PSY 280. Gen. Ed. VB, VC, or VII (SBS).

#### **PSY 300. Social Psychology. (3 Credits)**

A . Prerequisite: PSY 200 and Pre or Corequisite: ENG 102 or 102R or ENG 105 (B) or HON 102. A study of the power of situations and the social environment to affect human behavior. Topics include: attitudes, persuasion, prejudice, discrimination, group behavior, interpersonal attraction, aggression and prosocial behavior. Credit will not be awarded for both PSY 300 and PSY 300W.

**PSY 300W. Social Psychology: W. (3 Credits)**

A. Prerequisites: PSY 250 or PSY 250W and ENG 102 or ENG 105 (B) or HON 102. Writing intensive study of the power of situations and the social environment to affect human behavior. Topics include: attitudes, persuasion, prejudice, discrimination, group behavior, interpersonal attraction, aggression and prosocial behavior. Credit will not be awarded to students who have credit for PSY 300.

**PSY 305. Psychology of Personality. (3 Credits)**

A. Prerequisites: PSY 200 and Pre or Corequisite: ENG 102 or 102R or ENG 105 (B) or HON 102. Basic approaches to the study of personality. Theories and research about how personality affects behavior and life outcomes.

**PSY 308. Abnormal Psychology. (3 Credits)**

A. Prerequisites: PSY 200 and Pre or Corequisite: ENG 102 or 102R or ENG 105 (B) or HON 102. Descriptive study of the nature, course, classification and prevalence of abnormal behavior, with attention to intellectual, personality, cognitive, sensory and motor functions.

**PSY 311. Physiological Psychology. (3 Credits)**

A. Prerequisites: PSY 240 or 250 or 250W and ENG 102 or ENG 105(B) or HON 102. Facts, concepts, and principles regarding physiological events that underlie behavior. Attention to contemporary research methods and problems undergoing study.

**PSY 312. Infant and Child Development. (3 Credits)**

A. Prerequisites: PSY 200, and Pre or Corequisite: ENG 102 or 102R or ENG 105(B) or HON 102. Theoretical and empirical approaches to the development of the infant and child with attention to perceptual, behavioral, social, and cognitive development and the capacity for learning.

**PSY 314. Adolescent and Adult Development. (3 Credits)**

A. Prerequisite: PSY 200 and ENG 102 or ENG 105(B) or HON 102. Survey of biological, psychological, social, cognitive, and historical influences on adolescent and adult development.

**PSY 315. Sensation and Perception. (3 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W and ENG 102 or ENG 105(B) or HON 102. Experimental study of sensation and perception, the sensory and cognitive processes by which we come to know our world. Credit will not be awarded for both PSY 315 and PSY 315L.

**PSY 315L. Sensation and Perception Lab. (4 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W and ENG 102 or ENG 105(B) or HON 102. Experimental study of sensation and perception, the sensory and cognitive processes by which we come to know our world. 3 Lec/2 Lab. Credit will not be awarded for both PSY 315L and PSY 315.

**PSY 316. Aging and Senescence. (3 Credits)**

A. Prerequisites: PSY 200, and Pre or Corequisite: ENG 102 or 102R or ENG 105(B) or HON 102. Theory and facts about aging changes in sensory processes, intellect, memory, personality, family and psychopathology.

**PSY 317. Cognitive Psychology. (3 Credits)**

A. Prerequisite or co-requisite: PSY 309. Theoretical and empirical approaches to human cognition. Topics include knowledge acquisition and organization, memory, language, problem solving, and thinking skills. Credit will not be awarded for both PSY 317 and PSY 317L.

**PSY 317L. Cognitive Psychology Lab. (4 Credits)**

A. Prerequisite or co-requisite: PSY 309 or PSY 309W or PSY 340W. Theoretical and empirical approaches to human cognition. Topics include knowledge acquisition and organization, memory, language, problem solving, and thinking skills. 3 Lec/2 Lab. Credit will not be awarded for both PSY 317 and PSY 317L.

**PSY 318. Introduction to School Psychology. (3 Credits)**

(3) A. Prerequisites: PSY 240 or PSY 250 or PSY 250W; ENG 102, ENG 105(B) or HON 102; CMS 100, 210, or EES 250. Introduction to the field of School Psychology. Topics include developmental disabilities, mental health diagnoses, assessment, consultation, direct intervention, history of school psychology, and professional considerations.

**PSY 319. Psychology of Work. (3 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319S.

**PSY 319S. Psychology of Work. (3 Credits)**

A. Prerequisites: PSY 250 and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Service learning included in course. Credit will not be awarded for both PSY 319 and 319S.

**PSY 320. Health Psychology. (3 Credits)**

I, II. Prerequisites: PSY 240 or PSY 250 or PSY 250W, and ENG 102 or ENG 105(B) or HON 102. Theoretical and research perspectives on the relationship between psychological factors and health. Emphasis on utilizing psychological principles and methodology to understand and change illness and health behaviors. Credit will not be awarded for both PSY 410 and PSY 320.

**PSY 321. Psychology Perspectives of Parenting and Child Care. (3 Credits)**

(3) A. Prerequisite: PSY 200 and PSY 312. A survey of major psychological theories related to parenting and child care. Topics include attachment, development, behavior, temperament, and parenting styles.

**PSY 322. Cognitive Development. (3 Credits)**

A. Formerly PSY 530. Prerequisite: PSY 240 or PSY 250 or PSY 250W, or departmental approval. Overview of how individuals become intelligent through the acquisition of knowledge, learning to reason, think, and engage in abstract thought. Credit will not be awarded to students who have credit for PSY 530.

**PSY 327. ABA for Behavior Technicians. (3 Credits)**

A. Prerequisite: PSY 200 or departmental approval. Introduction to the principles and practices of applied behavior analysis that provides students with the theoretical knowledge and practical skills to apply for the Registered Behavior Technician credential.

**PSY 330. ABA Assessment and Measurement. (3 Credits)**

Prerequisites: PSY 240 or PSY 250 or PSY 250W; ENG 102, 105 (B), or HON 102; and CMS 100 or 210. An introduction to assessment and measurement in behavior analysis.

**PSY 333. Comparative Psychology. (3 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W and ENG 102 or ENG 105(B) or HON 102. A survey of theory and research in the psychology of animals. Topics include history of scientific studies, learning, memory, representation, intelligence, knowledge, innovation, culture, communication, development, emotion, social skill, consciousness, and theory of mind.

**PSY 337. Introduction to Psychiatric Rehabilitation. (3 Credits)**

Prerequisite: PSY 308. Introduces students to the background and supporting research behind psychiatric rehabilitation, as well as the field's underlying values and principles.

**PSY 340. Research Literacy in Psychology. (3 Credits)**

Prerequisites: MAT 105(C) or MAT 106(C) or any MAT course above 106 or PHI 101 or PHI 101R or STA 215; PSY 240 or 250 or 250W; and ENG 102 or 102R or ENG 105(B) or HON 102. Writing intensive introduction to the research methods used in Psychology. Students will not receive credit for both PSY 340 and PSY 309, 309W, or PSY 340W.

**PSY 340W. Research Literacy in Psychology. (3 Credits)**

Prerequisites: MAT 105(C) or MAT 106(C) or any MAT course above 106 or PHI 101 or PHI 101R or STA 215; PSY 240 or 250 or 250W; and ENG 102 or 102R or ENG 105(B) or HON 102. Writing intensive introduction to the research methods used in Psychology. Students will not receive credit for both PSY 340W and PSY 309, 309W, or PSY 340.

**PSY 349. Applied Learning in Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W or PSY 258 and departmental approval. Work in placements related to academic studies. A minimum of 80 hours employment required for each semester hour credit. Three hours may be applied toward the major, not applicable toward a minor. Course may be repeated for up to 16 credits total. Graded Satisfactory/ Unsatisfactory.

**PSY 349A. Cooperative Study: Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 250 and departmental approval. Work in placements related to academic studies. A minimum of 80 hours employment required for each semester hour credit. Three hours may be applied toward the major, not applicable toward a minor. Course may be repeated for up to 16 credits total. Graded Satisfactory- Unsatisfactory.

**PSY 349B. Cooperative Study: Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 250 and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319S.

**PSY 349C. Cooperative Study: Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 250 and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319S.

**PSY 349D. Cooperative Study: Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 250 and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319S.

**PSY 349E. Cooperative Study: Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 250 and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319S.

**PSY 349F. Cooperative Study: Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 250 and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319S.

**PSY 349G. Cooperative Study: Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 250 and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319S.

**PSY 349H. Cooperative Study: Psychology. (0.5-8 Credits)**

A. Prerequisites: PSY 250 and ENG 102 or ENG 105(B) or HON 102 and CMS100 or CMS 210. Application of psychological theories and procedures to the world of work. Topics include personal policies and administration, performance management, organizational theory, behavior and development, occupational health, and leadership. Credit will not be awarded for both PSY 319 and 319S.

**PSY 350. Animal Enrichment. (3 Credits)**

(3) A. Cross-Listed as ANS 350. Prerequisite: ANS 200 or PSY 200. Covers the concept and practice of animal enrichment. Students will learn about the theoretical and applied aspects of enrichment and will acquire experience designing and implementing enrichment. Credit will not be awarded to students who have credit for ANS 350.

**PSY 377. Psychology of Adoption. (3 Credits)**

(3) A. Prerequisites: PSY 308; PSY 312, 280, or 280W. A survey of developmental, familial, cultural, and psychological factors in the adoption experience.

**PSY 392. Environmental Psychology. (3 Credits)**

I, II. Prerequisites: PSY 200, and ENG 102 or ENG 105(B) or HON 102. Study of ways in which people influence the environment and are influenced by it. Issues include discussion of both the natural and built environment. Credit will not be awarded for both PSY 404 and PSY 392.

**PSY 397. Topics in Psychology:\_\_\_\_. (3 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W and ENG 102 or 105(B) or HON 102. Selected topics for study. Variable topics across semesters in terms of student interest and available faculty. May be retaken for a maximum of 12 credits, provided the subject matter differs each time.

**PSY 399. Research Development Skills. (3 Credits)**

(3) I, II. Prerequisites: ENG 102, ENG 105(B), or HON 102; PSY 309 or 309W or 340W and departmental approval. Prerequisite or Corequisite: PSY 310(C). Advanced development of research skills including generating hypotheses and designing the appropriate methodology to test them. Students will also write a faculty-supervised research proposal, with the purpose of completing the research project in PSY 419.

**PSY 400. Senior Seminar.\_\_\_\_. (3 Credits)**

A. Prerequisite or co-requisite: PSY 310 or 399 or 440 or departmental approval. The senior seminar examines contemporary psychological issues from each of the five sub-disciplines of Psychology. Issues vary from semester to semester. May be retaken once, provided the subject matter differs each time.

**PSY 402. Independent Work in Psychology. (1-3 Credits)**

I, II. Prerequisite: student must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. Results must be presented in a formal paper. May be retaken to a maximum of six hours provided different problems are studied.

**PSY 405. Intro to Interviewing/Therapy. (3 Credits)**

A. Prerequisite: PSY 240 or PSY 250 or PSY 250W and PSY 308. Introduction to the basic concepts and skills of interviewing and therapeutic communication in the mental health field.

**PSY 406. Intro to Behavior Therapy. (3 Credits)**

A. Prerequisite: PSY 240 or PSY 250 or PSY 250W, and PSY 308, and ENG 102 or ENG 105(B) or HON 102. Principles and techniques of applying behavioral principles in the analysis of complex human behavior. Emphasis is placed on methods of observing behavior and analyzing functional relationships between behavior and environment.

**PSY 408. Child Psychopathology. (3 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W, and PSY 308, and PSY 280 or PSY 312, and ENG 102 or ENG 105(B) or HON 102. Descriptive study of behavior disorders in children, with attention to symptoms or behavioral patterns, etiological influences, relevant research, theoretical underpinnings, and approaches to assessment and intervention.

**PSY 409. Experiential Learning in Psychology. (0 Credits)**

(0) I, II. Prerequisite: Departmental approval. Supervised field experience in Psychology. Only full-time students may enroll.

**PSY 410. Health Psychology. (3 Credits)**

I, II. Prerequisite: PSY 200 or departmental approval. Theoretical and research perspectives on the relationship between psychological factors and health. Emphasis on utilizing psychological principles and methodology to understand and change illness and health behaviors.

**PSY 412. The Psychology of Art. (3 Credits)**

A. Prerequisite: PSY 240 or PSY 250 or PSY 250W and PSY 305 and PSY 308 and ENG 102 or ENG 105(B) or HON 102 or departmental approval. Exploration of the ways in which selected psychological principles contribute to our understanding of art and the artist.

**PSY 413. Mind & Brain. (3 Credits)**

A. Prerequisites: PSY 250, and PSY 311(C) or 313(C) or 315(C) or 317(C) or 530(C). A bridging discipline between cognitive science and biopsychology that examines the neural bases of mental processes and complex behavior. Major topics include functional brain imaging, neural networks, perception, memory, language, and consciousness.

**PSY 414. Political Psychology. (3 Credits)**

A. Prerequisites: PSY 250 and PSY 300, and ENG 102 or ENG 105(B) or HON 102, and CMS 100 or CMS 210, or departmental approval. Seminar covers research that applies psychological methods and theory to politics. Areas covered include personality and politics, and the psychological perspectives of media bias, ideology, conflict, prejudice, and terrorism.

**PSY 415. Multicultural Psychology. (3 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W, and PSY 300, and ENG 102 or ENG 105(B) or HON 102, or departmental approval. Examines the value-laden nuances of mainstream psychology and its early history of promoting discrimination toward diverse groups in American society, while introducing the multicultural approach for combating the resulting "isms" (e.g. racism, genderism).

**PSY 419. Research Development Skills II. (3 Credits)**

(3) I, II. Prerequisites: PSY 399 and Research Proposal Approved by EKU IRB. Advanced development of data gathering, data analysis and research presentation skills. Students will execute research developed in PSY 399, learn alternative data management and analyses techniques, prepare oral and written presentations of research. Credit will not be awarded to students who have credit for PSY 401.

**PSY 420. Psychology of Women and Gender. (3 Credits)**

A. Cross-listed as WGS 420. Prerequisite: PSY 240 or PSY 250 or PSY 250W, and PSY 300, and completion of academic readiness indicators in reading. ENG 102 or ENG 105(B) or HON 102, or departmental approval. Introduction to current and historical theories and research into the psychology of women, including gender differences and similarities.

**PSY 429. Psychological Perspectives on Substance Abuse. (3 Credits)**

(3) A. Prerequisite: PSY 308. Topics include an overview of current and historical models of addiction and a comparison of assessment and treatment techniques. Evidence-based practice is emphasized.

**PSY 430. ABA Ethics and Intervention. (3 Credits)**

A. Prerequisites: PSY 330 and departmental approval. An introduction to ethical principles of behavior analysts and behavior change systems.

**PSY 437. Psychiatric Rehabilitation Competencies. (3 Credits)**

Prerequisite: PSY 337. Builds on introduction to Psychiatric Rehabilitation by focusing on key components of the Psychiatric Rehabilitation process. Emphasis will be placed on the development of practitioner skills and techniques.

