October 4, 2021
3:30 p.m.

CALL TO ORDER

ATTENDANCE

APPROVAL OF MINUTES

May 3, 2021 (regular & organizational)
September 13, 2021

PRESIDENT’S REPORT: David McFaddin

PROVOST’S REPORT: Sara Zeigler

GUEST SPEAKERS:

- Jenna Smith – SGA Update (*tentative*)

UNFINISHED BUSINESS:

- (*if any*)

NEW BUSINESS:

- Policy Updates – Haley Norberg
 - Academic Regulation 4.2.1 – Academic Credit (*Information Only*)
- Resolution Regarding a COVID-19 Vaccination Mandate at Eastern Kentucky University (*Action Item*)
- Other (*if any*)

REPORTS & QUESTIONS:

Executive Committee: Senator Crosby
Faculty Regent: Senator Marion
COSFL Representative: Senator Burns

STANDING COMMITTEES:

Academic Quality Committee: Senator Sands, Chair
Budget Committee: Senator Yow, Chair
Elections/University Nominations Committee: Senator Schilling, Chair
Information Technology Committee: Senators Alvarez & Hight, Co-Chairs
Rights & Responsibilities Committee: Senator Nachtwey, Chair
Rules Committee: Senators Bishop-Ross & Kay Co-Chairs,
Welfare Committee: Senator Blair, Chair

AD HOC COMMITTEES:

Review Open Educational Resources: Senator Marion (*reporting for Kelly Smith, Chair*)

ADJOURNMENT

FACULTY SENATE MINUTES

May 3, 2021

3:30 p.m.

The Faculty Senate of Eastern Kentucky University met on Monday, May 3, 2021, via Zoom. Chair Ciocca called the seventh meeting of the academic year to order at approximately 3:30 p.m.

The following members were absent: C. Budano*^, P. Calie, D. Enz, P. Kraska, J. LaPlante, R. Weise*

** Indicates prior notification of absence*

^ALT Mary Henton attended for C. Budano

APPROVAL OF MINUTES:

Senator Crosby moved approval of the April 5, 2021 minutes as written, seconded by Senator Woodruff. **Motion carried.** (YES = 46 votes NO = 0 votes ABSTAIN = 1 vote) (See also: [Individual Votes](#))

REPORT FROM THE PRESIDENT: Senator McFaddin

This year has certainly tested our resolve. The dedication our faculty, staff, and students have demonstrated to push through incredible trials affirms that ECU is a community full of heart and determination, willing to take any challenge head-on and come out stronger in the process. That fortitude is worthy of celebrating whether it came in the form of redesigning your courses or your classroom, taking the time to support students or colleagues through illness or anxiety, following all the proper health protocols, getting tested and quarantining if sick, and getting vaccinated to stay well.

Because of our success in controlling the spread of illness within our campus community and the diligent work of many departments and committees, our commencement ceremonies this week will be once again in-person for the first time in a year and a half! Commencement will look different and will observe attendance limits, however, it is an honor to be able to greet our graduates for the first time as ECU's President and confer the degrees they have worked so hard to complete. Thank you especially to our COVID-19 and contingency task forces, commencement committee, the Registrar's Office, Deans, Public Safety, and Conferencing & Events for all the work that has gone into reinventing spring commencement at ECU.

We are planning much more "normalcy" for the fall semester. As long as current state and federal health guidelines allow for it, we are fully expecting a return similar to fall 2019 on-campus course delivery. We are resuming in-person admissions activities, restrictions are easing on student housing and programming, and we are planning to welcome our next freshmen class to campus with a redesigned and reinvigorated "Big E Welcome". Along with many of our traditional experiences that have become hallmarks of the ECU experience, the Exceptional Eastern Experience (E3) team is planning some new and innovative programs for this upcoming year. A signature concert the Saturday of Big E welcome, new post-athletic student /community events in Powell Plaza, a Halloween Bash, beer gardens, comedians and food trucks will help headline a calendar of events and engagements that will far exceed anything ever done before.

We do anticipate some enrollment decline as college planning nationwide has been distinctly impacted by COVID-19 uncertainties, but we remain dedicated to closing the gap between those who have applied and been admitted to ECU and are yet to fully enroll. This is a very important finish line we must all work toward crossing. We want ECU to be the first choice for both students and our faculty/staff. No one can tell the story of Eastern better than we can. Our graduating students often express incredible gratitude for the caring faculty who helped them reach their academic goals, and as faculty you are able to offer first-hand accounts of our outstanding programs and the career successes of our alumni. You can also share examples of excellence in your profession as we look to recruit top talent to join us in these efforts. We are ALL recruiters and that holds true now more than ever in a highly competitive and untraditional higher education recruitment year. I urge you to use your voice and influence as much as possible to promote your programs and our institution.

As we finalize budgeting in the upcoming months, we will do all we can to keep college affordable, maximize resources, and be strategic in our investments. Evolving consumer behaviors will require us to be flexible and nimble, with goals of innovation and excellence in all areas and practices. Some visions will take time to achieve, but we must keep pressing forward to show our state and the world that Eastern innovates!

A few successes in this vein to note include our recent ECU Giving Day. The engagement of more than 1,800 donors shattered the initial goal of 1,000 in 24 hours. This will help us foster a culture of giving among all our constituencies. To those of you who gave, and advocated for giving, a sincere thank you for supporting this campaign and leading by example.

The ECU BookSmart program that will launch this fall has received a great amount of buzz and excitement among both new and returning students. This program sets us apart from any other institution in Kentucky, and perhaps the entire nation, in removing barriers to success when students struggle to afford their textbooks and required class materials.

We have seen incredible progress in our CPE Diversity Report this year. This is an area where we deployed targeted resources and attention to improve. Some of the highlights include:

- ECU received a score of 32 out of 36 which highlights our institutional commitment to diversity, equity, and inclusion.
- URM retention rate (80.3%) is the highest among the regional comprehensive Universities and significantly surpasses our 67% target
- Retention of low-income students is 76.7%, the highest among the regional comprehensives and surpassing our target of 72%
- To expand recruitment efforts, MOUs were signed with Adelante Hispanic Achievers in Louisville and the Cincinnati Public School System
- Enrollment of Undergraduate URM has increased 8.2%
- Enrollment of Undergraduate Latino/a population has increased 43%
- Graduate URM enrollment has increased 25.2%

There is still much work to do, but this is encouraging data that will help strengthen our campus community as a welcoming and inclusive environment where all students can embrace opportunity and succeed. Huge thanks to the drafting team members for this report: Dannie Moore, Gill Hunter, Lisa Day, Bethany Miller, Roger Cleveland, and Ron Jackson.

