59/60 College Credit Hours

Advising Notes

All forensic science majors utilize the regular admission policy of the University for students taking courses offered during the first 60 earned hours of the program. In order to continue in the program after 60 earned hours, the student must maintain an overall earned GPA of 2.50 or better on a 4.0 scale. Students who fail to meet this criterion will be removed from the Forensic Science degree program and placed in the B.S. Chemistry, Chemistry Option, degree program.