**PSY 440. Applied Scientific Literacy in Psychology. (3 Credits)**

Prerequisite: PSY 309 or 309W or 340W. Applying scientific literacy techniques to the evaluation of claims in everyday scenarios, and developing evidence-based psychological skills in a variety of workplace environments. Students will not receive credit for both PSY 440 and PSY 310.

**PSY 458. Grad School Prep. (3 Credits)**

(3) A. Prerequisite: Junior or senior standing in Psychology; or departmental approval. Hands-on workshop for students intending to pursue graduate education in the near future.

**PSY 476. Psychology of Trauma. (3 Credits)**

Prerequisites: ENG 101, 101R, 102 (B), or HON 102; PSY 240 or PSY 250 or PSY 250W or 308, or Departmental Approval. Topics include trauma and trauma-related assessment and interventions from diverse clinical perspectives. Emphasis will be on the applications of theoretical viewpoints to a variety of posttraumatic situations with a transtheoretical approach to clinical scholarship on trauma.

**PSY 477. Psychology of Intellectual and Developmental Disabilities. (3 Credits)**

(3) A. Prerequisites: PSY 240 or 250 or 250W, PSY 308, PSY 408, and PSY 280 or 312; or departmental approval. Survey of developmental disabilities, including causes, impacts on the individuals and their families, and intervention approaches, as well as broader topics such as education, service delivery approaches, and ethics.

**PSY 490. Clinical Psychology. (3 Credits)**

A. Prerequisite: PSY 250, and PSY 308, and ENG 102 or ENG 105(B) or HON 102. Survey of clinical theories, methods, and approaches.

**PSY 497. Advanced Topics in Psychology:\_\_\_\_. (3 Credits)**

A. Prerequisites: PSY 240 or PSY 250 or PSY 250W, ENG 102, ENG 105(B), or HON 102, or departmental approval. Selected topics for study. Variable topics across semesters in terms of student interest and available faculty. May be retaken for a maximum of 12 hours provided the subject matter differs each time.

**PSY 499. Senior Exit Course in Psychology. (0 Credits)**

(0) I, II. Prerequisite: Senior standing and major in Psychology. Students will complete the Senior Exit Survey and the Senior Knowledge Exam in this course.

**PSY 502. Behavioral Applications I. (3 Credits)**

Prerequisite: PSY 501. This course builds on principles of behavior analysis in creating behavior change across a range of populations, behaviors, and settings. The focus is on fundamental elements of behavior.

**PSY 503. Practicum in Psychology. (1-3 Credits)**

A. Prerequisite: PSY 240 or PSY 250; PSY 309W or PSY 340W, or departmental approval. Practicum experience in which students will utilize their knowledge of psychological theory and methodology in an applied setting. May be retaken for a maximum of 6 hours. Students will not receive credit for both PSY 503 and PSY 703.

**PSY 510. Publishing Empirical. (3 Credits)**

A. Prerequisites: PSY 310 or 399 or 440 or equivalent, and department approval. Students must submit proposals to instructor prior to enrollment. This course will focus on analyzing, writing and submitting results of a psychological study or experiment to an undergraduate or professional journal.

**PSY 513. Mind and Brain. (3 Credits)**

(3) A. Prerequisite: PSY 311 (C), 313 (C), 315(C), 317(C), or 530(C). A bridging discipline between cognitive science and biopsychology examining neural bases of consciousness, mental processes and complex behavior. Major topics include prefrontal cortex functioning, neural networks, decision making, working memory, emotional control, and frontal disconnections. Credit will not be awarded for both PSY 513 and PSY 413.

**PSY 530. Cognitive Development. (3 Credits)**

A. Prerequisite: PSY 309 or departmental approval. Overview of how individuals become intelligent through the acquisition of knowledge, learning to reason, think, and engage in abstract thought.

**PSY 566. Forensic Psychology. (3 Credits)**

A. Formerly PSY 466. Prerequisites: PSY 240 or PSY 250 or PSY 250W, 308, and 6 additional hours in PSY. Review the roles of clinical psychologists in the legal system, focusing on principles of forensic mental health assessment, procedures of civil and criminal forensic psychological assessment, expert testimony, and forensic report writing. Credit will not be awarded to students who have credit for PSY 466.

**PSY 577. The Autism Spectrum. (3 Credits)**

A. Prerequisites: PSY 280 or PSY 312, and PSY 308, and PSY 309 or 309W or 340W, or departmental approval. Introduction to assessment, diagnosis, and intervention in autism spectrum disorders across the life span. Development of skills in applied assessment and intervention.

**PSY 579. History and Systems Of Psychology. (3 Credits)**

A. Prerequisite: PSY 311 or PSY 315; PSY 317, PSY 322 or PSY 530 or PSY 333; PSY 312 or PSY 314 or PSY 316; PSY 300 or PSY 305 or PSY 308 or departmental approval; CMS 100 or CMS 210. Prerequisite or co-requisite: PSY 310 or departmental approval. A survey of the history of psychology and its various schools of thought and approaches to the study of behavior and mental processes.

**PSY 590. Tests and Measurements. (3 Credits)**

A. Prerequisites: PSY 309 or 309W or 340W or departmental approval. Study of measurement principles with application in psychology, business, industry, and government. Interpretation, use, and evaluation of measurement and job analysis methods. Reliability, validity, utility, ethical/legal concerns are examined.

**PSY 597. Advanced Topics in Psychology:\_\_\_\_. (3 Credits)**

A. Prerequisite: PSY 240 or PSY 250 or PSY 250W, and ENG 102 or ENG 105(B) or HON 102 or departmental approval. Selected topics for advanced study. Topics vary across semesters depending on student interest and available faculty. May be retaken up to 12 hours.

**Veteran Studies****VTS 200. Intro to Veterans Studies. (3 Credits)**

A. Multidisciplinary study of military/veteran issues and perceptions of veterans. Explores impact of training/service on reintegration into civilian life and relationships. First course in VTS minor. Designed for non-veterans and veterans. Gen. Ed. Element 6.

**VTS 300. Veterans in Society. (3 Credits)**

A. Prerequisite: VTS 200 or equivalent proficiency. (Students entering VTS 300 by referral or placement receive three hours credit for VTS 200 if they make an A or B in 300.) Concentrated study of veteran subgroups, veterans' contributions to society, and the ways societal perceptions of military service influence homecoming experiences. May include field trips or service learning. Gen. Ed. E-6 [GE].

**VTS 349. Applied Learning for Veterans Studies. (0.5-8 Credits)**

A. Prerequisite or corequisite: VTS 200 and junior standing. Work or volunteer in an area related to Veterans Studies. 0.50 to eight hours credit. A minimum of 80 hours employment required for each semester hour credit. No more than 6 hours may count toward VTS program.

**VTS 349A. Cooperative Study: Veterans Studies. (0.5-8 Credits)**

A. Prerequisite: VTS 200 and junior standing. Work or volunteer in an area related to Veterans Studies. One to eight hours credit. A minimum of 80 hours employment required for each semester hour credit. No more than 3 hours may count toward VTS program.

**VTS 350. Special Topics:\_\_\_\_. (3 Credits)**

A. Prerequisite: VTS 200. Exploration of topics not covered in the existing VTS curriculum. May be taken for a maximum of six hours provided the subject matter is different each time.

**VTS 400. Veterans Studies Capstone Seminar. (3 Credits)**

A. Prerequisites: VTS 200 and 12 hours of VTS dimensional electives. Instructor mentored seminar incorporating previous gained knowledge concomitantly with course research to produce material presentable for publication and/or conference presentation. Class will organize a capstone symposium.

**VTS 401. Veterans Studies Capstone Project. (3 Credits)**

A. Prerequisites: VTS 200 and departmental approval. Mentored research project exploring veterans' identities, cultures, and experiences. Combines theories and perspectives learned in VTS with those found in the student's major.

**VTS 490. Independent Study. (3 Credits)**

A. Prerequisite: VTS 200 and junior standing. Independent research and study in an area related to veterans studies. Regular reports and final research paper required. Students must have the independent study proposal form approved by faculty supervisor and program director prior to enrollment.

**VTS 500. Veteran Identity Theory. (3 Credits)**

A. Prerequisite: ENG 102 or ENG 102R, ENG 105(B), or HON 102, VTS 200, and Junior standing. Advanced study and application of interdisciplinary theories and perspectives to the topic of veteran identity.

# Animal Studies, Bachelor of Science (B.S.)

## Program Objectives

Animal Studies (ANS) is an interdisciplinary major that concentrates on nonhuman animals, their interactions and relationships with people, and the mutual influences humans and nonhuman animals have on each other's existence, evolution, and history. Students in Animal Studies receive training in sciences, humanities, and applied fields. Within their cross-disciplinary training, students will choose to emphasize at least one of these areas of study. Graduates of the program will gain knowledge of and be able to evaluate ideas about nonhuman animals, humans, and their mutual influences informatively from diverse perspectives. Upon completion of the ANS degree, graduates will be able to

1. analyze contexts and events concerning animals knowledgeably and from diverse points of view;
2. elucidate the motives and consequences for diverse human-animal interactions;
3. evaluate the impacts of human uses of and attitudes toward animals on individuals and communities, and on evolution and history;
4. integrate cross-disciplinary ideas into an awareness of divergent perspectives on animals and humans; and
5. use skills and expertise in understanding animals and humans to obtain employment.

## Program Requirements

CIP Code: 30.9999

### Summary Checklist for General Education

Code	Title	Hours
<b>Element 1</b>		
A:	Written Communication (p. 63)	3
B:	Written Communication (p. 63)	3
C:	Oral Communication (p. 63)	3
<b>Element 2</b>		
	Quantitative Reasoning (p. 63)	3
<b>Element 3</b>		
A:	Arts (p. 63)	3
B:	Humanities (p. 63)	3

<b>Element 5</b>		
A:	Historical Science (p. 65)	3

B:	Social Behavioral Science (p. 65)	3
<b>Element 6</b>		
	Diversity of Perspectives Experiences (p. 65)	6
<b>Total Hours</b>		<b>36</b>

Students are expected to complete Elements 1 and 2 within their first 60 hours of college credit.

## Major

Code	Title	Hours
<b>University Graduation Requirements</b>		
General Education		36
<i>Student Success Seminar</i>		
GSD 101	Foundations of Learning (waived for transfers with 30+ hrs., not including AP and Dual Credit hours)	3
Upper division courses (42 hrs. distributed throughout Major/Supporting/Gen Ed/Free Electives categories)		
<b>Major Requirements</b>		
<i>Core Courses</i>		
ANS 200	Introduction to Animal Studies	3
Arts & Humanities:		
ANS 320	Animals in History	3
PHI 381	Animal Ethics	3
SOC 300	Animals and Society	3
Choose from one of the following:		
ANS 310	Animals in Literature	3
or ANS 497	Topics in Animal Studies	
Other relevant arts or humanities course approved by Animal Studies Advisor		
Science:		
ANT 306	Human Evolution	3
or ANT 371	Primate Ecology & Sociality	
BIO 319	General Zoology	4
BIO 316	Ecology	4
or BIO 550	Animal Behavior	
PSY 333	Comparative Psychology	3
Application:		
AGR 125	Principles of Animal Science	3
ANT 370	Primate Conservation	3
Choose from one of the following:		
LGS 306	Animals and the Law	3
Other law-related course approved by Animal Studies Advisor		
Choose from three hours of relevant applied learning or study abroad course		
Career Development:		
ANS 258	Career Development in Animal Studies	3
Capstone:		
Choose from one of the following:		
ANS 400	Senior Seminar: ____	3
or PSY 402	Independent Work in Psychology	
or PSY 419	Research Development Skills II	
Other relevant thesis option, approved by Animal Studies Advisor		
<i>Supporting Course Requirements</i>		
Choose from five hours of the following:		5

ANT 120	Introduction to Cultural Anthropology (Element 5B) G	
ANT 201	Introduction to Biological Anthropology (Element 4) G	
BIO 111 & BIO 112	Cell and Molecular Biology and Ecology and Evolution (Element 4) G,1	
<i>Animal Studies Electives</i>		
Choose from nine hours of relevant courses, approved by Animal Studies Advisor		9
<i>Exit Requirements</i>		
ANS 499	Senior Exit Course in Animal Studies	0
<i>Free Electives</i>		
Choose from 20 hours of free electives		20
<b>Total Hours</b>		<b>120</b>

**G**  
Course also satisfies a General Education element. Nine hours are included within the 36 hr. General Education requirement above.

**1**  
Three hours of BIO 111 Cell and Molecular Biology/BIO 112 Ecology and Evolution applied to General Education

A minimum grade of C is required for all courses counted toward the major.

# Psychology, Bachelor of Science with a Concentration in Art Therapy (B.S.)

## Program Objectives

Upon completion of the Psychology degree graduates will:

1. Use critical reading skills to understand and apply the findings from research articles in psychology.
2. Recall and explain empirically generated psychological content.
3. Demonstrate professionally relevant skills in psychology.

### Major Requirements

#### Core Courses

PSY 200	Introduction to Psychology	3
PSY 240	Scientific Literacy in Psychology	3
PSY 258	Career Development in Psychology	3
PSY 340W	Research Literacy in Psychology	3
PSY 399	Research Development Skills	3
or PSY 440	Applied Scientific Literacy in Psychology	
PSY 499	Senior Exit Course in Psychology	0

Choose from at least three hours from each of the following areas: 18  
Biological Bases of Behavior: <sup>1</sup>

PSY 311	Physiological Psychology	
PSY 315	Sensation and Perception	
PSY 315L	Sensation and Perception Lab	

#### Cognition/Learning:

PSY 317 & 317L	Cognitive Psychology and Cognitive Psychology Lab	
PSY 322	Cognitive Development	
PSY 333	Comparative Psychology	

#### Developmental: <sup>2</sup>

PSY 312	Infant and Child Development	
PSY 314	Adolescent and Adult Development	
PSY 316	Aging and Senescence	

#### Social Personality: <sup>3</sup>

PSY 300	Social Psychology	
PSY 305	Psychology of Personality	
PSY 308	Abnormal Psychology	

#### Skills: <sup>4</sup>

PSY 318	Introduction to School Psychology	
PSY 319	Psychology of Work	
PSY 405	Intro to Interviewing/Therapy	
PSY 406	Intro to Behavior Therapy	
PSY 327	ABA for Behavior Technicians	
PSY 490	Clinical Psychology	
PSY 590	Tests and Measurements	

#### Capstone:

PSY 349	Applied Learning in Psychology	
---------	--------------------------------	--

PSY 400	Senior Seminar:____	
PSY 419	Research Development Skills II	
PSY 579	History and Systems Of Psychology	
<b>Concentrations</b>		
Students may select one or more of the following Concentrations: <sup>5</sup>		
Psychology (General)		
Art Therapy		12
Substance Abuse		
Developmental Disabilities/Autism Spectrum Disorders		
Forensic Psychology		
Child and Family Psychology		
Psychology of the Workplace		
Brain and Cognitive Sciences		
Psychiatric Rehabilitation		
<i>Free Electives</i>		36
<b>Total Hours</b>		<b>120</b>

1

Students in the Substance Abuse or Brain and Cognitive Science Concentrations must select PSY 311 Physiological Psychology for this group.