As we head into the summer months, please remain engaged in our ongoing searches for college deans. The timing of the search cycle will require work through the summer. Take advantage of the opportunities to share your feedback at various stages. The national search firm assisting us

in this process will work diligently to identify the best and brightest candidates near or far to move into these important academic leadership roles. We hope to have announcements on these hires at the end of the fiscal year.

Finally, we have some important leadership changes to note. Thank you to Senator Marco Ciocca for his leadership as Chair of Faculty Senate as he finishes his second term. We must also bid farewell to an incredible Provost, Dr. Jerry Pogatshnik. His wisdom, leadership, and dedication have proven invaluable both to ECU and to me personally. After 15 years at ECU and three decades in higher education, he certainly has earned his retirement that will become official June 30. I am certain we will have a successful and seamless transition as Dr. Sara Zeigler assumes leadership of Academic Affairs this summer.

GUEST SPEAKER:

Student Government Association Update. Chair Ciocca introduced Ms. Jenna Smith, the new SGA president for the 2021-2022 academic year.

Ms. Smith and the SGA Vice President will be on campus during the summer working on orientation. If anyone has any concerns involving the student body, please email her at jenna.smith@ecu.edu.

NEW BUSINESS:

Policy Updates. Ms. Haley Norberg presented the following policies for information only.

- [Policy 8.3.2 – Nepotism and Amorous Relationships](#)
- [Policy 3.2.1 – Intellectual Property](#)
- [Policy 1.1.1 – Policy on Policies](#)

R&R Motion on Proposed Revision to Policy 4.7.4 – Faculty Grievances. The motion was submitted by the Faculty Rights & Responsibilities Committee for review and action. Since it comes from a standing committee, a second is not required. (See also: [proposed policy revision and current policy](#)) **Motion carried.** (YES = 44 votes NO = 0 votes ABSTAIN = 2 votes) (See also: [Individual Votes](#))

The approved recommendation will go back to a drafting team for consideration and will move through the vetting process again upon completion.

Report from Council on Academic Affairs. Associate Provost Wies presented the following curriculum proposals for approval and additional materials for review and notification.

PROGRAM REINSTATEMENT
COLLEGE OF HEALTH SCIENCES
Applied Human Sciences

1. **Family and Consumer Sciences Education (Teaching) B.S.**

PROGRAM REVISIONS
COLLEGE OF JUSTICE & SAFETY
Safety & Security

2. **Safety, Security & Emergency Management M.S. – new certificates/concentrations**

School of Justice Studies

3. Justice Policy & Leadership M.S.

COLLEGE OF LETTERS, ARTS, AND SOCIAL SCIENCES

Anthropology, Sociology, & Social Work

4. Diversity in Society Certificate Departmental Certificate

Action Items

5. Academic Bankruptcy to Academic Fresh Start
6. Proposed CAA Process Revision, Spring 2021 (Fall 2021 implementation)
7. Revised Recommendation for Revisions to Certificates

Information Items

8. **COLLEGE OF EDUCATION** - organizational change in collaboration with the College of Business and Technology
9. **COLLEGE OF LETTERS, ARTS, AND SOCIAL SCIENCES** - organizational changes, dept. restructuring
10. **COLLEGE OF SCIENCE** - transitioning to the College of Science, Technology, Engineering and Mathematics

Senator Crosby moved approval of item #1, seconded by Senator Woodruff. **Motion carried.**
(YES = 48 votes NO = 0 votes ABSTAIN = 2 votes) (See also: [Individual Votes](#))

Items #2-10 were presented for information only.

Bookstore Advisory Committee Update. Senator Winslow reported that at the time of their last meeting the book adoption rate at Eastern was at a record high of 93 percent. The previous record was never higher than 70 percent.

GENERAL & STANDING COMMITTEE REPORTS:

REPORT FROM SENATE CHAIR: Senator Ciocca

The Executive Committee met on April 19, 2021 at 3:30 PM via the Zoom Platform. The following items were discussed:

- *Policy Updates*
The Executive Committee approved adding Policy 8.3.2 – Nepotism and Amorous Relations and Policy 1.1.1 – Policy on Policies to the September Senate agenda as information items only.

Ms. Haley Norberg announced that Policy 4.1.4 – Course Syllabi, which was approved by Senate in April, has been posted online for public comment and will remain live until April 30.

- *Rights and Responsibilities Committee Motion to Revise Policy 4.7.4 – Faculty Grievances*

Senator Nachtwey and AAUP Representative Nancy McKenney introduced the [motion](#) and the [proposed revision to the policy](#) which was submitted by the Rights and Responsibilities Committee. [See also: [Current Policy](#)] Ms. Norberg noted that if the motion is approved by Senate, the policy would need to go back to a drafting team of key stakeholders for review and would then go through the vetting once again. As such, Faculty Senate will have another opportunity to review any revisions made to the policy.

- *Changes to Faculty Senate Organization*

Chair Ciocca and Chair-Elect Crosby met recently with President McFaddin and Provost-Elect Zeigler to discuss the organization of the senate. When the faculty senate was originally formed, it was comprised of 50% faculty and 50% administrators. By the late 1990's, the membership had changed to include only the president, provost, and one dean representative from the administration.

At this time, the senate leadership would like to consider the faculty senate an independent body and would like to recommend that the president, provost and dean's representative no longer be included in the membership of the Senate. Instead, they should be invited to attend meetings as guests of the Senate to provide monthly updates. This change would bring ECU more in line with other institutions. Both President McFaddin and Provost-Elect Zeigler were supportive of the recommendation.

Senator Bishop-Ross noted that section 7 of the Faculty Handbook will need to be revised if this recommendation goes forward.

Chair-Elect Crosby and President McFaddin plan to meet again in the near future to discuss further and to collaborate on an update to share with the faculty.

REPORT FROM FACULTY REGENT: Senator Marion

The Board of Regents met in special session earlier today at 1 p.m. to install a new member to the Board. The next regularly scheduled meeting of the Board of Regents is scheduled for June 17th. View today's meeting at the [EQU E-Presence YouTube page](#).

