Sanction. Select from the following alternatives:

____ 1. The standard sanction for a first AI Policy violation shall be the assignment of an "F" for the test, assignment, or activity in which an incident of academic dishonesty occurred. At the discretion of the faculty member, the student may be allowed to retake or rewrite the test, assignment, or activity. A student so assigned an "F" will not be permitted to withdraw from the course. **Successful completion of the Academic Integrity Program 1 on Blackboard.**

____ 2. For a second or subsequent ethical violation, other appropriate educational sanctions may be assigned. Such sanctions could include, but are not limited to, the following: ____ Assigned an "F" for the course; ____ Precluded from graduating with Honors. A student so assigned an "F" will not be permitted to withdraw from the course during the semester but can retake the course. After a student retakes the course, the grade earned will replace the original "F" grade.

____ 3. *The "FX" grade denotes failure in the course due to academic dishonesty. This sanction is reserved for the most flagrant ethical violations. The "FX" grade is a final and permanent notation on the student's transcript. If the "FX" grade is recommended as a sanction for an AI Policy violation, the recommendation must be approved by the AI office and then the matter must be referred to the Student Disciplinary Council. As soon as practicable, the AI office will schedule a hearing before the Student Disciplinary Council. A student so assigned an "FX" for a course will not be permitted to drop or withdraw from the course.*