2

Students in the Child and Family Psychology must select PSY 312 Infant and Child Development; students in the Psychology of the Workplace Concentration must select either PSY 314 Adolescent and Adult Development or PSY 316 Aging and Senescence; students in the Art Therapy Concentration must select PSY 312 Infant and Child Development.

3

Students in the Substance Abuse, Autism Spectrum, Forensic, or Workplace, and Art Therapy Concentrations must select PSY 308 Abnormal Psychology.

4

Students in the Substance Abuse Concentration must select PSY 490 Clinical Psychology; students in the Child and Family Concentration must select PSY 406 Intro to Behavior Therapy; students in the Workplace or Art Therapy Concentration must select PSY 405 Intro to Interviewing/Therapy.

5

Those who do not choose one will be placed in the General Concentration.

A minimum grade of "C" is required in all courses counted toward the major.

## Concentration

Art Therapists are required to earn a Master's degree in Art Therapy. Admission to Art Therapy Master's programs requires 18 hours of studio art classes in addition to the psychology classes that make up the concentration. Students pursuing the Art Therapy Concentration must also complete an 18-hour Art minor.

Code	Title	Hours
<b>Concentration Courses</b>		
PSY 305	Psychology of Personality	3
PSY 412	The Psychology of Art	3

PSY 314	Adolescent and Adult Development	3
or PSY 316	Aging and Senescence	
Choose from one of the following:		3
PSY 406	Intro to Behavior Therapy	
PSY 408	Child Psychopathology	
PSY 476	Psychology of Trauma	
PSY 477	Psychology of Intellectual and Developmental Disabilities	

**Total Hours** **12**

Students pursuing any of the Concentrations are strongly encouraged but not required to complete PSY 349 Applied Learning in Psychology in the Concentration area.

# Psychology, Bachelor of Science with a Concentration in Brain and Cognitive Sciences (B.S.)

## Program Objectives

Upon completion of the Psychology degree graduates will:

1. Use critical reading skills to understand and apply the findings from research articles in psychology.
2. Recall and explain empirically generated psychological content.
3. Demonstrate professionally relevant skills in psychology.

## Program Requirements

A minimum grade of "C" is required of all courses counted toward the minor.

**Veterans Studies, Minor**

The Veterans Studies (VTS) applied minor explores the unique identities, cultures, and experiences of military veterans. This first-of-its-kind program teaches veteran and non-veteran students to apply an interdisciplinary set of skills and perspectives in examining combat, veteran social groups, representations of veterans, and especially the psychological and physiological changes resulting from military service.

VTS acknowledges both the benefits of military service and the challenges faced by service members. The minor allows students to analyze the veterans' role in society and provides a form of cultural competency that complements major fields of study, enabling students to more effectively provide services to veterans in non-profit, government, healthcare, and other helping professions.

## Veterans Studies, University Certificate

The Veterans Studies (VTS) certificate explores the unique identities, cultures, and experiences of military veterans. This first-of-its-kind program teaches veteran and non-veteran students to apply an interdisciplinary set of skills and perspectives in examining combat, veteran social groups, and representations of veterans.

VTS acknowledges both the benefits of military service and the challenges faced by service members. The certificate allows students to analyze the veteran's role in society, emphasizing the intersectionality of veteran identity, equipping students with a variety of skills and disciplinary perspectives through which to develop the cultural competency needed to understand and interact with veterans in a variety of personal and professional settings.

### Appalachian Studies

#### APP 200. Introduction to Appalachia. (3 Credits)

A. An introduction to the interdisciplinary study of the Appalachian region. Special emphasis on the region's place in a national and global context, and on internal and external definitions of the region. Gen. Ed. VII and Element 5B and 6.

**APP 340. Environmental Economics. (3 Credits)**

A. Cross listed as ECO 340 and ENV 340. Prerequisite: ECO 230. Applications of basic economic analysis to a study of the environment and environmental problems. Major topics include benefit-cost analysis for environmental decision-making, the potential for market-based solutions to environmental problems, and the role and development of environmental policy. Credit will only be awarded for APP 340 or ECO 340 or ENV 340.

**APP 350. Special Topics:\_\_. (3 Credits)**

A. Exploration of particular topics not covered in the existing curriculum. May be retaken for a maximum of six hours provided the subject matter is different each time.

**APP 355. Rural Crime and Justice. (3 Credits)**

A. Cross-listed as CRJ 355. Prerequisite: APP 200 or CRJ 101 or PLS 103 or SJS 101 or COR 201 or departmental approval. Survey of rural crime and justice issues, crime trends, policing and control of rural crime with particular attention given to Kentucky and Appalachia. Credit will not be awarded for both CRJ 355 and APP 355.

**APP 360. Media Images of Appalachia. (3 Credits)**

Prerequisites: ENG 102, 105 (B), or HON 102; APP 200 recommended but not required. Explores representations of Appalachia in a variety of media including documentary and feature film, television, music, magazines, news media, advertising and marketing, and in the context of contemporary sources such as a social media. Credit will be awarded for only one of the following courses: APP 360, APP 363, SOC 363.

**APP 365. Appalachian Literature. (3 Credits)**

I. Cross listed as ENG 365. Prerequisite: ENG 102 or 105(B) or HON 102. Study of selected Appalachian artists, with emphasis on interdisciplinary, cultural, and aesthetic concerns raised in works by writers such as Arnow, Berry, and Still. Credit will not be awarded to students who have credit for: ENG 365, ENG 365W, or APP 365W. Gen. Ed. Element 3B and 6.

**APP 366. Social Change in Appalachia. (3 Credits)**

A. Cross listed as SOC 365. Completion of SOC 131 or SOC 235 is advised before taking APP 366. Analysis of patterns of social change and development in an important area of the Southern United States, Central and Southern Appalachia. Emphasis will be placed upon competing theoretical perspectives and the importance of historical research. Credit will not be awarded to students who have credit for SOC 365.

**APP 373. Politics of Development in Appalachia. (3 Credits)**

A. Cross listed as POL 373. Prerequisite: ENG 102, 105 (B), or HON 102. This course examines community and economic development in the Appalachian region with special emphasis on Kentucky. Focus will be on the political, economic and social aspects affecting development. Credit will not be awarded to students who have credit for POL 373. Gen. Ed. E-6.

**APP 375. Appalachian Religion. (3 Credits)**

Prerequisites: ENG 102, or ENG 105 (B), or HON 102; APP 200 recommended but not required. Examines the history and diversity of Appalachian religious traditions, practices, beliefs and symbol systems and how they have influenced social order, politics, community activism, health services, leadership development, education, and environmental stewardship throughout the region. Credit will not be awarded for only one of the following courses: APP 375, APP 370, SOC 370.

**APP 420. Appalachia in U.S. History. (3 Credits)**

A. Cross listed as HIS 420. Prerequisites: ENG 102, 105 (B), HON 102; three hours HIS or department approval. The relationship between Appalachia and the rest of the United States. Topics include the yeoman myth, coal industrialization, settlement houses, company towns, and the identification of the region with poverty. Credit will not be awarded to students who have credit for HIS 420.

**APP 430. Sustainability in Appalachia. (3 Credits)**

A. Cross listed as GEO 430. Prerequisites: GEO 100, 110, 210 or 220; ENG 102 or ENG 105(B) or HON 102, and MAT 105 or higher or STA 215 or 270, or departmental approval. Examination of Appalachia's ecological, social, and economic patterns, and the processes through which residents can ensure their social, economic and ecological sustainability in the future. Credit will not be awarded to students who have credit for GEO 430 or ENV 430.

**APP 460. Seminar in Appalachian Studies. (3 Credits)**

Prerequisite: 12 hours. Appalachian Studies or instructor approval. In-depth analysis of current social, political, economic or environmental issues in the Appalachian region through a directed research project or applied service-learning field experience. Capstone course for the Appalachian Studies minor.

**APP 490. Independent Study. (1-3 Credits)**

A. Prerequisite: Student must have the independent study form/proposal approved by the faculty member and Center director prior to enrollment. May be taken for a maximum of six hours provided the subject matter is different each time.

**APP 520. Providing Health Care Services in Appalachia. (3 Credits)**

A. Cross listed as OTS 520/720. Prerequisite: departmental approval. An analysis of the development and delivery of health care services in Appalachia. Examination of relevant current and historical factors which have an impact on the health of the Appalachian people. Credit will not be awarded to students who have credit for OTS 520/720.

**Social Work****SWK 210. Introduction to Social Work. (3 Credits)**

I, II. Introduces philosophy, values, ethics, and processes of the social work profession; emphasizes the bases of Generalist practice theory; areas of practice; social justice and the role of violence in society.

**SWK 225. Human Behavior/Social Environment. (3 Credits)**

I, II. Prerequisites or co-requisites: SOC 131, PSY 200, and SWK 210. Bio-psycho-social perspective of human behavior and social interactions based on systems theory. Explores traditional and alternative paradigms of developmental life cycle and family interactions. Emphasis on developmental diversity in a multicultural society.

**SWK 310. Social Welfare Policy History. (3 Credits)**

I, II. Prerequisite: ENG 102, or ENG 105(B), or HON 102. History of social welfare policy, its role and relationship with other social institutions; structure and function of U.S. system compared to other national systems; inequitable distribution of resources, and its contribution to an oppressive environment. Credit will not be awarded to students who have credit for SWK 310W.

**SWK 310W. Social Welfare Policy History. (3 Credits)**

I, II. Prerequisites: ENG 102 or ENG 105 (B) or HON 102. History of social welfare policy; its role and relationship with other social institutions, structures and function of U.S. system compared to other national systems; inequitable distribution of resources; and its contribution to an oppressive environment. Credit will not be awarded to students who have credit for SWK 310.

**SWK 335. Human Behavior/ Social Environment II. (3 Credits)**

I, II. Prerequisites: SWK 210. Prerequisite or corequisite: SWK 225. Examination and application of theories of community, organizational and group behavior. Critical analysis of the social, economic and political forces and institutions that impact human behavior.

**SWK 340. Social Work Research Methods. (3 Credits)**

I, II. Prerequisite: SWK 310. Prerequisite or corequisite: SWK 390 and SOC 232. The course teaches application of both qualitative and quantitative research methods within the context of social work practice.

**SWK 344. Stress Management & Self Care. (3 Credits)**

(3) A. Prerequisite: ENG 102 or ENG 105 (B) or HON 102. Introduction to the science of stress and stress management focusing on developing lifetime habits of wellness and self-care for the helping professions. Major focus on experiential, evidence-based stress management exercises. Fulfills University Wellness requirement.

**SWK 350. Social Work Practice I. (3 Credits)**

I, II. Prerequisite: Admission to the Social Work Program, SWK 225 and SWK 310. Prerequisite or Corequisite: SWK 335. Corequisite: SWK 354. Theoretical base for social work practice from a generalist perspective. Focuses on the social work process: problem identification; data collection and synthesis; assessment; planning and intervention; termination; and evaluation. Emphasis on multidimensional assessment and practice ethics.

**SWK 354. Social Work Practice Methods. (3 Credits)**

I, II. Corequisite: SWK 350. Focuses on interactional activities and exercises that foster the development of interviewing skills, data collection, contracting, synthesis, assessment, service contracting and use of relationship skills.

**SWK 355. Social Work Practice II. (3 Credits)**

I, II. Prerequisites: SWK 335, SWK 350, and SWK 354. Addresses the social work process with groups and families with a focus on assessments, intervention, implementation, and evaluation of practice strategies. Facilitation of psycho-educational groups to practice group work skills.

**SWK 358. Child Abuse and Neglect. (3 Credits)**

A. Prerequisite: Admission to the Public Child Welfare Certification Program (PCWCP) and departmental approval. Knowledge base for identification, risk determination and psycho-social assessment of child abuse, neglect and dependency situations. Explores service delivery, role of the court, and the impact of cultural and institutional violence. Required course for PCWCP.

**SWK 360. Social Work Practice III. (3 Credits)**

I, II. Prerequisite: SWK 335 and SWK 350. Prerequisite or corequisite: SWK 390. Social Work process and skills applied to assessment and intervention with networks, organizations, and communities. Emphasis on community research; program development and evaluation; grantsmanship; strategies to advance social justice and address institutional and cultural violence.

**SWK 365. Crisis Intervention. (3 Credits)**

(3) I, II. Prerequisite: ENG 102 or 105(B) or HON 102. This course will examine current theories pertaining to crisis intervention, assessment strategies, key public policy issues, and the treatment system. This course uses on-line discussion, presentations, and videos to facilitate learning.

**SWK 390. Field Experience in a Social Agency. (3 Credits)**

I, II. Prerequisite: SWK 350 and SWK 354 and overall GPA 2.5 or above. Co-requisite: Personal Liability Insurance. A minimum of 100 hours spread over the semester in an agency, or community program approved by Field Education Coordinator plus weekly seminar is required. Applications of practice theory and process. Application must be made through Field Education Coordinator the semester preceding placement. Social Work majors only.

**SWK 410. Social Welfare Policy Practice. (3 Credits)**

I, II. Prerequisites: SWK 310 or 310W. Dynamics of policy implementation at administrative, judicial, and legislative levels: policy analysis, formulation, modification, and evaluation; focus on policies that contribute to social injustices and policies that foster the creation, enhancement, or promotion of violence.

**SWK 440. Addictions. (3 Credits)**

I, II. Prerequisites: Junior or Senior standing. Open to all majors. This course will examine how to assess, intervene, and treat individuals, families, and groups with substance abuse and other addictions. The course will examine addictions from a strengths perspective.

**SWK 450. Child Abuse Interventions. (3 Credits)**

A. Prerequisite: SWK 358 and admission to Public Child Welfare Certification Program (PCWCP). Development of assessment, intervention, and prevention skills in child abuse and neglect. Focus is on public agency involvement. Required course for PCWCP.

**SWK 455. Selected Topics in Social Work. (3 Credits)**

A. Prerequisite: departmental approval. Recommended Junior or Senior standing. Open to all majors. Course content will be determined by interests and developments in the profession. May be retaken to a maximum of nine hours.

**SWK 456. Children's Services. (3 Credits)**

A. Prerequisite: instructor approval. Critical appraisal of societal values of priorities underlying services to children. Examines range of services and skills used in social work practice with children; understanding psycho-social needs of children.

**SWK 457. Assessing Needs of Older Adults. (3 Credits)**

A. Examines societal values relating to the elderly; psycho-social needs of the elderly; community-based and institutional services; and dynamics of working with the elderly and their families. Open to all majors.

**SWK 490. Social Work Practicum. (12 Credits)**

I, II. Prerequisites: Overall GPA of 2.5 and completion of all other major requirements with a minimum grade of "C." Corequisite: Personal Liability Insurance. Supervised practice in a social agency approved by Field Education Coordinator. A minimum of 300 hours over the course of the semester plus a weekly seminar is required. Application must be made through Field Education Director the semester preceding placement. Social Work majors only.

**SWK 495. Independent Study in Social Work. (1-6 Credits)**

(1-6) A. Student must consult with the faculty supervisor and have the independent study proposal form approved by faculty supervisor, program director, and departmental chair prior to enrollment. May be retaken to a maximum of six hours.