Today's Board Agenda Items: Recently, Governor Andy Beshear appointed Mike Eaves of Richmond to serve a term ending on June 30, 2025. Mike Eaves is an attorney in Richmond and a partner at Eaves, Olds, Bohannon & Floyd PLLC. Per [Board Bylaws](#) and KRS regulations, "each member appointed to the Board shall take the oath of office within thirty days after receiving notice of appointment." Based upon scheduling availability, and a busy week for commencement-related activities, today's date at 1 p.m. was determined to be the most suitable time for welcoming Regent Eaves to the Board and administering the oath.

In addition, the Board Agenda ([linked here](#)), included a financial update from Barry Poynter, a President's Report from Dr. McFaddin, two resolutions, and the election of Vice Chair and Secretary. In addition, the Board recognized our ECU Cheerleaders who won their respective

national championships for the All-Girl and Co-Ed squads last Tuesday (April 27) as part of the UCA College Virtual National Championships.

REPORT FROM COSFL: Senator Woodruff

COSFL met on April 9th. Most of the discussion centered around Gray Associates, the role being filled by those consultants, and the lack of consistent understanding among the different campuses as to the exact procedure being followed.

One of the discussion items that continually comes up is whether a cost-of-living allowance will be possible.

The next COSFL meeting is on Friday.

We hope to see more faculty senates across the Commonwealth communicating with each other to help ensure that faculty are getting a voice in decisions that are being made.

Chair Ciocca stated that COSFL had basically disappeared over the last four or five years. This year we were able to get it started back up again.

REPORT FROM PROVOST: Senator Pogatshnik

During my time at ECU, it has been my great fortune to have Dr. Sara Zeigler as a friend and colleague, and she will be formally stepping into this role on July 1 of this year. I can't imagine Academic Affairs to be in better hands.

Ryan Baggett has been appointed Dean of the Graduate School. I know that the Graduate School will continue to thrive under his leadership.

Our College Dean searches for the College of Business and the College of Letters, Arts, and Social Sciences are well underway and candidate reviews will begin soon for both searches. The search for the Dean of the College of Justice, Safety and Military Science is proceeding as well. Please look for forthcoming announcements on candidates and interview schedules.

Congratulations to the newest ECU Foundation Professors: Dr. Myra Beth Bundy from the Department of Psychology, and Dr. Jennifer Spock from the Department of History, Philosophy and Religious Studies.

As we look forward to Fall 21 and beyond, all of us need to be fully cognizant of the pressures on higher education and how they will affect our institution. ECU will need to rely on the creativity, innovation, and intellectual vitality of the faculty more than ever. If we've learned anything from the pandemic, it is that our faculty are resilient and responsive. It is my sincere hope that all of us will continue working toward the "One Eastern" to overcome the challenges that lie ahead.

Finally, it has been my extreme privilege and pleasure to work with so many distinguished faculty throughout my career at ECU. ECU is a special place. We do amazing things for our students, and we should take pride in this every day.

STANDING COMMITTEES:

Academic Quality Committee. Senator Jones stated that the committee submitted their final report a couple of meetings ago.

Budget Committee. Senator Woodruff stated that the committee worked on the following charge this year:

Determine how exactly the current pandemic has changed revenue and expenses in athletics. If there is a significant disruption to FCS football, will this result in cost savings with regard to travel and lodging? What is the loss of revenue to ECU due to the loss of summer programs?

Results were shared with the Senate in March. The pandemic did disrupt football; however, it actually resulted in significant financial gain for ECU.

The committee suggests the following charge for next year:

Examine the pay structure for ECU faculty members. Currently we have not experienced cost of living allowance for several years and this does have significant issues when we try to hire new employees. A larger issue that has developed is that we have significant salary compression. This is when new hire assistant professors make close to the salary of full professors with tenure. This can even get as bad as salary inversion which is when new hires would actually make more. This discussion could also include the idea of salary floors for each level.

Elections & University Nominations Committee. Senator McCardle reported the following.

- During Fall 2020, we had a part-time faculty election for a Senate representative.
- In February, we solicited a list of standing committee vacancies from Associate Provost Jennifer Wies.
- In March, we sent out a list of vacancies to Meagan Murray in the Office of Institutional Research for the dissemination of self-nomination forms to each college.
- Ballots with nominations was sent to faculty on April 8.
- On April 26, the committee will meet to verify the results and report the results.

Senator McCardle reminded that next year the committee will be working on the Faculty Regent election.

Information Technology Committee. Senator Nachtwey shared the year's charges as well as a status report for each.

The 2020-21 IT Committee Charges were as follows:

1. *Provide summary of 2020 Faculty IT survey to Division of Information Technology and Faculty Senate*

STATUS: A summary of results of the 2020 ECU Faculty IT Survey was provided at the October 5th meeting of Faculty Senate, and a written report was submitted to CIO Jeff Whitaker. Key findings included: a call for more instruction to students on how to use in-class technologies; more tutorials for faculty on how to utilize Blackboard and Google. YouTube was identified as an increasingly important platform for instructional content. Finally, the survey highlighted faculty misunderstandings about the differences between synchronous and asynchronous online courses and the ways in which such courses should be listed in the Online Course Catalog.

2. *Monitor use of Google Forms as alternative to Turning Point for Faculty Senate Voting*

STATUS: While this was generally successful, we continued to encounter difficulties with a handful of faculty not having access to voting (but see (4) below).

3. *Coordinate with the Rules Committee to assess and update rules regarding voting*

STATUS: Near the end of the Fall semester, Senator Gooch of the Rules committee contacted the IT Committee to communicate that the Rules committee would like to continue using Google Forms to manage voting into the 2021-2022 academic year, even if meetings can take place face-to-face. Google Forms were felt to be marginally more efficient for voting than the Turning Point software, but the use of this open-web resource would represent a significant cost savings for the University. The IT Committee did end the year suggesting that the Rules Committee should develop a “provisional ballot” system for Senators having technical difficulties with Google Forms.

4. *Continue to provide IT support during Faculty Senate Meetings*

STATUS: Acknowledging the decision of the Rule Committee to continue using Google Forms, but cognizant of the issues some Senators had using the technology, the IT Committee drafted a [Troubleshooting](#) document to guide Senators in accessing forms. They also ended the year proposing that the University Division of IT might designate Faculty Senate liaison who could attend meeting to provide further technical support.

[Rights & Responsibilities Committee](#). Senator McKinney reported that the committee continued to work on the Faculty Grievance Policy that had been started in a previous year. The Senate voted on our motion earlier today and the information will be reviewed by a drafting team in the fall. The Senate will have an opportunity to view the policy again when it moves through the vetting process after the drafting team has completed their work. AAUP Representative Nancy McKenney will serve as an excellent resource for the new Committee Chair related to this policy.

[Rules Committee Report](#). Senator Kay reported the following:

- The committee worked with the Elections & Nominations Committee to clarify eligibility for the General Education Committee and other committees. The committee also collaborated with the Information Technology Committee to suggest an approach to voting to be used after the Faculty Senate returns to in-person meetings. In addition, the committee asked other committees to submit any needed updates to Internal Procedures; the Rules Committee moved one task from April to September, and no other committees submitted any changes.
- Rules Committee members reviewed the Faculty Handbook and faculty definitions. Associate Provost Jennifer Wies and Director of Policy Development Haley Norberg attended the March Rules Committee meeting. Haley Norberg noted that policies should not reference definitions in external documents, such as the Faculty Handbook. The Rules Committee determined that the discussion of faculty definitions should continue in 2021-2022 and that the senate-approved changes from 2019-2020 should be re-evaluated before being presented to the faculty. The committee will need to work with Jennifer Wies, Haley Norberg, John Dixon, and other relevant individuals to finalize the descriptions of faculty in the Faculty Handbook and consider whether it is necessary or beneficial for the Faculty Handbook to use the same terminology employed in policy documents and contracts. The Rules Committee will also need to clarify the explanation of term limits and edit punctuation in the handbook in 2021-2022.

The following are recommended charges for 2021-2022 for the Faculty Senate Rules Committee:

- Work with other relevant entities on campus to review and update definitions pertaining to faculty and any related references. Make sure the Elections & Nominations Committee knows these new definitions.
- Clarify explanation of term limits in the Faculty Handbook.
- Edit punctuation in the Faculty Handbook.
- Update Internal Procedures as needed.

[Faculty Welfare Committee](#). Senator Grempp stated that the committee was charged with exploring faculty health and well-being of faculty considering the ongoing challenges and demands during the Covid 19 pandemic. We worked with Human Resources to make sure that employees were aware of the services provided by the Employee Assistance Program (EAP) through announcements about this as well as the various counseling opportunities in the EKU Today daily announcements.

Additional topics that arose throughout the remainder of the year included the following:

- Reported on employee health benefits –no change in premiums for 2020-2021.
- Obtained information about the role of the new Faculty Advocate to replace the Ombud position which was lost due to budget cuts. Dr. Polin addressed the Faculty Senate to explain this new role.
- Generated, at the request of the Provost, a list of possible ways to attract and retain retired faculty as instructors for various courses.
- Chair Grempp attended a Faculty Senate Budget Committee meeting which discussed the desire to address faculty salary issues. There is potential for an ad hoc committee for this.
- Sought clarification on Policy revision and creation from Haley Norberg, Director of Policy Development—awaiting information at this time.
- Met with Tim Matthews Executive Director, Office of e-Campus Learning, to gain clarification on various processes and relationship of eCampus programs within the university.

Below are potential charges for 2021-2022 academic year:

- Review internal procedures to ensure that a representative attends summer Benefits Meeting as outlined in committee duties.
- Continue contact with Budget Committee regarding faculty salary discussions

[Ad Hoc Committee on OERs](#). Senator Woodruff reported that the committee awarded \$23,000 in grant funding to faculty this year to develop OERs. The projected annual savings to EKU students this year was \$327,000.

Below are some future recommendations:

- Consider moving the ad hoc committee to a Senate Standing Committee or a University-wide Committee
- Work towards a completely zero textbook cost gen ed program by 2026
- Develop approximately five short, infographics to share university-wide over the fall semester
- Host an OER information week (Open Access Week - October 25-31) in collaboration with the library
- Explore other funding opportunities

In the good of the order discussion in a Council on Academic Affairs meeting, Dr. Wies charged the committee to bring a proposal to CAA in the fall for how we might implement a catalog designator, including best practices from other universities and recommendations for EKU.

ADJOURNMENT:

Senator Marion moved to adjourn at approximately 4:45 p.m.

FACULTY SENATE MINUTES

September 13, 2021

3:30 p.m.

The Faculty Senate of Eastern Kentucky University met on Monday, September 13, 2021 in the main ballroom in the Keen Johnson Building. Chair Crosby called the first meeting of the academic year to order at approximately 3:30 p.m.

The following members were absent: J. Arneson, L. Cormier[^], A. Lawson, G. Nachtwey*, C. Neumann, V. Thomas

** Indicates prior notification of absence*

[^]ALT Bradley Kraemer attended for L. Cormier

ANNOUNCEMENT:

Senator Crosby announced that the Senate secretary had a fall last week and would be unable to attend in-person meetings for a while. He encouraged everyone to sign the poster up front for her and asked if anyone wanted to contribute money for a gift card to let him know.

APPROVAL OF MINUTES:

Senator Crosby announced that the approval of the May regular and organizational minutes will be postponed until the October meeting.

REPORT FROM THE PRESIDENT: David McFaddin

This academic year is already off to an incredible start and we owe a huge debt of gratitude to our faculty for your commitment to our students to provide the best academic experience possible. We implemented a strategic plan for a full return to on-campus classes, programming, and support services. Our students are already forming potentially lifelong connections, opening their minds to diverse thinking and experiences, and soaking in knowledge in the fields that will be critical for their future careers.

These transformative moments are the building blocks that will become the foundation of their adult lives. There has been no greater feeling than seeing the return of some of our traditions like the Big E Welcome Walk and class photo embraced by our newest class of Colonels. This incoming cohort of students has had so much taken from them by this global pandemic. They are already practiced at overcoming adversity and their determination should inspire us all to fulfill our mission to educate and inspire students to make the most of every opportunity before them.

After a period of uncertainty in an unusual recruiting environment, enrollment numbers are showing some very promising trends. Some of the highlights for this academic year include:

- 2,531 New First-Time Freshmen
- Nearly 10% increase in new class year over year (first time in six years)
- 12% increase of in-state enrollment
- Nearly 20% increase in-service region enrollment
- 68% of students living on campus
- Up undergraduate and graduate underrepresented minority enrollments
- Up in new-transfer students

We must remain focused on recruitment, retention, and graduation efforts. We still have some ground to gain in overall enrollment, but the current numbers reflect growth in some key areas of focus. The experience our students have at EKU can be the best endorsement we have in encouraging others to make EKU a college of choice.