**SWK 499. Directed Research in Social Work. (3 Credits)**

A. Prerequisite: Departmental approval. A directed research experience for social work majors that integrates a research experience with the students' professional development and the production of a substantive deliverable product (e.g., poster or conference presentation).

**SWK 561. Alcohol and Drug Assessment. (3 Credits)**

A. Prerequisite: Junior or senior standing. Provides clinical and scientific knowledge about the history and range of consequences associated with alcohol and drug addiction. Credit will not be awarded for both SWK 561 and SWK 761.

**SWK 562. Alcohol and Drug Treatment. (3 Credits)**

A. Prerequisite: Junior or senior standing. Open to all majors. Provides clinical and scientific knowledge about the treatment of alcohol and drug addiction. Credit will not be awarded for both SWK 562 and SWK 762.

**Women and Gender Studies****WGS 132. Introduction to the Family. (3 Credits)**

A. Cross listed as CDF 132. Ecological and systems approach applied to public and private family concepts; historical changes and current status; relationships among individuals, families, consumers, and communities; status of women, men, children and the elderly; public policy related to changes in the family. Credit will not be awarded to students who have credit for CDF 132.

**WGS 201. Intro to Women & Gender Studies. (3 Credits)**

A. Introduction to interdisciplinary field of women's, gender, and sexuality studies and feminist scholarship. Provides overview of the intersectionality of gendered experiences, images, and issues from a wide variety of disciplinary perspectives. Gen. Ed. Element 6.

**WGS 205. Sexualities and Social Issues. (3 Credits)**

A. (3). Cross-listed as SOC 205. An examination of the diversity of sexuality and related social issues in the United States and Globally. Topics include culture, history, law, mass media, politics, and religion. Credit will not be awarded to students who have credit for SOC 205 or WGS 302. Gen. Ed. E-6 [GE].

**WGS 300. Topics in Women and Gender Studies:\_\_\_\_. (3 Credits)**

A. Intensive study of selected topics related to recognizing and validating the experience of women and their contributions to society. May be retaken for a maximum of six hours provided the topics are different. Credit will not be awarded to students who have completed WGS 302, and Special Topics: Gender, Sexuality & Homophobia.

**WGS 303. Women in American History. (3 Credits)**

A. Cross listed as HIS 303. Prerequisite: ENG 102, 102R, 105(B), or HON 102; three hours HIS or departmental approval. Social, economic, and cultural role of women in America. Women's work; social position and status; women in reform movements; feminism and the suffrage movements; the new feminism. Credit will not be awarded to students who have credit for HIS 303.

**WGS 304. Gender Perspectives on Contemporary Terrorism. (3 Credits)**

A. An interdisciplinary look at contemporary terrorism and U.S. policy. Analyzing the perception of women in the U.S. and elsewhere around the world, with particular focus on American, Iraqi, Afghan, Palestinian, and Muslim women. Credit will not be awarded to students who have credit for WGS 300 Special Topics; Gender Perspectives on Contemporary Terrorism.

**WGS 305. Domestic Violence. (3 Credits)**

A. Cross listed as CRJ 305. Prerequisite: CRJ 101 or PLS 103 or SJS 101 or COR 201 or WGS 201 or departmental approval. Examination of the theoretical and empirical literature on violence against women, children, and elders. Addresses such issues as physical and sexual abuse of children, courtship violence, domestic violence, marital rape, and elder abuse. Credit will not be awarded to students who have credit for CRJ 305.

**WGS 306. Masculinity & Popular Culture. (3 Credits)**

(3) A. Exploration of images and ideals of men and masculinity as they have evolved in popular culture due to race, class, culture, age, and sexuality. Prerequisites: ENG 102 or 105(B) or HON 102. Credit will not be awarded to students who have credit for WGS300 Special Topics: Masculinity & Popular Culture.

**WGS 308. Trans Studies. (3 Credits)**

(3) A. Prerequisites: ENG102 or 105(B) or HON102. Introduction to emerging field of Trans Studies through exploration of trans history, identities, experiences, politics, and culture in the contemporary U.S. Credit will not be awarded to students who have credit for WGS 300 Special Topics: Intersexuality & Transexuality.

**WGS 309. Women and Trauma. (3 Credits)**

(3) Prerequisite: ENG 102 or 105 (B) or HON 102. A study of contemporary psychological trauma theories with analysis of historical and contemporary representations of trauma in film, fiction, poetry, and American culture. Credit will not be awarded for both WGS 309 and WGS 300: Women and Trauma.

**WGS 310. Historical Costume & Soc Order. (3 Credits)**

A. Cross listed as ADM 310. History of dress from ancient Egypt through the 20th century. Factors which influence the style of dress are studied and relationship between costume of the past and current modes. Credit will not be awarded to students who have credit for ADM 310.

**WGS 311. Biology of Sex. (3 Credits)**

I, II. Prerequisites: ENG 102 or ENG 102R, 105(B) or HON 102 or departmental approval. Cross-listed as BIO 305. Fundamental principles related to human sexual reproduction. Structure, function, control, and coordination of the human reproductive system. Problems associated with fertility, sexuality, birth control. STD's and human population will be discussed. May not be used to satisfy area, major or minor requirements for Biology majors. Credit will not be awarded for both BIO 305 and WGS 311.

**WGS 331. Marriage and Intimate Relationships. (3 Credits)**

A. Cross listed as CDF 331. The process within and types of intimate relationships in contemporary times. Topics include singlehood, partner selection, marriage, divorce, remarriage, longterm enduring marriage, and factors which affect the success of intimate relationships. Credit will not be awarded to students who have credit for CDF 331.

**WGS 344. Violence Against Women. (3 Credits)**

Cross listed as CRJ 344. Prerequisites: Sophmore standing. Explores the social character of violence against women. A variety of theories are utilized to examine this phenomenon at the individual, organizational and societal levels. Credit will not be awarded to students who have credit for CRJ 344, or CRJ 423 Topical Seminar: Violence Against Women or WGS 300 Special Topics: Violence Against Women.

**WGS 349. Applied Learning in Women and Gender Studies. (0.5-8 Credits)**

A. Prerequisite: approval of Director of Women and Gender Studies. Work in job placements related to Women's Studies. One to eight hours credit. Minimum of 80 hours employment required for semester hour credit.

**WGS 349A. Cooperative Study: Women and Gender Studies. (0.5-8 Credits)**

A. Prerequisite: approval of Director of Women and Gender Studies. Work in job placements related to Women and Gender Studies. One to eight hours credit. Minimum of 80 hours employment required for semester hour credit.

**WGS 349B. Cooperative Study: Women and Gender Studies. (0.5-8 Credits)**

Formerly WMS 349B. Prerequisite: approval of Director of Women and Gender Studies. Work in job placements related to Women and Gender Studies. One to eight hours credit. Minimum of 80 hours employment required for semester hour credit.

**WGS 349C. Cooperative Study: Women and Gender Studies. (0.5-8 Credits)**

A. Formerly WMS 349C. Prerequisite: approval of Director of Women and Gender Studies. Work in job placements related to Women and Gender. One to eight hours credit. Minimum of 80 hours employment required for semester hour credit.

**WGS 364. Women's Literature. (3 Credits)**

A. Cross listed as ENG 364. Prerequisite: ENG 102 or 105 (B) or HON 102. Study of selected literature by women writers from varying cultures, genres, and periods. Credit will not be awarded to students who have credit for ENG 364. Gen. Ed Element 6.

**WGS 365. Women, Gender, and Religion. (3 Credits)**

(3) A. Cross-listed as REL 365. Prerequisite: ENG 102 or 105(B) or HON 102. A study of the intersections between feminism and the social impact of religion throughout the world with particular emphasis on the relationship between religion and gender, sexuality, and body politics. Credit will not be awarded for both WGS 365 and REL 365.

**WGS 366. Queer Theory and Literatures. (3 Credits)**

A. Cross-listed as ENG 366. Prerequisite: ENG 102 or 105 or HON 102. Examination of trends in Queer Theory; study of major contributors to the field as Foucault, Butler, and Sedgwick; application of theoretical models to literary and cinematic texts. Credit will not be awarded to students who have credit for ENG 366. Gen. Ed. E-6.

**WGS 378. Black Women in History. (3 Credits)**

A. Cross listed as AFA 378. Examines the lives of African-American women from slavery to the present with emphasis on the impact of race, gender, and class issues on their multi-faceted lives as women in America. Credit will not be awarded to students who have credit for AFA 378.

**WGS 380. Gender and Work in the U.S.. (3 Credits)**

Cross-listed as OTS 380. Prerequisite: ENG 102 or 105(B) or HON 102 or departmental approval. A survey of occupational science and sociological constructs related to gendered work. Includes content on family-work linkages, gendered organizations, and public policies in the workplace. Credit will not be awarded to students who have credit for OTS 380, OTS 480, or WGS 480.

**WGS 399. Gender and Society. (3 Credits)**

Cross-listed as SOC 399. Prerequisites: SOC 131 or SOC 235; ENG 102 or ENG 102R or ENG 105(B) or HON 102. Emphasis on the relationship between the social construction of gender and the experiences of people of all genders in society. Consideration of the cultural and historical construction of gender and identity. Gen. Ed. E-6 [GE]. Credit will not be awarded for both WGS 399 and SOC 399.

**WGS 400. Feminist Theory and Practice. (3 Credits)**

A. Cross-listed as SJS 400. Prerequisite: WGS 201 or SJS 101 or departmental approval. Examines intersectional development of feminist theory and its implications for continuing feminist scholarship. Includes related research project in students major. Usually offered in the fall semester. Credit will not be awarded for both WGS 400 and SJS 400.

**WGS 420. The Psychology of Women and Gender. (3 Credits)**

A. Cross listed as PSY 420. Prerequisite: PSY 240, PSY 300, and completion of all academic readiness indicators in reading; ENG 102 or 102R or ENG 105 (B) or HON 102, or departmental approval. Introduction to current and historical theories and research into the psychology of women, including gender differences and similarities. Credit will not be awarded to students who have credit for PSY 420.

**WGS 446. The Politics of Sex. (3 Credits)**

A. Cross listed as POL 446. The effect of sex on social and political institutions, public policies, and court rulings. Issues may include pornography, sexual and gender discrimination, domestic violence, reproductive rights and gay rights. Credit will not be awarded to students who have credit for POL 446. Gen. Ed. VIII.

**WGS 451. Principles and Politics of Human Rights. (3 Credits)**

A. Cross listed as POL 451. Examines politics of human rights in theory and in practice. Credit will not be awarded to students who have credit for POL 451.

**WGS 495. Independent Study: Women and Gender Studies. (1-5 Credits)**

A. Prerequisite: approval of Director of Women and Gender Studies. Study of a special topic in Women and Gender Studies. Proposal must be approved by faculty supervisor and Women and Gender Studies Director prior to enrolling. May be retaken to a maximum of ten hours.

**WGS 591. Women's Health. (3 Credits)**

A. Cross listed as HEA 591/791. Analysis of the major health problems of contemporary women with a special emphasis on health promotion, disease prevention, and consumer health concerns. Credit will not be awarded to students who have credit for HEA 591/791.

**WGS 592. Human Sexuality. (3 Credits)**

A. Cross listed as HEA 592/792. Study of the biological, social, and psychological aspects of human sexuality. Directed primarily toward those individuals in situations which require them to assist others in understanding the broad impact of one's sexuality. Emphasis is placed upon student development of logical and reasoned justifications for their own value system. Credit will not be awarded to students who have credit for HEA 592/792.

## Appalachian Studies, Departmental Certificate

### Program Requirements

The certificate in Appalachian Studies requires a minimum of 12 credit hours as indicated below.

Code	Title	Hours
<b>Certificate Requirements</b>		
<i>Core Courses</i>		
APP 200	Introduction to Appalachia (also fulfills General Education 5B or 6)	3
<i>Electives</i>		
Choose from nine hours of the following:		9
APP 340	Environmental Economics	
APP 350	Special Topics:___	
APP 355	Rural Crime and Justice	
APP 360	Media Images of Appalachia	
APP 365	Appalachian Literature

APP 420	Appalachia in U.S. History	
APP 430	Sustainability in Appalachia	
Other Appalachia-specific courses from other programs with departmental approval		
<b>Total Hours</b>		<b>18</b>

## Bachelor of Social Work (B.S.W.)

The Social Work Program prepares students for beginning generalist social work practice. The primary purpose of the Social Work profession is to enhance human well being. Social workers help meet the basic human needs of all people and empower those who are vulnerable, oppressed, or living in poverty. Social workers help identify and manage the environmental forces that create, contribute to, and address problems in living. Social workers are an integral part of most non-profit agencies and also offer their services and knowledge in private practice. The Social

Work Program has been continuously accredited by the Council on Social Work Education since 1977.

## Mission and Goals

The Eastern Kentucky University Social Work Program provides a student-centered collaborative and dynamic environment that prepares students for competent and ethical social work practice in a diverse world. This is accomplished through self-reflection, rigorous academics, knowledge based on scientific inquiry and experiential learning in a safe and nurturing environment. We strive to graduate students who understand the complexities of the relationship between people and their environments, value human rights, and believe in the dignity and worth of all human beings. Completion of EKU's generalist Social Work degree will provide the knowledge, values and skills to become practitioners who can think critically and creatively. Our mission is to graduate ethical leaders who advocate for social and economic justice in rural, urban and global communities, with an emphasis on EKU's identified service region. Program goals are to

1. provide a fluid curriculum, grounded in a liberal arts perspective that prepares students for competent and effective entry-level generalist professional social work practice with individuals, families, groups, organizations, and communities through mastery of the knowledge, values, and skills that inform the ten core competencies;
2. integrate into the program the values, knowledge, and skills of the social work profession and to socialize students into the profession through self-assessment and self-awareness;
3. prepare students to deliver ethical social work practice through the development of critical thinking to guide professional judgments and practice; and
4. prepare students for advocacy and service to diverse populations-at-risk and to advance economic and social justice.

## Admission and Progression

Any student who is accepted by the University Admissions Office and declares their major as Social Work will be classified as a pre-Social Work major. Admission to pre-Social Work does not guarantee admission to the Professional Social Work Program. Admission to the program is required for progression in the major beginning with SWK 350 Social Work Practice I and SWK 354 Social Work Practice Methods. To be admitted students must have earned at least 32 hours of college credit, meet the minimum program GPA requirement of 2.50, complete SWK 210 Introduction to Social Work and other supporting course work with a minimum grade of "C," and successfully complete application procedures. Students choosing to double-major must declare Social Work as the first major. For admission requirements and procedures contact the Social Work Program office, (859) 622-1645.

Gender- or intersectionality-specific courses from other programs (upon WGS approval)		
<b>Total Hours</b>		<b>12</b>

## Women and Gender Studies, Minor

Women and Gender Studies (WGS) is a multidisciplinary program offering both a minor and a certificate. WGS acquaints students with the growing research on women, gender, and sexuality studies by addressing the intersections of gender, race, class, sexualities, and abilities and by promoting active learning and social engagement. By analyzing competing perspectives and integrating knowledge across traditional academic boundaries, students learn to identify and examine cultural assumptions and biases and to recognize their consequences on individual, social, and cultural levels.