The EKU BookSmart program has created a unique buzz about our commitment to college affordability and removing financial barriers. Investing in textbooks and required course materials positions our students for success, and supports our faculty by ensuring students are prepared and ready to learn from the first day of class. More than 10,000 Big E Boxes have been supplied to students this fall and students and parents have expressed their gratitude for removing that expense from the overall cost of attendance.

While our incoming class faced trepidation in how they would navigate a post-pandemic college experience, our graduates entered an evolving workforce and they too persevered to achieve their career goals. We take pride that EKU graduates have earned the #1 ranking in Kentucky employment rates among bachelor's degree holders. 76% of EKU graduates find full time jobs within six months of graduating, and that is a true testament to how well our faculty are equipping graduates for their future careers.

In classrooms, labs and real-world learning environments our students receive world-class instruction, and we thank our faculty for fostering educational excellence at EKU. A special congratulations to Faculty Regent Dr. Jason Marion for earning the 2021 [Global Health and Innovation Conference \(GHIC\) Innovation Prize](#) for his water purification research.

This semester we remain vigilant of public health measures and are closely monitoring both our university and local rates for COVID-19 vaccinations and infections. Our COVID-19 campus dashboard is active at <https://staywell.eku.edu/dashboard>. EKU student and employee populations have seen only moderate case totals of illness in comparison with increased cases in our local area. Contact tracing remains a key component in recognizing and addressing any potential vulnerabilities among our campus community. Please continue encouraging students and colleagues to report cases of illness or exposure, be mindful of any potential symptoms, quarantine or isolate as needed and advised by health officials, and wear masks. Although higher education was not part of the call for last week's Special Session, the General Assembly did affirm that COVID decisions will be made at the local level. Here at EKU, as we have since the beginning of the pandemic, we will continue our protocol of monitoring local and state data and more specifically continue the mandatory indoor mask wearing until further notice. Vaccination remains the strongest tool to reduce transmission and lessen the risk of severe illness. If you are already fully-vaccinated, thank you. Be sure to log in to EKU Direct and report your vaccination status. If you are able but not currently vaccinated, you are strongly encouraged to receive a vaccination as soon as possible. Increasing the overall vaccination rate of our students, faculty and staff will position us to have the greatest chance of finishing this semester and year without any interruption to in-person learning, residential living and campus programming and events.

After a year of limited interactions, we are offering structured student life activities to promote the overall well-being of students as part of our Exceptional Eastern Experience (E3) programming. You will find a number of these events and experiences open to our campus and local communities including live music, pep rallies, festivals and much more. I hope you will take advantage of these events and are invited to enjoy the E3 schedule of activities along with your friends and family.

REPORT FROM THE PROVOST: Sara Zeigler

Below is an update on the four dean searches that are underway:

- The CLASS dean search and the Justice, Safety and Military Science dean search, will have finalists on campus in late October or early November. There will be virtual and in-person opportunities for everybody to meet those candidates, interact with them, and provide feedback to me and President McFadden on their merits.
- The College of Business dean search will have finalists on campus probably in late January after classes begin.
- The College of Health Sciences dean search has not yet established a timeline. The co-chairs of the search committee will be Shirley O'Brien and Abbey Poffenberger. The committee members will be appointed and the timeline established in the coming weeks.

I will be seeing all of you in departmental meetings in the coming months to learn more about the particular concerns that you're facing at the departmental level. Similarly, watch for an announcement from my office about open office hours that I will be establishing as Provost probably starting in October, where you can drop in on, zoom, or schedule short appointments on short notice to talk about any issues you wish to discuss individually.

I have begun meeting monthly with the Senate Chair and Vice Chair as well as the Faculty Regent to make sure I'm hearing all of your concerns. I'm hoping this will ensure really strong communication between me and the faculty.

GUEST SPEAKERS:

Student Government Association. Jenna Smith reported the following:

- SGA has been collaborating a lot with E3 events, especially focused on Homecoming activities. This the first time SGA will be putting a float in. In addition we're also working hard to provide a good tailgate experience and funneling students into the football games so that we have a large student population at the games.
- Our Student Senate met last week for the first time and approved our operating budget. We had 8 new senators elected on the 7th.
- SGA would like to have a mental health week in the spring. This will be a collaborative effort across different departments across campus. A work group will be established soon to work on that initiative.

If you ever need any student representatives or have any questions regarding student opinion, please email jenna.smith@eku.edu.

Faculty Advocate. Chair Crosby reminded everyone that Dr. Beth Polin is our new Faculty Advocate. For those that don't know, we no longer have an ombud. We have now a faculty advocate, and the role is slightly different. So, she will be a guest at our meetings from time to time to talk about her role and things that affect us.

NEW BUSINESS:

Standing Committee Charges. Chair Crosby announced that everyone should have received the email with the charges that were approved by the Executive Committee for all of our standing committees.

Chair Crosby reminded the standing committees to share their meetings schedules with the secretary so the information can be posted on the website in order to stay in compliance with state statute about open meetings.

Standing Committee Elections. The following vacancies were filled.

- *Elections & University Nominations Committee (1 vacancy)*
Senator Couvillon self-nominated. Senator Streetman moved to close nominations and accept by acclamation. Motion carried unanimously.
- *Faculty Welfare Committee (1 vacancy)*
Senator Streetman self-nominated. Senator Winslow moved to close nominations and accept by acclamation. Motion carried unanimously.
- *Budget Committee (1 vacancy)*
Senator Smit self-nominated. Senator Winslow moved to close nominations and accept by acclamation. Motion carried unanimously.

GENERAL & STANDING COMMITTEE REPORTS:

REPORT FROM SENATE CHAIR: Senator Crosby

Much of the summer was spent working on the following:

- Revising the standing committee charges for this year.
- Soliciting XC volunteers to serve as liaisons to our standing committees.
- Coordinating the efforts to move Senate meetings from the South Ballroom to the Main Ballroom to more easily meet spacing requirements due to COVID.
- Securing the return of refreshments for the Senate meetings. (Thanks to President McFaddin for funding refreshments for us again this year.)

In addition, I worked with Vice Chair Lisa Kay and Faculty Regent Jason Marion to establish a regular meeting once a month with Provost Zeigler. There have been three very productive meetings already. We have found the Provost to be very open to talking about our concerns and is intent on addressing them.

With the changing of the state statute, university presidents are now evaluated on an annual basis. By now all faculty should have received the link to a survey to evaluate President McFaddin with the same process that was used previously with President Benson. The surveys will remain open until October 9. The Senate Executive Committee will have until November 5th to compile the faculty survey data and submit their written report to the Board of Regents.

REPORT FROM FACULTY REGENT: Senator Marion

Since our last meeting of the Faculty Senate, the Board of Regents has had two meetings. Furthermore, the Council on Faculty Statewide Leadership (COFSL) has met in conjunction with the faculty regents of the various public institutions in Kentucky to nominate three faculty members to the Governor for consideration as the appointee to fill the faculty seat on the Board of the Council on Post-Secondary Education. With respect to the next regularly scheduled meeting of the Board of Regents, the meeting is scheduled for September 23.

Details on the upcoming meeting and the two previous meetings are provided below. Furthermore, since our last meeting Regent Nancy Collins, Student Regent Eyouel Mekonnen, and Staff Regent Philip Gump all completed their terms of service.

September 23 Meeting: The meeting is currently planned to begin at 10 a.m. in Powell 219. The meeting is a regularly scheduled quarterly meeting and will likely include university reports of interest. Typical reports of interest for this quarter's meeting include an enrollment and retention update and a financial update relative to the previously approved university budget. There is a possibility that the meeting will be held remotely, and if so, it will be livestreamed. If the meeting occurs in person, social distancing and mask wearing will be compulsory for all attendees. Seating will be arranged for attendees to maintain distancing. All Board meetings are open to the public.

July 26 Meeting: The Board of Regents met briefly (~20 minutes) on July 26 for the primary purpose of administering the oath of office to a newly appointed regent (Ashley Ward) and to recently reappointed regent (Laura Babbage). Pursuant to KRS 164.330, the Board had to meet within thirty days of an appointment of any new members. The meeting occurred via Zoom. The agenda is viewable here and the archived livestream [viewing link is available here](#).

June 17 Meeting: The Board of Regents met on June 17 at 9 a.m. on the stage of the ECU Center for the Arts. The meeting was in-person so there was no livestream or livestream archive. The agenda from the meeting is linked [here](#). The agenda book includes the 2021-22 University Budget document beginning on page 192. A thorough summary of the items presented to the Board by university leadership was detailed in a June 11th email to the university community by President McFaddin. A thorough summary of the items and the Board actions is viewable in a June 17th *Eastern Progress* story by Zachery Combest ([linked here](#)). Meeting highlights included:

- Staff Regent, Jeremiah Duerson, being administered the oath of office for when he started service on July 1.
- An investment in our faculty and staff, with the \$1,000 re-occurring increase in base salary for full-time faculty and staff. (\$1.7M budget investment)
- Providing more on-campus engagement via the Eastern Experience Fee (\$75 per student) through modification of the formerly known Campus Recreation Fee.
- Implementing a \$125 fee for Student Health for providing greater preventive and treatment care of our student's health and well-being in a holistic manner inclusive of mental and physical health.
- Implementing a 2% increase in undergraduate tuition.
- Awarding new funds to continue to support the Board's Innovation Fund support of open educational resources (OERs). The Board Chair presented very positive words for the work of Kelly Smith and those involved in OERs as OERs represent a significant savings in ECU's aid funds by providing a direct savings to the institutionally supported BookSmart program.
- Awarding funds to create a new "One Stop Shop" using the Board's Innovation Fund to setup locations in Powell and Whitlock to support students with everything from registration questions to financial aid, billing, holds, etc.

COFSL & CPE: The nominations process for the Commonwealth's Faculty Representative to the CPE Board was very positive for ECU. We had three nominees (tied for the most of any university) and Dr. Kellie Ellis of Communication Sciences & Disorders, was selected by

COFSL members and affirmed by the faculty regents to be on the short-list of three nominees for the Governor's consideration to be appointed to the CPE Board.

For Tuesday, September 14th, in lieu of meeting in person for the CPE's Trusteeship Symposium, regents and trustees from Kentucky's higher education boards will attend the CPE's Governing Boards in Equity Student Success Academy virtually on Zoom from 1-5 p.m. The agenda is linked [here](#).

STANDING COMMITTEES:

Academic Quality Committee. Senator Sands announced that the committee will meet on the September 27th.

Elections & University Nominations Committee. Senator Schilling announced that she was elected chair at the first committee meeting last week. We plan to continue to meet the week prior to Senate meetings. However, we haven't set our schedule yet because we were waiting until our fifth member was on board.

Information Technology Committee. Hight or Javier? - Hi, the Information and Technology Committee met Friday, September 10th. This year we're going to be tasked with looking at copyright issues for streaming videos that are being used by faculty and staff and kind of what the fair licensing use of that is.

Rights & Responsibilities Committee. Senator

Rules Committee Report. Senator Kay announced that the next meeting will be on Monday, September 20.

Faculty Welfare Committee. Senator Blair announced that the committee met two weeks ago and he was elected to serve as chair. - So for next steps moving forward we're going to take a look at the charges that we were given for this upcoming year and set the time to speak with Beth Polin since she's got the new position replacing the Ombud.

Ad Hoc Committee on OERs. Senator Marion reported that at this past Board meeting, OER Chair Smith presented another Board Innovation Fund which was successfully received by the Board.

The OER Committee met recently to award some of those funds, and the applicants of those received the notifications that all of their projects were fully funded. There are still remaining funds available which will be awarded in the spring.

The work of the OER Committee continues as they look at potentially working more with the Bookstore Advisory Committee or working with the Associate Provost office on possibly creating a university standing committee.

ADJOURNMENT:

Senator Marion moved to adjourn at approximately 5:15pm.