### Program Requirements

A student may complete an interdisciplinary Women and Gender Studies minor by taking 18 hours as indicated below.

Code	Title	Hours
<b>Required Courses</b>		
<i>Core Courses</i>		
WGS 201	Intro to Women & Gender Studies	3
WGS 400	Feminist Theory and Practice	3
<i>Electives</i>		
Choose from twelve hours of the following:		12
WGS 132	Introduction to the Family	
WGS 205	Sexualities and Social Issues	
WGS 300	Topics in Women and Gender Studies:___	
WGS 303	Women in American History	
WGS 304	Gender Perspectives on Contemporary Terrorism	
WGS 305	Domestic Violence	
WGS 306	Masculinity & Popular Culture	
WGS 308	Trans Studies	
WGS 309	Women and Trauma	
WGS 311	Biology of Sex	
WGS 331	Marriage and Intimate Relationships	
WGS 344	Violence Against Women	
WGS 349	Applied Learning in Women and Gender Studies	
WGS 364	Women's Literature	
WGS 365	Women, Gender, and Religion	
WGS 366	Queer Theory and Literatures	
WGS 378	Black Women in History

(859) 622-1629  
Campbell 309

### Faculty

D. Afsah-Mohallateh, C. Campbell, I. Kumoji-Ankrah, S. McCarthy, R. Moser, I. Powell, N. Slijepcevic, A. Strasik, I. Szekely, F. Szorad, M. Tortorici, and M. Vandenberg

## Bachelor of Fine Arts

The Baccalaureate of Fine Arts (B.F.A.) degree prepares students for professional careers as artists, designers and art educators. Upon completion of a BFA degree, students will have gained a specialized knowledge of a variety of media and techniques, the ability to apply elements and principles of art and design, an awareness of the influence of perception and observation, and the ability to communicate ideas effectively and expressively. Students in the BFA degree program will have opportunities for in-depth study of art education practices, and various artistic or commercial media to advance their studio proficiency and professional development. Students will also apply critical and creative thinking through research, analysis, and writing to demonstrate an awareness of historical and contemporary concepts, theories, and styles across global cultures and time periods. Students will engage with professional practices and portfolio development.

## BFA Progression Requirements

Students in the BFA program will be required to submit a portfolio to the faculty in their last semester of their sophomore year for assessment review. Portfolios will include examples of drawing and 2D and 3D works completed at EKU in a variety of courses. Students will refer to [www.art.eku.edu](http://www.art.eku.edu) (<http://www.art.eku.edu>) for specific portfolio requirements and portfolio development instructions. Students wishing to pursue the BFA degree must maintain a 2.75 GPA and earn a grade of "C" or higher in all courses within the School of Art and Design. If the student's GPA falls below a 2.75, the student may pursue a Bachelor of Science in Studio Art.

## BFA Art Education Concentration

Teacher Education Majors in Art must meet all requirements for Admission to the Teacher Education Program as well as the prerequisites for Admission to Student Teaching (2.75 GPA) and must earn a grade of "C" or higher in all courses within the Department of Art and Design. These are outlined in the College of Education section under Teacher Admission and Clinical Placement. <http://Tes.eku.edu> (<http://tes.eku.edu/>). To be recommended for licensure/certification, all candidates seeking initial teacher certification, regardless of the college

in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching program, and pass the required PRAXIS II tests, PLT exam or Kentucky test as established by the Education Professional Standards Board.

## Bachelor's

- Art/Design Studio, Bachelor of Fine Arts with a Concentration in Graphic Design (B.F.A.) (p. 381)
- Art/Design Studio, Bachelor of Fine Arts with a Concentration in Studio Arts (B.F.A.) (p. 382)
- Art/Design Studio, Bachelor of Fine Arts with a Concentration in Teacher Education (B.F.A.) (p. 384)
- Art/Design Studio, Bachelor of Science (B.S.) (p. 385)

## Certificate

- Applied Creative Thinking, University Certificate (p. 381)

## Minor

- Art History, Minor (p. 381)
- Studio Art, Minor (p. 386)

## Courses

### Art

#### ART 100. Drawing I. (3 Credits)

I, II, A. Introduction to basic principles and techniques of drawing, emphasizing perceptual skills and the use of value and line.

#### ART 152. Design, Two-Dimensional. (3 Credits)

I, II. Introduction to the elements and principles of design as they apply to the two dimensional surface.

#### ART 153. Design, Three-Dimensional. (3 Credits)

I, II. Introduction to the methods, materials, and concepts related to the control of space.

#### ART 154. Digital Media. (3 Credits)

A. Introduction to the practice of digital media, including raster and vector graphics, 3D modeling, and time-based media relevant to contemporary art and design.

#### ART 164. Concepts of Art and Design. (3 Credits)

I, II. An introduction for Art & Design majors, providing an understanding of why art is made, how it is evaluated, and the ways in which it relates to society. Includes experience in written and oral analysis of art and design work in terms of media, composition and function.

#### ART 200. Art Appreciation: Orientation. (3 Credits)

I, II. Introduction to the visual arts and their purposes, emphasis on ways and means available to the artist. Not open to art majors or minors. Gen. Ed. Element 3A.

#### ART 210. Painting I. (3 Credits)

A. Prerequisites: ART 100, 152. Introduction to painting, emphasizing basic painting techniques and concepts, perceptual skills, and the use of color. Credit will not be awarded for both ART 210 and ART 216.

**ART 216. Painting for Non-Majors. (3 Credits)**

A. Pre-requisite: ENG 101 or departmental approval. An introduction to the craft and art of painting for non-majors, providing fundamental experiences with materials, color, mixing, paint application, directed toward both aesthetic and abstract problem-solving in the making of paintings. Credit will not be awarded to students who have credit for ART 210.

**ART 220. Sculpture Survey. (3 Credits)**

I, II. Prerequisites: ART 100, 153. Provides an introduction to basic sculpture problems, approaches, and techniques. Course problems are set in additive, substitutive, and subtractive processes.

**ART 230. Printmaking I. (3 Credits)**

A. Prerequisites: ART 100, 152. Introduction to basic concepts and techniques of printmaking. Credit will not be awarded for both ART 230 and ART 236.

**ART 236. Printmaking for Non- Art Majors. (3 Credits)**

A. Prerequisite: ENG 101 or 101R or Departmental approval. A course emphasizing visual literacy, creative exploration, and personal expression, through printmaking. Providing fundamental experiences and expose each student to the wide variety of Printmaking, and vocabulary associated with all these techniques. Credit earned may eventually be applied to a major in Art with approval of the Department Credit will not be awarded for both ART 230 and ART 236.

**ART 240. Jewelry and Metalsmithing I. (3 Credits)**

A. Prerequisites: ART 100, 153. Provides an introduction to metal as an expressive media and acquaints students with various materials, processes and tools associated with the art form. Students explore sawing, embossing, soldering, cold-joining, basic forming, patination and simple stone setting. Credit will not be awarded for both ART 240 and ART 246.

**ART 246. Jewelry and Metal for Non-Majors. (3 Credits)**

A. Pre-requisite: ENG 101 or departmental approval. An introduction to the expressive art of jewelry and metals for non-art majors. Students execute creative projects through the exploration of various materials, techniques, and tool associated with the art form. Credit will not be awarded to students who have credit for ART 240.

**ART 280. Photo, Black and White Film. (3 Credits)**

I, II. Prerequisites: ENG 101 or ENG 101R or ART 152, or Departmental Approval. Fully Manual Camera Required. Introduction to basic manual film camera operation, film and darkroom print processing, and lighting techniques, and the principles and aesthetics of black and white photography.

**ART 290. Ceramics- Hand Building Methods. (3 Credits)**

A. Prerequisite: ART 100, ART 153. An introduction to ceramics with investigation through multiple hand-building techniques. Students will be introduced to the ceramic material studio process including clay and glaze mixing, high and low temperature firings, and studio safety procedures. Credit will not be awarded for both ART 290 and ART 376.

**ART 300. Drawing Media. (3 Credits)**

A. Prerequisite: ART 100 or ENG 101 or ENG 101R or Departmental approval. Investigation of various media for drawing, emphasizing experimentation and the development of technical skills in each.

**ART 301. Figure Drawing. (3 Credits)**

A. Prerequisite: ART 100 or ENG 101 or ENG 101R or Departmental approval.. A drawing course aimed at developing an increased understanding of the human figure and its possibilities as subject matter of art.

**ART 312. Painting II. (3 Credits)**

A. Prerequisite: ART 210 or 216 or departmental approval. Continuation of Painting emphasizing further development of skills and conceptual abilities as they relate to image-making.

**ART 313. Painting III. (3 Credits)**

A. Prerequisite: ART 210 or 216 or 312. Intermediate course in painting. Course builds on previous painting courses, providing opportunity to explore contemporary and traditional techniques, media, and subject matter.

**ART 314. Painting IV. (3 Credits)**

A. Prerequisite: ART 312 or 313, Major GPA 2.75 or above. Intermediate course in painting. Course builds on previous painting courses, providing opportunity to further explore contemporary and traditional techniques, media, and subject matter. Maximum repeatable hours: 6.

**ART 321. Sculpture Survey II. (3 Credits)**

I, II. Prerequisite: ART 220. Continuation of sculpture sequence, with basic sculptural problems set in foundry, constructive and mixed-media processes.

**ART 322. Intermediate Sculpture I. (3 Credits)**

I, II. Prerequisite: ART 321. Provides an in-depth exploration of sculptural problems at the intermediate level, developed through projects designed to fit personal interests in foundry processes.

**ART 323. Intermediate Sculpture II. (3 Credits)**

A. Prerequisite: ART 321. Provides an in-depth exploration of sculptural problems at the intermediate level, developed through projects designed to fit personal interests in figurative sculpture.

**ART 334. Traditional Printmaking. (3 Credits)**

A. Prerequisite: ART 230 or ART 236 or Departmental approval. Advanced study in printmaking as an art medium and provides opportunity for creative exploration. Research in traditional printmaking Etching, Serigraphy, Relief, Paper making and Book Arts.

**ART 335. Print Media. (3 Credits)**

A. Prerequisite: ART 230 or DES 250 or DES 256 or Departmental approval. Presentation of Print Media technology topics. Emphasis placed on exploration of media. Credit will not be award to students who have credit for ART Special Topics: Workshop in Printmaking Technology and Aesthetics.

**ART 336. Contemporary Printmaking. (3 Credits)**

A. Prerequisites: ART 230 or ART 236, Major GPA 2.75, or departmental approval. Advanced study in contemporary printmaking as an art medium with opportunity for creative exploration. Research in contemporary printmaking techniques related technologies. Maximum repeatable hours: 6, B.S. Art/Design Studio students may count a maximum of 3 credits toward major requirements. B.F.A. students may count a maximum of 6 credits toward major requirements.

**ART 341. Jewelry and Metalsmithing II. (3 Credits)**

A. Prerequisite: ART 240 or 246. An extension of the introductory course. Advanced study develops students understanding of metal as an art medium and provides opportunity for personal expression. Students explore raising, sinking, forging, casting, etching, enameling and advanced fabrication.

**ART 343. Jewelry and Metalsmithing III. (3 Credits)**

A. Prerequisite: ART 341. An advanced course emphasizing continued creative exploration and personal expression within jewelry and metalsmithing. Students explore raising, sinking, forging, casting, etching, enameling and advanced fabrication.

**ART 344. Jewelry and Metalsmithing IV. (3 Credits)**

A. Prerequisite: ART 343, Major GPA 2.75 or above. An advanced course emphasizing continued creative exploration with jewelry and metalsmithing. Advanced problems develop students' understanding of metal as an art medium and provide opportunity for personal expression. Students explore raising, sinking, forging, casting, etching, enameling and advanced fabrication. Maximum repeatable hours :6.

**ART 349A. Cooperative Study: Art. (1-8 Credits)**

Work in placements related to academic studies.

**ART 376. Ceramics for Non-Majors. (3 Credits)**

A. Prerequisite: ENG 101 or 101R. Closed to Art majors. An introduction to the craft and art of Ceramics for non-art majors, providing fundamental experiences with materials, hand building, decorating techniques, and firing directed toward both aesthetic and functional problem-solving in the making of ceramic objects. Credit earned may eventually be applied to a major in Art with approval of the Department. Credit will not be awarded for ART 376 and ART 290.

**ART 381. Photography, Color Digital. (3 Credits)**

A. Prerequisite: ENG 101 or ENG 101R or ART 152 or Departmental Approval. Introduction to basic manual digital camera operation, file management, workflow, software, printing, lighting, and the principles and aesthetics of color and digital photography.

**ART 382. Photography III. (3 Credits)**

I, II. Prerequisite: ART 280 and 381. Intermediate course in photography. Builds on creative skills and techniques learned in previous photography courses. Course may cover traditional, digital or alternative processes.

**ART 383. Photography IV. (3 Credits)**

I, II. Prerequisite: ART 382. Intermediate course in photography. Builds on creative skills and techniques learned in previous photography courses. Course may cover traditional, digital or alternative processes.

**ART 391. Ceramic Wheel Forming. (3 Credits)**

A. Prerequisite: ART 270 or ART 290. Introductory course focusing on ceramic wheel forming methods that investigate the vessel as three-dimensional form. Students will be introduced to the history of ceramics as it relates to the contemporary production and design of functional objects. Students will also learn foundational ceramic material processes and studio safety procedures.

**ART 392. Ceramic Mixed Media Methods. (3 Credits)**

A. Prerequisite: ART 270 or ART 290. Intermediate course focusing on mixed media ceramic object making. Students will experiment with multiple ceramic building strategies to achieve self-directed outcomes that explore ideas, concepts, and multiple interpretations. Emphasis on experimental, mixed media, non-ceramic processes and studio safety procedures will be introduced.

**ART 401. Advanced Drawing. (3 Credits)**

A. Prerequisites: ART 300 and 301. Advanced problems in drawing emphasizing personal explorations of media and imagery.

**ART 413. Advanced Painting. (3 Credits)**

A. Prerequisites: ART 313, 314. Major GPA 3.0 2.75, Co-requisite ART499. Advanced problems in painting, emphasizing the student's personal expression through imagery and techniques. Course builds on previous painting courses, providing opportunity to explore contemporary and traditional techniques, media, and subject matter.

**ART 414. BFA Painting. (3 Credits)**

I, II. Prerequisites: ART 413, Major GPA 2.5, and admission to the BFA program. Corequisite: ART 499. Final exit course in BFA painting area with emphasis in professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

**ART 423. Advanced Sculpture. (3 Credits)**

I, II. Prerequisites: ART 322, 323, Major GPA 2.5 or above and admission to the sculpture option of BFA program or departmental approval. The students sculptural directions are defined and directed at the advanced level, through individually tailored extended projects.