FROM: Haley Norberg, J.D.; Director of Policy Development
DATE: September 7, 2021
RE: Academic Regulation 4.2.1, Academic Credit

MEMORANDUM

The awarding of academic credit is foundational to the mission and values of Eastern Kentucky University, and the University's means by which it awards academic credit has long been codified in policy. To ensure transparency and reader-friendliness, as well as provide a single source of reference to support student success, a drafting team met throughout the Spring 2021 semester to combine the following policies into one Academic Regulation:

- 4.2.1 Credit for Non-Collegiate Instruction
- 4.2.3 Determining the Amount and Level of Academic Credit
- 4.2.4 Transfer Credits
- 4.2.5 Credit by Examination
- 4.2.9 Military Credits
- 4.2.11 Non-EKU Academic Credit

This Regulation, entitled "Academic Credit," establishes how Eastern Kentucky University awards transfer credit for undergraduate courses completed at colleges and universities whose accreditation is recognized by the U.S. Department of Education and other institutions/organizations with which the University has a recorded Academic Agreement. Additionally, the Regulation provides clear guidelines for how ECU awards credit earned by examinations that meet ECU standards, credits for certain types of military experiences, and credit based on portfolio review.

This Regulation effects all colleges and departments, including the Graduate School, as well as the Registrar's Office. The Regulation codifies, rather than alters, the current practices of the University, thus the implementation of the Regulation should not require significant change.

Per Policy 1.1.1, Policy on Policies and Regulations, the Regulation has been properly vetted by the Office of University Counsel and is now posted for 10-day public comment. Following the comment period, the Regulation will be vetted by the Provost Council and President's Cabinet and presented as an informational item to the Faculty Senate before being submitted to the President for final approval.

Academic Regulation: 4.2.1

Academic Credit

Statement

Eastern Kentucky University (EKU) awards credit in transfer for undergraduate courses completed at colleges and universities whose accreditation is recognized by the U.S. Department of Education and other institutions/organizations with which the University has a recorded Academic Agreement. Additionally, EKU awards credit earned by examinations that meet EKU standards, credits for certain types of military experiences, and credit based on portfolio review. Final authority to award academic credit at EKU lies with the Office of the Registrar.

Entities Affected

- Colleges
- Departments
- Registrar
- Graduate School

Procedures

I. Determining the Amount and Level of Academic Credit

Per 34 CFR § 600.2, the United States Department of Education defines a credit hour as the representation of the amount of work required to accomplish student learning outcomes. This federal regulation requires institutions to establish an equivalency that reasonably approximates the following: "Not less than one hour of classroom or direct faculty instruction and a minimum of two hours out of class work each week for approximately fifteen weeks for one semester . . . or the equivalent amount of work over a different period of time."

Eastern Kentucky University (EKU), adopting a commonly accepted practice in higher education, utilizes approximately 750 minutes of instruction plus a minimum of two hours of out of class work per term as the basis for determining a credit hour, which reasonably approximates the federal definition of a credit hour.

EKU expects that at least an equivalent amount of work as described above will be required in all categories of courses, including but not limited to laboratories, internships, practica, studio education, and cooperative education, as well as all course modalities.

Some fields of study, certain types of academic experiences, or different degree levels may require additional contact hours or student work for the assignment of one credit hour.

Faculty have the primary responsibility for determining the level and the number of credit hours to be assigned to course work, which shall be determined at least in part by the learning outcomes and the amount of work such learning outcomes will entail.

II. Credit by Transcript

A. Non-EKU Academic Credit

Eastern Kentucky University accepts non-EKU academic credit as follows: Degree-seeking students may apply up to seventy-five percent (75%) of non-EKU academic credits to an EKU undergraduate degree or twelve (12) credit hours of non-EKU credit to an EKU graduate degree. Accepted credits may only be applied to program and degree requirements following a review by the appropriate academic department and/or other EKU entity as appropriate. For non-degree students, only credits earned at EKU will be recorded into their academic history.

B. Transfer Credit

Eastern Kentucky University accepts credits transferred from postsecondary institutions whose accreditation is recognized by the U.S. Department of Education, credits earned by examination from nationally recognized tests that meet EKU standards, and awards credits for certain types of military experiences.

International transfer credits are recorded as free elective credits at the lower division level after they have been evaluated by an accepted, outside evaluation agency. Once awarded as free elective credit, students may present this credit to the appropriate academic unit which may consider application as program credit.

General Education

EKU adheres to the statewide General Education Transfer Agreement, a copy of which is on file with CPE, allowing for the automatic transfer of courses from Kentucky public institutions to satisfy general education degree requirements. General education transfer credits from institutions not included in this statewide agreement (e.g., out-of-state, and private Kentucky colleges and universities) may be applied to the student's EKU general education requirements by the Registrar as appropriate.

Transferring Previously Unevaluated Courses

When an acceptable transfer course, which has never been evaluated before, is presented to EKU for consideration, EKU records the course as acceptable for credit but unevaluated. The Student Outreach and Transition Office forwards the course description to the appropriate academic department for their review and consideration. The academic department determines whether an exact equivalency, a

subject/discipline elective, or a generic free elective is appropriate depending on course content and learning objectives. In some instances, the department will request that the student provide a syllabus in order to evaluate the course. The academic department or Student Outreach and Transition Office can recommend that a course be considered for general education applicability even if an exact equivalency is not awarded. Students wishing to appeal the evaluation of transfer credit should consult with the Student Outreach and Transition Office.

Transferring Courses Taken Elsewhere while Enrolled at ECU

Currently enrolled students who desire to take courses elsewhere and transfer them back to Eastern Kentucky University should consult with the Student Outreach and Transition Office and their academic advisor to establish the course's equivalency. The University will not take responsibility for courses transferred for which equivalency has not been established. Students should be aware that there are limits to the number of credit hours a student may earn in any one term (see Catalog, Academic Load). credit and grades earned in transfer are posted to the student's ECU transcript.

Posting of Previous Degrees on an ECU Transcript

Degree-seeking transfer students who have already attained a post-secondary or graduate-level degree will have that earned degree noted in their ECU academic record. Details of the academic work counting toward a degree earned at another institution will not be posted, course by course, onto the ECU transcript; only the earned degree is recorded from the official transfer school transcript.

C. Military Credits

To receive academic credit for military training and experience, students must submit an official Joint Services Transcript (JST). Credit hours will be awarded based upon American Council on Education (ACE) recommendations listed on the official JST.

III. Credit by MOU

Employment in certain fields necessitates training apart from or in addition to college education or degrees. In some cases, such instruction or training contains academic content that corresponds to or is equivalent with courses taught at ECU. Therefore, the University deems it appropriate to consider awarding credit for Non-Collegiate instruction, provided that the academic content is evaluated by qualified ECU faculty and that the University has an official Articulation Agreement with the institutions/organizations offering the training.

IV. Credit by Examination

Credit by examination is an approved method to demonstrate proficiency in course content areas. Students may earn academic credit by examination in certain undergraduate courses. Following are the conditions which apply to receiving credit by examination credit:

- A. Eastern Kentucky University credit-by-examination may be earned through any of the following methods:
 - College Level Examination Program (CLEP®)

- Advanced Placement Program
- International Baccalaureate Credit
- Departmental Examinations
- DANTES (Defense Activity for Non-Traditional Educational Support)

B. General Information Regarding Credit by Examination

- Only admitted and active degree seeking ECU students may have credit by examination recorded onto an ECU transcript.
- Academic credit earned by external examinations and challenge tests (such as AP, IB, CLEP®) shall not be considered as credit earned at ECU and will not apply toward the residency credit requirement for an associate or baccalaureate degree.
- Credit awarded through credit by examination, which is general in nature and/or not course-specific has no inherent guarantee of meeting ECU degree requirements since these are program and college specific decisions.
- Credit earned by examination is recorded as “CR” (no letter grade); it has no effect upon the overall GPA.
- ECU students attempting a foreign language CLEP exam at the 100-299 level in their native tongue will not have academic credit awarded by ECU.
- Special fees are assessed for credit-by-examination and must be paid prior to taking an examination.

C. Examinations Completed Prior to Admission

- Proficiency examination credit is eligible for transfer to ECU if it is from a nationally-recognized standardized test, earned at a college or university from which ECU accepts transfer credit, or at an ECU-recognized testing site, and is recorded on an official transcript.
- Departmental or institutional specific challenge tests presented on the official transcript of an institution from which ECU accepts transfer credit may be accepted in transfer - upon the review and approval of the academic department most closely related to the subject matter.
- Students seeking to have AP or IB credit recorded on their ECU academic record must have score reports sent to the ECU Office of Academic Testing before they have earned their first 30 credit hours at ECU.

D. Examinations Completed After Admission

- A student may attempt to earn credit-by-examination in a course only once in a six-month period.
- A student will not receive academic credit for a course specific College Level Examination Program (CLEP®) or departmental examination in an area in which advanced course work has already been completed, and ECU credit recorded.

V. Credit by Portfolio Review

Eastern Kentucky University acknowledges that students may have completed education, training classes, and work experiences that result in learning that sufficiently meets or exceeds the course requirements, exhibited via Student Learning Outcomes (SLOs), at ECU; therefore, formal recognition of that body of knowledge, without taking the particular course, is warranted upon evaluation by appropriately qualified ECU faculty.

Portfolio assessment allows ECU students who are admitted, enrolled, degree seeking, and are on good academic standing, to demonstrate competence in every SLO of a course and thus meet the course requirements and receive ECU academic credit in those subject areas through one or more of the following activities: past work, training programs or in-service courses, volunteer service, cultural or artistic pursuits, hobbies and recreational pastimes, community or religious activities, organizational memberships, adult education, non-credit courses, study abroad, military training not evaluated for credit by ACE or other experiences. This list is not meant to be exhaustive.

Credit cannot be earned through portfolio assessment for certain types of courses, including but not limited to physical education activity courses and any course that must be fulfilled through direct current experience. These could include practicum courses, field experiences, and internships including student teaching, cooperative education, senior seminars, capstones, and lab courses not accompanied by related lecture/theory courses. In addition, credit by portfolio review may not be suitable for application to professionally accredited programs.

The Office of the Provost is responsible for maintaining the portfolio assessment process.

Definitions

- **Articulation Agreement:** An Agreement with another institution which lists the courses taught by ECU or another institution and how those courses transfer to/from the partner institution, including classroom hours, credit hours, course prefixes, and course names.
- **Non-Collegiate:** Any institution or organization not directly affiliated with an institution of higher education.

Resolution Regarding a COVID-19 Vaccination Mandate at Eastern Kentucky University

Jointly Submitted by the Faculty Welfare and Faculty Rights and Responsibilities Committees of the
Faculty Senate

September 2021

Whereas,

Eastern Kentucky University is committed to holding in-person classes, requiring students, faculty and staff to be on campus and in close proximity with each other; and

whereas,

the COVID-19 pandemic remains a real and persistent threat to the health and safety of any person forced to work in a public setting, with a current positivity rate of 10.99% and a mortality rate of 1.9% (<https://govstatus.egov.com/kycovid19>); and

whereas,

the overwhelming preponderance of medical evidence shows that current vaccinations against COVID-19 are safe, effective, and offer the best opportunity for suppressing the virus in the long term (<https://www.cdc.gov/vaccines/covid-19/index.html>); and

whereas,

public health and immunology experts believe that population immunity against the delta variant can only be achieved when we reach 90-95% vaccinated, meaning that our current statewide vaccination rate of 56% (as of 9/28/21) still presents conditions that jeopardize the health, welfare, and lives of people on campus and in our local community, particularly children under 12 and others at increased risk;

Be it therefore resolved,

that the Administration of Eastern Kentucky University will impose a Mandate requiring proof of vaccination against COVID-19 for all faculty, staff, and students. Exceptions to this Mandate will be determined by the Administration and University Counsel.

Report of the Senate Chair
10/4/21

There have been two meetings of the Executive Committee since the beginning of the semester with the first largely being devoted to adopting charges for the Standing Committees of the Senate. The second, on 9/27, included discussions with Bryan Makinen about reporting problems with vendors, a discussion about the interim P&T policies (during COVID) with Provost Zeigler, and a rough draft of the Resolution described in the last paragraph of this report.

I attended my first meeting of the Board of Regents on 9/23 in the Powell Building and presented my report in person. The Regents devoted a good bit of time discussing Athletics, getting an update on the Strategic Plan from President McFaddin, and hearing positive news about enrollment numbers for this year's freshman class. Much of this information will likely be in the President's report.

Standing Committees have begun meeting, working on their charges, and seeking clarification regarding specific charges where necessary.

Nearly two weeks ago, on behalf of the Faculty Welfare and Faculty Rights and Responsibilities Committees, I circulated a short, 2-question survey to all full and part-time faculty to ascertain opinions about a possible COVID Vaccine mandate at ECU. The two committees drafted a resolution based on that input which will be discussed under New Business on our agenda.

Best,

Richard A. Crosby
Chair of Faculty Senate