**ART 424. BFA Sculpture. (3 Credits)**

I, II. Prerequisites: ART 423, Major GPA 2.5, and admission to the BFA program. Corequisite: ART 499. Final exit course in BFA sculpture area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

**ART 430. Contemporary Print Media. (3 Credits)**

A. Prerequisite: ART 334 or 335 or 336, Major GPA 2.75. Co-requisite: ART499. Advanced study in Print media as an art medium with opportunity for creative exploration. Research in contemporary print media techniques, digital software and related technologies.

**ART 434. BFA Printmaking. (3 Credits)**

I, II. Prerequisites: ART 433, Major GPA 2.5, and admission to the BFA program. Corequisite: ART 499. Final exit course in BFA printmaking area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

**ART 443. Jewelry and Metalsmithing V. (3 Credits)**

A. Prerequisites: ART 344, Major GPA 2.75. Co-requisite: ART499. Designed for the advanced student pursuing a career as a professional jeweler/metalsmith. Attention given to developing a personal aesthetic or design philosophy. Students will submit a work proposal for the semester and develop a cohesive body of work for exhibition.

**ART 444. BFA Jewelry and Metalsmithing. (3 Credits)**

I, II. Prerequisites: ART 443, Major GPA 2.5 and admission to the BFA program. Corequisite: ART 499. Final exit course in BFA jewelry and metal smithing area with emphasis on professional development. Course includes preparation for senior show, writing of senior thesis, and portfolio assembly.

**ART 461. Studio Art Professional Practices. (3 Credits)**

A. Prerequisite: ARH 392 or 392W or 393 or 393W or Departmental Approval. This course will survey contemporary studio art professional practice standards and provide students with the necessary tools to further their artistic careers.

**ART 463. Independent Study: Art. (1-3 Credits)**

A. Prerequisite: Departmental approval. Limited to seniors. Continuation of study begun in regular departmental courses. May be retaken to a maximum of nine hours. Independent study proposal form must be approved prior to enrollment. May be retaken to a maximum of six hours.

**ART 483. Photography V. (3 Credits)**

I, II. Prerequisites: ART 383 Major GPA 2.5 or above and admission to the BFA program. Corequisite: ART 499. Advanced course builds on creative skills and techniques learned in previous photography courses. Emphasizes individual expression, professional presentation and exhibition.

**ART 484. BFA Photography. (3 Credits)**

I, II. Prerequisites: ART 483, Major GPA 2.5, and admission to the BFA program. Corequisite: ART 499. Culminating experience in art photography serving to crystallize and unify individual expression. The student prepares a portfolio and written statement of personal photographic concerns.

**ART 491. Ceramic Wheel Forming 2. (3 Credits)**

A. Prerequisite: ART 371 or ART 372 or ART 376 or ART 391 or ART 472 or ART 473, Major GPA 2.75 or Departmental Approval. Advanced ceramic wheel forming course focusing on concept-driven design strategies that form a body of work unique to each student artist. Additional emphasis will be placed on student driven materials research, experimental firing techniques, and professional applications of the completed art work. Maximum repeatable hours: 6, B.S. Art/Design Studio students may count a maximum of 3 credits toward major requirements. B.F.A. students may count a maximum of 6 credits toward major requirements.

**ART 492. Ceramic Materials and Methods. (3 Credits)**

A. Prerequisite: ART 371 or ART 372 or ART 391 or ART 392 or ART 472 or ART 473 or 491, Major GPA 2.75. Co-requisite: Art 499. Advanced ceramics course focused on mold-making, slip-casting, and ceramic material testing strategies relevant to the ceramic process. Each student will address their personal approach to production and design strategies, while developing a studio practice that prepares them for a career in the arts.

**ART 499. Senior Exhibition. (0 Credits)**

A. Prerequisite: Major GPA 2.75 and last semester senior in BFA program or Departmental Approval. Organization and presentation of an exhibition of the student's work.

**ART 560. Workshop in Art and Design:\_\_\_\_. (3 Credits)**

A. Prerequisite: approval of department. Intensive study in a specific phase of the visual arts. Current processes, materials, and theoretical foundation will be considered. May be retaken with different topics to a maximum of nine hours.

**ART 563. Art Theory & Criticism Seminar. (3 Credits)**

A. Prerequisites: ARH 392 or 392W or 393 or 393W; Junior Standing. A seminar that investigates leading historical and contemporary theories and analytical methodologies that impact the ways in which art is produced, viewed, and written about today.

**Art Education****AED 360. Introduction to Materials Injury. (3 Credits)**

I. Students will explore processes and materials used in K-12 programs, will present exploration results through seminar-style discussions and demonstrations, and will begin to understand and practice developmentally appropriate teaching strategies through peer teaching. Credit will not be awarded for both AED 360 and ART 360.

**AED 361. Art Teaching Grades P-5. (3 Credits)**

I. AED 360 or departmental approval, and admission to professional education. Developmentally appropriate curriculum, materials, and methods for the grades P-5. Minimum of 10 field/clinical hours. Credit will not be awarded for both EME 361 and AED 361.

**AED 460. Materials Inquiry in Art Educ. (3 Credits)**

I. Prerequisites: AED 360 or ART 360 and open to senior art students who plan to teach. Diversified inquiry into art materials and processes in the elementary and secondary schools. Credit will not be awarded for both ART and AED 460.

**AED 540. Teaching Art in the Schools. (3 Credits)**

I. Cross-Listed as ESE 540. Prerequisites: Admission to professional education; EDF 413 (C), EMS 490 (C), CED (B), and 90 hours in the BA in Art Education Program. Co-requisite: AED 561 and CED450. Developmentally appropriate materials and methods for teaching art in the schools. Credit will not be awarded for both AED 540 and ESE 540.

**AED 561. Materials Inquiry in Art Education. (3 Credits)**

Prerequisites: AED 360 and admission to professional education. Co-requisites: CED 450 and ART 499. Diversified inquiry into art materials and processes in the elementary and secondary schools. Maximum number of repeatable hours: 6.

**Art History****ARH 392. Survey of Global Art History I. (3 Credits)**

Prerequisites: ENG 102 (C) or 105 (B) or HON 102 (C). A survey of art across world cultures from prehistory to the medieval period. Credit will not be awarded to students who have credit for ARH 392W; or ARH 390 or 390W.

**ARH 393. Survey of Global Art History II. (3 Credits)**

Prerequisites: ENG 102 (C) or 105 (B) or HON 102 (C). A survey of art across world cultures from the Early Renaissance (c. 1400) to the present. Credit will not be awarded to students who have credit for ARH 393W; or ARH 391 or 391W.

**ARH 393W. Survey of Global Art History II. (3 Credits)**

Prerequisites: ENG 102 (C) or 105 (B) or HON 102 (C). A writing intensive survey of art across world cultures from the Early Renaissance (c. 1400) to the present. Credit will not be awarded to students who have completed ARJ 393; or ARH 391 or ARH 391W.

**ARH 463. Independent Study: Art History. (1-3 Credits)**

A. Prerequisite: Departmental approval. Limited to seniors. Continuation of study begun in regular, departmental, art history courses. Independent study proposal form must be approved prior to enrollment. May be retaken to a maximum of six hours.

**ARH 464. Renaissance and Baroque Art. (3 Credits)**

A. Prerequisite: ARH 392 or 392W or ARH 393 or 393W or departmental approval. An in-depth study of representative aspects of the painting, sculpture, and/or architecture of Europe between 1400 and 1750.

**ARH 465. History of Graphic Arts. (3 Credits)**

I, II. Prerequisite: ARH 392 or 392W or 393 or 393W or departmental approval. The history of the reproducible image in Western Art, from the introduction of printing and typography in the 15th century, through the advent of photography and the emergence of the modern graphic design profession.

**ARH 467. U.S. Architectural History. (3 Credits)**

(3) I, II. Prerequisite: HIS 202 and 203; or ARH 392 and 393. A specialized study of the history of American architecture from the beginnings of colonization in the 16th century to the late 20th century, focusing on regional and period styles and the range of typologies.

**ARH 490. Art in the Age of Revolutions. (3 Credits)**

Prerequisites: ARH 392 or 392W or 393 or 393W or departmental approval. A study of European art and culture during periods of artistic, social, and political upheavals in the first half of the nineteenth century. Credit will not be awarded for both ARH 490 and ARH 496.

**ARH 491. The Rise of Modernism. (3 Credits)**

Prerequisites: ARH 392 or 392W or 393 or 393W or departmental approval. An in-depth study of the development of modernism and the avant-garde in mid 19th- and early 20th-century Europe. Credit will not be awarded for both ARH 491 and ARH 496.

**ARH 494. Women and the Visual Arts. (3 Credits)**

Prerequisite: ARH 392 or 392W or 393 or 393W or departmental approval. A study of the roles of women in visual art and culture from various perspectives, including women as artists, patrons, and subjects in eighteenth- and nineteenth-century European art.

**ARH 495. Women and the Visual Arts. (3 Credits)**

Prerequisite: ARH 390 or ARH 390W or ARH 391 or ARH 391w or departmental approval. A study of the roles of women in visual art and culture from various perspectives, including woman as artists, patrons, and subjects in eighteenth- and nineteenth-century European art.

**ARH 497. History of Modern Art. (3 Credits)**

A. Prerequisites: ARH 392 or 392W or ARH 393 or ARH 393W or departmental approval. A specialized study of art and architecture in Europe and America from the late nineteenth to the late twentieth century.

**ARH 498. U.S. Art History. (3 Credits)**

A. Prerequisites: ARH 392 or 392W or ARH 393 or ARH 393W or departmental approval. An in-depth study of the arts of the United States of America from 1565 to 2000.

**Design****DES 121. The Interior Environment. (3 Credits)**

A. An orientation to the profession: relationship to allied fields, contemporary developments, professional organizations, career options and philosophical approaches. Introduction to the principles and elements of design, programming, space planning, and decorative ornamentation. Open only to non-Interior Design majors.

**DES 122. Graphic Communication in ID. (3 Credits)**

I. Emphasis on graphic communication as part of the design process for interior designers. Integration of drawing skills employed in graphic representational methods used to analyze and describe interiors and conceptual ideas. Studio.

**DES 225. Interior Materials. (3 Credits)**

II. An investigation of the interior finish materials and component systems used in the design profession; their properties, performances, sustainability, application and installation techniques, as well as health and life safety issues and the appropriate trade sources.

**DES 226. Interior Design Studio II. (3 Credits)**

II. Prerequisite: DES 222. The study of the concepts and requirements in residential interior design. Programming, human factors, space planning, and study of functional and aesthetic aspects of residential environments will be explored. Studio meets for 3 hours twice a week.

**DES 250. Introduction to Graphic Design. (3 Credits)**

A. Prerequisites: ART 100 and 152. Introduction to the field of professional graphic design and its conceptual and technical makeup. Credit Will not be awarded for both DES 250 and DES 256.

**DES 256. Graphic Design for Non-Majors. (3 Credits)**

A. Pre-prerequisite: ENG 101 of Departmental Approval. An introduction to principles and processes of graphic design as a form of visual communication through type, image, color and form. Credit will not be awarded to students who have credit for DES 250 or 251.

**DES 319. Seminar in Interior Design. (1-3 Credits)**

A. A study of technical information relevant to interior design. Course content to be determined by student interest and needs. May be retaken to a maximum of six hours provided the content is different.

**DES 322. Interior Design Studio III. (3 Credits)**

I. Prerequisites: DES 226 and 330, Major GPA 3.0, and admission to the BFA program. Corequisites: DES 325. Research, analysis, programming, space planning, and human factors in residential and/or small-scale commercial design. Laptops and CAD software required. Studio meets for 3 hours twice a week.

**DES 325. Professional Practice in ID. (3 Credits)**

I. Corequisite: DES 322. An examination of the profession of interior design including history, procedures, documents, organizations, trade resources, certification, management, and ethics.

**DES 327. History of Interior Design I. (3 Credits)**

I. Prerequisite or Corequisite: ARH 390 and 391. The study of the history and theory of architecture, interiors, and decorative arts from the Renaissance through the nineteenth century. An examination of the significance and application to current design problems.

**DES 328. History of Interior Design II. (3 Credits)**

II. Prerequisite: DES 327. The study of the history and theory of architecture, interiors, and decorative arts from the nineteenth century through the present day. An examination of the significance and application to current design problems.

**DES 330. Lighting Design. (3 Credits)**

II. Prerequisite: CON 250. Introduction to lighting with an emphasis on theory, codes, and practical application/selection of lighting to enhance interior space. Integration of lighting issues that are essential and specific to the industry and profession of interior design.

**DES 349. Applied Learning in Art & Design. (0.5-8 Credits)**

A. Work in a professional environment related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours employment required for each semester hour credit. Students must have successfully completed 30 semester hours of course work and transfer students must have completed at least one semester of full-time course work at EKU with a GPA of 2.5.

**DES 349A. Cooperative Study: Art & Design. (0.5-8 Credits)**

A. Work in a professional environment related to academic studies. One to eight hours credit per semester or summer. A minimum of 80 hours employment required for each semester hour credit. Students must have successfully completed 30 semester hours of course work and transfer students must have completed at least one semester of full-time course work at EKU with a GPA of 2.5.

**DES 350. Typography. (3 Credits)**

II. Prerequisite: DES 250, Departmental approval and 2.5 GPA in ART, ARH, and DES courses. Corequisite: DES 351. Introduction to the use of letterforms in graphic design and visual culture. Students will research typographic terms and history and will develop an understanding of visual hierarchy in graphic design.

**DES 351. Sophomore Studio. (3 Credits)**

A. Prerequisite: DES 250, departmental approval and 2.5 GPA in ART, ARH, and DES courses. Corequisite: DES 350. An exploration of visual communication issues and applications in graphic design. The relationship of visual form to meaning, type and image relationships will be examined.

**DES 352. Image Making. (3 Credits)**

A. Prerequisites: DES 353 and 354, Major GPA 2.5 and admission to the BFA program. Corequisite: DES 451. An integration of various techniques and materials, both traditional and digital, to promote understanding of the importance of imagery within the field of graphic design.

**DES 353. Production for Graphic Design. (3 Credits)**

A. Prerequisites: DES 350, 351, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 354. Exploration of materials, surface graphics, marketing, and production problems as the refinement and integration of many design principles.

**DES 354. Typography II. (3 Credits)**

A. Prerequisites: DES 350, 351, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 453. Advanced study of typography as an expressive medium. Special attention to multi-page document work, advanced issues of typography in scale as well as its usage in new media and alternative situations.

**DES 421. Supervised Field Exp in ID. (6 Credits)**

SUMMER ONLY. Prerequisites: open to Interior Design BFA students only, DES 325 and 326, minimum 2.25 overall GPA, and 3.0 major GPA. Observation of an interior design firm's operation, with performance in assigned tasks. Students are placed with an architecture or interior design firm for a continuous full time ten-week experience.

**DES 422. Interior Design Studio V. (3 Credits)**

I. Prerequisites: DES 326, 328, Major GPA 3.0 and admission to the BFA program. Advanced studio experience in interior design with emphasis on one or more of the following: residential, exhibit/retail, hospitality, office, historic preservation and adaptive use. Studio meets for 3 hours twice a week.

**DES 450. Professional Practices in Graphic. (3 Credits)**

I, II. Prerequisites: DES 352, 451, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 452. This course examines the professional standards and practices specific to the field of graphic design.

**DES 451. New Media. (3 Credits)**

A. Prerequisites: DES 353, 354 Major GPA 2.5, and admission to the BFA program. Corequisite: DES 352. Introduction to the artistic and technical issues of multimedia through website application.

**DES 452. New Media II. (3 Credits)**

A. Prerequisites: DES 352 and 451, Major GPA 2.5, and admission to the BFA program. Corequisite: DES 450. Advanced communication through multimedia applications.

**DES 453. Senior Workshop in Design. (3 Credits)**

I, II. Prerequisite: DES 450, 452 Major GPA 2.5 and admission to the BFA program. Exploration of current issues, technical procedures, and design products.

**DES 454. BFA Graphic Design. (3 Credits)**

A. Prerequisites: DES 453, Major GPA 2.75. Corequisite: ART 499. Final phases of the student designer's transition into the profession. Additional guidance towards portfolio and senior thesis development.

**DES 463. Independent Study: Design. (1-3 Credits)**

A. Prerequisites: Departmental Approval. Limited to seniors. Continuation of study begun in regular departmental courses. Independent study proposal form must be approved prior to enrollment. May be retaken to a maximum of six hours.

**DES 521. Analytical Furniture Design. (3 Credits)**

A. Analysis of furniture design in terms of integration of function and styles with structure; coordination of furniture style with interior architectural expression.

## Applied Creative Thinking, University Certificate

Trenia Napier, Director

Noel Studio 210Q

859-622-8322

studio.eku.edu/minor-applied-creative-thinking (<http://studio.eku.edu/minor-applied-creative-thinking/>)

The Applied Creative Thinking certificate is offered for students in all disciplines.

## Program Requirements

CIP Code: 24.0101

Code	Title	Hours
<b>Core Courses</b>		
CRE 101W	Introduction to Applied Creativity	3
CRE 400	Creativity Studies Project (must be taken after the completion of the other five courses)	3
Choose six hours from the following courses:		6
CRE 201	Innovation and Creativity	
CRE 300	Pedagogy of Creativity Studies	
CRE 301	Creativity Texts & Technology	
CRE 305	Creativity and Research	
CRE 347	Special Topics in Creativity:	
CRE 490	Independent Study: Creative Thinking	
<b>Total Hours</b>		<b>12</b>

## Art History, Minor

### Program Requirements

A student may minor in art history by completing a minimum of 18 hours as follows:

Code	Title	Hours
<b>Required Courses</b>		
ARH 392	Survey of Global Art History I	3
ARH 393	Survey of Global Art History II	3
or ARH 393W	Survey of Global Art History II	
ART 563	Art Theory & Criticism Seminar	3
Choose from nine hours of the following:		9
ARH 463	Independent Study: Art History	
ARH 464	Renaissance and Baroque Art	
ARH 465	History of Graphic Arts	
ARH 490	Art in the Age of Revolutions	
ARH 491	The Rise of Modernism	
ARH 494	Women and the Visual Arts	
ARH 497	History of Modern Art	
ARH 498	U.S. Art History	
<b>Total Hours</b>		<b>18</b>

## Art/Design Studio, Bachelor of Fine Arts with a Concentration in Graphic Design (B.F.A.)

You may also contact the Division of Educator Preparation, Assessment, and Internship at (502) 564-5989.

## Art/Design Studio, Bachelor of Science (B.S.)

Upon completion of the Bachelor of Science Degree (B.S.) in Art/Design Studio, students will gain a broad knowledge of a variety of media and techniques, will be able to apply elements and principles of art and design, be more aware of the influence of perception and observation, and communicate ideas effectively and expressively. Students will apply critical and creative thinking through making, research, analysis, and writing to demonstrate an awareness of historical and contemporary concepts, theories, and styles across global cultures and time periods. Students pursuing the B.S. in Art/Design Studio will have the opportunity to explore multiple disciplines beyond the Department of Art and Design.

## School of Communication

### Director

Dr. Ginny Whitehouse  
(859) 622-7324  
Combs 317

### Faculty

A. Brooks, C. Cogdill, A. Endsley, J. Fairchild, E. Hofelich, T. Kelley, K. Kimmel, J. King, E. Meiners, K. Previs, M. Randolph, J. Strada, and G. Whitehouse.

The School of Communication offers four-year Bachelor of Arts degree programs in three areas: Broadcasting and Electronic Media with concentrations in Film Technology & Techniques and Multimedia Journalism; Communication Studies; and Public Relations.

### School Goals

The School of Communication's student-centered program seeks to transform lives through excellence in instruction, advising, scholarship, and service. The school strives to produce creative and effective communicators by providing cutting-edge programs emphasizing hands on and practical learning. Empowered by this experience, students are prepared to work, lead, and serve in a global society.

### Minors and Certificates

Students may earn university certificates in Communication in the Workplace, Communication Studies, Dispute Resolution, and Sports Communication. Students may minor in Multimedia Journalism, Broadcasting and Electronic Media, Communication Studies, Public Relations, and Visual Media.

## Media Productions

Students throughout the university gain hands-on experience working at the student-led *Eastern Progress Media Network*, which includes an online news site, print newspaper production, a working news studio, and a podcast studio. Eastern Progress offices and the studios are located on the Third Floor of Combs.

Numerous multimedia, documentary, and film projects are also produced by School of Communication faculty and students. Majors and non-majors may receive academic credit for work on productions and may participate in creative projects in their classes.

## Requirements

Students may earn up to 16 credit hours toward their degree by enrolling in cooperative education courses or internships. Credit for additional practical experience may be earned through practicums. Students majoring or minoring in the School of Communication are required to attain a minimum grade of "C" in all courses (core and supporting) for a major or minor and a 2.25 or better GPA in all courses (core and supporting) required for the major or minor.

## Bachelor's

- Broadcasting and Electronic Media, Bachelor of Arts with a Concentration in Broadcasting and Electronic Media (B.A.) (p. 393)
- Broadcasting and Electronic Media, Bachelor of Arts with a Concentration in Film Techniques & Technology (B.A.) (p. 394)
- Broadcasting and Electronic Media, Bachelor of Arts with a Concentration in Multimedia Journalism (B.A.) (p. 395)
- Communication Studies, Bachelor of Arts (B.A.) (p. 396)
- Public Relations, Bachelor of Arts (B.A.) (p. 398)

## Associate's

*No results were found.*

## Minor

- Broadcasting and Electronic Media, Minor (p. 396)
- Communication Studies, Minor (p. 397)
- Multimedia Journalism, Minor (p. 398)
- Public Relations, Minor (p. 399)
- Visual Media, Minor (p. 399)

## Certificate

- Communication in the Workplace, University Certificate (p. 396)
- Communication Studies, University Certificate (p. 397)
- Dispute Resolution, University Certificate (p. 398)
- Sports Communication, University Certificate (p. 399)

## Courses

### Broadcasting and Electronics

#### BEM 200. Mass Media and Society. (3 Credits)

I, II. Formerly COM 200. Introduction to mass media issues. Analyzes mass media impact on social, political and economic sectors of American and world societies. Considers issues and trends, including ethics, legal controls, violence and censorship. Credit will not be awarded to students with credit for: BEM 200W, COM 200, COM 200W. Gen. Ed. E-5B [SB].

**BEM 202. Information Gathering. (3 Credits)**

A. A survey of research strategies and methods for locating, analyzing, and managing information from a variety of sources through use of the core techniques of making observations, conducting interviews and accessing documents from government agencies, archives, popular press and web-based sources.

**BEM 203. Introduction to Media Writing. (3 Credits)**

A. Prerequisites: ENG 102 or 105(B) or HON 102. Study of the coverage of news for all types of media. Developing writing skills for broadcast, electronic, and print media distribution platforms including television, radio, podcasts, Internet news sites, newspapers, magazines, and social media. Credit will not be awarded for both BEM 203 and COM 201.

**BEM 295. Video Production. (4 Credits)**

I, II. Training in non-studio video production and editing. Includes applied aesthetics and production of dramatic informational or experimental work on video. Introduction to techniques, styles, and image structure. Requires weekly projects, critiques. 3 Lec/3 Lab.

**BEM 300. Performance in Electronic. (3 Credits)**

Prerequisite: CMS 210. Study of the announcer's role in electronic media. Stresses practice in performing areas, including radio and television production, microphone and television camera techniques with an added emphasis on phonetics and pronunciation.

**BEM 301. Multimedia Newswriting. (3 Credits)**

A. Prerequisites: BEM 203. Students will critically evaluate, then write and produce multimedia stories, learning to combine online text, audio, and video. Students will learn journalistic interviewing techniques and research strategies, and be able to differentiate amongst news, feature, and opinion writing genres. Credit will not be awarded for both BEM 301 and COM 301.

**BEM 302. Journalism Practicum. (1 Credit)**

I, II. Formerly JOU 302. Prerequisites: BEM 203. Supervised practical experience in a journalistic operation. Students are required to take a total of three credits for the major. Students may take one credit per semester. Course may be repeated for a total of 8 credits.

**BEM 305. Storytelling & Feature Writing. (3 Credits)**

I, II. Prerequisite: BEM 203 or departmental approval. Create feature stories for multimedia platforms that blend journalism and art. Explore the dual nature of interactive features, including written forms and podcasting, based on facts but with the voice of a novel. Credit will only be awarded for one course: BEM 305W or JOU 305 or JOU 305W or BEM 305.

**BEM 305W. Storytelling & Feature Writing. (3 Credits)**

I, II. Prerequisite: BEM 203 or departmental approval. Create feature stories for multimedia platforms that blend journalism and art. Explore the dual nature of interactive features, including written forms and podcasting, based on facts but with the voice of a novel. Credit will only be awarded for one course: BEM 305W or JOU 305 or JOU 305W or BEM 305.

**BEM 320. Digital Publishing Design. (3 Credits)**

I, II. Prerequisite: BEM 200. An introduction to the fundamental tools of digital publication design. Subjects covered include photography, typography, publication best practices, digital image toning and compositing, masking, digital magazine layout, color theory, and press preproduction. Credit will only be awarded for one course: BEM 320, JOU 320 or PUB 320.

**BEM 325. Photojournalism. (3 Credits)**

I, II. Formerly JOU 325. Prerequisites: ENG 102 or 105(B) or HON 102. Examines principles of digital photography, stressing hands-on skills in producing professional quality images. Looks at role the photojournalist serves. Provides an introduction to color correction in Photoshop. Credit will not be awarded for both BEM 325 and JOU 325.

**BEM 330. Sports Writing and Reporting. (3 Credits)**

I, II. Formerly COM 330. Prerequisites: ENG 102 or 105(B) or HON 102. Writing and producing of game, feature and interview stories for print and broadcast. Includes play by play, sports commentary and analysis. Credit will not be awarded for both COM 330 and BEM 330.

**BEM 343. Audio Practicum. (1-3 Credits)**

I, II. Prerequisite: BEM 295. Supervised practical experience on the staff of a radio or other audio facility. May be taken to a maximum of three hours. One hour may be counted toward the major.

**BEM 349. Applied Learning in Broadcasting. (0.5-8 Credits)**

A. Prerequisites: junior standing, 2.0 average in all courses within the department, and departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. One hour may be used to satisfy major requirements within the department.

**BEM 349A. Cooperative Study: Broadcasting and the Electronic Media. (0.5-8 Credits)**

A. Prerequisites: junior standing, 2.0 average in all courses within the department, and departmental approval. Work under faculty and field supervisors in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen baccalaureate. A minimum of 80 hours work required for each academic credit. One hour may be used to satisfy major requirements within the department.

**BEM 349B. Cooperative Study: Broadcasting and the Electronic Media. (0.5-8 Credits)****BEM 349C. Cooperative Study: Broadcasting and the Electronic Media. (0.5-8 Credits)**

Work under faculty and field supervisors in placements related to academic studies. May not satisfy major or minor requirements within the department.

**BEM 349D. Cooperative Study: Broadcasting and the Electronic Media. (0.5-8 Credits)****BEM 350. Cinema History I. (3 Credits)**

A. Prerequisite: ENG 102 or ENG 105(B) or HON 102. Historical survey of cinema from its origins to 1939. Examines developments in directing, acting, editing, and other areas of cinema as an art form. Feature length and short films viewed. Gen. Ed. VII (AH). 2 Lec/2 Lab.

**BEM 351. Cinema History II. (3 Credits)**

A. Historical survey from 1939 to present. Includes theories, styles, and critical positions related to the sound film and considers origins and implications for future directions. Feature length and short films viewed. Gen. Ed. VII (AH). 2 Lec/2 Lab.

**BEM 352. Film Techniques & Technology. (3 Credits)**

I. Prerequisite and/or Corequisite: BEM 350 or 351. The study of various technologies employed in traditional/electronic film production. Emphasis on the study of social, economic, technological and political factors and their effects on the development of cinematic techniques.

**BEM 353. The Art and Craft of Screenwriting. (3 Credits)**

A. Prerequisite: ENG 101 and 102 ( or 105 (B)) or HON 102. Conceiving, structuring, writing and marketing the contemporary American screenplay. Requires developing and writing original screenplays for marketing in the contemporary film environment. Credit will not be awarded for both BEM 353W and BEM 353.

**BEM 353W. The Art and Craft of Screenwriting. (3 Credits)**

A. Prerequisite: ENG 101 and 102 ( or 105 (B)) or HON 102. Conceiving, structuring, writing and marketing the contemporary American screenplay. Requires developing and writing original screenplays for marketing in the contemporary film environment. Credit will not be awarded for both BEM 353W and BEM 353.

**BEM 357. Sound Design for Film and Video. (3 Credits)**

A. Prerequisite: BEM 200. Training in audio mixing and sound design for narrative films and other types of video projects. Introduction to industry standard audio software and post-production sound techniques and principles.

**BEM 360. Advanced Lighting Techniques. (4 Credits)**

(4) II. Prerequisite: BEM 295. An examination of advanced lighting techniques for film and television production. Stresses the technical considerations and aesthetics of lighting through analytical and hands-on applications of lighting and film/electronic cinematography. 3 Lec/ 1 Lab.

**BEM 370. Electronic Cinema Production. (4 Credits)**

I, II. Prerequisite: BEM 295(C) and BEM 352(C). Principles and procedures behind single-camera dramatic productions recorded and edited on videotape. Requires group and individual portfolio projects involving a critical and artistic understanding of sound-image relationships. Includes multi camera production, directing and producing. 3 Lec/3 Lab.

**BEM 373. Electronic Cinema Practicum. (1-3 Credits)**

I, II. Prerequisite: BEM 295. Supervised practical experience in film making, editing, and other aspects of film-style production. May be retaken to a maximum of three hours.

**BEM 395. Video Production II. (4 Credits)**

I, II. Prerequisite: BEM 295. Training on and mastery of advanced production and post production equipment. Requires group and individual portfolio projects involving a critical and artistic understanding of sound-image relationships. Includes multi camera production, directing and producing.

**BEM 396. Motion Graphics. (3 Credits)**

(3) I, II. Prerequisite: BEM 295. Training on industry standard motion graphics software used for post-production design and editing. The course examines visual effects and multimedia, covering techniques needed to improve students' command of motion graphics in video production.

**BEM 398. Electronic Video Practicum. (1-3 Credits)**

I, II. Prerequisite: BEM 295. Supervised practical experience on the staff of a television station or other video facility. May be taken to a maximum of three hours. One hour may be counted toward the major.

**BEM 400. Studies in Electronic Media. (1-4 Credits)**

A. Prerequisite: departmental approval. Study of specific areas of media through a course examining timely or topical concerns in the field. Specific topic included in schedule. May be retaken to maximum of nine hours.

**BEM 401. Multimedia Field Production. (3 Credits)**

A. Prerequisites: BEM 295. Students will apply their cumulative skills to design and produce semester-long, individual or team multimedia projects that will engage news consumers in carefully assembled amalgamation of text, audio, video, photos, interactive graphics.

**BEM 402. Advanced Broadcast News. (3 Credits)**

A. Prerequisite: BEM 401. Advanced study in broadcast journalism. Planning, gathering, writing, editing and producing news for television; critical evaluation of broadcast news techniques; individual and team projects.

**BEM 405. Media Law. (3 Credits)**

A. Formerly COM 405. Prerequisite: BEM 200 or 200W or COM 200 or COM 200W or department approval. Examination of First Amendment rights and free expression philosophies that impact multimedia platforms, including access to information and public spaces, copyright, fair use, libel, slander, privacy, free press/fair trial, obscenity, and commercial speech regulation. Credit will not be awarded for both BEM 405 and COM 405.

**BEM 412. Multimedia Web Development. (3 Credits)**

I, II. Formerly JOU 412. Prerequisite: PUB 320 (C) or JOU 320 (C) or BEM 320 (C). An introduction to website design, HTML and CSS. Subjects covered include organizing web content, web hosting, the languages of HTML and CSS, digital image preparation and deployment, browser development tools, Javascript libraries (jQuery), and best practices for coding and deploying multimedia online. Credit will not be awarded to students who have credit for JOU 412 or PUB 412.

**BEM 415. Media Ethics. (3 Credits)**

A. Formerly COM 415. Prerequisite: BEM 200 or 200W or COM 200 or 200W. Examination of ethical standards and practices of the mass media. Includes development of ethical decision-making skills. Credit will not be awarded for both BEM 315 and COM 415.

**BEM 425. Electronic Media Operations. (3 Credits)**

A. Prerequisite: BEM 200 or 200W or COM 200 or COM 200W. Study of the issues that impact managing, programming and operating a media enterprise, including federal regulations.

**BEM 445. Broadcast and Cable Promotion. (3 Credits)**

I, II. Formerly COM 445. Prerequisite: BEM 295. Study of broadcast and/or cable promotion in the areas of writing, production, marketing, and public relations. Includes exercises in promotions. Credit will not be awarded for both BEM 445 and COM 445.

**BEM 453. Advanced Screenwriting. (3 Credits)**

(3) I, II. Prerequisites: BEM 353W or departmental approval. Writing and marketing the screenplay for television and film. Emphasis is placed on structuring and composing the screenplay for advanced writers. Open to all majors.

**BEM 460. Advanced Film Genre:\_\_\_\_. (3 Credits)**

I, II. Detailed study of the types of motion pictures. Requires independent research, extended analysis, and critical evaluation of films. May be retaken to a maximum of six hours with different course content. May not be taken concurrently with BEM 260. 2 Lec/2 Lab.

**BEM 471. Media Sales. (3 Credits)**

A. Previously COM 471. Prerequisites: ENG 102, or 105(B) or HON 102. Problems and practices of both print and electronic media sales. Includes case studies in both print and broadcast sales development (local, regional, and national), pricing, production, promotion, and basic sales campaigns. Credit will not be awarded to students who have credit for COM 471.

**BEM 491. Senior Seminar. (2 Credits)**

I, II. Prerequisites: completion of 90 hours. Co-requisite: At least one hour from BEM 349 or 343 or 398. Evaluates students' progress toward a career in mass communications, especially the development of an electronic portfolio, and develops job search strategies and skills. Includes assessment of instruction and curriculum.

**BEM 495. Video Production III. (4 Credits)**

I, II. Prerequisite: BEM 395 or 370. Advanced study of video production and direction, combining studio and field work. Includes writing program proposals, scripts, and shooting schedules. Programs produced outside normal class hours. 3 Lec/3 Lab.

**BEM 499. Independent Study in Electronic Media. (1-4 Credits)**

A. Prerequisite: Student must consult with the faculty supervisor and have the independent study proposal form approved by the faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of four hours.

**Communication Studies****CMS 100. Introduction to Human Communication. (3 Credits)**

I, II. Learn to effectively interact in a variety of social, professional and virtual environments by building self-awareness and social skills. Focus on creating effective other-oriented verbal and nonverbal messages by developing competencies in active listening, responding appropriately, managing conflict, communicating empathically, and creating professional presentations. Gen.Ed. E-1C [OC].

**CMS 100Z. Intro to Human Communication. (3 Credits)**

I, II. An introduction to the study of human communication. Overview of major topics in contemporary theories of intrapersonal, interpersonal, small group, and public communication. Gen. Ed. Element 1C.

**CMS 200. Interpersonal Communication. (3 Credits)**

I, II. A theoretical and practical study of interpersonal communication. Students will explore the influence of technology on relationships and will learn strategies to enhance interpersonal relationships through self-disclosure, verbal and nonverbal messages, and effective conflict management. Gen. Ed. E-5B.

**CMS 205W. Advocacy and Opposition. (3 Credits)**

I, II. Prerequisites: ENG 102 or 102R, or ENG 105(B), or HON 102. The study of the techniques and principles of formal argumentative discourse including developing, presenting, defending, opposing, and analyzing positions on controversial questions through research, writing and oral communication. Emphasis on the use of online mediums for promoting and opposing ideas. Credit will not be awarded for both CMS 205W and CMS 205.

**CMS 210. Public Speaking. (3 Credits)**

I, II. Principles of and practice in the art of public speaking. Study of the invention, organization, style, delivery, and audience adaptation of informative, persuasive, and commemorative speeches. Gen. Ed. Element 1C. Credit will not be awarded to students who have credit for CMS 215.

**CMS 210Z. Public Speaking. (3 Credits)**

I, II. Principles of and practice in the art of public speaking. Study of the invention, organization, style, delivery, and audience adaptation of informative, persuasive, and commemorative speeches. Gen. Ed. Element 1C.

**CMS 215. Business and Professional Presentations. (3 Credits)**

(3) A. Students develop and practice multiple types of presentations vital for the professional arena. Learn the skills associated with effective verbal and nonverbal delivery, how to create appealing visual aids, how to motivate and inspire others through persuasive speaking, and how to deliver technical information clearly and understandably. Credit will not be awarded to students who have credit for CMS 210. Gen. Ed. E-1C.

**CMS 275. Applied Organizational Communication Skills. (3 Credits)**

(3) A. Study of applied communication skills for professionals in organizational contexts. Develop communication skills in conducting interviews, engaging in performance evaluations, creating resumes, managing a professional online presence and in using appropriate business etiquette. Credit will not be awarded for both CMS 250 and CMS 275.

**CMS 302. Social Media Messaging for Org. (3 Credits)**

Prerequisites: ENG 102, ENG 102R, ENG 105(B), or HON 102. An introduction to the development, execution, and evaluation of persuasive and informative messaging used by organizations to share information using various social media platforms. Real world organizations are assessed.

**CMS 305. Research Design in Communication Studies. (3 Credits)**

I, II. Prerequisites: CMS 205W. Introduction to the philosophy, methods, practice and everyday application of communication research. Topics include reading, summarizing, and evaluating academic literature, and using information technology in the collection, organization, interpretation, and presentation of data in a scholarly or workplace context.

**CMS 310. Team Building and Small Group Communication. (3 Credits)**

I, II. Prerequisites: CMS 200. Study the role of communication in the development of group norms, roles, leadership styles, problem-solving techniques and decision-making techniques in team building and small group interactions in both face to face and virtual team environments.

**CMS 315. Communication Studies Practicum. (1-3 Credits)**

I, II. Prerequisite: Instructor approval. Practical field experiences that allow a student to observe and document how working professionals perform their job responsibilities. Students will also participate to a limited extent in performing tasks under supervision by program professors and on-site staff. May be retaken for a maximum of six hours.

**CMS 320. Persuasion. (3 Credits)**

A. Prerequisites: ENG 101 or 101R and 102. Study of contemporary research and theories of persuasion and social influence. Practice in the design, analysis, and implementation of persuasive messages.

**CMS 325. Communication in Conflict Management. (3 Credits)**

I, II. Prerequisites: Junior or senior standing or departmental approval. Study of the human communication and technology components contributing to the introduction, continuation, and resolution of conflict in personal and professional relationships. Learn to identify root causes of conflict and practice communication strategies for productive conflict management including active listening, perception-checking, the healthy expression of emotions, power balancing, and problem-solving.

**CMS 335. Advanced Public Speaking. (3 Credits)**

(3) I, II. Prerequisite: CMS 210 or departmental approval. An advanced study of the invention, organization, style, delivery, and audience adaptation of various types of speeches.

**CMS 349. Applied Learning in Communication Studies. (0.5-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**CMS 349A. Cooperative Study: Communication Studies. (1-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**CMS 349B. Cooperative Study: Communication Studies. (1-8 Credits)**

A. work in placements related to academic studies. A minimum of 80 hours employment required for each semester hour credit.

**CMS 349C. Cooperative Study: Communication Studies. (1-8 Credits)**

A. Work in placements related to academic studies. A minimum of 80 hours employment required for each semester hour credit.

**CMS 349D. Cooperative Study: Communication Studies. (1-8 Credits)**

A. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours: eight, associate; sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**CMS 349E. Cooperative Study: Communication Studies. (1-8 Credits)****CMS 349F. Cooperative Study: Communication Studies. (1-8 Credits)**

A. Prerequisite: departmental approval. Work in placements related to academic studies. One to eight hours credit per semester or summer. Total hours; eight, associate, sixteen, baccalaureate. A minimum of 80 hours employment required for each semester hour credit.

**CMS 350. Organizational Communication. (3 Credits)**

I. Prerequisite: ENG 101 or 101R. An introduction to the principles, theories, and practice of communication within organizations. Emphasis will be placed on different perspectives of organizational communication, in addition to emergent issues such as newcomer assimilation, organizational culture, networks, decision-making, emotion diversity, and technology, and values.

**CMS 353. Health Communication. (3 Credits)**

A. Prerequisites: CMS 100 or CMS 210. A survey of recent development in the field of health communication. Emphasis is on the role of interpersonal communication and family narrative in the health care setting, patient provider interactions and multicultural health awareness.

**CMS 375. Intercultural Communication. (3 Credits)**

A. Prerequisites: CMS 100, 200, or 210. A practical and theoretical study of the basic elements of interpersonal communication and culture as the two relate to one another. Enhance cross-cultural communication competencies and strengthen understanding of diverse cultural perspectives. Gen. Ed. E-6.

**CMS 380. Communication and Recruitment. (3 Credits)**

A. Prerequisites: Departmental approval. This course is designed to provide students with both theory and methods in recruitment, using and improving their interpersonal communication and public speaking skills. The class will utilize extensive role-playing activities to develop these skills.

**CMS 400. Communication and Gender. (3 Credits)**

A. Prerequisites: CMS 200, 205 or 205W, and 210. Focuses on relationships between communication and gender, race, and social class. Examines ways in which gender roles are created and recreated in society and in our personal and professional relationships.

**CMS 410. Human Communication Theory. (3 Credits)**

A. Prerequisite: CMS 200. Prerequisite or Corequisite: CMS 305. Examine key communication theories that describe, explain and/or predict human communication behaviors. Emphasis placed on the application of theories to everyday life.

**CMS 420. Negotiation. (3 Credits)**

A. This course combines communication theory and practice in resolving conflicts using the negotiation process. Extensive role-playing activities will be utilized to develop these skills.

**CMS 435. Family Communication. (3 Credits)**

A. Prerequisite: CMS 200. Introduction to the literature and research on communication in the family. Emphasis on the role of communication in creating and maintaining healthy marriages and families. Topics include exploring communication in the family life cycle, managing conflict and stress in the family, and using communication to manage the work/family balance in everyday life.

**CMS 445. Advanced Interpersonal Communication. (3 Credits)**

A. Prerequisite: CMS 200 and 205W. Analysis of theory and research in professional and personal communication. Topics include relationship messages, stages of interpersonal relationships, intimate dialogue, the dialogue of distance, maintaining relationships through dialogue, and developing effective communication in relationships.

**CMS 450. Mediation. (3 Credits)**

A. Prerequisites: CMS 325 or departmental approval. The study of mediation as an alternative dispute resolution technique. Involves the analysis and practice of communication skills applicable to the mediation process. Extensive mediation role-plays are an integral part of the course.

**CMS 485S. Communication Training and Development. (3 Credits)**

I, II. Formerly CMS 485. Prerequisite: CMS 200, 205W, 250 and 300. An introduction to the field of communication training and development for corporate, industrial, institutional, medical or educational settings. Students will practice training techniques in on-site situations. Credit will not be awarded to students who have credit for CMS 406 or 485.

**CMS 490. Special Topics in Communication. (1-3 Credits)**

A. Presentation of course material of a timely, specialized, or topical nature. Specific course orientation will appear beside title. May be retaken to a maximum of nine hours if subject matter is different each time. Credit will not be awarded for both CMS 495 and CMS 490 Special Topics in Leadership.

**CMS 495. Communication, Leadership, and Change. (3 Credits)**

I, II. Prerequisite: Prerequisites: Senior standing and CMS 305. A capstone course that helps students reflect on and apply their learned experiences in communication with an emphasis on leadership. Students integrate learned theory and experiences with real world situations. Completion of a capstone project is required.

**CMS 499. Independent Study in Communication Studies. (1-6 Credits)**

I, II. Individual research and reading on a specified speech communication subject. Regular consultation and final paper or performance required. Students must have the independent study proposal form approved by faculty supervisor and department chair prior to enrollment. May be retaken to a maximum of six hours.

## Public Relations

**PUB 275. Public Relations Principles. (3 Credits)**

I, II. Prerequisites: ENG 102 or 102R or ENG 105(B). Survey of principles and practices in disseminating information to internal and external audiences in business, industrial, educational, social, and government agencies.

**PUB 302. Social Media and Public Relations. (3 Credits)**

I, II. Prerequisite: ENG 102 or 102R or ENG 105(B). Development and application of social media forms and design. Emphasis on social media as a strategic public relations tool in terms of institutional, social, and technological impact. Includes working with community partner(s) to strengthen an online presence. Course credit will not be granted for both PUB 410 and PUB 302.

**PUB 305. Public Relations Research. (3 Credits)**

A. Prerequisite: PUB 275. Introduction to the research process, research approaches, basic statistics, and applied research in public relations practice. Topics include evaluating scholarly literature, and collecting, interpreting, and applying relevant data in PR practice. Credit will not be awarded for students who have credit for PUB 420, CMS 420, or CMS 305.

**PUB 320. Design for Mass Media. (3 Credits)**
